INTRODUCTION

This Study Guide (Guide) is designed for both HCD Dealer and Salesperson license applicants preparing to take the Occupational Licensing examinations. The Guide also serves as a useful reference for those persons whose business and professional interests involve manufactured home, multifamily manufactured home, mobilehome, or commercial modular transactions. The Guide contains many statutes and regulations applicable to manufacturers, dealers, and salespersons governing the sale, use, construction, alteration, installation, enforcement, and registration and titling of manufactured homes, multifamily manufactured homes, mobilehomes, and commercial modulars.

The licensing examination questions and answers are formulated using the text of this Guide. Applicants are advised to obtain laws and regulations, such as the Federal Truth in Lending Act and Federal Regulation Z, which apply to the activities of dealers and salespersons, and are referenced in this Guide. Whenever a conflict exists between a statute (California Health and Safety Code, unless otherwise noted) and a regulation (California Code of Regulations, Title 25, unless otherwise noted), the requirements of the statute supersedes the regulation. Therefore, for examination questions, if you identify a conflict between statute and regulation, the question should be answered in accordance with the requirement of the statute.

Occupational Licensing examinations for manufactured home and commercial modular dealer and salesperson applicants are administered at Department of Housing and Community Development (HCD) Registration and Titling (RT) District Offices several times weekly. The examinations are divided into two categories for dealer or salesperson and also manufactured home and commercial modular subcategories.

- The Manufactured Home (MH) and Commercial Modular (CM) dealer examination(s) contains 75 multiple choice questions with a two-hour (120 minute) time limit.
- The MH and CM salesperson examination(s) contain 50 multiple choice questions with a one and one-half hour (90 minute) time limit.

In order to successfully complete the DEALER examination, a minimum score of 53 correct answers (70%) must be obtained. SALESPERSON applicants must score a minimum of 35 correct answers (70%) to pass. There is no limit to the number of times an applicant may take the examination; however, the examination fee applies to each examination taken.

Due to limited RT testing and operating hours, please contact the RT District Office where you wish to take the examination to schedule an examination appointment. Walk-in examination applicants may not be allowed to take a exam for the aforementioned reasons and if the remaining operating hours of the office is less than the full allotted time limit of the exam and the time necessary to grade the exam. RT District Offices are open Monday-Friday, except most holidays. You can call the RT Toll-Free number (800) 952-8356 to identify the RT District Office nearest you or visit HCD’s website to find the RT District Office you want to contact to schedule an examination at: [http://www.hcd.ca.gov/](http://www.hcd.ca.gov/) or [http://www.hcd.ca.gov/contact.html#codes](http://www.hcd.ca.gov/contact.html#codes).
FREQUENTLY ASKED QUESTIONS

Frequently Asked Questions (FAQ’s) are provided with general answers. For a more comprehensive understanding of the requirements, references are provided.

1. Q. Why do I need a MH or CM dealer or salesperson license?

   A1. Any person acting in the capacity of a dealer must be licensed with HCD. A dealer license is required for a person who is engaged in any of the following activities: For commission, money, or other thing of value, sells, exchanges, leases, buys, offers for sale, or negotiates or attempts to negotiate a sale, or exchange of an interest in MH/CM, or induces or attempts to induce any person to buy or exchange of an interest in a MH/CM, and who receives or expects to receive a commission, money, brokerage fees, profit, management fees, or any other things of value from either the seller or purchaser of the MH/CM.
   Reference HSC 18002.6 (a).

   A2. Any person acting in the capacity of a salesperson must be licensed with HCD. Same as the activities in A1 above. This includes a person that supervises salespersons, such as a general manager, assistant general manager, sales manager, etc.
   Reference HSC 18013 (a).

   A3. Any manufacturer that: 1) Sells MH or CM product in California, or 2) uses salespersons to solicit business in California, must either obtain a dealer license or sell its product using an existing HCD licensed dealer.

2. Q. Can I be exempt from the requirements to be licensed as a dealer or salesperson?

   A1. There are exceptions to licensing requirements for dealers. Common exceptions include banks that repossess a MH, than sell it; licensed salespersons working as an employee of a licensed dealer; Mobilehome Parks that acquire MH’s via a warehousemen’s lien; persons holding a valid real estate broker’s license issued by the California Department of Real Estate (DRE) that sells only used MH’s/CM’s that have been previously registered with HCD or that have been installed on a foundation system. Another common exception is for sales executed solely outside of California and with no sales presence within California borders.
   Reference HSC 18002.6 (b) and BPC 10131.6 (not included in this study guide; see OL FAQ item 20 below).

   A2. There are exceptions to licensing requirements for salespersons. Common exceptions include a representative of a bank selling a repossessed MH/CM as part of their official duty or court order; licensed manufacturers for specific types of sales, such as selling to a licensed dealer; a person not in the business of buying or selling MH’s, selling a MH acquired for their own personal use; a licensed dealer; a licensed DRE salesperson selling a used MH.
   Reference HSC 180013 (b) and HSC 18062.8 (p).

3. Q. Are there requirements to take the dealer or salesperson examination?

   A1. An applicant for a MH dealer or salesperson license must have successfully completed a HCD approved six-hour preliminary education course within six months of taking a MH examination and pay the associated fee for the examination. If more than six months lapses before taking the MH examination, the preliminary education course must be taken again.
   Reference HSC 18053.5, T25 sections 5020 (f)(11), 5020 (g)(6), 5022, and 5302.
A2. An applicant for a CM dealer or salesperson license is only required to pay the associated fee for the examination.
Reference HSC 18053.5, T25 section 5022.

A3. Dealer examination fee is $110; salesperson is $86, for each time the examination is taken.
Reference T25-5040 (e).

Note: Holders of a valid and current MH salesperson license need not take the six-hour preliminary education course if applying for a MH dealer license. The same applies to an MH dealer wanting to get a separate salespersons license to work for another dealer. Holders of multiple MH licenses may be able to apply the same continuing education course requirements for all licenses if earned within the respective licensure terms.
Reference T25 5302.

4. Q. What is Preliminary and Continuing Education? Why is it only required for MH dealers and MH salespersons?

A. To improve consumer protection, preliminary and continuing education requirements were mandated into law to ensure MH dealers and MH salespersons are aware of the legal responsibilities and liabilities associated with their licenses. Generally, CM buyers are businesses or government agencies and better equipped to protect their interests than the average consumer.
Reference HSC 18056.

5. Q. How much continuing education must I complete each renewal period?

A. For the first license renewal period: 24 hours.
   For the second license renewal period: 12 hours.
   For the third and subsequent license renewal periods 6 hours.
Reference HSC 18056.2.

6. Q. What continuing education courses are required and how many hours is each course?

A1. For the first license renewal period: 24 hours in any of the courses listed below are required:
   • Laws and regulations governing MH manufacturing and sales.
   • Escrow.
   • Advertising and Misrepresentations.
   • Registration and Titling.
   • Purchase Documents.
   • Warranties.
   • Mobilehome Park Residency Law and Mobilehome Parks Act.
Reference T25 section 5306.

A2. For the subsequent license renewal periods: One course is always required (Laws and Regulations) and the remaining hours can be from any other approved course they choose.
Reference T25 section 5306.

A3. Course duration varies depending on how many hours the course provider listed when they applied for approval. At the very minimum continuing education courses must be at least 2 hours long. Typical courses are 2, 3, 4, or 6 hours long. Contact the course provider or visit the HCD OL website for more information at: http://www.hcd.ca.gov/codes/ol/corprvd.htm
Reference T25 section 5310.
7. Q. What are the education or experience requirements for a license applicant?

A1. A MH dealer license applicant must satisfy either education and/or experience requirements in order to be granted an MH dealer license. Please read the detailed and specific qualifying requirements in HSC 18050.7(a). Each person listed on the application as a “participating person” (for an explanation of this term see question 15 below) in the dealership ownership must meet the requirements of HSC 18050.7.

Reference HSC 18050.7.

A2. A CM dealer license applicant has no education or experience requirements. HSC 18050.7 only applies to a MH dealer applicant.

Reference HSC 18050.7.

Note 1: There are no education or experience requirements for manufacturers, distributors, or salespersons.
Reference HSC 18050.7.

8. Q. How do I study and prepare for the OL examination?

A1. A MH dealer or salesperson applicant can prepare for the MH examination by studying the applicable codes, which are contained in the OL Study Guide. The examination questions and answers are created and generated from the OL Study Guide. Preliminary education courses provide much of this knowledge in a classroom environment and may include practice examination questions to test your knowledge. Each person listed on a MH dealer application as a “participating person” (for an explanation of this term see question 15 below) in the dealership ownership must pass the MH dealer exam.

Reference the OL Study Guide.

A2. A CM dealer or salesperson applicant can prepare for the CM examination by studying the applicable codes, which are contained in the OL Study Guide. Code chapters, subchapters, and sections within the OL Study Guide that do not apply to CM licenses have a notice at the beginning of the applicable chapter, subchapter, or section that identifies parts of the OL Study Guide that generally do not apply to CM licensees. Each person listed on a CM dealer application as a “participating person” (for an explanation of this term see question 16 below) in the dealership ownership must pass the CM dealer exam.

Reference the OL Study Guide.

A3. The MH/CM dealer examinations contain 75 multiple choice questions with a two-hour (120 minutes) time limit. In order to successfully complete the dealer examination, a minimum score of 53 correct answers (70%) must be obtained.

Reference the OL Study Guide.

A4. The MH/CM salesperson examinations contain 50 multiple choice questions with a one and

Reference HSC 18053.5, T25 section 5022.

9. Q. How long is my MH or CM manufacturer, dealer, or salesperson temporary permit (TP) or license good for?

A1. A TP may be issued while HCD completes its investigation of an applicant. A TP may be issued for a period not to exceed 120 days allowing the applicant to operate as a licensee. HCD may issue more than one TP if HCD deems additional time is necessary on a case-by-case basis.
Reference HSC 18052, 18054.7; T25 sections 5023 and 5030.

A2. The length of time that a license is valid is 24 months from the date of issuance of an initial TP or a license if no TP was initially granted.
Reference HSC 18052, 18054.7.

10. Q. How will I know when to renew my license? What if I don’t receive my renewal notice? How much are renewal fees?

A1. Every license issued to a MH/CM manufacturer, dealer, or salesperson is good for 24 months from the date of issuance of either a temporary permit or the license if a temporary permit was not issued.
Reference HSC 18052, 18054.7; T25 sections 5023 and 5030.

A2. License renewals must be received or postmarked to HCD no later than the month of expiration. Licensees are responsible for renewing their license on time to avoid automatic cancellation of the license. Expired licenses may be reinstated within 60 calendar days of the expiration date and pay their renewal fee plus a penalty fee equal to 50% of the renewal fee.
Reference HSC 18054.7; T25 section 5030.

A3. Renewal notices issued by HCD are courtesy notices. The licensee is responsible for renewing their license on time. If you do not receive a renewal notice, contact the OL Program by telephone at (916) 323-9803 or by e-mail at OL@hcd.ca.gov to request assistance and renewal forms. For MH dealers and salespersons, a completed “Certification of Clock Hours Earning” form HCD OL 137 must accompany your renewal application. The form HCD OL 137 is available online at: http://www.hcd.ca.gov or more directly from http://www.hcd.ca.gov/codes/ol/forms/HCD OL137 Certification_of_Clock_Hour_Earnings.pdf .
Reference HSC 18054.7; T25 section 5030.

A4. Renewal fees for each established place of business or salesperson are: Manufacturer = $1,000; Dealer = $810; Salesperson = $150.
Reference T25 sections 5040 (a)(2), (b)(2), (c)(2).

Note 1: If your license expired it may be reinstated upon application for reinstatement to HCD within 60 calendar days of expiration. However, a reinstatement fee will be required equal to 50 percent of the renewal fee. After 60 days from the expiration date a new license must be obtained.
Reference HSC 18054.7; T25 sections 5030(b), 5302(f), and 5304.

Note 2: For expired MH dealers and MH salespersons, continuing education requirements are still
required for new dealer or salesperson applications within one year of the expiration date of the expired license. After a year a preliminary education course is required to be completed. Reference HSC 18056.4; T25 sections 5302 and 5304.

11. Q. What is the status of my application?

A. Please allow 7 calendar days for processing your application. You can also visit the HCD website at http://www.hcd.ca.gov to see if your application has been issued a temporary permit or license. INDUSTRY QUESTIONS AND ANSWERS
The following Questions and Answers were provided by MH industry representative JC Strutzel and do not necessarily reflect the position of HCD. However they may provide applicants and licensees with the perspective of a long time industry expert relating to a topic that is becoming more common in today’s economic era.

1) Q: So how do Dealers and Brokers cooperate?

A: If someone licensed only as a Dealer cooperates with a Broker, the sale is subject to §18035 Health and Safety Code and the Dealer must control the sale. The Dealer is charged with the responsibility of controlling the transaction and making sure the sale conforms to HCD law. The Dealer is identified as the ‘Seller’ in the escrow and purchase documents. The Dealer is allowed to pay, and the Broker is allowed to receive, a ‘referral fee’ even though the Broker has performed a function that requires a DRE license.

2) Q: Does that mean a Dealer/Broker cooperative sale would conform to both DRE and HCD law?

A: No. The respective legal processes governing Dealers and Brokers are vastly different. The transactional differences between the two make it impossible to comply with both sets of laws at the same time. The law governing cooperative sales between a Dealer and Broker is Dealer law such as found in Division 13, Part 2, of the Health and Safety Code. Within that body of law is Section 18035 Health and Safety Code, which contains a code specified escrow law.

3) Q: Why was HCD law chosen over DRE law as the regulatory process of choice?

A: Both the California Association of Realtors (CAR) and HCD expressed opinions on this issue. Both parties agreed that such transactions should only be covered by one body of law. CAR recommended DRE law because it annually protected hundreds of thousands of real property homes. HCD said the rights of the consumer were far greater under HCD law. HCD prevailed.

4) Q: If the buyer, seller, Dealer and Broker all agreed, could a Dealer and Broker each process their end of the deal according to HCD and DRE law respectively?

A: No. As already stated, it is impossible to comply with both regulatory schemes at the same time. There are unavoidable conflicts that cannot be waived.

5) Q: What are some of those conflicts?

A: Examples of some conflicts are:

1. Dealers are in the chain of title; they guarantee title like an auto-mobile dealer (DMV dealer law was the genesis for HCD dealer law). Brokers act only as agents.

2. The rights of consumers differ significantly depending upon whether HCD law or DRE law is applied. A few examples are: under DRE law a buyer and seller can agree to liquidated damage clauses; early releases of funds from escrow; or waive the creation of an escrow. All three of these actions violate HCD law.

3. Remedies for the consumers differ depending upon which body of law governs the transaction.

4. A ‘secured party’ (i.e. a ‘legal owner or junior lienholder) is required to deliver their original title document and a HCD ‘Conditional Release of Interest’ form prior to the payoff of their liens if the escrow is governed by HCD law (§18035(d) Health and Safety Code). In all other instances a secured party is not required to deliver their original title to escrow until after receiving payment in full of the unpaid balance due on their loan. HCD law prohibits any provision in an agreement that waives the buyer’s rights. Any waiver is deemed contrary to public policy and is deemed void and unenforceable.
6) Q: Why is a Dealer regarded as the seller when the MH unit is still owned by the registered owner and what is the significance of that fact?

A: HCD has said that simultaneously to when the buyer has paid the purchase price and accepted delivery of the home, and the conditions of escrow have been met, title to the home automatically passes to the dealer for a brief instant in time, thereby enabling the dealer to have the ability to close the escrow, report the sale and guarantee title. At close of escrow the Dealer was the seller. The Dealer and purchaser mutually executed a code specified receipt for deposit (see §18035.1 Health and Safety Code), a purchase order, conditional sales contract, or other document evidencing the purchase contemporaneous with, or prior to, the receipt of any cash from the purchaser. All payments toward the purchase shall only be made payable to the escrow agent.

7) Q: A common school of thought is that an escrow agent only accepts instructions. Assuming that is true, do escrow agents have to be concerned with making sure the escrow instructions they prepare comply with MH unit escrow law?

A: Yes. Several years ago Deputy Attorney General Michael Botwin answered this question when he caused an article to be published in "CEA News:" The subject of the article concerned a popular escrow agent that complied with the instructions of her principals on the sale of a new MH unit, Those instructions did not comply with the mobile home escrow law (§18035 Health and Safety Commission); Instead funds were released early and the buyer suffered damages. The Dealer fled. The AG filed suit against the escrow agent. The escrow agent paid the buyer's damages and went out of business. That said, probably the greatest exposure to litigation for an escrow agent derives from civil litigation initiated by consumers or lenders, not government enforcement agencies. Therefore, it may be wise to have a discussion with your attorney prior to accepting instructions that do not conform to the law.

8) Q: For the protection of a Broker's client, wouldn't it be better if the Broker continued their involvement with the transaction until the close of escrow?

A: At first blush this sounds good. But the fact is that Brokers probably know no more about HCD law than Dealers know about DRE law. This supports the notion that the only fair thing to do is to excuse the Broker from any further duty once an offer is accepted. The Broker gets referral fee, which seems to imply the Broker has minimal exposure to a valid complaint.

9) Q: What procedure should a Broker follow when an offer is about to be made involving a Dealer co-op?

A: You have a duty to disclose to your client that the pending offer involves a Dealer and if the offer is accepted, you will be required to excuse yourself from further participation in the progression of the transaction since the sale must be handled by the Dealer pursuant to HCD law. You may add that you will receive a referral fee.

10) Q: Can someone who is dual-licensed as a Dealer and a Broker cooperate with another Broker pursuant to DRE law instead of HCD law?

A: Yes. Someone who is dual-licensed is not required to use one license or the other. The forms and actions used by the dual-licensee dictate which license is in play. Hence, it is possible that someone who is licensed as a Broker can cooperate pursuant to DRE law with someone who is dual-licensed.
What Is It Called?

In addition to creating the state standards for conventional site built housing, the Division of Codes and Standards oversees an industry whose products are known by different names. This sometimes causes confusion. This information should clarify the usage of the different names.

What is a Manufactured Home?

“Manufactured Homes” are single-family dwellings manufactured in a factory to preemptive federal construction standards. Available designs range from low priced single section homes known as “singlewides,” to upscale homes manufactured in several sections, and even multi-story homes. Shown at the left is a model designed for placement on a foundation with the garage constructed after the installation of the three-section home. Note: A “Park Trailer” model is not a manufactured home, it is a recreational vehicle and excluding loft areas may have up to 400 square feet of gross floor area.

What is a Multifamily Manufactured Home?

Formally known as multi-unit manufactured housing, a multifamily manufactured home is a structure manufactured in one or more transportable sections to form two or more dwelling units into a single structure when installed. Multifamily manufactured homes may be used as a duplex, a dormitory, a hotel, efficiency units, or apartments, installed on a support system or foundation system. Depending on the situation, it may be required to comply with state and/or federal accessibility requirements.
What is a Mobilehome?

The term “mobilehome” was originally used to describe structures constructed in factories containing one and not more than two dwelling units. In 1982, the definition of “mobilehome” changed to “manufactured home” to identify structures containing only one dwelling unit. However, the term “mobilehome” was amended further to remove the two dwelling unit provision, and the term “multifamily manufactured home” (formally known as “multifamily manufactured housing”) was added to address structures containing more than one dwelling unit. In 2008 the term was further amended to specify structures built under state standards prior to June 15, 1976.

What is a Commercial Modular?

“Commercial Modular,” formerly known as “Commercial Coach” until January 1, 2003*, is one of the most diverse types of nonresidential transportable structures manufactured in a factory. They are manufactured in single or multiple transportable sections, have many varied configurations and uses, and may be multi-storied units. They are designed and equipped for human occupancy for industrial, professional, or commercial uses. These structures can be a corner convenience store, an architect’s office, a factory, a school classroom(s), etc. A permit is required to transport these units.

What is a Special Purpose Commercial Modular?

A “Special Purpose Commercial Modular,” formerly known as a Special Purpose Commercial Coach until January 1, 2003*, is not a structure. They are vehicles, with or without motive power, designed and equipped for human occupancy for industrial, professional, or commercial purposes. These vehicles are not required to be moved under permit, but they must be registered and licensed by the California Department of Motor Vehicles for movement on public roads. The mobile food preparation unit at the left is an example of a Special Purpose Commercial Modular. In most instances, the local health department or the California Department of Health Services also must approve the unit in order to affix a Department insignia of approval.

Mobilehomes — Manufactured Housing Act of 1980

California Health and Safety Code

http://www.leginfo.ca.gov/calaw.html
§ 18000. Citation of part
(a) This part shall be known and may be cited as the Manufactured Housing Act of 1980.
(b) The Legislature finds and declares all of the following:
(1) Manufactured housing, both in mobilehome parks or manufactured housing communities, and outside of those parks or communities, provides a safe and affordable housing option for many Californians.
(2) Confusion exists among consumers, enforcement agencies, lenders, and others in the housing industry regarding the difference between "manufactured housing" and "mobilehomes." All single-family factory-constructed housing built on or after June 15, 1976, that is in compliance with the standards of the United States Department of Housing and Urban Development promulgated under the federal National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. Sec. 5401 and following) are manufactured housing or manufactured homes, not "mobilehomes" and, as such, often are subject to additional benefits.
(3) Continued use of the term "mobilehome" in various statutes, as well as the implication that the terms are interchangeable, exacerbates the confusion between the two products and deters affordable financing, discourages use in certain localities, and perpetuates incorrect perceptions as to codes and standards.
(4) The changes made by the act adding this subdivision to clarify the meaning of the terms "mobilehomes" and "manufactured homes" are not intended to effect any substantive change with respect to the treatment of those housing products or to the consumer protections provided for those housing products.
§ 18000.5. Continuation of existing law; Emergency regulations
The provisions of this part, insofar as they are substantially the same as existing statutory provisions relating to the same subject matter, shall be construed as restatements and continuations, and not as new enactments. During any transition required by this part, and until July 1, 1982, the department may determine or effectuate any action or requirement in a manner which implements the legislative intent of this part and which protects appropriate interests of any parties subject to or protected by this part. Regulations implementing this part and promulgated prior to July 1, 1982, shall be deemed emergency regulations pursuant to Section 11346.1 of the Government Code.
§ 18001. "Approved"
"Approved," when used in connection with any material, appliance, or construction, means meeting the requirements and approval of the Department of Housing and Community Development.

(2) Is engaged wholly or in part in the business of selling manufactured homes, mobilehomes, or commercial coaches or buying or taking in trade manufactured homes, mobilehomes, or commercial coaches for the purpose of reselling, selling, or offering for sale, or consigning to be sold, or otherwise dealing in manufactured homes, mobilehomes, or

(a) The Legislature finds and declares that certain park trailer units with lofts that do not comply with Section 18009.3, as amended in 2001, and Section 18033 were designed and manufactured for residential occupancy in the lofts, and were sold and occupied in this state prior to January 3, 2001. On or about January 3, 2001, the department issued an information bulletin informing local government building code enforcement agencies, park trailer manufacturers and dealerships, and other interested parties that, in fact, many of these park trailers did not comply with applicable standards with respect to the lofts and related areas and therefore were not recreational vehicles or park trailers, as defined by this part.

(b) In order to ensure reasonable standards of public safety while avoiding undue hardship to purchasers of park trailers with lofts that are in substantial compliance with Section 18009.3, as amended in 2001, and Section 18033, park trailers with lofts shall be deemed to comply with those sections if there is compliance with all of the following requirements of this subdivision and subdivision (c):

(A) They were manufactured prior to January 3, 2001, and sold prior to June 3, 2001.
(B) The notices described in subdivision (c) are provided as specified in subdivision (c).

(2) For purposes of this subdivision, “substantial compliance” shall require being constructed and maintained in a manner consistent with Section 18009.3, as amended in 2001, and Section 18033, except for the following:

(A) Notwithstanding Section 18009.3, as amended in 2001, and Section 18033, ceilings of lofts shall be a minimum height of 50 inches above the loft floor for not less than 70 percent of the total loft ceiling area. One exit window shall be provided in all lofts used for human habitation, providing an unobstructed opening of at least 484 square inches, with a minimum dimension of 22 inches in any direction. The window shall be located on a wall or roof located opposite the access stairs to the loft area.

(B) Notwithstanding Section 18009.3, as amended in 2001, and Section 18033, stairs serving as access to or egress from lofts shall not be required to comply with the provisions for rise and run as described in paragraph (1) of subdivision (c) of Section 18009.3 if the stairs are provided with a complying handrail as provided in paragraph (4) of subdivision (c) of Section 18009.3.

(c) For purposes of being deemed in compliance pursuant to this section, a park trailer with one or more lofts shall comply with the following paragraphs:

(1) Within 24 inches of the opening of each loft, a permanent label shall be posted conspicuously, which states, in letters not less than one-half inch in height and in a color contrasting with the sign’s background and wall color, the following:

“NOTICE: THIS LOFT AREA AND THE STAIRS DO NOT COMPLY WITH CODES IN EFFECT ON JANUARY 1, 2002, AND MAY BE DIFFICULT TO EXIT FROM IN THE EVENT OF A FIRE.”

(2) The manufacturer of each park trailer subject to this section shall, to the extent feasible, mail the purchaser of the park trailer a written notice entitled, in bold 16-point type, the following:

“WARNING: LOFT AREAS AND STAIRS IN YOUR PARK TRAILER DO NOT COMPLY WITH STANDARDS IN EFFECT ON OR AFTER JANUARY 1, 2002. EXTRA CARE MAY BE REQUIRED TO EXIT FROM A LOFT IN THE EVENT OF A FIRE.”

This notice also shall set forth the provisions of this section and shall provide the name, address, and telephone number of a person to whom the owner may address questions.

(d) If the lofts and stairs of any park trailer do not comply with the requirements of this section, Section 18009.3, as amended in 2001, and Section 18033, the park trailer shall be deemed not in substantial compliance with this section, the loft area may not be used for human habitation but only for storage, and the loft area shall comply with the signage requirements prescribed by subdivision (b) of Section 18009.3.

(a)(1) For every transaction by or through a dealer to sell or lease with the option to buy a new or used manufactured home or mobilehome subject to registration under this part, the dealer shall execute in writing and obtain the buyer’s signature on a purchase order, conditional sale contract, or other document evidencing the purchase contemporaneous with, or prior to, the receipt of any cash or cash equivalent from the buyer, shall establish an escrow account with an escrow agent, and shall cause to be deposited into that escrow account any cash or cash equivalent received at any time prior to the close of escrow as a deposit, downpayment, or whole or partial payment for the manufactured home or mobilehome or accessory thereto. (2) The downpayment, or whole or partial payment, shall include an amount designated as a deposit, which may be less than, or equal to, the total amount placed in escrow, and shall be subject to subdivision (f). The parties shall provide for escrow instructions that identify the fixed amounts of the deposit, downpayment, and balance due prior to closing consistent with the amounts set forth in the purchase documents and receipt for deposit if one is required by Section 18035.1. The deposits shall be made by the dealer within five working days of receipt, one of which shall be the day of receipt.

(3) For purposes of this section, “cash equivalent” means any property, other than cash. If an item of cash equivalent is, due to its size, incapable of physical delivery to the escrow holder, the property may be held by the dealer for the purchaser until close of escrow and, if the property has been registered with the department or the Department of Motor Vehicles, its registration certificate and, if available, its certificate of title shall be delivered to the escrow holder.

(b) For every transaction by or through a dealer to sell or lease with the option to buy a new manufactured home or mobilehome subject to registration under this part, the escrow instructions shall provide all of the following:

(1) That the original manufacturer’s certificate of origin be placed in escrow.

(B) For purposes of this paragraph, “inventory creditor” includes any person who is identified as a creditor on the manufacturer’s certificate of origin by any person who places the original certificate of origin in escrow and claims in writing to the escrow agent to have a purchase money security interest in the manufactured home or mobilehome, as contemplated by Section 9103 of the Commercial Code.

(3) That the escrow agent shall obtain from the manufacturer a true and correct facsimile of the copy of the certificate of origin retained by the manufacturer pursuant to Section 18093.

(c) For every transaction by or through a dealer to sell or lease with the option to buy a used manufactured home or mobilehome subject to registration under this part, the escrow instructions shall provide:

(1) That the current registration card, all copies of the registration cards held by junior lienholders, and the certificate of title be placed in escrow.

(2) That, in the alternative, either of the following shall occur:

(A)(i) The registered owner shall acknowledge in writing the amount of the commission to be received by the dealer for the sale of the manufactured home or mobilehome, and (ii) the registered owner shall release all of its ownership interests in the manufactured home or mobilehome either contemporaneously upon the payment of a specified amount from the escrow account or at the close of the escrow where the buyer has executed a security agreement approved by the registered owner covering the unpaid balance of the purchase price.

(B)(i) The dealer shall declare in writing that the manufactured home or mobilehome is its inventory, (ii) the registered owner shall acknowledge in writing that the purchase price relating to the sale of the manufactured home or mobilehome to the dealer for resale has been paid in full by the dealer, (iii) the current certificate of title shall be appropriately executed by the registered owner to reflect the release of all of its ownership interests, and (iv) the dealer shall release all of its ownership interests in the manufactured home or mobilehome either contemporaneously upon the payment of a specified amount from the escrow account or at the close of escrow where the buyer has executed a security agreement approved by the dealer covering the unpaid balance of the purchase price.

(3) That, in the alternative, the legal owner and each junior lienholder, respectively, shall do either of the following:

(A) Release his or her security interest or transfer its security interest to a designated third party contemporaneously upon the payment of a specified amount from the escrow account.

(B) Advise the escrow agent in writing that the new buyer or the buyer’s stated designee shall be approved as the new registered owner upon the execution by the buyer of a formal assumption of the indebtedness secured by his or her lien approved by the creditor at or before the close of escrow.

(d) For every transaction by or through a dealer to sell or lease with the option to buy a used manufactured home or mobilehome subject to registration under this part:

(1) The dealer shall present the buyer’s offer to purchase the manufactured home or mobilehome to the seller in written form signed by the buyer. The seller, upon accepting the offer to purchase, shall sign and date the form. Copies of the fully executed form shall be presented to both the buyer and seller, with the original copy retained by the dealer. Any portion of the form that reflects the commission charged by the dealer to the seller need not be disclosed to the buyer.

(2) The escrow agent, upon receipt of notification from the dealer that the seller has accepted the buyer’s offer to
purchase and receipt of mutually endorsed escrow instructions, shall, within three working days, prepare a notice of escrow opening on the form prescribed by the department and forward the completed form to the department with appropriate fees. If the escrow is canceled for any reason before closing, the escrow agent shall prepare a notice of escrow cancellation on the form prescribed by the department and forward the completed form to the department.

(3)(A) The escrow agent shall forward to the legal owner and each junior lienholder at their addresses shown on the current registration card a written demand for a lien status report, as contemplated by Section 18035.5, and a written demand for either an executed statement of conditional lien release or an executed statement of anticipated formal assumption, and shall enclose blank copies of a statement of conditional lien release and a statement of anticipated formal assumption on forms prescribed by the department. The statement of conditional lien release shall include, among other things, both of the following:

(i) A statement of the dollar amount or other conditions required by the creditor in order to release or transfer its lien.

(ii) The creditor’s release or transfer of the lien in the manufactured home or mobilehome contingent upon the satisfaction of those conditions.

(B) The statement of anticipated formal assumption shall include, among other things, both of the following:

(i) A statement of the creditor’s belief that the buyer will formally assume the indebtedness secured by its lien pursuant to terms and conditions which are acceptable to the creditor at or before the close of escrow.

(ii) The creditor’s approval of the buyer or his or her designee as the registered owner upon the execution of the formal assumption.

(4) Within five days of the receipt of the written demand and documents required by paragraph (3), the legal owner or junior lienholder shall complete and execute either the statement of conditional lien release or, if the creditor has elected to consent to a formal assumption requested by a qualified buyer, the statement of anticipated formal assumption, as appropriate, and prepare the lien status report and forward the documents to the escrow agent by first-class mail. If the creditor is the legal owner, the certificate of title in an unexecuted form shall accompany the documents. If the creditor is a junior lienholder, the creditor’s copy of the current registration card in an unexecuted form shall accompany the documents.

(5) If either of the following events occur, any statement of conditional lien release or statement of anticipated formal assumption executed by the creditor shall become inoperative, and the escrow agent shall thereupon return the form and the certificate of title or the copy of the current registration card, as appropriate, to the creditor by first-class mail:

(A) The conditions required in order for the creditor to release or transfer his or her lien are not satisfied before the end of the escrow period agreed upon in writing between the buyer and the seller or, if applicable, before the end of any extended escrow period as permitted by subdivision (g).

(B) The registered owner advises the creditor not to accept any satisfaction of his or her lien or not to permit any formal assumption of the indebtedness and the creditor or registered owner advises the escrow agent in writing accordingly.

(6) If a creditor willfully fails to comply with the requirements of paragraph (4) within 21 days of the receipt of the written demand and documents required by paragraph (3), the creditor shall forfeit to the escrow agent three hundred dollars ($300), except where the creditor has reasonable cause for noncompliance. The three hundred dollars ($300) shall be credited to the seller, unless otherwise provided in the escrow instructions. Any penalty paid by a creditor under this paragraph shall preclude any civil liability for noncompliance with Section 18035.5 relating to the same act or omission.

(e) For every transaction by or through a dealer to sell or lease with the option to buy a new or used manufactured home or mobilehome, the escrow instructions shall specify one of the following:

(1) Upon the buyer receiving delivery of an installed manufactured home or mobilehome on the site and the manufactured home or mobilehome passing inspection pursuant to Section 18613 or after the manufactured home or mobilehome has been delivered to the location specified in the escrow instructions when the installation is to be performed by the buyer, all funds in the escrow account, other than escrow fees and amounts for accessories not yet delivered, shall be disbursed. If mutually agreed upon between buyer and dealer, the escrow instructions may specify that funds be disbursed to a government agency for the payment of fees and permits required as a precondition for an installation acceptance or certificate of occupancy, and the information that may be acceptable to the escrow agent.

(2) Upon the buyer receiving delivery of an installed manufactured home or mobilehome not subject to the provisions of Section 18613 with delivery requirements as mutually agreed to and set forth in the sales documents, all funds in the escrow account, other than escrow fees, shall be disbursed.

(f) Upon receiving written notice from a party to the escrow of a dispute, the escrow agent shall inform the party of his or her right to hold funds in escrow by submitting a written request to hold funds in escrow. Upon receipt by the escrow agent of a party’s written request to hold funds in escrow, all funds denoted as deposit shall be held in escrow until a release is signed by the disputing party, or pursuant to new written escrow instructions signed by the parties involved, or pursuant to a final order for payment or division by a court of competent jurisdiction. Any other funds, other than escrow fees, shall be returned to the buyer or any person, other than the dealer or seller, as appropriate. At the opening of escrow, the escrow agent shall give notice of the right to request that funds be held in escrow pursuant to this subdivision.

(g) Escrow shall be for a period of time mutually agreed upon, in writing, by the buyer and the seller. However, the parties may, by mutual consent, extend the time, in writing, with notice to the escrow agent.

(h) No dealer or seller shall establish an escrow agent any escrow account in an escrow company in which the dealer or seller has more than a 5 percent ownership interest.

(i) The escrow instructions may provide for the proration of any local property tax due or to become due on the manufactured home or mobilehome, and if the tax, or the license fee imposed pursuant to Section 18115, or the registration
fee imposed pursuant to Section 18114, is delinquent, the instructions may provide for the payment of the taxes or fees, or both, and any applicable penalties.

(j) For every transaction by or through a dealer to sell or lease with the option to buy a new or used manufactured home or mobilehome that is subject to inspection pursuant to Section 18613, and for which it is stated, on the face of the document certifying or approving occupancy or installation, that the issuance of the document is conditioned upon the payment of a fee, charge, dedication, or other requirement levied pursuant to Section 53080 of the Government Code, the escrow instructions shall provide that the payment of that fee, charge, dedication, or other requirement be made to the appropriate school district upon the close of escrow.

(k) No agreement shall contain any provision by which the buyer waives his or her rights under this section, and any waiver shall be deemed contrary to public policy and shall be void and unenforceable.

(l) If a portion of the amount in the escrow is for accessories, then that portion of the amount shall not be released until the accessories are actually installed.

(m) Upon opening escrow on a used manufactured home or mobilehome which is subject to local property taxation, and subject to registration under this part, the escrow officer may forward to the tax collector of the county in which the used manufactured home or mobilehome is located, a written demand for a tax clearance certificate, if no liability exists, or a conditional tax clearance certificate if a tax liability exists, to be provided on a form prescribed by the office of the Controller. The conditional tax clearance certificate shall state the amount of the tax liability due, if any, and the final date that amount may be paid out of the proceeds of escrow before a further tax liability may be incurred.

(1) Within five working days of receipt of the written demand for a conditional tax clearance certificate or a tax clearance certificate, the county tax collector shall forward the conditional tax clearance certificate or a tax clearance certificate showing no tax liability exists to the requesting escrow officer. In the event the tax clearance certificate’s or conditional tax clearance certificate’s final due date expires within 30 days of date of issuance, an additional conditional tax clearance certificate or a tax clearance certificate shall be completed which has a final due date of at least 30 days beyond the date of issuance.

(2) If the tax collector on which the written demand for a tax clearance certificate or a conditional tax clearance certificate was made fails to comply with that demand within 30 days from the date the demand was mailed, the escrow officer may close the escrow and submit a statement of facts certifying that the written demand was made on the tax collector and the tax collector failed to comply with that written demand within 30 days. This statement of facts may be accepted by the department in lieu of a conditional tax clearance certificate or a tax clearance certificate, as prescribed by subdivision (a) of Section 18092.7, and the transfer of ownership may be completed.

(3) The escrow officer may satisfy the terms of the conditional tax clearance certificate by paying the amount of tax liability shown on the form by the tax collector out of the proceeds of escrow on or before the date indicated on the form and by certifying in the space provided on the form that all terms and conditions of the conditional tax clearance certificate have been complied with.

(n) This section creates a civil cause of action against a buyer or dealer or other seller who violates this section, and upon prevailing, the plaintiff in the action shall be awarded actual damages, plus an amount not in excess of two thousand dollars ($2,000). In addition, attorney’s fees and court costs shall also be awarded a plaintiff who prevails in the action.

(8) A statement that the terms and duration of any other warranty, not required by law, offered by the dealer shall be in writing.

(9) A statement that, if the purchaser has any complaints with respect to sales practices, delivery, warranty, or other matters related to the manufactured home or mobilehome, he or she may seek administrative relief from the department or legal relief in a court of competent jurisdiction.

§18035.2. Installation on foundation system; Document evidencing purchase; Escrow account

(a) For every sale by a dealer of a new or used manufactured home or mobilehome to be installed on a foundation system pursuant to subdivision (a) of Section 18551, the dealer shall execute in writing and obtain the buyer’s signature on a purchase order, conditional sale contract, or other document evidencing the purchase, and provide a statement of fact complying with subdivision (b) of Section 18035.1, contemporaneous with or prior to the receipt of any cash or cash equivalent from the buyer and shall establish an escrow account with an escrow agent. The escrow shall not be subject to Section 18035. The parties shall provide for escrow instructions that identify the fixed amounts of the deposit and balances due prior to closing, consistent with the amounts set forth in the document evidencing the purchase and related services. Escrow disbursements and closing shall be consistent with the mutually agreed terms and conditions of the documents evidencing the purchase and related services. Disbursements of funds from escrow prior to delivery and installation of the unit, any accessory structures, and related services shall only be as mutually agreed upon in writing by the dealer and buyer.

§18035.25. Dealer’s failure to correct defects in installation performed by licensed contractor

Notwithstanding any other provision of this part to the contrary, it is a ground for disciplinary action, and not a criminal offense, for a dealer to fail to correct, or cause to be corrected, any defects in the installation of a manufactured home or mobilehome performed by a licensed contractor whom the dealer had certified to the purchaser as the installation contractor pursuant to subdivision (c) of Section 7027 of the Business and Professions Code. Any accusation filed against a licensee for a violation of this section shall be filed within three years after the occurrence of the act or omission alleged as the ground for disciplinary action.

§18035.26. Manufactured home and mobilehomes, completion of sale; Warranty period; Escrow and reporting requirements

(a) Notwithstanding any other provision of law, the requirements of this section apply only to the sale of a new or used manufactured home or multiunit manufactured housing or used mobilehome sold by a dealer and to be installed by the buyer on a foundation system pursuant to subdivision (a) of Section 18551.

(b) The sale shall be deemed complete at the close of escrow. Escrow shall be deemed closed when all of the following have been completed:

(1) The following document is executed:

Declaration of Delivery Sale

The undersigned purchaser hereby declares that he/she is agreeing to a delivery sale wherein he/she intends to actually and physically install the subject home described below, or accept responsibility for engaging the services of a licensed contractor to perform that installation. Additionally, the purchaser hereby declares that he/she understands that most manufacturers’ warranties do not cover defects caused by improper site preparation or installation. The purchaser takes full responsibility for the proper storage, including blocking of the home and protection from the elements, prior to the completion of the installation. It is strongly recommended that, before entering into this agreement, the purchaser has ensured that the home described below will be installed pursuant to subdivision (a) of Section 18551 of the Health and Safety Code (see reverse side) and the manufacturer’s installation instructions. Additionally, the purchaser should make certain that he/she can meet all permit and fee requirements, including school development fees, most of which may be financed, for the installation of the subject home.
Warranty Expiration

Notwithstanding Section 1797 of the Civil Code, in order to provide reasonable time for the installation of your home, the manufacturer's warranty, when applicable, will expire one year after either the issuance of a certificate of occupancy or 120 days from the close of escrow, whichever occurs first.

Name of Escrow Company: __________________________; Escrow Number: __________________________
Manufacturer's Name: __________________________; Serial Number: __________________________
Dealer's Name: __________________________; Address where purchaser intends to install home: __________________________
Address where purchaser will accept delivery: __________________________

(2) All funds in the escrow account, other than escrow fees, amounts for accessories not yet delivered, and any other amounts mutually agreed to by the dealer and buyer are disbursed.

(3) The buyer takes delivery of the manufactured home, mobilehome, or multiunit manufactured housing. For the purpose of this section, taking delivery occurs upon the transfer of the home to the buyer at a location mutually agreed upon and as specified in the purchase agreement and the escrow instructions.

(c) The warranty period pursuant to Chapter 3 (commencing with Section 1797) of the Civil Code shall expire one year after either 120 days after the close of escrow or upon the issuance of the certificate of occupancy, whichever occurs first.

(d) All sales subject to this section shall meet the escrow requirements of Section 18035.2 and the reporting requirements of Section 18080.5. An escrow agent shall not create an escrow instruction wherein a purchaser accepts responsibility for the installation of a manufactured home unless and until the escrow agent is in receipt of the declaration specified in subdivision (a). An escrow instruction created before the receipt of the declaration is null and void and unenforceable.

(e) The report of sale and any related required documents shall be filed with the department within 10 calendar days of the close of escrow. The department shall designate its record as “pending installation” for the unit until the certificate of occupancy is issued and the recorded HCD and applicable fees are received from the enforcement agency. Only at this time shall the record be amended to designate the foundation type to be a permanent foundation pursuant to subdivision (a) of Section 18551 and the department's record cancelled.

§ 18035.3. Contents of purchase document

(a) For every sale by a dealer of a new or used manufactured home or mobilehome, either the purchase order, conditional sale contract, or other document evidencing the purchase thereof, or any attachment to a purchase document signed and dated by the purchaser, shall contain all of the following:

(1) A description of the manufactured home or mobilehome, a description and the cash price of each accessory, structure, or service included with the purchase, and the total cash price for the purchase. The statement shall also state whether the purchase price includes or excludes the towbar, wheels, wheel hubs, tires, and axles and, if they are not included in the purchase price, the price of each shall be listed.

(2) The amount, if any, charged by the dealer for documentary preparation and, if a documentary preparation charge is imposed, a notice advising the purchaser that the charge is not a governmental fee.

(3) A notice in type no smaller than 8-point that complaints concerning the purchase shall be referred to the dealer and, if the complaint is not resolved, may be referred to the Department of Housing and Community Development, Division of Codes and Standards, Occupational Licensing. The notice shall contain the current address and telephone number of the department.

(4) A notice, in at least 10-point boldface type reading as follows:

(A) Do NOT sign the purchase agreement before you read it or if it contains any blank spaces to be filled in.

(B) You are entitled to a completely filled-in copy of that agreement and, if purchasing a manufactured home or mobilehome covered by a warranty, a copy of the warranty.

(5) The name, business address, and contractor's license number of the licensed contractor whom the dealer certifies as performing the installation of the manufactured home or mobilehome pursuant to subdivision (c) of Section 7026.2 of the Business and Professions Code.

(6) The disclosures required by this subdivision need not be contained in the same document.

(b) A failure to disclose pursuant to this section shall not be the basis for rescission of a conditional sales contract.

(c) Notwithstanding any other provision of this part to the contrary, a failure to provide the disclosures specified in paragraph (5) of subdivision (a) is a ground for disciplinary action and not a criminal offense.
§ 18035.4. Sales to which provisions do not apply
Sections 18035, 18035.1, and 18035.2 shall not apply to the sale of manufactured homes or mobilehomes to:
(a) The federal government.
(b) The state.
(c) Any agency or political subdivision of the state.
(d) Any county, city, or city and county.

