

Update: ReCoverCA OOR Application Will Remain Open

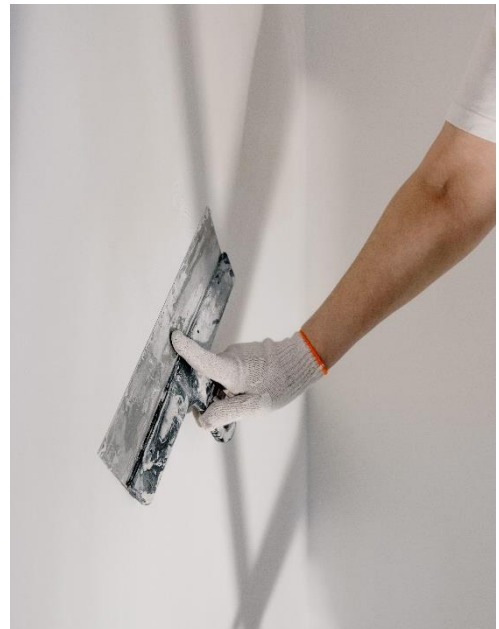

The application for 2017 and 2018 HCD ReCoverCA Owner-Occupied Housing Rehabilitation and Reconstruction Program grants will remain open beyond December 1, 2022. Owners of single-family homes or manufactured housing units who are interested in ReCoverCA OOR grants will have more time to complete their applications and participate in the program.

Eligible owners who have completed a ReCoverCA Housing Needs Assistance survey will be invited to complete the application through a case manager. If a case manager contacted you and you have not yet completed your OOR application, please contact [your case manager](#) as soon as possible. If you have questions about the program, please call (916) 202-1764 or email RecoverCA@hcd.ca.gov.

OOR Home Construction Continues

Construction is currently in progress on more than 20 homes that were damaged or destroyed in 2017 or 2018 disasters throughout California. The ReCoverCA Owner-Occupied Housing Rehabilitation and Reconstruction Program (OOR) is funding that helps complete rehab or reconstruction that remains after insurance, settlements, FEMA, and other programs have paid out.

While rebuilding has been a long process for so many homeowners affected by disasters, HCD is happy to help households move back in who otherwise may not have been able to. "It feels great to hand over the keys to homeowners," said Nick Hadji, a member of the OOR Construction Management Team. Stay tuned for more updates as additional homes are completed.

Visit the New ReCoverCA Website

In September, HCD published a redesign of the ReCoverCA website. Internet users can visit www.hcd.ca.gov/recoverca to get all ReCoverCA information, including program eligibility information, resources, and case manager information. You can continue to contact program staff if you have questions at (916) 202-1764 or email RecoverCA@hcd.ca.gov.
