The State of California, Department of Housing and Community Development (Department), administers a federal program known as the State Community Development Block Grant Program (CDBG) or (State CDBG).

The Department receives funds annually from the federal Department of Housing and Urban Development (HUD). The Department sets aside part of each annual funding allocation received from HUD for Planning and Technical Assistance (PTA) grants. The Department divides the PTA funds into two allocations, the General allocation and the Economic Development (ED) allocation. One NOFA is used for both the General and ED allocations.

In issuing this NOFA, the Department is announcing the availability of funding under the 2007-08 CDBG PTA allocations. The Department will make $1,164,059 available under the General PTA allocation and $1,600,000 under the ED PTA allocation. The PTA allocations provide funding in the form of grants to small cities and counties for planning and feasibility studies related to CDBG eligible activities and project-specific activities such as housing, public works, community facilities, and economic development.

This year’s NOFA and application documents have been revised. Recent revisions are listed starting on the next page. Make sure the NOFA document and application package are read in their entirety, including the application forms and attachments, to become familiarized with this newest version prior to completing and submitting an application to the Department.
## SECTION B: RECENT CHANGES TO NOFA

### Increase in Project Specific Maximum Grant Amounts

Under this year’s NOFA, applicants can request up to $70,000 for project specific planning activities under the General allocation. Applicants can also apply for up to $70,000 under the ED allocation for project specific planning activities. In addition, under the ED allocation, an applicant can apply for up to $70,000 for preparation of one or more Over-the-Counter funding applications or applications for Enterprise Zone designation. In no instance will an ED or General planning grant application request exceed $70,000.

If an applicant does not request a full $70,000 in planning funds for a project specific activity, then just like last year’s NOFA, the applicant may request up to $35,000 in funds for one or more proposed studies not directly focused on development of a specific project (non-project specific activity). Examples of non-project specific activities are: housing conditions survey, housing element update, Geographic Information System (GIS) base-mapping or any “program development” planning activity.

Call your program representative with any questions about determining if a proposed activity is project specific or not. See Attachment 4 in the 2007 planning grant application for a sample list of project specific and non-project specific activities.

### Using Local Program Income Funds for Project Implementation

Traditionally, CDBG funds under planning grants were not allowed to be used for project “implementation” activities. The furthest a project could be developed with PTA funds was “preliminary” engineering or architectural activities. Final plans and specifications and construction costs were not allowed under previous planning grants. Under this NOFA, project implementation costs can be paid **BUT** only with local program income or other local non-CDBG funding source.

No State CDBG planning grant dollars or local match funds can be used for project implementation costs. Planning grant and match funds must be used for non-implementation/pre-development costs. If a grantee wishes to fund the implementation of a project, then local program income funds must be properly committed to the project activity and the project must be completed within the term of the 24-month grant term.

Committing program income to a grant activity can occur at the application approval stage or after the PTA funding award is announced. In either case, the proper public hearing process must be conducted with formal public noticing and requests for public comments as well as a formal resolution passed by the governing body as part of the public hearing.
In addition, when project implementation is proposed, the final project completion is required so that documentation of meeting a CDBG national objective is achieved. If the project is not completed and no national objective is achieved then the Department may request CDBG program income funds used for implementation costs be repaid back to the grantee’s CDBG program income reuse plan.

Because of the short timeframe of the PTA grant agreement, only smaller projects with shorter timeframes or projects that have all their funding in place and are ready to develop will be feasible for implementation. Larger projects can be studied as in past planning grants, up to but not including final plans and specifications.

Please talk to the ED or General representative about any implementation activities proposed under a PTA grant prior to submitting an application or committing local program income for implementation costs.

Under past PTA NOFAs, the Department has allowed grantees to submit a single application that contained both General allocation planning activities AND ED allocation planning activities. This type of combined application is no longer acceptable. If a jurisdiction wishes to submit proposals under the General allocation and ED allocation for PTA activities, then two separate applications must be submitted, one set to the General allocation staff for review and one set to the ED allocation staff for review.

Only one public hearing for approving the submittal of both General allocation and ED allocation PTA funding proposals is needed as long as the hearing notice for approving the applications describes all the planning activities proposed in both applications.

There are two types of planning activities that can be applied for under the General and ED PTA allocation. First, up to $70,000 in PTA funds can be applied for to do one or more project specific study(s). See discussion above for more information on activities, which can qualify for $70,000 maximum.

Second, up to $35,000 in PTA funds can be applied for to do a non-project specific activity. Examples of non-project specific activities are: housing element updates; community-wide housing condition surveys; Geographic Information System (GIS) mapping; downtown revitalization study; general community-wide needs assessments related to day care, homeless or senior services; and any type of program design. See Attachment 4 of the application package for a list of General and ED project specific and non-project specific activities.
Through the two types of planning activities, under the General and ED allocations (project specific and non-project specific), applicants can request up to $70,000 for project specific activities and up to $35,000 for non-project specific activities. In no case shall an application under the General or ED allocation request more than $70,000. If an applicant requests a maximum under each allocation, then they could be awarded $140,000 in PTA funds under this NOFA.

Applicants are also reminded that under the two different types of PTA activities, project specific and non-project specific, multiple studies can be done. For example, an applicant may have two affordable housing projects, which are being developed and as such they could propose two project specific studies under the General allocation as long as the total for both studies does not exceed $70,000. A separate set of activity forms must be submitted in the application, one for each proposed study.
## SECTION C: PLANNING GRANT GENERAL INFORMATION

<table>
<thead>
<tr>
<th>First Come First Served</th>
<th>The planning grant application process is not competitive. Applications are not rated and ranked against each other.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Basis and Threshold Review</td>
<td>Applications will be accepted as of the release date of the PTA grant NOFA. Applications received by our office will be date stamped and reviewed for threshold compliance in the order of the date and time received.</td>
</tr>
<tr>
<td>Cash Match Requirement</td>
<td>Commitment of cash match must be included in the authorizing resolution as part of approving submittal of a planning grant application. Required cash match percentages are included in Attachment 2 of the application document. In-kind staff time by jurisdictional staff should not be stated in the resolution. Local program income can be used for cash match. Cash match must be spent first prior to requesting CDBG funds from the Department.</td>
</tr>
<tr>
<td>HUD National Objectives</td>
<td>Activities being studied must meet a HUD national objective. General PTA studies are restricted to meeting only the national objective of low-income benefit. See below. ED PTA studies can meet either low-income benefit or elimination of slums and blight:</td>
</tr>
<tr>
<td></td>
<td>1. <strong>Low-Income Benefit (to persons or households).</strong> HUD low-income benefit is also referred to as Targeted Income Group (TIG) benefit by the Department. In order to meet this national objective, at least 51 percent of the households or persons who would benefit from the activity being studied, if the activity were implemented, must be at or below 80 percent of the county median income. See Attachment 5 in the PTA application for a detailed description of how this TIG benefit is established for different planning studies.</td>
</tr>
<tr>
<td></td>
<td>If the ED application’s objective is to benefit TIG, then the planning activity must be reasonably related to an economic development activity, which could result in the creation or retention of permanent, private sector jobs that will be principally (51 percent) filled by TIG persons.</td>
</tr>
</tbody>
</table>
2. **Elimination or Prevention of Slums or Blight.** This means aiding in the prevention or elimination of slums and blight on an area or spot basis. The applicant must submit proper documentation for the Department to determine that the proposed planning activity would result in the elimination or prevention of a slum or blighted condition.

**Federal Overlay Requirements For Planning Studies**

PTA grants are subject to various HUD overlay requirements. These include but are not limited to:

- Citizen participation
- Environmental review
- Procurement of services
- Section 504 of the Rehabilitation Act of 1973

For additional information on National Objectives and Overlay Requirements, see the PTA application attachments and the most recent Grant Management Manual.

**Federal Overlays for Project Implementation**

As stated above, under “Using Program Income for Project Implementation,” program income may be used to pay for actual project implementation costs. However, before incurring project-specific implementation costs, a grantee must meet all federal overlay requirements for that project activity and receive a written release of funds from the Department.

**Authorizing Legislation and Regulations**

**Federal Statute:** The program is authorized under Title 1 of the Housing and Community Development Act of 1974, Public Law 93-383, as amended; 42 U.S.C.-5301 et seq.

**Federal Regulations:** Code of Federal Regulations, 24 CFR Section 570.480 et seq.

**State Statute:** California Health and Safety Code Section 50833 (Chapter 1144, Statutes of 1988)

**State Regulations:** California Code of Regulations Section, Title 25, 7050 et seq. The PTA Component has been part of State CDBG since 1989.
FUNDING ALLOCATIONS AND AVAILABILITY

Two Allocations

PTA funds are divided into two separate allocations: The General allocation and ED allocation.

General Allocation $1,164,059
Economic Development Allocation $1,600,000

Limitations on Grant Amount

- Maximum of $140,000 per Jurisdiction: $70,000 for General and $70,000 for ED.

- Up to $70,000 for one or more project specific studies, General or ED.

- Up to $35,000 for one or more non-project specific studies, General or ED.

- No more than two grant awards per fiscal year.

Based on the above limits, if all applicants apply for the maximum of $70,000, then 17 grant awards will be made under the General allocation and 22 grant awards will be made under the ED allocation.
SECTION D: FUNDING PROPOSAL ESSENTIALS

APPLICATION PROCESS

Application Forms

The application may be obtained by using the Internet, at the Department’s website: [www.hcd.ca.gov/ca/cdbg/funds](http://www.hcd.ca.gov/ca/cdbg/funds); or it is available by e-mail by contacting JoAnn Jacobs at [jjacobs@hcd.ca.gov](mailto:jjacobs@hcd.ca.gov) or by calling (916) 552-9358.

Application Submittal

Submit one complete, original application (for General or ED allocation) in a binder. Submit a separate binder with one complete copy, and all required additional Section copies as stated below.

Include the following document in the front pocket of the copy binder set: One additional copy of Sections 1.a through 11 of the Application Summary Form.

Continuous Funding Round

Applications will be accepted from July 24, 2007, through March 24, 2008, on a continuous basis. Jurisdictions will be notified when all PTA funds have been awarded.

Threshold Review

The application must meet threshold requirements to be accepted for review. If any of the required components are missing, CDBG will return the application to the applicant for correction of deficiencies. See Attachment 1 in the application package for Threshold Review criteria.

Application Review and Award Process

CDBG Review: Following the receipt of the application, CDBG reviews the application within approximately six weeks of receipt and notifies the applicant of approval or denial within approximately eight weeks of receipt.

Grant Award: Successful applicants receive an award letter; unsuccessful applicants receive a denial letter and an invitation to resubmit the application. The jurisdiction’s state and federal legislators are also notified of awards.

State Contract: Successful applicants will enter into a contract (also known as a Standard Agreement) with the Department.

ELIGIBLE APPLICANTS

Eligible Applicants

Eligible applicants are generally:

- Cities with populations of less than 50,000, or
- Counties with populations of less than 200,000.

Cities and counties may apply on behalf of other local entities, such as water districts, economic development corporations, and other non-profit community development organizations. See Attachment 2 of the application package for list of eligible jurisdictions.
Joint Applications

Applicants considering “on behalf of” or joint applications with one or more other eligible jurisdictions may apply for up to the maximum grant limitation per eligible jurisdiction for each allocation annually. Such joint applicants are advised to contact the General or ED representative assigned to the jurisdiction to discuss their proposal before submitting it to CDBG. If CDBG determines that an application is inconsistent with HUD’s joint application or grant benefit policies, it will return the application to the applicants.

If applicants are submitting joint applications with one or more other eligible jurisdictions, the application must include a joint powers agreement that complies with Section 6500 et seq. of the Government Code.

ELIGIBLE APPLICANTS “HELD OUT” FROM APPLYING

Reasons Applicants are Held Out from Applying

Three main reasons why an applicant might be held out from applying:

1. Unresolved adverse performance or audit findings on prior CDBG grants or on the administration of CDBG program income, which resulted in the applicant receiving a hold out letter from CDBG.

2. Growth control measure is in effect at the local level.

3. Housing element is not in procedural compliance with state law.

Contact the General or ED Representative assigned to your jurisdiction if you are unsure of your hold-out status.

Reasons to Waive Hold Out Status

Waiver of performance issue is possible if:

1. A formal written request for a waiver of hold-out status has been submitted along with documentation that the performance problem is resolved.

2. The Department will review status, and if approved issue a formal written waiver.

3. Housing Policy staff confirms housing element or growth control is acceptable. See Attachment 3 of the application package.

ELIGIBLE USES OF FUNDS

Types of Projects

The General allocation focuses on: housing; public works; community facilities; public services; and local planning issues.

The ED allocation focuses on business development and job creation through assisting micro-enterprise businesses and larger businesses locate or expand within the applicant’s jurisdiction.

See Attachment 4 of the application package for sample list of eligible types of activities. Call your CDBG representative if there are any eligibility questions.
### INELIGIBLE USES OF FUNDS

**Ineligible Activities**
The list below gives examples of activities that are ineligible and their exceptions. CDBG encourages applicants to contact a General or ED representative if there are any eligibility questions.

<table>
<thead>
<tr>
<th>Ineligible Activity</th>
<th>Exception</th>
</tr>
</thead>
<tbody>
<tr>
<td>Housing element preparation for jurisdictions in which fewer than 51 percent of residents are TIG as documented by the federal census.</td>
<td>Costs incurred for the preparation of that portion of the element in which affordable housing is addressed is eligible. See also below under comprehensive planning.</td>
</tr>
<tr>
<td>Day-to-day operations of local government or private or public organizations serving the community or region.</td>
<td></td>
</tr>
<tr>
<td>Comprehensive, general or long range planning.</td>
<td>Comprehensive planning is allowed if the planning is carried out in a geographic area in which 51 percent or more of the residents are TIG as documented by the federal census or income survey completed within the last five years, and the applicant can document that the comprehensive plan will primarily benefit TIG persons.</td>
</tr>
<tr>
<td>- <strong>Comprehensive</strong> means the study was conducted for more than half of the geographic area in the jurisdiction, and includes two or more topics regarding the physical development of the jurisdiction.</td>
<td></td>
</tr>
<tr>
<td>- <strong>General</strong> means the documents include summaries of broad policies or proposals that are not site specific.</td>
<td></td>
</tr>
<tr>
<td>- <strong>Long-range</strong> means the time-frames for the policies and proposals are five years or more.</td>
<td></td>
</tr>
</tbody>
</table>
# SECTION E: AFTER A GRANT IS AWARDED

## STATE CONTRACT PROCESS

### State Contract

Successful applicants will enter into a contract with the Department. The contract contains all the relevant state and federal requirements, as well as specific information about the grant award and the work to be performed.