§ 18035.5. Demand for copy of conditional sale contract from secured party; Failure to prepare; Charges
(a) As used in this section:
(1) “Secured party” means a legal owner or junior lienholder.
(2) “Entitled party” means a registered owner or any person holding a security interest or other lien or encumbrance which is subordinate to the security interest of the secured party or an escrow agent in conjunction with an escrow involving the sale or transfer of an interest in a manufactured home, mobilehome, or commercial coach subject to registration under this part.
(b) A secured party shall, on the written demand of an entitled person, or the authorized agent of the entitled person, prepare and deliver to the person demanding it, a true, correct, and complete copy of the conditional sale contract or the promissory note and security agreement and any subsequent modification thereto, and a written statement indicating all of the following:
(1) The amount of the unpaid balance of the obligation owing to the secured party and the interest rate, together with the total amounts, if any, of all overdue installments of either principal or interest, or both.
(2) The amounts of periodic payments, if any.
(3) The date on which the obligation is due in whole or in part.
(4) The date to which taxes and special assessments have been paid to the extent that information is known to the secured party.
(5) The amount of hazard insurance in effect and the term and premium of that insurance to the extent that information is known to the secured party.
(6) The amount in an account, if any, maintained for the accumulation of funds with which to pay taxes and insurance premiums.
(7) The nature and, if known, the amount of any additional charges, costs, or expenses paid or incurred by the secured party which have become a lien on the manufactured home, mobilehome, or commercial coach involved.
(8) If applicable, a statement indicating that subsequently incurred obligations will be secured by the manufactured home, mobilehome, or commercial coach involved.
(c) The secured party may, before delivering a statement, require reasonable proof that the person making the demand is, in fact, an entitled person, in which event the secured party shall not be subject to the penalties of this section until 21 days after receipt of the proof herein provided for. A statement in writing signed by the entitled person appointing an authorized agent when delivered personally to the secured party or delivered by registered return receipt mail shall constitute reasonable proof as to the identity of an agent. Similar delivery of a policy of title insurance, preliminary report issued by a title company, original or photographic copy of a sales agreement covering the manufactured home, mobilehome, or commercial coach subject to registration under this part, constitutes reasonable proof as to the identity of a successor in interest, provided the person demanding a statement is named as successor in interest.
(d) Delivery of the statement by the secured party, as herein referred to, shall mean depositing or causing to be deposited in the United States mail an envelope, with postage prepaid, containing a copy of the statement, addressed to the person whose name and address is set forth in the demand therefor.
(e) If a secured party for a period of 21 days after receipt of the written demand willfully fails to prepare and deliver the statement, the secured party is liable to the entitled person for all damages which may be sustained by reason of the refusal and, whether or not actual damages are sustained, the secured party shall forfeit to the entitled person the sum of three hundred dollars ($300). Each such failure to prepare and deliver such a statement, occurring at a time when, pursuant to this section, the secured party is required to prepare and deliver the statement, creates a separate cause of action, but a judgment awarding an entitled person such forfeiture, or damages and forfeiture, for any such failure to prepare and deliver a statement bars recovery of such damages and forfeiture for any other failure to prepare and deliver a statement, with respect to the same obligation, in compliance with a demand therefor made within six months before or after the demand as to which the award was made.
(f) If the secured party has more than one branch, office, or other place of business, then the demand shall be made to the branch or office at which the payments of the obligation are made, and the statement, unless it specifies otherwise, shall be deemed to apply only to the unpaid balance owing to or payable at that branch office or place of business.
(g) The secured party may charge not to exceed fifty dollars ($50) for furnishing the required statement, whether or not the security agreement covering the manufactured home, mobilehome, or commercial coach so provides.

§ 18036. Rescission of contract for inability to obtain financing
In the event a buyer of a manufactured home or mobilehome obligates himself or herself to purchase, or receive possession of, a manufactured home or mobilehome pursuant to a contract or purchase order, and the seller knows that the
buyer intends to obtain financing from a third party without the assistance of the seller, and the buyer is unable to obtain the financing within 30 days of the execution of the contract or purchase order, the contract or purchase order shall be deemed rescinded and all consideration thereupon, other than escrow fees, shall be returned by the respective parties without demand.

§ 18036.5. Truth in lending; Correction of disclosure violations; Damages
(a) As used in this section:
(1) “Act” means the federal Truth in Lending Act, as amended (15 U.S.C., Sec. 1601, et seq.).
(2) “Regulation Z” means any rule, regulation, or interpretation promulgated by the Board of Governors of the Federal Reserve System under the act and any interpretation or approval issued by an official or employee of the Federal Reserve System duly authorized by the board under the act to issue these interpretations or approvals.
(b) A conditional sale contract relating to a new or used manufactured home or mobilehome subject to registration under this part shall contain all the disclosures required by Regulation Z if Regulation Z otherwise applies to the transaction. Any disclosure violation corrected pursuant to subdivision (d) shall not be the basis of any recovery by the buyer.
(c) With respect to a violation which is not corrected as provided in subdivision (d), the seller shall be liable to the buyer in an amount equal to the sum of:
(1) Any actual damage sustained by such person as a result of the failure;
(2)(A) In the case of an individual action twice the amount of any finance charge in connection with the transaction, except that the liability under this subparagraph shall not be less than one hundred dollars ($100) or greater than one thousand dollars ($1,000); or
(B) In the case of a class action, such amount as the court may allow, except that as to each member of the class no minimum recovery shall be applicable, and the total recovery under this subparagraph in any class action or series of class actions arising out of the same failure to comply by the same seller shall not be more than the lesser of five hundred thousand dollars ($500,000) or 1 per cent of the net worth of the seller; and
(3) In the case of any successful action to enforce the foregoing liability, the costs of the action, together with a reasonable attorney’s fee as determined by the court. In determining the amount of award in any class action, the court shall consider, among other relevant factors, the amount of any actual damages awarded, the frequency and persistence of failures of compliance by the seller, the resources of the seller, the number of persons adversely affected, and the extent to which the seller’s failure of compliance was intentional. In connection with the disclosures referred to in Section 128 of the act, a seller shall have a liability determined under paragraph (2) of this subdivision only for failing to comply with the requirements of paragraph (2) (inssofar as it requires a disclosure of the “amount financed”), (3), (4), (5), (6), or (9) of Section 128(a) of the act. With respect to any failure to make disclosures required under this section, liability shall be imposed only upon the seller required to make disclosure, except as provided in subdivision (k).
(d) A seller or assignee has no liability under this section for any failure to comply with any requirement imposed under this section if within 60 days after discovering an error, whether through the seller’s or assignee’s own procedures or pursuant to procedures permissible under the act, and prior to the institution of an action under this section or the receipt of written notice of the error from the buyer, the seller or assignee notifies the buyer concerned of the error and makes whatever adjustments as are necessary to assure that the buyer will not be required to pay an amount in excess of the charge actually disclosed, or the dollar equivalent of the annual percentage rate actually disclosed, whichever is lower.
(e) A seller or assignee may not be held liable in any action brought under this section if the seller or assignee shows by a preponderance of evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid any such error. Examples of a bona fide error include, but are not limited to, clerical, calculation, computer malfunction and programming, and printing errors, except that an error of legal judgment with respect to a person’s obligations under this section is not a bona fide error.
(f) When there are multiple buyers in a transaction, there shall be no more than one recovery of damages under paragraph (2) of subdivision (c).
(g) Any action under this section may be brought within one year from the date of the occurrence of the violation. This subdivision does not bar a person from asserting a violation of this section in an action to collect the debt which was brought more than one year from the date of the occurrence of the violation as a matter of defense by recoupment or set–off in such action, except as otherwise provided by law. No action may be brought under this section if an action relating to the transaction or a defense thereto has been brought or asserted under the act.
(h) No provision of this section imposing any liability shall apply to any act done or omitted in good faith in conformity with any rule, regulation, or interpretation thereof by the Board of Governors of the Federal Reserve System or in conformity with any interpretation or approval by an official or employee of the Federal Reserve System duly authorized by the Board of Governors of the Federal Reserve System to issue such interpretations or approvals under such procedures as the Board of Governors of the Federal Reserve System may prescribe therefor, notwithstanding that after such act or omission has occurred, such rule, regulation, interpretation, or approval is amended, rescinded or determined by judicial or other authority to be invalid for any reason.
(i) The multiple failure to disclose to any person any information required under this section shall entitle the buyer to a single recovery.
(j) A buyer may not take any action to offset any amount for which a seller or assignee is potentially liable to such buyer under paragraph (2) of subdivision (c) against any amount owed by such buyer, unless the amount of the seller’s or assignee’s liability under this section has been determined by judgment of a court of competent jurisdiction in an action to which such buyer was a party. This subdivision does not bar a buyer then in default on the obligation from asserting a
violation of this section as an original action, or as a defense or counterclaim to an action to collect amounts owed by the buyer brought by a person liable under this title.

(k) Except as otherwise specifically provided in this section, any civil action for a violation of this section which may be brought against a seller may be maintained against any assignee of such seller only if the violation for which such action or proceeding is brought is apparent on the face of the disclosure statement, provided, however, that no civil action may be brought against such assignee for such violation if the assignment was involuntary. For purposes of this section, a violation apparent on the face of the disclosure statement includes, but is not limited to, (1) a disclosure which can be determined to be incomplete or inaccurate from the face of the disclosure statement or other documents assigned, or (2) a disclosure which does not use the terms required to be used in Regulation Z.

(l) In any action or proceeding by or against any assignee of the seller without knowledge to the contrary by the assignee when the assignee acquires the obligation, written acknowledgment of receipt by a buyer to whom disclosures are required to be given pursuant to this section shall be conclusive proof of the delivery thereof and, except as provided in subdivision (k), of compliance with this section. This subdivision does not affect the rights of the buyer in any action against the original seller.

(m) No final judgment shall be entered in an action brought pursuant to this section in favor of a buyer until the later of (1) the expiration of one year after the occurrence of the violation, or (2) the entry of judgment in an action for the violation brought under Section 130 of the act and filed within such one–year period. A buyer who has recovered any amount by way of judgment, settlement, or otherwise under Section 130 or 131 of the act shall not be entitled to any damages or other relief for the violation under this section.

§ 18037. Assignee's recourse against seller

Notwithstanding any agreement to the contrary, the holder of a conditional sale contract for which Regulation Z disclosures are required pursuant to Section 18036.5 is subject to all equities and defenses of the buyer against the seller, except as provided by Section 18036.5. However, the assignee's liability may not exceed the amount of the debt owing to the assignee at the time of assignment. The assignee shall have recourse against the seller to the extent of any liability incurred by the assignee pursuant to this section whether the assignment was with or without recourse except to the extent of any written agreement between the seller and assignee which expressly references this section and modifies its effect.

§ 18037.5. Default; Notice requirements; Repossession; Proceeds of sale; Accounting

(a) In the event of default under the provisions of any security agreement relating to a loan or conditional sale contract which, according to its terms, gives the secured party the right to foreclose its security interest in a manufactured home, mobilehome, truck camper, or floating home subject to registration under this part which is not inventory of a dealer, including the right to repossess the property, notwithstanding any contrary provisions in the security agreement or conditional sale contract or in any other agreement entered into prior to default, the secured party may foreclose its security interest only by satisfying the requirements of this section.

(d) The applicant, or one of the limited or general partners, if the applicant be a partnership, or one or more of the officers or directors of the corporation, if the corporation be the applicant, or one or more of the stockholders, if the policy of the business will be directed, controlled, or managed by that stockholder or stockholders, has ever been convicted of a felony or a crime involving moral turpitude, or has been held liable in a civil court action for any act or conduct that involved moral turpitude and is substantially related to the qualifications, functions, or duties of the licensed activity. (f) Upon investigation, the business history required by Section 18050 contains incomplete or incorrect information, or reflects substantial business irregularities.
(g) The decision of the department to cancel, suspend, or revoke a license has been entered, and the applicant was the licensee, or a copartner, officer, director, or stockholder of that licensee.

(k) The applicant or licensee has failed to pay over funds or property received in the course of employment to a dealer entitled thereto.

(l) The applicant has acted as a manufactured home, mobilehome, or commercial coach salesperson or engaged in this activity for, or on behalf of, more than a single person whose business does not have identical ownership and structure. The activity shall be for a licensed dealer. Nothing contained in this section shall be deemed to restrict the number of dealerships of which a person may be an owner, officer, or director, nor to preclude a manufactured home, mobilehome, or commercial coach salesperson from working at more than one location of a single dealer, if the business of the dealer has identical ownership and structure.

§ 18050.7. Education and experience requirements for dealer’s license &lt;Not applicable for CM exams&gt;

(a) Engage in the business for which the dealer is licensed without at all times maintaining an established place of business.
(b) Employ any person as a salesperson who is not licensed pursuant to this part, or whose license or 90–day certificate is not displayed on the premises of the dealer as provided in Section 18063.
(c) Permit the use of the dealer’s license, supplies, or books by any other person for the purpose of permitting that person to engage in the sale of manufactured homes, mobilehomes, or commercial modulars, or to permit the use of the dealer’s license, supplies, or books to operate a secondary location to be used by any other person, if the licensee has no financial or equitable interest or investment in the manufactured homes, mobilehomes, or commercial modulars sold by, or the business of, or secondary location used by, the person, or has no such interest or investment other than commissions, compensations, fees, or any other thing of value received for the use of the dealer’s license, supplies, or books to engage in the sale of manufactured homes, mobilehomes, or commercial modulars.
(d) Advertise any specific manufactured home, mobilehome, or commercial modular for sale without identifying the manufactured home, mobilehome, or commercial modular by its serial number or by the number on its federal label or
insignia of approval issued by the department.

(e) Advertise the total price of a manufactured home, mobilehome, or commercial modular without including all costs to the purchaser at the time of delivery at the dealer’s premises, except sales tax, title and registration fees, finance charges, and any dealer documentary preparation charge. The dealer documentary preparation charge shall not exceed twenty dollars ($20).

(f) Exclude from the advertisement of a manufactured home, mobilehome, or commercial modular for sale information to the effect that there will be added to the advertised total price at the time of sale, charges for sales tax, title and registration fees, escrow fees, and any dealer documentary preparation charge.

(g) Represent the dealer documentary preparation charge as a governmental fee.

(h) Refuse to sell the manufactured home, mobilehome, or commercial modular to any person at the advertised total price for that manufactured home, mobilehome, or commercial modular, exclusive of sales tax, title fee, finance charges, and dealer documentary preparation charge, which charge shall not exceed twenty dollars ($20), while it remains unsold, unless the advertisement states the advertised total price is good only for a specified time and that time has elapsed.

(i) Not post the salesperson’s license in a place conspicuous to the public on the premises where they are actually engaged in the selling of manufactured homes, mobilehomes, and commercial modulars for the employing dealer. The license shall be displayed continuously during their employment. If a salesperson’s employment is terminated, the dealer shall return the license to the salesperson.

(j) Offer for sale, rent, or lease within this state a new manufactured home, mobilehome, or commercial modular whose manufacturer is not licensed under this part.

(k) To violate Section 798.71 or 798.74 of the Civil Code, or both.

(l) When the dealer is an owner or manager, or an agent of the owner or manager, of a mobilehome park and serves as the dealer for a manufactured home or mobilehome to be installed or sold in the park, to knowingly violate Section 798.72, 798.73, 798.73.5, 798.75.5, or 798.83 of the Civil Code.

§ 18062.5. Coercion of dealer by manufacturer or distributor

It is unlawful for any manufacturer or distributor to coerce or attempt to coerce any dealer in this state to do any of the following:

(a) Order or accept delivery of any manufactured home, mobilehome, or commercial coach, part or accessory thereof, appliance, equipment or any other commodity not required by law which shall not have been voluntarily ordered by the dealer.

(b) Order or accept delivery of any manufactured home, mobilehome, or commercial coach with special features, appliances, accessories or equipment not included in the list price of the manufactured home, mobilehome, or commercial coach as publicly advertised by the manufacturer or distributor.

(c) Order for any person any parts, accessories, equipment, machinery, tools, appliances, or any commodity whatsoever.

(d) Participate in an advertising campaign or contest, any promotional campaign, promotional materials, training materials, showroom or other display decorations or materials at the sole expense of the dealer.

(e) Enter into any agreement with the manufacturer or distributor or to do any other act prejudicial to the dealer by threatening to cancel a franchise or any contractual agreement existing between the dealer and manufacturer or distributor. Notice in good faith to any dealer of the dealer’s violation of any terms or provisions of the franchise or contractual agreement shall not constitute a violation of this section.

§ 18062.8. Unlawful acts of manufacturers or distributors

It is unlawful for any manufacturer or distributor licensed under this part to do any of the following:

(a) Refuse or fail to deliver, in reasonable quantities and within a reasonable time after receipt of an order from a dealer having a franchise for the retail sale of any new manufactured home, mobilehome, or commercial coach sold or distributed by the manufacturer or distributor, any new manufactured home, mobilehome, or commercial coach or parts or accessories to new manufactured homes, mobilehomes, or commercial coaches that are covered by the franchise, if the mobilehome or commercial coach, parts or accessories are publicly advertised as being available for delivery or actually being delivered. This subdivision is not violated, however, if the failure is caused by acts or causes beyond the control of the manufacturer or distributor.

(b) Prevent or require or attempt to prevent or require, by contract or otherwise, any change in the capital structure of a dealership, if the dealer at all times meets any reasonable capital standards agreed to by the dealer and the manufacturer or distributor, and also provided that no change in capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor.

(c) Prevent or require, or attempt to prevent or require, a dealer to change the executive management of a dealership, other than the principal dealership operator or operators, if the franchise was granted the dealer in reliance upon the personal qualifications of that person or persons.

(d) Prevent or require, or attempt to prevent or require, by contract or otherwise, any dealer, or any officer, partner, or stockholder of any dealership, to participate in the sale or transfer of any part of the interest of any of them to any other person or persons. No dealer, officer, partner, or stockholder shall, however, have the right to sell, transfer, or assign the franchise, or any right thereunder, without the consent of the manufacturer or distributor if the consent is not unreasonably withheld.

(e) Prevent, or attempt to prevent, a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer’s franchise without the consent of the manufacturer or distributor, if the consent is not unreasonably withheld.
§ 18062.9. Sale of manufactured home directly to licensed California general building contractor

(a) A manufactured home manufacturer may sell manufactured homes, as defined in Section 18007, directly to a licensed California general building contractor, as described in Section 7057 of the Business and Professions Code, when all of the following conditions are met:

(1) The sale is for five or more manufactured homes in a calendar year.

(2) The manufactured homes are delivered directly to a building site and installed on a foundation system in accordance with Section 18551.

(3) The manufactured homes are installed within a single subdivision, as defined in Section 66424 of the Government Code, consisting of five or more parcels, and therefore require a tentative and final map pursuant to Section 66426 of the Government Code.

(b) A manufactured home manufacturer may sell manufactured homes, as defined in Section 18007, directly to a nonprofit corporation, as defined by Section 50091, that is also a Community Housing Development Organization, as defined in Section 92.2 of Title 24 of the Code of Federal Regulations, when all of the following conditions are met:

(1) The sale is for five or more manufactured homes in a calendar year.

(2) The manufactured homes are delivered directly to a site for installation by a dealer, as defined in Section

MOBILEHOMES-MANUFACTURED HOUSING ACT OF 1980

(f) Obtain money, goods, services, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and any other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to, the dealer.

(g) Require a dealer to prospectively assent to a release, assignment, novation, waiver, or estoppel that would relieve any person from liability imposed by this part or to require any controversy between a dealer and a manufacturer or distributor to be referred to any person other than the department, if the referral would be binding on the dealer. This subdivision does not, however, prohibit arbitration before an independent arbitrator.

(h) Increase the prices of manufactured homes, mobilehomes, or commercial coaches that the dealer ordered for private retail consumers prior to the dealer’s receipt of the written official price increase notification. A sales contract signed by a private retail consumer shall constitute evidence of each order. In the event of manufacturer price reductions, the amount of any reduction received by a dealer shall be passed on to the private retail consumer by the dealer if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions shall apply to all manufactured homes, mobilehomes, and commercial coaches in the dealer’s inventory that were subject to the price reduction. A price difference applicable to new model or series manufactured homes, mobilehomes, or commercial coaches at the time of the introduction of new models or series shall not be considered a price increase or price decrease. Price changes caused by either of the following shall not be subject to this subdivision:

(1) The addition to a manufactured home, mobilehome, or commercial coach of required or optional equipment pursuant to state or federal law.

(2) Revaluation of the United States dollar, in the case of foreign–made manufactured homes, mobilehomes, or commercial coaches.

(i) Fail to pay to a dealer, within a reasonable time following receipt of a valid claim by a dealer thereof, any payment agreed to be made by the manufacturer or distributor to the dealer by reason of the fact that a new manufactured home, mobilehome, or commercial coach of a prior year model is in the dealer’s inventory at the time of introduction of new model manufactured homes, mobilehomes, or commercial coaches. A manufacturer or distributor shall not authorize or enable any new model to be delivered by dealers at retail more than 30 days prior to the eligibility date of the model change allowance payment for prior year model manufactured homes, mobilehomes, or commercial coaches.

(j) Deny, to the surviving spouse or heirs designated by a deceased owner of a dealership, the opportunity to participate in the ownership of the dealership or successor dealership under a valid franchise for a reasonable time after the death of the owner.

(k) Offer any refunds or other types of inducements to any dealer or other person for the purchase of new manufactured homes, mobilehomes, or commercial coaches of a certain make and model to be sold to the state or any political subdivision of the state without making the same offer to all other dealers in the same make and model within the relevant market area.

(l) Employ a person as a distributor who has not been licensed pursuant to this chapter.

(m) Deny any dealer the right of free association with any other dealer for any lawful purpose.

(n) Compete with a dealer in the same make and model operating under an agreement or franchise from a manufacturer or distributor in the relevant market area. A manufacturer or distributor shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a bona fide retail operation that is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of the dealership on reasonable terms and conditions.

(o) Unfairly discriminate among its franchisees with respect to warranty reimbursement or authority granted its franchisees to make warranty adjustments with retail customers.

(p) Sell manufactured homes, mobilehomes, or commercial coaches to persons not licensed under this part for resale, except as authorized pursuant to Section 18015.7 or 18062.9.

(q) Fail to exercise reasonable supervision over the activities of employees who negotiate or promote the sale of manufactured homes, mobilehomes, or commercial coaches.
§ 18063. Unlawful acts by salespersons
It is unlawful for a salesperson to do any of the following:
(a) Fail to report in writing to the department every change of residence within five days of the change.
(b) Act or attempt to act as a salesperson while not employed by a dealer. For purposes of this subdivision, “employment by a dealer” means employment reported to the department pursuant to subdivision (c) of Section 18060.
(c) To violate Section 798.71 or 798.74 of the Civil Code, or both.
(d) When the salesperson is an owner or manager, or an agent of the owner or manager, of a mobilehome park and serves as the salesperson for a manufactured home or mobilehome to be installed or sold in the park, to knowingly violate Section 798.72, 798.73, 798.73.5, 798.75.5, or 798.83 of the Civil Code.

§ 18064. Temporary suspension of license
The department may, pending a hearing, temporarily suspend the license issued to a licensee for a period not to exceed 30 days if the director finds that the action is required in the public interest. In any such case, a hearing shall be held and a decision thereon issued within 30 days after notice of the temporary suspension.

§ 18064.2. Cease and desist order by director; Hearing
(a) If the director determines through an investigation that a person has engaged or is engaging in an activity which is a violation of this part, or which is a violation of a regulation of the department adopted for the purpose of implementing this part, and if the director finds that the action is required in the public interest, he or she may direct the person to desist and refrain from that activity by issuance of an order specifying the nature of the activity and the factual and legal basis for his or her determination. The respondent to whom the order is directed shall immediately, upon receipt of the order, cease the activity described in the order.
(b) The respondent may, within 30 days after service of the order to desist and refrain, file a written request for a hearing to contest the order.
(c) If a written request for hearing is received within 30 days of the date of service of the order, a hearing shall be held. The hearing shall be commenced within 30 days after receipt of respondent's request unless the respondent agrees to a postponement. If the hearing is not held and a decision rendered by the director within 30 days after receipt of respondent's request for a hearing, or the date to which continued with respondent's consent, the order shall be deemed rescinded.
(d) If a person served with an order issued pursuant to this section fails to file a written request for a hearing within 30 days from the date of service of the order, the order shall be deemed a final order of the director and shall not be subject to review by any court or agency.

§ 18064.5. Compromise settlement and monetary penalty agreements
(a) The director may, following the filing of an accusation against a licensee under this part and prior to conducting a hearing, exercise an option, with the consent of the licensee, to enter into and adopt a stipulated penalty whereby the licensee agrees to accept the terms and conditions of the penalty without hearing or appeal by any party thereto.
(b) Except when the accusation alleges injury to, or fraud against, the public or the state, the director may, following the filing of an accusation against a licensee or prior to adopting any recommendation resulting from a hearing, exercise an option, with the consent of the licensee, to impose and require the payment of a monetary penalty of a minimum and maximum amount for each violation alleged and stipulated to by the licensee, as established by a schedule under regulations adopted by the department and costs of investigation and prosecution, without further hearing or appeal, and without any other form of penalty against the licensee which may otherwise have been imposed for the same offense or offenses had the matter proceeded to hearing or had the director adopted the decision of the hearing officer.
(c) If the accusation alleges injury to, or fraud against, an individual purchaser or potential purchaser, the director may enter into an agreement pursuant to subdivision (b), but such a compromise and settlement shall include, in addition to the monetary penalty set forth by regulation, compensation for the injury or fraud, including all costs of investigation and prosecution.
(d) Each compromise settlement agreement and each monetary penalty agreement entered into pursuant to this section shall be signed by the respondent licensee, the director, and the accuser, or by their authorized representatives, and filed with the Office of Administrative Hearings, together with the department’s notice of withdrawal of the accusation upon which the action was initiated if the compromise settlement agreement or monetary payment agreement is entered into before the hearing.
(e) Failure of the respondent to honor the terms and conditions of any agreement entered into under this section shall render the agreement null and void, and shall be cause for action pursuant to Section 18058 in the same manner as the department may have otherwise proceeded, notwithstanding the agreement.
(f) The amount of the penalty provided for in subdivision (b) shall not exceed five hundred dollars ($500) per violation and shall be based upon the nature of the violation and the seriousness of the violation against the purposes and provisions of this part.
§ 18065. Automatic cancellation of licenses or permits
The licenses or permits provided for in this part shall be automatically canceled upon any of the following events:
(a) The abandonment of the established place of business of the licensee or the change thereof without notice to the department as provided in this part.
(b) The voluntary or involuntary surrender for any cause by the licensee of the license. However, the surrender or cessation of business by the licensee, or the suspension of the corporate charter of the licensee by the state, shall not prevent the filing of an accusation for revocation or suspension of the surrendered license as provided in Section 18058 or the department’s decision that the license should be suspended or revoked. Furthermore, this determination may be considered in granting or refusing to grant any subsequent license authorized by this part to the licensee, copartner, or any officer, director, or stockholder of the prior licensee.
(c) Notification that the person designated as licensee has changed.
(d) Suspension or cancellation of the corporate charter of the licensee by the state.
(e) Failure of a licensee to file an application for renewal for the license or permit before the date of expiration of the current license or permit.
(f) Submittal of a check, draft, or money order to the department for a license or license renewal fees due the department which is thereafter dishonored or refused payment upon presentation and which fees and penalty are not thereafter paid by cash, money order, or cashier’s check prior to the expiration of the license.

§ 18065.5. Limited revocations or suspensions
The revocation or suspension of a license may be limited to one or more municipalities or counties or any other defined area, or may be revoked or suspended in a defined area only as to certain aspects of its business, or as to a specified licensee or licensees.

§ 18066. Filing of accusation
The suspension, expiration, or cancellation of a license provided for in this part shall not prevent the filing of an accusation for the revocation or suspension of the suspended, expired, or canceled license as provided in Section 18058, and the department’s decision that the license should be suspended or revoked. This determination may be considered in granting or refusing to grant any subsequent license authorized by this part to the licensee.

§ 18066.5. Return of excess title fees
If a purchaser of a manufactured home, mobilehome, or commercial coach pays to the dealer an amount for transfer of title of the manufactured home, mobilehome, or commercial coach, which amount is in excess of the actual fees due for the transfer, or which amount is in excess of the amount which has been paid, prior to the sale, by the dealer to the state in order to avoid penalties that would have accrued because of late payment of the fees, the dealer shall return the excess amount to the purchaser, whether or not the purchaser requests the return of the excess amount.
§ 18070. Legislative intent; Definitions; Use of funds; Investment of money in Fund; Continuous appropriation

(a) The Legislature finds and declares all of the following:

(1) The financial hardship endured by someone who is buying or selling a manufactured home for the purpose of using it for a primary residence is more profound than the hardship of someone who is selling or purchasing a manufactured home for investment purposes.

(2) It is, therefore, the intent of the Legislature in enacting this chapter that any claims for primary residences submitted, pursuant to this chapter, by a claimant for payment from the fund shall be given priority over claims submitted for investment purposes.

(3) The distinctions made in this chapter between claims made for personal residential purposes and claims made for investment purposes shall reflect the priorities set forth in this paragraph.

(4) The costs of seeking and obtaining civil judgments and related collection efforts to support claims for compensation often exceed the ability of claimants and the amounts received.

(5) The costs and efforts of public entities obtaining criminal or administrative restitution orders could provide further benefits if these orders could be used as the basis for compensation claims.

(b) The following definitions shall apply for the purposes of this chapter:

(1) “Actual and direct loss” includes the following:

(A) The amount of the actual and direct loss, interest at the statutory rate from the date of loss, plus court costs and reasonable attorney’s fees incurred in pursuit of the judgment, not to exceed 25 percent of the amount of the judgment, if the claim is based on a judgment obtained by a private attorney or an attorney employed by a nonprofit corporation, and not to exceed 35 percent of the amount of the judgment if the claim is based on a judgment obtained by an attorney employed by a public agency.

(B) The amount of the actual and direct loss, if the claim is not based on a judgment. However, the claimant may collect actual and reasonable costs incurred in pursuit of compensation including attorney’s fees not exceeding 15 percent of the amount of the claim and court costs, if any.

“Actual and direct loss” does not include any punitive damages or damages awarded for negligent or intentional infliction of emotional distress.

(2) “Claimant” does not include a person holding a lien on, or a person possessing a secondary interest in, a manufactured home.

(3) “Conversion” means the unlawful appropriation of the property of another.

(4) “Judgment” means any of the following:

(A) A final judgment in a court of competent jurisdiction, other than a court in another state, including, but not limited to, a criminal restitution order issued pursuant to subdivision (f) of Section 1202.4 of the Penal Code or Section 3663 of Title 18 of the United States Code.

(B) An order of the director, including an order for restitution, based on an accusation filed pursuant to Article 3 (commencing with Section 18058) of Chapter 7, after an opportunity for a hearing.

(5) “Complaint” means the facts of the underlying transaction upon which the criminal restitution order or administrative order is based.

(6) “Judgment debtor” means any defendant who is the subject of the criminal restitution order or civil judgment, any respondent who is the subject of an administrative accusation and order, or any person responsible for any violation upon which payment is made, as determined by the department.

(c) There is hereby created in the State Treasury the Manufactured Home Recovery Fund. The money in the fund shall be used only for the purposes of this chapter, including payment of the department’s administrative costs incurred pursuant to this chapter. The department’s costs may include any investigative costs incurred under this chapter, costs incurred to render a decision pursuant to Section 18070.3, and costs incurred in defending a decision on appeal.

(d) The moneys in the fund may be invested pursuant to Chapter 3 (commencing with Section 16430) of Part 2 of Division 4 of Title 2 of the Government Code. All income derived from investments of the fund shall be returned to the fund by the Treasurer as the income is earned.

(e) Notwithstanding Section 13340 of the Government Code, the moneys in the fund are hereby continuously appropriated to make the payments and distributions required by this chapter.

§ 18070.1. License fees

(a) On and after January 1, 1985, before a dealer’s license is issued or renewed, each applicant shall pay a fee of two hundred fifty dollars ($250).

(b)(1) The fee required by subdivision (a) shall not be collected more than once. In addition, each dealer shall pay a fee of one hundred dollars ($100) for each additional business location operated by the dealer and for each new business location.

(2) In addition, before a salesperson’s license is issued or renewed, each applicant shall pay a fee of twenty–five dollars ($25). This fee shall not be collected more than once.

(c) For each sale of a manufactured home reported to the department, a fee not to exceed ten dollars ($10) shall be collected by the department for deposit in the Manufactured Home Recovery Fund prior to the issuance of a new registration.
§ 18070.2. Time for collecting fees and making claims; Date of sale; Reduction of fees

(a) Fees for the establishment and operation of the Manufactured Home Recovery Fund shall be collected on or after January 1, 1985. Claims against the fund arising from sales which occur after January 1, 1985, may not be submitted to the department before January 1, 1986. For purposes of this section, the date of sale shall be either of the following:

(1) The date escrow closes for sales by dealers that are subject to Section 18035 or 18035.2.

(2) For all other sales, including sales by dealers in which escrow does not close, the date when the purchaser has paid the purchase price or, in lieu thereof, has signed a security agreement, option to purchase, or purchase contract and has taken physical possession or delivery of the manufactured home.

(b) Notwithstanding any other provision of law, whenever the balance in the Manufactured Home Recovery Fund exceeds one million dollars ($1,000,000) on January 1 of any year, the department may reduce the fee provided for in subdivision (c) of Section 18070.1. The department may again increase the fee up to a maximum of ten dollars ($10) whenever the balance in the fund falls below one million dollars ($1,000,000).

§ 18070.3. Filing of claims against fund; Limits on payments; Prerequisites; Time limitations; Other requirements; Satisfaction of judgment; Priority of claims; Provision of information to legislature upon request

(a) When any person (1) who has purchased a manufactured home for a personal or family residential or investment purpose or (2) who has sold a manufactured home for a personal or family residential or investment purpose, obtains a final judgment against any manufactured home manufacturer, manufactured home dealer or salesperson, or other seller or purchaser, and the judgment is based on the grounds of (1) failure to honor warranties or guarantees, (2) fraud or willful misrepresentation related to any financial provision, (3) fraud or willful misrepresentation of the kind or quality of the product sold or purchased, (4) conversion, (5) any willful violation of any other provision of this part, including the provisions regulating escrow accounts, or regulations adopted pursuant to this part, or (6) violation of Chapter 3 (commencing with Section 1797) of Title 1.7 of Part 4 of Division 3 of the Civil Code, resulting in an actual and direct loss directly arising out of any transaction that occurs on or after January 1, 1985, the person, upon termination of all litigation or claims in bankruptcy proceedings, has assigned to the department any interest in the actual and direct loss and the department that the debtor is judgment proof, or demonstrated evidence satisfactory to the department of either of the following:

(A) That the person or entity is or has been the subject of bankruptcy proceedings and, for purposes of any civil litigation or claims in bankruptcy proceedings, has assigned to the department any interest in the actual and direct loss described in subdivision (c) in the amount that the claimant or claimants recover from the fund.

(B) That the claimant's claim is consistent with this chapter and the claimant had presented evidence satisfactory to the department that the costs of collection are likely to be in excess of the amounts that could be collected. This evidence may include, but not be
limited to, a description of searches and inquiries conducted by or on behalf of the claimant with respect to the judgment debtor’s assets eligible to be sold or applied to the satisfaction of the judgment, an itemized valuation of the assets discovered, and the results of actions by the claimant to have the assets applied to satisfaction of the judgment.

(3) If the claim is based upon a violation of a provision within a warranty provided pursuant to Chapter 3 (commencing with Section 1797) of Title 1.7 of Part 4 of Division 3 of the Civil Code, demonstrated evidence satisfactory to the department that the claimant has been denied full compensation or correction under the warranty after the claimant has attempted to exercise his or her rights pursuant to the warranty.

(a) A claim against the fund shall be filed with the department within the following time periods:

(1) If the claim is based on a final judgment, within two years from the date of the judgment.

(2) If the claim is not based on a final judgment, within two years from the termination of bankruptcy proceedings or two years from the date of sale as determined by subdivision (a) of Section 18070.2, or within two years of discovery of the violations causing actual and direct losses pursuant to this article but no longer than five years after the date of sale as determined by subdivision (a) of Section 18070.2, whichever event occurs later.

(b) When any person files a claim for an order directing payment from the fund, the claimant shall mail, by first-class mail, a copy of that claim to the last known address of the judgment debtor. The department shall conduct a review of the application and other pertinent information in its possession, and it may issue an order directing payment out of the fund as provided in subdivisions (a) to (e), inclusive, subject to the limitations of subdivisions (a) to (e), inclusive, if the claimant or claimants show all of the following:

(1) That he or she is not a spouse of the judgment debtor, the bankrupt licensee, or a person representing the spouse.

(2) That he or she is making an application within the time specified in subdivision (e).

(3) That the claimant has satisfied the applicable requirements of subdivision (d).

(4) That, if the claimant is a seller of a manufactured home used by the seller for personal, family, or household purposes, the claimant made a good faith effort to adequately secure the debt resulting from the sale of the manufactured home and with respect to which the claim is made. For purposes of this paragraph, a good faith effort to secure the debt may be demonstrated by, but shall not be limited to, providing the department with a promissory note signed by the debtor and which, pursuant to the terms thereof, is secured by collateral with a reasonable value at least equal to the debt evidenced by the promissory note.

(c) Upon an order of the department directing that payment be made out of the fund, the Controller is authorized to draw a warrant for the payment of the amount of the claim approved by the department pursuant to this section.

(d) In dispersing moneys from the fund, the department is authorized to give priority to claimants who have attempted to purchase or sell a manufactured home for a personal or family residential purpose.

(e) All claims to the fund that are received on or after January 1, 1993, shall be processed, and a determination made, within one year of submission of a properly completed application.

(f) The department, upon request by a Member of the Legislature, shall provide the following information: the number of claims to the fund, number of claims processed and decided within one year of their application date and submission of a properly completed application, the amount of fund money paid to claimants, and the amount of fund money allocated for the department’s costs.

§ 18070.4. Liability of judgment debtor for repayment
The judgment debtor shall be liable for repayment in full for the amount arising from claims against the debtor which are paid from the fund, with interest at the prevailing prime rate. A discharge in bankruptcy shall not relieve a person from the disabilities and penalties of this section.

§ 18070.5. Subrogation rights
When the department has caused payment to be made from the fund to any person, the department shall be subrogated to the rights of that person.

§ 18070.6. Administrative actions
(a) To the extent that department personnel and resources are available, in any administrative action brought by the department pursuant to Article 3 (commencing with Section 18058) of Chapter 7, the department shall make reasonable efforts to plead and prove facts and allegations and request findings and conclusions necessary to support an order of restitution that may be deemed a final judgment.

(b) A person for whose benefit an order of restitution or other financial award has been granted by the director pursuant to this section may waive his or her rights to any additional compensation from the fund arising out of a transaction and submit a claim based on that administrative order to the fund after demonstrating efforts to collect pursuant to subdivision (d) of Section 18070.3.

(c) An order for restitution by the director pursuant to this section shall not exceed the amount of restitution ordered or approved by an administrative law judge in an administrative action brought by the department.

§ 18070.7. Application of amendments to specified transactions
The amendments to this chapter by the act adding additional grounds or procedures for recovery from the fund shall apply to any transaction for which the statute of limitation established by subdivision (e) of Section 18070.3 has not expired on January 1, 2004.
§ 18075. Regulations; Schedule of fees
(a) Except as provided in Section 18075.7, all manufactured homes, mobilehomes, commercial coaches, truck campers, and floating homes shall be subject to the provisions of this code for the purposes of titling and registration.
(b) The department may adopt and amend, as necessary, regulations to implement, interpret, and make specific the provisions of this chapter. The department shall provide for an orderly and economical transfer of registrations and titles for manufactured homes, mobilehomes, commercial coaches, and floating homes previously issued by the Department of Motor Vehicles to those issued by the department. Any registration, title, or decal issued by the Department of Motor Vehicles shall be valid until renewed, replaced, transferred, suspended, or revoked.
(c) The department may, but shall not be required to, establish a schedule of fees to pay the costs of work related to administration and enforcement of this chapter, except where the fees are expressly stated herein.

§ 18075.5. Exceptions to registration requirements
Manufactured homes, mobilehomes, commercial coaches, and floating homes sold or used within this state shall be subject to annual registration with the department and payment of registration fees prescribed by Section 18114 except as follows:

The priority of the lien shall be determined in accordance with Article 3 (commencing with Section 18085) and Article 4 (commencing with Section 18098). For purposes of a sale conducted pursuant to Section 18037.5, an owner of a mobilehome park filing a lien pursuant to this section shall be treated as a junior lienholder.

Upon satisfaction of the final money judgment, a lien perfected pursuant to this section shall be released in accordance with Section 18100.5.

A lien created pursuant to this section shall not be subject to execution pursuant to Chapter 3 (commencing with Section 699.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure or in any other manner.

Any judgment lien filed pursuant to this section on a mobilehome or manufactured home that is thereafter surrendered to the legal owner shall be extinguished by any of the following:

2. If the proceeds of the sale of the surrendered mobilehome or manufactured home by the legal owner to a third party after the surrender is effective are sufficient to satisfy the amount due the legal owner by the registered owner under a security agreement, promissory note, or other debt instrument secured by the mobilehome or manufactured home, but there are no surplus funds available for payment to the junior lienholder.

3. The foreclosure shall (A) make any judgment lien created pursuant to this section invalid and unenforceable, and (B) extinguish and bar any levy upon a judgment lien perfected pursuant to this section. Except to the extent that surplus proceeds from the foreclosure sale were paid to the judgment creditor under the judgment lien perfected pursuant to this section, nothing in this subdivision shall be deemed to extinguish, satisfy, or reduce in any way the final money judgment owed by the former registered owner for unpaid rent.

If the money judgment has been satisfied and the judgment creditor fails without just cause to comply with Section 18100.5 within 20 days from the date the judgment creditor’s lien is satisfied, the judgment creditor is liable for all damages.

The right of the designated beneficiary to the manufactured home, mobilehome, commercial coach, truck camper, or floating home shall not be denied, abridged, or affected on the grounds that the right has not been created by a writing executed in accordance with the laws of this state prescribing the requirements to effect a valid testamentary disposition of property.

(h) A transfer at death pursuant to this section is subject to Section 9653 of the Probate Code.

(i) If there is no surviving beneficiary, the person or persons described in Section 18102 may secure transfer of the manufactured home, mobilehome, commercial coach, truck camper, or floating home, as provided in that section.

(j) The department may prescribe forms for use pursuant to this section.

§ 18102.3. Protection from liability
(a) If the department makes a transfer pursuant to Section 18102.2, the department is discharged from all liability, whether or not the transfer is consistent with the beneficial ownership of the manufactured home, mobilehome, commercial coach, truck camper, or floating home transferred.

(b) The protection provided by subdivision (a) does not extend to a transfer made after the department has been served with a court order restraining the transfer. No other notice or information shown to have been available to the department shall affect its right to the protection afforded by subdivision (a).

(c) The protection provided by this section has no bearing on the rights of parties in disputes between themselves or their successors concerning the beneficial ownership of the manufactured home, mobilehome, commercial coach, truck camper, or floating home.

(d) The protection provided by this section is in addition to, and not exclusive of, any other protection provided to the department by any other provision of law.

§ 18102.5. Transfer of registration when documents of title are unavailable
If application is made to the department for a transfer of registration of a manufactured home, mobilehome, commercial coach, truck camper, or floating home to a new registered or legal owner and the applicant is unable to present the certificate of title or registration card issued for the manufactured home, mobilehome, commercial coach, truck camper, or floating home because it is lost or otherwise not available, the department may receive the application and investigate the circumstances of the case and may require the filing of certifications or other information. When the department is satisfied that the applicant is entitled to a transfer of registration, the department may transfer the registration of the manufactured home, mobilehome, commercial coach, truck camper, or floating home and issue a new certificate of title and registration card to the person or persons found to be entitled thereto.

§ 18103. Transfer of registration while renewal application is pending
Whenever application is made to the department for a transfer of registration of a manufactured home, mobilehome, commercial coach, truck camper, or floating home to a new registered or legal owner and the applicant is unable to present the registration card issued for the manufactured home, mobilehome, commercial coach, truck camper, or floating home because it is in the possession of the department upon an application for renewal of registration, the department may transfer the registration of the manufactured home, mobilehome, commercial coach, truck camper, or floating home upon production of the properly endorsed certificate of title to the manufactured home, mobilehome, commercial coach, truck camper, or floating home and a temporary receipt, on a form prescribed by the department containing any information that the department deems necessary, including, but not limited to, the registration decal number assigned to the manufactured home, mobilehome, commercial coach, truck camper, or floating home and the serial number of the manufactured home, mobilehome, commercial coach, truck camper, or floating home and accompanied by the amount of fees for renewal of the registration.

§ 18105. Priority of security interests
(a) Except as otherwise provided in subdivision (e) or (g), the security interest of the legal owner has priority over conflicting security interests of junior lienholders and holders of security interests perfected pursuant to Sections 9306 and 9313 of the Commercial Code and of unperfected security interests in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part and its proceeds.

(b) Except as otherwise provided in subdivision (e) or (g), the security interest of a junior lienholder has priority over conflicting security interests of holders of security interests perfected pursuant to Section 9313 of the Commercial Code and of unperfected security interests in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part and its proceeds. Conflicting security interests of junior lienholders rank in the order designated on the permanent title record maintained by the department.

(c) Except as otherwise provided in subdivision (e) or (g), a security interest perfected pursuant to Section 9313 of the Commercial Code has priority over conflicting unperfected security interests in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part and its proceeds.

(d) Except as otherwise provided in subdivision (e) or (g), conflicting unperfected security interests in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part and its proceeds rank according to priority in time of attachment.
(e)(1) Except as otherwise provided in subdivision (g), the security interest of any secured party shall not have priority over any security interest of a party having a subordinate security interest by virtue of the preceding provisions of this section to the extent that the otherwise senior secured obligation was incurred subsequent to receipt by that creditor of actual or constructive notice of the existence of the otherwise junior security interest unless the obligation arose pursuant to the terms of a security agreement for the purpose of preserving the collateral or protecting the interest of the senior secured party therein or unless the otherwise senior secured obligation was incurred under a binding agreement that the credit would be extended by that creditor.

(2) For purposes of this subdivision receipt of a copy of the registration certificate which reflects the existence of a security interest shall constitute constructive notice of the existence of the security interest. In interpreting the provisions of this subdivision but for no other purposes, it is the intent of the Legislature that the priorities among conflicting security interests be determined in accordance with the rules of law applicable to priority as to interests in real property.

(f) Except as otherwise provided in subdivision (g), the security interest of the legal owner or a junior lienholder has priority over a conflicting security interest of a holder of a perfected security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part which is inventory, including the proceeds of the inventory. The rules of priority regarding conflicting security interests of holders of a perfected security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part which is inventory and of holders of security interests perfected pursuant to Sections 9306 and 9313 of the Commercial Code or unperfected security interests in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part shall be governed by Sections 9322, 9323, 9324, and 9325 of the Commercial Code.

(g) If the holders of two or more of the several security interests shall otherwise agree among themselves, the relative priorities among the holders of security interests who have so agreed shall be determined according to this agreement.

§ 18105.5. Assignment of title or interest by legal owner or junior lienholder

A legal owner or junior lienholder may assign title or interest to a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part without the consent, and without affecting the interest of the registered owner or other lienholders.

