For all income categories, the income limits for households larger than eight persons are determined as follows: For each person in excess of eight, add eight percent of the four-person " $50 \%$ " limit to the " $50 \%$ " limit for eight persons and round the answer to the nearest $\$ 50$. For example, the nine-person " $50 \%$ " limit for Yuba County equals $\$ 41,260\left(\$ 29,450{ }^{*} 0.08=\$ 2,356\right.$, added to $\$ 38,900=\$ 41,256$, rounded to $\$ 41,260)$.

[^0]:    * Percentages may not be mathematically related to each other due to rounding.

[^1]:    * Percentages may not be mathematically related to each other due to rounding.
