

TOWN OF HILLSBOROUGH *California*

October 12, 2022
State Department of Housing and Community Development
C/O Land Use and Planning Unit
2020 W. El Camino Ave, Suite 500
Sacramento, CA 95833
HousingElements@hcd.ca.gov

Please find herein the Town of Hillsborough's Draft Housing Element Update for the 2023-31 Cycle. The Town has spent significant time engaging our community and developing strategies that address the Regional Housing Needs Allocation (RHNA) and are overwhelmingly supported by our community. Our Town is committed to implementing a housing plan that builds much needed housing throughout the town through a "Yes In My Backyard" approach. Our plan provides comprehensive programs that support, educate, and assist property owners with the development of Accessory Dwelling Units (ADUs) and then match and support those individuals who are seeking housing with available units in Hillsborough. The Hillsborough community is committed to building and renting ADUs.

Hillsborough is a unique, civic minded and philanthropic community that is proud of its track record of ADU production. This is an approach that the town has utilized since 2002 to add affordable housing options throughout the community. In the RHNA-5 cycle, the Town issued 192 ADU building permits which exceeded the Town's RHNA Cycle 5 allocation of 91-units. Hillsborough is one of 38 communities in the State that met its RHNA-5 allocation. The Town has also met or exceeded its RHNA obligation in Cycles 1-4. Our submitted plan builds on this historic trend of success.

The Town is a warm and welcoming place to live and ADUs provide housing that is integrated into the unique fabric of the community. The Town has and will continue to do its part to address the critical need for housing while maintaining the Town's character – a beloved character that has been cultivated over 100+ years.

Hillsborough is a hilly labyrinth of curvilinear streets, dead ends and cul-de-sacs that are especially difficult to navigate; particularly so with fire apparatus. Approximately 60-70% of Town is designated as within a high-fire hazard severity zone and 50% of the privately owned vacant land is so steep that development is challenging. The plan considers the challenging topography and the extreme fire danger by distributing housing that contributes to the overall RHNA requirement in a reasonable, achievable and, most importantly safe manner for everyone.

It should be noted that Hillsborough is a 100% residential community. There are no commercial or industrial areas that provide affordable housing redevelopment opportunities. Hillsborough is also limited in its ability to finance affordable housing, as the Town's revenues are primarily reliant on property taxes. The Town does not have the fiscal resources needed to provide incentives for affordable housing without impacting funding for basic government services, such as the Town's ADU Ombudsman.

Although the Town owns property, the majority is deed restricted as open space. These large parcels of land were donated to the Town many decades ago and are deed restricted to revert to the donor if other uses are proposed. The single open space property with no deed restriction is constrained by steep topography, with slopes ranging from 30

TOWN OF HILLSBOROUGH *California*

to 90 percent, and difficult access which severely limit development opportunities. The Town could purchase land but the cost of purchasing, and development are prohibitive for a housing development inclusive of affordable units. The Town has not been competitive when applying for federal, state, and local grants due to its small population and demographics.

Hillsborough is committed to achieving our RHNA obligation for Cycle 6 and providing affordable housing in the San Francisco Bay Area. Hillsborough's plan creates affordable housing throughout the community and does so while protecting the community by recognizing the constraints of access, fire danger, and topography and preserving the Town's historic development pattern.

The Town is confident in its ability to successfully implement our draft plan due to the tremendous amount of support it received during the Town's robust community engagement process.

The Town of Hillsborough exceeded the public participation requirements of AB 215 (Chapter 342, Statutes of 2021) by extending the required public comment period to 45-days. The draft document was made available for public comment beginning August 4, 2022. The draft was posted on the Town's website and physical copies made available at Town Hall. It was promoted via the Town's email newsletter, public notice posted at the Town Hall and the Fire Stations, public notification in the newspaper, email outreach to interested parties, and physical mailings to effected properties. The draft was made available for public comment through September 19, 2022. The Hillsborough City Council reviewed over 2,000 pages of public comment received from more than 700 residents during the public review period and hours of oral communications at its public meetings on September 12, 2022, and September 26, 2022. On September 26, 2022, the City Council provided direction to staff to incorporate the public comments in a revised Draft Housing Element. On October 6, 2022, the revised Draft Housing Element that incorporated public comments and City Council direction was posted on the Town's website. The City Council, at its October 10, 2022, meeting reviewed the revised Draft Housing Element and authorized transmittal to HCD.

Thank you for your time and attention in reviewing this document.

Respectfully,

Alvin L. Royse
Mayor

PURPOSE
AND HISTORY

Purpose of the Housing Element

The Housing Element of the Hillsborough General Plan is intended to plan for the housing needs of the Hillsborough community while meeting the State's housing goals as set forth in Article 10.6 of the California Government Code. The Housing Element analyzes housing needs in Hillsborough, the resources available to meet those needs, and the governmental and non-governmental constraints that tend to work against increasing the supply of affordable housing. Goals, policies, and action programs have been crafted to facilitate the Town's use of its limited financial resources and buildable land to maximum advantage.

The Hillsborough Housing Element represents a sincere and creative attempt to meet local and regional housing needs in a community that doesn't meet the urban norms around which the State Housing Element law was created. The Town has developed innovative ways to provide housing for all segments of the population, within the constraints of very limited land availability, the extreme steepness of the terrain, and the extraordinarily high cost of land in Hillsborough.

Over the past 20 years, Hillsborough has experienced changing demographics. The population of Hillsborough has been diversifying while also seeing an increase in the median age. Home values have increased significantly since 2000, with a significant portion of the housing stock being owner-occupied single-family units and 100 percent of extremely low-income, and most low-income homeowners, in Hillsborough being cost burdened. Jobs in Hillsborough have decreased significantly from 2002-2018, as most workers commute to other cities to work. These changes in demographics will help the Town plan for housing that is accommodating for all demographics over the next 8-year cycle.

History of the Town

In 1824, 16-year-old William Davis Merry Howard, son of a wealthy Hillsboro, New Hampshire shipping magnate, sailed on one of his father's ships from Boston around Cape Horn to the West Coast. Upon returning home, he convinced his father of the fortunes to be made in the West and returned to California some 15 years later. Howard became a partner in a general merchandising firm in 1845.

The following year, he purchased Rancho San Mateo from the Mexican Governor, Pio Pico. The Rancho was a tract of land that became the City of San Mateo. He paid \$25,000 for the tract, or approximately \$3.88 an acre. For the next few years, Howard and his wife, Agnes, lived a comfortable life on the isolated Peninsula. They built a fine home which they called El Cerrito and made San Mateo a successful working ranch.

When the Gold Rush began a few years later, the thousands of prospectors flooding California needed provisions, and only a few outlets were present. In a short time, Howard and his partner became wealthier than even the most successful gold seekers.

Mexican rule ended legally in 1848, and California became a state in 1850. Although Howard died in 1856, his children and his wife's family "set the pattern for genteel living down on the Peninsula," according to historian Frank Stanger. The Howards, the Poetts, and several other families became the leading members of the community. By the late 1860s, parcels of the Howard estate had been sold in chunks large enough to provide ample estate property for the new generation of founding families.

The area also became attractive to many San Francisco businessmen who wanted to live in a relaxed, uncrowded country setting while working in the city.

As San Mateo and Burlingame continued to grow, the need for money to make improvements became acute, and the residents began to show interest in annexing the estate owners' lands. The owners of the estates were not well disposed to contributing tax dollars toward the improvement of neighboring city life; nor were they interested in any of the benefits incorporation would bring, e.g., sidewalks and other amenities which would detract from the atmosphere of the area. Accordingly, in 1910, residents filed incorporation papers with the County Board of Supervisors, and on April 25th of the same year, by popular vote of 60-1, the Town of Hillsborough was born. The Town had 89 registered voters at the time out of an estimated population of 750. (Women did not have the franchise to vote.) Hillsborough was incorporated on May 5, 1910.

Between 1910 and 1938, Hillsborough's population grew from an estimated 750 to over 2,500, but the era of unusually large estates was coming to a close. Uplands, Home Place, La Dolphine, and other classic estates were gradually subdivided into smaller lots, usually leaving the original house and several acres intact. Hillsborough's zoning laws varied throughout the earlier years, but the policies behind the laws basically stayed the same: preserve the character of Hillsborough. More recently, the Town reduced its lot size minimum to one-half acre single-family lots, and its frontage minimum to 150 feet, which are the limits in force today.

One of the main attractions that Hillsborough has for homebuyers is its charm, which is not always captured in newer developments. In that regard, Hillsborough resembles other similar communities in Northern California such as Atherton, Los Altos Hills, and Woodside, and still offers escape from the pressures of the city. In addition to its generally quiet atmosphere, Hillsborough has excellent, award winning public schools, public works, and stability. These are qualities that have formed the character of the town for over 100 years.

2

PUBLIC
PARTICIPATION

Introduction

The Town of Hillsborough conducted a robust public engagement campaign to build community consensus and ensure transparency throughout the Housing Element update process. The Town's multifaceted approach involved the establishment of a Housing Element Advisory Committee, a series of public meetings and elected and appointed official updates, one-on-one meetings with potential opportunity site property owners, a project website, online questionnaires, e-newsletters, community-wide mailings, and more as detailed in the schedule of participation below. Additional detail on the purpose, process, and outcomes of the public workshops and online questionnaires is included in the following pages while full summaries are included in the Public Outreach Appendix.

Feedback received through these many avenues formed the foundation of the policies, programs, actions, and opportunity sites included in this Housing Element. This document reflects the community's vision for expanding housing opportunity and affordability for all current and future residents while protecting community character and the Town's beloved sense of place.

Note: Due to the COVID-19 pandemic and guidelines regarding social distancing in place during the majority of the Housing Element update process, the majority of outreach activities were conducted virtually.

- **Electronic and Mailed Communications**

- 88 e-announcements (electronic)
- 4 Town Newsletter articles (paper; sent to all Hillsborough residents)
- 1 Hillsborough Living article (paper and electronic)
- 1 informational handout (paper; distributed at Light Up the Town, Celebrate May, and available at the public information counter at Town Hall and the Hillsborough Police Department)
- 2 post cards (paper; sent to all Hillsborough residents)
- 7 invitations to participate in the public review process sent Hillsborough City School District (HCSD) families (electronic; via the HCSD newsletter)

- **Virtual Engagement**

- 2 community-wide questionnaires (online)
- 7 Housing Element Advisory Committee meetings (one upcoming)
- 17 City Council Subcommittee meetings
- 14 City Council Meetings
- 1 Architecture and Design Review Board (ADRB) Meeting
- 5 Citizen Communications Advisory Committee (CCAC) Meetings
- 1 community-wide virtual Visioning Workshop
- 1 community-wide virtual Open House

- **In-Person Engagement**

- In-person Open House #1 on August 18, 2022
- In person Open House #2 on September 6, 2022
- City Council Study Session on September 12, 2022
- City Council Meeting to review policy alternatives on September 26, 2022
- City Council Meeting to review revised Draft Housing Element on October 10, 2022

City Council Subcommittee

Two representatives of the Hillsborough City Council were included in the Housing Element Subcommittee. The role of the City Council Subcommittee was to provide strategic direction to Hillsborough staff and the consultant team as well as act as a liaison to the wider City Council.

Housing Element Advisory Committee

A 17 person ad-hoc committee to the Director of Building and Planning was formed to advise Town of Hillsborough staff on the Housing Element update. The Housing Element Advisory Committee (HEAC) was comprised of Town residents with a broad range of perspectives, ages, abilities, and backgrounds. HEAC members were selected through an application process that was open to all residents of Hillsborough. In the application, prospective members were asked:

1. What experience do you bring? Please explain any skills, experience or other factors that you feel uniquely qualify you to serve on the Town of Hillsborough HEAC.
2. What civic affiliations and community activities have you been involved in?
3. Why are you interested in serving on the HEAC?

The Committee will meet 8 times throughout the course of the update process and provided invaluable feedback that was integral to the development of this document. Additional detail on the purpose, process, and outcomes of the HEAC meetings is included in the following pages and full summaries as well as links to meeting recordings, agendas, and other materials are included in the Public Outreach Appendix.

Public Workshops

Virtual Visioning Workshop

Purpose

The Virtual Visioning Workshop was held to provide the community with an overview of the RHNA and California Housing Element update process and discuss how this applies to the Town. The workshop also aimed to collect stakeholder and citizen feedback to generate ideas for potential Town-specific approaches to meet the Town's RHNA and to gain insight on the greatest challenges and opportunities that face Hillsborough.

Process

Eleven Hillsborough residents participated in the Virtual Visioning Workshop as well as Town staff and members of the consultant team.

The workshop began with an introduction of the consulting team, a workshop agenda and a detailed project introduction that described the RHNA and Housing Element update process. The workshop then transitioned into a visioning exercise where participants were split into breakout rooms. Facilitated discussion questions were then asked to gather feedback on strategies Hillsborough should consider to meet the Town's RHNA, and challenges and opportunities the community feels are most important. Participants then regrouped and presented the major themes from the breakout room discussions to the larger group. Question-and-answer segments were conducted throughout the workshop in which attendees could provide written input through the Zoom chat feature.

Outcomes

Highlights from the facilitated discussion questions include:

What strategies could the Town consider using in order to successfully meet the state mandate?

Participants discussed that increased density on Town owned sites near transit and amenities are appropriate strategies to be considered in Hillsborough. Participants also shared that amending the Town's zoning and subdivision ordinance to allow for more density and affordable units and increasing housing diversity through alternative housing types that complement the existing character of Hillsborough would also be appropriate strategies.

What do you think is the best way to address the state's affordability requirements?

Participants discussed inclusionary zoning to allow for affordable housing through ADU's and multi-family development as good ways to address the states affordability requirements. Additionally, participants would like to see new workforce and senior housing, and to explore subsidies to fund affordable housing and supporting infrastructure projects.

What about the RHNA 6 process are you most concerned about?

Participants discussed that the process lacks a holistic approach to meet the Town's housing needs, that they are concerned about the effectiveness of zoning to meet future housing demands, and the impacts of zoning changes in high fire hazard severity zones.

What opportunities do you see for the Town as a part of the RHNA 6 process?

Participants discussed that there is opportunity for an inclusive, Town-wide discussion on housing challenges in Hillsborough and an opportunity to brainstorm creative solutions as a community.

HEAC Meeting 1

Purpose

HEAC Meeting 1 was intended to be an introductory meeting to introduce the Housing Element Advisory Committee (HEAC), the RHNA and California Housing Element update process, and how it applies to the Town. The meeting also provided the HEAC with an overview of the Virtual Visioning Workshop and discussed major themes from the participant's feedback.

Process

The meeting was joined by 32 participants which included HEAC members, Town staff, the consultant team, the Housing Element City Council Subcommittee, and members of the public.

HEAC Meeting 1 started off with introducing Town staff, the consultant teams, and the HEAC members, followed by an overview of HEAC member roles and responsibilities, an overview of the Housing Element update and RHNA process, and an opportunity for question-and-answer. The meeting then opened general poll questions for HEAC members to respond to, as summarized in the outcomes section below. After the poll questions were answered, the presenter provided an overview of the feedback received from the facilitated discussion questions during the Virtual Visioning Workshop. Then the presenter discussed how HEAC members can spread the word to community members to participate in the Housing Element update process. Then project next steps were reviewed, and a second question-and-answer opportunity was given. The meeting concluded with an opportunity for public input.

