HCD is proposing this regulatory action based on HSC sections 17040, 17050, 17920.9, 17921, 17921.5, 17921.6, 17921.10, 17922, 17922.6, 17922.12, 17922.14, 17927, 17928, 18300, 18552, 18554, 18620, 18630, 18640, 18670, 18690, 18691, 18865, 18871.3, 18871.4, 18873, 18873.1 through 18873.5, 18938.3, 18944.11, and 19990; and Government Code section 12955.1.

INFORMATIVE DIGEST

Summary of Existing Laws
HSC section 17040 requires HCD to adopt building standards for employee housing for “… the protection of the public health, safety, and general welfare of employees and the public, governing the erection, construction, enlargement, conversion, alteration, repair, occupancy, use, sanitation, ventilation, and maintenance of all employee housing.”

HSC section 17921 and Government Code section 12955.1 require HCD to propose the adoption, amendment, or repeal of building standards by the CBSC.

HSC section 17958.12 requires HCD to adopt regulations to recognize retroactive permits.

HSC section 17980.12 provides for delays in correction of building violations to Accessory Dwelling Units (ADU).

HSC sections 18300 and 18865 require HCD to adopt building standards for mobilehome parks and special occupancy parks.

HSC section 19990 requires HCD to adopt building standards for factory-built housing.

Summary of Existing Regulations
Existing CEC regulations specifically related to the proposed changes:

- Require permits to be based on building standards approved by the CBSC and in effect at the time of permit application.
- Require building permits to be obtained prior to the construction or alteration of buildings.
- Address local authority to enforce and provide a reference to the State Housing Law related to several actions available for enforcing unsafe buildings and structures.
- Includes a definition to clarify the term as used within the text of the CEC.

Summary of Effect

Summary of effect of the proposed specific changes on existing CEC regulations:

- Addition of text providing a reference to the use of retroactive permits for approval of existing unpermitted residential structures and recognition of the application of prior codes, based on the determination of the local enforcing agency, will recognize the use of retroactive permits based on prior codes. This may increase the number of legally permitted existing buildings that were constructed without construction permits issued by the local enforcement agency.

- Addition of text providing a reference to special enforcement procedures related to delayed correction of building violations will allow occupancy of accessory dwelling units (ADU) that need correction, but do not endanger health and safety. The text also acts as a reference to the statutory section authorizing the delay in correction.

- A definition is proposed for “accessory dwelling unit” to clarify the meaning of the term as used in new proposed text.

- HCD has determined that the proposed amendment has no fiscal impact pursuant to CCR, title 1, section 100, “Changes Without Regulatory Effect.” The proposals do not mandate the issuance of retroactive permits, approval of delayed building corrections, or require any additional compliance beyond the statute.

These changes will affect the following programs:

- State Housing Law: relative to residential occupancies, buildings or structures accessory thereto and as provided for through the Federal Fair Housing Amendment Act and state law accessibility requirements, except where the application is for public use only.

- Employee Housing: relative to the use of any buildings or structures used for employee housing in accordance with HSC section 17040.

- Mobilehome Parks and Special Occupancy Parks: relative to the design or construction of permanent buildings and accessory buildings and structures within the park in accordance with HSC sections 18300 and 18865.
- Factory-Built Housing: relative to residential buildings, dwellings or portions thereof, or building components, or manufactured assemblies in accordance with HSC section 19990.

**Comparable Federal Statute or Regulations**
There are no comparable federal statutes or regulations.

**Policy Statement Overview**
The proposed regulations will amend existing building standards and provide a reference to a new statutory section addressing ADU enforcement, violations, and corrections.

The benefits anticipated from this proposed regulatory action include more opportunities for housing by increasing awareness of the statutory provisions for retroactive permits and delays in building corrections.

**Evaluation of Consistency**
HCD has determined that the proposed regulations are not inconsistent or incompatible with existing state regulations.

**OTHER MATTERS PRESCRIBED BY STATUTE APPLICABLE TO THE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS**
None.

**MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS**
Reference: Government Code Section 11346.5(a)(5).

An estimate, prepared in accordance with instructions adopted by Department of Finance, of cost or savings to any state agency, local agency, or school district.

- Cost or Savings to any state agency: **No additional costs or savings beyond those imposed by existing law.**
- Cost to any local agency required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: **None.**
- Cost to any school district required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: **None.**
- Other nondiscretionary cost or savings imposed on local agencies: **No additional costs or savings beyond those imposed by existing law.**

INITIAL DETERMINATION OF NO SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESSES

Reference: Government Code Section 11346.5(a)(8).
If the agency makes an initial determination that the adoption/amendment/repeal of this regulation will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states, it shall make a declaration to that effect.

HCD has made an initial determination that the amendment of this regulation will not have a significant statewide adverse economic impact on businesses, including the ability of California businesses to compete with businesses in other states. HCD’s proposed regulations provide references to new statutory provisions, but do not require compliance beyond the statutory mandates.

DECLARATION OF EVIDENCE

Reference: Government Code Section 11346.5(a)(8).
In making the declaration, the agency shall provide in the record of facts, evidence, documents, testimony, or other evidence that the agency relies upon to support its initial determination of no effect.

The proposed regulations recognize the consideration and possible issuance of retroactive permits by local agencies and possible delay in correction of ADU building violations. Neither would have an adverse impact on businesses. Statutory provisions related to the proposed regulations will have been in effect by the time the regulations become effective. In addition, the provisions related to retroactive permits address existing practices at the local agency level.

FINDING OF NECESSITY FOR THE PUBLIC’S HEALTH, SAFETY, OR WELFARE

Any regulation that requires a report shall not apply to businesses, unless the agency makes a finding that it is necessary for the health, safety, or welfare of the public that the regulations apply to businesses.

No reporting requirements are proposed.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

Describe all cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. If no cost impact, provide the following statement:

HCD is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action since HCD’s regulations are not mandates and do not require compliance beyond the statutory requirement.
ASSESSMENT OF EFFECT OF REGULATIONS UPON JOBS AND BUSINESS EXPANSION, ELIMINATION OR CREATION

Reference: Government Code Section 11346.5(a)(10). The HCD has assessed whether or not and to what extent this proposal will affect the following:

A. The creation or elimination of jobs within the State of California. These regulations will not affect the creation or the elimination of jobs within the State of California.

B. The creation of new businesses or the elimination of existing businesses within the State of California. These regulations will not affect the creation or the elimination of new or existing businesses within the State of California.

C. The expansion of businesses currently doing business within the State of California. These regulations will not affect the expansion of businesses currently doing business within the State of California.

D. The benefits of the regulation to the health and welfare of California residents, worker safety, and the state’s environment. These regulations may allow occupancy of previously unpermitted structures or structures needing repair while ensuring protection of public health and safety, worker safety and the environment.

ESTIMATED COST OF COMPLIANCE OF STANDARDS THAT WOULD IMPACT HOUSING

Reference: Government Code Section 11346.5(a)(12). No increased cost of compliance (from the existing statutory requirements) for the proposed California amendments.

CONSIDERATION OF ALTERNATIVES

Reference: Government Code Section 11346.5(a)(13). HCD has determined that no reasonable alternative considered by HCD or that has otherwise been identified and brought to the attention of HCD would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.
