In addition to these regulations, program participants must comply with Federal regulations contained in Title 24 of the Code of Federal Regulations, Part 570, Subpart I. In the event that Congress or the State Legislature add or amend any requirements concerning the use or management of these funds, grantees shall comply with such requirements upon receipt of notice from the Department of the additional requirements.

§ 7052. Primary Objectives.

The primary objectives of this program are: 1) the development and preservation of cities and counties by providing decent housing and a suitable living environment and expanding economic opportunities, principally for the targeted income group; and 2) not less than fifty-one percent (51%) of the funds made available to the Department pursuant to the program shall be utilized by the Department to make grants to eligible cities or counties for the purpose of providing or improving housing opportunities for the targeted income group or for purposes directly related to the provision or improvement of housing opportunities for the targeted income group including, but not limited to, the construction of infrastructure.

Pursuant to Section 104(a)(1) of the Housing and Community Development Act of 1974, as amended, the Department shall annually prepare a statement of community development objectives and projected uses of funds. This statement shall be made available to the public and published, and the Department shall conduct no less than two public hearings at different locations on its contents. The statement shall be available for review for at least thirty (30) days prior to the public hearings.

§ 7060. Eligible Applicants.

(a) The applicant shall have met the following requirements when the application is submitted:

Any city or county is eligible to apply for the State CDBG Program except a city or county which participates in or is eligible to participate in the HUD administered Community Development Block Grant Entitlement Program.

(2) The applicant shall submit all the application information required in Section 7062.1 and Section 7070 as applicable.

(3) Beginning with the 2013 NOFA, an applicant with one or more current CDBG grant agreements signed in 2012 or later, for which the expenditure deadline established in the grant agreement(s) has not yet passed, shall be ineligible to apply for any additional CDBG funds unless the applicant has expended at least fifty percent (50%) of CDBG funds awarded in 2012 and later. The requirements of this subsection do not apply to Economic Development Over-the-Counter funds.

(4) The applicant must demonstrate to the satisfaction of the Department that it is in compliance with the submittal requirements of OMB A-133, Single Audit Report.

(5) The applicant must have complied with all the Housing Element requirements listed in Health and Safety Code Section 50830.

(b) Applications may be submitted by individual eligible applicants or by groups of eligible applicants in any of the following forms. Except as provided in Subsection (c) below, no eligible applicant may be included in more than one application that provides direct program benefits to that political subdivision. CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

must include a joint powers agreement with the city or county in which the eligible activity is located.

- (1) An eligible applicant may apply on its own behalf.
- (2) An eligible applicant may apply on its own behalf and in the same application on behalf of one or more other eligible applicants.
- (3) Two or more eligible applicants which share a program may submit a joint application.

(c) In addition to General and ED activity and application limits identified in the NOFA, an eligible applicant may apply for activities in target areas within or outside of the applicant's jurisdiction when there are concentrations of Native Americans as described in Section 7062 provided the concentration is within an eligible city or county.

Note: Authority cited: Sections 50406(h) and 50406(n), Health and Safety Code; 24 CFR 570.489(b). Reference: Sections 6500, et seq., Government Code; Sections 50406 and 50407, Health and Safety Code; 42 U.S.C. 5303 and 5306(d)(2); and 24 CFR 570.489.

§ 7062. Special Allocation for Native American Communities.

Pursuant to the requirements of 24 CFR, Part 1, the Department finds that there are within the State of California, communities principally comprised of low-income Native Americans not recognized as Indian Tribes as defined in Section 102(a)(17) of the Act (the Act defines Indian Tribes as any Indian tribe, band, group, and nation . . . of the United States, which is considered an eligible recipient under the Indian Self-Determination and Education Assistance Act (Public Law 93-638), or under the State and Local Fiscal Assistance Act of 1972 (Public Law 92-512)). The Department also finds that these communities have, in previous years, received the benefits of the Act primarily through the Department's successful submittal of applications on their behalf. The Department further finds that its inability to continue to apply on behalf of this minority population, caused by the legal constraints of the 1981 amendments to the Act, and the legal ineligibility of these groups to apply on their own behalf for federally- or State-administered CDBG funds, will have the effect of depriving this minority group from participating in the State CDBG Program unless there are some affirmative measures to ensure its participation.