§ 18106. Priority of rights of lien creditors and persons with security interests

(a) As used in this section, “lien creditor” means a creditor who has acquired a lien on a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part by attachment, levy, or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition, or a receiver in equity from the time of appointment, as contemplated by Section 9102 of the Commercial Code.

(b) Except as provided in subdivision (c), an unperfected security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part is subordinate to the rights of a person who becomes a lien creditor before the security interest is perfected.

(c) If a security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home becomes perfected as contemplated by subdivision (a) of Section 18080.7, the security interest is senior to the rights of a lien creditor which arise between the time the security interest attaches and the time of perfection.

(d) A person who becomes a lien creditor while a security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home is perfected by any of the means contemplated by subdivision (b) of Section 18080.7 takes subject to the perfected security interest only to the extent that it secures advances either made before that person becomes a lien creditor or made thereafter which would otherwise be senior to a competing security interest as provided in subdivision (e) of Section 18105.

§ 18108.5. Replacement of certificates of title

If any certificate of title is stolen, lost, mutilated, or illegible, the legal owner of the manufactured home, mobilehome, commercial coach, truck camper, or floating home for which it was issued, as shown by the records of the department, shall immediately make application for, and may, upon payment of required fees and the applicant furnishing information satisfactory to the department, obtain a duplicate certificate of title.

§ 18109. Expiration and renewal of registration cards

Except as otherwise provided in this part, every registration card for a manufactured home, mobilehome, or commercial coach subject to annual registration shall expire at midnight on the expiration date indicated on the registration card and shall be renewed prior to that expiration. The department, upon presentation by the registered owner of the registration card or potential registration card last issued and receipt of the proper renewal fees, shall renew the
§ 18109.5. Renewal of certificates of title
Certificates of title shall not be required to be renewed annually, but shall remain valid until a new or amended certificate of title is issued upon a transfer of any interest of the registered owner or legal owner shown thereon.

§ 18110. Application for transfer to provide duplicate certificate of title
When the required certificate of title is stolen, lost, mutilated, or illegible, application for transfer may be made upon a form provided by the department for a duplicate certificate of ownership. The transferor shall sign and address the application, as appropriate, and file it together with the proper fees for duplicate certificate of ownership and transfer.

Article 6 Fees and Taxes

§ 18114. Registration fees
(a) A registration fee of twenty-three dollars ($23) shall be due and payable to the department at the time of original registration or renewal of registration for each transportable section of a manufactured home, mobilehome, or commercial coach that is subject to annual renewal.

(b) For a manufactured home, mobilehome, or truck camper that is not subject to annual renewal, the registration fee of twenty-three dollars ($23) shall be due for each transportable section at the time of original registration and upon application for each subsequent change, addition, or deletion of registered owners, legal owners, or junior lienholders and shall be in addition to any other fees that may be required by the application.

(c) A registration fee of forty-two dollars ($42) shall be charged for each original application for registration of a floating home and for each subsequent application to record a change, addition, or deletion of registered owners, legal owners, or junior lienholders of a floating home. This fee shall be in addition to any other fees that may be required by the application.

(d) A registration fee is delinquent if not paid in accordance with the following:

(1) On or before the expiration date of the previous registration year for all annual renewals.

(2) Ten days after the date the transaction is complete, as defined in subdivision (e) of Section 18080.5, for all transactions by or through a dealer whenever a manufactured home, mobilehome, or commercial coach is sold, rented, leased, leased with an option to buy, or otherwise transferred, except that for registration fees due because of annual renewal, the fee is delinquent after the expiration date of the previous registration year.

(3) Except for dealer transactions, 20 days after the registration fee became due for original registration required by subdivision (a), and for registration fees required by subdivisions (b) and (c).

(e) A penalty of three dollars ($3) shall be added for each registration fee that is delinquent. No penalty is due if the application and required registration fees were placed in the United States mail before midnight on the day before the fee became delinquent, as evidenced by postmark or affidavit by the applicant.

§ 18114.1. Additional annual fee; Exemption for transportable sections <Not applicable for CM exams>
(a) In addition to the annual registration fee required by Section 18114, an annual fee of five dollars ($5) shall be paid to the department at the time of registration or renewal for each transportable section of a manufactured home or mobilehome registered pursuant to this part. All revenues derived from this fee shall be deposited in the Mobilehome Park Purchase Fund provided for in Chapter 11 (commencing with Section 50780) of Part 2 of Division 31.

(b) Any transportable section of a manufactured home or mobilehome registered pursuant to this part and located on a private parcel owned by the registered owner of the manufactured home or mobilehome shall be exempt from the fee imposed by subdivision (a), if the owner provides documentation or a written statement, signed under penalty of perjury, which establishes to the satisfaction of the department that the manufactured home or mobilehome is located on a private parcel owned by the registered owner of the manufactured home or mobilehome.

(c) Pursuant to subdivision (b), upon renewal of registration in 1989, or thereafter, once the registered owner provides documentation or a written statement to the department to establish the exemption, the department shall not require the owner to establish the exemption in each subsequent year upon renewal, unless the department receives evidence that the manufactured home or mobilehome is no longer located on a private parcel owned by the registered owner of the home. Renewal forms for registered owners of manufactured homes or mobilehomes who have established the exemption shall not reflect or include the fee required pursuant to subdivision (a).

§ 18114.5. Payment of registration fees by transferees
When renewal fee penalties have not accrued with respect to a manufactured home, mobilehome, or commercial coach subject to this chapter and the manufactured home, mobilehome, or commercial coach is transferred, the transferee shall have a period of 20 days from the date of the transfer to pay any registration fees which become due without payment of any penalties that would otherwise be required.

§ 18115. Vehicle license fees
Commencing July 1, 1981, the vehicle license fee levied pursuant to Section 10751 of the Revenue and Taxation Code on manufactured homes and mobilehomes not subject to local property taxation pursuant to Part 13 (commencing with Section 5800) of Division 1 of the Revenue and Taxation Code, or commercial coaches, shall be paid to the department. The annual amount of the fee shall be a sum equal to 2 percent, and on and after January 1, 2005, 0.65 percent, of the market value of the manufactured home, mobilehome, or commercial coach. The market value shall be determined by the department upon the basis of the original sales price of the manufactured home, mobilehome, or commercial coach when first sold to a consumer as a new manufactured home, mobilehome, or commercial coach. The annual amount of the fee
charged to the owner of a manufactured home or mobilehome subject to a license fee which replaces a manufactured
home or mobilehome destroyed, on or after January 1, 1982, as the result of a disaster declared by the Governor, and
which meets the requirements of Chapter 2.6 (commencing with Section 172) of Part 1 of Division 1 of the Revenue and
Taxation Code, shall be determined in accordance with Section 172.1 of the Revenue and Taxation Code. In the event any
manufactured home, mobilehome, or commercial coach subject to this article is modified or added to at a cost of two
hundred dollars ($200), or more, a copy of the building permit required for these modifications shall be entered in the
permanent record of the manufactured home, mobilehome, or commercial coach and the department shall classify or
reclassify the manufactured home, mobilehome, or commercial coach in its proper class as provided in Section 18115.5.
These provisions shall not apply in the event that the modifications are necessary to enable a handicapped person to
enter and use the manufactured home, mobilehome, or commercial coach.

§ 18115.5. **Classification plan; Determination of market value**

(a) For the purposes of this article, a classification plan is established consisting of the following classes: a class
from no dollar ($0) to and including forty–nine dollars and ninety–nine cents ($49.99); a class from fifty dollars ($50) to and
including one hundred ninety–nine dollars and ninety–nine cents ($199.99); and thereafter a series of classes successively
set up in brackets having a spread of two hundred dollars ($200), consisting of a number of classes as will permit
classification of all manufactured homes, mobilehomes, or commercial coaches.

(b) The market value of a manufactured home, mobilehome, or commercial coach subject to this article for each
registration year of its life, shall be a percentage of that sum, determined as follows:

It is the intent of this section that the market value of any manufactured home, mobilehome, or commercial coach subject
to this article shall be the same in each registration year of its life as it would be if determined pursuant to Sections 10752.1,
10753, 10753.2, 10753.3, and 10753.4 of the Revenue and Taxation Code.

§ 18116. **Payment of license fees; Late fees**

(a) A license fee is due and payable each year for renewal of registration, on or before midnight of the expiration date
assigned by the department and noted on the registration card for all manufactured homes, mobilehomes, and commercial
coaches which are not subject to local property taxation or otherwise exempt. The license fee is due and payable to the
department in accordance with the following applicable time periods:

(1) As of the original date of sale, rental, or lease of a new commercial coach.
(2) Twenty days after the date of entry into California of a commercial coach previously registered in another state.
(3) Twenty days after the date of entry into California of a manufactured home or mobilehome sold as new prior to July
1, 1980, and previously registered in another state.

(b) License fees due for original registration of a new commercial coach are delinquent if not deposited with the
department within 10 days of the original date of sale, rental, or lease. License fees due for renewal of registration for a
manufactured home, mobilehome, or commercial coach are delinquent if not paid on or before midnight of the expiration date
assigned by the department and noted on the registration card that was last issued. License fees due for a manufactured
home, mobilehome, or commercial coach previously registered in another state are delinquent if not paid within 40 days
after the date of entry into California. A penalty equal to 20 percent of the license fee due shall be added to any license
fee due if it is allowed to become delinquent for a period of from 1 through 119 days. No penalty is due if the application
and required license fees were placed in the United States mail before midnight on the day before the fees became
delinquent, as evidenced by postmark or affidavit by the applicant.

(c) An added penalty of fifty dollars ($50) per transportable section shall be collected along with any other license
fee and penalty due if the license fee for renewal of registration for a manufactured home or mobilehome is allowed to
become delinquent for 120 days or more.

(d) An added penalty of two hundred dollars ($200) for each commercial coach shall be added to any license fee
and penalty due if the license fee due for an original registration or for each subsequent renewal of registration is allowed to
§ 18116.1. Liens
(a) Nonpayment of the fees and penalties provided for in Sections 18114, 18114.1, and 18115, and in subdivisions (a), (b), (c), and (d) of Section 18116 that are due on a mobilehome, manufactured home, commercial coach, truck camper, or floating home shall constitute a lien in favor of the State of California in the amount owing.
(b) Notwithstanding any other provision of law, the lien provided for in subdivision (a) shall include all fees and penalties due and unpaid beginning with the fees for original registration that became delinquent for 120 days or more and continue to accrue to include all fees and penalties that subsequently become due and remain unpaid.
(c) Until the amount of a lien provided for in subdivision (a) or (b) is paid to the department, the department shall not do either of the following:
(1) Amend the permanent title record of the manufactured home, mobilehome, commercial coach, truck camper, or floating home which is the subject of the lien for the purpose of transferring any ownership interest or transferring or creating any security interest in the manufactured home, mobilehome, commercial coach, truck camper, or floating home.
(2) Issue any duplicate, substitute, or new certificate of title, registration card, or copy of a registration card with respect to the manufactured home, mobilehome, commercial coach, truck camper, or floating home which is the subject of the lien.

§ 18116.2. Unsatisfied liens; Seizure; Notice; Proceeds of sale
(a) If the lien in favor of the State of California in the amount owing as provided by Section 18116.1 is against a commercial coach, and that lien has not been satisfied for a period of one year from the date the commercial coach became subject to the lien, the department may collect the amount of the lien on the commercial coach plus costs not to exceed four hundred fifty dollars ($450) by appropriate civil action or by seizure and sale of the commercial coach and its contents on which the lien has been placed or by seizure and sale of any other commercial coach owned by the owner of the commercial coach on which the lien has been placed.
(b) At least 10 days before the seizure, notice of the lien and of the intent to seize and sell the commercial coach and its contents shall be given by the department to the registered owner and legal owners, and any other persons known to be claiming an interest in the commercial coach or its contents, by registered mail addressed to those persons at the last known address appearing on the department's records.
(c) Any person receiving the notice of the lien and the intent to seize and sell the commercial coach and its contents may request a hearing to contest the existence or the amount of the lien. If no hearing is requested, the commercial coach and its contents shall be seized and sold.
(d) If a hearing is requested, a 10–day notice shall be given of the time and place of the hearing, which shall be held within the county of residence of the person requesting the hearing or of the registered owner. The hearing shall be conducted by a referee, who shall submit findings and recommendations to the director of the department or the director's authorized representative, who shall decide the matter. The decision shall be effective on notice thereof to the interested parties.
(e) At any time before seizure or sale, any registered owner, legal owner or person claiming an interest in the commercial coach or its contents may pay the department the amount of the lien, plus costs. In that event, the seizure and sale shall not be held and the commercial coach and its contents, if seized, shall be returned by the department to the person entitled to its possession. This payment shall not constitute a waiver of the right to a hearing.
(f) When the department or an authorized agent has reasonable cause to believe that the lien may be jeopardized within the 10–day notice of intent period, the commercial coach and its contents may be seized without prior notice to the registered owner or legal owner, upon obtaining authorization for the seizure from the director of the department or the director's authorized representative. In those cases, a notice of the lien and the intent to sell the commercial coach and its contents shall be given by the department to the registered and legal owners and anyone known to be claiming an interest in the commercial coach or its contents, within 48 hours after seizure, excluding Saturdays, Sundays and the holidays specified in Section 6700 of the Government Code. Any hearing to contest the lien and the seizure shall be requested within 10 days of the date that notice was placed in the United States mail.
(g) When a lien exists against one or more commercial coaches owned by the same person, persons, or company, the department may seize and sell a sufficient number of commercial coaches to satisfy the lien plus costs, in accordance with subdivision (a).
(h) Any state, municipality, or county law enforcement agency may assist with the seizure and impounding of the commercial coach.
(i) The department shall make a physical inventory of all the contents of a commercial coach that has been seized within 24 hours of the time of seizure. Copies of the inventory of contents shall be made available to any one rightfully entitled to that information.
(j) After deducting from the proceeds of sale, any amount due to satisfy the lien in favor of the state and the cost of the seizure and sale, any excess proceeds of sale shall be deposited in a special account. The registered owner, legal owner, or anyone claiming an interest in the mobilehome or its contents may file a claim to share in the excess proceeds of sale within one year from the date of sale. If any excess proceeds of sale remain in this special account after one year from
§ 18116.5. Exemptions from use tax <Not applicable for CM exams>

Used manufactured homes, used mobilehomes, and used floating homes subject to local property taxation are exempt from the payment of use tax upon resale or transfer as provided in Section 6379 of the Revenue and Taxation Code.

§ 18117. Payment of use tax for manufactured homes, mobilehomes, and commercial coaches previously registered out-of-state

An application for registration under this part of a manufactured home, mobilehome, or commercial coach previously registered outside of this state shall be accompanied by payment of the amount required to be paid under Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code with respect to the use of the manufactured home, mobilehome, or commercial coach by the applicant.

§ 18117.5. Transfer fee delinquencies

The transfer fee is delinquent if not paid within 20 days of receipt by the transferee of a properly executed certificate of title for the manufactured home, mobilehome, commercial coach, truck camper, or floating home.

§ 18118. Payment of renewal fees in conjunction with registration transaction

Whenever any application for a change, addition, or deletion of the registered owner’s name or names is filed with the department during the 60 days immediately preceding the expiration date of the current registration of a manufactured home, mobilehome, or commercial coach, subject to annual renewal of registration, the application shall be accompanied by the full renewal fees for the ensuing registration year in addition to any other fees that may be due and payable.

§ 18119. Delinquent license fee; Notice; Listing; Transfer

(a) If the license fee has not been paid on or before the 60th day following the date on which the fee became delinquent, the department shall mail a notice to the registered owner, legal owner and each junior lienholder shown on the permanent title record as of that date, containing the following information:

(1) That the license fee is delinquent.

(2) That the manufactured home or mobilehome will become subject to a penalty of fifty dollars ($50) per transportable unit pursuant to subdivision (b) of Section 18116, if the fees and penalties are not paid on or before the 120th day after the date of delinquency.

(b) On or before the last day of each calendar month, the department shall furnish a listing of new registrations and transfers of title to manufactured homes and mobilehomes subject to local property taxation under Section 5801 of the Revenue and Taxation Code, and of all voluntary transfers to local property taxation, as provided in subdivision (c), to the county assessor of the county in which the manufactured home or mobilehome is sited.

(c) The department shall transfer a manufactured home or mobilehome which is subject to vehicle license fee to local property taxation upon a request for the transfer, as prescribed by the department, executed by the registered owner, legal owner, and each junior lienholder. Transfer pursuant to this subdivision shall be final. Persons obtaining such a transfer thereby waive all entitlement to petition for reinstatement to the vehicle license fee, and are not entitled to the refund of any vehicle registration fees or vehicle license fees paid which apply to the period between the date of voluntary transfer and the expiration of the registration period for which the fees were paid.

Article 7 Penalties

§ 18122. Suspension, revocation, or cancellation of certificate of title; Notice

Except as it may affect a security interest properly perfected other than pursuant to Section 9313 of the Commercial Code, the department may suspend, revoke, or cancel any certificate of title valid on its face for any violation of the provisions of this chapter relating to certificates of title. The department shall notify all persons or entities with perfected security interests at the time that such an action is taken.

§ 18122.5. Unlawful acts with respect to transfer of registration

It is unlawful for any person to fail or neglect properly to endorse, date, and deliver the certificate of title and, when having possession, to fail to deliver the registration card to a transferee who is lawfully entitled to a transfer of registration. Except when the certificate of title is demanded in writing by a purchaser, a manufactured home, mobilehome, or commercial coach dealer licensed, as provided by this part, shall satisfy the delivery requirement of this section by submitting appropriate documents and fees to the department for transfer of registration in accordance with this part and rules and regulations promulgated thereunder.

§ 18123. Payment of use tax and penalty

(a) The department shall withhold the registration or the transfer of registration of any manufactured home, mobilehome, commercial coach, or truck camper sold at retail to any applicant by any person, other than a manufactured home, mobilehome, commercial coach, or truck camper manufacturer or dealer holding a license and certificate issued as provided for by this part, until the applicant pays to the department the use tax measured by the sales price of the manufactured home, mobilehome, commercial coach, or truck camper as required by the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code), together with penalty, if any, unless the State Board of Equalization finds that no use tax is due. If the applicant so desires, he or she may pay the use tax and penalty, if any, to the department so as to secure immediate action upon his or her application for registration or
transfer of registration, and thereafter he or she may apply through the department to the State Board of Equalization under the provisions of the Sales and Use Tax Law for a refund of the amount so paid.

(b) The department shall transmit to the State Board of Equalization all collections of use tax and penalty made under this section. This transmittal shall be made at least monthly, accompanied by a schedule, in the form the department and board may prescribe.

(c) The State Board of Equalization shall reimburse the department for its costs incurred in carrying out the provisions of this section. The reimbursement shall be effected under agreement between the agencies, approved by the Department of Finance.

(d) In computing any use tax or penalty thereon under the provisions of this section, a fraction of a dollar shall be disregarded, unless it exceeds fifty cents ($0.50), in which case it shall be treated as the next higher full dollar. Computation of any penalty shall be made from the tax after the same has been computed as provided in this section. Any tax or penalty in the amount of one dollar ($1) or less shall be one dollar ($1). Payment of tax and penalty on this basis shall be deemed full compliance with the requirements of the Sales and Use Tax Law insofar as the requirements are applicable to the use of manufactured homes, mobilehomes, commercial coaches, or truck campers to which this section relates.

§ 18123.5. Violations by dealers
(a) A dealer who violates paragraph (1), (2), or (3) of subdivision (b) of Section 18080.5 shall pay to the department an administrative service fee of five dollars ($5) for each violation.

(b) A dealer who violates paragraph (4) of subdivision (b) of Section 18080.5, when selling, leasing, or renting a manufactured home, mobilehome, or commercial coach, shall pay to the department an administrative service fee as follows:

1. If the application is submitted after 10 calendar days but within 20 calendar days from the date of sale, lease, or rental; ten dollars ($10).
2. If the application is submitted after 20 calendar days but within 30 calendar days from the date of sale, lease, or rental; twenty dollars ($20).
3. If the application is submitted after 30 calendar days but within 60 calendar days from the date of sale, lease, or rental; forty dollars ($40).

§ 18551. Foundation systems; Installation as fixture or improvement; Installation as chattel

The department shall establish regulations for manufactured home, mobilehome, and commercial modular foundation systems that shall be applicable throughout the state. When established, these regulations supersede any ordinance enacted by any city, county, or city and county applicable to manufactured home, mobilehome, and commercial modular foundation systems. The department may approve alternate foundation systems to those provided by regulation where the department is satisfied of equivalent performance. The department shall document approval of alternate systems by its stamp of approval on the plans and specifications for the alternate foundation system. A manufactured home, mobilehome, or commercial modular may be installed on a foundation system as either a fixture or improvement to the real property, in accordance with subdivision (a), or a manufactured home or mobilehome may be installed on a foundation system as a chattel, in accordance with subdivision (b).

(a) Installation of a manufactured home, mobile home, or commercial modular as a fixture or improvement to the real property shall comply with all of the following:

(1) Prior to installation of a manufactured home, mobilehome, or commercial modular on a foundation system, the manufactured home, mobilehome, or commercial modular owner or a licensed contractor shall obtain a building permit from the appropriate enforcement agency. To obtain a permit, the owner or contractor shall provide the following:

(A) Written evidence acceptable to the enforcement agency that the manufactured home, mobilehome, or commercial modular owner owns, holds title to, or is purchasing the real property where the mobilehome is to be installed on a foundation system. A lease held by the manufactured home, mobilehome, or commercial modular owner, that is transferable, for the exclusive use of the real property where the manufactured home, mobilehome, or commercial modular is to be installed, shall be deemed to comply with this paragraph if the lease is for a term of 35 years or more, or if less than 35 years, for a term mutually agreed upon by the lessor and lessee, and the term of the lease is not revocable at the discretion of the lessor except for cause, as described in subdivisions 2 to 5, inclusive, of Section 1161 of the Code of Civil Procedure.

(B) Written evidence acceptable to the enforcement agency that the registered owner owns the manufactured home, mobilehome, or commercial modular free of any liens or encumbrances or, in the event that the legal owner is not the registered owner, or liens and encumbrances exist on the manufactured home, mobilehome, or commercial modular, written evidence provided by the legal owner and any liens or encumbrancers that the legal owner, lienor, or encumbrancer consents to the attachment of the manufactured home, mobilehome, or commercial modular upon the discharge of any personal lien, that may be conditioned upon the satisfaction by the registered owner of the obligation secured by the lien.

(C) Plans and specifications required by department regulations or a department–approved alternate for the manufactured home, mobilehome, or commercial modular foundation system.
MOBILEHOME PARKS ACT <Excerpts>

(D) The manufactured home, mobilehome, or commercial modular manufacturer’s installation instructions, or plans and specifications signed by a California licensed architect or engineer covering the installation of an individual manufactured home, mobilehome, or commercial modular in the absence of the manufactured home, mobilehome, or commercial modular manufacturer’s instructions.

(E) Building permit fees established by ordinance or regulation of the appropriate enforcement agency.

(F) A fee payable to the department in the amount of eleven dollars ($11) for each transportable section of the manufactured home, mobilehome, or commercial modular that shall be transmitted to the department at the time the certificate of occupancy is issued with a copy of the building permit and any other information concerning the manufactured home, mobilehome, or commercial modular which the department may prescribe on forms provided by the department.

(2)(A) On the same day that the certificate of occupancy for the manufactured home, mobilehome, or commercial modular is issued by the appropriate enforcement agency, the enforcement agency shall record with the county recorder of the county where the real property is situated, that the manufactured home, mobilehome, or commercial modular has been installed upon, a document naming the owner of the real property, describing the real property with certainty, and stating that a county where the real property is situated, that the manufactured home, mobilehome, or commercial modular has been affixed to that real property by installation on a foundation system pursuant to this subdivision.

(B) When recorded, the document referred to in subparagraph (A) shall be indexed by the county recorder to the named owner and shall be deemed to give constructive notice as to its contents to all persons thereafter dealing with the real property.

(C) Fees received by the department pursuant to subparagraph (F) of paragraph (1) shall be deposited in the Mobilehome–Manufactured Home Revolving Fund established under subdivision (a) of Section 18016.5.

(3) The department shall adopt regulations providing for the cancellation of registration of a manufactured home, mobilehome, or commercial coach that is permanently attached to the ground on a foundation system pursuant to subdivision (a). The regulations shall provide for the surrender to the department of the certificate of title and other indicia of ownership interest of the mobilehome, mobilehome, or commercial coach that is permanently affixed to the ground on a foundation system and transportation away from the real property to which it was formerly affixed, the manufactured home, mobilehome, or commercial modular owner shall notify the department and the county assessor of the intended removal of the manufactured home, mobilehome, or commercial modular. The department shall require written evidence that the necessary consents have been obtained pursuant to this section and shall require application for either a transportation permit or manufactured home, mobilehome, or commercial modular registration, as the department may decide is appropriate to the circumstances. Immediately upon removal, as defined in this section, the manufactured home, mobilehome, or commercial modular shall be deemed to have become personal property and subject to all laws governing the same as applicable to a manufactured home, mobilehome, or commercial modular.

(b) The installation of a manufactured home or a mobilehome on a foundation system as chattel shall be in accordance with Section 18613 and shall be deemed to meet or exceed the requirements of Section 18613.4. This subdivision shall not be construed to affect the application of sales and use or property taxes. No provisions of this subdivision are intended, nor shall they be construed, to affect the ownership interest of any owner of a manufactured home or mobilehome.

(c) Once installed on a foundation system, a manufactured home, mobilehome, or commercial modular shall be subject to state enforced health and safety standards for manufactured homes, mobilehomes, or commercial modulars enforced pursuant to Section 18020.

(d) No local agency shall require that any manufactured home, mobilehome, or commercial coach currently on private property be placed on a foundation system.

(e) No local agency shall require that any manufactured home or mobilehome located in a mobilehome park be placed on a foundation system.

(f) No local agency shall require, as a condition for the approval of the conversion of a rental mobilehome park to a resident–owned park, including, but not limited to, a subdivision, cooperative, or condominium for mobilehomes, that
any manufactured home or mobilehome located there be placed on a foundation system. This subdivision shall only apply to
the conversion of a rental mobilehome park that has been operated as a rental mobilehome park for a minimum period of
five years.

§ 18551. Placement of manufactured homes and mobilehomes on foundation systems
<Not applicable for CM exams>
(a) Any mobilehome park, constructed on or after January 1, 1982, may be constructed in a manner that will
enable manufactured homes, mobilehomes, and multiunit manufactured housing sited in the park to be placed upon a
foundation system, and manufactured homes, mobilehomes, and multiunit manufactured housing sited in the park may be
placed upon foundation systems, subject to the requirements of Section 18551.
(b) Notwithstanding subdivision (a), any manufactured home, mobilehome, or multiunit manufactured housing
originally sited on or after January 1, 1985, in a mobilehome park constructed prior to January 1, 1982, may be placed
upon a foundation system, subject to the requirements of Section 18551.
(c) Notwithstanding subdivisions (a) and (b), any manufactured home, mobilehome, or multiunit manufactured
housing sited in a mobilehome park which is converted, or in the process of being converted, to resident ownership on or
after January 1, 1992, may be placed on a foundation system, subject to the requirements of Section 18551, and with the
approval of the ownership of the park.
(d) With respect to any manufactured home, mobilehome, or multiunit manufactured home sited in a mobilehome park
under subdivision (a), (b), or (c), no single structure shall exceed two stories in height.
(e) Notwithstanding subdivisions (a) and (b), the installation of a manufactured home, mobilehome, or multiunit
manufactured housing within a mobilehome park pursuant to Section 18551 shall be subject to prior written approval by the
ownership of the mobilehome park.
(f) The number of dwelling units per structure for any manufactured home or mobilehome consisting of two or
more dwelling units, or multiunit manufactured housing, sited in a mobilehome park on or after January 1, 2003, shall conform to
a zone designation or conditional use permit that currently applies to the park or an amended or new zone designation
or conditional use permit that is additionally granted to the park.

§ 18552. Building standards; Regulations for accessory buildings or structures; Installation above 4,000
feet; Snow roof load <Not applicable for CM exams>
(a) The department shall adopt and submit building standards for approval pursuant to Chapter 4 (commencing
with Section 18935) of Part 2.5, and the department shall adopt other regulations for manufactured home or
mobilehome accessory buildings or structures. The regulations adopted by the department shall provide for the
construction, location, and use of manufactured home or mobilehome accessory buildings or structures to protect the
health and safety of the occupants and the public, and shall be enforced by the appropriate enforcement agency.
(b) A manufactured home or accessory building or structure may be installed in a mobilehome park above 4,000
feet in elevation at the option of the owner of the home and after approval by the park operator only if the installation is
consistent with one of the following:
(1) If the manufactured home or accessory building or structure does not have the capacity to resist the minimum
snow loads as established for residential buildings by local ordinance, the manufactured home or accessory building or
structure must have the capacity to resist a roof live load of at least 60 pounds per square foot and may only be
installed in a mobilehome park that has and is operating an approved snow roof load maintenance program, as defined
by the department. The installation shall comply with all other applicable requirements of this part and the regulations
adopted pursuant to this part and shall be approved by the enforcement agency. The approval of the snow roof load
maintenance program shall be identified on the permit to operate.
(2) If the manufactured home or accessory building or structure does not have the capacity to resist the minimum
snow loads established by local ordinance for residential buildings, the manufactured home or accessory building or
structure may only be installed if it is protected by a ramada designed to resist the minimum snow loads established by
local ordinance and constructed pursuant to this part and regulations adopted pursuant to this part. The plans and
specifications for the construction of the ramada and the installation of the home shall be approved by the enforcement
agency.
(3) If a manufactured home or accessory building or structure has the capacity to resist the minimum snow loads
established by local ordinance for residential buildings, an approved snow roof load maintenance program or ramada
is not required for that home or accessory building or structure.
(c) Before installing a manufactured home or accessory building or structure pursuant to paragraph (1) of
subdivision (b), the operator of a park shall request and obtain approval from the enforcement agency for its existing or
proposed snow roof load maintenance program. The enforcement agency’s approval shall be based on relevant factors
identified in the regulations of the department and shall include, but not be limited to, the types of maintenance to be used to
control or remove snow accumulation and the capacity and capability of personnel and equipment proposed to satisfactorily
perform the snow roof load maintenance program. The request for approval shall specify the type of maintenance to be

equivalent to satisfactorily perform the snow roof load maintenance program.

§ 18555. Application for voluntary conversion to fixture and improvement; Escrow account; Tax clearance
certificate; Recording of application; Cancellation of registration; Notice of removal
<Not applicable for CM exams>
(a) Notwithstanding any other provision of law, the registered owner of a manufactured home or mobilehome in a
MOBILEHOME PARKS ACT <Excerpts>

mobilehome park, converted or proposed to be converted to a resident–owned subdivision, cooperative, condominium, or nonprofit corporation formed pursuant to Section 11010.8 of the Business and Professions Code, may, if the registered owner is also a participant in the resident ownership, apply for voluntary conversion of the manufactured home or mobilehome to a fixture and improvement to the underlying real property without compliance with subdivision (a) of Section 18551.

(b) The resident ownership or proposed resident ownership of a mobilehome park converted or proposed to be converted to a resident–owned subdivision, cooperative, condominium, or nonprofit corporation formed pursuant to Section 11010.8 of the Business and Professions Code, shall, on behalf of registered owners of manufactured homes and mobilehomes making application pursuant to subdivision (a), establish with an escrow agent an escrow account. All of the following shall be deposited into the escrow account:

1. A copy of the registered owner’s application, on a form, provided by the department, that shall be substantially similar to forms presently used to record the installation of manufactured homes and mobilehomes on foundation systems pursuant to subdivision (a) of Section 18551. In addition, by signature of an authorized representative, the form shall contain provisions for certification by the resident ownership of the mobilehome park converted or proposed to be converted to a subdivision, cooperative, or condominium that the applicant is a participant in the resident–ownership.

2. The certificate of title, the current registration card, decals, and other indicia of registration of the manufactured home or mobilehome.

3. In the absence of a certificate of title for the manufactured home or mobilehome, written evidence from lienholders on record with the department that the lienholders consent to conversion of the manufactured home or mobilehome to a fixture and improvement to the underlying real property upon the discharge of any personal lien, that may be conditioned upon the satisfaction by the registered owner of the obligation secured by the lien.

4. A fee payable to the department in the amount of twenty–two dollars ($22), for each transportable section of the manufactured home or mobilehome, that shall be transmitted to the department upon close of escrow with a copy of the form recorded with the county recorder’s office pursuant to paragraph (2) of subdivision (c). Fees received by the department pursuant to this section shall be deposited in the Mobilehome–Manufactured Home Revolving Fund established under subdivision (a) of Section 18016.5 for administration of Part 2 (commencing with Section 18000).

5. Escrow instructions describing the terms and conditions of compliance with this section, the requirements of the department, and other applicable terms and conditions.

(c) If the manufactured home or mobilehome is subject to local property taxation, and subject to registration under Part 2 (commencing with Section 18000), the escrow officer shall forward to the tax collector of the county where the used manufactured home or mobilehome is located, a written demand for a tax clearance certificate if no liability exists, or a conditional tax clearance certificate if a tax liability exists, to be provided on a form prescribed by the Controller. The conditional tax clearance certificate shall state the amount of the tax liability due, if any, and the final date that amount may be paid out of the proceeds of escrow before a further tax liability may be incurred.

1. Within five working days of receipt of the written demand for a conditional tax clearance certificate or a tax clearance certificate, the county tax collector shall forward the conditional tax clearance certificate or a tax clearance certificate showing that no tax liability exists to the requesting escrow officer. In the event the tax clearance certificate’s or conditional tax clearance certificate’s final due date expires within 30 days of the date of issuance, an additional conditional tax clearance certificate or a tax clearance certificate shall be completed that has a final due date of at least 30 days beyond the date of issuance.

2. If the tax collector to whom the written demand for a tax clearance certificate or a conditional tax clearance certificate was made fails to comply with that demand within 30 days from the date the demand was mailed, the escrow officer may close the escrow and submit a statement of facts certifying that the written demand was made on the tax collector and the tax collector failed to comply with that written demand within 30 days. This statement of facts shall be accepted by the department and all other parties to the conversion in lieu of a conditional tax clearance certificate or a tax clearance certificate, as prescribed by subdivision (a) of Section 18092.7, and the conversion of the manufactured home or mobilehome to a fixture and improvement to the underlying real property may be completed.

3. The escrow officer may satisfy the terms of the conditional tax clearance certificate by paying the amount of tax liability shown on the form by the tax collector out of the proceeds of escrow on or before the date indicated on the form and by certifying in the space provided on the form that all terms and conditions of the conditional tax clearance certificate have been complied with.

4. (1) On the same or following day that the escrow required by subdivision (b) is closed, the escrow agent shall record, or cause to be recorded, with the county recorder of the county where the converted manufactured home or mobilehome is situated, the form prescribed by paragraph (1) of subdivision (b) stating that the manufactured home or mobilehome has been converted to a fixture and improvement to the underlying real property pursuant to this section.

2. When recorded, the form referred to in paragraph (1) of subdivision (b) shall be indexed by the county recorder to the named owner of the converted manufactured home or mobilehome, and shall be deemed to give constructive notice as to its contents to all persons thereafter dealing with the real property.

(e) The department shall cancel the registration of a manufactured home or mobilehome converted to a fixture and improvement to the underlying real property pursuant to this section. For the purposes of this subdivision, conversion of the manufactured home to a fixture and improvement to the underlying real property shall be deemed to have occurred on the day a form referred to in paragraph (1) of subdivision (b) is recorded. Cancellation shall be effective as of that date, and the department shall enter the cancellation on its records upon receipt of a copy of the form recorded pursuant to paragraph (1) of subdivision (c), the certificate of title, the current registration card, other indicia of registration, and fees prescribed
by this section. This subdivision shall not be construed to affect the application of existing laws, or the department’s regulations or procedures with regard to the cancellation of registration, except as to the requirement therefor and the effective date thereof.

(f) Once the form referred to in paragraph (1) of subdivision (b) has been recorded, a manufactured home or mobilehome shall be deemed a fixture and improvement to the underlying real property described with certainty on the form. Physical removal of the manufactured home or mobilehome from the real property where it has become a fixture and improvement pursuant to this section shall thereafter be prohibited without the consent of all persons or entities who, at the time of removal, have title to any estate or interest in the real property where the manufactured home or mobilehome has become a fixture and improvement.

(g) For the purposes of this section:

(1) “Physical removal” shall include, without limitation, the manufactured home, mobilehome, or any transportable section thereof, from the real property where it has become a fixture and improvement.

(2) Consent to removal shall not be required from the owners of rights-of-way or easements or the owners of subsurface rights or interests in or to minerals, including, but not limited to, oil, gas, or other hydrocarbon substances.

(h) At least 30 days prior to a legal removal of the manufactured home or mobilehome from the real property where it has become a fixture and improvement and transportation away from the real property, the manufactured home or mobilehome owner shall notify the department and the county assessor of the intended removal of the manufactured home or mobilehome. The department shall require written evidence that the necessary consents have been obtained pursuant to this section, and shall require application for either a transportation permit or manufactured home or mobilehome registration, as the department may decide is appropriate to the circumstances. Immediately upon removal, as defined in this section, the manufactured home or mobilehome shall be deemed to have become personal property and subject to all laws governing the same as applicable to a manufactured home or mobilehome.

(i) Notwithstanding any other provision of law, any manufactured home or mobilehome not installed on a foundation system pursuant to subdivision (a) of Section 18551 or converted to a fixture and improvement to real property as prescribed by this section shall not be deemed a fixture or improvement to the real property. This subdivision shall not be construed to affect the application of sales and use or property taxes.

(j) Once converted to a fixture and improvement to real property, a manufactured home or mobilehome shall be subject to state–enforced health and safety standards for manufactured homes or mobilehomes enforced pursuant to Section 18020.

(k) No local agency shall require, as a condition for the approval of the conversion of a rental mobilehome park to a resident–owned park, including, but not limited to, a subdivision, cooperative, condominium, or nonprofit corporation formed pursuant to Section 11010.8 of the Business and Professions Code for manufactured homes or mobilehomes, that any manufactured home or mobilehome located there be converted to a fixture and improvement to the underlying real property.

(l) The department is authorized to adopt emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code in order to implement the purposes of this section.

§ 18604. Insignia of approval for renting or leasing; Recreational vehicle in special occupancy park
<Not applicable for CM exams>

(a) No manufactured home, mobilehome, or recreational vehicle within a park shall be rented or leased unless it bears a label, an insignia, or an insignia of approval required by Section 18026 or 18027.3, or a federal label issued pursuant to the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. Sec. 5401 et seq.).

(b) A recreational vehicle that does not bear a label, an insignia, or an insignia of approval, as required by subdivision (f) or (g) of Section 18027.3, may not occupy any lot in a special occupancy park unless the vehicle owner provides reasonable proof of compliance with ANSI Standard No. A119.2 or A119.5. A department label or insignia shall constitute one form of reasonable proof of compliance with ANSI standards. This subdivision does not apply to a recreational vehicle occupying a lot in a special occupancy park on December 31, 1998, unless the vehicle is moved to a different special occupancy park on or after January 1, 1999.
MOBILEHOME PARKS ACT <Excerpts>

compliance with this section, including, but not limited to, a detailed plot plan showing the dimensions of each lot altered by the creation, movement, shifting, or alteration of the lot lines. If submission of a plot plan is required, the mobilehome park owner or operator shall provide a copy of the plot plan to the registered owners of mobilehomes or manufactured homes located on each lot that would be altered by the proposed lot line change and provide the enforcement agency, as part of the application, with proof of delivery by first-class postage prepaid of the copy of the plot plan to the affected registered owners.

(d) The department may adopt a fee, by regulation, payable by the applicant, for the permit authorized by this section.

(e) If the department is the enforcement agency and the application proposes to reduce or increase the total number of lots available for occupation, the applicant shall submit a copy of that application and any information required by subdivision (c) to the local planning agency of the jurisdiction where the park is located.

§ 18611. Affixing factory–built housing, mobilehomes, or manufactured homes on foundation systems in mobilehome parks <Not applicable for CM exams>

(a) Factory–built housing bearing an insignia of approval pursuant to Section 19980, manufactured homes as defined in Section 18007, mobilehomes as defined in Section 18008, or multiunit manufactured housing as defined in Section 18008.7 may be affixed to a foundation system within a mobilehome park, if the installation conforms to the rules of the mobilehome park, the installation is approved pursuant to Section 19992, or in the case of manufactured homes, mobilehomes, or multiunit manufactured housing the installation is in accordance with Section 18551, and no single structure exceeds two stories in height. Any factory–built housing, manufactured homes, mobilehomes, or multiunit manufactured housing included in a mobilehome park pursuant to this section shall be located on lots especially designated for that purpose in accordance with the rules of the mobilehome park.

(b) This section applies only to mobilehome parks (1) where the permit to construct the park is issued on or after January 1, 1982, and (2) that are additionally granted a zone designation or conditional use permit that authorizes permanent occupancies of the type and to the extent established pursuant to this section.

(c) Nothing in this section shall be construed to create an exemption from the requirements of Division 2 (commencing with Section 66410) of Title 7 of the Government Code.

§ 18613. Permit required for installation of manufactured home or mobilehome; Inspection; Notice of defects; Fees <Not applicable for CM exams>

(a)(1) A permit shall be obtained from the enforcement agency each time a manufactured home or mobilehome is to be located, installed, or reinstalled, on any site for the purpose of human habitation or occupancy as a dwelling.

(2) For purposes of this section, the terms “located,” “installed,” and “reinstalled” include alteration, modification, or replacement of the mobilehome stabilizing devices, load–bearing supports, or both.

(b) The contractor engaged to install the manufactured home or mobilehome shall obtain the permit, except when the owner of the manufactured home or mobilehome proposes to perform the installation. When a contractor applies for a permit to install a manufactured home or mobilehome, he or she shall display a valid contractor’s license. The contractor shall complete the installation of the manufactured home or mobilehome in accordance with the regulations adopted by the department within the time limitations which shall be established by regulations of the department. The time limitations shall allow contractors a reasonable amount of time within which to complete manufactured home or mobilehome installations.

(c) If inspection of the manufactured home or mobilehome installation by the enforcement agency determines that the manufactured home or mobilehome cannot be approved for occupancy due to defective material, systems, workmanship, or equipment of the manufactured home or mobilehome, the contractor shall be allowed a reasonable amount of time, as determined by regulations of the department, to complete the installation after the defects in the manufactured home or mobilehome have been corrected.

(d) The enforcement agency shall immediately notify the department whenever any manufactured home or mobilehome cannot be approved for occupancy due to defects of the manufactured home or mobilehome. The report of notification shall indicate health and safety defects and, in the case of new manufactured homes or mobilehomes, substantial defects of materials and workmanship. For purposes of this section, “substantial defects of materials and workmanship” means defects objectively manifested by broken, ripped, cracked, stained, or missing parts or components and shall not include alleged defects concerning color combinations or grade of materials used. If the manufactured home or mobilehome fails the installation inspection because of conditions which do not endanger the health or safety of the occupant, the owner may occupy the manufactured home or mobilehome. If, however, the installation fails inspection due to immediate hazards to the health or safety of the occupant, as determined by the enforcement agency, the manufactured home or mobilehome shall not be occupied.

(e) Except as provided in Section 18930, the department shall adopt regulations for the installations and regulations which specify a standard form required to be used statewide by enforcement agencies as a certificate of occupancy or statement of installation acceptance. The department shall transmit a copy of the standard form to all enforcement agencies. An enforcement agency shall not be required to use the standard forms until their existing stock of forms for this purpose is depleted. The regulations adopted by the department pursuant to this section shall establish the requirements which the department determines are reasonably necessary for the protection of life and property and to carry out the purposes of this section. In adopting building regulations or adopting other regulations pursuant to this section, the department shall consider reassembly of the manufactured home or mobilehome, stabilizing devices and load–bearing supports, and utility connections and connectors.
(f) The department shall establish a schedule of fees for the permits required by this section commensurate with the cost of the enforcement of this section and the regulations adopted pursuant to this section. Where a city, county, or city and county is responsible for the enforcement, the city, county, or city and county may establish a schedule of fees not to exceed the actual cost of enforcement and not to exceed those fees established by the department where the department is the enforcement agency. Permit fees and reinspection fees shall be paid to the enforcement agency by the permittee.

(g) This section does not apply to recreational vehicles or commercial coaches.

§ 18613.1. Extent of requirements
The requirements for any installation of a manufactured home or mobilehome shall not exceed the requirements set forth in Sections 18613 and 18613.4.

§ 18613.2. Copy of permit
When the enforcement agency issues an installation permit for a new manufactured home or mobilehome, beginning on July 1, 1980, a copy of such permit shall be delivered to the county or city assessor having jurisdiction where the manufactured home or mobilehome is to be sited.

§ 18613.3. Dimensioned plot plan of lot
An application for a permit for initial installation of a manufactured home or mobilehome shall be accompanied by a dimensioned plot plan of the lot on which the manufactured home or mobilehome will be installed. The park owner or operator shall sign the plot plan to certify that the dimensions of the lot are correct if the manufactured home or mobilehome is to be located in a park. The applicant shall provide a copy of the plot plan to the manufactured home or mobilehome owner, if the applicant is a contractor, and to the park owner or operator, if the manufactured home or mobilehome is to be located in a park.

§ 18613.4. Further requirements for installation or reinstallation
(a) All manufactured homes or mobilehomes, when initially installed or subsequently reinstalled on a different lot pursuant to Section 18613, shall be installed to resist, in conjunction with vertical loads, either forces from horizontal wind pressures of 15 pounds per square foot or the design wind load of the home, whichever is greater.

(b) For the purposes of complying with subdivision (a), all manufactured homes or mobilehomes with manufacturer’s installation instructions that include requirements for tiedowns shall be installed in accordance with all of the following:
(1) The manufacturer’s installation instructions.
(2) If not included in the manufacturer’s installation instructions, a minimum of four additional tiedowns per section shall be installed to resist the same wind forces in the longitudinal direction of the manufactured home or mobilehome as the total of those forces required to be resisted in the transverse direction. No portion of the tiedown extending beyond the vertical plane of an exterior wall of the manufactured home or mobilehome shall be above the ground.
(3) When used, concrete or steel piers shall have mechanical connections to the home and their footing that resist separation of the supports from the home and the footing. Mechanical connections shall not require modifications to the manufactured home or mobilehome.

