Acceptable Forms of Site Control

1. Purchase or Lease Agreement
2. Option Agreement
3. Purchase Agreement Conditional Upon NEPA Review – under **limited** circumstances only

Please note: A Purchase Agreement or a Disposition and Development Agreement (DDA) may be considered a choice limiting action if the intent was to use federal funds, even if executed prior to the submittal of the HOME application.

Refer to HUD Memo: Guidance on Option and Conditional Contracts for Purchase of Real Property for Environmental Reviews Conducted by a Responsible Entity under 24 CFR 58 dated August 26, 2011.
Acceptable Forms of Site Control

There are four acceptable forms of site control that avoid "choice-limiting" NEPA problems.

1. Site purchase or long-term lease must be consistent with the UMR requirements, prior to submitting the HOME application.

2. Option to Purchase must be conditioned on the Responsible Entity's determination to proceed with project based on the results of a subsequent environmental review, and the receipt of an "Authority to Use Grant Funds".
   - The cost to secure the site control document must be a nominal portion of the purchase price.
Acceptable Forms of Site Control

3. Purchase Agreement, DDA, Option to Lease, or Exclusive Right to Negotiate may not be conditioned upon NEPA clearance or any other federal requirement.

4. A conditional purchase contract may be used for an existing single-family home (1 to 4 units) or an existing multifamily residential project.
Acceptable Forms of Site Control

For more information, please refer to HUD’s CPD Notice 98-1 and Assistant Secretary Mercedes Marquez’ August 26, 2011, memo on HCD’s HOME webpage under Resources.

### Notes
- This table outlines the budget for Project Development Costs.
- Sources include HCD HOME Loan, Deferred costs, Equity, and Total Residential Sources/Costs.
- Costs are categorized into land, acquisition, and other expenses.
Operating Budget
Replacement Reserves

• **New Construction** - 0.6% of estimated construction costs or $500 per unit

• **Rehabilitation** - the deposits shall be consistent with the long-term needs identified in the Physical Needs Assessment or $500 per unit
Operating Budget

- MHP/MHSA debt service = .42% payment
- List *ALL* bond servicing fees under “Miscellaneous Financial Expenses”
- HOME Monitoring Fees
HOME Monitoring Fees

• State Recipients
  – May charge monitoring fees
  – Not to exceed CHDO fees
  – May be mandatory, priority distribution or other
  – Must be stated in Regulatory Agreement
  – 10% of all HOME monitoring fees received must be remitted to the State
Cash Flow Analysis

• Don’t change trending formulas

• First Year Debt Coverage Ratio of 1.10 to 1.20, or

• If greater than 1.2, cash flow is no more than 12% of operating expenses

• Must demonstrate positive cash flow for 20 years
Project Feasibility: Article XXXIV

California Department of Housing and Community Development
Article XXXIV

- Article XXXIV - **All applicants must provide Legal Opinion**
  - If Community has Article XXXIV authority
    - Provide copy of
      - Voter-approved referendum (either for the specific project or blanket) and
      - Vote count, must demonstrate the number of units which have been used, showing that there are still authorized units left
    - State Recipient –
      - Department will generally defer to opinion of local government counsel if;
        » Legal counsel’s opinion letter fully analyzes project’s compliance with or exemption from Article 34, and
        » Conclusion is supported by specific facts and specific legal theory that is supported by Constitution, statute, and/or case law.
Article XXXIV

• CHDOs and Developer Applicants
  – Legal opinion letter from either local government counsel or from CHDO/Developer Legal Counsel supporting project is exempt from Article XXXIV
    » If Department does not concur with the CHDO Legal Counsel letter, then no more than 49% of units can be restricted by HCD through MHP or HOME. Meaning a project requiring more than 49% of development costs will need Article XXXIV authority.

• Project qualifies for the rehabilitation exemption.

Note: Generally, the Department does not consider CHDO projects exempt from Article XXXIV because of the detailed nature of the State’s regulatory agreement for MHP and HOME. HCD considers these projects as being developed by HCD within the meaning of Article XXXIV and therefore may not have HCD restrictions exceeding 49% of units.
Project Feasibility:

  – Mitigations may be required
  – Actions taken by seller trigger a choice actions
  – NEPA Clearance is required for EACH HUD funding source
Project Feasibility: Relocation
Relocation Plan

• Uniform Relocation Act

• Section 104(d) of HCD Act of 1974

• Anti-Displacement (economic displacement)