(a) Pursuant to the requirements and authority of 24 CFR 1.4(c)(6)(ii) and by the direction of the State Legislature, the Department shall set aside an amount equal to one and one quarter percent (1.25%) of the total State CDBG funds to be granted to eligible applicants for identifiable geographic areas within eligible cities and counties comprised of high concentrations of Native Americans not recognized as Indian Tribes as defined in Section 102(a)(17) of the Act. For the purpose of this section, identifiable geographic areas comprised of high concentrations of Native Americans means identifiable geographic areas comprised of no less than fifty one percent (51%) Native Americans not recognized as an Indian Tribe by the Act. An identifiable geographic area may be defined by locally accepted social, historical, physical, political, or past programmatic boundaries.

CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

(b) An application for this set aside may be in addition to another application submitted by an eligible city or county pursuant to Section 7060(b)(1)-(5). Applications submitted under this section will be independently evaluated and ranked against other applications for this special allocation without regard to the rating of an application submitted pursuant to another section of this subchapter.

(c) An application submitted pursuant to this section shall be in the form prescribed for applications in Section 7070 and shall comply in all other respects with this subchapter. CDBG funds utilized within the identifiable geographic areas must principally benefit residents in the targeted income groups without regard to race, religion, national origin, or sex. In the event all the set aside funds are not awarded in a funding cycle, the Department shall award the remaining funds to the highest ranked unfunded applications submitted under Section 7072.

Note: Authority cited: Sections 50406(h) and 50406(n), Health and Safety Code; and 24 CFR 570.489(b). Reference: Sections 50406, 50407 and 50831, Health and Safety Code; Public Law 93-638 (25 U.S.C. 450(b)); Public Law 92-512 (31 U.S.C. 1227(4)); 42 U.S.C. 5306(d)(2); and 24 CFR 570.489.

§ 7062.1. Special Allocation for Economic Development.

(a) The Department shall set aside from the total amount available from HUD, for grants to cities and counties an amount equal to thirty percent (30%) for the activities specified in this section. Applications submitted under this section must comply with all the requirements of this subchapter except where noted in this section. Economic Development Allocation funds shall be awarded through the NOFA process for eligible activities listed in Section 7058 and 7062.1)(a)(1).

(1) Activities eligible for funding under the Economic Development Allocation are those activities which are subject to the Standards for Evaluating Public Benefits set forth in subsection (f) of 24 CFR Section 570.482. Eligible activities shall also meet a national objective as specified in Section 104(b)(3) of the Act (42 U.S.C. Sec. 5304(b)(3)) and 24 CFR Section 570.483. The Department shall utilize Section 105(a) of the Act (42 U.S.C. Sec. 5305(a)), 24 CFR Section 570.482, and Subpart C of Part 570 of the federal CDBG regulations commencing with Section 570.200, for guidance in determining the eligibility of activities proposed under this section. Where CDBG funds are used for public improvements (e.g., water, sewer or road improvements) the national objective shall be met pursuant to 24 CFR Section 570.483.

(2) In order to be eligible for funding from the Enterprise Fund as set forth in subsection (b) or the ED OTC as set forth in subsection (c), with the exception of assistance to microenterprises, a project or activity (hereinafter collectively referred to as an "activity") shall be capable of generating sufficient public benefit relative to the amount of CDBG assistance provided as required by the Act. The Department, with respect to activities funded from the ED OTC, and Grantees with respect to activities funded with Enterprise Funds, shall utilize the federal standards specified at 24 CFR Section 570.484(f) to determine whether sufficient public benefit will be generated by a proposed activity.

(3) Prior to the funding of any activity from either the Enterprise Fund or the ED OTC, the activity shall be underwritten to ensure that:

CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

- (i) the activity's costs are reasonable;
- (ii) that all sources of activity financing are committed;
- (iii) that to the extent practicable, CDBG funds are not substituted for non-Federal financial support;
- (iv) that the activity is financially feasible;
- (v) that to the extent practicable, the return on the owner's equity investment will not be unreasonably high; and
- (vi) that to the extent practicable, CDBG funds are disbursed on a pro rata basis with other finances provided to the activity. Activities shall be underwritten by the Department, with respect to activities funded from the ED OTC, and by Grantees with respect to activities funded with Enterprise Funds, utilizing the federal Guidelines and Objectives for Evaluating Project Costs and Financial Requirements set forth as Appendix A to 24 CFR Part 570.

