Program Implementation Status			
Name of Program	Objective	Timeframe in H.E.	Status of Program Implementation
Action Item H-1.1.1	The City shall continue to maintain an inventory of land owned by the City, Housing Authority, and Redevelopment Agency within the City and its sphere of influence and will analyze that land for	Ongoing	The City Completed an inventory, however, with reduced resources/personnel, it may not be possible to keep it up to date.
Action Item H-1.1.2	The City will cooperate with the Redevelopment Agency, Housing Authority and its affiliated non profit organization, and other low income housing developers to identify suitable sites and projects for affordable housing	Ongoing	This is a continuing effort that is periodically discussed among the remaining principal parties.
Action Item H-1.1.3	To fulfill the requirements of its regional housing need allocation, the City will rezone the following parcels of land to PD (4500), or equivalent zone district with allowances for equal or greater density, with the intention of making these parcels appropriate for the development of housing types affordable to moderate-income households: (As shown in Appendix A of the Housing Element)	Completed	Completed

<p>Action Item H-1.1.4</p>	<p>Most assisted housing developments utilizing State or federal financial resources include 50 to 150 units. The City will provide incentives and technical assistance through the processing of subdivision or larger sites located in Specific Plans and Special Planning Areas to facilitate development of a variety of housing types and affordability consistent with typical developments affordable to lower income households. The City will offer the following incentives for the development of affordable housing including but not limited to: priority processing for subdivision maps that include affordable housing units, expedited review for the subdivision of larger sites into buildable lots where the development application can be found consistent with the General Plan, applicable Specific Plan and master environmental impact report, financial assistance (based on availability of federal, state, local foundations, and private housing funds, and modification of development requirements, such as reduced parking standards for seniors, assisted care, and special needs housing on a case-by-case basis.</p>	<p>August 2010</p>	<p>The City continues to implement this policy. In 2010, the City facilitated the approval of a multi-unit low income project and successfully applied for a Home Grant for the project.</p>
<p>Action Item H-1.2.1</p>	<p>The City shall identify potential infill sites including smaller (parcels less than one quarter of an acre) vacant and underutilized parcels. The City shall create an inventory of these sites and make the list available at the Planning and Building Department permit counter.</p>	<p>By Dec 2010; Ongoing</p>	<p>The City funded the beginning of this effort through CDBG funds in 2010. The GIS Mapping and database are set up, but the majority of the data still needs to be collected.</p>
<p>Action Item H-1.2.2</p>	<p>In cooperation with the Redevelopment Agency and Housing Authority and its affiliated non profit organization, the City shall work with interested for-profit and non-profit developers in consolidating infill parcels designated for multi-family residential development.</p>	<p>Ongoing</p>	<p>While this started out as a feasible effort, the State's grab of Redevelopment funds and subsequent elimination of the Redevelopment Agency have made this less likely to occur in the future.</p>
<p>Action Item H-1.2.3</p>	<p>The City will explore the feasibility of establishing a housing fee program that would provide fiscal incentives for infill and affordable housing projects.</p>	<p>Ongoing</p>	<p>The concept has not been feasible in this difficult economic period.</p>
<p>Action Item H-1.2.4</p>	<p>The City will ensure compliance with the State Density Bonus by amending its Zoning Ordinance to reflect amendments to State Density Bonus law.</p>	<p>40422</p>	<p>The language has been drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2015.</p>

Action Item H-1.3.1	The City shall review and potentially amend its Zoning Ordinance to include minimum densities in the medium and high density zones unless there are issues of site constraints or the affordability of the units would be compromised. Policy LU-6 in the City's draft Land Use Element states that the City will establish density ranges and encourage a target density within that range by requiring an explanation for not building at the higher end of the range.	Ongoing	The language has been drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2015.
Action Item H-1.4.1	The City shall develop and maintain data via its GIS system to track and maintain an inventory of vacant land by zoning classification along with a subdivision activity list for reference in the evaluation of available sites for housing development activity. This data will also be used to report housing construction and occupancy in group quarters for the State Department of Finance's preparation of annual population estimates.	Ongoing	The City funded the beginning of this effort through CDBG funds in 2010. The GIS Mapping and database are set up, and data has been collected. The entire City has not been completed as of this report.
Action Item H-1.5.1	The City shall cooperate with developers, property owners, and other stakeholders to complete major public facilities identified in public service master plans, including the Avenue 16 and Ellis Avenue interceptor.	Ongoing	The Ellis Avenue overcrossing of State Route 99 and its intersection with Kennedy Street were completed in 2012. Other projects have not been initiated due to a lack of development activity.
Action Item H-2.1.1	The City shall encourage continuation and expansion of the programs of the Housing Authority and its affiliated non profit organization to address the housing needs of lower- income persons in the community.	Ongoing	The City continues to partner with all interested parties in looking to provide affordable housing.
Action Item H-2.1.2	The City shall consider establishing a Staff Advisory Committee consisting of staff representatives from the City, Housing Authority, and Redevelopment Agency to coordinate housing activities and programs, to advise the respective agencies on affordable housing issues, to help set priorities for funding, to recommend policies for administration of the affordable units, and to identify regulatory barriers to affordable housing	40878	Due to dwindling resources, a formalized committee has not been high on the list of duties that must be done. The intent of the interaction still continues as the City has daily working relationships that provide opportunities to coordinate on projects as needed.