Outcomes

The HEAC members were asked to answer general poll questions regarding the Housing Element update. Below are the key themes from the poll questions. A full summary of the poll is available on the Housing Element webpage on the Town's website.

What do you like most about living in Hillsborough?

Quality schools and sense of safety and security received the most votes, with 23 percent of HEAC members choosing the topics. Single-family residential character received the second most votes with 17 percent of members choosing for the topic.

As the Town seeks to meet the state mandate to plan for 554 new housing units at all levels of affordability, which housing types do you feel are most appropriate for Hillsborough?

Accessory dwelling units/junior accessory dwelling units received the most votes, with 22 percent of HEAC members choosing this housing type. Mixed income senior housing received the second most votes with 20 percent of HEAC members choosing this housing type.

How can Hillsborough address housing affordability within Town limits?

The allowance for an increase in density received the most votes, with 19 percent of HEAC members choosing this option. Encouraging preservation of existing smaller-scale housing received the second most votes with 16 percent of HEAC members choosing this option.

HEAC Meeting 2

Purpose

HEAC Meeting 2 was held to introduce the HEAC members to the Public Safety Element, Land Use Element and recent State legislation that will influence the 6th cycle Housing Element update. The meeting also gave Town staff and the consultant team an opportunity to address questions that the HEAC members submitted via email prior to the meeting during the question-and-answer. Process

The meeting was joined by 35 participants which included HEAC members, Town staff, the consultant team, the Housing Element City Council Subcommittee, and members of the public.

HEAC Meeting 2 started off by introducing the consultant teams and their roles in the process, followed by an overview of the Public Safety Element, and an opportunity for question-and-answer. The presenter then provided an overview of the Land Use Element followed by a second opportunity for question-and-answer. The next part of the meeting included an overview of Housing Element related legislation relevant to the 6th cycle Housing Element update and a third opportunity for question-and-answer. The presenter then went over the project next steps and how HEAC members can spread the word to community members to participate in the Housing Element update process. The meeting concluded with an overview of the ADU Survey, which was sent out after the meeting, a question-and-answer opportunity regarding the ADU survey, and an opportunity for public input.

Outcomes

HEAC meeting 2 was intended to provide the HEAC members with an overview of the Land Use Element, Public Safety Element, and Housing Element related legislation. Question-and-answer opportunities were provided for each topic where the HEAC members asked clarifying questions regarding each topic. The outcome of the meeting was a better understanding of the various elements and related legislation by HEAC members.

HEAC Meeting 3

Purpose

HEAC Meeting 4 was held for HEAC members to discuss the how, what, and where in regard to housing to meet Hillsborough's RHNA requirements, to provide direction for the development of the policies and programs to be included in the Town's Housing Element, and to identify what additional data is needed to further inform the HEAC members to reach consensus. Process

The meeting was joined by 38 participants which included HEAC members, Town staff, the consultant team, the Housing Element City Council Subcommittee, and members of the public.

HEAC Meeting 3 started off with a welcome from the Housing Element City Council Subcommittee. Then, HEAC members were given the opportunity to ask questions regarding the pre-meeting reading materials that were sent to the group and covered the Town's housing needs, constraints and opportunities. The presenter then provided an overview of the meeting goals and discussion format, followed by the meeting discussion which was structured around three questions as summarized in the outcomes section below. The meeting concluded with project next steps, and an opportunity for public input.

Outcomes

The HEAC members answered three questions from a survey that was sent prior to the meeting. Below is summary of the key take-aways from the responses of each question. A full summary of the results of the Hillsborough HEAC Meeting 3 Prep Questionnaire is included in the Public Outreach Appendix.

What housing types and densities would you find acceptable in Hillsborough?

HEAC members discussed that housing types such as ADUs, JADUs, smaller single-family detached homes, duplexes, and fourplexes may be appropriate in Hillsborough. They also expressed that increased density throughout the community should be accomplished through lot splits while greater density should be concentrated near El Camino Real due its proximity to transit stops.

Where in Hillsborough should these new housing types and densities be located?

HEAC members discussed that multiple ADUs per lot and Missing Middle Housing types should be allowed throughout the Town, and that higher density housing should be located in areas near transportation like the Town owned property, the DeGuigne estate, as well as school and country club property. They also mentioned that higher density housing should be located in areas near transportation such as El Camino Real, Crystal Springs Road and I-280, and that developing new high-density housing should avoid open space and natural hazard areas.

How can the Town encourage/promote the development of these new housing types and densities? What barriers exist? How do we overcome them?

HEAC members discussed that the biggest barriers to developing new housing types in Hillsborough are public opposition, the Town's current zoning ordinance standards, and the likeliness that developers will want to develop these housing types. The HEAC members discussed ways that Hillsborough can overcome these barriers and encourage the development of new housing types and densities through financial incentives that support higher density and affordable housing, amending the Town's current zoning ordinance to enable new housing types and densities, and to provide transparency and education to residents.

HEAC Meeting 4

Purpose

HEAC meeting 4 was intended to provide an overview of the findings on the different strategies to meet Hillsborough's RHNA, and then receive direction for the development of the policies and programs to be included in the Town's Housing Element. The meeting also helped to identify what additional data is needed to further inform the HEAC members to reach a consensus.

Process

The meeting was joined by 34 participants which included HEAC members, Town staff, the consultant team, the Housing Element City Council Subcommittee, and the public.

HEAC Meeting 4 started off by introducing the consultant teams and a Housing Element City Council Subcommittee welcome, followed by a question-and-answer opportunity for the Hillsborough Preliminary Policies and Programs HEAC Feedback Questionnaire Summary. In April 2022, the Town of Hillsborough developed a preliminary list of policies and programs for inclusion in the 6th Cycle Housing Element. The questionnaire was intended to gain feedback from HEAC members to continue to facilitate the development of policies and programs during the Housing Element Process. Then, HEAC members were provided with an understanding of how ADUs, subdivisions under current standards, and the development of the Town Hall Campus impact the Town's RHNA. HEAC members were then asked to discuss their preferences regarding amendments to the subdivision standards as a strategy for planning for the remaining RHNA. The meeting concluded with project next steps, an opportunity for public input, and an opportunity for HEAC members to provide closing comments.

Outcomes

A follow up questionnaire was sent out to HEAC members after the meeting to gauge whether or not the group had reached consensus on key topics discussed. Below are the highlights of the Key Consensus Points Questionnaire. A full summary of the results of the HEAC Meeting 4 Follow Up Questionnaire is available on the Housing Element webpage on the Town's website.

ADU's

- 87 percent of HEAC members agree that ADU's should be utilized to fulfill the Town's RHNA requirements.
- 80 percent of the HEAC members agree that more than one ADU should be allowed on a lot greater than one acre in size.

Town Hall Campus Site

- 73 percent of HEAC members agree that a density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.
- 100 percent of the HEAC members agree that building heights greater than 22-32 feet should be considered for the Town Hall Campus Site and 50 percent of HEAC members would support a building height of 6+ stories.

Subdivision Standards

- 40 percent of HEAC members agree that new standards for minimum lot area and lot width should be explored to encourage the subdivision of existing lots.

Proximity to Transportation Corridors

- 80 percent of HEAC members agree that higher density housing should be allowed in key locations of the community.
- 73 percent of HEAC members agree that the area within both a quarter mile and a half mile of El Camino Real is a key location for higher density housing.
- 60 percent of HEAC members agree that the area within a quarter mile of I-280/Black Mountain Road is a key location for higher density housing.

HEAC Meeting 4.5

Purpose

HEAC Meeting 4.5 was held to have additional discussion, carried over from HEAC Meeting 4, on how the Town can meet its RHNA focusing on zoning standards.

Process

The meeting was joined by 32 participants which included HEAC members, Town staff, the consultant team, the Housing Element City Council Subcommittee, and members of the public.

HEAC Meeting 4.5 began with a Housing Element City Council Subcommittee welcome, followed by an overview of where the Town currently is in the Housing Element update process, and an overview of the responses to the Key Consensus points questionnaire that was sent out after HEAC meeting 4. The meeting then transitioned into the main discussion, which continued from HEAC meeting 4. Prior to the discussion, the presenter provided an overview of how new base and overlay zoning districts could be established to allow for more density. Then each HEAC member answered a series of questions regarding these strategies. The meeting concluded with an overview of the project next steps, and an opportunity for public input.

Outcomes

A follow up questionnaire was sent out to HEAC members after the meeting to gauge whether or not the group had reached consensus on key topics discussed. Below are the highlights of the Key Consensus Points Questionnaire. A full summary of the results of the HEAC Meeting 4.5 Follow Up Questionnaire is included in the Public Outreach Appendix.

Affordable Housing Overlay

83 percent of HEAC members agree that an affordable housing overlay district should be established.

New Base Zoning District

67 percent of HEAC members agree that a new base zoning district that allows for higher density missing middle housing, should be established.

Senior Village

83 percent of HEAC members agree that a Senior Village that consists of multiple, small-scale single-family homes on a single lot, should be allowed on properties 10 acres and larger.

City Council Project Updates

Purpose

The City Council has discussed the Housing Element Update at 14 individual meetings. Many meetings, staff brought the item to provide the City Council and community with an update of the Housing Element Update status.

Process

The initial meetings included a detailed project introduction that described the RHNA and Housing Element update process, an overview of the project timeline. At subsequent meeting, staff provided the status of the project, a summary of what has been completed, upcoming HEAC meetings and project next steps with an opportunity for question-and-answer. At each meeting staff provided information on how to stay up to date with the Town's Housing Element update and how to provide feedback.

Online Questionnaires

Housing Element Questionnaire

Purpose

The purpose of the Housing Element Questionnaire was to identify the community's housing needs and priorities, as well as identify the community's preferred choices to meeting the Town's state housing requirements. The responses gathered from this initial questionnaire has served as an overall foundation for the Town's strategy to meet its RHNA requirement. This questionnaire was shared through ArcGIS Survey123 after the initial Virtual Visioning Workshop and continued to be available throughout the Housing Element update process. A total of 72 surveys were collected.

Outcomes

Highlights from the Housing Element Questionnaire are included below. A full summary of the results of the Hillsborough Housing Element Survey is included in the Public Outreach Appendix.

What do you like most about living in Hillsborough?

Single-family residential character received the most votes with 76 percent of participants choosing this option. Sense of safety and security received the second most votes, with 67 percent of participants choosing this topic.

How important do you think these housing-related challenges are in Hillsborough?

Concerns about environmental impacts on new housing received the most votes with 40 percent of participants voting that this challenge is very important. Concerns about increased traffic and parking for new housing received the second most votes, with 38 percent of participants voting that this challenge is very important.

As the Town seeks to meet the state mandate to plan for 554 new housing units at all levels of affordability, which housing types do you feel are most appropriate for Hillsborough? (Select your top three answers).

ADUs and JADUs received the most votes with 68 percent of participants choosing this option. Smaller single-family homes on smaller lots received the second most votes, with 46 percent of participants choosing this topic.

How can Hillsborough address housing affordability within Town limits? (Select your top three answers).

Encourage preservation of existing smaller-scale housing (preventing up-sizing) received the most votes with 44 percent of participants choosing this option. Streamline residential approval process (ADRB) received the second most votes, with 42 percent of participants choosing this topic.

What do you think are the most important ways to ensure housing opportunities are available to all members of Hillsborough, especially those who have not had fair access to housing in the past? (Select your top three answers).

Education and counseling on fair housing received the most votes with 33 percent of participants choosing this option. Landlord and tenant counseling services received the second most votes, with 24 percent of participants choosing this topic.

Is there anything else you would like to tell us about housing needs in Hillsborough?

In general, Participants shared that they would like to see ADU and infill development that supports aging in place and employee housing. Participants also expressed concerns about new development due to the desire to preserve the Town's character, quality schools and open space, and concerns of development in Very High Fire Hazard Severity Zones (VHFHSZ).

ADU Questionnaire

Purpose

The purpose of the ADU Questionnaire was to gain input on the community's opinions towards ADU development. The questionnaire was broken into three parts. The first was aimed at current ADU owners, the second to homeowners who are interested in building an ADU on their property, and the third to homeowners who are not interested in building an ADU on their property. This questionnaire was shared through ArcGIS Survey123 after the second HEAC Meeting. A total of 160 responses were collected.

Outcomes

Highlights from the Current ADU Owner Questionnaire are listed below:

- 54 percent of respondents intend for their ADU to be occupied by a renter. A majority answered that they charge a monthly rent of \$0-\$2,175.
- Easing zoning standards, speeding up the ADRB process, and providing tax incentives were cited as ways that Town could encourage property owners to build a second ADU.

Highlights from the Perspective ADU Owner Questionnaire are listed below:

- 54 percent of respondents would intend for their ADU to be occupied by a renter and a majority answered that they charge a monthly rent of \$2,176-\$3,480.
- Minimizing the time and cost, providing development subsidies, assistance with finding a tenant and providing legal advice on laws and regulations were cited as ways that Town could incentivize perspective ADU owners to offer their ADU at a more affordable rental rate.
- Providing financial incentives and reducing the cost and the ADRB process were cited as ways that the Town could encourage perspective ADU owners to build an ADU. Additionally, some participants shared that there was nothing the Town could do to encourage ADU construction due to the lack of space or need for an ADU.

Highlights from the Homeowner Questionnaire are listed below:

Simplifying and providing assistance with the permitting and review process, amending the Town's zoning ordinance to be less restrictive, and providing financial incentives were cited as ways that the Town could encourage Homeowners not interested in an ADU to build an ADU or JADU. Providing advice and assistance on current ADU laws, regulations and the planning process, allowing for more flexibility with the Town's zoning standards, and providing financial incentives were cited as additional ways the Town could encourage residents to build an ADU or JADU.

Preliminary Policies and Programs Questionnaire

Purpose

The purpose of the Preliminary Policies and Programs Questionnaire was to gauge the HEAC members position on the appropriateness of the preliminary policies and programs that the Town had developed. The HEAC members were asked to rate each program with 1, 2, or 3 stars based on its appropriateness for Hillsborough. The results helped to refine the policies and programs included herein.

Outcomes

The top three programs that were most favorable to the HEAC members are listed below with the most common responses for each. A full summary of the results of the Preliminary Policies and Programs Questionnaire is included in the Public Outreach Appendix.

Program 1 of Policy 2: Improve internal procedures to make it easier for property owners to develop ADUs and JADUs.

85 percent of HEAC members gave this program 3 stars and explained their rating by stating that this program would be very effective and favored by the public. The HEAC members would also like to see an analysis on the administrative cost of this program, the degree to which this program would help to accelerate the development process, and what the primary barriers to developing ADU's currently are.

Program 2 of Policy 2: Improve public information on the ADU application and permit process so it is clear and comprehensive.

92 percent of HEAC members gave this program 3 stars and explained their rating by stating that this program would streamline the process, offer development incentives and would enable communication to residents on the process. Additionally, HEAC members would also like make sure this information is clearly explained so everyone can understand the process and would like to see the Town encourage residents to communicate with one another.

Program 4 of Policy 9: Develop a plan to better meet the needs of seniors. Provide education and outreach on all options for seniors, including “age in place”, assisted living, and independent living (Carried forward from the Town's Cycle 5 Housing Element).