(4) A activity funded from the Enterprise Fund or the ED OTC shall be reevaluated by the Department or grantee pursuant to subsections (a)(2) and (a)(3) of this Section if the underlying assumptions relied upon by the Department or the Enterprise Fund grant recipient in making its original funding decision materially change. A "material change", for these purposes, means: (1) a change in the size, scope, location or public benefit of the activity; or (2) a change in the terms or the amount of the private funds (including lender's funds and equity capital) to be invested in the activity; or (3) a change in the terms or the amount of the CDBG assistance to be made available to the activity. If a material change has occurred and a reevaluation of the activity indicates that the financial elements and public benefit to be derived have also changed, then appropriate adjustments in the amount, the type of CDBG assistance and/or the terms and conditions under which that assistance has been offered shall be made to reflect the impact of the material change.

(5) In the event that an activity funded under the Enterprise Fund or ED OTC fails to meet a federal national objective or state or federal eligibility requirement, at the Department's discretion, a Grantee may be required to repay all or a portion of the grant amount from a non-federal source of revenue, and/or may be required to return all or part of any program income received from the CDBG-assisted activity to the Department. In determining the appropriate remedy, the Department shall, at a minimum, consider the following factors:

- (1) actions taken by the Grantee to avoid the adverse circumstances in the first place;
- (2) actions taken by the Grantee to mitigate the circumstances once the problem was discovered; and
- (3) timeliness of steps taken to protect and/or recover CDBG funds. Failure by a Grantee to comply with any requirements or written instructions issued by the Department pursuant to this subsection shall be considered a failure by the Grantee to resolve any

CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

"audit findings or performance problems" and point deductions may be applied to subsequent applications at the time those applications are scored.

(6) Funding maximums from the Economic Development Enterprise Fund Allocation and the Planning Component shall be as set forth in Health and Safety Code Section 50832 subdivision (a) and Section 50833 subdivisions (a) and (b). The Department may waive the eight hundred thousand dollar (\$800,000) and five hundred thousand dollar (\$500,000) limitations for the Economic Development Allocation after September 1 of each year. Pursuant to Health and Safety Code 50834(c) all funds awarded to the Department from HUD, must be awarded within the Funding Cycle. If not awarded by the end of the Funding Cycle, the funds shall no longer be available for Economic Development activities. The Department may allocate funds between the Enterprise funds and OTC as set forth in the NOFA. The NOFA will announce open and close dates for the ED OTC. These dates will be in compliance with encumbrance regulations at 24 CFR 570.494 and Health & Safety Code Section 50834(c).

(7) All Economic Development Allocation funds returned, disencumbered or paid to the State in the form of program income ("returned funds") shall be made available to fund current-year applications to the Enterprise Fund or the ED OTC.

(8) Grants to eligible local governments may be passed through to qualified organizations chartered to perform economic development activities.

(9) Notwithstanding any other provision of this Section, the Director may alter the order applications are reviewed for applicants requesting funds for an urgent need such as an imminent plant closure, an emergency recognized by the State. The Director's decision to alter the order an application is reviewed shall be in writing and made part of the application file.

(b) Enterprise Fund. Economic Development Allocation funds set aside for use pursuant to this subsection shall be known as the Enterprise Fund (Enterprise Fund). The purpose of the Enterprise Fund is to provide a source of funds to establish or enhance local revolving loan fund programs.

(1) At least seventy (70) days prior to the due date for applications, the Department shall notify all eligible cities and counties of the anticipated level of funding for the Enterprise Fund through a Notice of Funding Availability (NOFA) and the deadline for receipt of applications. The Department shall also make available application forms and a training manual which will provide eligible applicants with a consistent format for presenting proposals, information on proposal review factors, and guidance on program policies that may affect an applicant's program design.