### Contract Term

The term of the contract will be twenty-four (24) months.

### Implementing the Contract

**Receiving grant funds:** Grantees can incur costs prior to contract execution upon receiving written approval from the Department. Grantee must spend 100 percent of cash match prior to requesting CDBG funds.

**Reporting requirements:** Grantees must submit a Financial and Accomplishment Report (FAR) every six (6) months starting at the execution date of the grant contract. Grantees must submit a Funds Requests Form quarterly and can request funds monthly, if needed.

**Implementation of Projects:** Grantees who use program income funds to develop a project through construction must submit annual grantee performance reports to document beneficiaries of the project.

**Managing the grant:** The Department publishes a Grant Management Manual to help grantees understand the program requirements. The Grant Management Manual can be found on the CDBG website: [http://www.hcd.ca.gov/ca/cdbg/gmm/](http://www.hcd.ca.gov/ca/cdbg/gmm/)

### Completing the Contract

**Closeout package:** At the end of the contract, grantees must submit documents to close out the grant. These documents are described in the Grant Management Manual (GMM), Chapter 13.

**Final product and 10 percent Retention:** By contract expiration, grantees must submit a Final Product for each proposed activity. 10 percent of the grant amount will be held until all final products are received.

**Procurement process:** At contract expiration, grantees must submit procurement compliance documentation per GMM Chapter 8.

**CDBG compliance review:** At the end of the contract term, CDBG performs a desk compliance review of the study activities and closeout documentation. Project implementation activities will be monitored on site by Department staff using Chapter 12 of GMM.

**Notice of Public Hearing:** At the end of the grant, the jurisdiction must hold a public hearing to notify the public about accomplishments of the grant, and accept the final product.
Grantees may request revisions to the contract from the Department. All requests must be in writing from the grantee. In no instance shall a budget change result in grant administration funds increasing over the five-percent cap.

**Budget Adjustments:** A grantee may ask for a budget adjustment of less than 10 percent of the grant amount. The request must be in writing from the grantee. Department staff will respond in writing to approve or not approve the request for a budget adjustment. Only one adjustment is given per contract.

**Budget Amendments:** A grantee may request a budget amendment in writing when a budget change of more than 10 percent of the total grant amount is needed. This will require formal contract amendment process. This process takes at least 90 days so grantees should make this type of request at least 90 days or more prior to the expiration of the grant agreement.

**Change in Activities:** Activities under the grant may not be added or changed. For example, if a planning study is proposed for a senior housing project it cannot be changed to a child-care facility study. Grantees may ask the Department to drop activities from the grant and disencumber funds if the activity to be studied is deemed to be non-feasible prior to or during the study. For example, a study of a homeless facility may not proceed if no sites are found in the jurisdiction.

**Time Extension:** Under certain circumstances, grantees may request the contract be extended. The request for extension must be in writing and documentation discussing why the time extension is necessary. If a time extension is required for a non-project specific activity, the grantee may be placed on the CDBG hold-out list and not be eligible to submit future applications until the extended grant is closed out.

Grantees may request extensions for project specific activities involving implementation activities. Requests for time extensions are reviewed on a case by case basis and may be approved for the amount of time needed to complete project so that a National Objective is achieved.

If approved, time extensions will require a formal contract amendment process. This process takes at least 90 days so grantees should make this type of request at least 90 days or more prior to the expiration of the grant agreement.

**Committing Local Program Income:** Grantees may commit program income to the PTA by using the proper public hearing process. The Grantee will submit the proper resolution document for review and approval. This is not a formal contract amendment.

SECTION G: APPLICATION PREPARATION INSTRUCTIONS

This section of the application package contains instructions for preparing and submitting an application under either the ED or General allocations with one or more proposed activities.

Section I Application Table of Contents

A sample table of contents is included to provide a universal format for PTA applications. Please use this format when submitting applications under the ED or General allocations.

The sample table only represents one planning activity being proposed. If more than one planning activity is proposed (more than one project specific study) then the table of contents will need to be expanded to include lines for the additional activities.

For each activity being proposed, please change the line in the table of contents to reflect what the proposed activity is. For example: a child care project study is being proposed so the sample table of contents line showing Activity Description Form would be revised to say “Activity Description Form for Child Care Facility Study”.

Section H Application Summary Form:

1.a. Applicant Information: Check the box for the type of application being submitted: ED Allocation OR General Allocation

Enter the name and mailing address of applicant.

If it is a Joint Application with two jurisdictions applying together, then check the box which indicates a joint application. Make sure to complete the first page of the application summary for each jurisdiction participating in the application and have the appropriate signatures done on the application summary signature page.

1.b. Authorized Representative: Enter the name, title and mailing address of the chief executive officer, mayor, or other designee authorized in the resolution to sign the grant agreement.

1.c. Applicant Contact: Self-explanatory

2. Requested Funding by Activity: Provide an activity title for each activity to be undertaken in the application, see Attachment 4 for examples of activities under non-project specific and project specific categories. Note: this activity title should be the same as shown in 2. of the activity description form and on Schedule 1 & 2 charts. In the far right column show the amount of funds requested for each activity. At the bottom of the chart show the five percent general administration costs. At the very bottom of the chart show the total funds requested under the application (up to $70,000), including all activities and general administration.
3. **List of Cash Match Sources:** Starting in the column on the far left, insert the amount of cash match required by the Department for the funds requested. See Attachment 2 for required percentage of cash match. In the next column over state the source of the funds to be contributed by the applicant for match. In the last column give the amount of match fund, backed up with proper documentation. Total all columns properly at the bottom of the chart such that the total match contribution of all local sources must equal the Department’s required amount. Note: All cash match must be spent prior to drawing down any funds from the Department.

4. **Legislative Representative Information:** Enter the district number, name and address for each type of legislator. If the applicant jurisdiction is in more than one district, provide the information for each district.

5. **Target Populations Served:** Check the appropriate box if any study will lead to implementation of a program or project. Indicate any target populations that will be assisted should an implementation activity come from one or more of the proposed planning activities.

6. **Beneficiaries Served:** Place appropriate number(s) in the far right column of the chart. The number indicates the potential number of beneficiaries based on the activity and accomplishment type. Give a beneficiary number for each proposed activity in the application. So if the activity is a waste water expansion study, then provide an estimate of the numbers of housing units to be served.

7. **Previous Awards:** Check yes or no concerning whether or not the jurisdiction has previously applied for PTA funds in this fiscal year (2007-2008). If no is check, then proceed to number 8. If yes, funds were awarded, then indicate the dollar amount, check for which PTA allocation, and list the activity title of each activity funded.

8. **Consultant /Other Public Agency Contact Information:** Print the name and contact information for consultants who will be assisting in implementation of this grant and the proposed activities.

9. **Official(s) Authorized to Sign Application:** Print the name and title of the chief executive officer, mayor, or other designee who is authorized in the resolution to sign the application. The authorized individual must sign and date this form (Please use Blue Ink).

If it is a Joint application, then the designated representative of each co-applicant must also sign this page.

10. **Hold Out Status:** Check the appropriate box indicating the hold out status of the applicant. If the applicant is on the hold out list, then the application will not be accepted. If you are unsure of the hold out status, then check with your State CDBG representative. If the jurisdiction is on the current hold out list, then the performance issue(s) raised in the hold out letter must be resolved. A written request for a waiver must be submitted to the department. If the Department finds the performance issues have been adequately addressed, then a formal waiver letter will be received from the State CDBG program. This waiver must be issued before application is received.
11. **Growth Control Compliance:** Check the appropriate box for existence of a local growth control ordinance, see Attachment 3. If the growth control has not been reviewed and approved by the Department’s Housing Policy Division (HPD), then attach a copy of the growth control measure in effect.

12. **Housing Element Status:** Check the appropriate box showing if the applicant’s Housing Element in State CDBG compliance. If you are not sure then call Paul McDougall at 916-322-7995 for current status of your jurisdictions housing element.

13. **Program Income Committed to Planning Activities:** Complete the chart showing if local program income (PI) has been committed to any of the planning activities in the application. Fill in the Chart showing the amounts of PI committed to each planning activity. Funds shown on this page do not include any PI used for match funds.

   **Note:** State CDBG PTA funds can not be used for implementation costs. The State CDBG funds can only be used for planning activities. Therefore, if program income is committed to implementation activities then they do not have to be spent first before CDBG PTA funds.

   **Note:** Local program income cannot be spent on implementation activities until written approval from HCD staff is received showing all special conditions have been met. At that time, State CDBG funds may be expended on eligible costs.

   **Note:** Program income that is committed to non-project specific studies are general administration costs. As such, these funds are limited to 18 percent of PI spent on actual activities (housing rehab loans & ED loans under RLA and open grant activities) during the fiscal year. If a grantee does not expend PI on actual activities, then no General Administration funds will be available to pay for costs of the non-project specific planning activity.

14. **NEPA Environmental Compliance Documents:** The following two forms are required to complete the NEPA environmental review for planning activities that are exempt under 24 CFR Part 58.34.

   a. Finding of Exemption. Fill in the name of the applicant and list the activities proposed in the application. The appropriate official must print his/her name and sign and date the Finding of Exemption.

   b. Form 58.6. Complete the form, sign it, and have the appropriate official also sign the form.

   **Note:** ENVIRONMENTAL CLEARANCE FOR IMPLEMENTATION ACTIVITIES: Written NEPA clearance must be received from the Department prior to incurring any implementation costs for any project proposed under a planning grant. See Chapter 3 of the GMM for NEPA compliance guidance.
Sections J and K Activity Description Forms

This single set of instructions will work for both ED and General allocation activities. These instructions will also apply to both non-project specific activity forms and project specific forms. Submit a separate Activity Description Form, Budget Chart and Milestone Chart for each proposed activity.

1. **Allocation:** Place an X to indicate if activity is for ED or General allocation.

2. **Activity Title:** Enter a specific name for the activity.

3. **Activity Funds Requested:** Enter the total amount of funds requested for the proposed activity. Remember, up to $35,000 is available for non-project specific activities and up to $70,000 is available for project specific activities.

4. **General Activity National Objective:** Check one line that indicates how the proposed study activity will meet the required HUD National Objective of low income benefit. See Attachment 5, 14, 15 for description of how National Objectives are met and documented. For activities that are providing area TIG benefit, where income surveys or HUD low-moderate census data must be used to document TIG benefit, then those survey documents or census charts must be attached to this set of activity forms.

5. **Economic Development Activity National Objectives:** Check one line that indicates how the proposed study activity will meet the HUD National Objective for ED planning activities. See Attachment 5, 14, 15 for description of how National Objectives are met and documented. For activities that are meeting the elimination of slums and blight national objective, applicants must provide documentation of area blight or spot blight and attach those documents with this set of activity forms.

6. **Public Benefit:** Place an X on the public benefit requirement line. Describe how many jobs may be created or retained. Describe how the proposed study activity facilitates this job creation or retention. See Attachment 5 for description of how this job creation benefit is met and documented.

7. **Activity Description:** Provide the following information on this form. Use additional pages if necessary. Required activity information:
   - A detailed description what the study is and how it will be conducted, as reflected in the tasks and milestones chart.
   - For project specific planning activities, include the proposed project’s scope of work. Include a description of the project’s location what services it will offer to the community. Review briefly a timeline for development of the study and any implementation activity.

8. **Final Product Description:** Give a detailed description of the final product or products that will be created from the planning activity. For example: preparation of funding applications (CDBG or other), financial feasibility study, preliminary engineering or architectural plans, phase one environmental site assessment, NEPA and CEQA reviews, final plans and specifications for projects, payment of project development costs (fees, acquisition, construction). If this is a project specific planning activity, then state when the project implementation could begin and when the project will be completed.
For jurisdictions proposing to use project specific activity funds to do one or more ED Over-The-Counter applications, the Department will only reimburse costs once a pre-application is received. If the OTC pre-application is accepted and a full application can be prepared, then planning funds will be available to pay for those preparation costs. If no pre-applications or full OTC applications are received during the term of the grant then no CDBG planning funds will be released for this type of planning activity.

**NOTE:** Some planning activities may involve both General and ED components. For example, a city-wide wastewater master plan could be done under the non-project specific general allocation or under the ED non-project specific allocation. If this is the case, also provide justification of why the grantee is applying under both allocations. Do not double count costs on budget charts.

**Additional Information for Economic Development Studies**

9. **Assistance to For-Profit Businesses:** For economic development planning activities involving a for-profit business or developer, include the proper letter as per CDBG State Regulations, Title 24 CA Code of Regulations, 7062.1(d)(3)(C) require that if a jurisdiction is using PTA funds for direct assistance to a for-profit business, then the application must include a letter from the benefiting business that (i) explains why the benefiting business is unable to provide funding for the activity; and (ii) conditionally commits the business to proceeding with the activities that are the subject of the grant.

10. **Requirements for a Local Economic Development Plan:** Applicants requesting funds for developing or updating a local Economic Development Plan (EDP) will be asked to review and when possible use the information in Attachment 16 as part of the final product. The new EDP can be used in future State CDBG Enterprise Funding applications to make the jurisdictions funding proposal more competitive and also to provide a strategy for expending State CDBG Enterprise and Micro Enterprise funding under open grants and under local PI business assistance revolving loan accounts.
Activity Budget Chart

**Note:** State CDBG funds used to pay for general administration reporting costs and general administration reporting tasks are not shown on these charts. Cash Match amounts and tasks must be shown on these charts and must indicate that Match funds will be spent first.

A separate chart must be completed for each proposed study to go along with the activity description form for the study.

Schedule 1 - Activity Budget Chart

1. Enter the activity name in box at top left of form.

2. Enter each major task in completing the activity, showing cash match tasks first at the top.

3. Enter a breakout of hours, hourly rate and cost (hourly rate multiplied by hours) for work to be completed by both the jurisdiction staff and/or contractor.

4. For the local cash match and other funds being used on the study, please enter the amounts and then provide a total line item cost in last column.

5. Enter totals and double check to ensure numbers add properly.

Activity Tasks and Milestones Chart

Schedule 2 – Tasks and Milestones Chart

1. Enter the activity name in box at top left of form.

2. Enter each major task in completing the study activity, showing cash match tasks first at the top.

3. Under the annual milestone quarterly columns place Xs on each line with a task to indicate when the task will be completed.