(c) For the purposes of complying with subdivision (a), when no manufacturer’s installation instructions are available that include requirements for tiedowns, the manufactured home or mobilehome shall be installed in accordance with both of the following:
(1) Department regulations, which shall include requirements for tiedowns meeting the standards in subdivision (a).
(2) The requirements specified in paragraphs (2) and (3) of subdivision (b).

(d) For the purposes of complying with subdivision (a), all manufactured homes or mobilehomes may be installed or reinstalled in accordance with plans and specifications signed by a licensed architect or engineer that meet the requirements of this section.

(e) Manufactured homes or mobilehomes installed before the effective date of the act that added this section that do not meet the standards in subdivision (a) and need to be reinstalled due to damage caused by wind or seismic forces shall be reinstalled to meet the requirements of subdivision (a) and paragraphs (2) and (3) of subdivision (b), if federal funds are available for grants or direct payment of the additional installation costs.

(f) Nothing in this section prohibits the use of alternative materials, installation methods, devices, etc., as permitted in Section 18305, as long as the forces specified in subdivision (a) and in paragraph (2) of subdivision (b) are resisted.

(g) The department shall adopt emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code in order to implement the purposes of this section.

(h) The department shall develop standards for mechanical connections for concrete block supports that connect the blocks to the manufactured homes or mobilehomes and their footing and resist the separation of the supports from the home and the footing. By the adoption of the act that adds this subdivision, it is not the intent of the Legislature that the concrete blocks used as vertical supports be required to be mechanically attached to the manufactured homes or mobilehomes and their footings.

(i) This section shall not apply to the installation of any manufactured home or mobilehome for which escrow has been opened in accordance with Section 18035 prior to the operative date of the act that adds this section.

(j) This section shall become operative 60 days after the date that the act that adds this section is chaptered.
§ 18613.7. Permit for installation of bracing devices

(a) A permit shall be obtained by the installer from the enforcement agency each time an earthquake resistant bracing system is installed, replaced, or altered on any manufactured home or mobilehome. The enforcement agency shall inspect the installation of these bracing systems to ensure compliance with the regulations adopted by the department.

(b) The department shall adopt regulations governing the installation of earthquake resistant bracing systems. The enforcement agency shall adopt a fee schedule which shall not exceed the costs of the issuance of the permit and inspection required by this section.

Chapter 7 PENALTIES

§ 18700. Misdemeanors; Suspension or revocation of permit

Any person who willfully violates this part, building standards published in the State Building Standards Code relating thereto, or any other rules or regulations adopted by the department pursuant to this part is guilty of a misdemeanor, punishable by a fine not exceeding four hundred dollars ($400) or by imprisonment not exceeding 30 days, or by both such fine and imprisonment.

Any permitholder who willfully violates this part, building standards published in the State Building Standards Code relating thereto, or any other rules or regulations adopted by the department pursuant to this part shall be subject to suspension or revocation of his or her permit to operate.

Any person who willfully violates this part, building standards published in the State Building Standards Code relating thereto, or any other rules or regulations adopted by the department pursuant to this part, shall be liable for a civil penalty of five hundred dollars ($500) for each violation or for each day of a continuing violation. The enforcement agency shall institute or maintain an action in the appropriate court to collect any civil penalty arising under this section.

(a) (1) Rental agreements meeting the criteria of subdivision (b) shall be exempt from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent. The terms of a rental agreement meeting the criteria of subdivision (b) shall prevail over conflicting provisions of an ordinance, rule, regulation, or initiative measure limiting or restricting rents in mobilehome parks, only during the term of the rental agreement or one or more uninterrupted, continuous extensions thereof. If the rental agreement is not extended and no new rental agreement in excess of 12 months’ duration is entered into, then the last rental rate charged for the space under the previous rental agreement shall be the base rent for purposes of applicable provisions of law concerning rent regulation, if any.

(2) In the first sentence of the first paragraph of a rental agreement entered into on or after January 1, 1993, pursuant to this section, there shall be set forth a provision in at least 12–point boldface type if the rental agreement is printed, or in capital letters if the rental agreement is typed, giving notice to the homeowner that the rental agreement will be exempt from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent.

(b) Rental agreements subject to this section shall meet all of the following criteria:

(1) The rental agreement shall be in excess of 12 months’ duration.

(2) The rental agreement shall be entered into between the management and a homeowner for the personal and actual residence of the homeowner.

(3) The homeowner shall have at least 30 days from the date the rental agreement is first offered to the homeowner to accept or reject the rental agreement.

(4) The homeowner who executes a rental agreement offered pursuant to this section may void the rental agreement by notifying management in writing within 72 hours of the homeowner’s execution of the rental agreement.

(c) If, pursuant to paragraph (3) or (4) of subdivision (b), the homeowner rejects the offered rental agreement or rescinds a signed rental agreement, the homeowner shall be entitled to instead accept, pursuant to Section 798.18, a rental agreement for a term of 12 months or less, including a month–to–month rental agreement, the rental agreement shall contain the same rental charges, terms, and conditions as the rental agreement offered pursuant to subdivision (b), during the first 12 months, except for options, if any, contained in the offered rental agreement to extend or renew the rental agreement.

(d) Nothing in subdivision (c) shall be construed to prohibit the management from offering gifts of value, other than rental rate reductions, to homeowners who execute a rental agreement pursuant to this section.

(e) With respect to any space in a mobilehome park that is exempt under subdivision (a) from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity that establishes a maximum amount that a landlord may charge a homeowner for rent, and notwithstanding any ordinance, rule, regulation, or initiative measure, a mobilehome park shall not be assessed any fee or other exaction for a park space that is exempt under subdivision (a) imposed pursuant to any ordinance, rule, regulation, or initiative measure. No other fee or other exaction shall be imposed for a park space that is exempt under subdivision (a) for the purpose of defraying the cost of administration thereof.

(f) At the time the rental agreement is first offered to the homeowner, the management shall provide written notice to the homeowner of the homeowner’s right (1) to have at least 30 days to inspect the rental agreement, and (2) to void the rental agreement by notifying management in writing within 72 hours of the acceptance of a rental agreement. The failure of the management to provide the written notice shall make the rental agreement voidable at the homeowner’s option upon the homeowner’s discovery of the failure. The receipt of any written notice provided pursuant to this subdivision shall be acknowledged in writing by the homeowner.

(g) No rental agreement subject to subdivision (a) that is first entered into on or after January 1, 1993, shall have a provision which authorizes automatic extension or renewal of, or automatically extends or renews, the rental agreement for a period beyond the initial stated term at the sole option of either the management or the homeowner.

(h) This section does not apply to or supersedes other provisions of this part or other state law.
§ 798.19.5. Park Owner Right of First Refusal
A rental agreement entered into or renewed on and after January 1, 2006, shall not include a clause, rule, regulation, or any other provision that grants to management the right of first refusal to purchase a homeowner’s mobilehome that is in the park and offered for sale to a third party pursuant to Article 7 (commencing with Section 798.70). This section does not preclude a separate agreement for separate consideration granting the park owner or management a right of first refusal to purchase the homeowner’s mobilehome that is in the park and offered for sale.

Article 3 Rules and Regulations

§ 798.26. Management Entry into Mobilehomes
(a) Except as provided in subdivision (b), the ownership or management of a park have no right of entry to a mobilehome or enclosed accessory structure without the prior written consent of the resident. The consent may be revoked in writing by the resident at any time. The ownership or management shall have a right of entry upon the land upon which a mobilehome is situated for maintenance of utilities, trees, and driveways, for maintenance of the premises in accordance with the rules and regulations of the park when the homeowner or resident fails to so maintain the premises, and protection of the mobilehome park at any reasonable time, but not in a manner or at a time which would interfere with the resident’s quiet enjoyment.
(b) The ownership or management of a park may enter a mobilehome or enclosed accessory structure without the prior written consent of the resident in case of an emergency or when the resident has abandoned the mobilehome or accessory structure.

(Added by SB 1234 (Correa) Chap. 115, Statutes of 2008, effective 1/1/09)

§ 798.27. Notice of Zoning or Use Permit
(a) The management shall give written notice to all homeowners and prospective homeowners concerning the following matters: (1) the nature of the zoning or use permit under which the mobilehome park operates. If the mobilehome park is operating pursuant to a permit subject to a renewal or expiration date, the relevant information and dates shall be included in the notice. (2) The duration of any lease of the mobilehome park, or any portion thereof, in which the management is a lessee.
(b) If a change occurs concerning the zoning or use permit under which the park operates or a lease in which the management is a lessee, all homeowners shall be given written notice within 30 days of that change. Notification regarding the change of use of the park, or any portion thereof, shall be governed by subdivision (g) of Section 798.56. A prospective homeowner shall be notified prior to the inception of the tenancy.

§ 798.29.6. Homeowners’ Disabled Accommodations
The management shall not prohibit a homeowner or resident from installing accommodations for the disabled on the home or the site, lot, or space on which the mobilehome is located, including, but not limited to, ramps or handrails on the outside of the home, as long as the installation of those facilities complies with code, as determined by an enforcement agency, and those facilities are installed pursuant to a permit, if required for the installation, issued by the enforcement agency. The management may require that the accommodations installed pursuant to this section be removed by the current homeowner at the time the mobilehome is removed from the park or pursuant to a written agreement between the current homeowner and the management prior to the completion of the resale of the mobilehome in place in the park. This section is not exclusive and shall not be construed to condition, affect, or supersede any other provision of law or regulation relating to accessibility or accommodations for the disabled.

(Added by SB 1107 (Correa), Ch. 170 (2008), eff. 1/1/09)

Article 4 Fees and Charges

§ 798.31. Authorized Fees Charged
A homeowner shall not be charged a fee for other than rent, utilities, and incidental reasonable charges for services actually rendered. A homeowner shall not be charged a fee for obtaining a lease on a mobilehome lot for (1) a term of 12 months, or (2) a lesser period as the homeowner may request. A fee may be charged for a lease of more than one year if the fee is mutually agreed upon by both the homeowner and management.

§ 798.34. Guest Fees
(a) A homeowner shall not be charged a fee for a guest who does not stay with him or her for more than a total of 20 consecutive days or a total of 30 days in a calendar year. A person who is a guest, as described in this subdivision, shall not be required to register with the management.
(b) A homeowner who is living alone and who wishes to share his or her mobilehome with one person may do so, and a fee shall not be imposed by management for that person. The person shall be considered a guest of the homeowner and any agreement between the homeowner and the person shall not change the terms and conditions of the rental agreement between management and the homeowner. The guest shall comply with the provisions of the rules and regulations of the mobilehome park.
(c) A homeowner may share his or her mobilehome with any person over 18 years of age if that person is providing live-in health care or live-in supportive care to the homeowner pursuant to a written treatment plan prepared by the homeowner’s physician. A fee shall not be charged by management for that person. That person shall have no
rights of tenancy in the park, and any agreement between the homeowner and the person shall not change the terms and conditions of the rental agreement between management and the homeowner. That person shall comply with the rules and regulations of the mobilehome park.

(d) A senior homeowner who resides in a mobilehome park that has implemented rules or regulations limiting residency based on age requirements for housing for older persons, pursuant to Section 798.76, may share his or her mobilehome with any person over 18 years of age if this person is a parent, sibling, child, or grandchild of the senior homeowner and requires live-in health care, live-in supportive care, or supervision pursuant to a written treatment plan prepared by a physician and surgeon. Management may not charge a fee for this person. Any agreement between the senior homeowner and this person shall not change the terms and conditions of the rental agreement between management and the senior homeowner. Unless otherwise agreed upon, park management shall not be required to manage, supervise, or provide for this person’s care during his or her stay in the mobilehome park. This person shall have no rights of tenancy in the park, but shall comply with the rules and regulations of the mobilehome park. A violation of the mobilehome park rules and regulations by this person shall be deemed a violation of the rules and regulations by the homeowner pursuant to subdivision (d) of Section 798.56. As used in this subdivision, “senior homeowner” means a homeowner who is 55 years of age or older.

§ 798.39.5. Fines and Forfeitures Not Chargeable
(a) The management shall not charge or impose upon a homeowner any fee or increase in rent which reflects the cost to the management of any fine, forfeiture, penalty, money damages, or fee assessed or awarded by a court of law against the management for a violation of this chapter, including any attorney’s fees and costs incurred by the management in connection therewith.
(b) A court shall consider the remoteness in time of the assessment or award against the management of any fine, forfeiture, penalty, money damages, or fee in determining whether the homeowner has met the burden of proof that the fee or increase in rent is in violation of this section.
(c) Any provision in a rental agreement entered into, renewed, or modified on or after January 1, 1995, that permits a fee or increase in rent that reflects the cost to the management of any money damages awarded against the management for a violation of this chapter shall be void.

Article 7 Transfer of Mobilehome or Mobilehome Park

§ 798.70. “For Sale” Signs
A homeowner, an heir, joint tenant, or personal representative of the estate who gains ownership of a mobilehome in the mobilehome park through the death of the owner of the mobilehome who was a homeowner at the time of his or her death, or the agent of any such person, may advertise the sale or exchange of his or her mobilehome, by displaying a sign in the window of the mobilehome, or by a sign posted on the side of the mobilehome facing the street, or by a sign in front of the mobilehome facing the street, stating that the mobilehome is for sale or exchange or, if not prohibited, for rent by the owner of the mobilehome or his or her agent. Any such person also may display a sign conforming to these requirements indicating that the mobilehome is on display for an “open house,” unless the park rules prohibit the display of an open house sign. The sign shall state the name, address, and telephone number of the owner of the mobilehome or his or her agent and the sign face shall not exceed 24 inches in width and 36 inches in height. Signs posted in front of a mobilehome pursuant to this section may be of an H–frame or A–frame design with the sign face perpendicular to, but not extending into, the street. Homeowners may attach to the sign or their mobilehome tubes or holders for leaflets which provide information on the mobilehome for sale, exchange, or rent.

§ 798.71. Management Showing or Listing –Prohibitions
(a)(1) The management may not show or list for sale a manufactured home or mobilehome without first obtaining the owner’s written authorization. The authorization shall specify the terms and conditions regarding the showing or listing.

(b) Management may require that a homeowner advise management in writing that his or her manufactured home or mobilehome is for sale. If management requires that a homeowner advise management in writing that his or her manufactured home or mobilehome is for sale, failure to comply with this requirement does not invalidate a transfer.

(c) The management shall prohibit neither the listing nor the sale of a manufactured home or mobilehome within the park by the homeowner, an heir, joint tenant, or personal representative of the estate who gains ownership of a manufactured home or mobilehome in the mobilehome park through the death of the owner of the manufactured home or mobilehome who was a homeowner at the time of his or her death, or the agent of any such person other than the management.

(d) The management shall not require the selling homeowner, or an heir, joint tenant, or personal representative of the estate who gains ownership of a manufactured home or mobilehome in the mobilehome park through the death of the owner of the manufactured home or mobilehome who was a homeowner at the time of his or her death, to authorize the management or any other specified broker, dealer, or person to act as the agent in the sale of a manufactured home or mobilehome as a condition of resale of the home in the park or of management’s approval of the buyer or prospective homeowner for residency in the park.

(e) Nothing in this section shall be construed as affecting the provisions of the Health and Safety Code governing the licensing of manufactured home or mobilehome salespersons or dealers.
§ 798.72. No Transfer or Selling Fee
(a) The management shall not charge a homeowner, an heir, joint tenant, or personal representative of the estate who gains ownership of a mobilehome in the mobilehome park through the death of the owner of the mobilehome who was a homeowner at the time of his or her death, or the agent of any such person a transfer or selling fee as a condition of a sale of his mobilehome within a park unless the management performs a service in the sale. The management shall not perform any such service in connection with the sale unless so requested, in writing, by the homeowner, an heir, joint tenant, or personal representative of the estate who gains ownership of a mobilehome in the mobilehome park through the death of the owner of the mobilehome who was a homeowner at the time of his or her death, or the agent of any such person.
(b) The management shall not charge a prospective homeowner or his or her agent, upon purchase of a mobilehome, a fee as a condition of approval for residency in a park unless the management performs a specific service in the sale. The management shall not impose a fee, other than for a credit check in accordance with subdivision (b) of Section 798.74, for an interview of a prospective homeowner.

§ 798.73. Removal of Mobilehome Upon Third Party Sale
The management shall not require the removal of a mobilehome from the park in the event of the sale of the mobilehome to a third party during the term of the homeowner’s rental agreement or in the 60 days following the initial notice required by paragraph (1) of subdivision (b) of Section 798.55. However, in the event of a sale to a third party, in order to upgrade the quality of the park, the management may require that a mobilehome be removed from the park where:
(a) It is not a “mobilehome” within the meaning of Section 798.3.
(b) It is more than 20 years old, or more than 25 years old if manufactured after September 15, 1971, and is 20 feet wide or more, and the mobilehome does not comply with the health and safety standards provided in Sections 18550, 18552, and 18605 of the Health and Safety Code and the regulations established thereunder, as determined following an inspection by the appropriate enforcement agency, as defined in Section 18207 of the Health and Safety Code.
(c) The mobilehome is more than 17 years old, or more than 25 years old if manufactured after September 15, 1971, and is less than 20 feet wide, and the mobilehome does not comply with the construction and safety standards under Sections 18550, 18552, and 18605 of the Health and Safety Code and the regulations established thereunder, as determined following an inspection by the appropriate enforcement agency, as defined in Section 18207 of the Health and Safety Code.
(d) It is in a significantly rundown condition or in disrepair, as determined by the general condition of the mobilehome and its acceptability to the health and safety of the occupants and to the public, exclusive of its age. The management shall use reasonable discretion in determining the general condition of the mobilehome and its accessory structures. The management shall bear the burden of demonstrating that the mobilehome is in a significantly rundown condition or in disrepair. The management of the park may not require repairs or improvements to the park space or property owned by the management, except for damage caused by the actions or negligence of the homeowner or an agent of the homeowner.
(e) The management shall not require a mobilehome to be removed from the park, pursuant to this section, unless the management has provided to the homeowner notice particularly specifying the condition that permits the removal of the mobilehome.

(Amended by SB 1498 (Senate Judiciary Committee), Ch. 179, Stat. 2008, eff. 1/1/09)

§ 798.73.5. Home Upgrades on Resale
(a) In the case of a sale or transfer of a mobilehome that will remain in the park, the management may only require repairs or improvements to the mobilehome, its appurtenances, or an accessory structure that meet all of the following conditions:
(1) Except as provided by Section 798.83, the repair or improvement is to the mobilehome, its appurtenances, or an accessory structure that is not owned and installed by the management.
(2) The repair or improvement is based upon or is required by a local ordinance or state statute or regulation relating to mobilehomes, or a rule or regulation of the mobilehome park that implements or enforces a local ordinance or a state statute or regulation relating to mobilehomes.
(3) The repair or improvement relates to the exterior of the mobilehome, its appurtenances, or an accessory structure that is not owned and installed by the management.
(b) The management, in the case of sale or transfer of a mobilehome that will remain in the park, shall provide a homeowner with a written summary of repairs or improvements that management requires to the mobilehome, its appurtenances, or an accessory structure that is not owned and installed by the management no later than 10 business days following the receipt of a request for this information, as part of the notice required by Section 798.59. This summary shall include specific references to park rules and regulations, local ordinances, and state statutes and regulations relating to mobilehomes upon which the request for repair or improvement is based.
(c) The provisions of this section enacted at the 1999–2000 Regular Session of the Legislature are declarative of existing law as they pertain to allowing park management to enforce park rules and regulations; these provisions specifically limit repairs and improvements that can be required of a homeowner by park management at the time of sale or transfer to the same repairs and improvements that can be required during any other time of a residency.
§ 798.74. Management Approval of Buyer; Credit Rating Refund

(a) The management may require the right of prior approval of a purchaser of a mobilehome that will remain in the park and that the selling homeowner or his or her agent give notice of the sale to the management before the close of the sale. Approval cannot be withheld if the purchaser has the financial ability to pay the rent and charges of the park unless the management reasonably determines that, based on the purchaser's prior tenancies, he or she will not comply with the rules and regulations of the park. In determining whether the purchaser has the financial ability to pay the rent and charges of the park, the management shall not require the purchaser to submit copies of any personal income tax returns in order to obtain approval for residency in the park. However, management may require the purchaser to document the amount and source of his or her gross monthly income or means of financial support.

Upon request of any prospective homeowner who proposes to purchase a mobilehome that will remain in the park, management shall inform that person of the information management will require in order to determine if the person will be acceptable as a homeowner in the park.

Within 15 business days of receiving all of the information requested from the prospective homeowner, the management shall notify the seller and the prospective homeowner, in writing, of either acceptance or rejection of the application, and the reason if rejected. During this 15–day period the prospective homeowner shall comply with the management's request, if any, for a personal interview. If the approval of a prospective homeowner is withheld for any reason other than those stated in this article, the management or owner may be held liable for all damages proximately resulting therefrom.

(b) If the management collects a fee or charge from a prospective purchaser of a mobilehome in order to obtain a financial report or credit rating, the full amount of the fee or charge shall be credited toward payment of the first month's rent for that mobilehome purchaser. If, for whatever reason, the prospective purchaser is rejected by the management, the management shall refund to the prospective purchaser the full amount of that fee or charge within 30 days from the date of rejection. If the prospective purchaser is approved by the management, but, for whatever reason, the prospective purchaser elects not to purchase the mobilehome, the management may retain the fee, or a portion thereof, to defray its administrative costs under this section.

§ 798.74.4. “Notice of Mobilehome Resale Disclosure to New Buyer”

The transfer or sale of a manufactured home or mobilehome in a mobilehome park is subject to the transfer disclosure requirements and provisions set forth in Article 1.5 (commencing with Section 1102) of Chapter 2 of Title 4 of Part 4 of the Civil Code. The requirements include, but are not limited to, the use of the Manufactured Home and Mobilehome Transfer Disclosure Statement set forth in Section 11 02.6d of the Civil Code.

§ 798.74.5. Rent Disclosure to Prospective Homeowners

(a) Within two business days of receiving a request from a prospective homeowner for an application for residency for a specific space within a mobilehome park, if the management has been advised that the mobilehome occupying that space is for sale, the management shall give the prospective homeowner a separate document in at least 12–point type entitled “INFORMATION FOR PROSPECTIVE HOMEOWNERS,” which includes the following statements:

“As a prospective homeowner you are being provided with certain information you should know prior to applying for tenancy in a mobilehome park. This is not meant to be a complete list of information.

Owning a home in a mobilehome park incorporates the dual role of “homeowner” (the owner of the home) and park resident or tenant (also called a "homeowner" in the Mobilehome Residency Law). As a homeowner under the Mobilehome Residency Law, you will be responsible for paying the amount necessary to rent the space for your home, in addition to other fees and charges described below. You must also follow certain rules and regulations to reside in the park.

If you are approved for tenancy, and your tenancy commences within the next 30 days, your beginning monthly rent will be $________ (must be completed by the management) for space number ___________ (must be completed by the management). Additional information regarding future rent or fee increases may also be provided.

In addition to the monthly rent, you will be obligated to pay to the park the following additional fees and charges listed below. Other fees or charges may apply depending upon your specific requests. Metered utility charges are based on use.

(Management shall describe the fee or charge and a good faith estimate of each fee or charge.)

Some spaces are governed by an ordinance, rule, regulation, or initiative measure that limits or restricts rents in mobilehome parks. Long–term leases specify rent increases during the term of the lease. By signing a rental agreement or lease for a term of more than one year, you may be removing your rental space from a local rent control ordinance during the term, or any extension, of the lease if a local rent control ordinance is in effect for the area in which the space is located.

A fully executed lease or rental agreement, or a statement signed by the park’s management and by you stating that you and the management have agreed to the terms and conditions of a rental agreement, is required to complete the sale or escrow process of the home. You have no rights to tenancy without a properly executed lease or agreement or that statement. (Civil Code Section 798.75)

If the management collects a fee or charge from you in order to obtain a financial report or credit rating, the full amount of the fee or charge will be either credited toward your first month’s rent or, if you are rejected for any
reason, refunded to you. However, if you are approved by management, but, for whatever reason, you elect not to purchase the mobilehome, the management may retain the fee to defray its administrative costs. (Civil Code Section 798.74)

We encourage you to request from management a copy of the lease or rental agreement, the park's rules and regulations, and a copy of the Mobilehome Residency Law. Upon request, park management will provide you a copy of each document. We urge you to read these documents before making the decision that you want to become a mobilehome park resident.

Acknowledge Receipt by Prospective Homeowner: ___________________________ 

(b) Management shall provide a prospective homeowner, upon his or her request, with a copy of the rules and regulations of the park and with a copy of this chapter.

(c) This section shall become operative on October 1, 2004.

§ 798.75. Rental Agreement Required for Park Occupancy

(a) An escrow, sale, or transfer agreement involving a mobilehome located in a park at the time of the sale, where the mobilehome is to remain in the park, shall contain a copy of either a fully executed rental agreement or a statement signed by the park's management and the prospective homeowner that the parties have agreed to the terms and conditions of a rental agreement.

(b) In the event the purchaser fails to execute the rental agreement, the purchaser shall not have any rights of tenancy.

(c) In the event that an occupant of a mobilehome has no rights of tenancy and is not otherwise entitled to occupy the mobilehome pursuant to this chapter, the occupant is considered an unlawful occupant if, after a demand is made for the surrender of the mobilehome park site, for a period of five days, the occupant refuses to surrender the site to the mobilehome park management. In the event the unlawful occupant fails to comply with the demand, the unlawful occupant shall be subject to the proceedings set forth in Chapter 4 (commencing with Section 1159) of Title 3 of Part 3 of the Code of Civil Procedure.

(d) The occupant of the mobilehome shall not be considered an unlawful occupant and shall not be subject to the provisions of subdivision (c) if all of the following conditions are present:

1. The occupant is the registered owner of the mobilehome.

2. The management has determined that the occupant has the financial ability to pay the rent and charges of the park; will comply with the rules and regulations of the park, based on the occupant's prior tenancies; and will comply with this article.

3. The management failed or refused to offer the occupant a rental agreement.

§ 798.75.5. Mobilehome Park Disclosure Form

(a) The management shall provide a prospective homeowner with a completed written disclosure form concerning the park described in subdivision (b) at least three days prior to execution of a rental agreement or statement signed by the park management and the prospective homeowner that the parties have agreed to the terms and conditions of the rental agreement. The management shall update the information on the disclosure form annually, or, in the event of a material change in the condition of the mobilehome park, at the time of the material change in that condition.

(b) The written disclosure form shall read as follows:

The management may require that a prospective purchaser comply with any rule or regulation limiting residency based on age requirements for housing for older persons, provided that the rule or regulation complies with the federal Fair Housing Act, as amended by Public Law 104–76, and implementing regulations.

§ 798.77. No Waiver of Rights
No rental or sale agreement shall contain a provision by which the purchaser or homeowner waives his or her rights under this chapter. Any such waiver shall be deemed contrary to public policy and shall be void and unenforceable.

§ 798.78. Rights of Heir or Joint Tenant of Owner
(a) An heir, joint tenant, or personal representative of the estate who gains ownership of a mobilehome in the mobilehome park through the death of the owner of the mobilehome who was a homeowner at the time of his or her death shall have the right to sell the mobilehome to a third party in accordance with the provisions of this article, but only if all the homeowner’s responsibilities and liabilities to the management regarding rent, utilities, and reasonable maintenance of the mobilehome and its premises which have arisen since the death of the homeowner have been satisfied as they have accrued pursuant to the rental agreement in effect at the time of the death of the homeowner up until the date the mobilehome is resold.

(b) In the event that the heir, joint tenant, or personal representative of the estate does not satisfy the requirements of subdivision (a) with respect to the satisfaction of the homeowner’s responsibilities and liabilities to the management which accrue pursuant to the rental agreement in effect at the time of the death of the homeowner, the management shall have the right to require the removal of the mobilehome from the park.

(c) Prior to the sale of a mobilehome by an heir, joint tenant, or personal representative of the estate, that individual may replace the existing mobilehome with another mobilehome, either new or used, or repair the existing mobilehome so that the mobilehome to be sold complies with health and safety standards provided in Sections 18550, 18552, and 18605 of the Health and Safety Code, and the regulations established thereunder. In the event the mobilehome is to be replaced, the replacement mobilehome shall also meet current standards of the park as contained in the park’s most recent written requirements issued to prospective homeowners.

(d) In the event the heir, joint tenant, or personal representative of the estate desires to establish a tenancy in the park, that individual shall comply with those provisions of this article which identify the requirements for a prospective purchaser of a mobilehome that remains in the park.

§ 798.79. Repossession of Mobilehome; Sale to Third Party
(a) Any legal owner or junior lienholder who forecloses on his or her security interest in a mobilehome located in a mobilehome park shall have the right to sell the mobilehome within the park to a third party in accordance with this article, but only if all of the homeowner’s responsibilities and liabilities to the management regarding rent, utilities, and reasonable maintenance of a mobilehome and its premises are satisfied by the foreclosing creditor as they accrue through the date the mobilehome is resold.

(b) In the event the legal owner or junior lienholder has received from the management a copy of the notice of termination of tenancy for nonpayment of rent or other charges, the foreclosing creditor’s right to sell the mobilehome within the park to a third party shall also be governed by Section 798.56a.

§ 798.81. Listing or Sales - Prohibitions
The management (1) shall not prohibit the listing or sale of a used mobilehome within the park by the homeowner, an heir, joint tenant, or personal representative of the estate who gains ownership of a mobilehome in the mobilehome park through the death of the owner of the mobilehome who was a homeowner at the time of his or her death, or the agent of any such person other than the management, (2) nor require the selling homeowner to authorize the management to act as the agent in the sale of a mobilehome as a condition of approval of the buyer or prospective homeowner for residency in the park.

§ 798.83. Homeowner Repair of the Space

Article 9 Subdivisions, Cooperatives, Condominiums, and Resident Owned Parks

§ 799.1. Rights Governed (Newly Amended)
(a) Except as provided in subdivision (b), this article shall govern the rights of a resident who has an ownership interest in the subdivision, cooperative, or condominium for mobilehomes, or a resident-owned mobilehome park in which his or her mobilehome is located or installed. In a subdivision, cooperative, or condominium for mobilehomes, or a resident-owned mobilehome park, Articles 1 (commencing with Section 798) to through Article 8 (commencing with Section 798.84), inclusive, shall apply only to a resident who does not have an ownership interest in the subdivision, cooperative, or condominium for mobilehomes, or the resident-owned mobilehome park, in which his or her mobilehome is located or installed.

(b) Notwithstanding subdivision (a), in a mobilehome park owned and operated by a nonprofit mutual benefit corporation, established pursuant to Section 11010.8 of the Business and Professions Code, whose members consist of park residents where there is no recorded condominium plan, tract, parcel map, or declaration, Article 1 (commencing with Section 798) to through Article 8 (commencing with Section 798.84) shall govern the rights of members who are residents that have a rental agreement with the corporation.
§ 799.1.5. Advertising of Home for Sale; "For Sale" Signs
A homeowner or resident, or an heir, joint tenant, or personal representative of the estate who gains ownership of a mobilehome through the death of the resident of the mobilehome who was a resident at the time of his or her death, or the agent of any of those persons, may advertise the sale or exchange of his or her mobilehome or, if not prohibited by the terms of an agreement with the management or ownership, may advertise the rental of his or her mobilehome by displaying a sign in the window of the mobilehome, or by a sign posted on the side of the mobilehome facing the street, or by a sign in front of the mobilehome facing the street, stating that the mobilehome is for sale or exchange or, if not prohibited, for rent by the owner of the mobilehome or his or her agent. Any such person also may display a sign conforming to these requirements indicating that the mobilehome is on display for an "open house," unless the park rules prohibit the display of an open house sign. The sign shall state the name, address, and telephone number of the owner of the mobilehome or his or her agent. The sign face may not exceed 24 inches in width and 36 inches in height. Signs posted in front of a mobilehome pursuant to this section may be of an H-frame or A-frame design with the sign face perpendicular to, but not extending into, the street. A homeowner or resident, or an heir, joint tenant, or personal representative of the estate who gains ownership of a mobilehome through the death of the resident of the mobilehome who was a resident at the time of his or her death, or the agent of any of those persons, may attach to the sign or their mobilehome tubes or holders for leaflets that provide information on the mobilehome for sale, exchange, or rent.

§ 799.2. Listing or Showing of Home by Park Management
The ownership or management shall not show or list for sale a mobilehome owned by a resident without first obtaining the resident’s written authorization. The authorization shall specify the terms and conditions regarding the showing or listing.

Nothing contained in this section shall be construed to affect the provisions of the Health and Safety Code governing the licensing of mobilehome salesmen.

§ 799.3. Removal of Mobilehome Upon Third Party Sale
The ownership or management shall not require the removal of a mobilehome from a subdivision, cooperative, or condominium for mobilehomes, or resident-owned mobilehome park in the event of its sale to a third party.

§ 799.4. Withholding Prior Approval of Purchaser
The ownership or management may require the right to prior approval of the purchaser of a mobilehome that will remain in the subdivision, cooperative, or condominium for mobilehomes, or resident-owned mobilehome park and that the selling resident, or his or her agent give notice of the sale to the ownership or management before the close of the sale. Approval cannot be withheld if the purchaser has the financial ability to pay the fees and charges of the subdivision, cooperative, or condominium for mobilehomes, or resident-owned mobilehome park unless the ownership or management reasonably determines that, based on the purchaser's prior residences, he or she will not comply with the rules and regulations of the subdivision, cooperative, or condominium for mobilehomes, or resident-owned mobilehome park.

§ 799.5. Senior Only Restrictions
The ownership or management may require that a purchaser of a mobilehome that will remain in the subdivision, cooperative, or condominium for mobile homes, or resident-owned mobilehome park comply with any rule or regulation limiting residency based on age requirements for housing for older persons, provided that the rule or regulation complies with the provisions of the federal Fair Housing Act, as amended by Public Law 104–76, and implementing regulations.

§ 799.9. Caregivers
(a) A homeowner may share his or her mobilehome with any person over 18 years of age or older if that person is providing live-in health care, live-in supportive care, or supervision to the homeowner pursuant to a written treatment plan prepared by the homeowner's physician and surgeon. A fee shall not be charged by management for that person. That person shall have no rights of tenancy in, and shall comply with the rules and regulations of, the subdivision, cooperative, or condominium for mobilehomes, or resident-owned mobilehome park.

(b) A senior homeowner who resides in a subdivision, cooperative, or condominium for mobile homes, or a resident-owned mobilehome park, that has implemented rules or regulations limiting residency based on age requirements for housing for older persons, pursuant to Section 799.5, may share his or her mobilehome with any person 18 years of age or older if this person is a parent, sibling, child, or grandchild of the senior homeowner and requires live-in health care, live-in supportive care, or supervision pursuant to a written treatment plan prepared by a physician and surgeon. A fee shall not be charged by management for that person. Unless otherwise agreed upon, the management shall not be required to manage, supervise, or provide for this person's care during his or her stay in the subdivision, cooperative or condominium for mobilehomes, or resident-owned mobilehome park. That person shall have no rights of tenancy in, and shall comply with the rules and regulations of, the subdivision, cooperative, or condominium for mobilehomes, or resident-owned mobilehome park. As used in this subdivision, “senior homeowner” means a homeowner or resident who is 55 years of age or older.

§ 799.11. Homeowners' Disabled Accommodations
The ownership or management shall not prohibit a homeowner or resident from installing accommodations for the disabled on the home or the site, lot, or space on which the mobilehome is located, including, but not limited to, ramps or handrails on the outside of the home, as long as the installation of those facilities complies with code, as determined by an enforcement agency, and those facilities are installed pursuant to a permit, if required for the installation, issued by the enforcement agency. The management may require that the accommodations installed pursuant to this section be removed by the current homeowner at the time the mobilehome is removed from the park or pursuant to a written agreement between the current homeowner and the management prior to the completion of the resale of the mobilehome in place in the park. This section is not exclusive and shall not be construed to condition, affect, or supersede any other provision of law or regulation relating to accessibility or accommodation for the disabled.

§ 1102. Transactions to which article applies; Waiver void as against public policy
(a) Except as provided in Section 1102.2, this article applies to any transfer by sale, exchange, installment land sale contract, as defined in Section 2985, lease with an option to purchase, any other option to purchase, or ground lease coupled with improvements, of real property or residential stock cooperative, improved with or consisting of not less than one nor more than four dwelling units.
(b) Except as provided in Section 1102.2, this article shall apply to a resale transaction entered into on or after January 1, 2000, for a manufactured home, as defined in Section 18007 of the Health and Safety Code, or a mobilehome, as defined in Section 18008 of the Health and Safety Code, which manufactured home or mobilehome is classified as personal property and intended for use as a residence.
(c) Any waiver of the requirements of this article is void as against public policy.

§ 1102.1. Legislative intent regarding use of disclosure statement
(a) In enacting Chapter 817 of the Statutes of 1994, it was the intent of the Legislature to clarify and facilitate the use of the real estate disclosure statement, as specified in Section 1102.6. The Legislature intended the statement to be used by transferors making disclosures required under this article and by agents making disclosures required by Section 2079 on the agent's portion of the real estate disclosure statement, in transfers subject to this article. In transfers not subject to this article, agents may make required disclosures in a separate writing. The Legislature did not intend to affect the existing obligations of the parties to a real estate contract, or their agents, to disclose any fact materially affecting the value and desirability of the property, including, but not limited to, the physical conditions of the property and previously received reports of physical inspections noted on the disclosure form set forth in Section 1102.6 or 1102.6a, and that nothing in this article shall be construed to change the duty of a real estate broker or salesperson pursuant to Section 2079.
(b) In enacting Chapter 677 of the Statutes of 1996, it was the intent of the Legislature to clarify and facilitate the use of the manufactured home and mobilehome transfer disclosure statement applicable to the resale of a manufactured home or mobilehome pursuant to subdivision (b) of Section 1102. The Legislature intended the statements to be used by transferors making disclosures required under this article and by agents making disclosures required by Section 2079 on the agent's portion of the disclosure statement and as required by Section 18046 of the Health and Safety Code on the dealer's portion of the manufactured home and mobilehome transfer disclosure statement, in transfers subject to this article. In transfers not subject to this article, agents may make required disclosures in a separate writing. The Legislature did not intend to affect the existing obligations of the parties to a real estate contract, or their agents, to disclose any fact materially affecting the value and desirability of the property, including, but not limited to, the physical conditions of the property and previously received reports of physical inspections noted on the disclosure form set forth in Section 1102.6 or 1102.6a or to affect the existing obligations of the parties to a manufactured home or mobilehome purchase contract, and nothing in this article shall be construed to change the duty of a real estate broker or salesperson pursuant to Section 2079 or the duty of a manufactured home or mobilehome dealer or salesperson pursuant to Section 18046 of the Health and Safety Code.
(c) It is the intent of the Legislature that manufactured home and mobilehome dealers and salespersons and real estate brokers and salespersons use the form provided pursuant to Section 1102.6d. It is also the intent of the Legislature for sellers of manufactured homes or mobilehomes who are neither manufactured home dealers or salespersons nor real estate brokers or salespersons to use the Manufactured Home/Mobilehome Transfer Disclosure Statement contained in Section 1102.6d.

(b) The delivery of any information required to be disclosed by this article to a prospective transferee by a public agency or other person providing information required to be disclosed pursuant to this article shall be deemed to comply with the requirements of this article and shall relieve the transferor or any listing or selling agent of any further duty under this article with respect to that item of information.
(c) The delivery of a report or opinion prepared by a licensed engineer, land surveyor, geologist, structural pest control operator, contractor, or other expert, dealing with matters within the scope of the professional's license or expertise, shall be sufficient compliance for application of the exemption provided by subdivision (a) if the information is provided to the prospective transferee pursuant to a request therefor, whether written or oral. In responding to such a request, an expert may indicate, in writing, an understanding that the information provided will be used in fulfilling the requirements of Section 1102.6 and, if so, shall indicate the required disclosures, or parts thereof, to which the information being furnished is applicable. § 1102.8. Effect of article on other required disclosures
The specification of items for disclosure in this article does not limit or abridge any obligation for disclosure created by any other provision of law or which may exist in order to avoid fraud, misrepresentation, or deceit in the transfer transaction.

§ 1102.9. Amendment of disclosure statement
Any disclosure made pursuant to this article may be amended in writing by the transferor or his or her agent, but the amendment shall be subject to Section 1102.3 or 1102.3a.
§ 1102.10. Means of delivering statement
Delivery of disclosures required by this article shall be by personal delivery to the transferee or by mail to the prospective transferee. For the purposes of this article, delivery to the spouse of a transferee shall be deemed delivery to the transferee, unless provided otherwise by contract.

§ 1102.11. Escrow agents
Any person or entity, other than a real estate licensee licensed pursuant to Part 1 (commencing with Section 10000) of Division 4 of the Business and Professions Code, acting in the capacity of an escrow agent for the transfer of real property subject to this article shall not be deemed the agent of the transferor or transferee for purposes of the disclosure requirements of this article, unless the person or entity is empowered to so act by an express written agreement to that effect. The extent of such an agency shall be governed by the written agreement.

§ 1102.12. Broker’s duties
(a) If more than one licensed real estate broker is acting as an agent in a transaction subject to this article, the broker who has obtained the offer made by the transferee shall, except as otherwise provided in this article, deliver the disclosure required by this article to the transferee, unless the transferor has given other written instructions for delivery.
(b) If a licensed real estate broker responsible for delivering the disclosures under this section cannot obtain the disclosure document required and does not have written assurance from the transferee that the disclosure has been received, the broker shall advise the transferee in writing of his or her rights to the disclosure. A licensed real estate broker responsible for delivering disclosures under this section shall maintain a record of the action taken to effect compliance in accordance with Section 10148 of the Business and Professions Code.

§ 1102.13. Failure to comply with article; Liability for damages
No transfer subject to this article shall be invalidated solely because of the failure of any person to comply with any provision of this article. However, any person who willfully or negligently violates or fails to perform any duty prescribed by any provision of this article shall be liable in the amount of actual damages suffered by a transferee.

§ 1102.14. “Listing agent”; “Selling agent”
(a) As used in this article, “listing agent” means listing agent as defined in subdivision (f) of Section 1086.
(b) As used in this article, “selling agent” means selling agent as defined in subdivision (g) of Section 1086, exclusive of the requirement that the agent be a participant in a multiple listing service as defined in Section 1087.

For purposes of this section, “former federal or state ordinance locations” means an area identified by an agency or instrumentality of the federal or state government as an area once used for military training purposes which may contain potentially explosive munitions. “Neighborhood area” means within one mile of the residential real property.
The disclosure required by this section does not limit or abridge any obligation for disclosure created by any other law or that may exist in order to avoid fraud, misrepresentation, or deceit in the transfer transaction.

§ 1102.16. Disclosure relating to window security bars
The disclosure of the existence of any window security bars and any safety release mechanism on those window security bars shall be made pursuant to Section 1102.6 or 1102.6a of the Civil Code.

Title 1.7 CONSUMER WARRANTIES

Chapter 1 Consumer Warranty Protection

§ 1790. Title
This chapter may be cited as the “Song–Beverly Consumer Warranty Act.”

§ 1790.1. Enforceability of waiver
Any waiver by the buyer of consumer goods of the provisions of this chapter, except as expressly provided in this chapter, shall be deemed contrary to public policy and shall be unenforceable and void.

§ 1790.2. Severability
If any provision of this chapter or the application thereof to any person or circumstance is held unconstitutional, such invalidity shall not affect other provisions or applications of this chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

§ 1790.3. Construction in case of conflict with Commercial Code
The provisions of this chapter shall not affect the rights and obligations of parties determined by reference to the Commercial Code except that, where the provisions of the Commercial Code conflict with the rights guaranteed to buyers of consumer goods under the provisions of this chapter, the provisions of this chapter shall prevail.

§ 1790.4. Cumulative remedies
The remedies provided by this chapter are cumulative and shall not be construed as restricting any remedy that is otherwise available, and, in particular, shall not be construed to supplant the provisions of the Unfair Practices Act.

The term excludes any single product with a wholesale price to the retail seller of less than fifty dollars ($50).

This section shall become operative on January 1, 2008.

§ 1791.1. “Implied warranty of merchantability”; “Implied warranty of fitness”

As used in this chapter:

(a) “Implied warranty of merchantability” or “implied warranty that goods are merchantable” means that the consumer goods meet each of the following:

(1) Pass without objection in the trade under the contract description.

(2) Are fit for the ordinary purposes for which such goods are used.

(3) Are adequately contained, packaged, and labeled.

(4) Conform to the promises or affirmations of fact made on the container or label.

(b) “Implied warranty of fitness” means (1) that when the retailer, distributor, or manufacturer has reason to know any particular purpose for which the consumer goods are required, and further, that the buyer is relying on the skill and judgment of the seller to select and furnish suitable goods, then there is an implied warranty that the goods shall be fit for such purpose and (2) that when there is a sale of an assistive device sold at retail in this state, then there is an implied warranty by the retailer that the device is specifically fit for the particular needs of the buyer.

(c) The duration of the implied warranty of merchantability and where present the implied warranty of fitness shall be coextensive in duration with an express warranty which accompanies the consumer goods, provided the duration of the express warranty is reasonable; but in no event shall such implied warranty have a duration of less than 60 days nor more than one year following the sale of new consumer goods to a retail buyer. Where no duration for an express warranty is stated with respect to consumer goods, or parts thereof, the duration of the implied warranty shall be the maximum period prescribed above.

(d) Any buyer of consumer goods injured by a breach of the implied warranty of merchantability and where applicable by a breach of the implied warranty of fitness has the remedies provided in Chapter 6 (commencing with Section 2601) and Chapter 7 (commencing with Section 2701) of Division 2 of the Commercial Code, and, in any action brought under such provisions, Section 1794 of this chapter shall apply.

§ 1791.2. “Express warranty”

(a) “Express warranty” means:

(1) A written statement arising out of a sale to the consumer of a consumer good pursuant to which the manufacturer, distributor, or retailer undertakes to preserve or maintain the utility or performance of the consumer good or provide compensation if there is a failure in utility or performance; or

(2) In the event of any sample or model, that the whole of the goods conforms to such sample or model.

(b) It is not necessary to the creation of an express warranty that formal words such as “warrant” or “guarantee” be used, but if such words are used then an express warranty is created. An affirmation merely of the value of the goods or a statement purporting to be merely an opinion or commendation of the goods does not create a warranty.
(c) Statements or representations such as expressions of general policy concerning customer satisfaction which are not subject to any limitation do not create an express warranty.