(2) Two activities are eligible under the Enterprise Fund. The first is Business Assistance activities under HUD's Special Economic Development Activities under section 105(a)(14), 105(a)(15), and 105(a)(17) of the Housing and Community Development Act of 1974. The second is Micro Enterprise Assistance activities under section (105(a)(22). All Business assistance activities must meet the HUD public benefit standard of job creation or retention under the Statutes covering Special Economic Development Activities referenced above. Business Assistance program activities must also meet the HUD national objective of benefit to TIG persons by mandating 51% of jobs created under public benefit standard be made

CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

available to low income persons. No public benefit requirement will apply to Micro Enterprise Assistance program activities. All Micro Enterprise Assistance programs must meet the HUD definition of micro enterprise size (five or fewer employees) and also meet the national objective of benefit to low income beneficiaries by restricting the program to low income micro business owners.

(3) The maximum Enterprise Fund grant award to a single applicant in a program year shall not exceed \$500,000, except as specified at 7062.1(a)(6). The Director may establish a lower maximum award through each year's NOFA. A decision to reduce the maximum award shall be based upon the relative demand for Enterprise Fund grants and OTC Component funds during the previous year and the total Economic Development Allocation funds available.

(4) Activities which are eligible for funding from a local revolving loan fund include, but are not limited to: construction loans; new equipment purchase loans; working capital loans; land acquisition loans; loan guarantees; loans for privately owned on-site improvements; grants for public off-site sewer, water and road improvements; and assistance to microenterprises.

(5) Except for assistance to micro enterprises, the cost-per-job created or retained for a grantee's activities proposed for funding from the Enterprise Fund shall not exceed \$35,000 in CDBG funds, per job created or retained for each activity. Any activity funded under this component shall meet the standards for public benefit set forth in subsection (f) of 24 CFR Section 570.482.

(6) Allocation Review Procedures and Evaluation Criteria.

(A) Each eligible applicant shall submit an original and two (2) copies of its application to the Department by the application deadline specified in the NOFA. Applications submitted by mail shall be received no later than the deadline. Applications delivered to the Department must be date stamped by the Department prior to 5 P.M. on the due date.

(B) Within thirty (30) days of receipt of an incomplete application, the Department shall return the application to the applicant with a written explanation of the reasons why the application is incomplete.

(C) The Department shall complete the ranking of applications pursuant to the evaluation criteria described in Section 7078(d)(6), within eighty (80) days from the application deadline. The Department may condition its award of funds in order to achieve the purposes of this subchapter and to ensure compliance with applicable State and federal requirements.

(D) Successful applicants shall receive a reservation of Enterprise Funds equal to the approved grant amount. These reserved funds shall be held by the Department pending drawdown requests for specific eligible activities.

(7) A Grantee's unused Enterprise Fund grant funds shall be disencumbered thirty-six months after grant agreement execution. The Department may waive this provision in writing if it

CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

determines that compelling circumstances warrant the waiver. For purposes of this subsection only, for activities of \$50,000 or less, funds shall be considered "unused" if not approved by the local loan committee for disbursement as a loan to a specified borrower; for activities over \$50,000, funds shall be considered unused if the Department has not yet received complete documentation, as determined by the Department, of the proposed borrower's eligibility.

(c) Over-the-Counter Component. Economic Development Allocation funds not allocated to either the Enterprise Fund or the Planning Component shall be made available for award pursuant to this subsection (c), which shall be known as the "Economic Development Over-the-Counter-Component" or "ED OTC". Through the ED OTC, the Department shall provide grants to eligible cities and counties to: make loans to employers for an identified CDBG-eligible activity, provided the loan will result in the creation or retention of permanent jobs; or to construct infrastructure improvements which are necessary to accommodate the creation, expansion or retention of a business that will create or retain jobs.

(1) Through a notice of funding availability ("NOFA"), each program year the Department shall notify all eligible cities and counties of the anticipated level of funding for the OTC Component. OTC Component applications shall be accepted on a continuous basis.

(2) Awards from the OTC Component to a single city or county in a single program year shall not exceed \$3,000,000, regardless of the number of applications.

(3) Notwithstanding Section 7064(c), two or more applicants may submit a joint application for an OTC Component award. The maximum award for a joint application may not exceed the limit set in 7062.1(c)(2).