7. At the bottom of the chart show the date when the activity will be completed and the grant closed-out (within 90 days after the grant ends).

**Note:** Allow a minimum of six months in activity's schedule for the Department to conduct application review, issuance of award letters, and processing of the State CDBG contract.

Submit a separate Activity Description Form, Budget Chart and Milestone Chart for each proposed activity.
The Department reserves the option of revising cost items shown in budget chart. The use of State CDBG PTA funds for activities that are already funded by other programs or agencies or by current or prior PTA grants will only be deemed reasonable if sufficient documentation is included in the application to support the requested State CDBG funds.

Local commitments of cash match must be fully expended before the grantee spends any of the State CDBG grant funds. See Attachment 7 for more information about the cash match requirement. State CDBG staff will not approve any cash requests until the grantee has provided documentation on State CDBG report forms that the cash match expenditure requirement has been met.

Sources and Uses Chart

For project specific planning activities that will include implementation, applicants must complete sources and uses form and provide back up documentation to prove that all financing is in place for the project prior to release of funds from the Department. Documentation of all funding required for the project must be provided as part of meeting special conditions and Department release of implementation funds. Contact State CDBG staff to obtain a copy of sources and uses form and direction on it’s completion. The form must be completed as part of the special conditions to obtain release of CDBG PI funds for the project’s implementation.

State and Federal Overlay Compliance

1. **Citizen Participation/Public Hearings:** Applicants must attach affidavits of publication or other certified notice to document the two required public hearing were held prior to submitting this application. Attachment 11 has information on this requirement and sample public hearing notices with all the required language.

   Acceptable documentation: newspaper, copies of public notices or certified proof of publication for both meetings showing the meetings were held with the proper time periods between publication and the hearing.

2. **Resolution of the Governing Body:** Applicants must submit an original resolution or a certified copy of the Resolution of the governing body with the application; either version must have an original signature on it. The Resolution must signify approval of its contents, authorize a signatory, commit the local cash match, and authorize submission of the application. Attachment 6 is a sample Resolution.

   If Redevelopment Agency funds will be used as the cash match, include a second resolution from the governing body of the Redevelopment Agency authorizing the use of redevelopment funds as a cash match.
3. **Section 504 Self Evaluation**: Applicants must attach documentation that they have properly completed a local evaluation per the requirements outlined in Attachment 13. Jurisdiction may complete and sign the self-certification form to document that this evaluation has been done. Certifying officer must sign the form (in blue ink).

4. **Statement of Assurances**: Applicants must submit the Statement of Assurances form with the 1/15/04 revision date with the application, Attachment 8. The jurisdiction’s Chief Executive Officer must sign the Statement of Assurances (in blue ink).

5. **OMB Circular A-133**: Applicants must submit the completed and signed (in blue ink) OMB Circular A-133 form, Attachment 9.

### Information on Submitting an Application

Submit one signed original (signed in Blue Ink please) and one copy of the signed proposal, plus two copies of Sections 1.a through 11.of the Application Summary form for each allocation to:

State of California  
Department of Housing and Community Development  
State CDBG Program

**By Mail:**  
P.O. Box 952054  
Sacramento, CA 94252-2054

**Or Hand Deliver/Express Mail to:**  
1800 3rd Street, Room 330  
Sacramento, CA 95811

**Deadline:** Applications must be physically received and date stamped by the Department on or before March 24, 2008, 5:00 p.m..

**Faxed or e-mailed applications will not be accepted**

**NOTE:** Applications and grant agreements are public information and are available for review by the public. Applicants are advised that information submitted to the Department may have to be made available to the public under the State Public Records Act unless an exemption under this Act applies to the information submitted and the applicant establishes a valid claim of confidentiality under such exemption.
Complete one Application Summary Form for each application submitted under the economic development allocation or general allocation. Follow the instructions in Section G. Call your representative with any questions.

The application summary form must be signed by the official designated in the resolution used to approve the application.
1.a Applicant Information

ED Allocation Application _______  Or  General Allocation Application _______.

Applicant
Name: ____________________________________________
Address: ___________________________________________________________________________
City: __________________________ State: _________ Zip Code __________
County: ____________________________

_____ Check here if this is a Joint Application and complete a summary page for each applicant.

1.b Authorized Representative (Per Resolution)

First Name: ________________ Last Name: ____________________________________________
Job Title: ______________________________________________________

___ Check if the address information is the same as above in 1.a, if not fill in information below.

Address: ___________________________________________________________________________
City: __________________________ State: _________ Zip Code __________
Phone: __________ Ext: ________ Fax: ______________________________
Email: ______________________________

1.c Applicant Contact

___ Check if the contact information is the same above in 1.b, if not fill in information below.

Signature ________________________________ Date __________

ADDITIONAL SIGNATURES REQUIRED FOR JOINT APPLICATIONS ONLY

Name ____________________________________
(Type or Print)

Title ____________________________________

Signature ________________________________ Date __________
11. Citizen Participation Process for Application

Has the applicant conducted a design phase public hearing within twelve months of release date of the NOFA? (Put copy of the notice in application.)

_____ Yes  ____ No (If No, then applicant can not apply.)

Has the applicant conducted the proper application approval public hearing prior to submitting application? (Put copy of the notice in application)

_____ Yes  ____ No (If No, then applicant can not apply.)

12. Hold Out Status of Applicant

Has the applicant received a Hold Out letter from the Department?

_____ Yes  ____ No

If Yes, has the applicant cleared the hold out status and received a waiver letter from the Department?

_____ Yes  ____ No  (If No, then applicant can not apply.)

13. Growth Control Compliance

Has the applicant’s jurisdiction enacted limitations on residential construction, for which limitations are not establishing agricultural preserves, not imposed by another agency, or not based on a health and safety need?

_____ Yes. If Yes, see note below  ____ No

Note: If the applicant has a General Plan, ordinance, or other measure that directly limits by number either, the building permits that may be issued for residential construction, or buildable lots that may be developed for residential purposes, and the measure does not meet any of the exceptions found in the Program Regulations, Section 7056(b)(2)(B), check “Yes” and attach a copy of the measure in this section of the application.
14. Housing Element Compliance

Contents of the Housing Element are not reviewed by State CDBG staff. Except as otherwise provided in Section 50830 of the Health and Safety Code, no local application for funds shall be denied because of the content of the city or county’s housing element or because of the Department’s findings with respect to the city’s or county’s housing element but the proper adoption process must be followed, call Paul McDougall at 916-322-7995 to verify compliance.

As a condition of receiving an award, each jurisdiction’s adopted Housing Element must be in compliance with CDBG statutes. The Department will not award funds to any applicant who is not in compliance and applicants should have a housing element in CDBG statute compliance at application submittal.

Is the applicant’s Housing Element in State CDBG Compliance?

______Yes  ______ No (If No, then applicant can not apply.)
## 15. Program Income Committed Planning Activities

1. Enter the amount of Program Income (PI) that has been committed to activities in this application:

<table>
<thead>
<tr>
<th>Activity Titles:</th>
<th>Dollar Amount Committed (per Resolution)</th>
<th>Attach Resolution</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>

</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

3. Total Dollar Amount of PI funds **Committed** to activities in this application. $________

**Note:** Non-project specific planning activities have the following rules when using PI.

1) PI funds used for non-project specific planning activities are considered general administration funds. As such, PI activity implementation funds must be spent prior to being able to use PI for General Administration (GA) (PI for GA is limited to 18 percent of activity funds expended) during a fiscal year. So make sure PI has been or will be spent on activities so that the 18 percent in GA can be available for committing to the non-project specific planning activities.

2) All PI that is being committed to activities in this application must be identified in the governing body resolution. In addition, the applicant must ensure that proper citizen participation process is followed.

3) All PI committed to a non-project specific activity **must be spent first** prior to drawing down any State CDBG grant funds.

4) All PI committed to project specific implementation activity **must be spent after** all State CDBG grant planning funds are spent.

5) PI funds committed to open grant activities must be reported on **ALL** Funds Request forms for the grant and on PI quarterly and annual reports.
### Finding of Exemption Form

**A. Finding of Exemption**

It is the finding of the City/County of ____________ that the activities proposed in this application for State Community Development Block Grant funds are exempt from environmental review requirements under NEPA because they are defined as exempt activities in 24 CFR Part 58.34. The activity(s) judged exempt consist(s) of:

List Each Exempt Activity with a brief description:  

<table>
<thead>
<tr>
<th>Activity Description</th>
<th>NEPA Citation</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. General Administration Activities</td>
<td>58.34 (a) (3)</td>

Date
FORM 58.6

ACTIVITY DESCRIPTION FOR EACH PROPOSED EXEMPT ACTIVITY:
1) General Administration Activities
2) 
3) 

Level of Environmental Review Determination: Exempt per 24 CFR. 58.6

(Exempt per 24 CFR 58.34, Categorically excluded not subject to statutes per § 58.35(b), Categorically excluded subject to statutes per § 58.35(a), Environmental Assessment per § 58.36, or EIS per 40 CFR 1500)

STATUTES and REGULATIONS listed at 24 CFR 58.6

FLOOD DISASTER PROTECTION ACT
1. Does the project involve acquisition, construction or rehabilitation of structures located in a FEMA-identified Special Flood Hazard?
   ( X ) No; Cite Source Document: Planning Study will not impact 100 year floodzone. This factor is completed
   () Yes; Source Document:

2. Is the community participating in the National Insurance Program (or has less than one year passed since FEMA notification of Special Flood Hazards)?
   ( ) Yes (Flood Insurance under the National Flood Insurance Program must be obtained and maintained for the economic life of the project, in the amount of the total project cost. A copy of the flood insurance policy declaration must be kept on file).
   ( ) No (Federal assistance may not be used in the Special Flood Hazards Area).

COASTAL BARRIERS RESOURCES ACT
1. Is the project located in a coastal barrier resource area?
   ( X ) No; Cite Source Documentation: There are no coastal barrier resource areas in California (This element is completed).
   ( ) Yes - Federal assistance may not be used in such an area.

AIRPORT RUNWAY CLEAR ZONES AND CLEAR ZONES DISCLOSURES
1. Does the project involve the sale or acquisition of existing property within a Civil Airport's Runway Clear Zone or a Military Installation's Clear Zone?
   ( X ) No, Because the Activity does not involve sale or acquisition of property. Project complies with 24 CFR 51.303(a)(3).
   ( ) Yes; Disclosure statement must be provided to buyer and a copy of the signed disclosure must be maintained in this Environmental Review Record.

</table>

* These six items represents one proposed activity. If a second activity is proposed in the application then seven more lines would be added to the table to show it.
SECTION J: NON-PROJECT SPECIFIC PLANNING ACTIVITY DESCRIPTION FORM

NOTE: PLEASE COMPLETE AND ATTACH ONE SET OF THESE FORMS FOR EACH PROPOSED NON-PROJECT SPECIFIC PLANNING ACTIVITY

1. Allocation: ED _______ General _______

2. Activity Title: __________________________________________

3. Amount Requested for Activity: $__________________

4. General Allocation Activity National Objective: For General Allocation PTA activity, check one line and describe below it how the National Objective of at least 51 percent benefit Targeted Income Group (TIG) persons will be met. See Attachment 5 for how to document TIG benefit.

   _____ Limited Clientele list below the specific group(s) to be served:

   _____ Income restricted, describe below how final activity resulting from the study will be income restricted:

   _____ Income survey or HUD Low Income Census data, attach full copy of proper documentation at the back of this activity description section.

5. Economic Development Activity National Objective: For ED PTA activities only. Check one line indicating which national objective this activity addresses. Explain and document how the activity will meet that objective. Review Attachment 5 to lean about documenting ED national objectives. This is a required threshold item and not completing this section will lead to the application not being funded.

   _____ Low Income/TIG benefit, describe below how final activity resulting from the study will generate jobs for TIG persons (at least 51 percent of all projected jobs must be for TIG persons):

   _____ Elimination of Slums and Blight, attach documentation of area or spot basis and attach to this set of activity forms.
6. **Public Benefit:** For ED PTA activities only. Check the line below and describe how the planning activity will lead to creation of jobs. *This is a required threshold item.* Not properly completing this section will lead to the application not being funded.

_____ Public Benefit, (job creation), describe below how jobs will be created by completing this study:

7. **Activity Description:** Provide a complete narrative explaining the need for the study. Describe the full process for completing the study with each of the key steps as shown in the tasks and milestones chart. Check the instructions to make sure you have provided all the required information.

7. **Final Product Description:** Describe in detail each final product that will be produced from this planning activity. *NOTE:* All final products, including applications, must contain an acknowledgment of State CDBG funding on the front cover.

**ADDITIONAL INFORMATION FOR ECONOMIC DEVELOPMENT STUDIES:**

8. **Assistance to For-Profit Businesses:** Is the study being conducted on a private for-profit business, developer or property owner?

_____ Yes, state the full name of the private business/property owner and provide letters per state regulations cited below.

Name: ______________________________________

Attached Letters from Business on Pages ____ .

State CDBG Title 25, CA Code of Regulations, 7062.1(d)(3)(C) require that if a jurisdiction is using the PTA funds for direct assistance to a for-profit business, then the application must include a letter from the benefiting business that (i) explains why the benefiting business is unable to provide funding for the activity; and (ii) conditionally commits the business to proceeding with the activities that are the subject of the grant.

_____ No, Skip to number 9.
9. **Preparation of an Economic Development Plan:** Is the applicant preparing an economic development plan?

[ ] Yes  [ ] No

The State CDBG program has provided recommendations for development of a regional or local economic development plan. **See Attachment 16.** Applicants requesting funds for developing or updating an economic development plan should use these plans to better structure the local business assistance and micro enterprise programs they operate.

*Place “X” in columns under quarter/year to indicate when task will be completed. Do not show GA reporting.

*Grants cannot exceed 24 Months.
NOTE: PLEASE COMPLETE AND ATTACH ONE SET OF THESE FORMS FOR EACH PROPOSED PROJECT SPECIFIC PLANNING ACTIVITY

1. Allocation: ED _______ General_______

2. Activity Title: ________________________________

3. Amount Requested for Activity: $______________

4. General Allocation Activity National Objective: For General Allocation PTA activity, check one line indicating how the national objective of at least 51 percent benefit to Targeted Income Group (TIG) persons will be met. See Attachment 5 for description of TIG benefit documentation.
   
   _____ Limited Clientele, describe below each specific group served:
   
   _____ Income restricted, describe below how final activity resulting from the study will be income restricted:
   
   _____ Income survey or HUD Low Income Census data, attach full copy of proper documentation at the back of this activity description section.

