Program Implementation Status			
Name of Program	Objective	Timeframe in H.E.	Status of Program Implementation
Action Item H-1.1.1	The City shall continue to maintain an inventory of land owned by the City, Housing Authority, and Redevelopment Agency within the City and its sphere of influence and will analyze that land for	Ongoing	The City Completed an inventory, however, with reduced resources/personnel, it may not be possible to keep it up to date.
Action Item H-1.1.2	The City will cooperate with the Redevelopment Agency, Housing Authority and its affiliated non profit organization, and other low income housing developers to identify suitable sites and projects for affordable housing	Ongoing	This is a continuing effort that is periodically discussed among the remaining principal parties.
Action Item H-1.1.3	To fulfill the requirements of its regional housing need allocation, the City will rezone the following parcels of land to PD (4500), or equivalent zone district with allowances for equal or greater density, with the intention of making these parcels appropriate for the development of housing types affordable to moderate-income households: (As shown in Appendix A of the Housing Element)	February 2011	Completed

<p>Action Item H-1.1.4</p>	<p>Most assisted housing developments utilizing State or federal financial resources include 50 to 150 units. The City will provide incentives and technical assistance through the processing of subdivision or larger sites located in Specific Plans and Special Planning Areas to facilitate development of a variety of housing types and affordability consistent with typical developments affordable to lower income households. The City will offer the following incentives for the development of affordable housing including but not limited to: priority processing for subdivision maps that include affordable housing units, expedited review for the subdivision of larger sites into buildable lots where the development application can be found consistent with the General Plan, applicable Specific Plan and master environmental impact report, financial assistance (based on availability of federal, state, local foundations, and private housing funds, and modification of development requirements, such as reduced parking standards for seniors, assisted care, and special needs housing on a case-by-case basis.</p>	<p>August 2010</p>	<p>The City continues to implement this policy. In 2010, the City facilitated the approval of a multi-unit low income project and successfully applied for a Home Grant for the project.</p>
<p>Action Item H-1.2.1</p>	<p>The City shall identify potential infill sites including smaller (parcels less than one quarter of an acre) vacant and underutilized parcels. The City shall create an inventory of these sites and make the list available at the Planning and Building Department permit counter.</p>	<p>By Dec 2010; Ongoing</p>	<p>The City funded the beginning of this effort through CDBG funds in 2010. The GIS Mapping and database are set up, but the majority of the data still needs to be collected.</p>
<p>Action Item H-1.2.2</p>	<p>In cooperation with the Redevelopment Agency and Housing Authority and its affiliated non profit organization, the City shall work with interested for-profit and non-profit developers in consolidating infill parcels designated for multi-family residential development.</p>	<p>Ongoing</p>	<p>While this started out as a feasible effort, the State's grab of Redevelopment funds and subsequent elimination of the Redevelopment Agency have made this less likely to occur in the future.</p>
<p>Action Item H-1.2.3</p>	<p>The City will explore the feasibility of establishing a housing fee program that would provide fiscal incentives for infill and affordable housing projects.</p>	<p>Ongoing</p>	<p>The concept has not been feasible in this difficult economic period.</p>
<p>Action Item H-1.2.4</p>	<p>The City will ensure compliance with the State Density Bonus by amending its Zoning Ordinance to reflect amendments to State Density Bonus law.</p>	<p>40422</p>	<p>The language has been drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2015.</p>