92 percent of HEAC members gave this program 3 stars and explained their rating by stating that this program would allow senior residents to remain in Hillsborough. The HEAC members would also like to provide outreach to senior residents to clarify what their housing needs are.

Public Workshops: Public Review Draft

To facilitate robust community engagement in the refinement of the Public Review Draft Housing Element, the City Council extended the required 30-day public comment period by 10 days. The public comment period began with a presentation of the draft document to the Town Council in a public work session where public comment was received. Then, during the 45-day public comment and review period, the Town hosted two community Open Houses to collect comments and feedback on the Draft Housing Element from the public.

Open House #1 on August 18, 2022: 80 members of the community attended.

Open House #2 on September 6, 2022: 134 members of the community attended.

After the public open houses, the key themes of public comments received to date were presented to the City Council in a public work session where public comment was received. Then, after the close of the 45-day public review period, alternative policy directions, drafted based on the feedback received from the public, were presented to the City Council in a public work session where public comment was received.

All public comments received during the 45-day public review period are included in ***Attachment 1***.

Recordings and PDFs of presentations made at the City Council work sessions discussed above are available on the Town's website <https://www.hillsborough.net/AgendaCenter/City-Council-3>

3

**REVIEW OF PAST
PERFORMANCE**

Overview

As a part of the RHNA 6 Housing Element update, state housing element law requires communities to assess their progress in achieving the policies and programs that they committed to in their previously adopted Housing Element. This analysis should include the following components:

- **Progress & Effectiveness:** How much progress was made in implementing the plans that the jurisdiction outlined in the previous element? How successful was the jurisdiction during the last RHNA cycle in achieving the goals, objectives, policies, and programs of their previous housing element and, more specifically, what has been the cumulative impact on special needs populations?
- **Appropriateness & Lessons Learned:** What was learned in the last RHNA cycle, and how has that informed the current RHNA 6 housing element update?

The following narrative will outline the Town's key accomplishments during the RHNA 5 period, assess the overall progress and effectiveness of the RHNA 5 policies and programs, and discuss RHNA 5 lessons learned and applied to the Town's RHNA 6 update.

Discussion

RHNA 5: Progress and Effectiveness

The Town laid out the following four goals during the RHNA 5 cycle, and overall, the Town was exceptionally effective in achieving them. These goals and an overview of the Town's key accomplishments related to each are outlined below. A full overview of the Town's progress in accomplishing the goals outlined in the RHNA 5 policies and programs is provided in Table 3.3.

Goal 1: Increase Housing opportunities in Hillsborough and surrounding communities

Key Action: The Town issued building permits for 192 of the 91-unit RHNA 5 allocation.

Between January 1, 2014-December 31, 2021, the Town issued building permits for 192 new units, exceeding the 91 RHNA 5 allocation by 111%. Per the most recent SB 35 Determination Memo issued by the California Department of Housing and Community Development (HCD) on June 30, 2022, the Town of Hillsborough is one of only 38 jurisdictions in the state to have achieved this goal. The Town has satisfied the RHNA 5 income category distribution assignment as follows:

- **Very Low-, Low- and Moderate-Income Units:** In the RHNA 5 Cycle the Town was assigned 70 units in the very low, low- and moderate-income categories. The Town has exceeded this assignment through the development of Accessory Dwelling Units (ADUs), discussed in greater detail, below. In 2021 alone the Town received 89 applications for ADU development, issued planning entitlements for 82 ADUs, and issued building permits for 64 ADUs.
- **Above-moderate Income Units:** To date the Town has issued permits for 30 of the 21 above-moderate units needed by the end of 2022, primarily through the development of net new single-family homes on vacant lots (note that this is not one-for one replacement on previously developed lots).

Table 3.1, below, demonstrates the breakout all building permits by income category, following the HCD-approved methodology identified in the Town's certified RHNA 5 Housing Element.

Table 3.1: Town of Hillsborough RHNA 5 Building Permits Issued by Income Category								
RHNA Allocation per Income Level	2015	2016	2017	2018	2019	2020	2021	Total Units (all years)
32 Very Low	16	4	8	6	9	9	24	76
17 Low	8	2	3	4	2	7	18	44
21 Moderate	10	2	4	3	4	6	13	42
21 Above Moderate	5	2	3	3	5	3	9	30
Total RHNA								91
Total Units	39	10	18	16	20	25	64	192

Key Action: Technological Upgrades Made to Streamline the Development Review Process

During the RHNA Cycle 5 period the Town consistently worked to improve and streamline the development review process. Improvements since 2014 included:

- Making back-end changes to the Town's aging permit tracking system to allow building permit applications to be submitted an online portal;
- Establishing a workflow to enable digital planning application submissions via the use of a cloud-based .ftp site;
- Allowing payment by credit card and e-check at no fee to applicants
- Securing funding for an upgrade to the Town's aging permit tracking software, including an approved General Fund allocation request and SB2 grant award;
- Soliciting proposals from cloud-based permit tracking software vendors in preparation for an upgrade to the Town's platform;
- Executing a contract with the selected vendor and beginning upgrade rollout. Once training is completed (late 2022) the new application submittal program will be available for both planning and building division applications, and available to applicants 24-hours/day, 365 days/year.

Goal 2: Housing consistent with the character of the community

Key Action: Significant Increase in Accessory Dwelling Unit Production

The Town of Hillsborough has only one zoning district, Residence District (RD), and the sole housing type allowed within that zone is single-family residential. As such, given their small scale and low-density (currently only one Accessory Dwelling Unit and one Junior Accessory Dwelling Unit are permitted per single-family home), ADUs are the housing development type most consistent with the character of the Hillsborough community.

As such, the Town of Hillsborough has a strong track record of supporting and encouraging accessory dwelling unit (ADU) development. In response, the Town has seen a significant uptick in ADU development applications during RHNA Cycle 5. The Town's ADU Permits Issued by year for the years between 2014-2022 (June) are outlined in *Table 3.2*.

To support this trend and facilitate further ADU development, in 2020 the Town established an ADU Ombudsman program staffed by an ADU Specialist specifically trained to guide people through the Town's ADU review and approval processes. Since the establishment of this program, ADU development has doubled since June 2017.

Table 3.2: ADU Building Permits Issued By Year	
Year	ADU Building Permits Issued
2014	16
2015	39
2016	10
2017	18
2018	16
2019	20
2020	25
2021	64
2022 (Jan-September)	45

Goal 3: A continuum of housing opportunities for the members of the Hillsborough community in all stages of life with or without disabilities

Key Action: The Town exceeded the annual RHNA 5 funding goal for County homeless and transitional programs by an average of 36% per year

During the RHNA 5 Cycle, the Town contributed annual grant awards to County homeless and transitional programs such as the Human Investment Project (HIP housing), HEART of San Mateo County, LifeMoves, and the County of San Mateo Department of Human Services. The Town's objective was to contribute \$7,000 per year to these efforts, but rather contributed an average of \$9,500 per annum, an additional \$2,500/year, or an increase of 36%.

Goal 4: Equal Housing Opportunities for All

Key Action: Approval of Request for Reasonable Accommodation

During the RHNA 5 Cycle the Town continued to implement Chapter 17.42 of the Zoning Ordinance, Requests for Reasonable Accommodation, to expedite retrofit efforts and to allow for exceptions to development standards to best accommodate disabled community members and to comply with the Americans with Disabilities Act (ADA). The Town received and timely granted one such request during the RHNA Cycle 5 period, the first such request to the Town during the RHNA 5 cycle and the only such request in recent memory. The Town also provided guidance to several other individuals considering submitting Reasonable Accommodation requests, and is committed to providing flexibility in the development of housing for persons with disabilities.

RHNA 5: Lessons Learned & Policy Appropriateness for RHNA 6

Much has changed since 2014 and much has been learned during the RHNA 5 Cycle that has informed the Town of Hillsborough RHNA 6 Housing Element Update. Key insights are outlined below:

ADUs for the Win in Single-Family Residential Communities

With appropriate promotion and support, ADUs can be an extremely successful and housing solution in predominately built-out, single-family residential communities.

- This lesson learned is captured in the Housing Element Update in Policy 2: Promote the Construction and Affordability of Accessory Dwelling Units (ADUs). The goals under this policy will include:
 - Continuing to support and fund a Town ADU Ombudsman to guide property owners through the Town's ADU process.
 - Allowing one JADU and ADU on lots one acre and larger on qualifying parcels.
 - Creating programs to encourage and expedite the conversion of accessory structures to recorded ADUs/JADUs and retroactive permitting for existing, unpermitted ADUs.

Government Must Move at the Speed of Technology

The world is becoming ever more digital and ever less paper based. Applicants expect the ability to interface with their government in 24-hours/day, 7 days/week, and do not expect to pay extra to do so (e.g. convenience fees)

- This lesson learned is captured in the Housing Element Update in Policy 1, through the Town's plan to complete the update of our permit tracking software to offer a streamlined, user-friendly web-based platform accessible to applicants 24-hours/day, 365 days/year.

Every Little Bit Helps

Providing funding to housing related programs is critical, and more can always be done.

- This lesson learned is captured in the Housing Element Update in Policy 3: Facilitate Housing Development on Public, Recreational, and Institutional Sites, through a Town-owned property study to identify those properties which may be suitable for future redevelopment for housing.
- This lesson learned is additionally captured in Policy 6: Actively Participate in Addressing the Housing Needs of the Region, where the Town plans to continue to provide financial support to local housing, homelessness, and mental health support programs, such as the Human Investment Project (HIP housing), HEART of San Mateo County, LifeMoves, and the County of San Mateo Human Services.
- The Town plans to develop and adopt a Town philanthropy policy which establishes consistency in giving to local housing, homelessness, and mental health support programs whose organizational missions align with the Town's value statement.

Specificity = Achievability

Broad objective and goal statements may be intended to be all-encompassing; however, focused, quantifiable actions best allow for an objective analysis of progress—and positive recalibration, if needed.

RHNA 5: Cumulative Impact of RHNA 5 Policies and Programs in Meeting Housing Needs of Special Needs Populations

The Town remains committed to eliminating discrimination in housing and meeting housing needs of Special Needs Populations.

The most notable implementation is through the Town's implementation of Chapter 17.42 of the Zoning Ordinance (Requests for Reasonable Accommodation) to comply with the Americans with Disabilities Act (ADA). Housing that is accessible to people with disabilities has been identified as a special housing need in the town's housing element adopted in 2002.

Chapter 17.42 of the Town's Municipal Code establishes a formal procedure for persons with disabilities seeking equal access to housing to request for reasonable accommodation may include a request for modification or exception to the Land Use Rules for the siting, development, and use of housing or housing-related facilities that would eliminate regulatory barriers and provide a person with a disability equal opportunity to housing of that person's choice. To date the Town has granted all requests for reasonable accommodation.

Information related to fair housing laws is easily available on the Town's website and at key Town facilities, including the Town Hall Campus and Police Station.

**Table 3.3: Town of Hillsborough Previous Housing Element Evaluation
2014-2021 Housing Element Program - Progress: RHNA Cycle 5**

Goal 1: Increase Housing opportunities in Hillsborough and surrounding communities

Policy 1-A: Actively participate in meeting the housing needs of the community.

1-A1	Appoint a councilmember for regional housing efforts.	YES For the duration of RHNA Cycle 5 the City Council has annually appointed a councilmember to represent the Town and provide continuing participation with Association of Bay Area Governemnts (ABAG).
1-A2	Work with nearby communities to explore subregional housing needs and solutions and develop innovative ideas to increase the supply of housing.	YES During the RHNA Cycle 5 the Town has participated in the following local collaborative efforts: <ul style="list-style-type: none"> • The 21 Elements project, a collaboroative, housing-related information and resource sharing group of all 21 jurisdictions in San Mateo County. • The Chan Zuckerberg Initiative (CZI) "Shift the Bay" 8-series housing learning lab. • Association of Bay Area Governments (ABAG) "Wildfires and Housing" 5-series learning lab. • The "Little Four" meetings, a regular collaboration and brainstorming effort of the four small, high-resource, predominately single family communities in San Mateo County • Annual "Housing Leadership Day" hosted by the Housing Leadership Council
1-A3	Work with local institutions under Chapter 17.16 of the Zoning Ordinance to consider developing employee housing on existing institutional lands in Hillsborough.	YES <ul style="list-style-type: none"> • In June 2003 the Town updated Chapter 17.16.030 of the Hillsborough Municipal Code to allow housing on Private school properties via an amendment to their special use permit. This language remained in place for the duration of RHNA Cycle 5. • The Town annually undertakes an analysis of Town-owned properties to assess what sites may be identified as surplus and reports such properties on in its Annual Progress Report to the California Department of Housing and Community Development (HCD) for addition to the list of sites to be made available to affordable housing developers. • In May, 2022 the Town initiated a study of the Town-owned Town Hall Campus site to determine how the site may be re-developed to include mixed-income housing. This study will continue into the RHNA 6 Cycle.
1-A4	Promote development of affordable multifamily housing on nearby institutional lands, such as Burlingame Country Club.	YES <ul style="list-style-type: none"> • In June 2003 the Town updated Chapter 17.16.030 of the Hillsborough Municipal Code to allow housing on Private school properties via an amendment to their special use permit. This language remained in place for the duration of RHNA Cycle 5. • In June 2003 the Town updated Chapter 17.16.010 of the Hillsborough Municipal Code to allow housing by right on the Burlingame Country Club property. This language remained in place for the duration of RHNA Cycle 5.

**Table 3.3: Town of Hillsborough Previous Housing Element Evaluation
2014-2021 Housing Element Program - Progress: RHNA Cycle 5**

1-A5	Evaluate and report annually to the City Council on progress in developing cooperative solutions to regional housing issues.	<p>YES</p> <ul style="list-style-type: none"> During the RHNA 5 Cycle the Town has been actively involved in subregional housing planning efforts via participation with the following groups: The 21 Elements project, a collaborative, housing-related information and resource sharing group of all 21 jurisdictions in San Mateo County. The Chan Zuckerberg Initiative (CZI) "Shift the Bay" 8-series housing learning lab. Association of Bay Area Governments (ABAG) "Wildfires and Housing" 5-series learning lab. The "Little Four" meetings, a regular collaboration and brainstorming effort of the four small, high-resource, predominately single family communities in San Mateo County Annual "Housing Leadership Day" hosted by the Housing Leadership Council The Town reports on its efforts annually to Council in March as a part of the Annual Progress Report (APR) submittal to HCD.
1-A6	Contribute to County homeless and transitional programs and partner with existing programs. Objective is \$7,000 per annum funding.	<p>YES</p> <ul style="list-style-type: none"> -During the RHNA Cycle 5 period, the Town contributed annual grant awards to the Human Investment Project (HIP housing), HEART of San Mateo County, LifeMoves, and the County of San Mateo Human Services. From 2014-2022, the contribution goal of \$7,000/year was exceeded by 36%. The Town contributed an average of \$9,500 per annum, an additional \$2,500/year.
Policy 1-B: Facilitate the private development of housing in Hillsborough.		
1-B1	Process design review applications and building permits promptly. Continue to assist in the housing development process. Objective is to have 21 above-moderate income units built.	<p>YES</p> <ul style="list-style-type: none"> During the RHNA Cycle 5 period the Town consistently worked to improve and streamline the development review process. Improvements since 2014 included making technological upgrades to allow permit applications to be submitted online (2020), the acceptance of payment by credit card and echeck (2020), the hiring of an ADU ombudsman to assist ADU applicants in navigating the application process applications (2020), the hiring of additional full-time Planning staff to assist with administrative application processing (2021), and timely updates to the Town's municipal code in response to state housing legislation (ongoing). As of June 30th, 2022 the Town has issued building permits for 192 net new units, exceeding the 91 total unit RHNA 5 allocation by 111%. As of June 30th, 2022 the Town has exceeded the goals for every AMI income category assigned in RHNA Cycle 5.
Policy 1-C: Continue to improve the land use entitlement process.		
1-C1	Maintain a list of certified mediators who specialize in land issues. Cost of the mediator is borne by landowners.	NONE
1-C2	Partner with Peninsula Conflict Resolution Center (PCRC). Services range from one time help resolving a conflict to ongoing assistance and mediation.	<p>YES</p> <ul style="list-style-type: none"> Throughout the RHNA 5 cycle the Town continued to support the Peninsula Conflict Resolution Center (PCRC) via an annual contract for services. Under this contract, the Town provides funding to PCRC and Town staff can then refer conflicted parties to PCRC's mediation services where they will pay a reduced/no fee for services.