5. Economic Development Activity National Objective and Public Benefit: For ED PTA activities, please check one line indicating the National Objective this activity addresses and describe how the activity will meet that objective. Review Attachment 5 before completing this part. Also, check box and describe how public benefit of job creation will be met by conducting this proposed study.
   
   _____ Low Income/TIG benefit, describe below how final activity resulting from the study will generate jobs for TIG persons (at least 51 percent of all projected jobs must be for TIG persons):
   
   _____ Elimination of Slums and Blight, attach full copy of proper documentation, area or spot basis:

   and

   _____ Public Benefit, (job creation), describe below how jobs will be created and how many will be created:
6. **Activity Description:** Provide a complete narrative explaining the full scope of work of the project. Include a physical address and attach a map of proposed project location. If an exact project location is not known, then attach copy of development agreement being used to facilitate the development process. Description for completing the study must include each of the tasks shown in Schedule 1 and 2. Check the instructions to make sure you have provided all the required information.

7. **Final Product Description:** Describe below in detail each final product that will be produced from this planning activity. In some cases a project specific planning activity may result multiple final products. For example, application preparation for developing an affordable housing project using State HOME program funds and tax credits. NOTE: All final products, including funding applications, must contain an acknowledgment of State CDBG funding on the front cover.

**ADDITIONAL INFORMATION FOR ECONOMIC DEVELOPMENT STUDIES**

8. **Assistance to For-Profit Businesses:** For economic development planning activities involving a for-profit business or developer, include the proper letter as per regulation stated below. Attached proper letter to the activity description forms along with budget and tasks milestones forms and national objective documentation, if needed.

State CDBG Regulations 7062.1(d)(3)(C) require that if a jurisdiction is using the PTA funds for direct assistance to a for-profit business, then the application must include a letter from the benefiting business that (i) explains why the benefiting business is unable to provide funding for the activity; and (ii) conditionally commits the business to proceeding with the activities that are the subject of the grant.

APPLICATION THRESHOLD REQUIREMENTS

Applications will be reviewed based on the threshold criteria listed below. Applications that meet all these criteria are eligible for funding, based on availability of funds.

Applications that do not meet the minimum threshold criteria will not be considered for funding. If this occurs, State CDBG staff will notify the applicant in writing of this determination and the application will be returned. Applications may be fixed and resubmitted.

List of Criteria and where information can be found:

</table>

**NOTES:**

1. The Cash Match data in this Attachment was obtained in January 2007 from the State Controller’s Office. The data are contained in a report entitled, Sales & Use Tax Revenues Per Capita & Estimated Population.

2. To calculate the minimum amount of cash match required, multiply the percentage in the Cash Match Percentage column opposite the applicant’s name times the total amount of State CDBG funds requested (See Attachment 7 for eligible sources of Match).

3. TIG percentage of each jurisdiction was calculated based on recent data provided by HUD.

4. Counties with an asterisk* next to them are HUD entitlement counties and are not eligible under the State CDBG program. However, small cities within these entitlement counties may be eligible for State CDBG funding as long as they are participating in the county’s entitlement program.
Ineligible for Award of State CDBG funds

Any applicant with a housing element that is not in compliance with State CDBG statutes cannot be awarded funds. If you do not know the status of your housing element then you must call Paul McDougall at 916-322-7995 to verify compliance. Applicants should verify this information before they fill out an application for funding.

Any applicant with a growth control measure in effect is only eligible to apply for PTA funds under the conditions stated in #2 below. If you believe you have a growth control that would interfere with your eligibility, then you must call Paul McDougall at (916) 322-7995 to verify if it is in violation of State CDBG statutes.

Statutory Authority for Compliance

Program Regulations, Health and Safety Code Section 50830.

Definition of Growth Control Measure

A general plan, ordinance, or other measure that directly limits, by number:

1. The building permits that may be used for residential construction, or

2. The buildable lots that may be developed for residential purposes.

Section 50830 does not apply to:

1. An ordinance adopted by a city or county that does any of the following:
   a) imposes a moratorium to protect the public health and safety on residential construction for a specified period of time if, under the terms of the ordinance, the moratorium will cease when the public health and safety is no longer jeopardized by the construction;
   b) creates agricultural preserves under Chapter 7 (commencing with Section 51200) of Part 2 of Division 1 of title 5 of the government code; or
   c) was adopted pursuant to a specific requirement of a State or multi-state board, agency, department, or commission; or

2. A city or county that has adopted a housing element that the Department has found to be adequate pursuant to subdivision (c) of Section 65585 or Section 65586 of the Government Code at the time the city or county applies for funds under the State CDBG Program, unless a final court order has found that such housing element is not in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.
Two Types of Project Specific Studies

The first type is where the grantee has site control of a piece of property and needs planning grant funds to move the development of the site forward. This can be a specific piece of real property for a housing project or a community facility project or a business development project. Also, in the case of a public work project, the property for the project can have site control obtained due to the property’s location in a public right of way.

The second type of project specific study does not involve having site control is not in place but a specific project has been defined and a development team is in place to ensure it moves forward. In this case the applicant may have selected an affordable housing developer via an RFP process to use planning grant funds for developing a 30 unit senior housing project or a 15 unit farm worker housing project or a Head Start day care facility or a transitional housing project or developing a new water treatment facility.

In these examples the applicant does not have site control but has a specific scope of work for a specific type of project activity which, when the planning study is done, will lead to the physical development of a project. For example, a drug store that wants to locate in the community but does not have a site. The City can sponsor a study to assist in locating a site and doing some of the feasibility analysis for the project (must show the business is not able to afford to do the study on their own).

Below are lists of these types of project specific studies and non-project specific studies. This list is not exhaustive and will not include all possible variations. If your idea of a project specific study does not seem to fit into the two types described above and is not listed below then call your State CDBG representative for a firm determination of status as a project or non-project specific study.
GENERAL ALLOCATION PROJECT SPECIFIC ACTIVITY

Housing Project Activity Titles

Develop a 15 unit new construction rental housing project (limited CDBG activities)
Develop a 30 unit new construction homeownership project (limited CDBG activities)
Off-site infrastructure in support of 15 unit new construction rental housing project
Off-site infrastructure in support of 30 unit new construction project
Rehabilitation of an existing 20 unit affordable rental housing project
Rehabilitation of on-site infrastructure for an existing 40 unit mobile home park
Develop a 30 unit affordable mobile home park
Preservation of existing affordable mobile home park
Preservation of an existing affordable rental housing project
Conversion of an existing market rate rental housing project into a TIG project
Conversion of existing facility into 11 units of senior rental housing

Community Facility Project Activity Titles

Develop a new Head Start day care facility for 30 children
Develop a new 5,000 sq. ft. senior center or heath care facility or food distribution center, etc.
Rehabilitate a 10,000 sq. ft. facility for a teen after school program
Rehabilitate an existing facility for transitional housing or job training center or other public service(s)
Rehabilitate a existing police or fire station
Convert an existing faculty into a police station or fire station
Construct a new police substation or fire station
Rehabilitate a public building to comply with ADA
Replace existing playground equipment in an existing park
Install a new skateboard park in an existing park
Develop a new park

Public Work Project Activity Titles

Establishing an Assessment District to Install Water Treatment and Distribution System
Establishing an Assessment District to Install Sewer Treatment and Collection System
Install New Storm Water Drainage Improvements in ______ area of the Jurisdiction
Replace Water Lines in ______ area of the Jurisdiction
Replace Sewer Lines In ______ area of the Jurisdiction
Rehabilitate/Expand a Water Collection or Treatment or Storage facility
Rehabilitate/Expand a Sewer Treatment facility
Rehabilitate Streets in ______ area of the Jurisdiction
Replace Curb and Gutter and Sidewalk in ________ area of the Jurisdiction
Make ADA Curb Cuts throughout Jurisdiction
Install new sidewalks in ____ area of the Jurisdiction
Do Street Scrape Improvements of Lighting and Benches in ____ area of Jurisdiction
Develop Public Parking Facility for Business District
Water System Well Testing and Test Well Drilling
GENERAL ALLOCATION NON-PROJECT SPECIFIC ACTIVITY

Any study that does not directly lead to development of a specific physical project is a non-project specific study activity. In some cases, a study may lead to development of a program that in turn leads to scattered site individual projects (ED loans or housing rehabilitation loans) but these program studies not considered project specific. Below is a list of non-project specific activity titles.

**Housing Study Titles**
- Community Land Trust, Developing a Working Model
- Exterior Housing Conditions Survey
- Farm Worker Housing Needs Assessment
- Home Buyer Assistance, Developing a Program
- Housing Element Update
- Housing Program Grant Application Preparation
- Income and/or Interior Housing Conditions Survey
- Mobile Home Park Inventory Study
- Multi-Family Rehabilitation, Developing Program
- Program NEPA Environmental Review Record (ERR) Preparation
- Plan to Further Fair Housing

**Public Works Study Titles**
- Development of Sewer System Operations and Maintenance Plan
- Development of Water System Operations and Maintenance Plan
- Feasibility Analysis of Developing Private Water System
- Feasibility Analysis of Relocation of Floodplain
- Hydro-Geologic Study
- Master Drainage Plan
- Master Sewer Plan
- Master Water Plan
- Master Plan for Street Improvements, Curb/Gutter and Sidewalk
- Private Septic System Survey
- Private Well Water Testing Survey
- Jurisdiction Wide Sewer Line Infiltration Study with Analysis of Repairs Needed
- Jurisdiction Wide Sewer Line Video Tapping
- Wastewater Treatment Upgrade Analysis with No Intention of Making any Upgrades in the near future
Public Service Study Titles
Adult Literacy Training
Child Care**
Public Service Application Preparation
Domestic Violence Shelter Needs Assessment / Program Development
Food Bank or Free Meals**
Health Care Clinic Needs Assessment**
Homeless Shelter Services
Individual Development Account (IDA) Program Development
Job Training**
Migrant Farm Worker Services
Teen Services Development
Senior Services Development
Services for Disabled Persons
Conduct Section 504 Self Evaluation
Public Utility Assistance for Needy Families
Rental Deposit Program / Transitional Housing Program Development

Planning Study Non-Project Specific:
Geographic Information System (GIS) Base Maps*
Geospatial Data Compilation and Implementation*
Neighborhood Revitalization Plan*
**ECONOMIC DEVELOPMENT ALLOCATION PROJECT SPECIFIC ACTIVITY**

**ED Project Activity Titles**
Preparation of a CDBG Over the Counter application
Develop a business incubator project
Develop a site (bare land or rehabilitation of existing facility) for a new business
Expansion (new site development or increase existing facility) of an existing business

**ECONOMIC DEVELOPMENT ALLOCATION NON-PROJECT SPECIFIC ACTIVITY**

Regional or Local Economic Development Plan
Enterprise Zone Funding Application (for Tax Credits)
CDBG Enterprise Fund Application (for loan funds)
Analysis of Existing Telecommunications Infrastructure
Business Infrastructure Needs Assessment
Business Retention Assessment and Strategy
Retail Sales Development Plan
Plan to Increase Service Sector Jobs
Military Base Conversion Assessment and Development Plan
Co-Op Website Development
Downtown Economic Development Revitalization Strategy
Economic and Market Analysis
Transportation Constraints/Opportunities for Business Development
Airport Management Plan
Industrial Park Development Study
Industrial Land and Business Inventory System Study
Rail Corridor Study
Target Industry Studies
Tourism Marketing Strategy
Geographic Information System (GIS) Base Maps
Geospatial Data Compilation and Implementation
Downtown Economic Revitalization Plan

Note: Activities listed without the asterisk are restricted to the TIG families or individuals or the activity services a Limited Clientele who has a presumed 51 percent benefit per HUD definition.

*Note: These Activities can only be conducted when census or income survey information is provided that documents the whole community is at least 51 percent TIG* (See Attachments)
2 and 5). If the TIG benefit is unclear, the income survey is to be conducted initially to document TIG benefit for the activity to be funded. However, if the survey does not show 51 percent benefit, the study may not be completed.

**Note: These Activities must be income restricted or have census or income survey information provided that documents the whole community served is at least 51 percent TIG (See Attachments 5 and 7).

Please contact the General or ED Representative in your jurisdiction if you have an activity that has questionable TIG benefit.
National Objectives

PTA activities must be directed towards a study that either directly, via a project or program, or indirectly, meets one of the CDBG national objectives in federal statutes. There are two National Objectives that PTA activities must show a connection to:

* Benefit low Income Persons or Households (Department uses the term Targeted Income Group (TIG) instead of low-moderate income
* Eliminates or prevents slums or blight (area wide or spot basis)

Federal law establishes the primary National Objective for the CDBG Program as the development of viable urban communities by providing decent housing and a suitable living environment and by expanding economic opportunities, principally for persons of low and moderate income. State statutes only allow TIG benefit for General activities.

Definition of Targeted Income Group

Persons of low and moderate income are defined as families and individuals whose incomes do not exceed 80 percent of the area median income, with adjustments for smaller and larger families. According to CDBG program regulations, these individuals and families are intended to be the principal beneficiaries of the State CDBG program. State CDBG uses the term TIG for households at 80 percent. See Attachment 15 for current income limits.

Limited Clientele Activities (General Allocation Activities Only)

Activities that benefit a clientele who are generally presumed to be TIG persons, excluding activities that benefit all the residents of an area and most housing or economic development activities, are considered by HUD to principally benefit TIG persons for CDBG purposes. Limited clientele groups are: abused children; battered spouses; elderly persons; adults meeting the Bureau of the Census Current Population Reports definition of “severely disabled,” homeless persons; illiterate adults, persons living with AIDS, and migrant farm workers. Contact the General or Economic Development Representative assigned to your jurisdiction if you need more information on how this may apply to your activity.

National Objective for Each Allocation

For General: TIG benefit only

State CDBG regulations require that any proposed General activity must principally benefit TIG persons. Principally benefit means that 51 percent of those individuals who benefited from the activity are TIG.
For ED: One of two National Objectives can be met

State law allows any proposed ED PTA activity to satisfy any one of the two HUD National Objectives (1) aiding in the prevention or elimination of slums and blight or (2) benefiting TIG-low income persons or households.

In addition to documenting TIG benefit, ED planning activities must also demonstrate how it will lead to creation of new jobs. Job creation is a public benefit requirement of ED activities.

Documentation Required for General Allocation Planning Activities

- Benefit to the TIG.

