Community Needs Assessment Survey
Let your voice be heard! The California Department of Housing and Community Development (HCD) is updating its Analysis of Impediments to Fair Housing Choice (AI), which is our fair housing plan for the next five years, and we want to hear from you. Completing this survey will help HCD understand what California residents are currently experiencing and refine our goals to make affordable, safe, and stable housing more accessible. We appreciate your valuable input. [Begin Survey](#) x

Higher risk and fewer safeguards

- When the pandemic hit in Spring 2020, an estimated 852,065 immigrants in California lost their jobs
- Immigrants accounted for 58% of pandemic-related deaths from March to December 2020 in ten key industries
- Drought due to climate change impacts the number of jobs resulting in displacement and income loss
 - Estimated 8,745 full and part-time jobs were lost in 2021 due to drought
- Immigrants are critical to the California economy

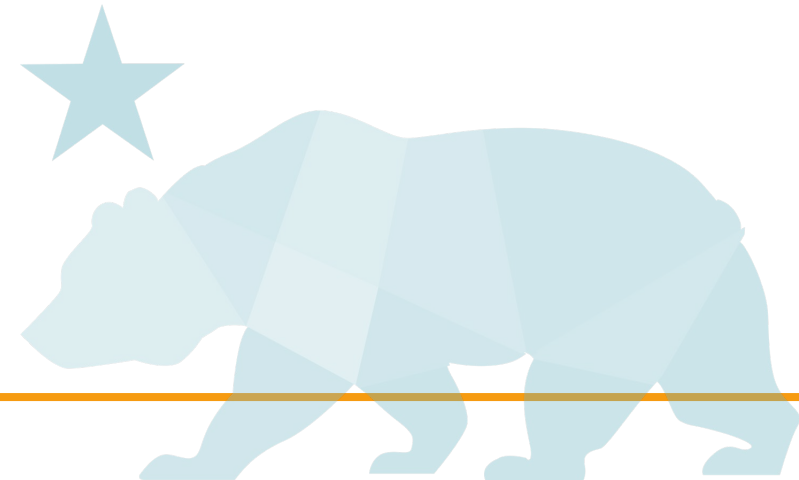

Housing Challenges Among Immigrant Families

- Immigrants are more likely than native-born residents to:
 - Be cost-burdened
 - Live in poor or hazardous housing conditions
 - Live in situations of overcrowding
 - Experience discriminatory practices by landlords
 - Have limited opportunities to build credit

Feedback and Listening

Discussion Questions

- What is the biggest challenge immigrants face in finding and securing housing?
 - Within immigrant communities, those who are undocumented and/or who have limited English proficiency face additional hurdles. Have you experienced these difficulties?
 - Housing for migrant workers is a critical housing issue for California. Do you have experience regarding this issue that you can share?
 - Have you ever lost your housing because of something related to immigration?
 - Have you ever wanted to live somewhere but couldn't? Was what prevented you from living there related to immigration status?