**Table 3.3: Town of Hillsborough Previous Housing Element Evaluation
2014-2021 Housing Element Program - Progress: RHNA Cycle 5**

1-C3	Identify opportunities to use technology to improve public outreach and customer service.	<p>YES</p> <ul style="list-style-type: none"> The Town has made technological upgrades to its ageing permit tracking software program to allow permit applications to be submitted online and the acceptance of payment by credit card and e-check (2020). The Town has entered into contract for a new, cloud-based permit tracking software to facilitate and further streamlined and user-friendly application process (2022). Once training is completed (late 2022) the new application submittal program will be available to applicants 24-hours/day, 365 days/year.
Policy 1-D: Use vacant land on the periphery of Hillsborough to increase housing opportunities.		
1-D1	Consider annexations of adjacent land to Hillsborough that permit housing opportunities. Objectives: 20 units; 12 Above-Moderate units, 1 moderate income second unit, 2 second units affordable to low-income households, 1 affordable to very low-income households, and 4 affordable to extremely low-income households.	<p>YES</p> <ul style="list-style-type: none"> While no annexations occurred during the RHNA 5 Cycle, the Town has periodically approached property owners of land adjacent to Hillsborough, including the San Francisco Public Utilities Commission (SFPUC) and Pacific Gas and Electric (PG&E), to discuss potential annexation and land swap opportunities which might support the development of additional housing. To date, none of these entities has reciprocated interest; however, the Town remains open to such conversations in the future.
Goal 2: Housing consistent with the character of the community.		
Policy 2-A: Allow subdivision of existing vacant lots larger than one acre.		
2-A1	Permit subdivision of vacant parcels for 2+ lots, especially those that can accommodate two or more half-acre lots, but cannot meet street frontage or width requirements.	<p>YES</p> <ul style="list-style-type: none"> The Town has a codified process that allows exceptions from street frontage and lot width requirements when the City Engineer can make the findings that will such exceptions will not be materially detrimental to the public health, safety or welfare or injurious to other property in the town, and that there are special circumstances or conditions affecting the property that make strict compliance with the subject requirement(s) unjustifiable, unnecessary or inadvisable (Hillsborough Municipal Code Chapter 1.24). Using the above exception process, in 2020 the Town Council approved a new, 8-lot subdivision which could result in a total of up to 24 net-new units when considering the possibility of ADU and JADU development in addition to eight single family homes. This subdivision is the largest to occur in Town in recent history, and in the RHNA 5 cycle. In 2021, the Town updated the Hillsborough Municipal Code to implement requirements of Senate Bill 9 (SB9), which allows all properties within a "single-family residential zone" to be subdivided into two parcels and to be developed with two primary dwelling units per lot, irrespective of local standards.
Policy 2-B Promote more housing options while preserving the character of Hillsborough.		
2-B1	Continue to use the density bonus, as provided by Chapter 17.60 of the Hillsborough Municipal Code, to encourage affordable or senior housing or both, as well as affordable housing for families of five or more persons.	<p>YES</p> <ul style="list-style-type: none"> While no density bonus applications were received by the Town during the RHNA 5 cycle, the Town has adopted a density bonus ordinance pursuant to California Government Code Section 65915 and continues to allow density bonuses for projects meeting the requirements of California Government Code Section 65915.

**Table 3.3: Town of Hillsborough Previous Housing Element Evaluation
2014-2021 Housing Element Program - Progress: RHNA Cycle 5**

Goal 3: A continuum of housing opportunities for the members of the Hillsborough community in all stages of life with or without disabilities.

Policy 3-A Support seniors and other special needs populations

3-A1	As required by State law, continue to allow board and care facilities for six or fewer residents. Objectives: 1 or more houses serving 6 seniors, disabled, and other qualifying residents, as follows: 4 above moderate, 1 moderate income, and 1 low income.	YES <ul style="list-style-type: none"> During the RHNA 5 Cycle the town has continued to allow for Residential Care Facilities for the elderly in a single-family dwelling, pursuant to the requirements found in California Health and Safety Code Section 1569.85.
3-A2	Continue to ensure that the transitional and supportive housing is allowed as specified in State law.	YES <ul style="list-style-type: none"> During the RHNA 5 Cycle the town has continued to allow for Transitional and Supportive Housing pursuant to the requirements of and as defined respectively in California Health and Safety Code Sections 50675.2(h) and 50675.14(b).
3-A3	Inform local developers of opportunities to provide transitional and supportive housing. Primary outreach through information on the Town website and through interacting with developers.	NONE
3-A4	Continue to allow an emergency shelter at the Town's Civic Center within the former fire station as a permitted use, subject to standards, as required by State law.	YES <ul style="list-style-type: none"> During the RHNA 5 Cycle the town has continued to allow as a permitted use an Emergency Shelter pursuant to the requirements of and as defined in California Health and Safety Code Section 50801(e).
3-A5	Develop a plan to better meet the needs of seniors. Consider the desire of most seniors to "age in place," and ensure that the senior plan includes the input of all relevant stakeholders.	NONE

Policy 3-B: Continue to permit the renting of rooms in Hillsborough homes to provide additional housing opportunities for single people.

3-B1	Continue to allow the renting of individual rooms in Hillsborough houses	YES <ul style="list-style-type: none"> During the RHNA 5 Cycle the town has continued to allow for long-term (30+ days) renting of individual rooms pursuant to Hillsborough Municipal Code 17.16.010 and as defined at 17.08.115.
3-B2	Continue to support and promote the shared housing concept.	YES <ul style="list-style-type: none"> During the RHNA 5 Cycle the town has continued to allow for long-term (30+ days) renting of individual rooms pursuant to Hillsborough Municipal Code 17.16.010 and as defined at 17.08.115. During the RHNA Cycle 5 period, the Town contributed an annual grant award to the Human Investment Project (HIP housing) in the amount of \$5,000/year. During the RHNA 5 cycle the Town maintained a partnership with HIP Housing to offer a home sharing program specifically for Hillsborough. This program connects Hillsborough homeowners with available rooms/ADUs/JADUs to rent with housing seekers.

**Table 3.3: Town of Hillsborough Previous Housing Element Evaluation
2014-2021 Housing Element Program - Progress: RHNA Cycle 5**

Policy 3-C: Encourage both attached and detached second units where currently permitted.

3-C1	Continue to waive planning and building permit fees for second units.	<p>YES</p> <ul style="list-style-type: none"> From Fiscal Year 2014/15 until Fiscal Year 2021/22 (Seven of eight RHNA Cycle 5 years) the Town waived all Planning and Building development application review fees for ADU and JADU applications. In Calendar Year 2020 interest in ADU development increased substantially. In response, the Town established an ADU Ombudsman program, hiring an ADU Specialist to guide people through the Town's ADU review and approval process. Beginning in Fiscal Year 2021/22 a modest application fee was re-added to the Town's Planning Division fee schedule so that the Town might recover a portion of the costs for this new program. Building Division permit fees continue to be waived.
3-C2	Promote and Inform the public about Accessory Dwelling Units (ADUs). Provide the public with the specific information as to the viability of ADUs, jADUs, and other secondary dwelling units, as well as providing information about potential funding sources to promote secondary unit development.	<p>YES</p> <ul style="list-style-type: none"> In Calendar Year 2020 interest in ADU development increased substantially. In response, the Town established an ADU Ombudsman program, hiring an ADU Specialist to guide people through the Town's ADU review and approval process. The Town has readily available at Town Hall and online San Mateo County-produced ADU collateral providing information about potential funding sources to promote secondary unit development.
3-C3	Approve ADUs administratively; ascertain planned use for ADU and affordability.	<p>YES</p> <ul style="list-style-type: none"> ADU review and approval is consistent with the state requirements for ADU permits and streamlining. During the RHNA 5 Cycle the Building & Planning Department has implemented permit streamlining processes for ministerial reviews of accessory dwelling units, which do not require discretionary planning review, in an effort to encourage the development of smaller, more affordable units.
3-C4	Permit property owners to legalize unauthorized domestic housing when they are upgraded to code.	<p>YES</p> <ul style="list-style-type: none"> In 2021, the Town updated Chapter 17 of the Municipal Code to provide additional options for property owners to legalize unpermitted housing units, while still ensuring compliance with applicable building standards, Health and Safety Codes, and fire department requirements.
3-C5	Implement additional measures to encourage ADUs. Ensure that future ADU production meets the needs of Hillsborough residents.	<p>YES</p> <ul style="list-style-type: none"> In Calendar Year 2020 the Town established an ADU Ombudsman program, hiring an ADU Specialist to guide people through the Town's ADU review and approval process. During the RHNA 5 Cycle the town held an annual permitting and construction forum which includes a section specifically focused on ADU development. In 2021, the Town updated the zoning ordinance to implement all requirements of Senate Bill 9 (SB9), as appropriate. SB 9 allows all properties within a "single-family residential zone" to be subdivided into two parcels and developed with two primary dwelling units per lot, irrespective of local standards.
3-C6	Continue to allow rental (not short term rental) of ADUs.	<p>YES</p> <ul style="list-style-type: none"> During the RHNA 5 Cycle the Town has continued to allow for long-term (30+ days) renting of individual rooms and ADUs, pursuant to Hillsborough Municipal Code 17.16.010 and as defined at 17.08.115.

**Table 3.3: Town of Hillsborough Previous Housing Element Evaluation
2014-2021 Housing Element Program - Progress: RHNA Cycle 5**

Goal 4: Equal Housing Opportunities for All

Policy 4-A: Eliminate discrimination in housing based on age, race, color, religion, sex, marital status, national origin, ancestry, or occupation.

4-A1	Continue to designate the City Attorney as the appropriate City official to receive and forward housing discrimination complaints. Support fair access to housing for all persons without regard to race, color, religion, sex, marital status, national origin, or ancestry. Assemble and promote the distribution of information to landlords regarding fair housing. Involve Project Sentinel to aid in housing problem resolution.	<p>YES</p> <ul style="list-style-type: none"> • While the Town received no housing discrimination complaints during the RHNA 5 Cycle, the Town has continued to support fair access to housing for all regardless of race, color, religion, sex, marital status, national origin, or ancestry, with the City Attorney designated as the appropriate City official to receive and forward housing discrimination complaints. • During the RHNA 5 Cycle the Town regularly updated the Housing Resources page of its website, which includes links to fair housing information. • During the RHNA 5 Cycle the Town continued to maintain its connection with Project Sentinel, referring tenant/landlord related inquiries to them.
4-A2	Continue to implement Chapter 17.42 of the Zoning Ordinance (Reasonable Accommodation) to expedite retrofit efforts to comply with the Americans with Disabilities Act (ADA), require ADA compliance in all new development that is subject to ADA, and provide flexibility in the development of housing for persons with disabilities.	<p>YES</p> <ul style="list-style-type: none"> • During the RHNA 5 Cycle the Town continued to implement Chapter 17.42 of the Zoning Ordinance (Reasonable Accommodation) to expedite retrofit efforts to comply with the Americans with Disabilities Act (ADA). Chapter 17.42 complies with the Fair Housing Amendments Act of 1988 and the California Fair Employment and Housing Act. The Town received and granted one such request during the RHNA Cycle 5 period, providing flexibility in the development of housing for persons with disabilities. • Housing that is accessible to people with disabilities has been identified as a special housing need in the Town's housing element as of 2002.
4-A3	Reach out to local service providers of special needs groups to assist in the identification and analysis of constraints to the provision of housing for persons with disabilities.	<p>YES</p> <ul style="list-style-type: none"> • During the RHNA 5 Cycle the Town continued to support and partner with local service providers to assist in the identification and analysis of constraints to the provision of housing for persons with disabilities via the 21 Elements project..

4

**GENERAL PLAN
CONSISTENCY**

General Plan Consistency

State law requires all elements of the General Plan to be consistent with each other. The Town will amend the General Plan, originally adopted in 2005, after the adoption of the Housing Element to ensure the Goals, Policies, and Programs of the General Plan correlate with the new Housing Element.

Section 65580(e) of the Government Code reads: “The Legislature recognizes that in carrying out this responsibility ... to facilitate the improvement and development of housing to make adequate provision for the housing needs of all economic segments of the community [65580(e)] ... each local government also has the responsibility to consider economic, environmental, and fiscal factors and community goals set forth in the general plan and to cooperate with other local governments and the state in addressing regional housing needs.”

5

HOUSING
NEEDS

Introduction

The Town of Hillsborough is located in San Mateo County, California with an area of 6.23 square miles and a current population of ~11,000. Incorporated in 1910, the Town is a general law city governed by a five-member City Council elected at-large, with a council-manager form of government. The Town employs approximately 90 staff who provide essential services including police protection, land use planning, building permitting and inspection, and maintenance of roads, public facilities, water, sewer, and storm drainage infrastructures. The Town also funds fire protection services provided by the Central County Fire Department. The Town is zoned exclusively single-family residential, with permitted non-residential uses including public and private schools, a country club, a racquet club, various public facilities, utility installations, and open space.

The Town of Hillsborough is a charming residential community located on the San Francisco Peninsula, bordering the Cities of Burlingame and San Mateo, in the northeastern part of San Mateo County. The town was founded in 1846 and was incorporated in 1910. Hillsborough sits about 20 miles south of San Francisco and about 38 miles north of San Jose, where its community character contrasts the densely urbanized cities surrounding it.

Directly west of Hillsborough, on the other side of the Santa Cruz Mountain Range, is the City of Half Moon Bay and the Pacific Ocean. To the east is the City of Burlingame, the San Francisco International Airport and the San Francisco Bay. Hillsborough is in close proximity to both the City and the scenic natural features of northern California.

The Town is substantially built out under its current development standards, making site identification for the purposes of net new RHNA units a somewhat challenging exercise. Currently, the Town is mostly built out with its housing stock consisting of single-family housing, some with Accessory Dwelling Units on their lots. The land that is zoned for residential uses in the Town has a maximum density of one single-family unit per half acre. The Town of Hillsborough has recognized the need for additional workforce housing and has permitted multi-family development on school and institutional properties.