If a study activity leads to a program or project that is income restricted (all persons or family receiving program assistance are verified as low income / TIG) then just indicate this in the activity description form and describe when and how the program will verify beneficiary’s income status.

If a study activity leads to the development of a program or project that benefits one or more limited clientele groups, then check the limited clientele line on the activity description form and list the eligible limited clientele groups who will be served. Further explanation of services to these groups must be provided in the detailed activity description part of the form.

If the study activity leads to benefit for all residents of the entire jurisdiction or for residents a specific area of the jurisdiction, then TIG area benefit must be documented. TIG area documentation sources include: conducting household income surveys (using guidance in Attachment 14); use of HUD low-moderate income data that is able to show TIG percentages for census tracts

Documentation Required for ED Allocation Planning Activities

- Benefit to the TIG:

If the implementation of a study activity leads to a project or program in which at least 51 percent of jobs created will be for TIG persons, then indicate this on the activity description form and state that the program or project will require at least 51 percent of jobs be for TIG persons. For micro enterprise programs state that program is restricted to TIG persons.

For non specific ED studies, applicants will use the job creation analysis on next page to document the projected number of TIG jobs created from implementation of a study. The analysis must show that at least 51 percent of the overall projected jobs created are TIG.

- Elimination of Slums and Blight:

Applicants who intend to address the slums and blight National Objective must provide documentation that the area or project within the scope of the study is designated as blighted. It must be shown how the PTA study would aid in the prevention or elimination of slums and blight, if brought to implementation.
Documentation sources: Copy of adopted Redevelopment Agency Plan showing RDA area and show the project or program location within the RDA area. Or, provide a formal resolution passed by the local governing body that the program area or project site of the study is blighted as per the HUD definition of blighted area or on a spot basis. Contact CDBG representative for information on how to document blight under HUD’s definition. Describe how the planning study activity will address conditions that contribute to the deterioration of the area or will assist in removal of the blighted conditions.

- Job Creation for Public Benefit:

ED micro enterprise program studies do not require job creation documentation (check line and write this on activity form). ED studies for business assistance must show job creation. Studies leading directly to development of a business assistance loan program will have job creation via the program’s job creation requirement (write this on activity form). Non specific studies not leading directly to a business assistance loan program can forecast the number of jobs created and the number of TIG jobs created (write this on activity form). These forecast numbers will be used to document at least 51 percent TIG benefit for meeting HUD’s National Objective. The formula for ED job projections must include:

1) a list of industries to be expanded, developed or attracted to the jurisdiction or project area—based on local historical data or projections of future development;

2) independent, historical or projected third party data for average number of jobs created, by job-title, for each type of industry identified in 1) above;

3) number of industries projected to be expanded, developed or attracted for this grant-listed by industry classification;

4) the product of 2) above and 3) above, (number of jobs by job-title multiplied by the number of jobs to be created by industry, by job-title) will produce the job creation estimate for new business or business growth by industry.

For example:
A grant for a Downtown Revitalization Study to expand businesses in the Retail Industry as follows.

<table>
<thead>
<tr>
<th>Industry</th>

*SIC: Standard Industrial Codes

1. Job titles for General Merchandise industry might include clerk, janitor, etc.

2. Estimate the number of clerks and janitors, etc.

3. Estimate the number of industries that may expand by the PTA study.
4. Multiply the number of jobs by job-title for each of the industries that might expand as a result of the proposed PTA grant. Total all jobs by title. This total number becomes your estimated number of jobs resulting from the implementation of planning study results. Thus you have built an estimate based upon the number of jobs in each job-title for each industry the PTA study might impact.

The basis for estimates of the total number of jobs to be created from project implementation and the number of TIG jobs that will be created must be supported by information provided under item #5 of the application's Activity Description Form. Applications that do not provide support for the job estimates and TIG benefit will be deemed not to have met the ED national objective requirement.
A resolution approving an application for the CDBG Program is to include, at minimum, the following information. Applicants have the option to include any additional pertinent information. Cash match (See Attachments 2 and 7) may be attributed to the ED Allocation or the General Allocation if desired. **It is recommended that separate Resolutions be adopted for each application to keep things clear.**

RESOLUTION NO.

A RESOLUTION APPROVING AN APPLICATION FOR FUNDING AND THE EXECUTION OF A GRANT AGREEMENT AND ANY AMENDMENTS THERETO FROM THE PLANNING TECHNICAL ASSISTANCE ALLOCATION OF THE STATE CDBG PROGRAM.

BE IT RESOLVED by the (City Council/County Board of Supervisors) of the (City/County) of ______________________________ as follows:

SECTION 1

The City Council (or County Board) has reviewed and hereby approves an application under the (Economic Development Allocation or General Allocation) for up to $______________ for the following planning activity(s):

(list activity titles and dollar amounts),

SECTION 2

The City Council (Or County Board) has determined that federal Citizen Participation requirements were met during the development of this application.

SECTION 3

For Cash Match, the City Council (or County Board) hereby approves the use of: __________________________ (State eligible Match Source) in the amount of $_____ to be used as the City's/County’s Cash Match for this application.

**Add Section 4 Only If Resolution Approvals Committing PI Activity(s) in Application:**

SECTION 4

Commitment of additional local Program Income to activities in the application is hereby approved by the City's/County for the (Economic Development or General Allocation application) as follows:

(list activity titles and dollar amounts of PI committed),
SECTION 5

The (title of designated official[s]) ___________________ is hereby authorized and directed to act on the City's or County's behalf in all matters pertaining to this application.

SECTION 6

If the application is approved, the (title of designated official[s]) _________________ is authorized to enter into and sign the grant agreement and any subsequent amendments with the State of California for the purposes of this grant.

PASSED AND ADOPTED at a regular meeting of the City/County Council of the City (or County) of ______________________________ held on ________ by the following vote:

AYES:    NOES:

City/County of ________________

I, ___________________, City/County Clerk of the City/County of ____________________, State of California, hereby certify the above and foregoing to be a full, true and correct copy of a resolution adopted by said City Council/Board of Supervisors on this ___ day of ______, 20____.

_______________________________
Name, City/County Clerk of the City/County of ________________, State of California

By: _________________________________________
    Name, Title
Regulatory Authority

State CDBG statute (Health and Safety Code, Section 50833) requires each applicant to contribute a percentage of cash match, up to 25 percent of the funds requested. The percentage of cash match for applicants can be found in Attachment 2.

Basis of the Cash Match Calculation

The basis of the cash match is local sales and use tax revenues for each eligible city and county. State CDBG staff obtain revenue data from the State Controller’s Office and computes the data on a per capita basis to determine the cash match percentage for each applicant. The cash match percentage requirement for each eligible city and county is shown in Attachment 2.

For joint applicants, the amount of the cash match is determined by:

- Calculating the amount of the grant each jurisdiction will receive, then:

- Multiplying those amounts by each jurisdiction’s cash match percentage.

Local Commitments of Cash Match

Cash match is typically committed by the applicant in the same resolution that approves the submittal of the application. See Attachment 6 for a sample Resolution.

The cash match, when contributed by the local Redevelopment Agency must be documented in a separate RDA Resolution.

Other third party organizations providing match can be documented with an approving action of the Governing body. Match documentation must be submitted with the application package.

Acceptable Expenditures of Cash Match on the Grant

- Payment of personnel and related costs of the jurisdiction when the jurisdictions’ own staff carries out the study or project. The jurisdiction must maintain accurate accounting records to show the cash match was set aside for the grant and that local staff time was accounted for and paid by the cash match.

- Salaries and supplies related to the general administration of the grant.

- Payments of services for any contractors or subcontractors.
**Acceptable Sources for Cash Match**

- Local general funds or other monies used to pay local staff.
- Local RDA funds.
- State CDBG program income (PI) committed as match for this PTA application. The jurisdiction must refer to its PI Reuse Plan to determine the plan allows program income to be used as cash match.

Local PI used for planning studies is expended under general administration costs. Per the local reuse plan, general administration expenses are limited to 18 percent of activity dollars spent during any given fiscal year. Therefore, grantees must be aware that committing PI for General Administration (GA) expenses required the applicant to spend PI on actual activities prior to booking GA expenses.

- Contributions of cash from third party organizations. While such contributions are allowable, the third party is precluded from performing any work under the grant, unless it qualifies as a Subrecipient organization and enters into a Subrecipient Agreement with the grantee. For more information, see the State CDBG Grant Management Manual, Chapter 2 – Program Operators (available in hard copy or on our website at: [www.hcd.ca.gov/ca/cdbg/gmm/](http://www.hcd.ca.gov/ca/cdbg/gmm/)).

- Grantees are ultimately responsible for ensuring the availability and expenditure of the cash match.

**NOTE:** The commitment of cash match funds in the authorizing Resolution may not state in-kind activity. The local contribution must be cash match.

**Cash Match Accounting**

Cash match must be identifiable in the jurisdiction’s fiscal records and the tracking of expenditures of cash match must be identifiable in audit or fiscal accounting systems.

Local cash match for General Allocation and/or ED Allocation must be fully expended before the grantee spends any of the State CDBG grant award and requests for funds will not be approved until all cash match has been verified as fully expended. Reductions in final grant expenditures will not result in a commensurate reduction in the required cash match. If any savings occur, the grantee will have to disencumber or return any State CDBG funds.
Applicants must submit the Statement of Assurances form with the January 15, 2004 (1/15/04) revision date with the application. If a PTA award is made, the grantee must assume responsibility for compliance with State, federal, and applicable local laws and regulations that apply to the expenditure of State CDBG funds.

Program regulations require the applicant to assure that the jurisdiction and all Subrecipient’s will comply with all applicable State and federal requirements. Some requirements pertain to all local CDBG activities such as audits and procurement standards while others are specific to certain activities, such as relocation law and labor standards.

The Statement of Assurances form with the 1/15/04 revision date includes all currently-required provisions. The Statement of Assurances must be signed by the jurisdiction's Chief Executive Officer, regardless of any signatory designation in the governing body's resolution authorizing submission of the application.

The following is the Statement of Assurances Form. Earlier versions of the Statement of Assurances will not be accepted.
STATEMENT OF ASSURANCES  (Revised January 15, 2004)

The City/County of _____________________ hereby assures and certifies that:

1. It possesses legal authority to apply for the grant and to execute the proposed program.

2. Its governing body has duly adopted or passed as an official act or resolution, motion, or similar action authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the applicant's chief executive officer or other designee to act in connection with the application and to provide such additional information as may be required.

3. It has or will comply with all citizen participation requirements, that include, at a minimum, the following components:

   a. Provides for and encourages citizen participation, with particular emphasis on participation by persons of low and moderate income who are residents of slum and blight areas and of areas where CDBG funds are proposed to be used, and provides for participation of residents in low and moderate income neighborhoods as defined by the local jurisdiction;

   b. Provides citizens with reasonable and timely access to local meetings, information, and records relating to the grantee's proposed use of funds, as required by CDBG federal regulations, and relating to the actual use of funds under this title;

   c. Provides for technical assistance to groups representative of persons of low and moderate income that request such assistance in developing proposals with the level and type of assistance to be determined by the grantee;

   d. Provides for public hearings to obtain citizen views and to respond to proposals and questions at all stages of the community development program. These include at least the development of needs, the review of proposed activities, and review of program performance. Hearings shall be held after adequate notice, at times and locations convenient to potential or actual beneficiaries, and with accommodation for the handicapped. This shall include one public meeting during the program design, annual performance report preparation, and formal amendments. A public hearing shall be conducted prior to application submittal;

   e. Solicits and provides for a timely written answer to written complaints and grievances, within 15 working days where practicable; and

   f. Identifies how the needs of non-English speaking residents will be met in the case of public hearings where a significant number of non-English speaking residents can reasonably be expected to participate.
4. The State CDBG Program has been developed so as to primarily benefit targeted income persons and households, and each activity in the program meets one of the three national objectives: benefit to low and moderate income persons, elimination of slums and blight, or meets an urgent community need certified by the grantee as such.

5. Consents to assume the responsibilities for environmental review and decision-making in order to ensure compliance with NEPA by following the procedures for recipients of block grant funds as set forth in 24 CFR, Part 58, entitled Environmental Review Procedures for Title I Community Development Block Grant Programs. Also included in this requirement is compliance with Executive Order 11988 relating to the evaluation of flood hazards, and Section 102(a) of the Flood Disaster Protection Act of 1973 (Public Law 93-234) regarding purchase of flood insurance, and the National Historic Preservation Act of 1966 (16 USC 470) and implementing regulations (36 CFR 800.8).

6. Consents to assume the role of either Lead Agency as defined by Section 21067 of the California Public Resources Code, or if another agency is or will be designated Lead Agency, it consents to assume the role of Responsible Agency as defined by Section 21069 of the California Public Resources Code, in order to ensure compliance with CEQA.

7. Has resolved any audit findings or performance problems for prior State CDBG grants awarded by the State.

8. Certifies that there is no plan, ordinance, or other measure in effect that directly limits, by number, the building permits that may be used for residential construction or the buildable lots that may be developed for residential purposes; or if such a plan, ordinance, or measure is in effect, it will either be rescinded before receiving funds, or it need not be rescinded because:

a. Imposes a moratorium on residential construction, to protect the health and safety, for a specified period of time that will end when the public health and safety is no longer jeopardized; or

b. Creates agricultural preserves under Chapter 7 (commencing with Section 51200) of Part 2 of Division 1 of Title 5 of the Government Code; or

c. Was adopted pursuant to a specific requirement of a State or multi-State board, agency, department, or commission; or

d. The applicant has an adopted housing element that the Department has found to be in compliance, unless a final order has been used by a court where the court determined that it is not in compliance with Article 10.6 of Chapter 3 of Division 1 of Title 7 of the Government Code; or

e. The use of the funds applied for in this application is restricted for housing for the targeted income group.

10. Shall comply with the following regarding nondiscrimination:

   a. Title VI of the Civil Rights Act of 1964 (Public Law 88-352).

   b. Title VIII of the Civil Rights Act of 1968 (Public Law 90-284) as amended; and will administer all programs and activities related to housing and community development in a manner affirmatively furthering fair housing.

   c. Section 109 of the Housing and Community Development Act of 1974, as amended.

   d. Section 3 of the Housing and Urban Development Act of 1968, as amended.

   e. Executive Order 11246, as amended by Executive Orders 11375 and 12086.

   f. Executive Order 11063, as amended by Executive Order 12259.

   g. Section 504 of the Rehabilitation Act of 1973 (Public Law 93-112), as amended, and implementing regulations.

   h. The Age Discrimination Act of 1975 (Public Law 94-135).

   i. The prospective contractor's signature affixed hereon and dated shall constitute a certification under the penalty of perjury under the laws of the State of California that the bidder has, unless exempted, complied with the nondiscrimination program requirements of Government Code Section 12990 and Title 2, California Code of Regulations, Section 8103.

