Housing Code Officials
Fire Service Officials
Professional Associations
Factory-Built Housing Manufacturers
Commercial Modular Manufacturers
Special Purpose Commercial Modular Manufacturers
HCD-Approved Third-Party Agencies
Interested Parties

FROM: Kyle Krause, Deputy Director
Division of Codes and Standards

SUBJECT: **2022 California Building Standards Code SUPPLEMENT
Effective July 1, 2024**

This Information Bulletin (IB) is issued pursuant to [Health and Safety Code \(HSC\) section 17913](#) to provide notice to local enforcing agencies and third-party agencies, as well as interested parties, of a code adoption or change. For news and information from the California Building Standards Commission (Commission), please visit the [Commission's News website](#). Other announcements and clarifications are provided in this IB regarding the applicability of these changes to factory-built housing, commercial modulars, special purpose commercial modulars, and specified structures in mobilehome parks and special occupancy parks.

Effective Date and Application of the Supplement to the 2022 California Building Standards Code

The 2022 California Building Standards Code (CBSC), California Code of Regulations (CCR), title 24, became effective on January 1, 2023. As a result of the 2022 Intervening Code Adoption Cycle, a supplement to the 2022 CBSC has been approved and will become effective July 1, 2024. The California Department of Housing and Community Development's (HCD's) updates to these regulations apply to the

design and construction of residential occupancies and their accessory structures¹, factory-built housing², commercial modulars³, special purpose commercial modulars⁴, and permanent buildings, accessory buildings, and structures constructed in mobilehome and special occupancy parks.

The supplement to the 2022 CBSC applies to all buildings and structures with a permit application dated on or after July 1, 2024. The permit application date is established by the local government. Interested parties should contact the applicable building department or enforcing agency to determine how the permit application date is established in a specific jurisdiction.

Factory-Built Housing, Commercial Modulars, and Special Purpose Commercial Modulars

This IB provides that all new plans, designs, and quality control manuals, including new units, projects, or developments commencing production after July 1, 2024, submitted to HCD or to HCD-approved design approval agencies on and after July 1, 2024, shall be written, designed, and/or constructed in accordance with the supplement to the 2022 CBSC and the applicable HCD regulations.

Note that CCR, title 25, section 3048 and section 1.1.9 of both the 2022 California Building Code and the 2022 California Residential Code provide clarification that once approved, factory-built housing plans remain valid for a period of 36 months from the date of plan approval. Additionally, special purpose commercial modular and commercial modular design approvals remain valid for 15 months as specified in CCR, title 25, section 4024.

¹ Hotels, motels, lodging houses, apartment houses, dormitories, condominiums, and dwellings.

² "Factory-built housing" means a residential building, dwelling unit, or an individual dwelling room...that is either wholly manufactured or is in substantial part manufactured at an offsite location to be wholly or partially assembled onsite... Factory-built housing does not include a manufactured home or mobilehome (HSC section 19971).

³ "Commercial modular" means a structure transportable in one or more sections, designed and equipped for human occupancy for industrial, professional, or commercial purposes, which is required to be moved under permit (HSC section 18001.8).

⁴ "Special purpose commercial modular" means a vehicle with or without motive power, designed and equipped for human occupancy for industrial, professional, or commercial purposes, which is not required to be moved under permit (HSC section 18012.5). The design and construction standards apply to CCR, title 24 in specific areas only as referenced in CCR, title 25, division 1, chapter 3, article 3.5.

The supplement to the 2022 CBSC consists of the following parts and corresponding approval dates:

2022 California Building Standards Code	Approved by the California Building Standards Commission⁵
Part 1, California Administrative Code	June 27–29, 2023
Part 2, California Building Code	June 27–29, 2023
Part 2.5, California Residential Code	June 27–29, 2023
Part 3, California Electrical Code	August 1–3, 2023
Part 4, California Mechanical Code	August 1–3, 2023
Part 5, California Plumbing Code	August 1–3, 2023
Part 6, California Energy Code	August 1–3, 2023
Part 9, California Fire Code	June 27–29, 2023
Part 10, California Existing Building Code	June 27–29, 2023
Part 11, California Green Building Standards Code	August 1–3, 2023
Chapter 11A, California Building Code	June 27–29, 2023

Adopted Codes and Availability

Building departments of each state department and city, county, or city and county shall have a current copy of the CBSC available for public inspection pursuant to [HSC section 18942, subdivision \(d\)](#). In addition, each city, county, or city and county, including charter cities, shall obtain and maintain at least one copy of building standards and other state regulations relating to buildings published in CCR, titles 8, 19, 20, 24, and 25. These codes shall be maintained in the office of the building official responsible for the administration and enforcement of state building standards pursuant to [HSC section 18942, subdivision \(e\)\(1\)](#).

HCD requests that local enforcement agencies share this IB with contractors, design professionals, other housing professionals, environmental health professionals, and fire service officials within their jurisdictions who have code enforcement responsibilities for housing. For more information regarding current Commission-issued IBs, please visit the [Commission's News website](#); previously published IBs can be found on the [Commission's Information Bulletins Archive](#).

Questions or comments regarding the effective date of the supplement to the 2022 CBSC should be directed to the State Housing Law Program at (800) 952-8356 or HCDBuildingStandards@hcd.ca.gov.

⁵ Multiple approval dates result from multiple agency submittals.
