

CITY OF YUCAIPA
AGENDA REPORT

Housing Policy Department
Received on:
MAY 13 2015

TO: Honorable Mayor and City Council
FROM: Joseph M. Lambert, Director of Development Services *JL*
FOR: City Council Meeting of May 11, 2015
SUBJECT: 2014 Housing Element Progress Report

RECOMMENDATION:

That City Council receive and file the 2014 Housing Element Progress Report for the implementation of the City's General Plan.

DISCUSSION:

Government Code § 65400 mandates that most cities submit an Annual Progress Report (APR) on the status of their Housing Element and the progress of its implementation to their legislative bodies, the Governor's Office of Planning and Research (OPR), and the California Department of Housing and Community Development (HCD) annually. The APR provides local legislative bodies with information regarding the implementation of the General Plan, and it provides OPR with the opportunity to identify statewide trends in land use decisions, and determine how local planning and development activities relate to statewide planning goals and policies. Providing a copy of the APR to HCD fulfills statutory requirements to report certain housing information, including the local agency's progress in meeting its share of regional housing needs, and local efforts to remove governmental constraints to the development of affordable housing.

The attached APR includes all of the housing data that is required by current statutes. The APR includes additional information not required by statute that also meets the OPR guidelines. However, there may be opportunities to expand on this information in the future as the City continues with the implementation of the 2014-2021 Housing Element, which was adopted by the City Council on April 22, 2013. Only minor amendments have been made to the General Plan over the years, including the update that was completed in 2004, and its implementation still remains consistent with the original vision that was established in 1992.

Currently, the City is underway with the comprehensive 20 year General Plan update, which will be completed later this year. Staff will continue to incorporate additional data into the APR on an annual basis to keep Council apprised of how any subsequent amendments to the General Plan (as approved by City Council) could have an effect on implementation. In addition, the required Housing Element Implementation table attached to the APR as Table C describes the status of each Housing Element Implementation Program.

Purpose of the Annual Report

Government Code Section 65400 mandates that certain cities and all 58 counties submit an Annual Progress Report (APR) on the status of the Housing Element and progress in its implementation to their legislative bodies, the Governors' Office of Planning and Research (OPR), and the Department of Housing and Community Development (HCD) by April 1st of each year. The APR provides local legislative bodies with information regarding the implementation of the General Plan for their city or county. APRs must be presented to the local legislative body for its review and acceptance, usually as a consent or discussion item on a regular meeting agenda. Therefore, the APR should provide enough information for decision makers to assess how the General Plan was implemented during the 12-month reporting period – either calendar year or fiscal year.

More Specifically, APRs explain how land use decisions relate to adopted goals, policies, and implementation measures of the General Plan. The APR should provide enough information to identify necessary “course adjustments” or modifications to the General Plan, and means to improve local implementation. The State uses the APR to identify statewide trends in land use decision making and determine how local planning and development activities relate to statewide planning goals and policies. APRs may identify needed modifications and improvements to OPR's General Plan Guidelines. In addition, OPR is able to track progress on a local jurisdiction's comprehensive General Plan update using information provided in the APR.¹

Background on the Existing City of Yucaipa General Plan

In 1980, the County Development Code revised the County's previous zoning ordinance and created the Community Plan System of land use districts (zoning). County-wide, fifteen community or specific plans were adopted through 1988, including the Yucaipa Community Plan of 1980.

As new State General Plan requirements were added, some San Bernardino County elements were significantly amended, including the Housing Element in 1981 and 1986. The land uses were also amended as new development proposals were considered, including many in Yucaipa.

In 1989, the San Bernardino County Board of Supervisors adopted the Consolidated General Plan and Implementation System, replacing the 1966 County General Plan, approximately 40 separate “Community General Plans”, and several individual plan elements prepared through the years. At that time, Yucaipa was unincorporated and subject to the County General Plan in all its aspects.

¹ Governor's Office of Planning and Research. State of California: 2007 General Plan Annual Progress Report Guidance. Office of Planning and Research: Sacramento, 2007.

The new systems incorporated into the County's 1989 General Plan were included in this General Plan to standardize and replace the old zoning system as well as the community plan districts and overlays. Improvements to the planning review system were coordinated with revisions to the Development Code as adopted by the City.

In order to address the City's needs with specificity during the first years of cityhood, the City Council ordered the preparation of an interim General Plan. This plan represented all that City officials and the public agreed constituted the direction Yucaipa should move in as it grows into the nineties and its first full decade.

The entire adopted interim General Plan, including all the technical background information and adjunct documents, have been reviewed and incorporated as appropriate into the City's General Plan.

The Yucaipa General Plan is the result of an extensive planning process involving the City, residents, community groups and surrounding communities. This process has provided a forum for resolving local conflicts among competing interests for the development of this area. The process began with the identification of goals, policies and actions that were used as the basis for developing a series of alternate land use plans for Yucaipa. Following extensive review and refinement of the alternatives, a plan was proposed which best met the goals of the City.

In 2003, a comprehensive review of each General Plan element was conducted by the City Council in order to incorporate current data wherever appropriate, and to implement policy refinements to facilitate the continued implementation of the adopted goals, policies and action items. Changes to existing policies and standards were kept to a minimum in order to ensure that the Plan would remain consistent with the original goals, as they represent the Plan's foundation. Unless otherwise stated, the information that has been incorporated into the General Plan Update is current as of January 1, 2004, and it represents the best available data relevant to current conditions.²

Date of Presentation/Acceptance by the Local Legislative Body

The 2013 Annual Progress Report was presented to the City Council at a regularly scheduled City Council meeting on April 14, 2014. The APR was reviewed and accepted by the City Council at this meeting.

Date of Last Update to the General Plan

The Yucaipa General Plan underwent its ten (10) year comprehensive review and update beginning in 2002. The updated General Plan and the updated Official Land Use Plan for the City of Yucaipa were formally approved on September 13, 2004, with the adoption of Resolution No. 2004-45, and on September 27, 2004, with the adoption of Ordinance No. 232. The 4th cycle update of the Housing Element was adopted on February 23, 2009, for

the 2008-2014 planning period and the City Council adopted the 5th Cycle Housing Element on April 22, 2013 (Resolution No. 2013-16), covering the 2014-2021 planning period. Currently, the City is underway with the comprehensive 20 year General Plan update, which is anticipated to be completed by 2015. As part of this process, the previously adopted 5th Cycle Housing Element will be incorporated into the General Plan update.

Measures Associated With Implementation of the General Plan

Planning / Construction Activities

The City Council adopted the 5th Cycle Housing Element Update on April 22, 2013. The 2014-2021 Housing Element Update is a development policy and regulatory document intended to implement the California Government Code requirements for Housing Elements. It received final certification from the California Department of Housing and Community Development, and was found to be in full compliance with the State Housing Element law (Article 10.6 of the Government Code).

The City completed Comprehensive Inspections for 12 mobile home parks.

The right of way acquisition and construction of the Yucaipa Boulevard widening from 12th Street to Hampton Road is ongoing.

The construction of a sidewalk improvement project was completed on Avenue D, between California Street and 1st Street.

The construction of a sidewalk improvement project was completed on 18th Street, between Yucaipa Boulevard and Avenue E.

The construction of a sidewalk improvement project was completed along Yucaipa Boulevard adjacent to Flag Hill Veterans Memorial Park, between Douglas Street and Fremont Street.

The construction of an underground storm drain system was completed north of the City's Transit Center and Library on 5th Street.

Construction of the 13th Street Sports Park continues.

General Plan Amendment(s)

No General Plan Amendments were approved in 2014.