12. Will comply with the following regarding labor standards:

   a. Section 110 of the Housing and Community Development Act of 1974, as amended.

   b. Section 1720 et seq. of the California Labor Code regarding public works labor standards.

   d. Contract Work Hours and Safety Standards Act (40 USC 327-333) regarding overtime compensation.

   e. Anti-Kickback Act of 1934 (18 USC 874) prohibiting "kickbacks" of wages in federally assisted construction activities.

14. It will enforce standards of conduct that govern the performance of its officers, employees, and agents engaged in the administration of contracts funded in whole or in part by the CDBG Program (Section 7120(d) of the State regulations).

15. Will comply with the Hatch Act (5 USC 1501 et seq.) regarding political activity of employees.

16. Will comply with the Lead-Based Paint Regulations (24 CFR Part 35) that prohibits the use of lead-based paint on projects funded by the program.

17. Will not award contracts to, or otherwise engage the services of any contractor while that contractor (or its principals) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation from the covered transaction, in any proposal submitted in connection with the CDBG program under the provisions of 24 CFR part 24.

18. Will give HUD, the Comptroller General, the State Department of Housing and Community Development, or any of their authorized representatives access to and the right to examine all records, books, papers, or documents related to the grant.

19. Will not attempt to recover any capital costs of public improvements assisted in whole or in part with CDBG funds by assessing properties owned and occupied by targeted income persons unless:
   a. CDBG funds are used to pay the proportion of such assessment that relates to non-CDBG funding or
   b. for the purposes of assessing properties owned and occupied by targeted income persons who are not of the lowest targeted income group, it does not have sufficient CDBG funds to comply with the provisions of a. above.

20. Will adopt and enforce policies
   a. prohibiting the use of excessive force by its law enforcement agencies against individuals engaged in non-violent civil rights demonstrations and
   b. enforcing applicable State and local law against physically barring entrance to or exit from a facility or location that is the subject of such non-violent civil rights demonstration within its jurisdiction.

The certification is made under penalty of perjury under the laws of the State of California.

CERTIFYING OFFICIAL TITLE:_________________________________________

_________________________________________  ________________________
Signature                        Date
ATTACHMENT 9: OMB CIRCULAR A-133

COMPLIANCE WITH OMB CIRCULAR A-133

Pursuant to the requirements of OMB Circular A-133, please check the appropriate box(s) and certify at the bottom of the page:

☐ The _________________ (name of entity) has expended more than $500,000 in Federal funds in fiscal year 2005/2006 and is required to conduct a single audit or program specific audit for this year in accordance with the provisions of OMB Circular A-133.

☐ The audit has been completed and has been submitted to the appropriate control agency.

☐ The audit has not been completed. It is anticipated that the audit will be completed and submitted to the appropriate control agency by: ___________ (date).

☐ The _________________ (name of entity) has expended less than $500,000 in federal funds in fiscal year 2005/2006 and is exempt from the requirements of OMB Circular A-133. Non-Federal entities that expend less than $500,000 a year in Federal awards are exempt from Federal audit requirements for that year, but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and the General Accounting Office.

I certify on behalf of _________________, (name of entity) that the above is a true and accurate statement.

________________________________
(Printed name and title)

_____________________________  ______________________________
(Signature)        (Date signed)
ATTACHMENT 10: SAMPLE JOINT POWERS AGREEMENT

Under State Regulation 7062.1 (d), two or more applicants may jointly apply for planning grant funds to study one activity that would serve the residents of all their local citizens and serve the community development needs of each of the applicants. Under a joint application, two or more applicants may apply for up to $35,000 each for a project specific study or $35,000 each for a non-specific project specific planning study. The cost of the single planning study must exceed the $35,000 maximum per jurisdiction in order for a joint application to be submitted.

**For example:** The City of ABC wants to develop a homeless shelter to meet the needs of their community and the shelter would also provide homeless services to persons in the county and help the county with their needs, then a joint application may be submitted.

The joint application is like combining separate city and county applications together so a joint application will save some time and effort. The Department will generate one grant contract for the application. One of the applicants must be designated as the lead agency and take responsibility for grant reporting and implementation.

Joint applications require that all the separate applicants enter into a joint powers agreement or Memorandum of Understanding. If a joint application is being considered then contact the appropriate State CDBG representative for a SAMPLE JOINT POWERS AGREEMENT.

An Agreement is required by the CDBG federal regulations, Section 7060(c) as part of an application on behalf of another jurisdiction or for joint applications. Applicants must prepare an Agreement if the following conditions exist:

- if one application is submitted by two or more jurisdictions, or
- if a county is applying on behalf of a city in the same county, or
- if a county applicant is applying on behalf of itself and a city in the same county

Section 7060(c) provides that such agreements must be on forms provided by the Department. Contact your State CDBG Representative to obtain a copy.

Additional provisions may be added by applicants either by attachments to the agreement or by typing additional provisions or exceptions into the spaces provided on the form. Space has been left between each paragraph for applicants to modify any provisions to fit the applicant's particular situation. The applicant should enter "not applicable" if a provision clearly has no meaning in light of the activities proposed. Do not leave any lines blank.

If the applicant proposes to create a separate Joint Powers agency, the Department must be consulted regarding the inclusion of legal requirements.
ATTACHMENT 11: CITIZEN PARTICIPATION, PUBLIC HEARINGS AND PUBLIC INFORMATION FILE REQUIREMENTS

**Purpose**

To inform citizens of the jurisdiction’s opportunity to apply for federal funding

To obtain citizen input on what PTA activities should be included in funding proposal to the Department.

**Action needed**

Public notices; public hearings; public meetings documentation is required with the application. See instructions in Section G.

CITIZEN PARTICIPATION

The applicant should provide an opportunity to participate to all persons who may be affected by the proposed activities, especially TIG persons.

PUBLIC HEARINGS

A public hearing is a public meeting that has been publicly noticed in a local newspaper of general circulation, or noticed in a fashion that otherwise follows local procedures for formal noticing of public hearings. The only public hearing that must be held before the local governing body is the hearing prior to submitting an application for funding to the Department. Any designated employee or agent of the city or county who is knowledgeable about the program may conduct all other public hearings. Hearings are required at the following stages of a PTA grant:

**Prior to receiving a State CDBG grant**

1. At project design phase a public hearing must be held no later than 12 months prior to NOFA release. The hearing should be held at least 30 days prior to the application submittal hearing date to allow adequate time for meaningful public comment. The public hearing notice should be published 10 days prior to the meeting. See Chapter 18 of current State CDBG grant management manual for noticing requirements.

2. Prior to submittal of an application for funding, a second public hearing must be noticed 10 days prior to the meeting. (See page #40-42 for noticing requirements.)

**Hearings During a State CDBG Contract**

The grantee will be required to conduct additional public hearings during the grant for the following reasons:

1. To commit additional PI to a grant activity.

2. If project implementation activities occur under the grant then a Grantee Performance Report needs to be submitted as part of grant close out.
3. Prior to submitting the Final Product of the PTA activity and the closeout package, a copy of this notice must be submitted to the Department in order to close out the grant.

**Pre-application Hearing**

It is important to fully disclose the following information to the public at the public hearings held prior to submitting the application to the Department. Samples are given below and copies of the notices must be included in the planning grant application.

1. **At project design phase:** At least one public hearing must be held during the time when the applicant is deciding which local project(s) or activity(s) to apply for funding. All residents, especially of the areas where funds will be used, should be encouraged to participate. At this hearing, the following information must be offered:

   - An explanation of the CDBG program
   - An opportunity for attendees to ask questions and suggest possible uses of funds
   - Information about the amount of funding available, the range of possible activities that may be undertaken with CDBG funds, and the opportunities for citizen involvement as the program progresses. If submitting an application for both allocations the information must be specific to both the General Allocation and Economic Development
   - Discussion of the National Objective of benefit to Targeted Income Group (TIG) persons or other National Objective
   - Information about plans to minimize displacement that may occur as a result of grant funding
   - Information that any assessments resulting from a CDBG-funded TIG project will not be paid by members of the lowest TIG and whether TIG households who benefit from the project must pay any assessments
   - An invitation for written comments and how to submit such comments
   - Information about the availability of technical assistance to groups representing TIG persons that request such assistance in developing proposals.

2. **Prior to submitting an application for funding:** After the application has been prepared, and before it is submitted to the Department, the jurisdiction must hold a second hearing. At this time, the same information in the first six items listed above should be covered. In addition, the jurisdiction should:

   - Fully describe the proposed activity(s) in the application
   - Provide information about the amount of funding that is being requested
   - Describe where each activity will be carried out and how it will meet the National Objective of benefit to TIG persons or other national objective
   - Provide information on the estimated time schedule to accomplish the activity
• Provide opportunity for attendees to comment on the program, subject to the applicant’s normal rules governing public hearings.
• State the amount of cash match required and the source of the cash match.

Noticing Requirements

All hearings should be noticed as widely as possible and held at a time and place convenient to the public, with accommodations made for persons with disabilities. Where a significant number (25 percent or more of local population) of non-English persons can reasonably be expected to participate, the notice must be in the appropriate language(s) and provision should be made for interpreters at the hearing. Hearing must be noticed 10 days prior to being conducted (unless local policies have different requirement) and the design and application public hearings should be at least 30 days apart. Lastly, the two public hearings should be within 12 months of the application submittal. Public notices always should contain the following information:

- the time and place of the hearing
- the availability of a public information file about the CDBG program
- an invitation to submit written comments and guidance on where to send such comments.

In addition, to the information above, specific public hearings require specific information in the public notice.

1. At the project design stage, the Public Notice is required to contain information about:

- the amount of CDBG funds available
- the kinds of activities that are eligible for funding

2. At the application submittal phase, the Public Notice is required to contain information about:

- the application’s dollar amount
- the activities being proposed, including both General and ED activities as applicable
- a relocation plan, if residents will be relocated as a result of the proposed activity

3. When any changes are made or actions are taken during the term of the grant that have not already been disclosed to the public, the notice should include:

- information about the action being taken

4. Before submitting the Final Product of the PTA activity and the closeout package at the end of the State CDBG contract term, the notice should include:

- notice that the accomplishments under the grant will be disclosed
**Record Keeping**

The applicant/grantee should keep a record of all public hearings. The record should contain copies of the Public Notices, minutes of the hearings documenting that the contents of the Notice were discussed at the hearing, and a list of attendees. We recommend reading the contents of the notice into the minutes to ensure that all items are discussed. Attendees are not required to sign a sign-in sheet, but the file should show that a list was made available for sign-in at the start of the hearing. If attendees were present but did not sign or if no one attended, the file should so indicate.

**Decisions regarding Application Content/Grievances and Complaints**

The local governing body has the sole discretion of deciding the contents of an application for funding. Any allegations made by any resident of the community that the procedural or legal requirements of the program are being violated should be thoroughly investigated. Any written complaints and grievances must receive a written response within 15 days where practicable.

**Sample Notices**

Sample Public Notices for use at the grant design stage and the application submittal stage are given below. Copies of the affidavits of publication (or if posted then copies must be certified by city/county clerk) must be included in the application.
SAMPLE NOTICE OF PUBLIC HEARING FOR DESIGN PHASE

Notice of Public Hearing for Discussion of Possible State CDBG Applications

NOTICE IS HEREBY GIVEN that a public hearing will be held on _______, _____ __, 2007 at 7:00 p.m., city____ or county____ Chambers, ______ __ Street, ______, CA, ______ in order to discuss possible applications for funding under the next fiscal year’s State Community Development Block Grant (CDBG) Program and to solicit citizen input on possible activities to be included in these applications.

The General and Economic Development Allocations of the State CDBG program publish Notices of Funding Availability (NOFAs) each program year (July 1 to June 30). Eligible cities and counties may submit applications for CDBG funds under these NOFAs. Typically, up to $500,000 is available under the General Allocation NOFA each year. Up to $500,000 is available under the Economic Development Enterprise Allocation each year. Also, the Economic Development Over-the-Counter Allocation can award up to $2,500,000 per year. Each year Planning and Technical Assistance Grants up to $70,000 under the General Component and $70,000 from the Economic Development Component are awarded on a first come first serve basis. The Department issues two small NOFAs each year under the Native American and Colonia’s Allocations. The Native American Allocation is only for areas where concentrations of low income Native Americans live, who are not part of a federally recognized Indian tribe or Rancheria. The Colonia’s funding is only for designated communities within 150 miles of the Mexican American border.

Eligible activities under the above allocations and NOFAs consist of: housing-new construction projects; housing acquisition and housing rehabilitation programs; community facility and public work projects; public service programs and planning studies. Economic development programs and projects are also eligible along with planning activities. Eligible activities paid for with State CDBG funds must meet one or more of the three national objectives listed in CDBG federal statutes as follows: benefit to low income households or persons; elimination of slums and blight; or meeting urgent community development need (a need from a state or federally declared disaster).

The city/county of ______ anticipates submitting applications under one or more of the State CDBG NOFAs published during the next program year. Applications are anticipated under the General and Economic Development Components as well as the Planning and Technical Assistance Components. A separate public hearing will be held to discuss and approve each proposed application prior to submittal to the State.

The purpose of this public hearing will be to give citizens an opportunity to make their comments known regarding what types of eligible activities the City should be applying for under the State CDBG program. If you are unable to attend the public hearing, you may direct written comments to the City of _____, city/county ______ , at the address listed above or P.O. Box _____, or you may telephone (___) ____-____. In addition, information is available for review at the above address between the hours of 8:00 a.m. and 5:00 p.m. on weekdays.

The City promotes fair housing and makes all its programs available to low and moderate income families regardless of age, race, color, religion, sex, national origin, sexual preference, marital status or handicap.
SECOND NOTICE

NOTICE OF PUBLIC HEARING FOR APPLICATION SUBMITTAL
(SAMPLE)

NOTICE IS HEREBY GIVEN that the city/county of _____________ will conduct a public hearing by the city council/county board on _____________, 2007, at 8:00 p.m. at the city/county council/board room, ________ Street, to discuss the Fiscal Year 2007-08 Community Development Block Grant (CDBG) Planning and Technical Assistance (General Allocation and/or Economic Development) application and to solicit citizen input.