§ 1791.3. “As is”; “With all faults”
As used in this chapter, a sale “as is” or “with all faults” means that the manufacturer, distributor, and retailer disclaim all implied warranties that would otherwise attach to the sale of consumer goods under the provisions of this chapter.

Article 3 Sale Warranties

§ 1792. Implied warranty of merchantability
Unless disclaimed in the manner prescribed by this chapter, every sale of consumer goods that are sold at retail in this state shall be accompanied by the manufacturer’s and the retail seller’s implied warranty that the goods are merchantable. The retail seller shall have a right of indemnity against the manufacturer in the amount of any liability under this section.

§ 1792.1. Manufacturer’s implied warranty of fitness for particular purpose
Every sale of consumer goods that are sold at retail in this state by a manufacturer who has reason to know at the time of the retail sale that the goods are required for a particular purpose and that the buyer is relying on the manufacturer’s skill or judgment to select or furnish suitable goods shall be accompanied by such manufacturer’s implied warranty of fitness.

§ 1792.2. Retailer’s or distributor’s implied warranty of fitness for particular purpose
(a) Every sale of consumer goods that are sold at retail in this state by a retailer or distributor who has reason to know at the time of the retail sale that the goods are required for a particular purpose, and that the buyer is relying on the retailer’s or distributor’s skill or judgment to select or furnish suitable goods shall be accompanied by such retailer’s or distributor’s implied warranty that the goods are fit for that purpose.
(b) Every sale of an assistive device sold at retail in this state shall be accompanied by the retail seller’s implied warranty that the device is specifically fit for the particular needs of the buyer.

§ 1792.3. Waiver of implied warranties
No implied warranty of merchantability and, where applicable, no implied warranty of fitness shall be waived, except in the case of a sale of consumer goods on an “as is” or “with all faults” basis where the provisions of this chapter affecting “as is” or “with all faults” sales are strictly complied with.

§ 1792.4. Disclaimer of implied warranty
(a) No sale of goods, governed by the provisions of this chapter, on an “as is” or “with all faults” basis, shall be effective to disclaim the implied warranty of merchantability or, where applicable, the implied warranty of fitness, unless a conspicuous writing is attached to the goods which clearly informs the buyer, prior to the sale, in simple and concise language of each of the following:
(1) The goods are being sold on an “as is” or “with all faults” basis.
(2) The entire risk as to the quality and performance of the goods is with the buyer.
(3) Should the goods prove defective following their purchase, the buyer and not the manufacturer, distributor, or retailer assumes the entire cost of all necessary servicing or repair.
(b) In the event of sale of consumer goods by means of a mail order catalog, the catalog offering such goods shall contain the required writing as to each item so offered in lieu of the requirement of notification prior to the sale.

§ 1792.5. “As is” sales
Every sale of goods that are governed by the provisions of this chapter, on an “as is” or “with all faults” basis, made in compliance with the provisions of this chapter, shall constitute a waiver by the buyer of the implied warranty of merchantability and, where applicable, of the implied warranty of fitness.

§ 1793. Express warranties
Except as provided in Section 1793.02, nothing in this chapter shall affect the right of the manufacturer, distributor, or retailer to make express warranties with respect to consumer goods. However, a manufacturer, distributor, or retailer, in transacting a sale in which express warranties are given, may not limit, modify, or disclaim the implied warranties guaranteed by this chapter to the sale of consumer goods.

§ 1793.03. Manufacturers of consumer electronics or appliances making express warranties; Availability of service literature and parts
(a) Every manufacturer making an express warranty with respect to an electronic or appliance product described in subdivision (h), (i), (j), or (k) of Section 9801 of the Business and Professions Code, with a wholesale price to the retailer of not less than fifty dollars ($50) and not more than ninety–nine dollars and ninety–nine cents ($99.99), shall make available to service and repair facilities sufficient service literature and functional parts to effect the repair of a product for at least three years after the date a product model or type was manufactured, regardless of whether the three–year period exceeds the warranty period for the product.
(b) Every manufacturer making an express warranty with respect to an electronic or appliance product described in subdivision (h), (i), (j), or (k) of Section 9801 of the Business and Professions Code, with a wholesale price to the retailer of one hundred dollars ($100) or more, shall make available to service and repair facilities sufficient service literature and functional parts to effect the repair of a product for at least seven years after the date a product model or type was manufactured, regardless of whether the seven–year period exceeds the warranty period for the product.
§ 1793.1. Form of express warranties; Requirements on distribution of warranty or product registration card or form, or electronic online warranty or product registration forms

(a)(1) Every manufacturer, distributor, or retailer making express warranties with respect to consumer goods shall fully set forth those warranties in simple and readily understood language, which shall clearly identify the party making the express warranties, and which shall conform to the federal standards for disclosure of warranty terms and conditions set forth in the federal Magnuson–Moss Warranty–Federal Trade Commission Improvement Act (15 U.S.C. Sec. 2301 et seq.), and in the regulations of the Federal Trade Commission adopted pursuant to the provisions of that act. If the manufacturer, distributor, or retailer provides a warranty or product registration card or form, or an electronic online warranty or product registration form, to be completed and returned by the consumer, the card or form shall contain statements, each displayed in a clear and conspicuous manner, that do all of the following:

(A) Informs the consumer that the card or form is for product registration.

(B) Informs the consumer that failure to complete and return the card or form does not diminish his or her warranty rights.

(2) Every work order or repair invoice for warranty repairs or service shall clearly and conspicuously incorporate in 10–point boldface type the following statement either on the face of the work order or repair invoice, or on the reverse side, or on an attachment to the work order or repair invoice: “A buyer of this product in California has the right to have this product serviced or repaired during the warranty period. The warranty period will be extended for the number of whole days that the product has been out of the buyer's hands for warranty repairs. If a defect exists within the warranty period, the warranty will not expire until the defect has been fixed. The warranty period will also be extended if the warranty repairs have not been performed due to delays caused by circumstances beyond the control of the buyer, or if the warranty repairs did not remedy the defect and the buyer notifies the manufacturer or seller of the failure of the repairs within 60 days after they were completed. If, after a reasonable number of attempts, the defect has not been fixed, the buyer may return this product for a replacement or a refund subject, in either case, to deduction of a reasonable charge for usage. This time extension does not affect the protections or remedies the buyer has under other laws.”

If the required notice is placed on the reverse side of the work order or repair invoice, the face of the work order or repair invoice shall include the following notice in 10–point boldface type: “Notice to Consumer: Please read important information on back.”

A copy of the work order or repair invoice and any attachment shall be presented to the buyer at the time that warranty service or repairs are made.

(b) No warranty or product registration card or form, or an electronic online warranty or product registration form, may be labeled as a warranty registration or a warranty confirmation.

(c) The requirements imposed by this section on the distribution of any warranty or product registration card or form, or an electronic online warranty or product registration form, shall become effective on January 1, 2004.

(d) This section does not apply to any warranty or product registration card or form that was printed prior to January 1, 2004, and was shipped or included with a product that was placed in the stream of commerce prior to January 1, 2004.

(e) Every manufacturer, distributor, or retailer making express warranties and who elects to maintain service and repair facilities within this state pursuant to this chapter shall perform one or more of the following:

(1) At the time of sale, provide the buyer with the name and address of each service and repair facility within this state.

(2) At the time of the sale, provide the buyer with the name and address and telephone number of a service and repair facility central directory within this state, or the toll–free telephone number of a service and repair facility central directory outside this state. It shall be the duty of the central directory to provide, upon inquiry, the name and address of the authorized service and repair facility nearest the buyer.

(3) Maintain at the premises of retail sellers of the warrantor's consumer goods a current listing of the warrantor’s authorized service and repair facilities, or retail sellers to whom the consumer goods are to be returned for service and repair, whichever is applicable, within this state. It shall be the duty of every retail seller provided with that listing to provide, on inquiry, the name, address, and telephone number of the nearest authorized service and repair facility, or the retail seller to whom the consumer goods are to be returned for service and repair, whichever is applicable.

§ 1793.2. Duties of manufacturer making express warranty

(a) Every manufacturer of consumer goods sold in this state and for which the manufacturer has made an express warranty shall:

(1)(A) Maintain in this state sufficient service and repair facilities reasonably close to all areas where its consumer goods are sold to carry out the terms of those warranties or designate and authorize in this state as service and repair facilities independent repair or service facilities reasonably close to all areas where its consumer goods are sold to carry out the terms of the warranties.

(B) As a means of complying with this paragraph, a manufacturer may enter into warranty service contracts with independent service and repair facilities. The warranty service contracts may provide for a fixed schedule of rates to be charged for warranty service or warranty repair work. However, the rates fixed by those contracts shall be in conformity with the requirements of subdivision (c) of Section 1793.3. The rates established pursuant to subdivision (c) of Section 1793.3, between the manufacturer and the independent service and repair facility, do not preclude a good faith discount manufactured, regardless of whether the seven–year period exceeds the warranty period for the product.
CALIFORNIA CIVIL CODE <Excerpts>

that is reasonably related to reduced credit and general overhead cost factors arising from the manufacturer’s payment of warranty charges direct to the independent service and repair facility. The warranty service contracts authorized by this paragraph may not be executed to cover a period of time in excess of one year, and may be renewed only by a separate, new contract or letter of agreement between the manufacturer and the independent service and repair facility.

(2) In the event of a failure to comply with paragraph (1) of this subdivision, be subject to Section 1793.5.

(3) Make available to authorized service and repair facilities sufficient service literature and replacement parts to effect repairs during the express warranty period.

(b) Where those service and repair facilities are maintained in this state and service or repair of the goods is necessary because they do not conform with the applicable express warranties, service and repair shall be commenced within a reasonable time by the manufacturer or its representative in this state. Unless the buyer agrees in writing to the contrary, the goods shall be serviced or repaired so as to conform to the applicable warranties within 30 days. Delay caused by conditions beyond the control of the manufacturer or its representatives shall serve to extend this 30-day requirement. Where delay arises, conforming goods shall be tendered as soon as possible following termination of the condition giving rise to the delay.

(c) The buyer shall deliver nonconforming goods to the manufacturer’s service and repair facility within this state, unless, due to reasons of size and weight, or method of attachment, or method of installation, or nature of the nonconformity, delivery cannot reasonably be accomplished. If the buyer cannot return the nonconforming goods for any of these reasons, he or she shall notify the manufacturer or its nearest service and repair facility within the state. Written notice of nonconformity to the manufacturer or its service and repair facility shall constitute return of the goods for purposes of this section. Upon receipt of that notice of nonconformity, the manufacturer shall, at its option, service or repair the goods at the buyer’s residence, or pick up the goods for service and repair, or arrange for transporting the goods to its service and repair facility. All reasonable costs of transporting the goods when a buyer cannot return them for any of the above reasons shall be at the manufacturer’s expense. The reasonable costs of transporting nonconforming goods after delivery to the service and repair facility until return of the goods to the buyer shall be at the manufacturer’s expense.

(d) (1) Except as provided in paragraph (2), if the manufacturer or its representative in this state does not service or repair the goods to conform to the applicable express warranties after a reasonable number of attempts, the manufacturer shall either replace the goods or reimburse the buyer in an amount equal to the purchase price paid by the buyer, less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(2) If the manufacturer or its representative in this state is unable to service or repair a new motor vehicle, as that term is defined in paragraph (2) of subdivision (e) of Section 1793.22, to conform to the applicable express warranties after a reasonable number of attempts, the manufacturer shall either promptly replace the new motor vehicle in accordance with subparagraph (A) or promptly make restitution to the buyer in accordance with subparagraph (B). However, the buyer shall be free to elect restitution in lieu of replacement, and in no event shall the buyer be required by the manufacturer to accept a replacement vehicle.

(A) In the case of replacement, the manufacturer shall replace the buyer’s vehicle with a new motor vehicle substantially identical to the vehicle replaced. The replacement vehicle shall be accompanied by all express and implied warranties that normally accompany new motor vehicles of that specific kind. The manufacturer also shall pay for, or to, the buyer the amount of any sales or use tax, license fees, registration fees, and other official fees which the buyer is obligated to pay in connection with the replacement, plus any incidental damages to which the buyer is entitled under Section 1794, including, but not limited to, reasonable repair, towing, and rental car costs actually incurred by the buyer.

(B) In the case of restitution, the manufacturer shall make restitution in an amount equal to the actual price paid or payable by the buyer, including any charges for transportation and manufacturer–installed options, but excluding nonmanufacturer items installed by a dealer or the buyer, and including any collateral charges such as sales tax, license fees, registration fees, and other official fees, plus any incidental damages to which the buyer is entitled under Section 1794, including, but not limited to, reasonable repair, towing, and rental car costs actually incurred by the buyer.

(C) When the manufacturer replaces the new motor vehicle pursuant to subparagraph (A), the buyer shall only be liable to pay the manufacturer an amount directly attributable to use by the buyer of the replaced vehicle prior to the time the buyer first delivered the vehicle to the manufacturer or distributor, or its authorized service and repair facility for correction of the problem that gave rise to the nonconformity. When restitution is made pursuant to subparagraph (B), the amount to be paid by the manufacturer to the buyer may be reduced by the manufacturer by that amount directly attributable to use by the buyer prior to the time the buyer first delivered the vehicle to the manufacturer or distributor, or its authorized service and repair facility for correction of the problem that gave rise to the nonconformity. Nothing in this paragraph shall in any way limit the rights or remedies available to the buyer under any other law.

(e)(1) If the goods cannot practicably be serviced or repaired by the manufacturer or its representative to conform to the applicable express warranties because of the method of installation or because the goods have become so affixed to real property as to become a part thereof, the manufacturer shall either replace and install the goods or reimburse the buyer in an amount equal to the purchase price paid by the buyer, including installation costs, less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(2) With respect to claims arising out of deficiencies in the construction of a new residential dwelling, paragraph (1)
shall not apply to either of the following:
(A) A product that is not a manufactured product, as defined in subdivision (g) of Section 896.
(B) A claim against a person or entity that is not the manufacturer that originally made the express warranty for that manufactured product.

§ 1793.3. Failure to provide service facility in conjunction with express warranty

If the manufacturer of consumer goods sold in this state for which the manufacturer has made an express warranty does not provide service and repair facilities within this state pursuant to subdivision (a) of Section 1793.2, or does not make available to authorized service and repair facilities service literature and replacement parts sufficient to effect repair during the express warranty period, the buyer of such manufacturer’s nonconforming goods may follow the course of action prescribed in either subdivision (a), (b), or (c), below, as follows:

(a) Return the nonconforming consumer goods to the retail seller thereof. The retail seller shall do one of the following:
   (1) Service or repair the nonconforming goods to conform to the applicable warranty.
   (2) Direct the buyer to a reasonably close independent repair or service facility willing to accept service or repair under this section.
   (3) Replace the nonconforming goods with goods that are identical or reasonably equivalent to the warranted goods.
   (4) Refund to the buyer the original purchase price less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(b) Return the nonconforming consumer goods to any retail seller of like goods of the same manufacturer within this state who may do one of the following:
   (1) Service or repair the nonconforming goods to conform to the applicable warranty.
   (2) Direct the buyer to a reasonably close independent repair or service facility willing to accept service or repair under this section.
   (3) Replace the nonconforming goods with goods that are identical or reasonably equivalent to the warranted goods.
   (4) Refund to the buyer the original purchase price less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(c) Secure the services of an independent repair or service facility for the service or repair of the nonconforming consumer goods, when service or repair of the goods can be economically accomplished. In that event the manufacturer shall be liable to the buyer, or to the independent repair or service facility upon an assignment of the buyer’s rights, for the actual and reasonable cost of service and repair, including any cost for parts and any reasonable cost of transporting the goods or parts, plus a reasonable profit. It shall be a rebuttable presumption affecting the burden of producing evidence that the reasonable cost of service or repair is an amount equal to that which is charged by the independent service dealer for like services or repairs rendered to service or repair customers who are not entitled to warranty protection. Any waiver of the liability of a manufacturer shall be void and unenforceable.

The course of action prescribed in this subdivision shall be available to the buyer only after the buyer has followed the course of action prescribed in either subdivision (a) or (b) and such course of action has not furnished the buyer with appropriate relief. In no event, shall the provisions of this subdivision be available to the buyer with regard to consumer goods with a wholesale price to the retailer of less than fifty dollars ($50). In no event shall the buyer be responsible or liable for service or repair costs charged by the independent repair or service facility which accepts service or repair of nonconforming consumer goods under this section. Such independent repair or service facility shall only be authorized to hold the manufacturer liable for such costs.

(d) A retail seller to which any nonconforming consumer good is returned pursuant to subdivision (a) or (b) shall have the option of providing service or repair itself or directing the buyer to a reasonably close independent repair or service facility willing to accept service or repair under this section. In the event the retail seller directs the buyer to an independent repair or service facility, the manufacturer shall be liable for the reasonable cost of repair services in the manner provided in subdivision (c).

(e) In the event a buyer is unable to return nonconforming goods to the retailer due to reasons of size and weight, or method of attachment, or method of installation, or nature of the nonconformity, the buyer shall give notice of the nonconformity to the retailer. Upon receipt of such notice of nonconformity the retailer shall, at its option, service or repair the goods at the buyer’s residence, or pick up the goods for service or repair, or arrange for transporting the goods to its place of business. The reasonable costs of transporting the goods shall be at the retailer’s expense. The retailer shall be entitled to recover all such reasonable costs of transportation from the manufacturer pursuant to Section 1793.5. The reasonable costs of transporting nonconforming goods after delivery to the retailer until return of the goods to the buyer, when incurred by a retailer, shall be recoverable from the manufacturer pursuant to Section 1793.5. Written notice of nonconformity to the retailer shall constitute return of the goods for the purposes of subdivisions (a) and (b).

(f) The manufacturer of consumer goods with a wholesale price to the retailer of fifty dollars ($50) or more for which the manufacturer has made express warranties shall provide written notice to the buyer of the courses of action available to him under subdivision (a), (b), or (c).

§ 1793.4. Time to exercise option for service of item under express warranty

Where an option is exercised in favor of service and repair under Section 1793.3, such service and repair must be

commenced within a reasonable time, and, unless the buyer agrees in writing to the contrary, goods conforming to the applicable express warranties shall be tendered within 30 days. Delay caused by conditions beyond the control of the retail seller or his representative shall serve to extend this 30–day requirement. Where such a delay arises, conforming goods shall be tendered as soon as possible following termination of the condition giving rise to the delay.

§ 1793.5. Liability of manufacturer making express warranties for failure to maintain service facilities

Every manufacturer making express warranties who does not provide service and repair facilities within this state pursuant to subdivision (a) of Section 1793.2 shall be liable as prescribed in this section to every retail seller of such manufacturer’s goods who incurs obligations in giving effect to the express warranties that accompany such manufacturer’s consumer goods. The amount of such liability shall be determined as follows:

(a) In the event of replacement, in an amount equal to the actual cost to the retail seller of the replaced goods, and cost of transporting the goods, if such costs are incurred plus a reasonable handling charge.

(b) In the event of service and repair, in an amount equal to that which would be received by the retail seller for like service rendered to retail consumers who are not entitled to warranty protection, including actual and reasonable costs of the service and repair and the cost of transporting the goods, if such costs are incurred, plus a reasonable profit.

(c) In the event of reimbursement under subdivision (a) of Section 1793.3, in an amount equal to that reimbursed to the buyer, plus a reasonable handling charge.

§ 1793.6. Manufacturer’s liability to independent serviceman performing services or incurring obligations on express warranties

Except as otherwise provided in the terms of a warranty service contract, as specified in subdivision (a) of Section 1793.2, entered into between a manufacturer and an independent service and repair facility, every manufacturer making express warranties whose consumer goods are sold in this state shall be liable as prescribed in this section to every independent serviceman who performs services or incurs obligations in giving effect to the express warranties that accompany such manufacturer’s consumer goods whether the independent serviceman is acting as an authorized service and repair facility designated by the manufacturer pursuant to paragraph (1) of subdivision (a) of Section 1793.2 or is acting as an independent serviceman pursuant to subdivisions (c) and (d) of Section 1793.3. The amount of such liability shall be an amount equal to the actual and reasonable costs of the service and repair, including any cost for parts and any reasonable cost of transporting the goods or parts, plus a reasonable profit. It shall be a rebuttable presumption affecting the burden of producing evidence that the reasonable cost of service or repair is an amount equal to that which is charged by the independent serviceman for like services or repairs rendered to service or repair customers who are not entitled to warranty protection. Any waiver of the liability of a manufacturer shall be void and unenforceable.

§ 1794. Buyer’s damages, penalties and fees

(a) Any buyer of consumer goods who is damaged by a failure to comply with any obligation under this chapter or under an implied or express warranty or service contract may bring an action for the recovery of damages and other legal and equitable relief.

(b) The measure of the buyer’s damages in an action under this section shall include the rights of replacement or reimbursement as set forth in subdivision (d) of Section 1793.2, and the following:

(1) Where the buyer has rightfully rejected or justifiably revoked acceptance of the goods or has exercised any right to cancel the sale, Sections 2711, 2712, and 2713 of the Commercial Code shall apply.

(2) Where the buyer has accepted the goods, Sections 2714 and 2715 of the Commercial Code shall apply, and the measure of damages shall include the cost of repairs necessary to make the goods conform.

(c) If the buyer establishes that the failure to comply was willful, the judgment may include, in addition to the amounts recovered under subdivision (a), a civil penalty which shall not exceed two times the amount of actual damages. This subdivision shall not apply in any class action under Section 382 of the Code of Civil Procedure or under Section 1781, or with respect to a claim based solely on a breach of an implied warranty.

(d) If the buyer prevails in an action under this section, the buyer shall be allowed by the court to recover as part of the judgment a sum equal to the aggregate amount of costs and expenses, including attorney’s fees based on actual time expended, determined by the court to have been reasonably incurred by the buyer in connection with the commencement and prosecution of such action.

(e)(1) Except as otherwise provided in this subdivision, if the buyer establishes a violation of paragraph (2) of subdivision (d) of Section 1793.2, the buyer shall recover damages and reasonable attorney’s fees and costs, and may recover a civil penalty of up to two times the amount of damages.

(2) If the manufacturer maintains a qualified third–party dispute resolution process which substantially complies with Section 1793.22, the manufacturer shall not be liable for any civil penalty pursuant to this subdivision.

(3) After the occurrence of the events giving rise to the presumption established in subdivision (b) of Section 1793.22, the buyer may serve upon the manufacturer a written notice requesting that the manufacturer comply with paragraph (2) of subdivision (d) of Section 1793.2. If the buyer fails to serve the notice, the manufacturer shall not be liable for a civil penalty pursuant to this subdivision.

(4) If the buyer serves the notice described in paragraph (3) and the manufacturer complies with paragraph (2) of subdivision (d) of Section 1793.2 within 30 days of the service of that notice, the manufacturer shall not be liable for a civil penalty pursuant to this subdivision.

(5) If the buyer recovers a civil penalty under subdivision (c), the buyer may not also recover a civil penalty under this subdivision for the same violation.
§ 1794.1. Seller's and serviceman's damages
(a) Any retail seller of consumer goods injured by the willful or repeated violation of the provisions of this chapter may bring an action for the recovery of damages. Judgment may be entered for three times the amount at which the actual damages are assessed plus reasonable attorney fees.
(b) Any independent serviceman of consumer goods injured by the willful or repeated violation of the provisions of this chapter may bring an action for the recovery of damages. Judgment may be entered for three times the amount at which the actual damages are assessed plus reasonable attorney fees.

§ 1794.3. Effect of unauthorized or unreasonable use of goods
The provisions of this chapter shall not apply to any defect or nonconformity in consumer goods caused by the unauthorized or unreasonable use of the goods following sale.

§ 1794.4. Service contract in lieu of warranty
(a) Nothing in this chapter shall be construed to prevent the sale of a service contract to the buyer in addition to or in lieu of an express warranty if that contract fully and conspicuously discloses in simple and readily understood language the terms, conditions, and exclusions of that contract, provided that nothing in this section shall apply to a home protection contract issued by a home protection company that is subject to Part 7 (commencing with Section 12740) of Division 2 of the Insurance Code.
(b) Except as otherwise expressly provided in the service contract, every service contract shall obligate the service contractor to provide to the buyer of the product all of the services and functional parts that may be necessary to maintain proper operation of the entire product under normal operation and service for the duration of the service contract and without additional charge.
(c) The service contract shall contain all of the following items of information:
(1) A clear description and identification of the covered product.
(2) The point in time or event when the term of the service contract commences, and its duration measured by elapsed time or an objective measure of use.
(3) If the enforceability of the service contract is limited to the original buyer or is limited to persons other than every consumer owner of the covered product during the term of the service contract, a description of the limits on transfer or assignment of the service contract.
(4) A statement of the general obligation of the service contractor in the same language set forth in subdivision (b), with equally clear and conspicuous statements of the following:
(A) Any services, parts, characteristics, components, properties, defects, malfunctions, causes, conditions, repairs, or remedies that are excluded from the scope of the service contract.
(B) Any other limits on the application of the language in subdivision (b) such as a limit on the total number of service calls.
(C) Any additional services that the service contractor will provide.
(D) Whether the obligation of the service contractor includes preventive maintenance and, if so, the nature and frequency of the preventive maintenance that the service contractor will provide.
(E) Whether the buyer has an obligation to provide preventive maintenance or perform any other obligations and, if so, the nature and frequency of the preventive maintenance and of any other obligations, and the consequences of any noncompliance.
(5) A step–by–step explanation of the procedure that the buyer should follow in order to obtain performance of any obligation under the service contract including the following:
(A) The full legal and business name of the service contractor.
(B) The mailing address of the service contractor.
(C) The persons or class of persons that are authorized to perform service.
(D) The name or title and address of any agent, employee, or department of the service contractor that is responsible for the performance of any obligations.
(E) The method of giving notice to the service contractor of the need for service.
(F) Whether in–home service is provided or, if not, whether the costs of transporting the product, for service or repairs will be paid by the service contractor.
(G) If the product must be transported to the service contractor, either the place where the product may be delivered for service or repairs or a toll–free telephone number that the buyer may call to obtain that information.
(H) All other steps that the buyer must take to obtain service.
(I) All fees, charges, and other costs that the buyer must pay to obtain service.
(6) An explanation of the steps that the service contractor will take to carry out its obligations under the service contract.
(7) A description of any right to cancel the contract if the buyer returns the product or the product is sold, lost, stolen, or destroyed, or, if there is no right to cancel or the right to cancel is limited, a statement of the fact.
(8) Information respecting the availability of any informal dispute settlement process.
(d) Subdivisions (b) and (c) are applicable to service contracts on new or used home appliances and home electronic products entered into on or after July 1, 1989. They are applicable to service contracts on all other new or used products entered into on and after July 1, 1991.
(e) This section shall become operative on January 1, 2008.
§ 1794.41. Vehicle, home appliance, or home electronic product service contract; Requirements; Applicability; Conflicts with insurance provisions

(a) No service contract covering any motor vehicle, home appliance or home electronic product purchased for use in this state may be offered for sale or sold unless all of the following elements exist:

(1) The contract shall contain the disclosures specified in Section 1794.4 and shall disclose in the manner described in that section the buyer’s cancellation and refund rights provided by this section.

(2) The contract shall be available for inspection by the buyer prior to purchase and either the contract, or a brochure which specifically describes the terms, conditions, and exclusions of the contract, and the provisions of this section relating to contract delivery, cancellation, and refund, shall be delivered to the buyer at or before the time of purchase of the contract. Within 60 days after the date of purchase, the contract itself shall be delivered to the buyer. If a service contract for a home appliance or a home electronic product is sold by means of a telephone solicitation, the seller may elect to satisfy the requirements of this paragraph by mailing or delivering the contract to the buyer not later than 30 days after the date of the sale of the contract.

(3) The contract is applicable only to items, costs, and time periods not covered by the express warranty. However, a service contract may run concurrently with or overlap an express warranty if (A) the contract covers items or costs not covered by the express warranty or (B) the contract provides relief to the purchaser not available under the express warranty, such as automatic replacement of a product where the express warranty only provides for repair.

(4) The contract shall be cancelable by the purchaser under the following conditions:

(A) Unless the contract provides for a longer period, within the first 60 days after receipt of the contract, or with respect to a contract covering a used motor vehicle without manufacturer warranties, a home appliance, or a home electronic product, within the first 30 days after receipt of the contract, the full amount paid shall be refunded by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract, and if no claims have been made against the contract. If a claim has been made against the contract either within the first 60 days after receipt of the contract, or with respect to a used motor vehicle without manufacturer warranties, home appliance, or home electronic product, within the first 30 days after receipt of the contract, a pro rata refund, based on either elapsed time or an objective measure of use, such as mileage or the retail value of any service performed, at the seller’s option as indicated in the contract, shall be made by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract.

(B) Unless the contract provides for a longer period for obtaining a full refund, after the first 60 days after receipt of the contract, or with respect to a contract covering a used motor vehicle without manufacturer warranties, a home appliance, or a home electronic product, after the first 30 days after receipt of the contract, a pro rata refund, based on either elapsed time or an objective measure of use, such as mileage or the retail value of any service performed, at the seller’s option as indicated in the contract, shall be made by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract. In addition, the seller may assess a cancellation or administrative fee, not to exceed 10 percent of the price of the service contract or twenty-five dollars ($25), whichever is less.

(C) If the purchase of the service contract was financed, the seller may make the refund payable to the purchaser, the assignee, or lender of record, or both.

(b) Nothing in this section shall apply to a home protection plan that is issued by a home protection company which is subject to Part 7 (commencing with Section 12740) of Division 2 of the Insurance Code.

(c) The amendments to this section made at the 1988 portion of the 1987–88 Regular Session of the Legislature that extend the application of this section to service contracts on home appliances and home electronic products shall become operative on July 1, 1989.

(d) If any provision of this section conflicts with any provision of Part 8 (commencing with Section 12800) of Division 2 of the Insurance Code, the provision of the Insurance Code shall apply instead of this section.

§ 1794.5. Alternative suggestions for repair of item under express warranty

The provisions of this chapter shall not preclude a manufacturer making express warranties from suggesting methods of effecting service and repair, in accordance with the terms and conditions of the express warranties, other than those required by this chapter.

§ 1795. Liability of nonmanufacturer making express warranty

If express warranties are made by persons other than the manufacturer of the goods, the obligation of the person making such warranties shall be the same as that imposed on the manufacturer under this chapter.

§ 1795.1. Application of chapter to components of air conditioning system

This chapter shall apply to any equipment or mechanical, electrical, or thermal component of a system designed to heat, cool, or otherwise condition air, but, with that exception, shall not apply to the system as a whole where such a system becomes a fixed part of a structure.

§ 1795.4. Rules applicable to leases of consumer goods

For the purposes of this chapter only, the following rules apply to leases of both new and used consumer goods:

(a) If express warranties are regularly furnished to purchasers of substantially the same kind of goods, (1) those warranties will be deemed to apply to the leased goods and (2) the lessor and lessee shall each be deemed to be the first purchaser of the goods for the purpose of any warranty provision limiting warranty benefits to the original purchaser.
(b) The lessee of goods has the same rights under this chapter against the manufacturer and any person making express warranties that the lessee would have had under this chapter if the goods had been purchased by the lessee, and the manufacturer and any person making express warranties have the same duties and obligations under this chapter with respect to the goods that such manufacturer and other person would have had under this chapter if the goods had been sold to the lessee.

(c) If a lessor leases goods to a lessee from the lessor’s inventory, the lessee has the same rights under this chapter against the lessor that the lessee would have had if the goods had been purchased by the lessee, and the lessor has the same duties and obligations under this chapter with respect to the goods that the lessor would have had under this chapter if the goods had been sold to the lessee. For purposes of this section, “inventory” shall include both goods in the lessor’s possession prior to negotiation of the lease and goods ordered from another party in order to lease those goods to the lessee where the lessor is a dealer in goods of that type.

(d) If a lessor leases goods to a lessee which the lessor acquires other than from the lessor’s inventory, the lessee has the same rights under this chapter against the seller of the goods to the lessor that the lessee would have had under this chapter if the goods had been purchased by the lessee from the seller, and the seller of the goods to the lessor has the same duties and obligations under this chapter with respect to the goods that the seller would have had under this chapter if the goods had been purchased by the lessee from the seller.

(e) A lessor who re–leases goods to a new lessee and does not retake possession of the goods prior to consummation of the re–lease may, notwithstanding the provisions of Section 1793, disclaim as to that lessee any and all warranties created by this chapter by conspicuously disclosing in the lease that these warranties are disclaimed.

(f) A lessor who has obligations to the lessee with relation to warranties in connection with a lease of goods and the seller of goods to a lessor have the same rights and remedies against the manufacturer and any person making express warranties that a seller of the goods would have had if the seller had sold the goods to the lessee.

§ 1795.5. Obligations of distributors or sellers of used goods

Notwithstanding the provisions of subdivision (a) of Section 1791 defining consumer goods to mean “new” goods, the obligation of a distributor or retail seller of used consumer goods in a sale in which an express warranty is given shall be the same as that imposed on manufacturers under this chapter except:

(a) It shall be the obligation of the distributor or retail seller making express warranties with respect to used consumer goods (and not the original manufacturer, distributor, or retail seller making express warranties with respect to such goods when new) to maintain sufficient service and repair facilities within this state to carry out the terms of such express warranties.

(b) The provisions of Section 1793.5 shall not apply to the sale of used consumer goods sold in this state.

(c) The duration of the implied warranty of merchantability and where present the implied warranty of fitness with respect to used consumer goods sold in this state, where the sale is accompanied by an express warranty, shall be coextensive in duration with an express warranty which accompanies the consumer goods, provided the duration of the express warranty is reasonable, but in no event shall such implied warranties have a duration of less than 30 days nor more than three months following the sale of used consumer goods to a retail buyer. Where no duration for an express warranty is stated with respect to such goods, or parts thereof, the duration of the implied warranties shall be the maximum period prescribed above.

(d) The obligation of the distributor or retail seller who makes express warranties with respect to used goods that are sold in this state, shall extend to the sale of all such used goods, regardless of when such goods may have been manufactured.

§ 1795.6. Tolling the warranty period

(a) Every warranty period relating to an implied or express warranty accompanying a sale or consignment for sale of consumer goods selling for fifty dollars ($50) or more shall automatically be tolled for the period from the date upon which the buyer either (1) delivers nonconforming goods to the manufacturer or seller for warranty repairs or service or (2), pursuant to subdivision (c) of Section 1793.2 or Section 1793.22, notifies the manufacturer or seller of the nonconformity of the goods up to, and including, the date upon which (1) the repaired or serviced goods are delivered to the buyer, (2) the buyer is notified the goods are repaired or serviced and are available for the buyer’s possession or (3) the buyer is notified that repairs or service is completed, if repairs or service is made at the buyer’s residence.

(b) Notwithstanding the date or conditions set for the expiration of the warranty period, such warranty period shall not be deemed expired if either or both of the following situations occur: (1) after the buyer has satisfied the requirements of subdivision (a), the warranty repairs or service has not been performed due to delays caused by circumstances beyond the control of the buyer or (2) the warranty repairs or service performed upon the nonconforming goods did not remedy the nonconformity for which such repairs or service was performed and the buyer notified the manufacturer or seller of this failure within 60 days after the repairs or service was completed. When the warranty repairs or service has been performed so as to remedy the nonconformity, the warranty period shall expire in accordance with its terms, including any extension to the warranty period for warranty repairs or service.

(c) For purposes of this section only, “manufacturer” includes the manufacturer’s service or repair facility.

(d) Every manufacturer or seller of consumer goods selling for fifty dollars ($50) or more shall provide a receipt to the buyer showing the date of purchase. Every manufacturer or seller performing warranty repairs or service on the goods shall provide to the buyer a work order or receipt with the date of return and either the date the buyer was notified that the goods were repaired or serviced or, where applicable, the date the goods were shipped or delivered to the buyer.
§ 1795.7. Effect of tolling on manufacturer’s liability
Whenever a warranty, express or implied, is tolled pursuant to Section 1795.6 as a result of repairs or service performed by any retail seller, the warranty shall be extended with regard to the liability of the manufacturer to a retail seller pursuant to law. In such event, the manufacturer shall be liable in accordance with the provisions of Section 1793.5 for the period that an express warranty has been extended by virtue of Section 1795.6 to every retail seller who incurs obligations in giving effect to such express warranty. The manufacturer shall also be liable to every retail seller for the period that an implied warranty has been extended by virtue of Section 1795.6, in the same manner as he would be liable under Section 1793.5 for an express warranty. If a manufacturer provides for warranty repairs and service through its own service and repair facilities and through independent repair facilities in the state, its exclusive liability pursuant to this section shall be to such facilities.

Chapter 3 MOBILEHOME WARRANTIES

§ 1797. Mobilehomes covered by warranty

(b) “Dealer” means any person who is a dealer within the meaning of Section 18002.6 of the Health and Safety Code.

(d) “Substantial defects in materials and workmanship” means defects objectively manifested by broken, ripped, cracked, stained, or missing parts or components, or workmanship resulting in improper function of materials, components, appliances, or systems as installed or manufactured by the contractor, dealer, or manufacturer.

§ 1797.2. Application of warranty to manufacturer, contractor, and dealer
(a) The warranty provided for in this chapter shall apply to the manufacturer of the mobilehome or the manufactured home as well as to the contractor or dealer who sells the mobilehome or the manufactured home to the buyer. The warranty shall cover the electrical, plumbing, heating, cooling, fire safety, and structural systems, and all appliances of the mobilehome or manufactured home as installed or manufactured by the contractor, dealer, or manufacturer.
(b) Where a manufacturer sells a mobilehome or manufactured home directly to a city, city and county, or other public agency pursuant to the exception established in Section 18015.7, the manufacturer shall be responsible for providing the warranty required by this chapter.

§ 1797.3. Required written warranty; Contents
The mobilehome/manufactured home warranty from the contractor, manufacturer, or dealer to the buyer shall be set forth in a separate written document that reprints all of the provisions of this chapter and shall be delivered to the buyer by the contractor or dealer at the time the contract of sale is signed, and shall contain, but is not limited to, the following terms:
(a) That the mobilehome or manufactured home is free from any substantial defects in materials or workmanship.
(b) That the contractor, manufacturer, or dealer or any or all of them shall take appropriate corrective action at the site of the mobilehome or manufactured home in instances of substantial defects in materials or workmanship which become evident within one year from the date of delivery of the mobilehome or manufactured home to the buyer, provided the buyer or his or her transferee gives written notice of those defects to the contractor, manufacturer, or dealer at their business address not later than one year and 10 days after date of delivery.
(c) That the manufacturer and the contractor or dealer shall be jointly and severally liable to the buyer for the fulfillment of the terms of warranty, and that the buyer may notify either one or both of the need for appropriate corrective action in instances of substantial defects in materials or workmanship.
(d) That the address and the phone number of where to mail or deliver written notices of defects shall be set forth in the document.
(e) That the one–year warranty period applies to the plumbing, heating, electrical, cooling, fire safety, and structural systems and all appliances of the mobilehome or manufactured home.
(f) That, while the manufacturers of any or all appliances may also issue their own warranties, the primary responsibility for appropriate corrective action under the warranty rests with the contractor or dealer and the manufacturer, and the buyer should report all complaints to the contractor or dealer and the manufacturer initially.
(g) That, if corrective action taken by the manufacturer or the contractor or dealer fails to eliminate a substantial defect, then the material, system, appliance, or component shall be replaced in kind. As used in this subdivision, “replaced in kind” means (1) replacement with the identical material, system, appliance, or component, and, if not available (2) replacement with a comparable or better material, system, appliance, or component.

§ 1797.4. Additional rights and privileges; Prohibited waiver
The warranty under this chapter shall be in addition to, and not in derogation of, all other rights and privileges which the buyer may have under any other law or instrument. The contractor, manufacturer, or dealer shall not require the
buyer to waive his or her rights under this chapter, and any waiver of these rights shall be deemed contrary to public policy and shall be unenforceable and void.

§ 1797.5. Display of copy of warranty
Every contractor or dealer shall display a copy of all of the warranty provisions required by this chapter. The copy of the warranty provisions required by this chapter shall be posted in each area where purchase orders and conditional sales contracts are written.

§ 1797.6. Records required to be kept
Manufacturers, contractors, and dealers shall keep records of all actions taken pursuant to this chapter, including all correspondence to or from the buyer for a period of three years from the date of delivery.

§ 1797.7. Deadline for correcting defects
The contractor, dealer, or manufacturer shall complete warranty service to correct all substantial defects within 90 days of receiving the buyer’s written notice specified in subdivision (b) of Section 1797.3, unless there are circumstances which are beyond the control of the contractor, dealer, or manufacturer.

Chapter IV. SALES AND USE TAX

§ 1521. Construction Contractors

(a) Definitions.

(1) Construction Contract.

(A) “Construction contract” means and includes a contract, whether on a lump sum, time and material, cost plus, or other basis, to:

1. Erect, construct, alter, or repair any building or other structure, project, development, or other improvement on or to real property, or

2. Erect, construct, alter, or repair any fixed works such as waterways and hydroelectric plants, steam and atomic electric generating plants, electrical transmission and distribution lines, telephone and telegraph lines, railroads, highways, airports, sewers and sewage disposal plants and systems, waterworks and water distribution systems, gas transmission and distribution systems, pipelines and other systems for the transmission of petroleum and other liquid or gaseous substances, refineries and chemical plants, or

3. Pave surfaces separately or in connection with any of the above works or projects, or

4. Furnish and install the property becoming a part of a central heating, air-conditioning, or electrical system of a building or other structure, and furnish and install wires, ducts, pipes, vents, and other conduit imbedded in or securely affixed to the land or a structure thereon.

(B) “Construction contract” does not include:

1. A contract for the sale or for the sale and installation of tangible personal property such as machinery and equipment, or

2. The furnishing of tangible personal property under what is otherwise a construction contract if the person furnishing the property is not responsible under the construction contract for the final affixation or installation of the property furnished.

(2) Construction Contractor. “Construction contractor” means any person who for himself or herself, in conjunction with, or by or through others, agrees to perform and does perform a construction contract. “Construction contractor” includes subcontractors and specialty contractors and those engaged in such building trades as carpentry, bricklaying, cement work, steel work, plastering, drywall installation, sheet metal work, roofing, tile and terrazzo work, electrical work, plumbing, heating, air-conditioning, elevator installation and construction, painting, and persons installing floor coverings, including linoleum, floor tile, and wall-to-wall carpeting, by permanently affixing such coverings to a floor. “Construction contractor” includes any person required to be licensed under the California Contractors’ State License Law (Business & Professions Code Sections 7000 et seq.), and any person contracting with the United States to perform a construction contract, whether such persons are formed or organized under the laws of this state, or another state or country.

(3) United States Construction Contractor. “United States construction contractor” means a construction contractor who for himself or herself, in conjunction with, or by or through others, agrees to perform and does perform a construction contract for the United States Government.

(4) Materials. “Materials” means and includes construction materials and components, and other tangible personal property incorporated into, attached to, or affixed to, real property by contractors in the performance of a construction contract and which, when combined with other tangible personal property, loses its identity to become an integral and inseparable part of the real property. A list of typical items regarded as materials is set forth in Appendix A.

(5) Fixtures. “Fixtures” means and includes items which are accessory to a building or other structure and do not lose their identity as accessories when installed. A list of typical items regarded as fixtures is set forth in Appendix B.

(6) Machinery and Equipment. “Machinery and equipment” means and includes property intended to be used in the production, manufacturing or processing of tangible personal property, the performance of services or for other purposes (e.g., research, testing, experimentation) not essential to the fixed works, building, or structure itself, but which property incidentally may, on account of its nature, be attached to the realty without losing its identity as a particular piece of machinery or equipment and, if attached, is readily removable without damage to the unit or to the realty. “Machinery and equipment” does not include junction boxes, switches, conduit and wiring, or valves, pipes, and tubing incorporated into fixed works, buildings, or other structures, whether or not such items are used solely or partially in connection with the operation of machinery and equipment, nor does it include items of tangible personal property such as power shovels, cranes, trucks, and hand or power tools used to perform the construction contract. A list of typical items regarded as machinery and equipment together with a list of typical items not regarded as machinery and equipment is set forth in Appendix C.

(7) Time and Material Contract. “Time and material contract” means a contract under which the contractor agrees to furnish and install materials or fixtures, or both, and which sets forth separately a charge for the materials or fixtures and a charge for their installation or fabrication.

(8) Lump Sum Contract. “Lump sum contract” means a contract under which the contractor for a stated lump sum agrees to furnish and install materials or fixtures, or both. A lump sum contract does not become a time and material contract when the
amounts attributable to materials, fixtures, labor, or tax are separately stated in the invoice.

(b) Application of Tax.

(1) United States Construction Contractors.

(A) Materials and Fixtures. United States construction contractors are consumers of materials and fixtures which they furnish and install in the performance of contracts with the United States Government. Either the sales tax or the use tax applies with respect to sales of tangible personal property (including materials, fixtures, supplies, and equipment) to contractors for use in the performance of such contracts with the United States for the construction of improvements on or to real property in this state. The fact that the contract may provide principally for the manufacture or acquisition of tangible personal property is immaterial. The sales tax, but not the use tax, applies even though the contractor purchases the property as the agent of the United States.

(B) Machinery and Equipment. United States contractors are retailers of machinery and equipment furnished in connection with the performance of a construction contract with the United States Government. Tax does not apply to sales of machinery and equipment to United States contractors or subcontractors, provided title to the property passes to the United States before the contractor makes any use of it. Such sales are sales for resale, and the purchasing contractor may issue a resale certificate. A contractor who uses the machinery or equipment before title passes to the United States is the consumer of that machinery or equipment and either sales tax or use tax applies with respect to the sale to or the use by the contractor.

(2) Construction Contractors Other than United States Construction Contractors.

(A) Materials.

1. In General. Construction contractors are consumers of materials which they furnish and install in the performance of construction contracts. Either sales tax or use tax applies with respect to the sale of the materials to or the use of the materials by the construction contractor.

2. When Contractor is Seller. A construction contractor may contract to sell materials and also to install the materials sold. If the contract explicitly provides for the transfer of title to the materials prior to the time the materials are installed, and separately states the sale price of the materials, exclusive of the charge for installation, the contractor will be deemed to be the retailer of the materials.