Key Takeaways

- **Median Age Increase:** The 55+ population has experienced the most growth since 2000
- **Lack of affordability/housing stock diversity:** The average home value in Hillsborough is \$4,571,820 according to Zillow, a 256% increase since 2001, with the largest portion of homes costing \$2M+. Consistently, the largest portion of rentals cost \$3,000 or more per month with the average rent in Hillsborough costing \$3,200 per month, according to Zillow. In 2020, about 99% of these units were single-family residential and about 1% were 2–4-unit multi-family residential.
- **ADU Program:** Hillsborough has the opportunity to expand its ADU program.
- **Inadequate amount of larger rental units compared to large families:** Roughly 18% of Hillsborough households are large households of five or more people. In 2017, about 43% of large households paid 30% or more of their income on housing and about 4% of large households were in the very low-income bracket, earning less than 50% of the area median income (AMI). Larger households who are cost burdened could benefit from larger rental units with 3 or more bedrooms per unit. While 98% of the housing stock consists of housing units with 3 or more bedrooms, only 6% of these units were occupied by renters.
- **Large export of workers:** Between 2002 and 2018 Hillsborough has seen about a 14% decrease in jobs with a .45 ratio of jobs to resident workers.
- **Cost Burdened Households:** 100% of extremely low-income homeowners and most low-income homeowners are cost burdened.

Population Characteristics & Trends

The following describes and analyzes the various population characteristics and trends in Hillsborough that affect housing need.

Population Growth

Since 2000, Hillsborough's population has increased by 5.5%; this rate is below that of the region as a whole, at 14.8%. In Hillsborough, roughly 7.1% of its population moved during the past year, a number 6.3 percentage points smaller than the regional rate of 13.4%.

In 2020, the population of Hillsborough was estimated to be 11,418 (*Figure 5.1: Population Growth Trends*). From 1990 to 2000, the population increased by 1.5%, while it remained stable in the first decade of the 2000s. In the most recent decade, the population increased by 5.5%. The population of Hillsborough makes up 1.5% of San Mateo County.

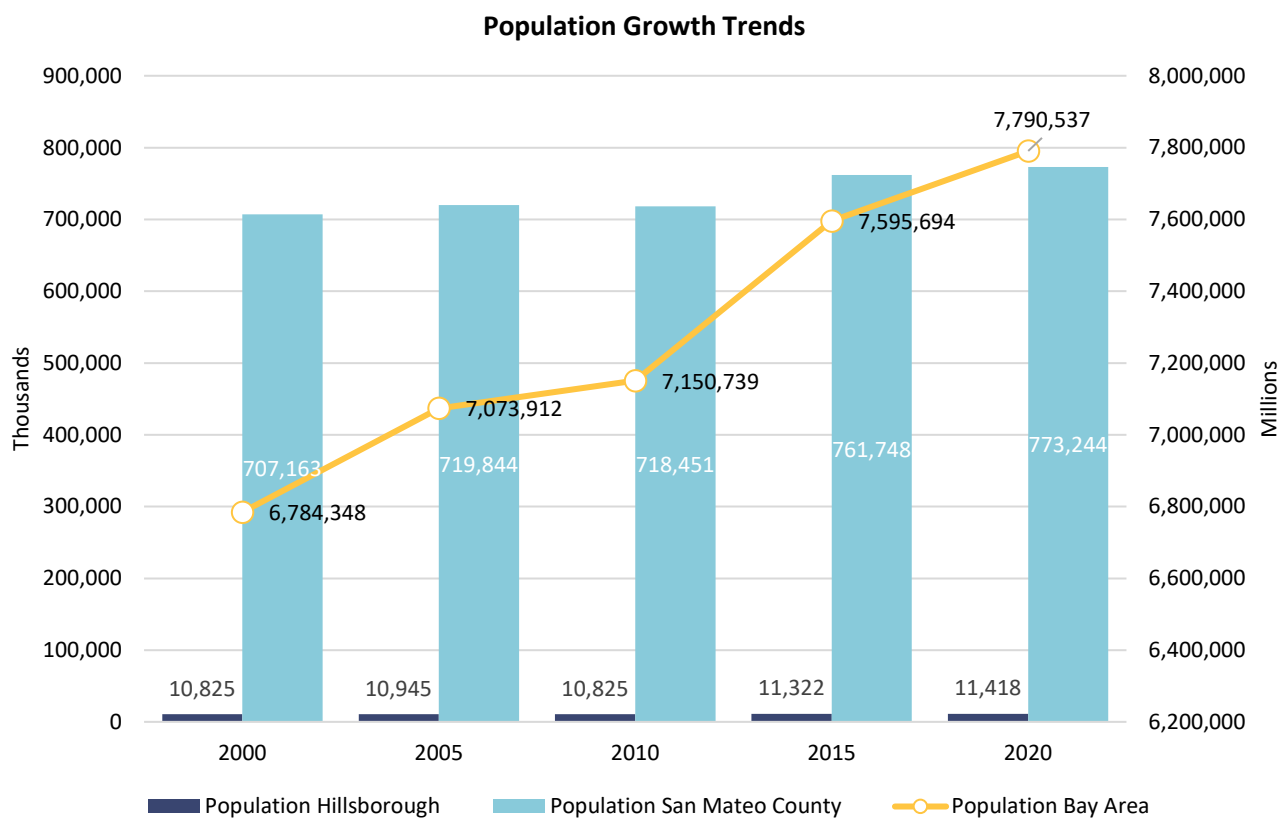

Figure 5.1: Population Growth Trends

Age Composition

The age structure of a population is also an important factor in evaluating housing and community development needs and determining the direction of future housing development. Typically, each age group has distinct lifestyles, family types and sizes, incomes, and housing preferences. As people move through each stage of life, housing needs and preferences change. For example, young households without children will have different housing preferences than middle-aged households with children or senior households living alone. Consequently, evaluating the age characteristics of a community is important in determining the housing needs of residents.

Age Distribution & Trends

The distribution of ages of Hillsborough's population has shifted since 2000. The population under the age of 14 has remained relatively stable while the population between 15 and 24 years of age has increased by 51%. The population between 25 and 54 years of age has decreased by 19% while the population 55 years of age and over has increased by 25%.

Median Age

Hillsborough's population, as measured by the median age of its residents, is older than in neighboring communities and the County as a whole. Hillsborough's median age in 2000 was 45.4; by 2019, this figure had increased to 47.9. Meanwhile, the median age in San Mateo County in 2000 was 39.2 and in 2019 was 39.7.

Race and Ethnicity

Different racial and ethnic groups often have different household characteristics, income levels, and cultural backgrounds, which may affect their housing needs and preferences. Studies have also suggested that different racial and ethnic groups differ in their attitudes toward and/or tolerance for "housing problems" as defined by the Federal Department of Housing and Urban Development (HUD), including overcrowding and housing cost burden. According to these studies, perceptions regarding housing density and overcrowding tend to vary between racial and ethnic groups. Especially within cultures that prefer to live with extended family members, household size and overcrowding also tend to increase. In general, Hispanic and Asian households exhibit a greater propensity than White households for living with extended families.

Figure 5.2: Population by Age

However, with the housing crisis in California and the recent economic challenges presented by COVID-19, extended family members sharing housing arrangements or adult children moving back with parents have become a trend in many California communities across all groups.

In 2019, the predominant racial group in Hillsborough was White (not including those that identify as Hispanic/Latinx), at almost 57% while the second largest racial group was Asian/Asian Pacific American (not including those that identify as Hispanic/Latinx), at nearly 32%. The least represented racial group in Hillsborough is Black/African American identifying residents (not including those that identify as Hispanic/Latinx) who accounted for approximately 1% of the population in 2019.

Since 2000, the percentage of residents of all races and ethnicities aside from White has increased by 14.6 percentage points, with the 2019 population standing at 6,502 (see Figure #04). More specifically, the Asian/Asian Pacific American population increased the most while the White, Non-Hispanic population decreased the most.

Figure 5.3: Population by Race

Employment Profile

An assessment of the community needs must take into consideration the type of employment offered within that community, as well as held by Hillsborough residents. Incomes associated with different jobs and the number of workers in a household determines the type and size of housing a household can afford.

Occupation and Labor Participation

The American Community Survey (ACS) provides information about employment, specifically the number of City residents by industry type, who are employed by businesses either outside or within their community. The two largest industries for Hillsborough residents are Financial & Professional Services, 44% of the jobs held by employed residents, and Health and Educational Services, 25% of the jobs held by employed residents. The largest sector in which San Mateo County and Bay Area residents work is Health & Educational Services. (Figure 5.4: Employment Profile). These two industries account for 69% of the jobs held by employed residents in Hillsborough. Similarly, these categories accounted for about 57% of jobs held by San Mateo County residents and 56% of jobs held by resident in the Bay Area region. The proportion of City residents in all other occupations was similar to the occupation profile of County and regional residents, with the next highest proportion of Hillsborough residents being employed in Manufacturing, Wholesale and Transportation. Legal and Management occupations were the highest paid occupations in San Mateo County in the first quarter of 2021. Legal occupations had a 17% increase in average yearly salary while management increased by 24%. Overall, average yearly salaries for all occupations increased by 19.7% over the same period.

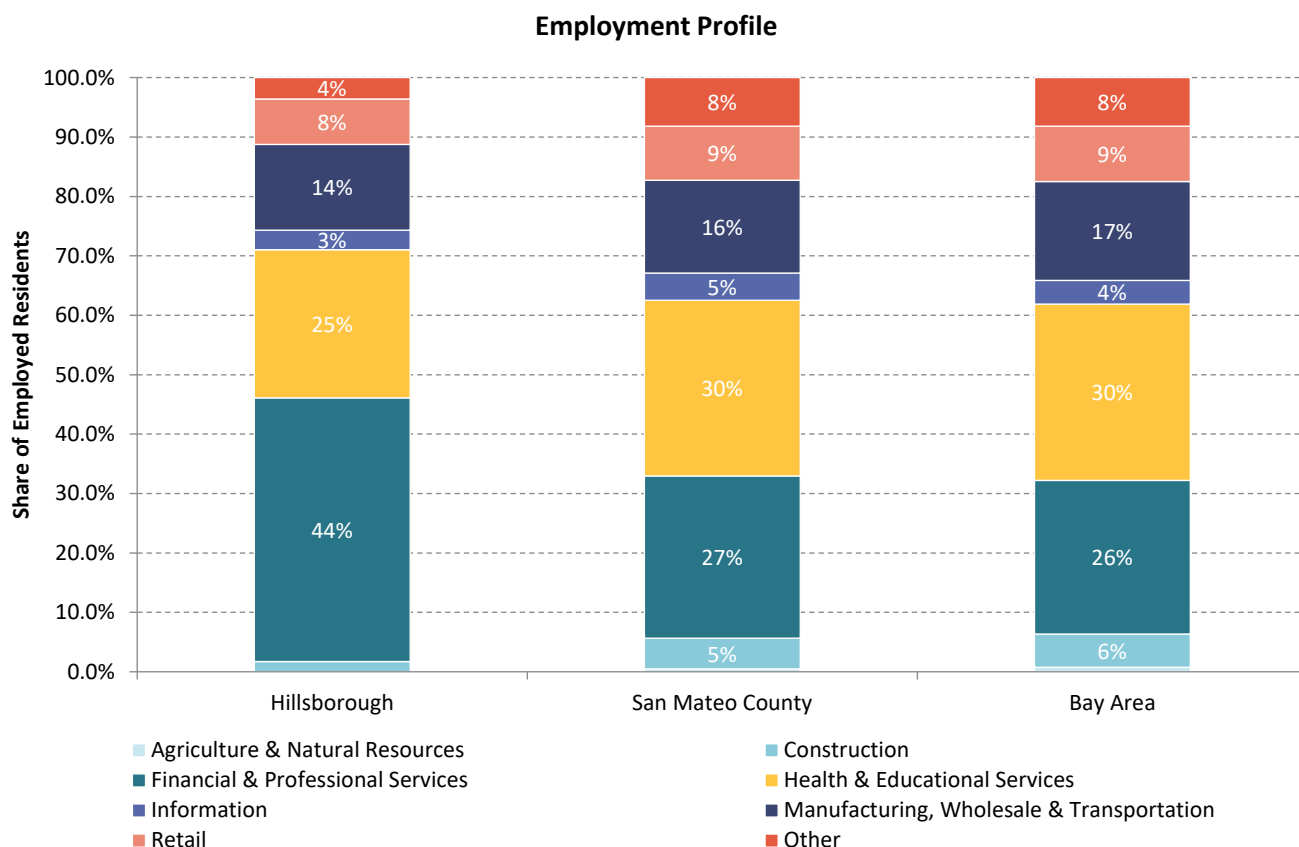

Figure 5.4: Employment Profile

Worker Import & Export

Employed residents either work in the community where they live or commute to work elsewhere in the region, which has become the more popular trend in most communities as city jobs employ more residents who live outside of city limits. This occurs through worker import or export. For example, in smaller cities, there are typically more employed residents than jobs, so it exports workers to other cities, while larger cities typically have a surplus of jobs and import workers. The efforts of the regional transportation system are to connect a region’s main economic hub to outside communities in order to facilitate the flow of worker imports and exports. Despite these efforts, the cost of living near popular districts or downtown areas is high due to increased housing demand and poses challenges on community members living in surrounding communities due to a lack of transit options and long commutes which may arise from local jobs and worker populations being imbalanced.

Hillsborough is a net exporter of workers, with 4,736 employed residents and 2,135 jobs. Between 2002 and 2018, the number of jobs in Hillsborough has decreased by 13.7% and the ratio of jobs to resident workers is .45.

Worker Place of Residency by Wage

Understanding the availability of jobs for low-income workers in a community compared to the availability of housing options for low-income workers in the community, or the inverse can help illustrate the need for more affordable housing options.

In Hillsborough, there are more low-wage residents than there are low-wage jobs (jobs paying an annual salary of less than \$25,000 a year). Additionally, Hillsborough also has more high-wage residents than high wage jobs (jobs paying an annual salary of more than \$75,000 a year). This could be an indicator that Hillsborough exports more workers to other cities in the region.

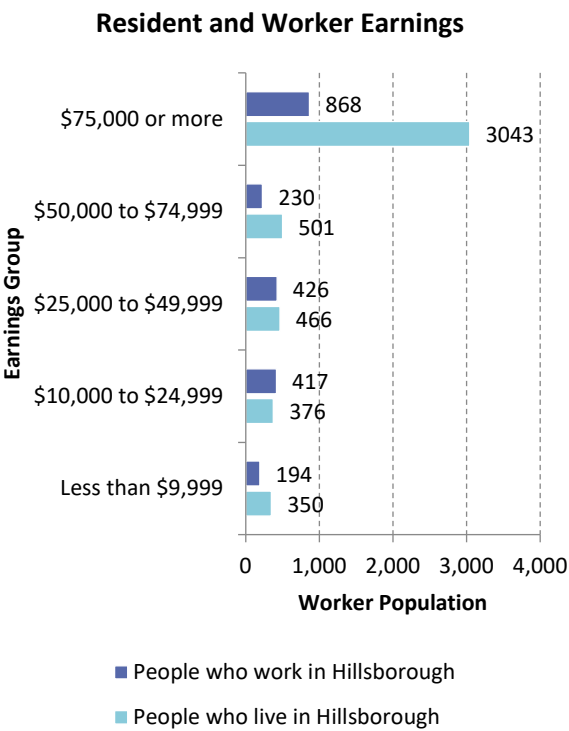

Figure 5.5: Resident and Worker Earnings

Jobs to Households

The presence of jobs in a community will potentially attract new residents, creating a high demand for housing relative to local supply, resulting in exclusion of workers to live where they work and sometimes resulting in displacement. This most commonly affects lower-wage workers, however, also has effects on freeway congestion due to a high volume of commuters traveling long distances to work, affecting all freeway users and accelerating the impacts of climate change.