The ____________________________ department on behalf of the city/county of _____________ is applying for the maximum grant amount of $70,000 under the Planning and Technical Assistance Grant (General Allocation and Economic Development) for the eligible activities: ________________________.

The purpose of the public hearing will be to give citizens an opportunity to make their comments known. If you are unable to attend the public hearing, you may direct written comments to the city/county of _____________, ____________________ department, ________ Street, _____________, CA ______ or you may telephone Mr./Ms. ____________ at (____) ________ with questions or comments. In addition, a CDBG public information file may be obtained at the above address between the hours of 8:00 a.m. and 5:00 p.m. on weekdays to find out more information about the CDBG program.

The city/county promotes fair housing and makes all programs available to low and moderate income families regardless of age, race, color, religion, sex, national origin, sexual preference, marital status, familiar status (children), or handicap.

Published _____________, 2007

PUBLIC INFORMATION FILE REQUIREMENTS

Applications and grant agreements are public information and are available for review by the public. Applicants are advised that information submitted to the Department may have to be made available to the public under the State Public Records Act unless an exemption under this Act applies to the information submitted and the applicant establishes a valid claim of confidentiality under such exemption.
ATTACHMENT 12: PROPER FEDERAL PROCUREMENT PROCESS

This Attachment discusses the procurement requirements that the grantee must meet after the grant is awarded and the State CDBG contract has been executed. Also read Chapter 8 in current Grant Management Manual.

Documentation Required

Grantees that procure consultant services PAID FOR with PTA grant funds or CDBG program income are required to submit documentation of the procurement process with the final product. The required documentation should consist of a narrative description of the procurement outreach process, list of the proposals received with dollar amounts, and the method and reason for selection of the contractor or consultant. Also include a copy of the Request for Proposal (RFP) and/or Request for Qualification (RFQ) used to procure the contractor or consultant.

NOTE: If the applicant jurisdiction has a third-party consultant prepare the RFP/RFQ used in the procurement process, then that third-party consultant is precluded from bidding on the RFP/RFQ.

Options for implementation

The grantee may complete the planning work in-house, select a subrecipient or hire an outside entity to provide the services.

The federal procurement requirements will apply if the grantee chooses to procure a contractor to carry out all or part of the PTA activities paid for in whole or part with CDBG funds. Procurement requirements will not apply if the grantee uses a subrecipient to provide planning services. See Chapter 2 of the State CDBG Grant Management Manual for a sample subrecipient agreement.

Starting the Activity

In-house Work: If the grantee will use only its own staff to work on the grant may begin upon execution of the contract. If the grantee wants to begin to Incur costs prior to the execution of the contract then they may request in writing permission from Department staff to incur cost early. Department staff will provide a written approval and then the grantee may begin incurring costs.

Consultant Work: If the grantee procures an outside consultant or agency to provide services, then the grantee must go through the proper federal procurement process. See different procurement standards required based on cost for services and type of service being procured.

Subrecipient Work: If the grantee uses a non-profit subrecipient then no procurement is needed but a valid subrecipient agreement must be executed and made available for Department review. See Chapter 2 of the CDBG grant management manual.
Hiring a Consultant or Contractor

The grantee has several options:

- Small Purchase
- Request for proposals (includes both RFP’s and RFQ’s)
- Non-competitive procedures (Sole Source or Single Source)
- Using a contractor already under contract to the jurisdiction

**Note:** No loss leader arrangements are allowed. The intent of federal regulations is to ensure maximum open and free competition. Any loss leader type of arrangement where a consultant offers to provide free services before an applicant receives a grant in return for a future contract is prohibited by federal regulations.

**Small Purchase Process**

In order to qualify for small purchase process, the total cost of the scope of services being procured from all funding sources must be less than $100,000, (the federal threshold amount for a small purchase procurement) the grantee can procure services using one of several options discussed below. If the total cost of the project exceeds $100,000, the grantee may not use the small purchase method.

If the small purchase method is selected, the grantee may follow the more stringent of either its own local procurement rules or the federal procurement requirement.

Price or rate quotations must be obtained from a sufficient number (usually three) of qualified vendors. These quotes may be obtained over the telephone or in writing. The Jurisdiction should provide the same information on work to be performed to all bidders and document the file with the bid information and the basis for selection. If only one response is received, the grantee must contact State CDBG staff for written permission to select this sole source. See below under Non-Competitive Proposals (Sole Source) for more information.

**Request for Proposals and Request for Qualifications**

**Competitive proposals** (per 24 CFR 85.36(d)(3)).

**Request for Proposals**

1. The RFP must clearly and accurately state the technical requirements for the goods and services required;

2. The grantee must publicize the RFP, and to the maximum extent practicable, honor reasonable requests by parties to have an opportunity to compete;

3. Proposals must be solicited from an adequate number of qualified sources, consistent with the nature and requirements of the procurement. If only one proposal is received then grantee must write the state and request approval of single source procurement.

4. The grantee must conduct a technical evaluation of the submitted proposals to identify the responsible firms;
5. As necessary, the grantee must conduct negotiations with those firms who are deemed responsive and responsible and fall within a competitive price range, based on the grantee’s evaluation of the bidders’ pricing and technical proposals. After negotiations, these bidders may be given the opportunity to submit a best and final offer; and

6. The grantee must award the contract to the most responsive and responsible offer or after price and other factors are considered through scoring the proposals or best and final offers according to predetermined evaluation criteria. The successful proposal/offer or must clearly be the most advantageous source of the goods and services.

**Request for Qualifications (RFQ)**

For procurement involving architecture or engineering services, the grantee may use the Request for Qualifications (RFQ) competitive proposal procedure whereby competitors’ qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. In these instances, price is not used as a selection factor.

Once the most-qualified firm is identified, only that firm is asked for a price proposal. The proposed price is subject to negotiation. If negotiations with the selected firm are unsuccessful, this process is repeated with the next highest-ranked firm, until a fair and reasonably-priced contract can be awarded.

The grantee must take care to document the basis for its determination of the most qualified competitor and the reasonableness of the contract price. This qualifications-based approach to the competitive proposals method may not be used to purchase other than architectural and engineering services (24 CFR 85.36(d)(3)(v)).

For applicants’ information, the above-cited federal rule relating to the procurement of architectural and engineering (A/E) services is quoted verbatim:

Grantees and sub grantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors’ qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort. If only one proposal is received then grantee must write the state and request approval of single source procurement.

**Summary of RFQ process**

1. Qualifications-based procurement can be used only for A/E services.
2. The competitors’ qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation.

3. An RFQ cannot be used to purchase other types of services, even though A/E firms are potential sources to perform other types of services.

In addition, the federal procurement regulations generally discourage the use of local geographical preferences in the evaluation of bids or proposals except where mandated by federal statutes, due to the restrictions on open competition, which result from such preferences. However, in procuring architectural and engineering services, geographic location is permitted as a selection criteria provided this criterion leaves an appropriate number of qualified firms (24 CFR 85.36(c)(2)).

If only one response is received, the grantee must contact State CDBG staff for permission to select this sole source. See below under Non-Competitive Proposals (Sole Source) for more information.

**NOTE:** Sealed Bid procurement is another common method of procurement. It is not described in this Attachment since it is seldom used in conjunction with PTA grants. If you have questions, please contact the General or ED representative assigned to your jurisdiction.

**Non-Competitive Procurement Process (Sole Source)**

Procurement by Sole Source method means procurement through solicitation of a proposal from only one source. Grantee must provide documentation that there are no other service providers in the area who could provide the planning activities.

This method can only be used when awarding a contract is not feasible using the competitive proposal or small purchase method, and one of the following circumstances applies:

- The service is available only from a single source
- There is an emergency situation or extremely urgent need and time will not allow other procurement methods

The grantee must submit a written request to the Department prior to selecting a sole source bidder. The written request must address why this procurement activity meets the criteria given above. Before making such a request, the grantee should contact a State CDBG representative to obtain the correct format.

Sole Source procurement can also happen after solicitation of a number of sources (i.e., by using the RFP, RFQ, or small purchase method), and competition is determined to be inadequate.

If a grantee has attempted procurement by the RFP or Small Purchase methods and these methods resulted in only one bid received, then the grantee must submit a written request to the Department prior to selecting a single bidder. The written request must include documentation of outreach to document that broad outreach efforts were made. Before making such a request, the grantee should contact a State CDBG representative to obtain the correct format.
Using Consultants Already Under Contract

If the jurisdiction has a consultant under a pre-existing, multi-year contract, The State CDBG program will permit the grantee to use that consultant without going through an additional procurement process as long as grantee can provide documentation that the proper procurement process was followed. There are also some restrictions:

A single RFP for CDBG administrative services including housing, public works, community facilities and public services, and economic development is not consistent with the federal procurement requirement. That is, an RFP of such broad scope would place unreasonable requirements on firms in order for them to qualify do business. Therefore, the Department restricts multi-year contracting to specific specialty areas. A single RFP to carry out all CDBG housing-related activities or all CDBG economic development-related activities would be acceptable. The multi-year contract cannot exceed three years.
ATTACHMENT 13: PROPER SECTION 504 SELF EVALUATION PROCESS

Section 504

HUD requires jurisdictions to have documented their compliance with Section 504. Applicants must attach a Section 504 Self-Certification form with their Application Package. A sample form is included at the end of this Attachment. It is important to note that the form itself does not constitute the jurisdiction’s efforts to meet Section 504. The jurisdiction should have performed an analysis and evaluation of each factor and prepared a Section 504 Plan. The self-certification form is used to certify that the jurisdiction has performed this analysis and evaluation and to record areas of compliance or problems.

Section 504 Compliance

Section 504 of the Rehabilitation Act of 1973, as amended, was implemented by the Department of Housing and Urban Development in a final rule published in the Federal Register on June 2, 1988. This rule applies to direct and indirect applicants and recipients of funding under Title I of the Housing and Community Development Block Grant Act of 1974. The purpose of the rule is to provide that no otherwise qualified individual with handicaps shall, solely by reason of his or her handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance from HUD.

In addition to the non-discriminatory and affirmative action activities discussed in the CDBG Grants Management Manual, grant recipients must undertake several activities to be in minimal compliance with Section 504.

1. Communications

   a. The recipient shall take appropriate steps to ensure effective communication with applicants, beneficiaries and members of the public. In determining what auxiliary aids are necessary (e.g. telecommunication devices for deaf persons (TDD's)) the recipient will give primary consideration to the requests of the individual with handicaps. Where a recipient communicates with applicants by telephone, TDD's or equally effective communications systems shall be used.

   b. The recipient shall adopt and implement procedures to ensure that interested persons (including persons with impaired vision or hearing) can obtain information concerning the existence and location of accessible services, activities and facilities.

   c. This section does not require a recipient to take any action that the recipient can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. The recipient must nonetheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the program or activity receiving HUD assistance.
2. **Employment**  In addition to the general prohibitions against discrimination discussed elsewhere in the Grant Management Manual, grantees must ensure the following:

   a. A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified applicant with handicaps or employee with handicaps, unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program.

   b. A recipient may not use any employment test or other selection criterion that screens out or tends to screen out individuals with handicaps or any class of individuals with handicaps. Pre-employment inquiries may not be made to determine whether the applicant is an individual with handicaps or the nature or severity of a handicap except as directly related to an applicant's ability to perform job-related functions.

3. **Program accessibility**  Except as otherwise provided, no qualified individual with handicaps shall, because a recipient's facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity that receives Federal financial assistance.

   Recipients using State CDBG funds for the construction or alteration of community facilities should contact the Department's Equal Opportunity/Fair Housing Specialist for guidance on HUD accessibility requirements. Accessibility requirements must also be met by multi-family housing constructed in whole or in part by HUD funds.

4. **Enforcement**

   a. **Assurances**  All applicant jurisdictions to the State CDBG program are required to submit with each application a signed Statement of Assurances that state, in part, that the applicant will comply with Section 504 of the Rehabilitation Act of 1973, as amended, and implementing regulations.

   b. **Covenants**  Where property is purchased or improved with federal financial assistance or where federal financial assistance is provided in the form of real property or interest in the property, the instrument effecting or recording this transfer shall contain a covenant running with the land to assure nondiscrimination for the period in which the real property is used for a purpose that the federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

   c. **Self-evaluation**  Each grantee shall, in consultation with interested persons, including individuals with handicaps or organizations representing persons with handicaps:

      1) Evaluate its current policies and practices to determine whether, in whole or in part, they do or do not meet the requirements of Section 504;
2) Modify any policies or procedures that do not meet the requirements of Section 504; and

3) Take appropriate corrective steps to remedy the discrimination revealed by the self-evaluation.

A grantee that employs 15 or more persons shall, for at least three years following the completion of the evaluation, maintain on file, make available for public inspection, and provide to the responsible civil rights official, upon request:

1) a list of interested persons consulted; 2) a description of the areas examined and any problems identified; and 3) a description of any modifications made and of any remedial steps taken.

d. Designation of responsible employee and adoption of grievance procedures
A grantee that employs 15 or more persons shall designate at least one person to coordinate its efforts to comply with Section 504 implementing regulations. Grantees that employ 15 or more persons must also adopt grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints alleging any action prohibited by Section 504 and related implementing regulations.

e. Notice A grantee that employs 15 or more persons shall:

1) Take appropriate initial and continuing steps to notify participants, beneficiaries, applicants and employees, including those with impaired vision or hearing, and unions or professional organizations holding collective bargaining or professional agreements with the grantee that it does not discriminate on the basis of handicap in violation of Section 504. The notification shall state, where appropriate, that the grantee does not discriminate in admission to, access to, or treatment or employment in its federally-assisted programs and activities. The notification shall also include an identification of the designated responsible employee. Methods of initial and continuing notification may include the posting of notices, publication in newspapers and magazines, placement of notices in grantee's publications, and distribution of memoranda or other written communications.

2) Include in recruitment materials or publications containing general information that it makes available to participants, beneficiaries, applicants or employees, a statement of policy described in paragraph 1 above.

3) Ensure that members of the population eligible or likely to be affected directly by a federally-assisted program who have visual or hearing impairments are provided with the information necessary to understand and participate. Methods for ensuring participation include, using sign language and oral interpreters, readers, etc.