In the case of a time and material contract, if the contractor bills his or her customer an amount for “sales tax” computed upon his or her marked up billing for materials, it will be assumed, in the absence of convincing evidence to the contrary, that he or she is the retailer of the materials.

If the sale occurs in this state, the sales tax applies to the contractor's (retailer's) gross receipts from the sale of the materials. If the sale occurs prior to the time the property is brought into this state, the contractor's (retailer's) customer is the consumer and his or her use (unless otherwise exempt) is subject to use tax measured by the sales price. The contractor must collect the use tax and pay it to this state.

(B) Fixtures.

1. In General. Construction contractors are retailers of fixtures which they furnish and install in the performance of construction contracts and tax applies to their sales of the fixtures.

2. Measure of Tax.

a. In General. If the contract states the sale price at which the fixture is sold, tax applies to that price. If the contract does not state the sale price of the fixture, the sale price shall be deemed to be the cost price of the fixture to the contractor.

b. Determining Cost Price.

If the contractor purchases the fixtures in a completed condition, the cost price is deemed to be the sale price of the fixture to him or her and shall include any manufacturer's excise tax or import duty imposed with respect to the fixture prior to its sale by the contractor.

If the contractor is the manufacturer of the fixture, the cost price is deemed to be the price at which similar fixtures in similar quantities ready for installation are sold by him or her to other contractors.

If similar fixtures are not sold to other contractors ready for installation, then the cost price shall be deemed to be the amount stated in the price lists, bid sheets or other records of the contractor.

If the sale price cannot be established in the above manner and the fixture is manufactured by the contractor, the cost price shall be deemed to be the aggregate of the following:

[1] Cost of materials, including such items as freight-in and import duties,
[2] Direct labor, including fringe benefits and payroll taxes,
[3] Specific factory costs attributable to the fixture,
[4] Any manufacturer’s excise tax,
[5] Pro rata share of all overhead attributable to the manufacture of the fixture, and
[6] Reasonable profit from the manufacturing operation which, in the absence of evidence to the contrary, shall be deemed to be 5 percent of the sum of the preceding factors.

Jobsite fabrication labor and its prorated share of manufacturing overhead must be included in the sale price of the fixture. Jobsite fabrication labor includes assembly labor performed prior to attachment of a component or a fixture to a structure or other real property.

3. Exceptions-Leased Fixtures. In some instances the construction contractor may furnish and install a fixture for a person, other than the owner of the realty, who intends to lease the fixture in place as tangible personal property as provided in section 6016.3 of the Revenue and Taxation Code and pay tax measured by rental receipts.

In this case the construction contractor may take a resale certificate from the lessor at the time of the transaction and the sale to the lessor will be considered to be a sale for resale. The resale certificate should indicate that the fixture is
purchased for resale by the purchaser as tangible personal property under section 6016.3 of the Revenue and Taxation Code.

(C) Machinery and Equipment.
1. In General. Construction contractors are retailers of machinery and equipment even though the machinery and equipment is furnished in connection with a construction contract. Tax applies to the contractor's gross receipts from such sales.
2. Measure of Tax.
a. In General. Tax applies to the gross receipts from the sale of machinery and equipment furnished and installed by a construction contractor. If the contract calls only for the furnishing and installation of machinery and equipment, tax applies to the total contract price less those charges excludible from gross receipts under Section 6012 of the Revenue and Taxation Code.
b. Lump Sum Contracts-Determining Gross Receipts. If the contract is for a lump sum and includes the furnishing and installation of materials, fixtures, and machinery and equipment, the gross receipts from the sale of the machinery and equipment shall be the price at which similar quantities ready for installation are sold at retail delivered in the market area where the installation takes place.
   If there is no such retail price for the machinery and equipment, then the gross receipts shall be determined from the contracts, price lists, bid sheets, or other records of the contractor.
   If the gross receipts cannot be established in the above manner and the machinery and equipment is manufactured by the contractor, the gross receipts from the sale shall be the aggregate of the following:
   [1] Cost of materials, including such items as freight-in and import duties,
   [2] Direct labor, including fringe benefits and payroll taxes,
   [3] Specific factory costs attributable to the machinery or equipment,
   [4] Any manufacturer's excise tax,
   [5] Pro rata share of all overhead attributable to the machinery or equipment, including overhead attributable to manufacturing, selling, contracting, and administration, and
   [6] Reasonable profit from the manufacture and sale of the machinery or equipment which, in the absence of evidence to the contrary, shall be deemed to be 5 percent of the sum of the preceding factors.
   Jobsite fabrication labor and its prorated share' of manufacturing overhead must be included in the sale price of the machinery or equipment. Jobsite fabrication labor includes assembly labor performed prior to attachment of a component or the machinery or equipment to a structure or other real property.
   (D) Cost Plus A Fee Contracts. When a contractor enters into a construction contract for a cost plus a fee or time and materials plus a fee, whether the fee is a lump sum or a percentage of costs, the fee is not included in the measure of tax. When the contractor is the manufacturer of the fixtures or machinery and equipment, the "cost price" of the fixtures and the gross receipts from the sale of the machinery and equipment shall be determined in accordance with (B) and (C) above.

3. Miscellaneous Sales by Contractors. In addition to sales of fixtures and machinery and equipment, tax applies to all retail sales by contractors of tangible personal property, including parts, supplies, tools, construction equipment, buildings severed or to be severed by the contractor, and furniture, including furniture sold with a building, even though the building is sold "in place."
4. Permits. Contractors engaged solely in performing construction contracts which do not involve the sale and installation of fixtures and who do not also engage in business as sellers or retailers are not required to hold seller's permits. However, if a contractor is a seller or retailer because he or she makes sales of fixtures, materials, or machinery and equipment, or other tangible personal property either in connection with or as part of a construction contract, or otherwise, he or she is required to hold a seller's permit.
5. Supplies and Tools for Self-Use. Contractors are the consumers of supplies such as oxygen, acetylene, gasoline, acid, thread-cutting oil, and tools and parts for tools, which they use in their business, and the tax applies to the sale of such supplies and tools to contractors.
6. Exemption Certificates.
   (A) Resale Certificates. Contractors holding valid seller's permits may purchase fixtures and machinery and equipment for resale by issuing resale certificates to their suppliers. They may not purchase materials for resale unless they are also in the business of selling materials.
   A contractor cannot avoid liability for sales or use tax on materials or fixtures furnished and installed by him or her by taking a resale certificate from the prime contractor, interior decorators, designers, department stores, or others. However, under the circumstances described in subsection (b) (2) (B)3., a contractor may take a resale certificate for fixtures furnished and installed by him or her for a person other than the owner of the realty.
   (B) Exemption Certificates for Out-of-State Use. Sales tax does not apply to sales of tangible personal property to a construction contractor who holds a valid California seller's permit when the property is used by the contractor outside this state in his or her performance of a contract to improve real property and as a result of such use the property is incorporated into and becomes a part of real property located outside this state. This exemption is available only if at the time of the purchase the contractor certifies in writing to the seller that he or she holds a valid California seller's permit (giving the number of that permit and identifying the property purchased) and states that the property will be used in the manner stated above. The certificate must be signed by the contractor or an authorized employee. Such a certification may appear in the body of a purchase order which bears the signature of the purchaser. Any certificate given subsequent to the time of purchase will not be recognized.
If the property purchased under a certificate is used by the contractor in any other manner or for any other purpose than stated in the certificate, the contractor shall be liable for sales tax as if he or she were a retailer making a retail sale of the property at the time of such use, and the sale price of the property to him or her shall be deemed the gross receipts from the sale.

(C) Deductions for Tax-Paid Purchases Resold. A contractor may claim a “tax-paid purchases resold” deduction for any property of which he or she is the retailer when he or she has reimbursed his or her vendor for tax which the vendor is required to pay to the State or has paid the use tax with respect to the property, and has resold the property prior to making any use of it. In the event that the contractor sells short ends or pieces which are not used other than in severing them from larger units purchased by him or her and as to which he or she has paid sales tax reimbursement or use tax, he or she may claim the deduction for tax-paid purchases resold, but the amount of the deduction shall not exceed the price at which he or she sells such short ends or pieces.

(c) Particular Applications.

(1) Draperies and Drapery Hardware. Persons who contract to sell and install draperies including drapery hardware, such as brackets, rods, tracks, etc., are retailers of the items which they furnish and install. Tax applies to the entire contract price exclusive of the charge for installation which charge should be separately stated. Installers who furnish drapery hardware or other tangible personal property may accept resale certificates from department stores or other sellers to furnish and install the draperies and drapery hardware.

The department stores or other sellers furnishing resale certificates are required to pay the tax to the state upon their selling price of the draperies and drapery hardware, exclusive of installation charges. The installer should segregate his or her installation charge in order that the department store or other seller may properly segregate its charge attributable to installation for purposes of determining its taxable gross receipts.

(2) Prefabricated Cabinets. A cabinet will be considered to be “prefabricated” and a “fixture” when 90 percent of the total direct cost of labor and material in fabricating and installing the cabinet is incurred prior to affixation to the realty. In determining this 90 percent, the total direct cost of all labor and materials in fabricating the cabinet to the point of installation will be compared to the total direct cost of all labor and materials in completely fabricating and installing the cabinet. If more than one cabinet is fabricated and installed under the contract, each cabinet will be considered separately in determining whether the cabinet is prefabricated.

(3) Prefabricated Buildings. Prefabricated units such as commercial coaches, house trailers, etc., registered with the Department of Motor Vehicles or the Department of Housing and Community Development, are tangible personal property even though they may be connected to plumbing and utilities. A mobilehome which meets or is modified to meet, all applicable building codes and regulations and which is permanently affixed to realty, is an improvement to realty and is not personal property.

A contract to furnish and install a prefabricated or modular building which is not a factory-built school building (relocatable classroom) is a construction contract whether the building rests in place by its own weight or is physically attached to realty. It is immaterial whether the building is erected upon or affixed to land owned by the owner of the building or is leased to the landowner or lessee of the land.

Generally, a contract to furnish and install a small prefabricated building, such as a shed or kiosk, which is movable as a unit from its site of installation, is a construction contract only if the building is required to be physically attached to real property by the seller, upon a concrete foundation or otherwise. The sale of such a unit to rest in place by its own weight, whether upon the ground, a concrete slab, or sills or piers, is not a construction contract even though the seller may deliver the unit to its site of use.

Prefabricated or modular buildings which are “factory-built housing” where permanently affixed to the realty are improvements to realty. The manufacturer of factory-built housing who contracts to furnish and install the factory-built housing manufactured by him or her is the consumer of the materials; used in building and installing the factory-built housing and the retailer of the fixtures. Tax applies as provided in (b) above.

(4) Factory-built School Buildings.

(A) General. On and after September 26, 1989, a contract to furnish and install a factory-built school building is not a construction contract but rather is a sale of tangible personal property.

(B) Definitions.

1. “Factory-built School Building.” The term “factory-built school building” (relocatable classroom) means and includes:

   A. for the period September 26, 1989 through September 12, 1990, any building designed to be used as a school building as defined in sections 39214 and 81165 of the Education Code and so used. A factory-built school building must be designed in compliance with state laws for school construction and approved by the structural safety section in the office of the State Architect. It must be wholly or substantially manufactured at an offsite location for the purpose of being assembled, erected, or installed on a school site.

   B. effective September 13, 1990, any building which is designed or intended for use as a school building and is wholly or substantially manufactured at an offsite location for the purpose of being assembled, erected, or installed on a site owned or leased by a school district or a community college district. A factory-built school building must be designed and manufactured in accordance with building standards adapted and approved pursuant to chapter 4 (commencing with section 18935) of part 2.5 of division 13 of the Health and Safety Code and must be approved by the structural safety section in the office of the State Architect.

The term does not include buildings licensed by either the Department of Motor Vehicles or the Department of Housing and Community Development. The term also does not include prefabricated or modular buildings which are similar in size to, but which are not, “factory-built school buildings”. It is immaterial whether the building is erected upon or affixed to land.
owned by the owner of the building or is leased to the landowner or lessee of the land.

2. “Consumer.”
   (A) For the period September 26, 1989 through September 12, 1990, the term “consumer” as used herein means either
      (1) a school or a school district or
      (2) a contractor who purchases a factory-built school building for the purpose of fulfilling the requirements of an
          existing contract with a school or school district to furnish and install such building.
   (B) Effective September 13, 1990, the term “consumer” as used herein means either
      (1) a school district or a community college district or
      (2) a contractor who purchases a factory-built school building for the purpose of fulfilling the requirements of an
          existing contract with a school district or a community college district to furnish and install such building.
   (C) Place of Sale. The place of sale or purchase of a factory built school building is the place of business of the retailer
       regardless of whether the sale of the building includes installation or whether the building is placed upon a permanent
       foundation.
   (D) Application of Tax.
      (1) Tax applies to 40 percent of the sales price of the building to the consumer excluding any charges for placing
          the completed building on the site. The sales price of the building shall include amounts representing tangible personal
          property installed in the building by a subcontractor, whether prior to or after installation of the building at the site,
          provided such installation is called for in the prime contract for the building.

          A separate contract to furnish and install tangible personal property in a factory-built school building after installation
          of the building at the site is a construction contract and the tax applies as in (b) above. Any contract or subcontract for site
          preparation (e.g., foundation) is a construction contract and tax applies as in (b) above.

      (2) The sale of a factory-built school building to a purchaser who will resell the building without installation is a sale for
          resale and the seller may accept a resale certificate from the purchaser. If the purchaser then sells to a contractor who has
          an existing contract to install the building on a school site, tax will apply as in (c)(4)(D)1 above. If tax has been paid on the
          purchase price of a factory-built school building which is subsequently resold for installation, a tax-paid purchases resold
          deduction may be taken as provided in Regulation 1701 (18 CCR 1701).

   (E) Exclusion Certificate. For the period September 26, 1989, through September 12, 1990, if the purchaser
       certifies in writing to the retailer that the factory built school building purchased will be consumed in a manner or for a purpose
       entitling the retailer to exclude 60% of the gross receipts or sales price from the measure of tax and uses the property in
       some other manner or for some other purpose, the purchaser shall be liable for payment of tax measured by 60% of the
       sales price. For the above stated period, all retailers who make retail sales of “factory-built school buildings” claimed to be
       subject to tax measured by 40 percent of the sales price must obtain from the “consumer” a signed certificate
       substantially in the form set forth below.

CLAIM FOR 60% EXCLUSION FROM TAX ON PURCHASE OF FACTORY-BUILT SCHOOL BUILDINGS
(Sec. 6012.6. Rev. & Tax. Code)

I hereby certify that the factory-built school building that I

(Name of Purchaser-Consumer)

am purchasing under the authority of this certificate from

(Name of Retailer)

will be used as a school building as defined in Sales and Use Tax Regulation 1521. My seller's permit number, if any, is

______________________________

I further certify that I understand and agree that if the property purchased under the authority of this certificate is
used by the purchaser for any purpose other than indicated above, the purchaser shall be liable for payment of tax measured by 60% of the sales price. For the above stated period, all retailers who make retail sales of “factory-built school buildings” claimed to be
subject to tax measured by 40 percent of the sales price must obtain from the “consumer” a signed certificate substantially in the form set forth below.

(5) Mobilehomes Installed for Occupancy as Residences.

Operative July 1, 1980, a special measure of sales or use tax is provided for a mobilehome sold to be affixed to realty for
occupancy as a residence.

A mobilehome dealer who sells a new mobilehome to a construction contractor to be affixed to land for occupancy as a
residence is the “retailer-consumer” of the property and is required to pay tax for the period in which the sale was made
by the dealer measured by an amount equal to 75 percent of the retailer-consumer's purchase price of the mobilehome.

A construction contractor who withdraws a new mobilehome from an inventory purchased for resale to be affixed to
realty for occupancy as a residence in the performance of a construction contract is required to pay tax measured by 75 percent of the purchase price by his or her mobilehome vendor except where the purchase is made directly from a mobilehome manufacturer. In the absence of satisfactory evidence of the vendor's purchase price it shall be presumed that the measure of tax for the transaction is an amount equivalent to 60 percent of the sales price of the mobilehome to the construction contractor.

A mobilehome manufacturer who sells a new mobilehome directly to a construction contractor for installation to real property for occupancy as a residence is required to pay tax measured by 75 percent of the sales price at which a similar mobilehome ready for installation would be sold by the manufacturer to a retailer-consumer in this state. A construction contractor who withdraws a new mobilehome from an inventory purchased from a manufacturer for resale must pay tax measured by 75 percent of his or her purchase price.

A mobilehome manufacturer who performs a construction contract by permanently affixing a new mobilehome to real property is the consumer of the material and the retailer of fixtures installed by him or her and the tax applies as set forth in paragraph (b) above.

Reference should also be made to the provisions of Regulation 1610.2 for additional interpretative rules relating to custom additions to the mobilehome prior to sale, transfers of nonvehicle items, and the application of the tax to a purchase made from an out-of-state retailer.

(6) Repair Contracts. A contract to repair a fixture in place or a fixture the contractor is required by the contract to reaffix to the realty is a construction contract. Sales or use tax applies to the gross receipts or sales price of the parts sold by a contractor who is a retailer under this provision. Either sales tax or use tax applies to the sales price of the parts sold to or used by a contractor who is a consumer under this provision.

(A) United States Construction Contractors. A United States construction contractor is the consumer of the parts furnished in the performance of a construction contract to repair a fixture.

(B) Construction Contractors Other Than United States Construction Contractors.

1. A contractor is the retailer of the parts furnished in the performance of a construction contract to repair a fixture when the sale price of the parts is billed separately from the repair labor.

2. A contractor is the consumer of the parts furnished in the performance of a lump sum construction contract to repair a fixture.

(7) Elevator Installations. A large number of components are included in the installation of an elevator system. Those portions constituting the cage or platform and its hoisting machinery are fixtures. The balance of the installation, if attached to a structure or other real property will generally be “materials.”

Similarly, installation of escalators and moving sidewalks are in part fixtures and in part materials.

Following are examples of components constituting part of the cage or platform and its hoisting machinery, and which are fixtures:

- alarm bell
- cab or car
- car doors
- car platform and sling
- door hanger on cab
- door openers
- door operator on cab or car
- door safety edge on cab
- door sills on cab
- electronic door protector
- jack assembly
- motors
- power units and control boxes
- pumps
- pushbuttons on cab
- wire and piping (which are components of a fixture)

Following are examples of components constituting “materials” when attached to realty:

- car guides
- casing section of jack assembly
- guide rails
- hoistway doors
- hoistway door frames
- hoistway door safety edge
- hoistway door sills and jambs
- hoistway door supports
- hoistway entrance
- pushbuttons on hoistway
- rail brackets
- sill, struts
- sound insulating panels on “materials”
- structural steel (unless part of cab, car, or other “fixture”)
- valve strainer
wire and piping attached to “materials”
Following are examples of components constituting parts of escalators or moving sidewalks which are fixtures:
- staircase
- moving sidewalk
- moving handrails
- chains
- sprockets
- motors
- other operating mechanisms

(8) Telephone Switchboards and Instruments. Telephone switching equipment installed in a building specifically designed to accommodate the equipment or attached to a building or structure in a manner such that its removal would cause damage to the equipment or building in which it is installed will be considered to be “fixtures” under paragraph (a)(5) of this regulation.

Telephone handsets, modular switching equipment and standardized, off-shelf, general purpose switching equipment sold for use in general purpose office buildings constitute machinery and equipment under paragraph (a)(6) of this regulation. Handsets, modular switching equipment and standardized equipment were previously classified as fixtures.

This change in classification shall be applied prospectively only with respect to construction contracts entered into on and after July 1, 1988, by contractors other than United States construction contractors.

(9) Deep-Well Agricultural Pumps. A deep-well agricultural pump is tangible personal property if installed so that it rests in position by force of gravity and is not otherwise affixed to the land.

The pump is a fixture if:
- (A) It is affixed to the land such as by concrete, bolts or screws,
- (B) It is physically connected to an irrigation system such as by pipes or couplings so as to become an integral part of the system, or
- (C) It is enclosed by a pump house or other building or structure.

(10) Remote Control Garage Door Openers. Remote control garage door opening units are fixtures. Portable transmitter units furnished pursuant to a construction contract are deemed to be fixtures and are taxable as provided in subdivision (b)(2)(B). Sales of portable transmitter units not a part of a construction contract, as, for example, sales of replacement units, are retail sales of tangible personal property and subject to tax as such.

(11) Excess Reimbursement.

The excess tax reimbursement provisions of Regulation 1700 apply to construction contractors.

(12) On-Premise Electric Signs

(A) An on-premise electric sign is an electrically powered or illuminated structure, housing,' sign, device, figure, statuary, painting, display, message, placard, or other contrivance or any part thereof affixed to real property and intended or used to advertise, or to provide data or information in the nature of advertising, for any of the following purposes: 1) To designate, identify, or indicate the name or business of the owner or occupant of the premises upon which the advertising display is located, or 2) To advertise the business conducted, services available or rendered, or the goods produced, sold, or available for sale, upon the property where the advertising display has been erected.

(B) Application of tax. An on-premise electric sign is a fixture and tax applies to the sale price of the sign. Notwithstanding the provisions of 1521 (b)(2)(B), operative October 1, 2000, if the contract does not state the sale price of the sign, tax applies to 33 percent of the contract price of on-premise electric signs that are furnished and installed by the seller. “Contract price” includes charges for materials, fabrication labor, installation labor, overhead, profit, and other charges associated with the sale and installation of the sign. If a contract provides that a contractor is to install an on-premise electric sign furnished by a third party, the charges for installation are not taxable. If a seller furnishes but does not install an on-premise electric sign, the seller is a retailer of the sign and tax applies to the total contract price.

Separately stated charges for transportation are subject to tax as defined in Regulation 1628, Transportation

Charges.

§ 1610.2. Mobilehomes and Commercial Coaches
(a) Definitions. For purposes of this regulation, the following definitions govern:
(1) “Mobilehome” means a structure transportable in one or more sections, designed and equipped to contain not more than two dwelling units to be used with or without a foundation system. A “dwelling unit” consists of one or more habitable rooms which are designed to be occupied by one family with facilities for living, sleeping, cooking, eating, and sanitation. “Mobilehome” does not include a recreational vehicle, commercial coach, or factory built housing as defined in Section 19971 of the Health and Safety Code.
(2) “Commercial Coach” means a structure transportable in one or more sections, designed and equipped for human occupancy for industrial, professional, or commercial purposes, which is required to be moved under permit, and shall include a trailer coach. “Trailer coach” means a vehicle, other than a motor vehicle, designed for human habitation, or human occupancy for industrial, professional, or commercial purposes, for carrying property on its own structure, and for
being drawn by a motor vehicle.

(3) “Used Mobilehome” means a mobilehome that was previously sold and registered or titled with the Department of Housing and Community Development, or with an appropriate agency or authority, or any other state, District of Columbia, territory or possession of the United States or a foreign state, province, or country.

(4) “Current Recognized Value Guide” means (1) the Kelley Blue Book Manufactured Housing and Mobilehome Guide or (2) the National Automobile Dealer Association's (NADA) Mobilehome Manufactured Housing Appraisal Guide, which is the current guide for the period in which the sale, storage, use or other consumption occurs.

(b) Basic Application of Tax.

(1) General Exemptions.

(A) Sales Tax. Sales tax does not apply to sales of mobilehomes or commercial coaches required to be annually registered under the Health and Safety Code when the retailer (as defined in Revenue and Taxation Code Section 6275) is not licensed pursuant to the Health and Safety Code as a manufacturer, manufacturer branch, dealer, dealer branch, distributor, distributor branch, representative, or representative branch. Generally, where sales tax does not apply to the sale, unless the transaction is also exempt from the use tax as provided in subdivision (b)(1)(B) below, use tax applies to the purchase of the mobilehome or commercial coach. The purchaser is required to pay the use tax to the Department of Housing and Community Development at the time of making application for registration. (For explanation regarding payment of tax by purchaser, see subdivision (c) below.)

(B) Sales and Use Tax. Neither sales tax nor use tax applies to the sale or use of:

1. Mobilehomes and commercial coaches sold by the parent, grandparent, child, grandchild, or spouse of the purchaser, or by the brother or sister of the purchaser if both are under the age of 18 and are related by blood or adoption, where the seller is not engaged in the business of selling the type of property for which the exemption is claimed. Claimants of this exemption must submit satisfactory evidence of relationship.

2. Mobilehomes and commercial coaches when included in any transfer of all or substantially all of the property held or used in the course of business activities of the transferor and when after the transfer the real and ultimate ownership remains substantially similar.

3. Used mobilehomes which are subject to property tax pursuant to Part 13 (commencing with Section 5800) of Division 1 of the Revenue and Taxation Code at the time of sale.

(2) Fees. The “gross receipts” from the retailer's sale of a mobilehome and the “sales price” of a mobilehome stored, used, or otherwise consumed in this State does not include separately stated escrow fees or registration fees charged in connection with the sale of any mobilehome.

(3) New Mobilehomes.

(A) In General. Generally, unless the transaction qualifies as a sale for occupancy as a residence, or is otherwise exempt, tax applies to the gross receipts from the sale of a new mobilehome to the same extent as sales of other tangible personal property. See subdivision (b)(3)(B) below for special rules applicable to sales of new mobilehomes for occupancy as residences.

(B) Mobilehomes Sold for Occupancy as a Residence. A mobilehome dealer is the “retailer-consumer” of any new mobilehome sold to the customer for occupancy as a residence if the transaction would otherwise have been subject to the sales tax and the mobilehome is thereafter subject to local property taxation. For a description of the conditions under which a mobilehome dealer may tender a resale certificate to a supplier, see Regulation 1668(h).

1. Measure of Tax. The retailer-consumer's purchase price for the period in which the qualifying sale is made to a customer. A qualifying sale is one in which the customer certifies to the retailer-consumer at the time of sale that the mobilehome is being acquired for occupancy as a residence. The retailer-consumer is not authorized to separately bill the customer for tax reimbursement.

The applicable percentage of the purchase price applies to all items which the retailer-consumer has purchased and affixed as an integral part of the mobilehome prior to sale, or pursuant to the contract of sale, such as carpeting, wall paneling, room partitions, and built-in appliances. Operative January 1, 1985, for purposes of this regulation, draperies and freestanding refrigerators and ranges shall be considered an integral part of a mobilehome. If these items are not included in the price of the mobilehome when acquired by the retailer-consumer, they must be included when computing the total amount subject to tax. The retailer-consumer's purchase price of these items also must include any labor charges for affixing the property when the labor is performed by other than the retailer-consumer.

A mobilehome dealer is the retailer of certain other items which are not an integral part of the mobilehome, such as furniture. The mobilehome dealer is also the retailer of mobilehome accessories, such as window awnings, skirting, and air conditioning units, provided these items are not affixed to a mobilehome situated on a permanent foundation or directly affixed to realty. Tax is due on the entire retail selling price to the customer.

2. Certification of Exemption. If a purchaser certifies in writing at the time of the sale that the mobilehome will be used in a manner or for a purpose entitling the retailer to report tax on the transaction based on 75 percent of the retailer's purchase price and subsequently uses the property in some other manner or for some other purpose not qualifying for the exemption, then the purchaser shall be liable for payment of tax measured by the entire sales price or gross receipts from the sale less an amount of equal to 75 percent of the sales price or gross receipts from the sale of the mobilehome to the retailer.
The following is a form of certification approved by the Board.

**CERTIFICATION OF EXEMPTION MOBILEHOME RESIDENCE PURCHASE**

I hereby certify that the mobilehome that I (name of purchaser) am purchasing from (name of retailer-consumer) is being purchased for occupancy as a residence and that it will only be used for this purpose. I further certify and agree that if the property purchased under authority of this certificate is used for any other purpose, I shall be liable for payment of tax measured by the entire sales price or gross receipts from the sale to me less an amount equal to 75 percent of the sales price or gross receipts from the sale of the mobilehome to the retailer.

Date Certificate Given: ________________________________
Signed By: ________________________________
Capacity: ________________________________
Description of Property: ________________________________

3. Determining the Date of Sale. Generally the tax applies upon the date of the sale of the property to the buyer. A sale takes place on the date of actual transfer of title to the property to the retailer-consumer's customer or at the time possession is transferred to the purchaser where title is retained by the retailer-consumer solely as security for the payment of the purchase price.

Transactions involving installations by dealers upon permanent foundation systems are subject to tax upon installation. For purpose of such a transaction, installation shall be considered to be complete upon the date of delivery of possession of the mobilehome to the buyer or upon the date of close of escrow for the sale, whichever event first occurs.

4. Equivalent Measure of Tax for Direct Sales by a Manufacturer. A manufacturer is the “retailer-consumer” of any new mobilehome which he sells directly to a customer for occupancy as a residence and is required to declare and pay tax measured by an amount equal to 75 percent of the sales price or gross receipts from the sale at which a similar mobilehome ready for installation would be sold by the manufacturer to a retailer-consumer in this state.

5. Purchase of a Mobilehome from a Retailer at an Out-of-State Location. If the out-of-state retailer is engaged in business in this state within the meaning of Revenue and Taxation Code Section 6203, the out-of-state retailer is a retailer-consumer with respect to its qualifying sales of new mobilehomes and must report and pay tax as provided in subdivision (b)(3)(B)(1).

If the out-of-state retailer is not engaged in business in this state, then the purchaser must report and pay use tax measured by 75 percent of the out-of-state retailer’s purchase price of any new mobilehome as set forth in subdivision (b)(3)(B)(1) of this regulation. In the absence of satisfactory evidence of the out-of-state vendor’s purchase price, it shall be presumed that the measure of use tax for the transaction is an amount equivalent to 60 percent of the sales price of the mobilehome to the purchaser, provided the vendor is not the manufacturer of the mobilehome. If the out-of-state vendor is the manufacturer, tax will apply as provided in subdivision (b)(3)(B)(4) above.

(4) Used Mobilehomes.

(A) In General. Tax applies to the “gross receipts” from the sale of a used mobilehome and the “sales price” of a used mobilehome stored, used, or otherwise consumed in this State if, at the time of sale or use, the mobilehome is subject to annual license fees under the Health and Safety Code. Tax does not apply to the sale of a used mobilehome if, at the time of sale, the mobilehome is subject to property tax pursuant to Part 13 of Division 1 of the Revenue and Taxation Code commencing with Section 5800; however, if, subsequent to the time of sale, the mobilehome is removed from the property tax rolls and reinstituted under the annual license fee system, then tax applies in the same manner as if the mobilehome had been subject to the annual license fees at the time of sale.

Where a dealer, who is acting on its own account and not as a broker, sells a used mobilehome, the dealer is a retailer and tax applies to the retail sales price of the used mobilehome including separately stated charges for awnings, skirting, and other items of tangible personal property sold with the used mobilehome provided these items are not affixed to a mobilehome situated on a permanent foundation or directly affixed to realty. However, if a used mobilehome is sold in-place by a dealer, any separately stated values of existing real property improvements such as cement and landscaping or separately stated in-place location value are not subject to tax.

(B) Special Application of Tax to Certain Transactions Involving Used Mobilehomes.

1. Application of Tax for the Period January 1, 1983 through December 31, 1984. From January 1, 1983, to December 31, 1984, inclusive, “gross receipts” from the retail sale of, and “sales price” of a used mobilehome, sold or stored, used, or otherwise consumed in this state, means the retail value of the used mobilehome as determined in accordance with a current recognized value guide, whenever the registered or legal owner sells a used mobilehome through a person licensed under the Health and Safety Code as a dealer and not on the dealer’s own account or through a licensed real estate broker acting pursuant to Section 10131.6 of the Business and Professions Code.

2. Application of Tax for the Period January 1, 1985 through December 31, 1985. From January 1, 1985 through December 31, 1985, inclusive, “gross receipts” from the retail sale of, and “sales price” of a used mobilehome, sold or stored, used, or otherwise consumed in this state, means the retail value of the used mobilehome as determined in accordance with a current recognized value guide, whenever the sale is:

   a. Through a person licensed under the Health and Safety Code as a dealer and not on the dealer’s own account; or
   b. Through a licensed real estate broker acting pursuant to Section 10131.6 of the Business and Professions Code; or
   c. Whenever a purchaser of a used mobilehome is required to pay the use tax to the Department of Housing and Community Development.

If the value guide does not specify the age, model, and manufacturer of a used mobilehome or if the actual sales price of a used mobilehome is less than the current value specified in the value guide, the “sales price” shall be based on the
actual sales price of the mobilehome as evidenced by the purchase documents.

If the total contract price includes charges for accessories or other items which are not an integral part of the mobilehome, such as in-place location value, landscaping, or furnishings, and the actual sales price of the used mobilehome is not segregated in the purchase documents, the “actual sales price” of the used mobilehome for purposes of determining the “sales price” under the provisions of the preceding paragraph shall be either the total contract price or the value specified in the value guide, whichever is lower. However, if the value of the used mobilehome is not specified in the value guide, then the “actual sales price” of the mobilehome included within the total contract price shall be determined by the Board based on information available to it.

3. Application of Tax For Periods On and After January 1, 1986. Effective January 1, 1986, “gross receipts” from the retail sale of, and “sale price” of a used mobilehome, sold or stored, used, or otherwise consumed in this state, means the retail value of the used mobilehome as determined in accordance with a current recognized value guide, whenever the sale is:
   a. Through a person licensed under the Health and Safety Code as a dealer and not on the dealer’s own account; or
   b. Through a licensed real estate broker acting pursuant to Section 101231.6 of the Business and Professions Code; or
   c. Whenever a purchaser of a used mobilehome is required to pay the use tax to the Department of Housing and Community Development.

If the value guide does not specify the model or manufacturer of a used mobilehome, the value of the mobilehome shall be established by reference to the highest value in the value guide according to age and size or the actual sales price, whichever is less. If the actual sales price of a used mobilehome is less than the current value specified in the value guide, the sales price shall be based on the actual sales price of the mobilehome as evidenced by the purchase documents. “Actual sales price” means the total contract price, including, but not limited to, the value of the mobilehome, in-place location, awning, skirting, carport, patio, landscaping, shrubs, unattached furnishings, or other items not part of the mobilehome, and documentation fees.

(c) Payment of Tax by Purchaser. Purchasers of mobilehomes and commercial coaches required to be registered annually under the Health and Safety Code, the sales of which are exempt from sales tax under subdivision (b)(1)(A) above, shall pay tax to the Department of Housing and Community Development, acting for and on behalf of the Board, at the time of making application for registration except:

1. When the applicant establishes that the tax is inapplicable under the general exemption in subdivision (b)(1)(B) above; or
2. When the applicant furnishes to the Department of Housing and Community Development a use tax exemption or tax clearance certificate issued by the Board.

A purchaser may pay the use tax and penalty, if any, to the Department of Housing and Community Development so as to secure immediate action upon the application for registration and thereafter apply to the Board for a refund of the amount so paid.

Whenever the purchaser of a commercial coach is required to pay use tax to the Department of Housing and Community Development, the sales price shall be presumed to be an amount equal to the market value of the property at the time of the purchase as that value is determined to measure the license fees imposed under Chapter 8 (commencing with Section 18075) of Part 2, Division 13, of the Health and Safety Code, multiplied by a factor of 1.8. The presumption may be rebutted by evidence which establishes that the sales price was other than such amount. This provision does not apply to commercial coaches required to be registered annually under the Health and Safety Code which are purchased outside this state from a manufacturer or dealer. The measure of tax of a purchase of a commercial coach from a bona-fide dealer outside this state is the sales price and the tax is payable to the Department of Housing and Community Development.

Whenever the purchaser of a mobilehome is required to pay use tax to the Department of Housing and Community Development, the measure of tax shall be determined in accordance with subdivision (b)(3) or (b)(4) of this regulation, whichever is applicable.

If the purchaser of a mobilehome or commercial coach makes an application to the Department of Housing and Community Development which is not timely, and is subject to penalty because of delinquency in effecting registration or transfer of registration of the property, the purchaser then becomes liable also for penalty specified in Section 6591 of the Revenue and Taxation Code, but no interest shall accrue.

If the purchaser of a mobilehome or commercial coach does not make application to the Department of Housing and Community Development, or does not pay the amount of use tax due, or files a return with the Board under Section 6455 of the Revenue and Taxation Code which is not timely, interest and penalties shall apply with respect to the unpaid amount as provided in Chapter 5 (commencing with Section 6451) of Part 1, Division 2, of the Revenue and Taxation Code.

(d) Real Property Improvements on or to Mobilehomes or Commercial Coaches. A person who both furnishes and affixes accessories or other items as improvements or additions to land, or to a mobilehome, or a commercial coach, which rests on a permanent foundation, is a construction contractor. The application of tax to construction contracts is explained in Regulation 1521, Construction Contractors.
§ 1660. Leases of Tangible Personal Property—in General

(a) Definitions.

(1) Lease. The term “lease” includes rental, hire, and license. It includes a contract under which a person secures for a consideration the temporary use of tangible personal property which, although not on his or her premises, is operated by, or under the direction and control of, the person or his or her employees. “Lease,” however, does not include a use of tangible personal property for a period of less than one day for a charge of less than twenty dollars ($20) when the privilege to use the property is restricted to use thereof on the premises or at a business location of the grantor of the privilege (see (e) below).

(2) Sale Under a Security Agreement.

(A) Where a contract designated as a lease binds the “lessee” for a fixed term and the “lessee” is to obtain title at the end of the term upon completion of the required payments or has the option to purchase the property for a nominal amount, the contract will be regarded as a sale under a security agreement from its inception and not as a lease. The option price will be regarded as nominal if it does not exceed $100 or 1 percent of the total contract price, whichever is the lesser amount.

(B) In the case of a contract designated as a lease with any state or local government, the governmental agency designated as a lessee shall be treated as bound for a fixed term notwithstanding any right it may have to terminate the contract to the extent that sufficient funds are not appropriated to pay amounts due under the contract. Such transactions are subject to tax as sales under a security agreement at their inception.

(3) Sale and Leaseback Transactions.

(A) General. Transactions structured as sales and leasebacks will be treated as financing transactions if (1) the “lease” transaction would be regarded as a sale at inception under paragraph (a)(2) of this regulation, (2) the purchaser-lessee does not claim any deduction, credit or exemption with respect to the property for federal or state income tax purposes, and (3) the amount which would be attributable to interest, had the transaction been structured originally as a financing agreement, is not usurious under California law. Transactions treated as financing transactions are not subject to sales or use tax.

(B) Special Application. Transactions structured as sales and leasebacks will also be treated as financing transactions if all of the following requirements are met:

1. The initial purchase price of the property has not been completely paid by the seller-lessee to the equipment vendor.
2. The seller-lessee assigns to the purchaser-lessee all of its right, title and interest in the purchase order and invoice with the equipment vendor.
3. The purchaser-lessee pays the balance of the original purchase obligation to the equipment vendor on behalf of the seller-lessee.
4. The purchaser-lessee does not claim any deduction, credit or exemption with respect to the property for federal or state income tax purposes.
5. The amount which would be attributable to interest, had the transaction been structured originally as a financing agreement, is not usurious under California law.
6. The seller-lessee has an option to purchase the property at the end of the lease term, and the option price is fair market value or less.

(C) Tax Benefit Transactions. Tax does not apply to sale and leaseback transactions entered into in accordance with former Internal Revenue Code section 168(f)(8), as enacted by the Economic Recovery Tax Act of 1981 (Public Law 97-34).

(D) Acquisition Sale and Leaseback Transactions. No sales or use tax applies to the transfer of title to, or the lease of, tangible personal property pursuant to an acquisition sale and leaseback, which is a transaction satisfying all of the following conditions:

1. The seller-lessee has paid California sales tax reimbursement or use tax with respect to that person's purchase of the property.
2. The acquisition sale and leaseback is consummated within 90 days of the seller-lessee's first functional use of the property (this 90 day period does not begin to run until the first functional use of the property; a period of storage after the purchase, but before the first functional use, is not used to calculate the 90 day period).
3. The acquisition sale and leaseback transaction is consummated on or after January 1, 1991.

The sale of the property at the end of the lease term is subject to sales or use tax. Any lease of the property by the purchaser/lessor to any person other than the seller/lessee would be subject to use tax measured by rentals payable. A lease to the seller/lessee at the end of the original lease term is subject to use tax measured by rentals payable unless such lease is pursuant to an election to exercise an option to extend the lease term, which option was contained in the original lease agreement.

(b) Leases as Sales or Purchases.

(1) In General. Any lease of tangible personal property in any manner whatsoever for a consideration is a “sale” as defined in section 6006 of the Revenue and Taxation Code, and a “purchase” as defined in section 6010 of the Revenue and Taxation Code, except a lease of:

(A) Motion picture films and video tapes, including television films and video tapes, whether or not they are productions complete in themselves. See, however, subdivision (d)(2) below for application of tax for periods on and after September 1, 1983, to leases of video cassettes, videotapes, and videodiscs for private use under which the lessee or renter does not obtain or acquire the right to license, broadcast, exhibit, or reproduce the video cassette, videotape, or videodisc.
PUBLIC REVENUES - REGULATIONS <Excerpts>

(B) Linen supplies and similar articles, including such items as towels, uniforms, coveralls, shop coats, dust cloths, caps and gowns, etc., when an essential part of the lease is the furnishing of the recurring service of laundering or cleaning of the articles leased.

(C) Household furnishings with a lease of the living quarters in which they are to be used. The lessor of the household furnishings must also be the lessor of the living quarters. The living quarters must be real property rather than tangible personal property.

(D) Mobile transportation equipment for use in transportation of persons or property (see regulation 1661 (18 CCR 1661)).

(E) Tangible personal property leased in substantially the same form as acquired by the lessor or leased in substantially the same form as acquired by a transferor as to which the lessor or his or her transferor acquired the property in a transaction that was a retail sale with respect to which the lessor or the transferor has paid sales tax reimbursement or as to which the lessor or the transferor has timely paid use tax measured by the purchase price of the property.

As used herein, “transferor” means:
1. A person from whom the lessor acquired the property in a transaction described in section 6006.5(b) of the Revenue and Taxation Code, or
2. A decedent from whom the lessor acquired the property by will or by law of succession.

For purposes of 1. above, the transaction will qualify if the property is acquired in a transfer of all or substantially all of the tangible personal property held or used by the transferor in all of his or her activities requiring the holding of a seller's permit or permits or in an activity or activities not requiring the holding of a seller's permit or permits, and the ownership of the tangible personal property is substantially similar after the transfer.

(F) Tangible personal property occurring on or after January 1, 1997 described in sections 17053.49 or 23649 of the Revenue and Taxation Code by the manufacturer of that property when leased to a qualified person, as described in sections 17053.49 or 23649 of the Revenue and Taxation Code, in a form not substantially the same as acquired as to which the manufacturer made a timely election to report and pay tax measured by the cost price of that property as defined in section 6244.5 of the Revenue and Taxation Code and Regulation 1525.3.

(G) A mobilehome, as defined in sections 18008(a) and 18211 of the Health and Safety Code, other than a mobilehome originally sold new prior to July 1, 1980 and not subject to local property taxation.

(2) Leases as Continuing Sales and Purchases. In the case of any lease that is a “sale” and “purchase” under (b)(1) above, the granting of possession by the lessor to the lessee, or to another person at the direction of the lessee, is a continuing sale in this state by the lessor, and the possession of the property by a lessee, or by another person at the direction of the lessee, is a continuing purchase for use in this state by the lessee, as respects any period of time the leased property is situated in this state, irrespective of the time or place of delivery of the property to the lessee or such other persons. The application of tax to such leases is set forth below.

(c) General Application of Tax.

(1) Nature of Tax. In the case of a lease that is a “sale” and “purchase” the tax is measured by the rentals payable. Generally, the applicable tax is a use tax upon the use in this state of the property by the lessee. The lessor must collect the tax from the lessee at the time rentals are paid by the lessee and give him or her a receipt of the kind called for in Regulation 1686 (18 CCR 1686). The lessee is not relieved from liability for the tax until he or she is given such a receipt or the tax is paid to the state.

When the lessee is not subject to use tax (for example, insurance companies), the sales tax applies. The sales tax is upon the lessor and is measured by the rentals payable.

Neither the sales tax nor the use tax applies to leases to the United States and its instrumentalities unless federal law permits taxing the instrumentality. For a more complete explanation regarding sales to the United States and its instrumentalities see Regulation 1614 (18 CCR 1614).

The “rentals” subject to the tax include any payments required by the lease, including amounts paid for personal property taxes on the leased property, whether assessed directly against the lessee or against the lessor, but does not include amounts paid to the lessor for:

(A) Collection costs, including attorney's fees, court costs, repossession charges, and storage fees; but tax does apply to any delinquent rental payments, including those collected by court action;
(B) Insuring, repairing or refurbishing the leased property following a default;
(C) Cost incurred in defending a court action or paying a tort judgment arising out of the lessee's operation of the leased property, or any premiums paid on insurance policies covering such court actions or tort judgments;
(D) Cost incurred in disposing of the leased property at expiration or earlier termination of the lease;
(E) Late charges and interest thereon for failing to pay the rentals timely;
(F) Separately stated optional insurance charges, maintenance or warranty contracts.
(G) Personal property taxes assessed against personal property where a bank or financial corporation is the lessor.

(2) Property Leased in Form Acquired. No sales or use tax is due with respect to the rentals charged for tangible personal property leased in substantially the same form as acquired by the lessor, or by his or her transferor, as to which the lessor or transferor has paid sales tax reimbursement or has paid use tax measured by the purchase price. If such tax has not been so paid, and the lessor desires to pay tax measured by the purchase price, it must be reported and paid timely with the return of the lessor for the period during which the property is first placed in rental service. A timely return is a return filed within the time prescribed by sections 6452 or 6455 of the Revenue and Taxation Code, whichever is applicable.

(3) Property Purchased Tax Paid. In the case of property ultimately leased in substantially the same form as acquired, payment of tax or tax reimbursement measured by the purchase price at the time the property is acquired
constituted an irrevocable election not to pay tax measured by rental receipts. The lessor may not change his or her election by reporting tax on rental receipts and claiming a tax-paid-purchase-resold deduction.

(4) Property Acquired in Exempt Transactions.

(A) A purchaser of tangible personal property acquired in a transaction defined as an occasional sale in section 6008.5(a) of the Revenue and Taxation Code and leased in substantially the same form as acquired by him or her, may elect to pay tax measured by the purchase price of the property in lieu of tax measured by rental receipts.