In Hillsborough, the jobs to household ratio have decreased from 0.62 in 2002 to 0.54 in 2018.

Figure 5.6: Jobs to Household Ratio

Unemployment

Unemployment trends can provide a need for more affordable housing units in a community. Impacts due to the COVID-19 pandemic sparked a dramatic increase in the unemployment rate in 2020. Hillsborough's unemployment rate trended downward from January of 2010 to January 2019 from 7.9% to 2%. Unemployment jumped to 9.6% in April 2020 due to a loss of jobs as the COVID-19 pandemic magnified. The Town, however, began to recover from the pandemic and unemployment fell to 5.9% in January 2021. Overall, Hillsborough has seen a 2% decrease in its unemployment rate from January 2010 to January 2021.

Figure 5.7: Unemployment Rate

Household Characteristics

The U.S. Census defines a household as all the people who occupy a housing unit. This includes related family members and unrelated people such as lodgers, foster children, wards or employers who share a housing unit. A household is broken up into two categories: “family households,” which are the family householder and all the people who occupy the housing unit who are related to the householder by birth, marriage or adoption. The other category is “nonfamily households,” which are the householder living alone or where the householder shares a home with people they are unrelated to. Data regarding household characteristics are important to understanding housing needs within a community based on household type and size relative to the existing housing stock.

Household Type

Different household types have different housing needs. Seniors or young adults typically comprise most single-person households and tend to reside in apartment units, condominiums, or smaller single-family homes. Families often prefer single-family homes. According to the ACS, in 2019, there were 3,633 housing units in the Town of Hillsborough. Of these households, 8%, or 299 units, of the total housing stock were single-person households which has decreased by 55 units since the 2010 Census (354 single-person households), while households with seniors (65+) comprised about 35%. Single-person households in Hillsborough contrasted those of San Mateo County, consisting of 22%, and 25% in the Bay Area Region. 43% of households housed children under the age of 18, a higher proportion compared to San Mateo County with 33% and The Bay Area, with 32% of Households which housed children under the age of 18. The majority of Hillsborough’s households are comprised of Married-couple Family Households at 83%. When compared to the 2010 ACS, Hillsborough’s Married-couple Family Households composition is slowly trending upward, from 79% in 2010 to 83% in 2019.

Figure 5.8: Household Type

Household Size

Household size identifies sources of population growth and overcrowding of housing units. In communities where the population is aging, the average household size frequently declines simultaneously because elderly residents often live without children. While Married-couple Family Households in Hillsborough have increased since 2010, 2 person households remained the largest household size in Hillsborough from 2010 to 2019, despite decreasing from 1,523 to 1,407 while 5 or more person households increased from 488 units in 2010 to 644 units in 2019.

While the ACS describes overcrowded households as households with five or more individuals, the level of affluence and household income in Hillsborough paired with an increase in Married-couple Family Households and percentage of households with children may explain the increase in households with 5 or more individuals while having a 0% overcrowding rate.

Figure 5.9: Household Size by Tenure

Household Income

Household income is an important consideration when evaluating housing and community development needs because lower income typically constrains a household’s ability to secure adequate housing or services. While housing choices such as tenure (owning versus renting) and location are very much income-dependent, household size and type often affect the proportion of income that can be spent on housing.

According to ACS estimates, 2% of Hillsborough households in 2019 had incomes lower than \$15,000, while 5% of households earned incomes between \$15,000 and \$34,999 (*Figure 5.10: Household Income Distribution*). Households with incomes that earned less than \$15,000 have increased slightly since 2010, while households with incomes that earned between \$15,000 and \$34,999 have decreased slightly since 2010, however they have stayed relatively the same. In 2019, approximately 6% of households earned incomes between \$35,000 and \$74,999, while roughly 14% had incomes between \$75,000 and \$149,999. 73% of Hillsborough households earned \$150,000 or more. In contrast, less households in Hillsborough earn incomes between \$50,000-\$149,999 when compared to households in San Mateo County overall (17.9% in Hillsborough compared to 36% in San Mateo County). The ACS estimates that the median household income in Hillsborough was \$250,000+ as of January 2019, while the median income for the County was estimated to be \$138,500.

Figure 5.10: Household Income Distribution

Overcrowding

An overcrowded housing unit is defined by the U.S. Census as a unit occupied by more than one person per room (including living and dining rooms but excluding kitchen and bathrooms). Units with more than 1.5 occupants per room are considered severely overcrowded. Overcrowding can result when there are not enough adequately sized units within a community, when high housing costs relative to income force too many individuals to share a housing unit than it can adequately accommodate, and/or when families reside in smaller units than they need to devote income to other necessities, such as food and health care.

In Hillsborough, no owner-occupied or renter-occupied households had more than 1.0 occupants per room, which meets the ACS definition for overcrowding. Additionally, no owner-occupied households and no renter-occupied households had more than 1.5 occupants per room, which meets the ACS definition for severe overcrowding.

According to the U.S. Department of Housing and Urban Development (HUD), Comprehensive Housing Affordability Strategy (CHAS) ACS tabulation, 2013-2017 release, 0% of Hillsborough households experienced overcrowded living conditions in 2018 (*Table 5.1: Overcrowding*). Of these, 0% were in owner-occupied households, and 0% were renters.

While 98% of occupied housing units in the Town had three or more bedrooms (the minimum size considered large enough to avoid most overcrowding issues for large households), only 6% of these units were occupied by renters. This pattern suggests an inadequate supply of larger rental units.

Additionally, low-income households and communities of color are more likely to experience the impacts of overcrowding. In Hillsborough, 0.0% of very low-income households (below 50% AMI) experience severe overcrowding, while 0.0% of households above 100% experience severe overcrowding. Consistently, no communities of Color in Hillsborough experience overcrowding.

Table 5.1: Overcrowding			
Geography	1.00 occupant per room or less	1.01 to 1.50 occupants per room	1.50 occupants per room or more
Hillsborough	3,633	0	0
San Mateo County	242,599	12,333	8,611
Bay Area	2,543,056	115,696	72,682

Cost Burden

State and federal standards for housing cost burden are based on an income-to-housing cost ratio of 30% and above. Households paying more than 30% of their income on housing have limited remaining income for other necessities. Upper income households generally can pay a larger proportion of income for housing; therefore, estimates of housing cost burden generally focus on lower- and moderate-income households.

According to the 2015-2019 ACS, 33% of Hillsborough households overpaid for housing in 2019 (30% or more of their income) and housing cost burden affected a larger proportion of owners (33%) than renters (16%) (*Table 5.2: Cost Burden by Tenure and Income Level*). Cost burden affected a smaller proportion of households in 2017 than 2010 with 33% of households overpaying for housing in 2017, whereas 43% did so in 2010. Since 2010, the proportion of cost burdened renter-households has increased from 0% to 11%. By contrast, the proportion of cost burdened owner-households decreased from 44% to 34% in seven years. 20% of households paid over 50% of their income on housing while 13% spent 30-50% of their income on housing.

Cost Burden by Tenure and Income Level				
Income Categories	Renter Occupied		Owner Occupied	
	Cost Burden >30%	Cost Burden >50%	Cost Burden >30%	Cost Burden >50%
Household income <30% AMI	0	0	160	135
Household income >30% and <50% AMI	30	30	110	110
Household income > 50% and <80% AMI	0	0	185	125
Household income >80% to <100% AMI	0	40	80	65
Household Income >100% AMI	0	0	635	245

Cost burden affected a majority of lower and moderate-income households in 2017 regardless of tenure; however, the incidence of cost burden was greatest among extremely low-income homeowners (100%) and very low-income renters (88%). With a high prevalence of cost burden amongst lower income households, households may attempt to mitigate cost burden by taking in additional roommates or occupying smaller and presumably cheaper units, leading to overcrowding.

The cost of housing in a community is determined by a range of supply and demand factors. These include the composition of demographics within the community, labor market and economic base, current wages and job outlook. These are combined with land and construction costs, and in the Bay Area, these factors have resulted in the highest housing costs nationwide. With housing costs being high and rising at a steep rate, it is important to look at the home values in a community to determine housing needs that are affordable to other income brackets. Hillsborough’s home values are significantly higher than those in the region with the average home estimated at \$4,571,820 by December 2020 according to Zillow, contrasting with average home values in San Mateo County (\$1,418,330) and the Bay Area (\$1,077,230).

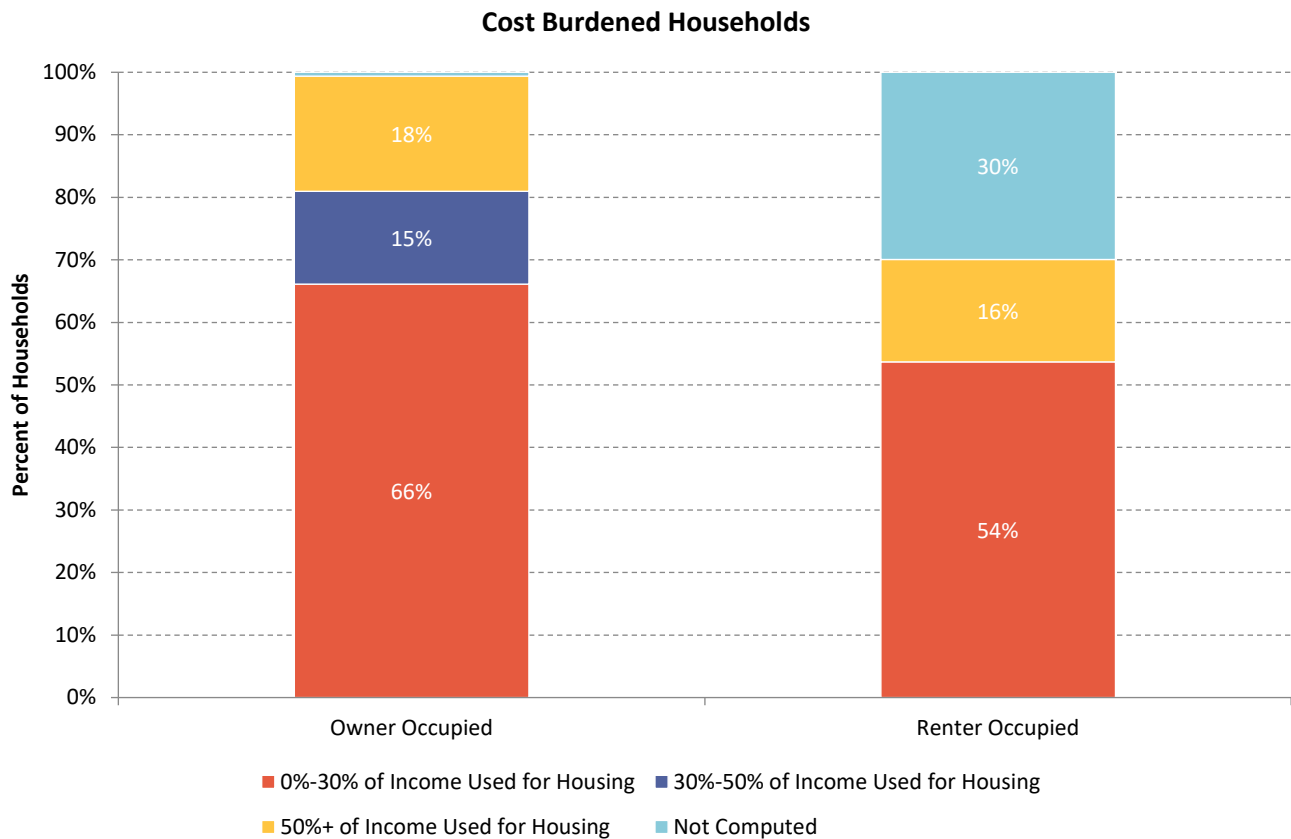

Figure 5.11: Cost Burdened Households

Special Needs Groups

Certain segments of the population may have more difficulty in finding decent, affordable housing due to their special needs, including employment and income, household size, disability status, or number of dependents. These groups, which are termed “special needs groups” herein, often expend a greater proportion of their income on housing costs, live in overcrowded units, or in substandard conditions. Special needs groups include Senior-headed households; Female-headed households; Large households; Persons with disabilities; Agricultural workers; Students; and Homeless individuals.

Senior Headed Households

Senior-headed households are considered special needs groups due to their relatively low incomes, disabilities or limitations, and dependency needs. The senior age range includes individuals over 65 years of age. This group has four main concerns: limited and often fixed income; poor health and associated high healthcare costs; mobility limitation and transit dependency; and high costs of housing.

According to ACS data collected between 2015-2019, households headed by seniors (age 65+) represented approximately 35% of all Hillsborough households. Of these households, the majority (97%) owned their homes, while the remainder (3%) rented. The largest population of seniors by income group who rent and own a home make greater than 100% of AMI. **Table 5.3: Senior-Headed Households by Income and Tenure** shows the number of senior households that rent and own by income category. The share of senior-headed households that rent their housing is substantially lower in Hillsborough than San Mateo County (14%).