Name and signature of Section 504 Coordinator: ___________________________ Date Signed: ______________
This Attachment provides information for applicants who anticipate using CDBG funds to conduct a neighborhood or jurisdiction wide income survey:

1. Conducting the Survey/Client Confidentiality

2. Survey Questions

3. Information about Random Sampling

Applicants may propose to use PTA funds to conduct a survey to determine the percentage of TIG households in a given geographic area or neighborhood. Because CDBG funds must be used to meet a National Objective, (see Attachment 5 & 15) any applicant proposing to do an income survey must be reasonably confident before conducting the survey that the area to be surveyed is at least 51 percent TIG.

Conducting the Survey /Client Confidentiality

The survey process should include a way to identify specific households who responded to the questionnaire and ensure the respondents' confidentiality. Respondents may be particularly sensitive to the question of household income. If a respondent's address is requested on the questionnaire, many persons may not answer the income questions or may not complete the questionnaire at all. Consequently, in order to promote a high response rate, the questionnaire should not include identifying information, such as the person's name or address.

Several acceptable methods for preserving anonymity of the respondent include:

1. The surveyor may hand deliver the questionnaire to the respondent and conduct the survey orally. At that time, upon completing this interview, the surveyor would mark off the respondent's address from an address list. If the questionnaire is delivered to the household or mailed and is to be collected at a later date, the collector can mark off the respondent's address at the time of collection.

2. If the questionnaire is to be mailed to respondents and returned by mail, the identifying information (respondent's address) would be on the return envelope. Upon receipt of the completed questionnaire, the address can be checked off the address list and the envelope and questionnaire can be separated. If the applicant uses this method, a statement ensuring respondent confidentiality should be included. Sample language is given below.
• Replies to this questionnaire are confidential. Confidentiality is protected by not including names on any of the forms. We need a high response to have a chance of getting funded. Addresses are on the return envelopes so we can make follow-up contacts if no questionnaire is received and we need additional questionnaires returned. When we get your envelope and questionnaire in the mail, we will check off that a questionnaire has been received from your house, remove the questionnaire from the envelope, and throw the envelope away. No identifying information will be kept with the questionnaires and the questionnaires will be tallied as a group.

3. If coded questionnaires are used, a simple method of coding is to place a number on the questionnaires or return envelopes. Each number is assigned an address from the address list. When the material is received, a list of returned numbers is kept. If the response rate is not high enough so that follow-up contacts are needed, the addresses of numbers for that no response has been received can be looked up and additional questionnaires sent out.

The income survey data should current within 60 months old from the date the current NOFA is released by the Department.

**Sample Survey Questions**

These questions and the Directions for Random Sampling that follow in Part 3. are provided to assist the applicant in using a method of surveying that allows for validation and, at the same time, preserves the confidentiality of the respondent. Applicants may include other questions designed to elicit information that they determine is important. Experience has shown that overly detailed surveys may adversely affect the response rate.

The questions are designed to provide data regarding family size, income, and housing tenure. Family size and income are of particular significance in determining if a household is in the targeted income group.

**NOTE TO APPLICANTS:** Information regarding question #2 below. Please read the following information regarding income data and use the income limit figures that apply to your County in your questionnaire.

The reason for collecting income data is for the applicant to make a determination of how many persons surveyed fall into the categories of TIG and above TIG or Non-TIG. The numbers provided in the chart under question #2 should be the current income limits based on family size. Applicants should consult HCD web site and use the 2007 income limits for their county in their questionnaire. TIG is 80 percent and below of the adjusted area median family income (by definition, TIG includes LTIG). Over TIG is 81 percent and above of the adjusted area median family income.
SAMPLE INCOME SURVEY QUESTIONS:

1. How many persons live in your household?

2. Using the chart below, please do the following:
   a. Circle the column that matches the size of your household.
   b. On a separate sheet of paper, make a determination of your income (you do not need to state your income on this questionnaire). Use the total household income in the last 12 months or the income claimed in the most recent federal income tax filing. Include gross wages before deductions, public assistance, unemployment benefits, social security, pensions, alimony, child support, net income from owning or operating a farm or business, or any other source of income received regularly.
   c. Compare the income of your family to the figures on the chart in Lines A and B under the column you circled for the size of your household (#a. above).
   d. Read the following questions and make a check mark in the spaces indicated:
      1) Line A: Was your household income above_____ or below_____ the number associated with your family size? If you checked "above," also answer #2). If you checked "below," stop here and go on to question #3.
      2) Line B: Was your household income above_____ or below_____ the number associated with your family size?

3. Are you an owner occupant_____ or a Renter______
Information about Random Sampling

The Department will accept sampling statistics that represent the population as a whole if the applicant uses a valid random survey methodology. Conversely, the Department may, after reviewing the submitted data, determine that the methodology was statistically unsound. In such cases, the Department may assign a score of zero for TIG benefit, or may use other generally recognized data such as U.S. Census data.

Two key features to your survey design should be 1) random selection of survey respondents, and 2) a large enough sample size to assure you have captured a reliable representation of the population. The following discussion provides some guidance in these two key areas.

Random Sampling

The guiding rule for sampling households or beneficiaries from the larger population is the avoidance of sampling bias. That is, sampling should not systematically exclude certain types of respondents. For example, surveys conducted mid-week during the day may exclude working households and provide inaccurate statistics about the larger population. If the survey methodology contains a sampling bias, larger sampling sizes will not solve the problem. Certain portions of the population will continue to be systematically excluded from the sampling.

As a general rule, each individual within the population should have an equal chance of being surveyed. Beware of using data sources that contain only certain portions of your beneficiary population. For example, some utility billing lists may contain only property owners, while the beneficiaries will be both owners and renters. Within your application to the Department, describe the sampling methodology and how it achieves a randomly-selected sampling.

Adequate Sampling Size

The required sampling size is determined by the size of the universe or the service area. The following table should be used to determine how many households a surveyor needs to interview to develop a survey of acceptable accuracy. For example, if you had a small water district of 50 households that you wanted to survey, you would have to get responses from all 50 households. If the district had 500 households, you would have to get responses from 250. If the district had 5,000 households, you would have to get responses from 400.

A second example would involve a larger income survey for a planning grant. Consider a community center feasibility study for a remote service area in that 1,400 households reside. According to the table on the following page, it would be necessary to obtain income surveys from a minimum of 350 households. If your results showed that 200 of the 350 households surveyed were TIG, then the service area would be 57 percent TIG (200/350=57%), which exceeds the area benefit threshold for planning grants of 51 percent TIG.
Required Sample Sizes for Universes of Various Sizes

</tbody>
</table>

There is an exception to this table when dealing with a universe of 50 or less. As a general rule, a sample of less than the universe is unacceptable for statistical purposes. However, if the survey is to establish CDBG eligibility, for example, to apply for a PTA grant, the rule would not need to apply. The reason for this is that the CDBG eligibility threshold is that at least 51 percent of the beneficiaries would be TIG. In such a case, as soon as the jurisdiction has answers from a sufficient number of respondent households to indicate that the required TIG percentage of 51 percent is present, it could consider the information sufficient for area benefit documentation purposes.

Using the example of the water district with 50 households, if a jurisdiction wanted to demonstrate CDBG eligibility for a planning grant, as soon as the jurisdiction had 26 TIG respondents, it could stop the survey, as the area benefit has reached the threshold of at least 51 percent TIG (26/50 = 52%).

Jurisdictions should consider hiring a professional demographer to conduct surveys of large areas. Surveys should be as statistically reliable as the U.S. Census.

Please contact the General or ED Representative in your jurisdiction if you wish further information on survey methodology.
Current Income Limits by County

To access the 2007 income limits, click on the following hyperlink:
HTTP://WWW.HCD.CA.GOV/HPD/HRC/REP/STATE/INCNOTE.HTML

HUD Low-Moderate Income Information for Area Benefit Determination:

To view and print out the chart, go to www.hcd.ca.gov/ca/cdbg/funds, and click on HUD Low Mod Data under the DRI NOFA & Application. This file is in Excel format. Percentages for census tracts and or block groups are located at the far right side of the chart. If you are doing a number of different census tracts or block groups, then you must add up all the persons in the block groups or tracts in your target area and divide it into the number of low income persons in the identified area.
Developing a Economic Development Plan

Knowing and understanding the characteristics of the local economy is crucial towards helping community members (stakeholders) strategize for the future, it will allow for local CDBG jurisdictions to make the best possible program and project choices. The community should therefore be as informed as possible about its own town, city or region, and its role in the regional, national and international economy. The analytical boundaries of an EDP plan should not be limited by an administrative jurisdiction such as a municipal boundary, but rather by the economic relationships in a geographic area such as a metropolitan region, travel-to-work area, or a city and its rural surroundings.

The purpose of using a CDBG ED PTA grant to develop an EDP plan is to:
- build up the economic capacity of a local area;
- to improve its economic future and the quality of life for all;

The planning process requires the public, business and non-governmental sector partners to work collectively so all elements of the community are represented in the plan.

In conducting a plan’s data collection should be well planned as it can be costly and time-consuming. A thorough approach to quantitative data collection could consume the entire plan’s budget. Thus, successful cities are often strategic and innovative about the types and quality of information collected and the methodologies used to collect it. When collecting information, it is necessary to consider how the information will be used, its relevance, and its applicability to the local economic assessment.

The following, while not exhaustive, describes the types of information that should be collected and analyzed for the plan:

**Demographic Information to Collect**

- Information about the people in a community provides a basis for understanding the demographic profile of the locality, its social needs, and current and future trends
- A breakdown of demographic information will provide a more detailed understanding of the factors associated with the local economy (e.g. gender issues, employment profile, education characteristics, availability of human resources and skills).
- Knowing the demographic characteristics of a community will contribute to a baseline (starting point) understanding of the impact of LED programs and projects, particularly for monitoring and evaluation purposes, and for measuring the “added value” of a specific LED program and project.
**Economic Information to Collect**

- This information will provide an understanding of the structure, characteristics and nature of the local economy.
- A breakdown of local economic information by industrial sector can provide an insight into how the local economy is performing, is interlinked, which sectors are prospering, which are declining, where business development opportunities exist, and the aggregate value of local productive chains.
- Collecting labor market information can provide a workforce profile that highlights skill levels, shortages, and skills in decline and local ED trends. It can be used to identify labor market deficiencies, barriers to labor market entry and employment take-up and potential workforce programs, as well as, identify industrial sectors that can be assisted and encouraged to locate in the area. A plan should identify specific groups of people that are unemployed or under employed who can be assets in the growth of future businesses. Identifying these groups will help define actions in the plan to deal with local economic development issues.
- Understanding the nature and extent of the informal sector economy is fundamental to understanding how the local economy really functions. It is important to know how the informal sector contributes to, and operates with, the formal sector, and how to support and raise the productive qualities of these activities.

**Business Environment Information to Collect**

- Information on the business-enabling environment provides understanding of how municipal government actions and activities help to support or hinder business in the formal and informal sectors.
- It provides an understanding of the reasons for business success and failure; the types of businesses that exist or have located in the area and the reasons why; whether businesses view the municipality as being supportive of the local business community; the range and number of agencies that support small-medium–size businesses and business development, the effectiveness of these organizations in supporting new businesses and business development; the state of labor relations; what programs exist; the range of local regulations that impact businesses and the costs of doing business (many investment decisions are based on the costs of doing business at the local level).
- Initiating a business enabling environment survey can help to determine satisfaction by, and opinions of, local businesses, helping to guide the municipality to improve the actions and activities that impact the business-enabling environment.

**Information on Infrastructure Systems**

- This will provide information about the status of transportation, telecommunications, gas, water, electricity and wastewater provisions. Such data can highlight current and future infrastructure deficiencies and
needs and helps to prioritize investments in infrastructure for local economic development.

**Regional, National and International Economic Information**

- Examining information about the regional, national and international economy helps to identify new markets and opportunities for business development (i.e. export activities, flows of remittances, sectoral linkages, promotion of tourism).
- By understanding these economic linkages, it is also possible to identify those activities that need to be strengthened to capture value that is realized outside the local economy. This will increase the money circulating in the local economy, help to create jobs and develop businesses (e.g. inhabitants spend their money in shops in other cities because they are not able to find products locally).
- Some cities, particularly big cities and export zones, have strong ties with regions in other countries. Others might have strong ties with towns, cities and secondary cities. It is important therefore to understand how to take full advantage of the increasing connectivity between places, companies and people, strengthening regional and international markets for local economic cooperation.

The following table shows examples of the types of information that can be collected in each of the categories.

**Local Economic Development Information**

| Demographic | Population by size, age, growth rate, projected growth rate, household size, etc.  
|             | Employees by industrial activity (regionally and nationally and changes over time).  
|             | Age structure and occupation breakdown of employed and unemployed.  
|             | Average gross weekly earnings by gender and full/part-time employment  
|             | Numbers and other information on people and activities in the informal sector.  
|             | Numbers and types of schools, teachers (full-time equivalent) and class sizes.  
|             | Further and higher education establishments by type and numbers attending.  
|             | Educational attainment levels by numbers and types –compare nationally.  
|             | Training numbers, types, age groups of technically qualified individuals and those going through training; assessment of skill, occupational shortages, oversupply. |
| Economic                          | Number and size of firms by sectors; numbers of full-time equivalent employees.  
|                                | Number and type of recent firm closures by size, sector and date.  
|                                | Number of inward investments, foreign and domestic by employee size, sector, date.  
|                                | Number of new business start-ups, by size, sector, activity, export, company size.  
|                                | Rental and purchase costs for vacant industrial and service units, by size.  
|                                | Vacancy rates of industrial and commercial space by size, location, absorption rates.  
|                                | Port, airport, rail cargo, passenger statistics; number of informal businesses. |
| Business Environment           | Extent of "red tape" and the ease of getting through red tape.  
|                                | Existence of supporting business networks, such as Chambers of Commerce.  
|                                | Local economic development support – services offered or subsidized.  
|                                | Local government capacity to carry out economic development activities and access to funding. |
| Hard Infrastructure           | Condition of electricity, water, and wastewater provision in areas of economic activity.  
|                                | Assessment of provision of land, real estate, office space for economic activities.  
|                                | Availability and quality of road and other transport systems to nearest major markets. |
| Regional and National         | What are neighboring cities and towns doing in terms of local economic development?  
|                                | How are neighboring towns and cities competing?  
|                                | How do local towns and cities collaborate?  
|                                | What is happening at the national level?  
|                                | Opportunities available through the federal and state government.  
|                                | Major international/global trends that may impact the local area.  
|                                | Opportunities and threats presented by regional or local government. |

*Note: Informal Sector not within the formal or legal sector and therefore not registered.*