(4) All applications will be accepted on a first-come, first-served basis. The Department will use the tiebreaker process as determined in the HUD Annual Plan pursuant to the procedures set forth under Section 7078 if more applications than can be funded are received by the Department on the same day.

(5) All application evaluation criteria are subject to Sections 7070, 7076 and 7078.

(6) In order to be considered complete, an application shall contain the information requested in the NOFA, and such other information as necessary for the Department to evaluate the application using the points and rating factors set forth in subsection (c)(4) of this section and the following information as appropriate:

(A) If an applicant contains a description or analysis which includes quantified information, the source of the information, and the method of computation shall be described. If the Department determines that the method of computation leads to conclusions which are inaccurate or misleading, it may, after consultation with the applicant, adjust the method of computation or the conclusions during the evaluation process.

(B) Evidence that activities proposed for funding meet one of the national objectives specified under Section 7056(b)(3) and detailed under 24 CFR Section 570.483.

CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

(C) If an applicant asserts that an activity will meet the national objective of principally benefitting the TIG, the application shall include a description of the means of verification which the applicant will use to determine the number and income of those households actually benefitting from the program.

(D) A schedule demonstrating that any new jobs that will be generated by the program will be available within 24 months of execution of the grant agreement by the Department.

(E) For off-site public improvement activities, the application shall document the following: how the activity meets the national objective and public benefit requirements specified in 24 CFR Section 570.482(f); that the applicant has negotiated with the businesses and other beneficiaries that will be served by these improvements and obtained an appropriate funding contribution towards the cost of the improvements; and how the activity meets the requirements of paragraphs (2) and (3) of subsection (a) of this Section.

(7) The Department shall review applications based on order of receipt. Within thirty (30) days of receipt of an incomplete application, the Department shall notify the applicant in writing of the reasons why the application is incomplete.

(8) Within 60 days of the date an application is determined to be complete, the Department shall review the application for compliance with state and federal program requirements and provide the applicant, in writing, the Department's decision to approve or deny funding for the application. Applications eligible for funding shall be funded in order of receipt of a complete application.

(9) In making funding decisions, the Department shall first evaluate the application using the following factors and points as threshold criteria. To pass threshold, an application must score at least 50 points.

Factor Points

(A) Percent of county-wide unemployment relative to the Statewide average (A maximum of twenty-five points).

(B) Ratio of CDBG funds per job - maximum ratio of \$35,000 per job created or retained (A maximum of fifteen points).

(C) Ratio of private funds to CDBG funds (A maximum of fifteen points).

(D) Quality of applicant's past performance for CDBG economic development contracts (A maximum of fifteen points).

(E) Percent of funds allocated to applicant's general administrative costs (for this purpose, general administrative costs do not include funds budgeted for planning studies). (A maximum of ten points).

CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

(10) Applications which have received 50 or more points shall be reviewed for funding using the following factors:

- (A) the extent of the applicant's need for CDBG funds,
- (B) the market feasibility of the proposed activities,
- (C) the feasibility of the proposed activities under local and other regulatory requirements,
- (D) the financial feasibility of the proposed activities. (In analyzing this factor, the Department may determine that an activity is feasible even though other funding sources have not committed their funding to an activity. If the application documents the terms and conditions that will be offered by the other funding sources, then the Department may conditionally commit to funding. This commitment of funding by the Department shall be conditioned upon the final commitment from the other funding sources.),
- (E) the capacity of the applicant and its borrower, subcontractors or subgrantees to manage the proposed activities,
- (F) the appropriateness of the terms proposed by the applicant, given the documented needs of the business and given the amount of public benefit in the form of job creation or job retention that will result from the CDBG-assisted activity,
- (G) the status of the ownership or control of any real estate needed for the proposed activities,
- (H) the extent to which the proposed activities involve intrastate relocation of jobs or business, and
- (I) the extent of recruitment, training and promotional opportunities for targeted income groups.

(d) Planning and Technical Assistance Component. Through the Planning and Technical Assistance Component ("Planning Component"), eligible cities and counties may apply for, and the Department may award, grants for economic development planning and technical assistance activities. Pursuant to Health and Safety Code 50833 no single city or county shall receive more than two grants. Two or more applicants which share a planning program may submit a joint application. The maximum award for a joint application shall not be more than the maximum grant amount as set for in the NOFA.