(B) A purchaser of tangible personal property acquired in a transaction which qualifies under section 6006.5(b) of the Revenue and Taxation Code and leased in substantially the same form as acquired by his or her transferor may elect to pay use tax measured by his or her transferor’s purchase price of the property in lieu of tax on rental receipts. This provision has application where the transferee did not pay tax or tax reimbursement when he or she acquired the property.

For purposes of this provision, the transaction will qualify if the property is acquired in a transfer of all or substantially all of the tangible personal property held or used by the transferor in all of his or her activities requiring the holding of a seller's permit or permits or in an activity or activities not requiring the holding of a seller's permit or permits and the ownership of the tangible personal property is substantially similar after the transfer (see also (b)(1)(E) above).

(C) The election provided for in subdivisions (c)(4)(A) and (c)(4)(B) above shall be exercised by the lessor in a timely return filed for the period in which the property is first leased by him or her.

(5) Property Subleased. Tax does not apply to receipts from subleases of tangible personal property which is leased in substantially the same form as acquired by the prime lessor where the prime lessor has paid sales tax reimbursement or use tax measured by his or her purchase price. Also, tax does not apply to subleases of tangible personal property if the tax is paid on rental receipts derived under the prime lease, or any prior sublease.

(6) Use of Property by Lessor. If a lessor, after leasing property and collecting and paying use tax, or paying sales tax, measured by rental receipts, makes any use of the property in this state, other than an incidental use, he or she is liable for use tax measured by the purchase price of the property. He or she may, however, apply as a credit against the tax so computed, the amount of tax previously paid to the Board with respect to rentals of the property. If the credit is less than the tax, he or she may not pay the difference with his or her return, but may apply the amount of such payment against his or her liability for tax on subsequent rentals of the property. Effective January 1, 1973, through December 31, 1978, any amount collected as tax or tax reimbursement by the lessor from the lessee on such subsequent rentals will be regarded as excess tax reimbursement to the extent that the lessor is permitted by the foregoing provisions to apply the amount of his or her payment for use tax against his or her liability for tax on subsequent rentals of the property. An incidental use, e.g., a brief loan of property which otherwise is leased by the lessor pursuant to leases which are continuing sales, subjects the lessor to liability for use tax measured by the fair rental value of the property during the period of the incidental use. (See Regulation 1 669.5(b)(7) (18 CCR 1 669.5(b)(7)).)

(7) Options to Purchase. An agreement providing for the lease of tangible personal property and granting the lessee an option to purchase the property results in a sale when the option is exercised. The tax applies to the amount required to be paid by the purchaser upon the exercise of the option.

(8) Tax Paid to Another State. A lessor who leases property in substantially the same form as acquired and who has paid a retail sales or use tax, or reimbursement therefor, imposed with respect to that property by any other state, political subdivision thereof or the District of Columbia prior to leasing the property in this state may credit the payment against any use tax imposed on him or her by this state because of such lease. However, to be entitled to the credit the lessor must make a timely election to measure any tax liability for the property by its purchase price, unless the out-of-state tax equals or exceeds the tax imposed on him or her by the lessor. If the out-of-state tax equals or exceeds the tax imposed on him or her by this state, the lessor will be deemed to have made a timely election and the rental receipts will not be subject to tax provided the property is leased in substantially the same form as acquired. If a timely election is not made, no credit will be allowed because the tax due will be a use tax measured by rental receipts and imposed directly against the lessee, a person other than the one who paid the out-of-state tax or tax reimbursement. If the lessee is not subject to use tax and the lessor does not make a timely election to pay tax measured by his or her purchase price, he or she may not credit the amount of the out-of-state tax against the tax due on the rental receipts because the tax due is a sales tax rather than a use tax.

A credit otherwise permitted by the foregoing provisions shall not be allowed against taxes which are measured by periodic payments made under a lease, to the extent that taxes imposed by any other state, political subdivision or the District of Columbia were also measured by periodic payments made under a lease prior to the lease of the property in this state.

(9) Assignment of Leases.

(A) In General-Status of Assigned Leases. The situations described in (B), (C), and (D) below involve existing leases which are “sales” and “purchases” subject to tax measured by rental payments. When such a lease is assigned, whether or not title to the leased property is transferred, the rental payments remain subject to tax, without any option to measure tax by the purchase price. An assignee-purchaser who uses the property after termination of the lease is subject to use tax measured by the purchase price as provided in (c)(6) above.

Generally, when an existing lease that is not a “sale” and “purchase” is assigned, whether or not title to the leased property is transferred, the rental payments are not subject to tax. If title is transferred, tax applies measured by the sales price.

For rules relating to the assignment of leases of mobile transportation equipment coming within the exclusions provided in sections 6006(g)(4) and 6010(e)(4) of the Revenue and Taxation Code, see Regulation 1661 (18 CCR 1661).

(B) Assignment of a Right and Creation of a Security Interest. This type of assignment is an assignment by the lessor of the right to receive the rental payments together with the creation of a security interest in the leased property which is designated as such. The assignee has recourse against the assignor.
The assignee in this situation does not have the rights of a lessor and is not obligated to collect or pay the tax measured by the rental payments. The lessor remains subject to the obligation of collecting and reporting the tax even if he or she does not receive the rental payments directly from the lessee. The assignee, however, is obligated to remit to the board any amounts paid to him or her by the lessee as tax.

If the assignee enforces the security agreement and takes title to the property, the assignee as lessor becomes responsible for collecting and reporting the tax.

C) Assignment of Contract with Transfer of Right, Title, and Interest for Security Purposes. This type of assignment is an assignment by the lessor of the lease contract together with the transfer of the right, title, and interest in the leased property for security purposes. After the termination of the lease, the property usually reverts to the original lessor. The assignment contract may specify that the transfer is for security purposes, or the circumstances may otherwise demonstrate it (e.g., a separate agreement that the property will be returned to the assignor at the termination of the lease). The assignee has no recourse against the assignor.

In this situation, the assignee has assumed the position of a lessor. He or she is required to hold a seller's permit and is obligated to collect, report and pay the tax to the board. The assignor should obtain a resale certificate, covering the property in question, from the assignee.

D) Assignment of Contract and All Right, Title, and Interest. This type of assignment is an assignment by the lessor of the lease contract together with the transfer of all right, title, and interest in the leased property. The assignment is not for security purposes, and the assignor does not retain any substantial ownership rights in the contract or the property. The assignee has no recourse against the assignor.

In this situation, the assignee has assumed the position of a lessor. He or she is required to hold a seller's permit and is obligated to collect, report and pay the tax to the board. The assignor should obtain a resale certificate, covering the property in question, from the assignee.

D) Particular Applications.

(1) Portable Toilets. A lease of a portable toilet unit is a sale or purchase and tax applies measured by the lease or rental price regardless of whether the unit is leased in substantially the same form as acquired and regardless of whether sales tax reimbursement or use tax has been paid.

Charges for mandatory maintenance or cleaning services of portable toilet units are subject to tax as part of the rental price. Charges for optional maintenance or cleaning services of portable toilet units are not part of the rental price of the portable toilet units and are not subject to tax. Maintenance or cleaning services are mandatory within the meaning of this regulation when the lessee, as a condition of the lease or rental agreement, is required to purchase the maintenance or cleaning service from the lessor. Maintenance or cleaning services are optional within the meaning of this regulation when the lessee is not required to purchase the maintenance or cleaning service from the lessor.

Charges for maintenance or cleaning services will be considered mandatory and therefore part of the taxable rental price, unless the lessor provides documentary evidence establishing that such charges are optional. The terms of the lease or rental agreement determine whether the maintenance or service charges are mandatory or optional. In the absence of a lease or rental agreement, or in the absence of language in the lease or rental agreement specifying whether the maintenance or service charges are mandatory or optional, an invoice stating that the maintenance or cleaning charges are optional, and separately stating these charges from the rental charge, will be sufficient to support the exemption from tax.

Other documentary evidence may be accepted by the Board to establish that the maintenance or cleaning is performed at the option of the lessee.

When the maintenance or cleaning services are subject to tax, the supplies used to perform these services are considered to be sold with the services and may be purchased for resale. When the maintenance or cleaning services are not subject to tax, the provider of these services is the consumer of the supplies, and tax generally applies to the sale to or the use of these supplies by the provider of the maintenance or cleaning services.

(2) Video Cassettes, Videotapes, Videodiscs. On and after September 1, 1983, the rental or lease of a video cassette, videotape, or videodisc for private use under which the lessee or renter does not obtain or acquire the right to license, broadcast, exhibit, or reproduce the video cassette, videotape, or videodisc is a sale or purchase and tax applies measured by rental receipts. Tax applies measured by rental receipts regardless of whether the property is leased in substantially the same form as acquired and regardless of whether sales tax reimbursement or use tax has been paid by the lessor with respect to the purchase price of the video cassette, videotape, or videodisc. If the property was rented, leased or otherwise used prior to September 1, 1983, no refund, credit, or offset for any sales tax reimbursement or use tax paid on the purchase price will be allowed against the tax measured by the lease or rental price after September 1, 1983.

(3) Lease of an Animal. A lease of any form of animal life of a kind the products of which ordinarily constitute food for human consumption is not subject to tax.

(4) Composed Type, Reproduction Proofs, Impressed Mats. Tax does not apply to leases of composed type or reproduction proofs thereof by a typographer to another person for use in the preparation of printed matter or to leases of such reproduction proofs or impressed mats to a printer or publisher for use in printing, except when the reproduction proof is a component part of a “paste-up,” “mechanical” or “assembly.”

(5) Repair Parts. Sales tax does not apply to sales of repair parts to a lessor which are used by him or her in maintaining the leased equipment pursuant to a mandatory maintenance contract where the rental receipts are subject to tax. Such repair parts are regarded as being part of the sale of the leased item and may be purchased for resale. The amount paid by the lessee under the mandatory maintenance contract is regarded as part of the rental payments.

(6) Neon Signs. A lease of a neon sign that is personal property is subject to the provisions of the Sales and Use Tax.
PUBLIC REVENUES - REGULATIONS <Excerpts>

Law as any other lease of personal property.

(7) Property Affixed to Realty. For the purpose of this regulation, “tangible personal property” includes any leased fixture affixed to realty if the lessor has the right to remove the fixture upon breach or termination of the lease agreement, unless the lessor of the fixture is also the lessor of the realty to which the fixture is affixed. The term fixture as used herein has the same meaning as the term “fixture” in Regulation 1521 (18 CCR 1521).

Leases of structures together with the component parts of such structures, e.g., plumbing fixtures, air conditioners, water heaters, etc., will be treated as leases of real property. Accordingly, tax applies to contracts to construct such structures and the attached components in accordance with Regulation 1521 (18 CCR 1521).

On and after September 26, 1989, leases of factory-built school buildings (relocatable classrooms) as defined in paragraph (c)(4)(B) of Regulation 1521 (18 CCR 1521), “Construction Contractors”, will be treated as leases of real property with the lessor to the school or school district as the consumer. If the lessor is the manufacturer, tax applies to the manufacturer's costs of all tangible personal property used in constructing the factory-built school building. If the lessor is other than the manufacturer, tax applies to 40% of the sales price of the factory-built school building to such lessor.

For purposes of this section, “structure” does not include any prefabricated mobile homes or similar items which are registered with the Department of Motor Vehicles. It also does not include a portable building, such as a shed or kiosk, which is moveable as a unit from its site of installation, unless the building is physically attached to the realty, upon a concrete foundation or otherwise. Such a building resting in place by its own weight, whether upon the ground, a concrete slab, or sills or piers, is not a “structure”. A prefabricated or modular building similar in size to, but which is not, a factory-built school building (relocatable classroom) is a “structure” whether the building rests in place by its own weight or is physically attached to realty.

Those fixtures which are essential to the structure such as heating and air conditioning units, sinks, toilets, and faucets, which are leased by the lessor of the structure to which they are attached are considered part of the structure and therefore improvements to real property.

On the other hand, those fixtures which although being a component part of the structure are leased by other than the lessor of the structure, will be considered tangible personal property. Accordingly, the tax consequences with respect to such fixtures will be the same as with respect to any other lease of tangible personal property.

(8) Mobilehomes.

(A) The leasing of any mobilehome purchased by a retailer without payment of sales tax reimbursement or use tax and first leased prior to July 1, 1980, is a continuing sale and tax is due measured by the periodic lease payments unless the mobilehome becomes subject to local property taxation, in which event the lease of the property is thereafter exempt from the sales and use tax.

(B) The lease of a new mobilehome purchased by a retailer without payment of sales tax reimbursement or use tax and first leased on or after July 1, 1980, is excluded from classification as a continuing sale and the lessor's use of such property by leasing is subject to the use tax.

If the use of the property is for occupancy as a residence then the tax is measured by an amount equivalent to 75 percent of the purchase price paid by the lessor's vendor. In the absence of satisfactory evidence of the vendor's purchase price it shall be presumed that the measure of use tax is an amount equivalent to 60 percent of the sales price of the mobilehome to the lessor unless the vendor is also the manufacturer. If such mobilehome is purchased by the lessor from the manufacturer, the measure of the use tax liability is 75 percent of the purchase price of the mobilehome to the lessor.

If the use of the property is not for occupancy as a residence, then the tax is measured by the full retail sales price to the lessor.

(C) The subsequent lease of a used mobilehome which was first sold new in this state after July 1, 1980, is exempt from the sales and use tax.

(e) Grant of Privilege to Use Which Is Not a Lease.

(1) In General. Certain restricted grants of a privilege to use property are excluded from the term “lease.” To fall within the exclusion, the use must be for a period of less than one continuous 24-hour period, the charge must be less than $20, and the use of the property must be restricted to use on the premises or at a business location of the grantor of the privilege to use the property.

(2) Definitions.

(A) “Grantor of the privilege” means a person who allows another person to use the personal property.

(B) “Use” includes the possession of, or the exercise of any right or power over personal property by a grantee of a privilege to use the property.

(C) “Premises” or “business location” means a building or specific area owned or leased by a grantor or to which a grantor has an exclusive right of use or a space occupied by the personal property which a grantor allows other persons to use in place. For example:

1. A place in a depot at which a grantor places a coin-operated amusement device pursuant to a contract with the management of the depot.

2. An area in an apartment house or motel where a grantor has a right to place coin-operated washing machines and dryers for use by occupants of the apartment house or motel.

3. A laundromat owned or leased by a person who places therein coin-operated washing machines and dryers for use by customers.

4. A riding stable at which horses are furnished to the public at an hourly rate with a restriction that the horses be ridden within a specific area owned or leased by a grantor of the privilege. The “specific area” might be an enclosed arena or other place the exterior boundaries of which are defined by walls, fences or otherwise in such a manner that the area readily can be recognized and distinguished from adjoining or surrounding property.
PUBLIC REVENUES - REGULATIONS <Excerpts>

5. A golf course owned or leased by a golf club which owns or leases golf carts that it furnishes to persons for use in playing the course, or a golf course under the supervision and control of a golf professional who owns or leases golf carts that he or she furnishes to persons for use in playing the course.

(3) Examples of Situations Which Do Not Qualify for Exclusion from the Term “Lease.”

(A) One of several rental firms permitted by a hospital to do so rents a portable television set and stand to a hospital patient for a charge of $4.00 per day for a period of six days.

This situation does not qualify for the exclusion because the period of “use” is not for less than one day, the total rental is not less than $20 and the place of use is not the “premises” or “business location” of the rental firm since it does not have “exclusive right of use” of the hospital as regards the placing of its rental units therein nor is the space regularly occupied by it for use in place.

(B) Rental of a canoe for a period of eight hours for a total charge of $4 when the customer will use the canoe on the Russian River.

This situation does not qualify for the exclusion because the river is not the premises or business location of the grantor of the privilege.

(C) Rental of tools to be used on the premises of the owner of the tools for a period of eight hours invoiced as follows:

<table>
<thead>
<tr>
<th>Item Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Portable lamp</td>
<td>$4</td>
</tr>
<tr>
<td>1 Wheel pulley</td>
<td>4</td>
</tr>
<tr>
<td>1 Portable hoist</td>
<td>4</td>
</tr>
<tr>
<td>1 Sander</td>
<td>4</td>
</tr>
<tr>
<td>1 Spray gun</td>
<td>5</td>
</tr>
<tr>
<td>Total Rental</td>
<td>$21</td>
</tr>
</tbody>
</table>

This situation does not qualify for the exclusion because the agreement for rental of the property is a single agreement involving rental charges of $21 and does not meet the requirement that the charge be less than $20.

(D) An equipment rental firm rents a cement mixer to a customer who takes the mixer to his or her home and uses it for less than one day. The rental charge is $9. The mixer is of a type which must be firmly “in place” during the cement mixing operation.

This situation does not qualify for the exclusion because although the mixer is firmly “in place” during the mixing operation, it is not in a space regularly occupied by it for use in place by customers of the grantor.

(4) Application of Tax to Situations Qualifying for Exclusion from the Term “Lease.” The grantor of the privilege to use property under the conditions described in (e)(1) above is the consumer of the property. Accordingly, charges by him or her for the privilege to use the property are not subject to tax. Tax applies to the sale of the property to him or her by a retailer or to his or her use of the property, measured by his or her purchase price, when the property is purchased from a retailer in California under a resale certificate or from a retailer at an out-of-state location. If the property is acquired through an “occasional sale” as defined in section 6006.5 of the Revenue and Taxation Code, or other exempt transaction, no tax applies to the acquisition or use of the property by the grantor nor to his or her charges for the privilege to use the property.

§ 1699. Permits

(a) In General–Number of Permits Required. Every person engaged in the business of selling (or leasing under a lease defined as a sale in Revenue and Taxation Code section 6006(g)) tangible personal property of a kind the gross receipts from the retail sale of which are required to be included in the measure of the sales tax, and only a person actively so engaged, is required to hold a permit for each place of business in this state at which transactions relating to sales are customarily negotiated with his or her customers. For example:

A permit is required for a branch sales office at which orders are customarily taken and contracts negotiated, whether or not merchandise is stocked there.

No additional permits are required for warehouses or other places at which merchandise is merely stored and which customers do not customarily visit for the purpose of making purchases and which are maintained in conjunction with a place of business for which a permit is held; but at least one permit must be held by every person maintaining stocks of merchandise in this state for sale.

If two or more activities are conducted by the same person on the same premises, even though in different buildings, only one permit is required. For example:

A service station operator having a restaurant in addition to the station on the same premises requires only one permit for both activities.

(b) Persons Selling in Interstate Commerce or to United States Government. A permit is not required to be held by persons all of whose sales are made exclusively in interstate or foreign commerce but a permit is required of persons notwithstanding all their sales (or leases under a lease defined as a sale in Revenue and Taxation Code section 6006(g)) are made to the United States or instrumentalities thereof.

(c) Persons Selling Feed. Effective April 1, 1996, a permit is not required to be held by persons whose sales consist entirely of sales of feed for any form of animal life of a kind the products of which ordinarily constitute food for human consumption (food animals), or for any form of animal life not of such a kind (nonfood animals) which are being held for sale in the regular course of business, provided no other retail sales of tangible personal property are made.
If a seller of hay is also the grower of the hay, this exemption shall apply only if either:

(1) The hay is produced for sale only to beef cattle feedlots or dairies, or
(2) The hay is sold exclusively through a farmer-owned cooperative.

(d) Concessionaires. For the purposes of this regulation, the term concessionaire is defined as an independent retailer who is authorized, through contract with, or permission of, another retail business enterprise (the prime retailer), to operate within the perimeter of the prime retailer's own retail business premises, which to all intents and purposes appear to be wholly under the control of that prime retailer, and to make retail sales that to the general public might reasonably be believed to be the transactions of the prime retailer. Some indicators that a retailer is not operating as a concessionaire are that he or she:

Appears to the public to be a business separate and autonomous from the prime retailer. Examples of businesses that may appear to be separate and autonomous, while operating within the prime retailer's premises, are those with signs posted on the premises naming each of such businesses, those with separate cash registers, and those with their own receipts or invoices printed with their business name.

Maintains separate business records, particularly with respect to sales.

Establishes his or her own selling prices.

Makes business decisions independently, such as hiring employees or purchasing inventory and supplies.

Registers as a separate business with other regulatory agencies, such as an agency issuing business licenses, the Employment Development Department, and/or the Secretary of State.

Deposits funds into a separate account.

In cases where a retailer is not operating as a concessionaire, the prime retailer is not liable for any tax liabilities of the retailer operating on his or her premises. However, if a retailer is deemed to be operating as a concessionaire, the prime retailer may be held jointly and severally liable for any sales and use taxes imposed on unreported retail sales made by the concessionaire while operating as a concessionaire. Such a prime retailer will be relieved of his or her obligation for sales and use tax liabilities incurred by such a concessionaire for the period in which the concessionaire holds a permit for the location of the prime retailer or in cases where the prime retailer obtains and retains a written statement that is taken in good faith in which the concessionaire affirms that he or she is not liable for any sales or use taxes owed by his or her lessee or grantee.

In instances where the lessor, or grantor of permission to occupy space, is not a retailer himself or herself, he or she is not liable for any sales or use taxes owed by his or her lessee or grantee. In instances where an independent retailer leases space from another retailer, or occupies space by virtue of the granting of permission by another retailer, but does not operate his or her business within the perimeter of the lessor's or grantor's own retail business, such an independent retailer is not a concessionaire within the meaning of this regulation. In this case, the lessor or grantor is not liable for any sales or use taxes owned by the lessee or grantee.

(e) Agents. If agents make sales on behalf of a principal and do not have a fixed place of business, but travel from house to house or from town to town, it is unnecessary that a permit be obtained for each agent if the principal obtains a permit for each place of business located in California. If, however, the principal does not obtain a permit for each place of business located in California, it is necessary for each agent to obtain a permit.

(f) Inactive Permits. A permit shall be held only by persons actively engaging in or conducting a business as a seller of tangible personal property. Any person not so engaged shall forthwith surrender his or her permit to the Board for cancellation. The Board may revoke the permit of a person found to be not actively engaged in or conducting a business as a seller of tangible personal property.

Upon discontinuing or transferring a business, a permit holder shall promptly notify the Board and deliver his or her permit to the Board for cancellation. To be acceptable, the notice of transfer or discontinuance of a business must be received in one of the following ways:

(1) Oral or written statement to a Board office or authorized representative, accompanied by delivery of the permit, or followed by delivery of the permit upon actual cessation of the business. The permit need not be delivered to the Board, if lost, destroyed or is unavailable for some other acceptable reason, but notice of cessation of business must be given.

(2) Receipt of the transferee or business successor's application for a seller's permit may serve to put the Board on notice of the transferor's cessation of business.

Notice to another state agency of a transfer or cessation of business does not in itself constitute notice to the Board.

Unless the permit holder who transfers the business notifies the Board of the transfer, or delivers the permit to the Board for cancellation, he or she will be liable for taxes, interest and penalties (excluding penalties for fraud or intent to evade the tax) incurred by his or her transferee who with the permit holder's actual or constructive knowledge uses the permit
in any way; e.g., by displaying the permit in transferee’s place of business, issuing any resale certificates showing the number of the permit thereon, or filing returns in the name of the permit holder or his or her business name and under his or her permit number. Except in the case where, after the transfer, 80 percent or more of the real or ultimate ownership of the business transferred is held by the predecessor, the liability shall be limited to the quarter in which the business is transferred, and the three subsequent quarters.

Stockholders, bondholders, partners, or other persons holding an ownership interest in a corporation or other entity shall be regarded as having the “real or ultimate ownership” of the property of the corporation or other entity.

(g) Due Date of Returns—Closeout of Account on Yearly Reporting Basis. Where a person authorized to file tax returns on a yearly basis transfers the business to another person or discontinues it before the end of the yearly period, a closing return shall be filed with the Board on or before the last day of the month following the close of the calendar quarter in which the business was transferred or discontinued.

(h) Buying Companies—General

Definition. For the purpose of this regulation, a buying company is a legal entity that is separate from another legal entity that owns, controls, or is otherwise related to, the buying company and which has been created for the purpose of performing administrative functions, including acquiring goods and services, for the other entity. It is presumed that the buying company is formed for the operational reasons of the entity which owns or controls it or to which it is otherwise related. A buying company formed, however, for the sole purpose of purchasing tangible personal property ex-tax for resale to the entity which owns or controls it or to which it is otherwise related in order to re-direct local sales tax from the location(s) of the vendor(s) to the location of the buying company shall not be recognized as a separate legal entity from the related company on whose behalf it acts for purposes of issuing it a seller’s permit. Such a buying company shall not be issued a seller’s permit. Sales of tangible personal property to third parties will be regarded as having been made by the entity owning, controlling, or otherwise related to the buying company. A buying company that is not formed for the sole purpose of so re-directing local sales tax shall be recognized as a separate legal entity from the related company on whose behalf it acts for purposes of issuing it a seller’s permit. Such a buying company shall be issued a seller’s permit and shall be regarded as the seller of tangible personal property it sells or leases.

(2) Elements. A buying company is not formed for the sole purpose of re-directing local sales tax if it has one or more of the following elements:

(A) Adds a markup to its cost of goods sold in an amount sufficient to cover its operating and overhead expenses.
(B) Issues an invoice or otherwise accounts for the transaction.

The absence of any of these elements is not indicative of a sole purpose to redirect local sales tax.

(i) Web Sites. The location of a computer server on which a web site resides may not be issued a seller’s permit for sales tax purposes except when the retailer has a proprietary interest in the server and the activities at that location otherwise qualify for a seller’s permit under this regulation.

§ 1700. Reimbursement for Sales Tax

(a) Reimbursement for Sales Tax.

(1) Addition of Sales Tax Reimbursement. Whether a retailer may add sales tax reimbursement to the sales price of the tangible personal property sold at retail to a purchaser depends solely upon the terms of the agreement of sale.

(2) Presumptions. Certain presumptions concerning the addition of sales tax reimbursement are created by Civil Code Section 1656.1. It shall be presumed that the parties agreed to the addition of sales tax reimbursement to the sales price of tangible personal property sold at retail to a purchaser if:

(A) The agreement of sale expressly provides for such addition of sales tax reimbursement;
(B) Sales tax reimbursement is shown on the sales check or other proof of sale; or
(C) The retailer posts in his or her premises in a location visible to purchasers, or includes on a price tag or in an advertisement or other printed material directed to purchasers, a notice to the effect that reimbursement for sales tax will be added to the sales price of all items or certain items, whichever is applicable.

It shall be presumed that the property, the gross receipts from the sale of which is subject to the sales tax, is sold at a price which includes tax reimbursement if the retailer posts in his or her premises, or includes on a price tag or in an advertisement (whichever is applicable) one of the following notices:

1. “All prices of taxable items include sales tax reimbursement computed to the nearest mill.”
2. “The price of this item includes sales tax reimbursement computed to the nearest mill.”

(3) Reimbursement Schedules. Each retailer who adds to the sales price of tangible personal property sold at
retail an amount from a consumer in reimbursement of the sales tax upon gross receipts shall compute the amount of reimbursement by reference to schedules prepared by the board pursuant to Civil Code Section 1656.1 or by mathematical computation as described below. Schedules are available from the local district board offices for the various applicable rates. Reimbursement on sales prices in excess of those shown in the schedules provided by the board may be computed by applying the applicable tax rate to the sales price, rounded off to the nearest cent by eliminating any fraction less than one-half cent and increasing any fraction of one-half cent or over to the next higher cent.

(b) Excess Tax Reimbursement.

(1) Definition. When an amount represented by a person to a customer as constituting reimbursement for sales tax is computed upon an amount that is not taxable or is in excess of the taxable amount and is actually paid by the customer to the person, the amount so paid is excess tax reimbursement. Excess tax reimbursement is charged when reimbursement is computed on a transaction which is not subject to tax, when reimbursement is computed on an amount in excess of the amount subject to tax, when reimbursement is computed using a tax rate higher than the rate imposed by law, and when mathematical or clerical errors result in an overstatement of the reimbursement on a billing.

(2) Procedure upon Ascertainment of Excess Tax Reimbursement. Whenever the board ascertains that a person has collected excess tax reimbursement, the person will be afforded an opportunity to refund the excess collections to the customers from whom they were collected. In the event of failure or refusal of the person to make such refunds, the board will make a determination against the person for the amount of the excess tax reimbursement collected and not previously paid to the state, plus applicable interest and penalty.

(3) Evidence Sufficient to Establish that Excess Amounts have been or will be returned to Customer.

(A) If a person already has refunded to each customer amounts collected as reimbursement for tax in excess of the tax due, this may be evidenced by any type of record which can be verified by audit such as:
1. Receipts or cancelled checks.
2. Books of account showing that credit has been allowed the customer as an offset against an existing indebtedness owed by the customer to the person.

(B) If a person has not already made sales tax reimbursement refunds to each customer but desires to do so rather than incur an obligation to the state, the person must:
1. Inform in writing each customer from whom an excess amount was collected that the excess amount collected will be refunded to the customer or that, at the customer’s option, the customer will be credited with such amount, and
2. The person must obtain and retain for verification by the board an acknowledgement from the customer that the customer has received notice of the amount of indebtedness of the person to the customer.

(4) Offsets. If a person who has collected excess tax reimbursement on a transaction fails or refuses to refund it to the customer from whom it was collected, the excess tax reimbursement shall be offset against any tax liability of the taxpayer on the same transaction. Any excess tax reimbursement remaining after the offset must be refunded to the customer or paid to the state. The offset can be made when returns are filed, when a determination is issued, or when a refund is claimed. Such offsets can be made only on a transaction by transaction basis. Tax reimbursement collected on a specific transaction can be used only to satisfy a tax liability arising from the same transaction. The “same transaction” means all activities involved in the acquisition and disposition of the same property. The “same transaction” may involve several persons, such as a vendor, a subcontractor, a prime contractor, and the final customer; or a vendor, a lessor, and a series of sublessors. Tax reimbursement can be offset against the tax liability of the taxpayer whether the liability was satisfied by paying sales tax reimbursement to a vendor, paying use tax to a vendor, or paying use tax to the state.

An offset of a taxpayer’s own tax liability against tax reimbursement collected from a customer can be made only with respect to transactions in which possession of the property upon which the taxpayer’s tax liability is based is transferred, either permanently or temporarily, to the customer, as in the case of construction contracts or leases. A taxpayer such as a repairman or printer who uses shop supplies or printing aids in performing a job for a customer cannot offset the tax liability arising from the use of the supplies or aids against tax reimbursement collected from the customer.

A person who claims that a tax liability on a transaction should be offset against tax reimbursement paid to the state by another person has the burden of proving that tax reimbursement was in fact paid to the state on the same transaction by the other person. In the absence of such proof no offset will be allowed.

The offset allowances explained above are procedural changes mandated by statute and apply to all proceedings pending before the board on and after September 7, 1982.

(5) Particular Applications. (Examples at 6 percent tax rate.)

(A) Discounts and trading stamps.

1. Discounts. A retailer who allows discounts on sales prices but charges customers tax reimbursement computed upon the prices before the discount is deducted is collecting excess reimbursement.

For example, a sale is made for $100 plus $6 as tax reimbursement. Upon payment for the item the purchaser is allowed a discount of 20 percent of the sales price of $100 but the $6 tax reimbursement is excluded from the computation. Since the retailer is deducting the amount of the discount, $20, from taxable gross receipts, the retailer is actually paying a tax of only $4.80, i.e., 6 percent of $80, and has retained excessive tax reimbursement of $1.20.

2. Trading Stamps. A retailer who issues trading stamps or similar evidences of patronage may deduct as cash discounts the cost to the retailer of the stamps or other indicia (hereinafter called “stamps”) issued in connection with taxable retail sales. A retailer who deducts the cost of stamps as a cash discount in computing the tax payable to the state, but who charges tax reimbursement on the full sales price of the goods, collects more tax reimbursement than the retailer pays to the state. The following illustration shows why this is true: If a retailer collects sales tax reimbursement of $6 on a $100 sale but gives the customer trading stamps which cost the retailer $2 and then deducts the $2 as a cash discount when reporting taxable receipts, the retailer will pay a tax of only $5.88 (6 percent of $98).
The retailer must follow one of the three following procedures:

a. Adjust the price upon which tax reimbursement is computed so it will correspond to the price upon which the retailer computes the tax paid by the retailer to the state.

b. Consider the price which determines the number of stamps to be given a customer as the total amount paid by the customer, inclusive of that portion charged as reimbursement for sales tax.

c. Take no deduction from gross receipts in computing tax to be paid to the state on account of the cost of stamps given to customers.

(B) Construction Contractors. (See Regulation 1521 (18 CCR 1521) for application of tax to construction contractors generally) A contractor furnishes and installs materials under a lump sum construction contract for the improvement of real property and collects tax reimbursement on the total contract price. As the contractor is the consumer of materials furnished and installed in the performance of the lump sum contract, the tax reimbursement collected on the total contract price constitutes excess tax reimbursement. Such excess tax reimbursement must be returned to the customer or paid to the state. However, offsets will be allowed as explained in (b)(4).

Under a lump sum contract to improve real property, a subcontractor furnishes and installs materials which were acquired without the payment of sales or use tax. The prime contractor collects tax reimbursement from the prime contractor's customer on the total contract price and pays all of the tax reimbursement collected to the state. The subcontractor's use tax liability on the materials consumed in performing the contract will be offset against the tax reimbursement paid to the state by the prime contractor, and the subcontractor has no further tax liability on the transaction. The tax reimbursement paid to the state by the prime contractor in excess of the use tax liability of the subcontractor will be refunded to the prime contractor only if it is returned to the customer.

(C) Lessors of Mobile Transportation Equipment. A lessor of mobile transportation equipment purchases such equipment under a resale certificate and collects tax reimbursement on the rental receipts, but pays no tax to the state. The lessor must pay tax on the purchase price of the equipment since a timely election to measure the tax by fair rental value was not made. The tax reimbursement collected on rental receipts is excess tax reimbursement. Such excess tax reimbursement must be returned to the lessee or paid to the state. However, offsets will be allowed as explained in (b)(4).

(See Regulation 1661 (18 CCR 1661) for application of tax to leases of mobile transportation equipment)

(D) Other Lessors of Tangible Personal Property. A lessor purchases property and pays sales tax reimbursement to the vendor. The property is leased in the same form as acquired and tax reimbursement is collected on the rental receipts. Tax reimbursement collected on rental receipts must be returned to the lessee or paid to the state to the extent that it exceeds the tax liability measured by the purchase price. (See Regulation 1660 (18 CCR 1660) for application of tax to leases, generally)

(6) Rights of Customers. The provisions of this regulation with respect to offsets do not necessarily limit the rights of customers to pursue refunds from persons who collected tax reimbursement from them in excess of the amount due.

Preface

This publication explains how California’s sales and use tax laws apply to mobilehomes and factory-built housing. We use the term “mobilehome” instead of “manufactured home” in this publication since that term is used in related state regulations. This publication does not address your obligations under property tax laws, mobilehome registration laws, building permits, and so forth. For example, if you are a mobilehome dealer, you are required to report the sale of a mobilehome to the assessor of the county where the mobilehome is to be installed, regardless of whether the mobilehome is subject to property tax or license fees. If you have questions about: Property tax, please contact your county assessor. Registration and licensing, please contact the Department of Housing and Community Development (see www.hcd.ca.gov). If you cannot find the information you are looking for in this publication, please call our Taxpayer Information Section (see page 247-248). Staff will be glad to answer your questions. This publication supplements publication 73, Your California Seller’s Permit. That publication, provided to first-time applicants for seller’s permits, includes general information about obtaining a permit; using a resale certificate; collecting and reporting sales and use taxes; buying, selling, or discontinuing a business; and keeping records. If you do not have a current copy, you may download the publication from our website, use our website ordering system to order a printed copy, or call our Taxpayer Information Section (see page 247-248). We welcome your suggestions for improving this or any other publication. If you would like to comment, please complete the reader survey on page 254 or send your suggestions to: Audit and Information Section, MIC:44 State Board of Equalization P.O. Box 942879 Sacramento, CA 94279-0044

Note: This publication summarizes the law and applicable regulations in effect when the publication was written, as noted on the cover. However, changes in the law or in regulations may have occurred since that time. If there is a conflict between the text in this publication and the law, decisions will be based on the law and regulations.

Dealer Sales and Leases of New Mobilehomes and Related Items

This chapter provides basic information on dealer sales of new mobilehomes and related items. If after reading this chapter you need more information about new mobilehome sales, you may wish to obtain a copy of Regulation 1610.2, Mobilehomes and Commercial Coaches. Ordering information is found on page 31.

Mobilehomes

A “mobilehome” (often called a “manufactured home”) is a structure that is:

• Transportable in one or more sections;
• Designed and equipped to contain not more than two dwelling units; and
• To be used with or without a foundation system.

A “dwelling unit” is:

• One or more rooms people can live in;
• Designed to be occupied by one family; and
• A living facility for sleeping, cooking, and eating purposes, with sanitation and utility fixtures, such as plumbing, heating, air conditioning, and electrical systems.

Recreational vehicles, commercial coaches, and factory-built houses are not considered mobilehomes.

For information on sales of factory-built housing, see page 23.

If you manufacture mobilehomes or manufactured homes and wish to have them approved for sale in California, please contact the Department of Housing and Community Development for more information. See www.hcd.ca.gov

For information on the sale or purchase of recreational vehicles and commercial coaches, you may wish to obtain Motor Vehicle Dealers (see ordering information on page 31).
Sales for a copy of our publication 34, *Tax Tips* nonresidential use

As a mobilehome dealer, you are the retailer of a new mobilehome you sell for any use other than occupancy as a residence. For example, you might sell a mobilehome to a building contractor for use as an office on a construction site. As a retailer, if the new mobilehome is not sold for occupancy as a residence, you generally owe sales tax on the full selling price of the mobilehome unless the sale is otherwise exempt, such as a sale to the U.S. government.

Sales for residential use

Dealer may be a “retailer-consumer”

A mobilehome dealer is considered a “retailer-consumer” of any new mobilehome sold to a customer for occupancy as a residence when these two conditions apply:

- The mobilehome will be subject to property tax after its sale. All new mobilehomes sold for residential use are subject to local property tax. This is true whether they are installed on a permanent or temporary foundation; and
- The sales to your customer would ordinarily be subject to sales tax (for example, it is not a sale for resale, a sale to the U.S. government, or a sale in interstate or foreign commerce). For more exemptions and exclusions that may apply to mobilehome sales, see page 10.

Manufacturers can also be retailer-consumers under certain circumstances. See page 4 for more information.

Use tax applies—not sales tax

As a dealer who is a retailer-consumer of a mobilehome, use tax is imposed upon you, as the consumer. Sales tax does not apply to the amount you charge your customer for the mobilehome and integral items you attach to it such as carpeting, wall paneling, room partitions, and built-in appliances.

When sales tax does not apply as described above, you will owe use tax based on 75 percent of your purchase price which includes all of the following:

- The cost of the mobilehome;
- All items you purchase and attach as an integral part of the mobilehome before the sale or under the sales contract, such as carpeting, wall paneling, room partitions, and built-in appliances; and
- Draperies and freestanding refrigerators and ranges included in your sale of the mobilehome, if they were not included in the price you paid for it.

When you sell a mobilehome as a retailer-consumer, you cannot collect an amount for tax reimbursement from your customer.

*Please note:* Your purchase price of a new mobilehome also includes any labor charges you paid another person or business for installing any of the items listed above. For a sample transaction showing amounts subject to tax in a dealer sale of a mobilehome not installed as real property, see page 35.

Certification of exemption

As the “retailer-consumer,” the dealer is required to declare and pay tax on 75 percent of the dealer’s purchase price of the mobilehome. To qualify for this special tax exemption, you must obtain and keep written certification at the time of the sale confirming that your customer will use the mobilehome as a residence. An exemption certificate is provided in the appendix, on page 38 of this publication, and is available from our website at [www.boe.ca.gov](http://www.boe.ca.gov) which may be used for this purpose.

Date of sale

Generally, you owe the use tax as of the date you sell the mobilehome. The date of sale is generally considered to be the date you transfer title (ownership) to the purchaser. However, if you retain title to the mobilehome as security for future payments, the date of sale is the date you transfer possession of the mobilehome to the buyer. *Sale with installation* When your sale includes installing the mobilehome on a permanent foundation, the date of sale is the date the installation is complete. Installation is complete when you deliver possession of the mobilehome to the purchaser or when escrow closes on the sale, whichever happens first.
Sales of accessories and other items

Items not attached to real property
Mobilehome dealers sometimes sell furniture and other accessory items that are not attached to the mobilehome or other real property. Those items are not an integral part of the mobilehome and do not qualify for the special tax treatment previously described. You are the retailer when you sell those items, so you owe sales tax based on their full selling price. If you sell these items with the mobilehome, you should list them separately on your customer invoice. And you should be careful to exclude the cost of these items when you calculate the 75 percent use tax on a mobilehome sale (see sample transaction on page 35).

Items attached to real property
You may also sell accessory items that are attached to real property, including mobilehomes that qualify as real property (see page 16). Typical items that fall in this category include:

- Window awnings
- Skirting
- Air-conditioning units
- Sunroom or patio additions

If you sell but do not attach or install accessory items of this type, you are the retailer of the items and owe sales tax on their sale. See the sample transaction on page 35.

But if you do attach the items to real property, you are considered a construction contractor, and additional sales and use tax rules apply. For more information, see chapter 5, page 16, “Mobilehomes and Accessories Installed as Real Property.”

Manufacturers as retailer-consumers
Under some circumstances, mobilehome manufacturers may also be retailer-consumers. If a manufacturer sells a new mobilehome directly to a purchaser for occupancy as a residence without going through a licensed dealer, the manufacturer becomes a retailer-consumer. When a manufacturer is a retailer-consumer, the manufacturer owes tax based on 75 percent of the price for which the manufacturer would sell a similar mobilehome, ready for installation, to a retailer-consumer in California.

Applying tax to sales-related charges

Transportation charges
Charges for transporting a mobilehome from supplier to retailer-consumer
When you are a retailer-consumer selling a mobilehome for residential use, you may need to include transportation costs in the purchase price on which you base your 75 percent use tax calculation. You should include transportation charges in your purchase cost when either of the following apply:

- The supplier sells you the mobilehome for a price that includes delivery; or
- The supplier charges you for delivery and delivers the mobilehome using the supplier’s own trucks and trailers rather than a common or contract carrier.

Exception: The delivery charges are not taxable if title transfers to you before shipment and the supplier separately states the charges.

However, if all of the following conditions apply to a mobilehome shipped to you, you should not include the shipping charges in your taxable cost:

- The supplier stated the shipping charges separately from the price of the mobilehome;
- The mobilehome was delivered by contract or common carrier; and
- The shipping charges did not exceed the supplier’s delivery cost.

Charges for transporting a mobilehome from retailer to purchaser
As a mobilehome retailer, you may owe tax on your charges for transporting a mobilehome to a purchaser in either of the following situations:

- You sell the mobilehome for a purpose other than residential use; or
- You do not qualify as a retailer-consumer for the transaction.

However, your delivery charges are not taxable if you deliver the mobilehome using a common or contract carrier, list the charges separately, and charge your customer no more than your actual delivery cost. Any excess charges are taxable.
For more information, you may review Regulation 1628, Transportation Charges. (See page 31.)

Setup charges
The setup of a mobilehome ordinarily includes services such as site preparation, placing of supports, joining sections, leveling, carpet installation, and so forth. The setup may be done by the seller or another person.

Carpet installation
- When you are a retailer-consumer, tax does not apply to your cost for, or charges for labor when you install the carpet.
- When you are a retailer-consumer and pay someone else to install the carpet in a new mobilehome that is not attached to a permanent foundation (not real property), your 75 percent use tax calculation must include the amount you pay for that work.
- Charges for labor to install carpeting in a mobilehome already on a permanent foundation are not taxable. (See chapter 5, “Mobilehomes and Accessories Installed as Real Property,” which begins on page 16.)

Joining sections
- A retailer-consumer’s charges for joining sections of a mobilehome are not taxable when the retailer-consumer does the work.
- When a retailer-consumer pays someone to join sections of a mobilehome that is (1) not real property, but (2) sold as a residence, the retailer-consumer must include the cost for the work in their 75 percent use tax calculation.
- A retailer’s charges for joining sections of a mobilehome that is not real property are taxable (as fabrication labor).

Miscellaneous
- Jacks and pads. Dealers are retailers of jacks and pads used as supports for mobilehomes. Their sale is subject to sales tax.
- Other services. Other costs or charges for services included in setting up mobilehomes generally are not taxable.

Escrow fees
Tax does not apply to separately stated charges for escrow fees for the sale of a new or used mobilehome.

Leases of mobilehomes
Tax does not apply to amounts you receive for lease payments on a mobilehome that is real property and subject to local property tax. However, tax may apply to the receipts from lease payments for a new mobilehome that is not real property.

Mobilehomes first leased before July 1, 1980
For mobilehomes that are not real property, use tax generally applies to the lease payments if the mobilehome was acquired without payment of sales or use tax and first leased before July 1, 1980. Generally, the lessor collects the use tax from the lessee and pays the tax to us. If that mobilehome becomes real property subject to local property tax, the lease payments will no longer be taxable. If sales or use tax was paid on a mobilehome when it was first acquired, and it is being leased in substantially the same form that existed at the time of purchase, the lease payments on the mobilehome are not taxable.

Mobilehomes first leased on or after July 1, 1980

Mobilehome leased for residential use Tax does not apply to lease payments you receive from a lessee who uses a new mobilehome as a residence. However, as a lessor, you owe use tax on the value of the mobilehome unless you paid sales or use tax when you bought it. Use tax is due at the time you lease the mobilehome, calculated as follows:

- If you obtained the mobilehome from a manufacturer, you owe use tax based on 75 percent of the amount you paid the manufacturer.
- If you obtained the mobilehome from a vendor, you owe use tax based on 75 percent of the amount the vendor paid for the mobilehome. When you don’t have evidence of that amount, you should calculate the use tax based on 60 percent of the amount you paid the vendor.

Mobilehome leased for another purpose
Lessors owe tax on their full retail purchase price for new mobilehomes leased for a nonresidential use.
Leases of used mobilehomes
Tax does not apply to receipts from the lease of used mobilehomes that were first sold new in California on or after July 1, 1980.

For more information
For more information on the leasing of mobilehomes, you can request a copy of Regulation 1660, Leases of Tangible Personal Property—in General, or publication 46, Tax Tips for Leasing of Tangible Personal Property in California. See page 31 for ordering information.

