### California Department of Housing and Community Development

#### Housing Element Update Schedule for Regional Housing Need Assessment (RHNA)

The jurisdiction that will report new housing units to Department of Finance (annual Housing Unit Survey) can take RHNA credit (1 time) for units approved (entitled or permitted) or built since the start date of the RHNA Projection Period.

NOTES:
1. Until actual RTP adoption date is known, housing element due date is marked “Estimated.”
   a. “Estimated” date is based on required COG 12-month notice to HCD and any subsequent required notices from changes to the estimated RTP adoption date.
   b. “Actual” date is based on official RTP adoption date (date of Resolution). An adoption date different than the estimated date HCD relied on in determining the RHNA projection period will change the actual housing element due date and the corresponding planning period but will not change the RHNA projection period (GC 65588(e)(5)).

2. Reflects HCD rounding of housing element due dates for planning purposes.

3. For local governments wanting to change from a 5-year to a 8-year housing element planning period for the next cycle, the MPO/RTPA must elect to adopt the RTP on a 4-year schedule instead of a 5-year schedule. For the next 6th cycle, the required election must be made no later than December 31, 2014 (54 months before the next due date to adopt the housing element). The Department must be promptly notified of the election and the next RTP must be completed within three (3) years of the notice. Upon election by the regional transportation planning agency, all local governments within the region change to a 8-year housing element planning period. Refer to GC Sections 65080(b)(2)(M) and 65588(e)(3)(c).

* Consequence of late element adoption: SB 375 (2008, Chapter 728). GC 65588(e)(4). Jurisdictions on a 8-year planning period that do not adopt their element within 120 calendar days from the start date of the planning period must revise and adopt the housing element every four years until timely adopting at least two consecutive revisions by the applicable due date.