(1) Application Procedures and Evaluation Criteria. Each program year, the Department shall notify all eligible cities and counties of the anticipated level of funding for the Planning Component and the earliest date for submitting applications through a notice of funding availability ("NOFA"). The Department shall review Planning Component applications to determine if they meet minimum program eligibility and cash match requirements. Department shall notify applicants, in writing, within 60 days of receipt of a complete application of the

Department's funding determination. To be eligible for funding consideration, an application must meet the following requirements:

- (A) The funding request shall contain all the information required in the NOFA and shall contain a certified resolution adopted by the governing body of the eligible jurisdiction documenting the availability of the cash match;
- (B) The funding request shall be for an eligible activity and must meet a national objective as specified in 24 CFR Section 570.483; and
- (C) If funds will be used to provide direct assistance to an identified business, the activity shall be considered to be technical assistance to a private, for-profit business and the application must include a letter from the benefitted business which: (i) explains why the benefitting business is unable to provide funding for the activity; and (ii) conditionally commits the business to proceeding with the activities which are the subject of the CDBG grant.

CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

- (a) The Department can administer funding provided under the Stafford Relief and Emergency Assistance Act or other emergency supplemental assistance appropriated by Congress under the Community Development Block Grant (CDBG) program. Funding from a special allocation is separate from the annual CDBG NOFA process but still subject to application federal statutes and regulations as well as state statutes and regulations. Any federal regulations imposed on disaster assistance or other emergency supplemental assistance will supersede any state CDBG statute or regulation, if a conflict between the two occurs. The Department may waive current state CDBG regulations that conflict with or impair the use of disaster or emergency supplemental assistance. The Department may release a special disaster or emergency supplemental NOFA, separate from the annual NOFA process.
- (b) Given a presidential declaration of disaster and the enactment of the Stafford Relief and Emergency Assistance Act or the appropriation of emergency supplemental assistance, in order to address the most serious and emergent health, safety, and general welfare needs, the Department reserves the right to invoke any and all means of expediency and funding program design, where not in conflict with any federal statute or regulations, as set forth in Section 7065.5.

§ 7065. Special Grant Amendments for Disasters.

(a) A grantee may make a written request to the Department to amend or replace a project or activity set forth in an active grant agreement with a project or activity which would alleviate or mitigate existing conditions which pose a serious actual or impending threat to the health or welfare of the community.

(b) Notwithstanding any other provision of this Subchapter, the Department shall approve such a request and amend the grant agreement accordingly if the Department makes the following findings in writing:

(1) The grantee is located in an area for which a presidential declaration of disaster or the Governor has proclaimed either a "state of emergency" or a "local emergency", as those terms are defined in Government Code Section 8558.

(2) The amendment or replacement project or activity is designed to alleviate or mitigate existing conditions which pose a serious actual or impending threat to the health and welfare of the community;

(3) The amendments have necessary eligibility documentation for each activity and its associated national objective and there is no duplication of eligible costs; and

(4) The amended or replacement project or activity is otherwise eligible for funding under this Subchapter.

Note: Authority cited: Section 50406(h) and 50406(n), Health and Safety Code. Reference: Sections 50407 and 50825, Health and Safety Code; 24 CFR 570.482, 24 CFR 570.483; and 24 CFR 570.489(a)(1)(i).

(a) Notwithstanding any provision in this Subchapter to the contrary, in the event of a special appropriation of emergency supplemental assistance or a presidential declaration of disaster, or Governor proclaims either a "state of emergency" or a "local emergency" as those terms are defined in Government Coder Section 8558, the Department may issue a special NOFA. The special NOFA will make CDBG program funds available to otherwise eligible state applications located in the areas covered by the federal or state disaster proclamation, pursuant to the following special conditions:

(1) The project or activity shall be designed to alleviate or mitigate existing conditions which pose a serious actual or impending threat to the health or welfare of the community.

(2) The Department will review eligibility documentation for each proposed activity and its associated national objective and ensure there is no duplication of eligible costs; and

(3) The proposed project or activity shall otherwise be eligible for funding under this Subchapter or be eligible pursuant to other HUD eligibility criteria.

CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

- (b) In order to address the most serious, emergent health, safety, and general welfare needs, the Department Director or Acting Director may direct funding awards to designated project or activities types, or areas. These measures may include, but are not limited to:
- (1) Limiting a NOFA to a designated type of project or activity, or geographic area related to the federal or state disaster proclamation;
 - (2) Awarding bonus points within a NOFA to a designated type of project or activity, or geographic area;
 - (3) Reserving a portion of funds in a NOFA for a designated type of project or activity, or geographic area;
 - (4) Establishing maximum award amounts per applicant, type of project or type of activity;
 - (5) Making funds available through an over-the-counter process, meaning the Department continuously accepts and evaluates applications until funds are exhausted.
- (c) To the extent necessary to address serious, emergent health, safety and general welfare needs, and to expedite the process of making awards, the Department Director or Acting Director may alter or waive state required criteria set forth in Sections 7060, 7062, 7062.1, and 7078. Note: Authority cited: Sections 50406(h) and 50406(n), Health and Safety Code; 24 CFR 570.489(b). Reference: Sections 50406 and 50407, Health and Safety Code; 42 U.S.C. 5306(d)(2) and (3); 24 CFR 570.489 and 570.491.

§ 7068. Administrative Cost Limitation.

Grantees may expend up to seven and a half percent (7 1/2%) of the grant amount for administrative costs, provided that such amounts are justified for the type and complexity of the program, and that there are records to document these charges.

Activity delivery costs directly related to a specific activity are not part of the general administrative costs. For example, the cost of a housing rehabilitation specialist is a rehabilitation cost and the legal costs relating to property acquisition are acquisition costs.

CALIFORNIA STATE

§ 7110. Monitoring and Reporting of Program Performance.

(a) Grantees shall monitor the performance of grant-supported activities to assure that time schedules are being met and the milestones in the work schedule are being accomplished. This review shall be made for each activity in the approved grant agreement.

(b) Each grantee shall prepare annual and periodic performance reports. Except as provided for in subdivision (d) below, performance reports shall not be required more frequently than quarterly unless warranted by special circumstances.

(c) The performance report for each activity shall describe the following:

(1) A description of actual accomplishments compared to the objectives established for the reporting period. In addition, where the results of activities can be quantified, unit costs shall be reported.

(2) Reasons why established objectives were not met.

(3) Other information such as a specific explanation of cost overruns or high unit costs.

(d) Between the required performance reporting dates, events may occur which have an impact upon the activity or program. In such cases, the grantee shall inform the Department in writing as soon as the following occur:

(1) Problems, delays, or adverse conditions which will affect the grantee's ability to attain program objectives, prevent the meeting of time schedules or goals, or preclude the attainment of work units by the established time period. This reporting shall be accompanied by a statement of the action taken or contemplated, and any assistance needed, to resolve the situation.

(2) Completion of each milestone in the work schedule.

(e) If a performance review conducted by a grantee discloses the need for change in the budget estimates in accordance with the criteria established in Section 7114, the grantee shall submit a request for budget revision pursuant to that section.

(f) The Department will make site visits to review program accomplishments and management control systems, and to or provide program assistance.

§ 7112. Grant Payment Requirements.

(a) Grant payment methods shall minimize the time elapsing between the disbursement by a grantee and the transfer of funds from the State to the grantee, whether such disbursement occurs prior to or subsequent to the transfer of funds.

(b) Grant payments are made to grantees by an advance or a reimbursement. An advance is a payment made by the State to a grantee upon its request before cash outlays are made by the grantee, subject to limitations provided in the grant agreement, and based on the type of grantee program. A reimbursement is a payment made to a grantee upon request for payment of costs already paid by grantee.

(c) Unless otherwise provided by regulation, the State shall not withhold payments for allowable charges made by grantees at any time during the grant period unless (1) a grantee has failed to comply with the grant agreement, or (2) the grantee is indebted to the State and collection of the indebtedness will not impair accomplishment of the objectives of any grant program sponsored by the Department. Under such conditions, the Department may, upon 15 days notice, inform the grantee that payments will not be made for obligations incurred after a specified date until the noncompliance is resolved or the indebtedness to the State is liquidated.