Dealer Purchases and Use of New Mobilehomes and Related Items
This chapter describes common mobilehome dealer purchases, including purchases for resale. For more general information on purchases for resale and issuing resale certificates, see publication 73, Your California Seller’s Permit, and publication 42, Resale Certificate Tips. You may also obtain a copy of Regulation 1668, Sales for Resale, and Regulation 1669, Demonstration, Display and Use of Property Held for Resale—General. (See page 31.)

Purchases for resale, in general
As a mobilehome dealer, you may issue resale certificates to manufacturers and suppliers when you buy items you will sell as a retailer or retailer-consumer. You may also issue resale certificates when you buy items that will become a physical part of products you sell. Common products you may purchase for resale include:

- Mobilehomes.
- Items you will attach to mobilehomes before you sell them, such as carpeting, wall paneling, room partitions, and built-in appliances.
- Mobilehome accessory items you will not attach to real estate.
- Furniture and home furnishings, under certain circumstances (see below).

Furniture and furnishings used to enhance mobilehomes for sale
You may purchase furniture and other home furnishings to enhance the appearance of a mobilehome while not offering the furnishings for resale. For example, you might furnish a model mobilehome to make it more appealing to potential buyers. However, you may buy furniture or accessories for resale if you do both of the following. You must:

- Regularly include the items with the sale of a mobilehome; and
- Offer the items for sale in your business and not use them before sale for any purpose other than demonstration and display.

Taxable use of a mobilehome
You owe use tax when you buy a new mobilehome for resale and then use it for a purpose other than for demonstration and display. For example, you might buy a new mobilehome and use it as an office.

When you use a mobilehome before you sell it or instead of selling it, you are considered the consumer of the mobilehome and use tax applies to your full purchase price. You should pay the use tax with your sales and use tax return for the period in which you first use the mobilehome as an office or other facility.

Example:
You are a mobilehome dealer who maintains an inventory of mobilehomes you purchased for resale. You take one of those mobilehomes out of inventory and give it to your daughter to use as a temporary residence while her home is under construction. The gift of the mobilehome is a taxable use. Since you did not pay tax on the mobilehome when you bought it, you now owe use tax based on its full purchase price. By withdrawing the mobilehome from your inventory and gifting it to your daughter, you are making a taxable use of the mobilehome. You are not regarded as a “retailer consumer” since you did not sell the mobilehome to your daughter for occupancy as a residence.
Consumer Purchases of New Mobilehomes from Out-of-State Dealers and Manufacturers

This chapter discusses the purchase of mobilehomes by consumers who have mobilehomes delivered to them in California. If a consumer takes possession of a mobilehome and then brings it into the state, other rules may apply. For more information on those situations, see our website: www.boe.ca.gov

In general

Consumers who buy new mobilehomes from out-of-state retailers for delivery and use in California generally owe use tax on their purchase. The use tax rate in a particular location is the same as the sales tax rate. The Department of Housing and Community Development collects the use tax when the mobilehome is first registered in the state.

Purchases for residential use

From dealers

The consumer owes use tax based on 75 percent of the price the out-of-state dealer paid for the mobilehome. When the purchaser does not have satisfactory proof of that price, such as a statement from the dealer or an invoice, the use tax is based on 60 percent of the amount paid to the dealer.

From manufacturers

If you obtain a mobilehome for use as a residence, from an out-of-state manufacturer, you owe use tax based on 75 percent of the amount you paid the manufacturer.

Purchases for nonresidential use

When a mobilehome is used for a nonresidential purpose, use tax is due on the full purchase price of the mobilehome.

When is the use tax due?

For purchases of mobilehomes, the use tax is due when the property is first used in California.

Related Sales and Use Tax Exemptions

There are a number of exemptions and exclusions in the California Sales and Use Tax Law. The retailer-consumer provisions apply only when a dealer or manufacturer’s sale would ordinarily be subject to sales tax. If after reading this chapter and related resources you’re still not sure whether your transaction is taxable, please call our Taxpayer Information Section for help (see page 31).

Sales in interstate and foreign commerce

Shipments outside the state—when sales tax does not apply

Sales tax does not apply when the contract of sale requires the mobilehome to be shipped to a point outside this state by you, the retailer, by means of:

1. Facilities operated by the retailer; or
2. Delivery by the retailer to a carrier, customs broker or forwarding agent, whether hired by the purchaser or not, for shipment to an out-of-state location.

The term “carrier” means a person or firm regularly engaged in the business of transporting for compensation tangible personal property owned by other persons, and includes both common and contract carriers. The term “forwarding agent” means a person or firm regularly engaged in the business of preparing property for shipment or arranging for its shipment. An individual or firm not otherwise engaged in this type of business does not become a “carrier” or “forwarding agent” simply by being designated by a purchaser to receive and ship goods to a point outside this state.

Proof of exemption

Bills of lading or other documentary evidence of the delivery of the property to a carrier, customs broker, or forwarding agent for shipment outside this state must be retained by the retailer to support exempt interstate sales.
Exports

When sales tax does not apply Sales tax does not apply when the property is sold to a purchaser for shipment abroad and is shipped or delivered by the retailer to a foreign country. To be exempt as an export:

- The property must be intended for a destination in a foreign country;
- It must be irrevocably committed to the exportation process at the time of sale; and
- The property must actually be delivered to the foreign country prior to any use of the property.

Movement of the property into the exportation process does not begin until the property has been shipped, or entered with a common carrier for transportation to another country, or has been started upon a continuous route or journey which constitutes the final and certain movement of the property to its foreign destination. There has been an irrevocable commitment of the property to the exportation process when the property is sold to a purchaser for shipment abroad and is shipped or delivered by the retailer in a continuous route or journey to the foreign country by means of:

- Facilities operated by the retailer;
- A carrier, forwarding agent, export packer, customs broker or other person engaged in the business of preparing property for export, or arranging for its export; or
- A ship, airplane, or other conveyance furnished by the purchaser for the purpose of carrying the property in a continuous journey to the foreign country, title to and control of the property passing to the purchaser upon delivery.

Proof of exemption

Bills of lading, import documents of a foreign country or other documentary evidence of export must be obtained and retained by retailers to support exempt exports.

Sales to the United States government

Tax does not apply to sales and leases to any of the following:

- The United States or its unincorporated agencies and instrumentalities.
- Any incorporated agency or instrumentality of the United States that is wholly owned by either the United States or a corporation wholly owned by the United States.
- The American Red Cross, including its chapters and branches.

Examples of entities that qualify under this exemption are found in our publication 102, *Sales to the U.S. Government* (see ordering information on page 31).

This exemption does not extend to construction contracts with the United States government if under the contract, you supply a mobilehome and attach it to a foundation. For more information, you may wish to obtain a copy of Regulation 1521(c), *Construction Contractors*. Ordering information is on page 31. You must document all exempt sales to the U.S. government and retain the documentation in your records. Documentation should include the U.S. government purchase order or other documents demonstrating direct payment by the U.S. government. For more information, you may obtain a copy of Regulation 1614, *Sales to the United States and its Instrumentalities*, and publication 102, *Sales to the U.S. Government*. (See page 31.)

Sales to Indians living on reservations

Tax does not apply to the sale of a new mobilehome when all of the following conditions apply:

- The purchaser is an Indian who lives on a reservation. The terms *Indian* and *reservation* are defined in Regulation 1616, *Federal Areas*;
- The mobilehome is delivered to the Indian buyer on a reservation; and
- Title (ownership) to the mobilehome transfers to the Indian purchaser on a reservation.

Transfer of title (ownership) on the reservation

How tax applies to a particular sale or purchase by an Indian often depends on whether ownership of the item being sold or purchased transfers to the Indian purchaser on the reservation. *Sale by retailer not located on a reservation* Retailers located outside a reservation may sell to Indian buyers who request delivery on a reservation. For a sale to qualify as a transfer of title (ownership) on the reservation, all of the following conditions must apply:
• The contract of sale or other sales agreement cannot transfer ownership of the item to the Indian buyer before the item is delivered on the reservation; and
• The Indian buyer cannot take possession of the item before delivery on the reservation.

In addition, the retailer generally must deliver the product by:

• Using the retailer’s vehicle; or
• By common carrier or contract carrier, when both of the following requirements are met:
  — The contract of sale or sales invoice must include a statement specifically requiring delivery at the reservation, and the bills of lading must have an F.O.B. destination clause.
  — The goods are in fact delivered to the Indian reservation.

When delivery does not take place as described here, ownership of the item being sold or purchased generally transfers to the Indian buyer off the reservation.

Please note: This is a general description of transfer of ownership on the reservation. Other specific rules may apply to certain types of sales and leases.

Claimed exempt sales to Indians require documentation

Retailers

When you make a claimed exempt sale to an Indian, you should keep copies of documents that BOE auditors can use to verify that your sale is exempt. You need:

• One or more documents that show the purchaser is an Indian, such as a tribal ID card, a letter from a tribal council, or a letter from the U.S. Department of the Interior (or Bureau of Indian Affairs);
• Documents to show that ownership of the merchandise transferred to the Indian buyer on the reservation and delivery occurred there, such as contracts of sale, invoices, bills of lading, delivery receipts, and freight invoices; and
• An exemption certificate from the Indian purchaser stating that the Indian purchaser lives on a reservation. You may obtain a copy of BOE-146-RES, Statement of Delivery on a Reservation, for this purpose. (See page 31)

Purchasers

If you are an Indian who lives on a reservation, you will need to prove to the retailer that you qualify for the tax exemptions explained in this publication. You may need to give the retailer both of the following:

• A copy of a document showing that you are an Indian, such as a tribal ID card, a letter from your tribal council, or a letter from the U.S. Department of the Interior (or Bureau of Indian Affairs).
• An exemption certificate stating that you live on a reservation and other required contents (see next section).

If you are an Indian organization, you must also provide documents to prove that you qualify for the tax exemptions explained in this publication. You may need to give the retailer:

• Documents to show that all of your members or partners are Indians, such as articles of incorporation and partnership agreements;
• If your organization is a corporation, documents to show it is organized under tribal authority, such as the organization’s articles of incorporation; and
• An exemption certificate containing certain other required content (see next section).

Exemption certificates

An exemption certificate based on an Indian’s residency on a reservation must be in writing. A BOE-146-RES, Statement of Delivery on a Reservation, or a simple document in the form of a letter may be used. The certificate must include all of the following:

• For individuals: The date and the Indian purchaser’s name, home address, and signature. For Indian organizations: The date, the organization’s name and address, and the title and signature of the person completing the certificate;
• A description of the products or merchandise purchased under the certificate; and
• A statement that the property is being purchased for use on a reservation by an Indian who lives on a reservation. If you accept an exemption certificate from an Indian purchaser in good faith, our audit staff should not question the residency of the purchaser. However, if you have evidence or knowledge that the Indian may not live on a reservation (for example, if the Indian asked you to send the bill to a non-reservation address), you should not accept an exemption certificate in good faith unless the Indian buyer gives you other reliable documents to verify residency on a reservation.

Please note: The Indian buyer is not required to live on the same reservation where ownership transfers. In other words, a resident of Reservation A could qualify for the exemption even when taking ownership of merchandise
Use off the reservation

A sale of a mobilehome to an Indian buyer who lives on a reservation and takes ownership and delivery on a
reservation will not be exempt from tax if the mobile-home is used outside the reservation more than one-half of
the time in the first 12 months after the sale. In this case, the Indian buyer owes the use tax and is responsible for
paying it:

• By using the simple form found in our publication 79-B, California Use Tax;
• On the Indian buyer’s California income tax return; or
• If the Indian buyer has a California seller’s permit, when filing the Sales and Use Tax Return.

Married couples or registered domestic partners

When an off-reservation retailer makes a sale to both members of a married couple or registered domestic
partners, and one of the couple is an Indian who resides on a reservation, the following rules apply:

• Tax does not apply to the one-half interest in the property attributable to the Indian partner or spouse
  who lives on a reservation if the ownership of the merchandise is transferred to the couple or partners
  on the reservation, and title to the merchandise transfers on the reservation. The Indian spouse or
  partner may be liable for use tax if the property is used off the reservation more than on the reservation
  during the first 12 months following delivery.
• Tax does apply to the one-half interest in the property attributable to the non Indian partner or spouse.

Mobilehomes and Accessories Installed as Real Property

Mobilehomes are considered real property when they are installed on permanent foundations. This chapter
discusses sales and use tax issues related to mobilehomes and accessories that are considered real property
after installation. You may obtain a copy of Regulation 1521, Construction Contractors, or publication 9, Tax Tips
for Construction and Building Contractors (see ordering information on page 31).

Real property

Real property generally means land and improvements to land, including houses, and other structures, fences,
orchards, and so forth. Generally, only mobilehomes fastened or pinned to a “permanent foundation” qualify as
real property. A permanent foundation is considered to be an assembly of building materials that is all of the
following:

• Constructed below or partly below ground level;
• Not intended to be removed from the installation site;
• Designed to support a structure; and
• Engineered to resist natural forces such as wind, rain, snow, and so forth.

Other foundation systems, including assemblies of steel or cement and block commonly called “piers” or “jacks
and pads” are considered nonpermanent or temporary foundations. Mobilehomes on this kind of foundation are
personal property rather than real property.

Mobilehome sales to construction contractors

A dealer or manufacturer is considered to be the retailer-consumer of a mobilehome sold to a construction
contractor who will install the mobilehome on a permanent foundation for occupancy as a residence. For details
on how tax applies if you are a retailer-consumer, see chapter 1, page 2, “Sales for residential use” and page 4,
“Manufacturers as retail-consumers.” The dealer’s or manufacturer’s tax liability is as follows:

• If a manufacturer sells a new mobilehome for occupancy as a residence to a construction contractor,
directly to the customer, or without going through a licensed dealer, the manufacturer is the “retailer-
consumer” and must report and pay tax computed on 75 percent of the sales price for which a similar
mobilehome, ready for installation, would be sold by that manufacturer to a dealer who is a “retailer-
consumer” in this state.
• When a dealer sells a mobilehome to a construction contractor to be affixed to land for occupancy as a
residence, the dealer must report and pay use tax measured by 75 percent of his or her own purchase
price of the mobilehome, including the cost of any accessory items that are an integral part of the
mobile-home being sold.

A construction contractor who is not licensed as a mobilehome dealer may not issue a resale certificate for the
purchase of a mobilehome that will be installed on a permanent foundation.
Dealers and manufacturers as construction contractors

You are considered a construction contractor for sales and use tax purposes when you furnish and install items that you are responsible to attach to real property. Please refer to publication 9, *Tax Tips for Construction and Building Contractors* (see ordering information on page 31).

Dealers

If you are both a construction contractor and a licensed mobilehome dealer for a transaction, you are a retailer-consumer when you sell a mobilehome that will be installed on a permanent foundation and you may issue a resale certificate for the purchase of the mobilehome. As a retailer-consumer, you must report tax on 75 percent of the cost of the mobilehome on the return for the period during which the mobilehome is installed on a permanent foundation. For more on how tax applies to your sale, see page 2.

Manufacturers

Manufacturers are considered construction contractors when they sell a mobilehome without going through a dealer and install the mobilehome on a permanent foundation. The manufacturer is the consumer of the materials and the retailer of any fixtures supplied and installed. (When the customer is the U.S. government, the manufacturer is the consumer of all related fixtures and materials and the retailer of furniture and unattached accessory items.) See the next section for information on sales of materials and fixtures.

Contractors’ charges for work on real property

You may furnish and attach items that become a part of the mobilehome, either as part of its initial sale or as part of repairs. For sales and use tax purposes, work done on a mobilehome that is considered real property is the same as work done in any other construction contract.

Items that are not an integral part of the mobilehome

Construction contractors are retailers when they sell accessory items that are not an integral part of the mobilehomes, such as furniture or other home furnishings (see “Items not attached to real property,” on page 3). The sale of those items is subject to sales tax.

Sales of materials

In general, construction contractors are consumers of materials which they furnish and install in the performance of lump-sum construction contracts. Either sales tax or use tax applies with respect to the sale of the materials or the use of the materials by the construction contractor. Examples include wall-to-wall carpeting, roofing, tile, hardware, flooring, wallboard, paint, concrete, fencing materials, decking, lumber, and so forth.

If you bill your customer one lump-sum amount for work done on real property, you are the consumer of any materials you purchase and install for the contract. Tax is due on your purchase of those materials. You should not collect any tax from your customer.

You are also generally considered the consumer in a time-and-material construction contract if you pay tax when purchasing your materials and do not separately state charges for tax to your customer. However, you are not a consumer in a time and materials contract when you bill a separate amount for the materials and one of the following is true:

- The contract explicitly states that ownership of the materials transfers to the customer before they are installed; or
- You charge your customer for “sales tax” computed on a marked-up billing for materials.

In either of these cases, you are considered the retailer of the materials you furnish for the job and your charges for them (their retail selling price) are taxable.

Sales of fixtures

Items that are accessory to a building or structure and that do not lose their separate identity and function after installation are considered fixtures. Examples include skirting, air conditioning units, plumbing fixtures, shutters, and window awnings.

Your sale of fixtures is generally taxable, but your charges for installing them are not.

Labor charges

Generally, tax does not apply to your charges for labor for work done on real property. However, some types of contractor labor are taxable. For more information, please see publication 9, *Tax Tips for Construction Contractors* (see page 31).
Subcontracted work on real property

When dealers hire contractors to perform work on real property, the contractor generally remains liable for the sales tax as explained on the previous page. The dealer’s charges to the purchaser for the work are not taxable.

For example, you might sell a mobilehome to a purchaser and include a patio cover in the sale. You hire a contractor to furnish and install the patio cover. The contractor will install the patio cover by attaching its supports to a concrete slab and bill you for the work in one, lump-sum amount. A construction contractor may contract to sell materials and also to install the materials sold. In the case of a time and materials contract, if the contractor bills the customer an amount for “sales tax” computed upon a marked up billing for the materials, the contractor is considered to be a retailer of the materials.

The contract must explicitly provide for the transfer of title to the materials prior to their installation and separately state the sales price of the materials, from the charge for installation. The contractor’s lump-sum charges to the dealer are not taxable.

Sales and Purchases of Used Mobilehomes

This chapter provides information about the sale of used mobilehomes by dealers and other sellers. It also includes information on purchases from other sellers. For more information, you may obtain a copy of Regulation 1610.2, Mobilehomes and Commercial Coaches. See page 31 for ordering information.

Used mobilehome defined

A “used mobilehome” is a mobilehome that was previously sold and registered or titled with any of the following:

- The Department of Housing and Community Development or with an appropriate agency or authority.
- Any other state, the District of Columbia, or a territory or possession of the United States.
- A foreign state, province, or country.

Sales of used mobilehomes that are subject to property taxes

Generally, neither sales tax or use tax applies to the sale or use of used mobile-homes that are considered real property and subject to property taxes. In general, property tax applies to a used mobilehome situated on a permanent foundation that meets either of the following conditions:

- It was originally sold new on or after July 1, 1980; or
- It was originally sold new before July 1, 1980, and later transferred to the property tax rolls.

Sales of used mobilehomes subject to annual license fees

In general, sales or use tax applies to the sale or purchase of a used mobilehome that is subject to annual license fees under the Health and Safety Code—in other words, mobilehomes that must be registered annually with the Department of Housing and Community Development (HCD). Mobilehomes that are considered real property are not subject to annual license fees.

Sales by dealers

Sales tax generally applies to a dealer’s charges when not acting as a broker, for the sale of a used mobilehome that is subject to annual license fees (see “Dealers as brokers,” next page). “Dealers,” in this situation, include licensed manufacturers, dealers, distributors, or branches or representatives of manufacturers. The sales tax is based on the total price you charge for the mobilehome, including any separately listed charges for awnings, skirting, and other accessory items that are not attached to a mobilehome situated on a permanent foundation or otherwise attached to real property. However, if you sell a used mobilehome in place, tax does not apply to any existing real property improvements you list separately on your invoice or contract, such as cement and landscaping.

Dealers as brokers

Sometimes a mobilehome dealer will act as a broker and sell a used mobilehome on behalf of another person or business. In those situations, the purchaser of the mobilehome owes use tax on the retail value of the mobilehome determined by referencing a current recognized value guide. For information on what retail value means in this case, see “Determining retail value,” on page 22.

Purchases from parties other than a dealer

When a person buys a used mobilehome from someone other than a dealer that is required to be registered annually under the Health and Safety Code, the buyer generally owes use tax on the purchase when you register the mobilehome with the Department of Housing and Community Development. Examples include sales by:

- Dealers who are acting as brokers rather than retailers.
- Licensed real estate brokers acting consistent with Business and Professions Code section 10131.6.
- Private parties.
The tax is based on the retail value of the mobilehome, as explained in "Determining retail value," on page 22.

Possible exempt sales

Sales within a family

Tax may not apply to the sale or purchase of a used mobilehome when the seller and purchaser are family members and the seller is not in the business of selling mobilehomes.

For example, neither sales nor use tax applies to the sale or use of a mobilehome sold to the purchaser by the purchaser's:

- Parent, grandparent, child, grandchild, spouse, or registered domestic partner.
- Brother or sister, provided both parties to the transaction are under age 18 and related by blood or adoption.

Purchasers who claim an exemption from use tax under this provision will need to provide proof of the family relationship when they register the mobilehome.

To qualify for a use tax exemption or tax clearance certificate see publication 52, Vehicles and Vessels, How to Request a Use Tax Clearance for DMV Registration, (see page 31), for the circumstances under which your purchase may qualify for a tax clearance and details on how to obtain one. While the publication does not specifically refer to mobilehomes, the publication does include a BOE-106, Vehicle/Vessel Use Tax Clearance Request. This form includes a specific line for mobilehomes. After fulfilling the requirements, we will issue you a BOE-111, Certificate of Motor Vehicle or Mobilehome Use Tax Exemption, allowing your use tax exemption.

If there is a question about whether your purchase qualifies for an exemption and you want the department to act on your application right away, you may pay the use tax at the time of registration and later apply to us for a refund. Please see publication 117, Filing a Claim for Refund, for instructions. (See page 31.)

Determining retail value

Current value guides

The use tax due on the purchase of a used mobilehome is based on the mobilehome’s retail value. That value is determined using either of the following current, recognized value guides covering the particular period in which the sale, storage, use, or other consumption occurs:

- The Kelley Blue Book Manufactured Housing and Mobilehome Guide; or
- The National Automobile Dealer Association’s (NADA) Mobilehome Manufactured Housing Appraisal Guide.

If the mobilehome is not listed in the guide or the sales price is lower than the listed value, other methods are used to determine the value.

Other valuation methods

If the actual sales price of a used mobilehome is less than the current value specified in the value guide, the tax will be based on the actual sales price of the mobilehome as shown in the purchase documents.

If the value guide does not list the model or manufacturer of a used mobilehome, the value will be determined by using the highest value in the guide according to age and size, or the actual sales price, whichever is lower.

"Actual sales price" means the total contract price, including but not limited to the value of the mobilehome, in-place location, awning, skirting, carport, patio, landscaping, shrubs, unattached furnishings, or other items not part of the mobilehome, and documentation fees.

Factory-Built Housing

This chapter describes sales and use tax issues for factory-built housing. For more information, you may obtain a copy of Regulation 1521, Construction Contractors, Regulation 1521.4, Factory-Built Housing, and publication 9, Tax Tips for Construction and Building Contractors. See ordering information on page 31.

Factory-built housing

Factory-built housing may include:

- A residential building.
- Dwelling unit.
- An individual dwelling room or combination of rooms.
- A building component, assembly, or system, so manufactured that all of its parts cannot be inspected prior to affixation to realty without disassembly, damage, or destruction.
This definition includes units designed for use as part of an institution for resident or patient care, which is either wholly manufactured or is substantially manufactured at an offsite location. Units under this definition, generally must be wholly or partially assembled onsite in accordance with regulations adopted by the Commissioner of Housing and Community Development of the State of California or in accordance with applicable local building requirements if such factory-built housing is inspected and approved by the local enforcement agency authorized under contract with the department.

Factory-built housing may include:

- “Modular housing,” which is a three dimensional box or cube-shaped structure or structures making up one or more rooms of a residential building, or an institution or part thereof for resident or patient care.
- “Sectionalized housing,” which generally consists of two modules which form a total living unit of a residential building, or an institution or part thereof for resident or patient care.
- “Modular,” “utility,” or “wet cores,” which are three dimensional habitable rooms or modules and which are generally comprised of a kitchen or a bathroom or bathrooms of a residential building, or an institution or part thereof for resident or patient care.
- “Factory-built housing,” also includes panelized construction sold by the builder or manufacturer of the panelized construction and which consists of a package including wall panels, floors, and a roof that will form a complete housing structure.

Factory-built housing does not include any of the following:

- Mobilehomes, as defined by Regulation 1610.2, Mobilehomes and Commercial Coaches.
- Precut housing packages, where more than 50 percent of the package consists only of precut lumber.
- “Panelized construction,” such as walls or components that may become one or more rooms of a building.
- Porches, awnings, materials, fixtures, or components which are not purchased as a part of the factory built housing package.
- Freestanding appliances, such as freestanding refrigerators, stoves, washers, and dryers, which are included in the sales or purchase price of, and installed as part of, the factory-built housing package.
- Rugs (except wall-to-wall carpets), draperies, freestanding cabinets, furniture, or other furnishings.

The term “consumer” as used herein means any person who purchases factory built housing for use in erecting or remodeling a building or other structure on land to be used for residential dwelling purposes or as an institution or part thereof for resident or patient care.

For more information, you may wish to obtain Regulation 1521.4, Factory-Built Housing.

General application of tax

The sale of factory-built housing to a “consumer” is subject to sales tax. However, under certain circumstances, 60 percent of the sales price is not taxable. Tax applies to only 40 percent of the sales price of factory-built housing when you sell the housing:

- Directly to a “consumer” to be used for residential dwelling purposes on land; or
- For use as an institution for resident or patient care.

Certificate of Exclusion

To pay tax on only 40 percent of the sales price, you must obtain a “60 percent exclusion certificate” from your customer (see Appendix, on page 37). You should keep the certificate in your records.

Consumers who buy factory-built housing in a transaction that appears to qualify for the partial exclusion from the tax owe use tax based on the entire purchase price if they use the housing for any purpose other than a residence or qualifying institution. See “Taxable uses of factory-built housing,” on the next page.

Manufacturers and factory-built housing

If you are a manufacturer of factory-built housing, you can be a dealer, a construction contractor, or both. When you sell factory-built housing to a customer who will install it, you are the dealer. Tax applies to your sale as noted in the previous section.

A manufacturer who contracts to furnish and install factory-built housing is considered a construction contractor for sales and use tax purposes. You are generally the consumer of materials you use and the retailer of fixtures you install in or on the structure which were not sold or purchased as part of the factory-built housing package, and tax generally applies. (For more detailed information, see explanation of materials and fixtures on page 18.) For additional information on materials and fixtures, you may obtain a copy of publication 9, Tax Tips for Construction and Building Contractors, and Regulation 1521, Construction Contractors (see page 31).
**Taxable uses of factory-built housing** Purchaser or consumer owes tax

Tax applies to 40 percent of the sales price of factory-built housing when it is sold to a “consumer.” If factory-built housing is purchased free of tax, for resale, and is then installed and assembled into buildings by the consumer or on his behalf, tax applies to 40 percent of the sales price of the factory-built housing provided these buildings are to be used for residential dwelling purposes, or as an institution or part thereof for resident or patient care. If any other use is made of the factory-built housing, tax applies to the full sales price (or to 60 percent of the sales price if purchased tax paid with tax measured by 40 percent of the sales price).

**Seller owes tax**

A seller of factory-built housing owes use tax on a factory-built house withdrawn from untaxed resale inventory and used for any purpose other than resale. The seller should report the taxable use and pay the tax with the sales and use tax return for the period in which the house was removed from inventory.

**Items that are not part of factory-built housing**

The installing contractor is the retailer of the following items even when they are included in a factory-built housing package. Tax applies to their selling price.

Such items include:

- Freestanding appliances
- Area rugs and throw rugs
- Draperies
- Freestanding cabinets
- Furniture and home furnishings

**Sample factory-built housing transactions**

**Transaction A**

A dealer purchases factory-built housing from a manufacturer. The dealer will either sell or lease the completed structure for use as factory-built housing, and install the factory-built housing on either their real estate or on the customer’s real estate.

In this transaction the manufacturer is the retailer of factory-built housing. The manufacturer must report and pay sales tax based on 40 percent of the selling price to the dealer, in accordance with Regulation 1521.4, subdivision (c). The manufacturer must also obtain a 60 percent exclusion certificate from the dealer. The dealer’s subsequent sale or lease of factory-built housing that is affixed to real estate is a real estate transaction.

**Transaction B**

A manufacturer sells factory-built housing to a dealer who will resell it to a rural health clinic for patient care. The clinic installs the structure on its own land.

In this transaction the sale by the manufacturer is an exempt sale for resale. The manufacturer should obtain a resale certificate from the dealer. The dealer is the retailer and owes sales tax based on 40 percent of the dealer’s selling price to the clinic. The dealer must obtain a 60 percent exclusion certificate from the clinic.

**Transaction C**

A manufacturer furnishes and installs factory-built housing for a buyer on the buyer’s land.

In this transaction Regulation 1521.4 does not apply, as the manufacturer is a construction contractor and tax applies under Regulation 1521. The manufacturer is the consumer of the materials used in building and installing the FBH and the retailer of the fixtures.

**Factory-built school buildings**

A contract to furnish and install a factory-built school building is not a construction contract, but rather is a sale of tangible personal property. **For purposes of local tax allocation, the place of sale of a factory-built school building is the place of business of the retailer, not the jobsite location.**

In general, a factory-built school building is defined as any building which is designed or intended for use as a school building and is wholly or substantially manufactured at an offsite location for the purpose of being assembled, erected or installed on a site owned or leased by a school district or a community college district. Effective September 13, 1990, the term “factory-built school building” (relocatable classroom) means and includes any building:
BOE PUBLICATION #47 <Excerpts>

- Designed or intended for use as a school building.
- Wholly or substantially manufactured at an offsite location for the purpose of being assembled, erected, or installed on a site owned or leased by a school district or a community college district.
- Designed and manufactured in accordance with building standards adopted and approved pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13 of the Health and Safety Code and must be approved by the structural safety section in the office of the State Architect.

Buildings that are not licensed by either the DMV or the Department of Housing and Community Development are not factory-built school buildings.

Buildings that are licensed by either the DMV or the Department of Housing and Community Development are not factory-built school buildings.

Tax applies to 40 percent of the sales price at which the factory-built school building is sold to a consumer, excluding on-site installation labor. The following are examples of persons defined as consumers:

- A school district or a community college district.
- A contractor who purchases a factory-built school building for the purpose of fulfilling the requirements of an existing contract with a school district or a community college district to furnish and install such a building.

For information on the sale and installation of factory-built school buildings, as a construction contractor, please refer to Regulation 1521, Construction Contractors, subdivision (b)(4), and to publication 9, Tax Tips for Construction and Building Contractors. See page 31 for ordering information.

**General Tax Information**

This chapter provides general information on other tax issues that are common to the mobilehome and factory-built housing industry, including sales tax reimbursement, bad debts, and recordkeeping. For more information, you may obtain the regulations and publications noted in the chapter.

**Sales tax reimbursement**

Although you are liable for the sales tax on your taxable retail sales, you may collect an amount from your customer equal to the tax you will owe. We presume that your customer agrees to pay you an amount for sales tax if any of the following are true:

- The sales agreement or invoice specifically provides for the addition of an amount for sales tax or sales tax reimbursement;
- Your invoice or other proof of sale shows the amount of tax you will collect from your customer; or
- You post a visible sign at your business location, or include on price tags or advertisements, a notice that reimbursement for sales tax will be added to the sales price of all items or certain items (whichever applies).

If you collect more tax on a sale than you owe, you must return the excess amount to the customer or pay it directly to the BOE.

For more information, you may obtain a copy of Regulation 1700, Reimbursement for Sales Tax. (See page 31.)

**Recordkeeping**

You need to keep complete and accurate records of all of your business transactions. Our representatives may examine your books, papers, records, and other documents to verify the accuracy of any return you file. If you don’t file tax returns, they will use your records to determine how much tax you owe. You must keep adequate records that show all of the following:

- Your gross receipts from all taxable and nontaxable sales or leases of goods and merchandise and any related labor charges.
- All deductions allowed by law and claimed in filing returns.
- The total purchase price of all items you purchased for sale, use, or lease. Your records must include all of the following:
  - The normal books of account.
  - All bills, receipts, invoices, orders, contracts, or other documents of original entry supporting the entries in the books of account.
  - Certificates of exemption or exclusion described elsewhere in this pamphlet.
  - All schedules or work papers used in preparing your tax returns.

If you do not maintain adequate records, we may consider that to be evidence of negligence or intent to evade the
tax and you may be subject to penalties.

Retaining business records
You should keep required records for at least four years unless we give you specific, written authorization to destroy them sooner. Exception: records that cover reporting periods before January 1, 2003, may be covered by an extended statute of limitations if you did not participate in the 2005 tax amnesty program, or if fraud or intent to evade tax is discovered during an audit. You must keep those records for at least ten years. If you are being audited, you should retain all records that cover the audit period until the audit is complete, even if that means you keep them longer than four years. In addition, if you have a dispute with us about how much tax you owe, you should retain the related records until that dispute is resolved. For instance, if you appeal the results of an audit or another determination, or you file a claim for refund, you should keep your records while that matter is pending.

Bad debts—mobilehome sales
Where the dealers are retailers, bad debt losses incurred are allowable in the same manner as bad debts from other types of retail sales as explained in the next paragraph and Regulation 1642, Bad Debts.

Some examples of sales where dealers are retailers of new mobilehomes sold for other than occupancy as a residence are sales of furniture, and sales of accessories which are not affixed to realty. In such cases, the dealer may claim a deduction for bad debts found to be uncollectible and charged-off for income tax purposes.

Should the uncollectible amounts include nontaxable charges, such as interest charges, and/or items in which the dealer is a consumer or retailer-consumer as well as taxable items, a bad debt deduction may be claimed only with respect to the unpaid amount upon which the dealer is the retailer and which the tax has been paid to us. In determining this amount, all payments and credits to the accounts must be apportioned to the taxable and nontaxable elements which make up the amount the purchasers agreed to pay.

If any amounts for which the bad debts have been deducted on the sales tax returns are subsequently collected in full or in part, the amount(s) so collected must be included in the first return filed after the funds are received.

If a repossession of merchandise for which the dealer is a retailer is involved, the value of the repossessed merchandise must be deducted in computing the allowable credit. See Regulation 1642 regarding the formula used in determining the amount of allowable credit on repossession losses. For instructions on obtaining Regulation 1642, please refer to page 31.

When dealers of mobilehomes are retailer-consumers or consumers of mobilehomes, accessories and other items which they sell, there is no basis for claiming any bad debts incurred on such transactions. Some common examples where the dealer is either the retailer-consumer or consumer, and cannot claim bad debt deductions are:

- New mobilehomes sold for occupancy as a residence on or after July 1, 1980.
- Sales of accessories such as carpeting affixed as an integral part of a mobilehome prior to its sale when the mobilehome is sold for occupancy as a residence.
- Sales of accessories such as window awnings affixed to a mobilehome situated on a permanent foundation or when the accessories are affixed directly to realty.

**Written tax advice**

For your protection, it is best to get tax advice in writing. You may be relieved of tax, penalty, or interest charges that are due on a transaction if we determine that we gave you incorrect written advice regarding the transaction and that you reasonably relied on that advice in failing to pay the proper amount of tax. For this relief to apply, a request for advice must be in writing, identify the taxpayer to whom the advice applies, and fully describe the facts and circumstances of the transaction. Please send your request to: Audit and Information Section, MIC:44, State Board of Equalization, P.O. Box 942879, Sacramento, CA 94279-0044.

Written tax advice is specific to individual taxpayers. You cannot obtain tax relief by relying on a written opinion given to another business, even if your transactions are similar. In addition, tax relief is not available if you incorrectly apply tax based on advice we give you verbally in person or over the telephone.

**Classes**

Some of our statewide field offices offer free basic sales and use tax classes. Part 3282. MANUFACTURED HOME PROCEDURAL AND ENFORCEMENT REGULATIONS

Subpart F—DEALER AND DISTRIBUTOR RESPONSIBILITIES

§ 3282.251. Scope and purpose
(a) This subpart sets out the responsibilities which shall be met by distributors and dealers with respect to manufactured homes manufactured after the effective date of the standards for sale to purchasers in the United States. It prohibits the sale, lease, or offer for sale or lease of manufactured homes known by the distributor or dealer not to be in conformance with the standards, and it includes responsibilities for maintaining certain records and assisting in the gathering of certain information.
(b) The purpose of this subpart is to inform distributors and dealers when they may sell manufactured homes, when they are prohibited from selling manufactured homes, and what they may do in order to prepare a manufactured home for sale if it is not in conformance with the standards.
(c) For purposes of this part, any manufacturer or distributor who sells, leases, or offers for sale or lease a manufactured home to a purchaser shall be a dealer for purposes of that transaction.

§ 3282.252. Prohibition of sale
(a) No distributor or dealer shall make use of any means of transportation affecting interstate or foreign commerce or the mails to sell, lease, or offer for sale or lease in the United States any manufactured home manufactured on or after the effective date of an applicable standard unless:
   (1) There is affixed to the manufactured home a label certifying that the manufactured home conforms to applicable standards as required by § 3282.205(c), and
   (2) The distributor or dealer, acting as a reasonable distributor or dealer, does not know that the manufactured home does not conform to any applicable standards.
(b) This prohibition applies to any affected manufactured homes until the completion of the entire sales transaction. A sales transaction with a purchaser is considered completed when all the goods and services that the dealer agreed to provide at the time the contract was entered into have been provided. Completion of a retail sale will be at the time the dealer completes set–up of the manufactured home if the dealer has agreed to provide the set–up, or at the time the dealer delivers the home to a transporter, if the dealer has not agreed to transport or set up the manufactured home, or to the site if the dealer has not agreed to provide set–up.
(c) This prohibition of sale does not apply to manufactured homes which are placed in production prior to the effective date of the standards, and it does not apply to "used" manufactured homes which are being sold or offered for sale after the first purchase in good faith for purposes other than the resale.

§ 3282.253. Removal of prohibition of sale
(a) If a distributor or dealer has a manufactured home in its possession or a manufactured home with respect to which the sales transaction has not been completed, and the distributor or dealer, acting as a reasonable distributor or dealer, knows as a result of notification by the manufacturer or otherwise that the manufactured home contains a failure to conform or imminent safety hazard, the distributor or dealer may seek the remedies available to him under § 3282.415.
(b) When, in accordance with § 3282.415, a manufacturer corrects a failure to conform to the applicable standard or an imminent safety hazard, the distributor or dealer, acting as a reasonable distributor or dealer, may accept the remedies provided by the manufacturer as having corrected the failure to conform or imminent safety hazard. The distributor or dealer, therefore, may sell, lease, or offer for sale or lease any manufactured home so corrected by the manufacturer.
(c) When a distributor or dealer is authorized by a manufacturer to correct a failure to conform to the applicable
standard or an imminent safety hazard and completes the correction in accordance with the manufacturer's instructions, the distributor or dealer may sell, or lease or offer for sale or lease the manufactured home in question, provided that the distributor or dealer, acting as a reasonable distributor or dealer knows that the manufactured home conforms to the standards. A distributor or dealer and a manufacturer, at the manufacturer’s option, may agree in advance that the distributor or dealer is authorized to make such corrections as the manufacturer believes are within the expertise of the dealer.

(d) If the corrections made under paragraphs (b) and (c) of this section do not bring the manufactured home into conformance or correct the imminent safety hazard, the provisions of § 3282.415 will continue in effect prior to completion of the sales transaction.

§ 3282.254. Distributor and dealer alterations
(a) If a distributor or dealer alters a manufactured home in such a way as to create an imminent safety hazard or to create a condition which causes a failure to conform with applicable Federal standards, the manufactured home affected may not be sold, leased, or offered for sale or lease.
(b) After correction by the distributor or dealer of the failure to conform or imminent safety hazard, the corrected manufactured home may be sold, leased, or offered for sale or lease.
(c) Distributors and dealers shall maintain complete records of all alterations made under paragraphs (a) and (b) of this section.

§ 3282.255. Completion of information card
(a) Whenever a distributor or dealer sells a manufactured home subject to the standards to a purchaser, the distributor or dealer shall fill out the card with information provided by the purchaser and shall send the card to the manufacturer. (See § 3282.211.)
(b) Whenever a distributor or dealer sells a manufactured home to an owner which was originally manufactured under the standards, the distributor or dealer shall similarly use one of the detachable cards which was originally provided with the manufactured home. If such a card is no longer available, the distributor or dealer shall obtain the information which the card would require and send it to the manufacturer of the manufactured home in an appropriate format.

§ 3282.256. Distributor or dealer complaint handling
(a) When a distributor or dealer believes that a manufactured home in its possession which it has not yet sold to a purchaser contains an imminent safety hazard, serious defect, defect, or noncompliance, the distributor or dealer shall refer the matter to the manufacturer for remedial action under § 3282.415. If the distributor or dealer is not satisfied with the action taken by the manufacturer, it may refer the matter to the SAA in the state in which the manufactured home is located, or to the Secretary if there is no such SAA.
(b) Where a distributor or dealer receives a consumer complaint or other information concerning a manufactured home sold by the distributor or dealer, indicating the possible existence of an imminent safety hazard, serious defect, defect, or noncompliance in the manufactured home, the distributor or dealer shall refer the matter to the manufacturer.

Subpart I—CONSUMER COMPLAINT HANDLING AND REMEDIAL ACTIONS

§ 3282.401. Purpose and scope
(a) The purpose of this subpart is to establish a system under which the protections of the Act are provided with a minimum of formality and delay, but in which the rights of all parties are protected.
(b) This subpart sets out the procedures to be followed by manufacturers, State Administrative Agencies, primary inspection agencies, and the Secretary to assure that manufacturers provide notification and correction with respect to their manufactured homes as required by the Act. Notification and correction may be required to be provided with respect to manufactured homes that have been sold or otherwise released by the manufacturer to another party when the manufacturer, an SAA or the Secretary determines that an imminent safety hazard, serious defect, defect, or noncompliance may exist in those manufactured homes as set out herein.
(c) This subpart sets out the rights of dealers under section 613 of the Act, 42 U.S.C. 5412, to obtain remedies from manufacturers in certain circumstances.

§ 3282.402. General principles
(a) Nothing in this subpart or in these regulations shall limit the rights of the purchaser under any contract or applicable law.
(b) The liability of manufactured home manufacturers to provide remedial actions under this subpart is limited by the principle that manufacturers are not responsible for failures that occur in manufactured homes or components solely as the result of normal year and aging, gross and unforeseeable consumer abuse, or unforeseeable neglect of maintenance.
(c) The extent of a manufacturer’s responsibility for providing notification or correction depends upon the seriousness of problems for which the manufacturer is responsible under this subpart.
(d) When manufacturers act under § 3282.404 of these regulations, they will not be required to classify the problem that triggered their action as a noncompliance, defect, serious defect, or imminent safety hazard.

(e) It is the policy of these regulations that all consumer complaints or other information indicating the possible existence of an imminent safety hazard, serious defect, defect, or noncompliance should be referred to the manufacturer of the potentially affected manufactured homes as early as possible so that the manufacturer can begin to timely respond to the consumer and take any necessary remedial actions.

§ 3282.414. Manufactured homes in the hands of dealers and distributors

(a) The manufacturer is responsible for correcting any failures to conform and imminent safety hazards which exist in manufactured homes which have been sold or otherwise released to a distributor or dealer but which have not yet been sold to a purchaser. This responsibility generally does not extend to failures to conform or imminent safety hazards that result solely from transit damage that occurs after the manufactured home leaves the control of the manufacturer, unless such transit damage is reasonably foreseeable by the manufacturer when the home is released by the manufacturer. This section sets out the procedures to be followed by dealers and distributors for handling manufactured homes in such cases. Regardless of whether the manufacturer is responsible for repairing a manufactured home, no dealer or distributor may sell a manufactured home if it contains a failure to conform or an imminent safety hazard.

(b) Whenever a dealer or distributor finds a problem in a manufactured home which the manufacturer is responsible for correcting under paragraph (a) of this section, the dealer or distributor shall contact the manufacturer, provide full information concerning the problem, and request appropriate action by the manufacturer in accord with paragraph (c) of this section. Where the manufacturer agrees to correct, the manufacturer shall maintain a complete record of its actions. Where the manufacturer authorizes the dealer to make the necessary corrections on a reimbursable basis, the dealer or distributor shall maintain a complete record of its actions. Agreement by the manufacturer to correct or to authorize corrections on a reimbursable basis under this paragraph constitutes a determination of the Secretary for purposes of section 613(b) of the Act with respect to judicial review of the amount which the manufacturer agrees to reimburse the dealer or distributor for corrections.

(c) Upon a final determination by the Secretary or a State Administration Agency under § 3282.407, or upon a determination by a court of competent jurisdiction that a manufactured home fails to conform to the standard or contains an imminent safety hazard after such manufactured home is sold or otherwise released by a manufacturer to a distributor or a dealer and prior to the sale of such manufactured home by such distributor or dealer to a purchaser, the manufacturer shall have the option to either:

1. Immediately furnish, at the manufacturer's expense, to the purchasing distributor or dealer the required conforming part or parts or equipment for installation by the distributor or dealer on or in such manufactured home, and the manufacturer shall reimburse such distributor or dealer for the reasonable value of such installation plus a reasonable reimbursement of not less than one per centum per month of the manufacturer's or distributor's selling price prorated from the date of receipt by certified mail of notice of noncompliance to the date such manufactured home is brought into compliance with the standards, so long as the distributor or dealer proceeds with reasonable diligence with the installation after the part or component is received; or

2. Immediately repurchase, at the manufacturer's expense, such manufactured home from such distributor or dealer at the price paid by such distributor or dealer, plus all transportation charges involved and a reasonable reimbursement of not less than one per centum per month of such price paid prorated from the date of receipt by certified mail of notice of the imminent safety hazard, serious defect, defect or noncompliance to the distributor. The value of such reasonable reimbursements as specified in this paragraph shall be fixed by mutual agreement of the parties or by a court in an action brought under section 613(b) of the Act.

(d) This section shall not apply to any manufactured home purchased by a dealer or distributor which has been leased by such dealer or distributor to a tenant for purposes other than resale. In that instance the dealer or distributor has the remedies available to a purchaser under this subpart.