Table 5.3: Senior-Headed Households by Income and Tenure		
Income Group	Owner Occupied	Renter Occupied
0%-30% of AMI	110	0
31%-50% of AMI	90	20
51%-80% of AMI	135	0
81%-100% of AMI	35	0
Greater than 100% of AMI	980	35
Totals	1,350	55

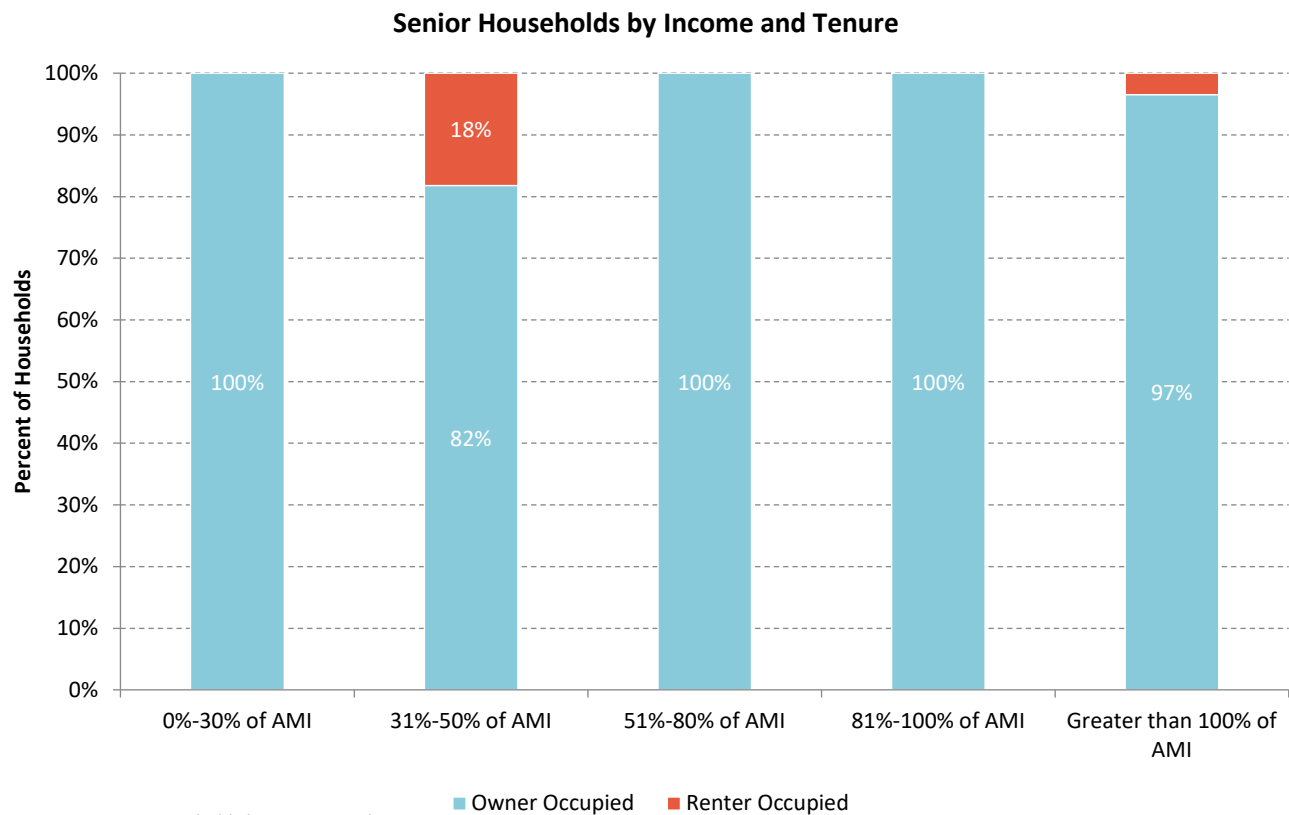

Figure 5.12: Senior Households by Income and Tenure

Many seniors have a disability. Roughly 47% of Hillsborough's senior population had one or more disabilities according to ACS data collected between 2015 and 2019. The need for housing for senior individuals will likely increase as the Town's number of senior-headed households continues to grow. It will therefore be particularly important for the Town to promote housing types that accommodate senior lifestyles and incomes.

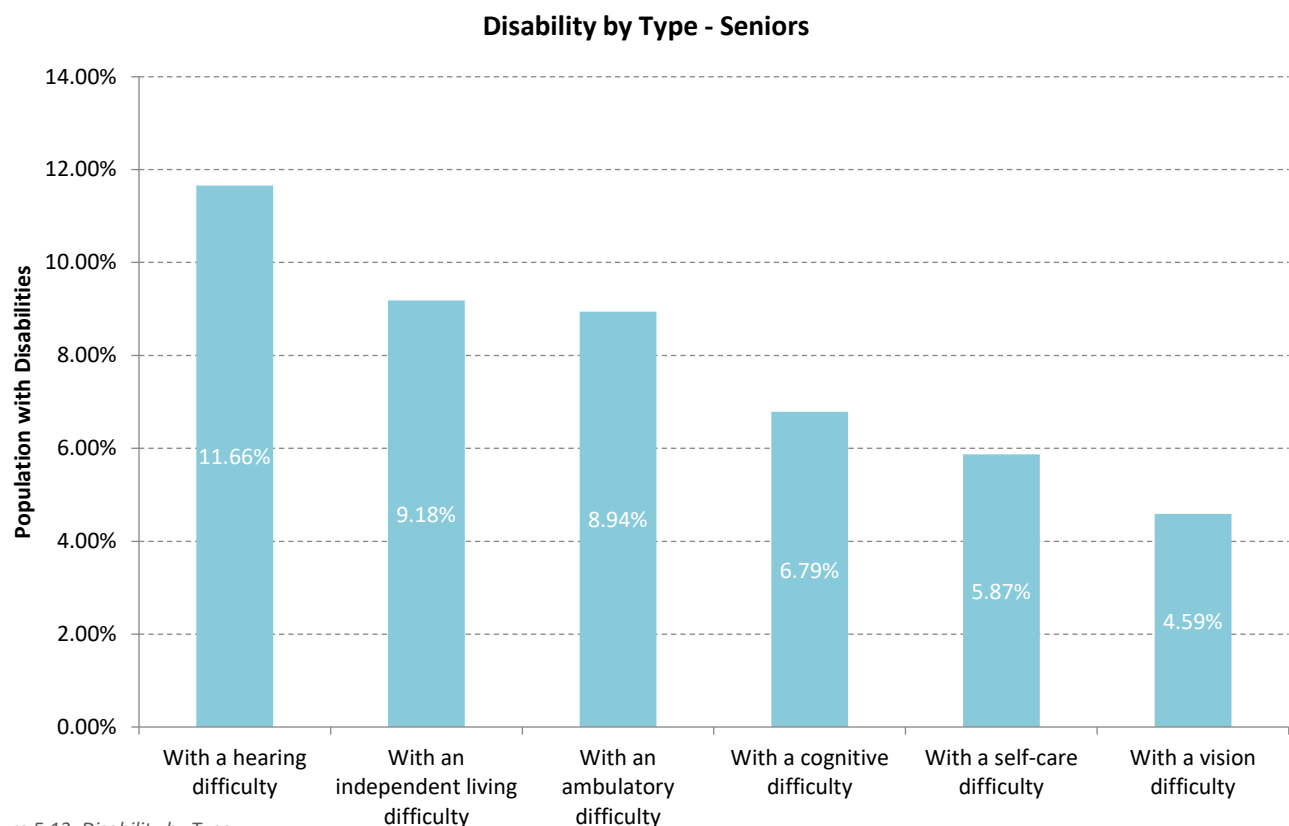

Figure 5.13: Disability by Type

Female-Headed Households

Single-parent households require special consideration and assistance because of their greater need for day care, health care, and other facilities. Female-headed households with children tend to have lower incomes, thus limiting housing availability for this group. According to the 2015-2019 ACS, approximately 4% of Hillsborough households were female headed households, while the largest proportion of households is Married-couple Family Households, 83% of the total amount of households. *Figure 5.14: Female-Headed Households* shows the number and percentage of female-headed households in the city in 2019 in relation to the total number of households. According to the 2015-2019 ACS, 43% of female headed households with children had incomes below the Federal Poverty Line, while 0% of female headed households without children fell below the Federal Poverty Line. Town efforts to expand affordable housing opportunities will help meet the needs of single female headed households.

Figure 5.14: Female-Headed Households by Poverty Status

Large Family Households

Large households, defined as those with five or more members, are identified as a group with special housing needs based on the limited availability of adequately sized, affordable housing units. Large households are often of lower income, frequently resulting in the overcrowding of smaller dwelling units and, in turn, accelerating unit deterioration.

As *Figure 5.15: Small and Large Households* shows, about 18% of Hillsborough households were classified as “large households” by the 2015-2019 ACS. *Figure 5.16: Household Size by Number of Persons* shows that about 88% of large households owned the housing units they occupied and 12% of large households rented their housing unit. In 2017, about 4% of large households were very low-income, earning less than 50% of the area median income (AMI).

Figure 5.15: Small and Large Household

Additionally, large households have specific housing needs which require more space. Large households often feel the cost burden of paying a higher price for additional bedrooms. In Hillsborough, 15% of large households experience a cost burden of 30-50% and 15% of large households pay more than 50% of their income on housing.

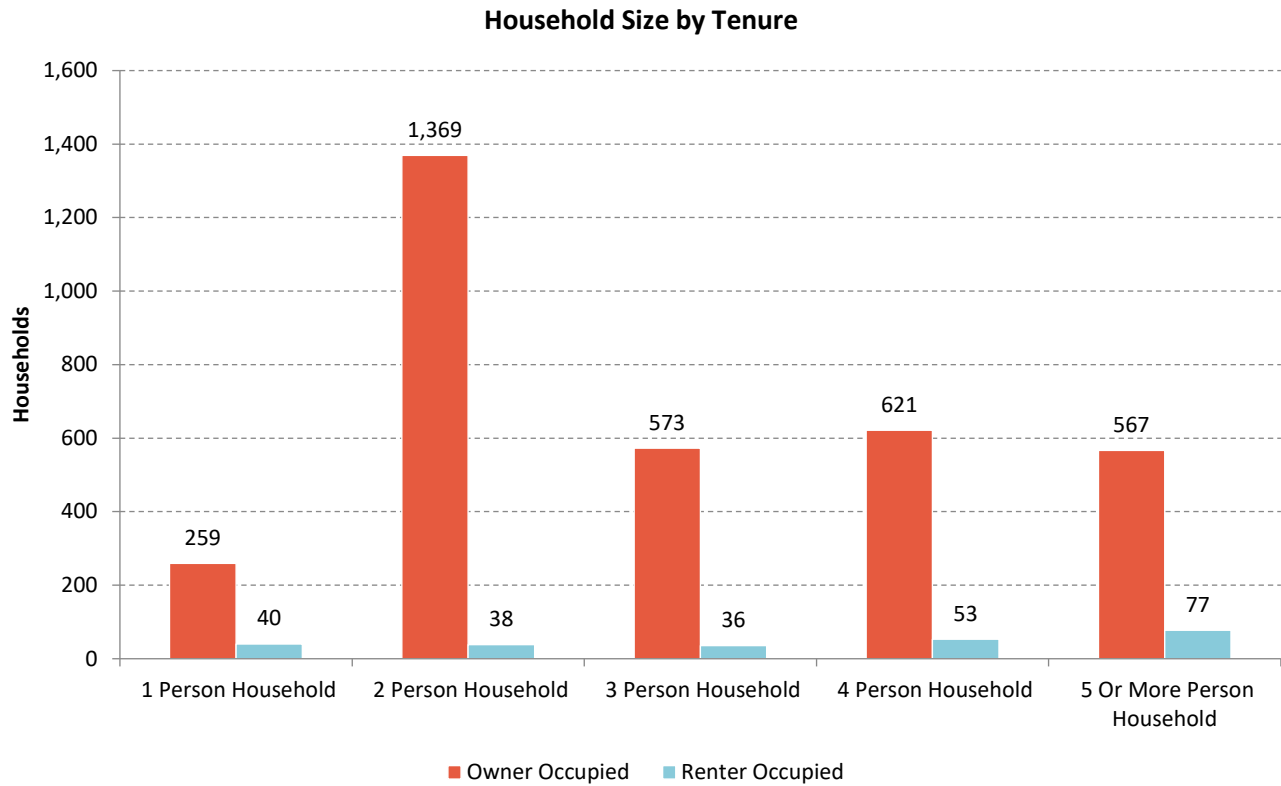

Figure 5.16: Household Size by Number of Persons

Extremely Low-Income Housing Needs

Housing costs in the Bay Area continue to be some of the highest in the nation. High housing costs in the area result from supply and demand factors like the composition of demographics, labor market and economic base, current wages, job outlook and land and construction costs. Due to an expensive housing market, households with extremely low-income housing needs often experience exclusivity from certain communities, displacement, long commutes to school, work or other community amenities. The California department of Housing and Community Development (HCD) defines Extremely low-income households as earning 15-30% of the area's median income (AMI). In Hillsborough, 78% percent of households earn more than 100% of AMI and 89% of large-family households with 5+ residents earn more than 100% AMI. In contrast, 6% of households in Hillsborough make less than 30% AMI, which is considered extremely low income.

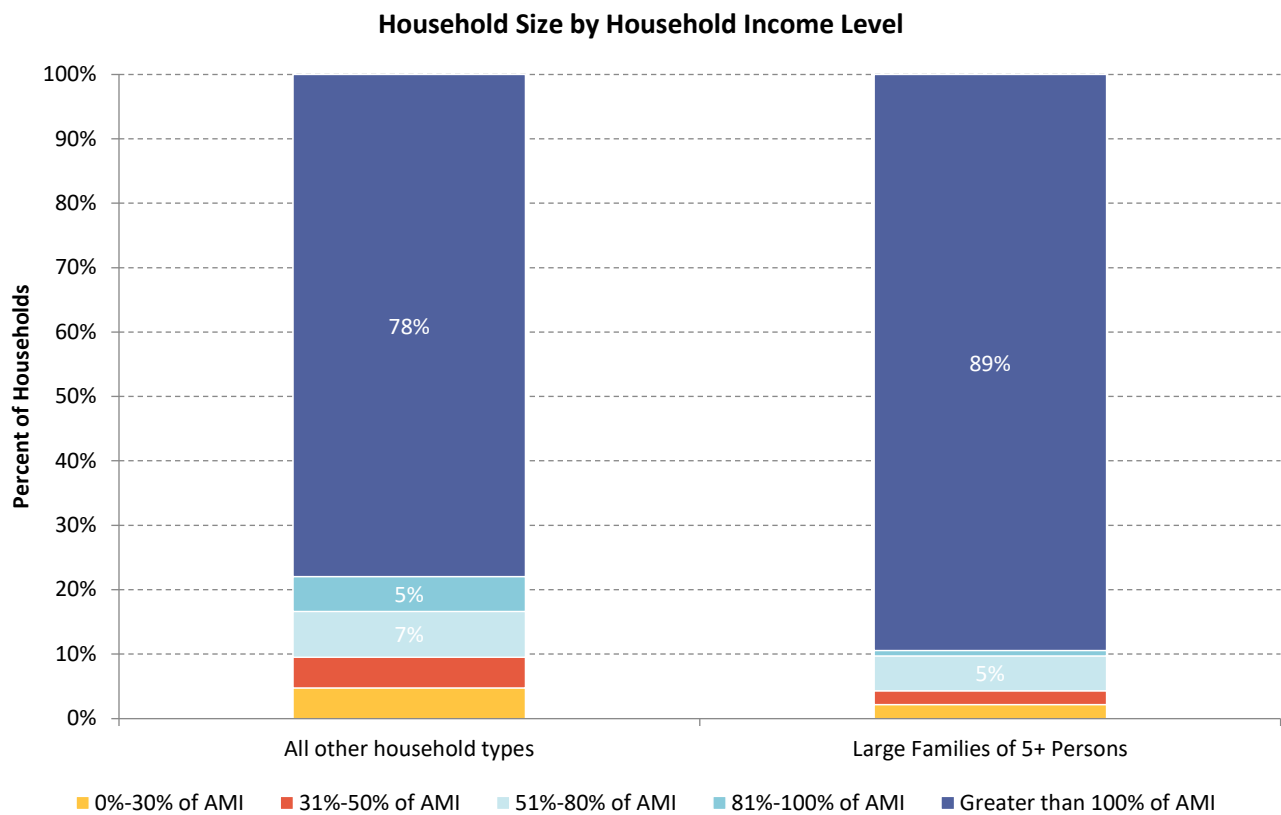

Figure 5.17: Household Size by Household Income Level

Persons with Disabilities

Persons with disabilities have one or more physical, mental, or developmental conditions that substantially limit one or more day-to-day activities. These individuals often have difficulty holding employment opportunities, have limited incomes, and have difficulty occupying conventionally designed housing. According to 2015-2019 ACS data, 7% of Hillsborough’s population had a disability. *Figure 5.18: Peoples with Disability by Type* shows that 309 individuals (3%) of the disabled population, had difficulty hearing, 168 individuals (2%) of the disabled population had vision difficulty, 267 individuals (2%) of the population had cognitive difficulty, 258 individuals (2%) of the disabled population had ambulatory difficulties, 334 individuals (3%) of the disabled population had a disability that made independent living difficult, while 184 individuals (2%) of the disabled population, had self-care difficulty. It is important to note that persons with a disability can have more than one type of disability and can, therefore, be classified within more than one of the categories listed.