Action Item H-2.2.1	The City shall continue to coordinate with the County of Madera and the Madera County Local Agency Formation Commission (LAFCO) to ensure an orderly pattern of urban growth with adequate provision of urban services as well as consistency with all rezoning and annexation applications. For more details on how the City is addressing these issues, please refer to the updated Land Use and Circulation elements. Action Item H-4.4.1	<p>To ensure compliance with Chapter 633, Statutes of 2007 (SB 2), the City will amend its zoning ordinance to explicitly allow for emergency shelters by providing a definition of "emergency shelter" as included in the California Health and Safety Code Section 5080.1, which is "housing with minimal supportive services for homeless persons that is limited to occupancy of six months or less by a homeless person."</p> <ul style="list-style-type: none"> • Shelters shall not be located within 300 feet of another Shelter. • Shelters shall limit the duration of individual's stays to preclude long term housing. • Shelters shall be limited to a maximum occupancy of 30 beds or less. • Shelter shall have qualified supervision on site during all hours of operation. • Shelter facilities shall have adequate lighting and security features to deter criminal activity at its facilities. • Shelters shall not be located within 2,000 feet of any public or private school or park, or any designated facility where children gather. <p>The C-2 (Heavy Commercial) zone is</p>	By August 2010	The language has been drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2015.

<p>Action Item H-4.4.4</p>	<p>Transitional and supportive housing types are also considered under the “foster homes, rehabilitation facilities, day care centers, and other related facilities which provide housing for six or fewer unrelated persons” category and are allowed without review in all residential zones. However, to ensure compliance with SB 2, the City will add specific definitions of both “transitional” and “supportive” housing as defined in Sections 50675.2 and 50675.14, respectively, of the Health and Safety Code, which does not specify the number of persons, and will ensure both housing types are regulated the same as other uses of the same type in the same zone.</p>	<p>August 2010</p>	<p>The language is being drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2015.</p>
<p>Action Item H-4.5.1</p>	<p>The City will amend its Zoning Ordinance to clarify the definition of single-room occupancy units, which are similar to the current use category of boardinghouses and guest dwellings. The amendment will also describe specific development standards for these units.</p>	<p>August 2010</p>	<p>The City continues to embrace this policy.</p>
<p>Action Item H-4.5.2</p>	<p>To support the creation of housing affordable to extremely low-income households. <p>Action Item H-4.5.3</p>	<p>Use state and federal programs for which the City would be the applicant, or a co-sponsor, and work with nonprofit and for-profit developers to make use of those programs directed to homebuilders. In particular, the City will seek available funding or support funding applications by others to provide for housing for extremely-low income households, including transitional housing. For some of these programs, the City would act as a sponsor for an interested developer. Specific programs which the City may use, funding permitting, are:</p> <ul style="list-style-type: none"> • Community Development Block Grant Program, • California Housing Finance Agency programs, • Department of Housing and Urban Development programs to finance housing, and • State and federal programs aimed at providing housing and related ser-vices to homeless individuals. 	<p>Ongoing</p>	<p>The City continues to embrace this policy.</p>
<p>Action Item H-4.5.4</p>	<p>The City will ensure compliance with "second dwelling unit law" (AB 1866) by reviewing and amending its Zoning Ordinance to consider second dwelling units permitted uses in all residential zones ministerially, that is, without any discretionary review or a public hearing. The amendment will ensure that second units are allowed uses in all residential zones and require only ministerial review by the Zoning Administrator without any excessive burdensome conditions of approval. In addition, the City will omit the condition that precludes second unit development on lots of less than 6,000 square feet. This requirement serves as a potential constraint to the development of secondary dwelling units in residential zones outside of the R1 zone, which conflict with the second unit law.</p>	<p>August 2010</p>	<p>The language has been drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2015.</p>

The program shall remove constraints to and provide reasonable accommodations for housing designed for, intended for occupancy by, or with supportive services for, persons with disabilities." A request for reasonable accommodation may include a modification or exception to the rules, standards and practices for the siting, development and use of housing or housing-related facilities that would eliminate regulatory barriers and provide a person with a disability equal opportunity to housing of their choice. The City currently evaluates the need for reasonable accommodations for persons with disabilities on a case-by-case basis. The City will develop a more formalized reasonable accommodation procedure that will provide an administrative exception process in building and land use matters	By December 2010	The language has been drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2015.

The City will review and amend the Zoning Ordinance if necessary to be compliant with Health and Safety Code Sections 17021.5 and 17021.6. Larger farmworker housing projects may be reviewed on a case-by-case basis to ensure at least all of the following criteria are appropriately addressed:</p> <ul style="list-style-type: none"> • Hours of operation of supportive services provided on-site; • External lighting and noise; • Traffic abatement; • Compliance with county and state health and safety requirements for food, medical, and other supportive services provided on-site. 	<p>December 2010</p>	<p>The language is being drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2015.</p>

<p>Action Item H-4.9.1</p>	<p>The City's Grants Administration Division shall continue to update its report on impediments to fair housing per the State's required update schedule and act in support of equal housing opportunities for all persons in Madera through enforcement of, and direct response to, all claims of unlawful practices prohibited by the Fair Housing Policy through the FHCC or other similar service provider.</p>	<p>Annually conduct public information seminar</p>	<p>The City continues to embrace this policy.</p>

Action Item H-5.6.5	The City shall consider the adoption of a Voluntary Energy Independence Program which allows property owners to install solar equipment (or major energy efficient appliances/building systems) with up-front costs financed by public or private funding. Under this program, the costs of the equipment would be paid off by the property owner through a special tax attached to the property tax bill.