<p>Action Item H-1.3.1</p>	<p>The City shall review and potentially amend its Zoning Ordinance to include minimum densities in the medium and high density zones unless there are issues of site constraints or the affordability of the units would be compromised. Policy LU-6 in the City's draft Land Use Element states that the City will establish density ranges and encourage a target density within that range by requiring an explanation for not building at the higher end of the range.</p>	<p>Ongoing</p>	<p>The language has been drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2015.</p>
<p>Action Item H-1.4.1</p>	<p>The City shall develop and maintain data via its GIS system to track and maintain an inventory of vacant land by zoning classification along with a subdivision activity list for reference in the evaluation of available sites for housing development activity. This data will also be used to report housing construction and occupancy in group quarters for the State Department of Finance's preparation of annual population estimates.</p>	<p>Ongoing</p>	<p>The City funded the beginning of this effort through CDBG funds in 2010. The GIS Mapping and database are set up, and data has been collected. The entire City has not been completed as of this report.</p>
<p>Action Item H-1.5.1</p>	<p>The City shall cooperate with developers, property owners, and other stakeholders to complete major public facilities identified in public service master plans, including the Avenue 16 and Ellis Avenue interceptor.</p>	<p>Ongoing</p>	<p>The Ellis Avenue overcrossing of State Route 99 and its intersection with Kennedy Street were completed in 2012. Other projects have not been initiated due to a lack of development activity.</p>
<p>Action Item H-2.1.1</p>	<p>The City shall encourage continuation and expansion of the programs of the Housing Authority and its affiliated non profit organization to address the housing needs of lower- income persons in the community.</p>	<p>Ongoing</p>	<p>The City continues to partner with all interested parties in looking to provide affordable housing.</p>
<p>Action Item H-2.1.2</p>	<p>The City shall consider establishing a Staff Advisory Committee consisting of staff representatives from the City, Housing Authority, and Redevelopment Agency to coordinate housing activities and programs, to advise the respective agencies on affordable housing issues, to help set priorities for funding, to recommend policies for administration of the affordable units, and to identify regulatory barriers to affordable housing</p>	<p>40878</p>	<p>Due to dwindling resources, a formalized committee has not been high on the list of duties that must be done. The intent of the interaction still continues as the City has daily working relationships that provide opportunities to coordinate on projects as needed.</p>

Action Item H-2.2.1	The City shall continue to coordinate with the County of Madera and the Madera County Local Agency Formation Commission (LAFCO) to ensure an orderly pattern of urban growth with adequate provision of urban services as well as consistency with all rezoning and annexation applications. Ongoing	The City continues to implement this policy. In 2010, the City facilitated the approval of a multi-unit low income project and successfully applied for a Home Grant for the project.
Action Item H-2.4.2	The City shall work cooperatively with its Redevelopment Agency to ensure housing set-aside funds are utilized to reach common goals of the two entities including the purchase of infill lots for very low- and low-income housing, and the development of housing for special needs groups.	Ongoing	The Redevelopment Agency has been eliminated.

Action Item H-2.5.1	The City shall, in cooperation with the Housing Authority, maintain and expand a comprehensive annual monitoring program to document the affordability levels (sales price or rental rates) for all new units constructed each year. The City shall also regularly monitor housing sales price trends of existing units.	Determine feasibility of establishing a program by June 2012.	Due to shrinking resources and staff, the ability to perform this is becoming less likely.
Action Item H-2.6.1	An annual progress report will be made to the Planning Commission and City Council on the status of housing programs, recommended updates, and availability of sites to meet construction needs. The City shall submit annual reports to the California Department of Housing and Community Development. The City shall also review the General Plan to retain internal consistency. The City shall use its website, newsletter, and other forms of media to provide information (e.g., for information on affordable rental units, housing rehabilitation programs, the Down Payment Assistance Program, resources for homeless, etc.) to residents on affordable housing in Madera as well as information on fair housing services. Ongoing, as funds become available	This ongoing effort has been constrained by the limited amount of funding that is available. The elimination of the Redevelopment Agency has adversely impacted these efforts.
Action Item H-3.4.3	The City shall continue to explore funding sources other than Community Development Block Grant funds to promote housing rehabilitation throughout the community.	Ongoing as funds are available and NOFAs are released	This is an ongoing process.

However, to ensure compliance with SB 2, the City will add specific definitions of both “transitional” and “supportive” housing as defined in Sections 50675.2 and 50675.14, respectively, of the Health and Safety Code, which does not specify the number of persons, and will ensure both housing types are regulated the same as other uses of the same type in the same zone.</p>	<p>August 2010</p>	<p>The language is being drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2015.</p>

<p>Action Item H-4.5.4</p>	<p>The City will ensure compliance with "second dwelling unit law" (AB 1866) by reviewing and amending its Zoning Ordinance to consider second dwelling units permitted uses in all residential zones ministerially, that is, without any discretionary review or a public hearing. The amendment will ensure that second units are allowed uses in all residential zones and require only ministerial review by the Zoning Administrator without any excessive burdensome conditions of approval.