(c) The grantee may not amend the program or activity in a manner which is inconsistent with the original basis for the award without the Department's written approval of the change. In addition, grantees shall request prior written approval from the Department when a program or budget revision will be necessary for the following reasons:

- (1) Changes are to be made in the scope or the objective of the program or activity.

CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

- (2) Additional funding is needed.
- (3) Amounts budgeted for indirect costs must be reallocated to absorb increases in direct costs.
- (4) The need for transfers of funds among cost categories or activities when the cumulative amount of such transfers exceeds or is expected to exceed ten percent (10%) of the activity budget. The same criteria shall apply to the cumulative amount of transfers among programs or activities when budgeted separately for an award, except that no transfer is permitted that would cause any grant appropriation, or part thereof, to be used for purposes other than those intended in the grant program; or
- (5) When the Department awards a grant which provides support for both construction and nonconstruction work to make any Fund or budget transfers between the two types of work supported.
- (d) Grantees shall notify the Department whenever the amount of authorized funds is expected to exceed the needs of the grantee by more than ten thousand dollars (\$10,000).
- (e) Within 30 days from the date of receipt of the request for grant budget and program revisions, the Department shall review the request and notify the grantee whether or not the revisions have been approved. If the revision is still under consideration at the end of 30 days, the Department shall inform the grantee in writing as to when the grantee may expect the decision.

§ 7116. Grant Closeout Procedures.

- (a) The following definitions shall apply for the purpose of this section.
- (1) "Grant closeout" is the process by which the Department determines that all applicable administrative actions and all required work of the grant have been completed by the grantee and the State.
- (2) "Date of completion" is the date when all work under a grant is completed, or the date in the grant agreement, or any supplement or amendment thereto on which funding ends.
- (3) "Termination of a grant" means the cancellation of funding, in whole or in part, at any time prior to the date of completion.
- (4) "Suspension of a grant" is an action by the Department which temporarily suspends funding under the grant pending either corrective action by the grantee or a decision by the Department to terminate the grant.

CALIFORNIA STATE
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

(5) "Disallowed costs" are those charges to a grant which the Department determines to be unallowable.

(b) The grant closeout procedures include the following:

(1) Upon request, the Department shall make payments to a grantee for allowable reimbursable costs under the grant being closed out.

(2) The grantee shall refund to the Department any balance of unobligated cash advanced to the grantee that is not authorized to be retained by the grantee.

(3) Within 90 days after the date of completion of the grant the grantee shall provide the Department with all financial, performance, and other reports required as a condition of the grant. The Department may grant time extensions for cause when requested by the grantee.

(4) When authorized by the grant agreement, the Department may make a settlement for any upward or downward adjustments to the State share of costs after the reports are received.

(5) The grantee shall account for any property acquired in whole or in part with grant funds, in accordance with the provisions of Section 7118, pertaining to property management and Section 7104, pertaining to program income.

(6) In the event a final audit has not been performed prior to the closeout of the grant, the Department shall retain the right to recover the amount of disallowed costs after fully considering the recommendations of the final audit.

(c) The Department shall provide procedures to be followed when a grantee fails to comply with the agreement. When that occurs, the Department may, after notifying the grantee in writing, suspend the grant and withhold further payments, or prohibit the grantee from incurring additional obligations of grant funds, pending corrective action by the grantee or a decision to terminate in accordance with subdivision (d). The Department shall allow costs which the grantee could not avoid during the period of suspension provided that the costs meet the provisions of the U.S. Office of Management and Budget (OMB) Circular A-87.

(d) Grants may be terminated as follows:

(1) Termination for cause. The Department may terminate any grant, in whole or in part, at any time before the date of completion whenever the Department determines that the grantee has failed to comply with the conditions of the grant agreement. The Department shall promptly notify the grantee in writing of the determination, the reasons for the termination, and the effective date. Payments made to grantees or recoveries by the Department under grants terminated for cause shall be in accord with the legal rights and liabilities of the parties.

(2) Termination for convenience. The Department or the grantee may terminate a grant, in whole or in part, when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, and the portion of the grant to be terminated. The grantee shall not incur new obligations for the terminated portion after the

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REGULATIONS

effective date of the termination, and shall cancel as many outstanding obligations as possible. The Department will fund all eligible obligations that the grantee cannot cancel.