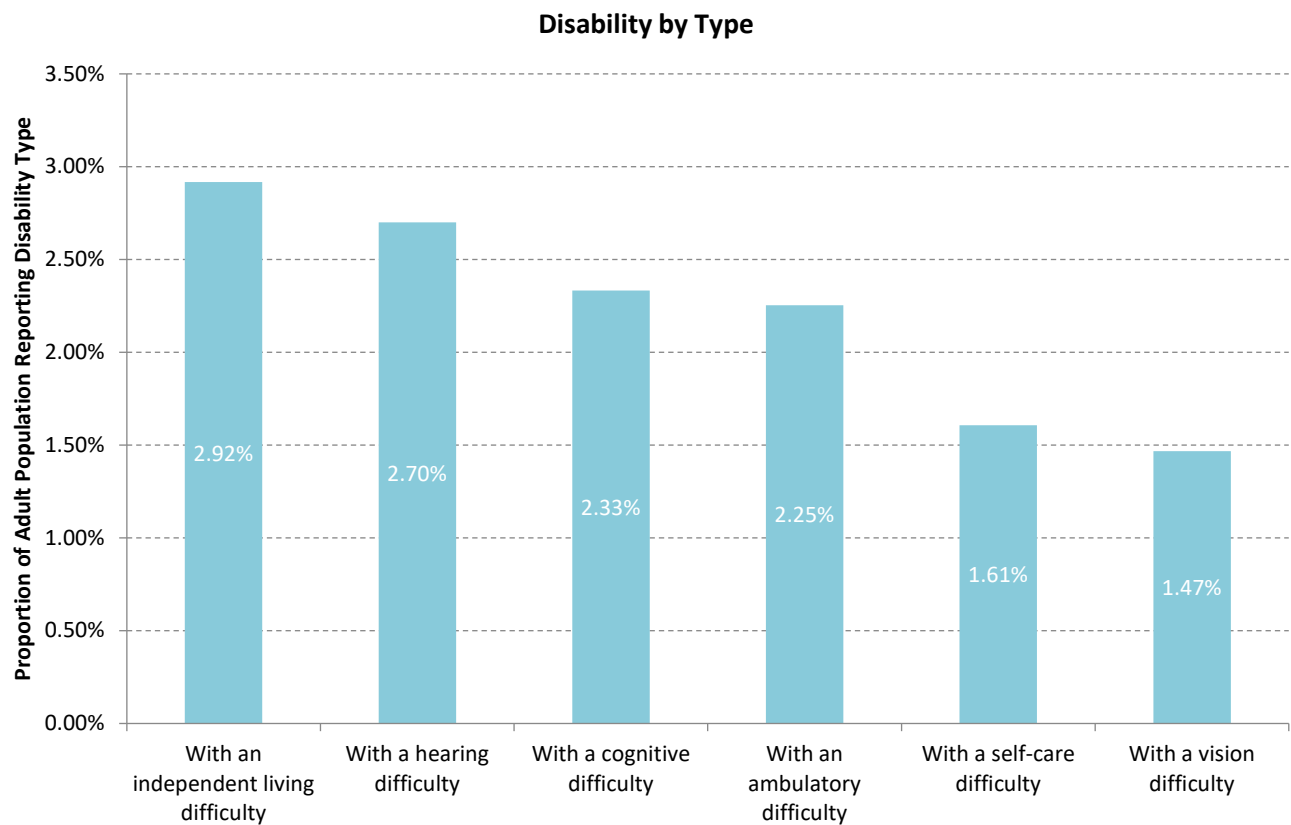

Figure 5.18: Disability by Type

Four factors: affordability, design, location, and discrimination significantly limit the supply of housing available to persons with disabilities. The most pressing need for persons with disabilities is housing that accommodates the nature of their disability. Most single-family homes are inaccessible to people with mobility and sensory limitations. Conventional housing often does not feature widened doorways and hallways, access ramps, larger bathrooms, lowered countertops, and other features necessary for accessibility.

The cost of retrofitting a housing unit often prohibits disabled individuals from buying a home, even among those who could otherwise afford one. Furthermore, some providers of basic homebuying services do not have offices or materials that are accessible to people with mobility, visual, or hearing impairments. The location of housing is also a factor for individuals with mobility-related disabilities, as they often rely upon public transportation. Transportation services for persons with disabilities are typically provided by public and private agencies. State and federal legislation sets accessibility and adaptability standards for new or rehabilitated multifamily apartment complexes to ensure that the housing accommodates individuals with physical mobility constraints.

Disability data also provides valuable context to assess the current and future need for accessible housing units. It is important to note that since some disability types are not recorded for children below a certain age, the disability rate within the population may be an underestimate. Understanding the employment status of people with disabilities may also be an important component in evaluating specialized housing needs. In Hillsborough, 86% of the population with a disability is employed, lower than 97% of the non-disabled population. This data indicates housing units that are universally accessible will also need to be affordable given disabled individuals’ lower employment status and incomes.

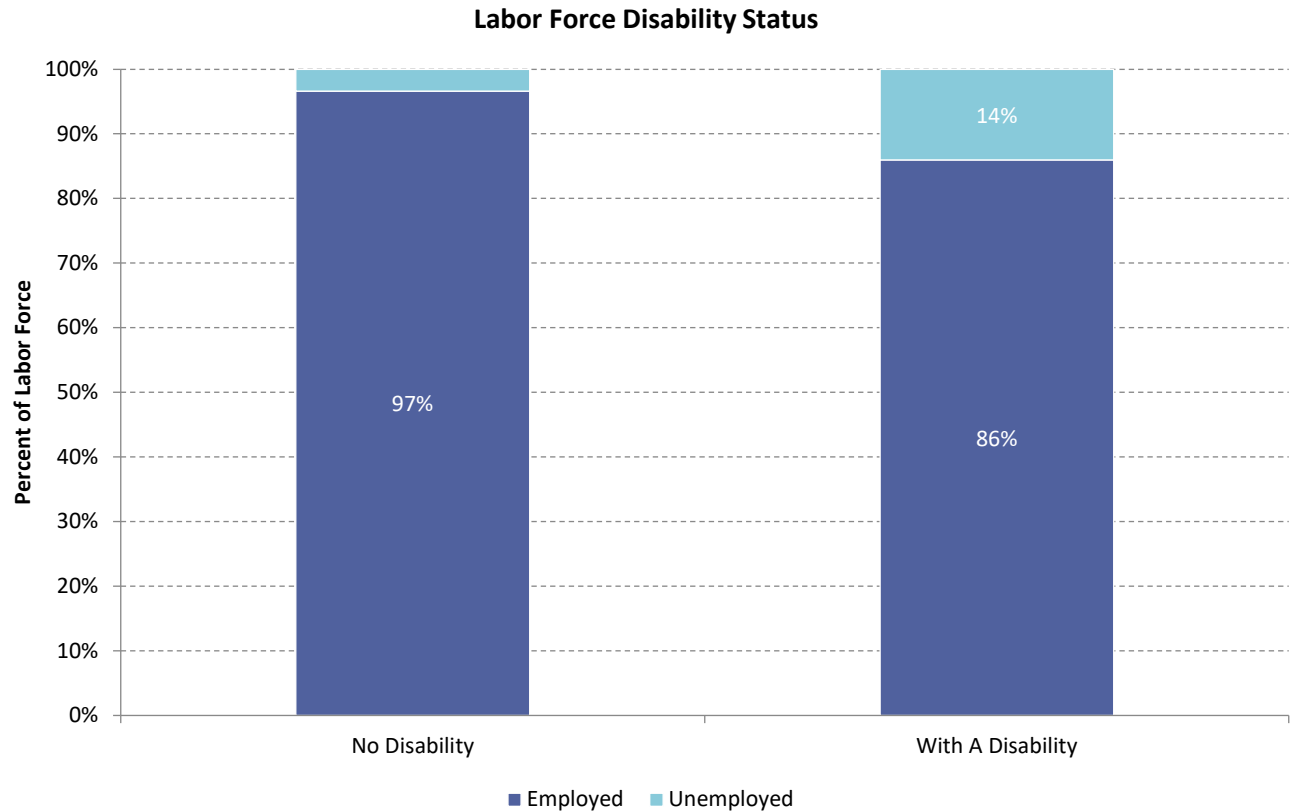

Figure 5.19: Labor Force Disability Status

Persons with Development Disabilities

A recent change in State law requires that the Housing Element discuss the housing needs of persons with developmental disabilities. As defined by State law, “developmental disability” means a disability that originates before an individual attains 18 years of age; continues, or can be expected to continue, indefinitely; and constitutes a substantial disability for that individual. Intellectual disability, cerebral palsy, epilepsy, and autism are considered developmental disabilities. The term also includes conditions closely related to intellectual disability and that require similar treatment, but the term does not include other handicapping conditions that are solely physical in nature.

Many persons with developmental disabilities can live and work independently within a conventional housing unit. More severely disabled individuals often require a group living environment, however, where supervision is provided. The most severely affected individuals may require an institutional environment where medical attention and physical therapy are provided. Because developmental disabilities exist before adulthood, the first issue in supportive housing for the developmentally disabled is the transition from the person’s living situation as a child to an appropriate level of independence as an adult.

The California Department of Developmental Services (DDS) provides data on developmental disabilities by age and type of residence at the ZIP-code level and the data is show in *Figure 5.20: Persons with Development Disabilities*. According to the DDS data, there were approximately 43 Hillsborough residents with developmental disabilities being served by CA-DDS in 2020. Of these 43 individuals, 16, or 37%, are under the age of 18 while 62%, or 27, of these individuals are over the age of 18. Most of these individuals (78%) resided in a private home with their parent or guardian.

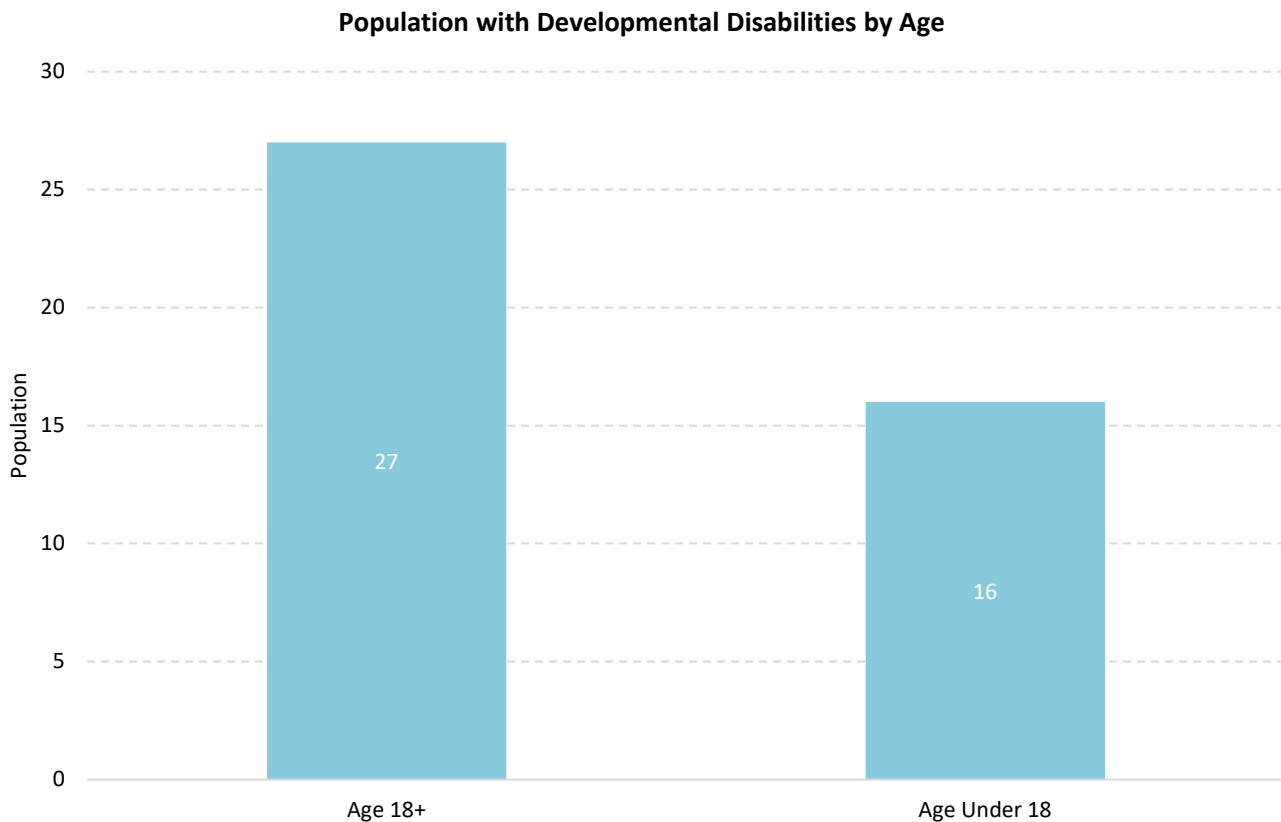

Figure 5.20: Persons with Development Disabilities

Agricultural Workers

Housing for agricultural workers is a unique concern throughout California. While only a small share of jurisdictions in the ABAG region have agricultural workers living in them, these workers are essential because they support the region's economy and food supply.

Agricultural workers are defined as persons whose primary incomes are earned through permanent or seasonal agricultural labor. Permanent farm laborers work in the fields, processing plants, or support activities, generally on a year-round basis. When the workload increases during harvest periods, the labor force is supplemented by seasonal labor, often supplied by a labor contractor. For some crops, farms may employ migrant workers, defined as those whose travel distance to work prevents them from returning to their primary residence every evening. Determining the true size of the agricultural labor force is difficult. For instance, the government agencies that track farm labor do not consistently define agricultural workers (e.g. field laborers versus workers in processing plants), length of employment (e.g. permanent or seasonal), or place of work (e.g. the location of the business or field).

According to the 2015-2019 ACS data, no Hillsborough residents were employed in Agricultural and natural resources occupations, as **Figure 5.21: Agricultural Workers** shows, however Countywide, there were 978 permanent farmworkers and 343 seasonal farmworkers in 2017, both showing a decrease since 2002. Hillsborough is a primarily residential community with no land designated as or zoned for agricultural uses. According to the Town's Open Space and Conservation Element, Hillsborough has no agricultural or lumber production or important farmlands in need of conservation.

According to the Department of Conservation's California Important Farmland Finder, the Town of Hillsborough is designated mostly "Urban and Built-Up Land" with some areas designated as "Other Land". Because the Town is primarily a residential community with no agricultural lands or farmlands, there is a limited need for agricultural worker housing in the Town. Promoting affordable housing for extremely low and very low-income households would address the housing needs of agricultural workers in Hillsborough, if any.

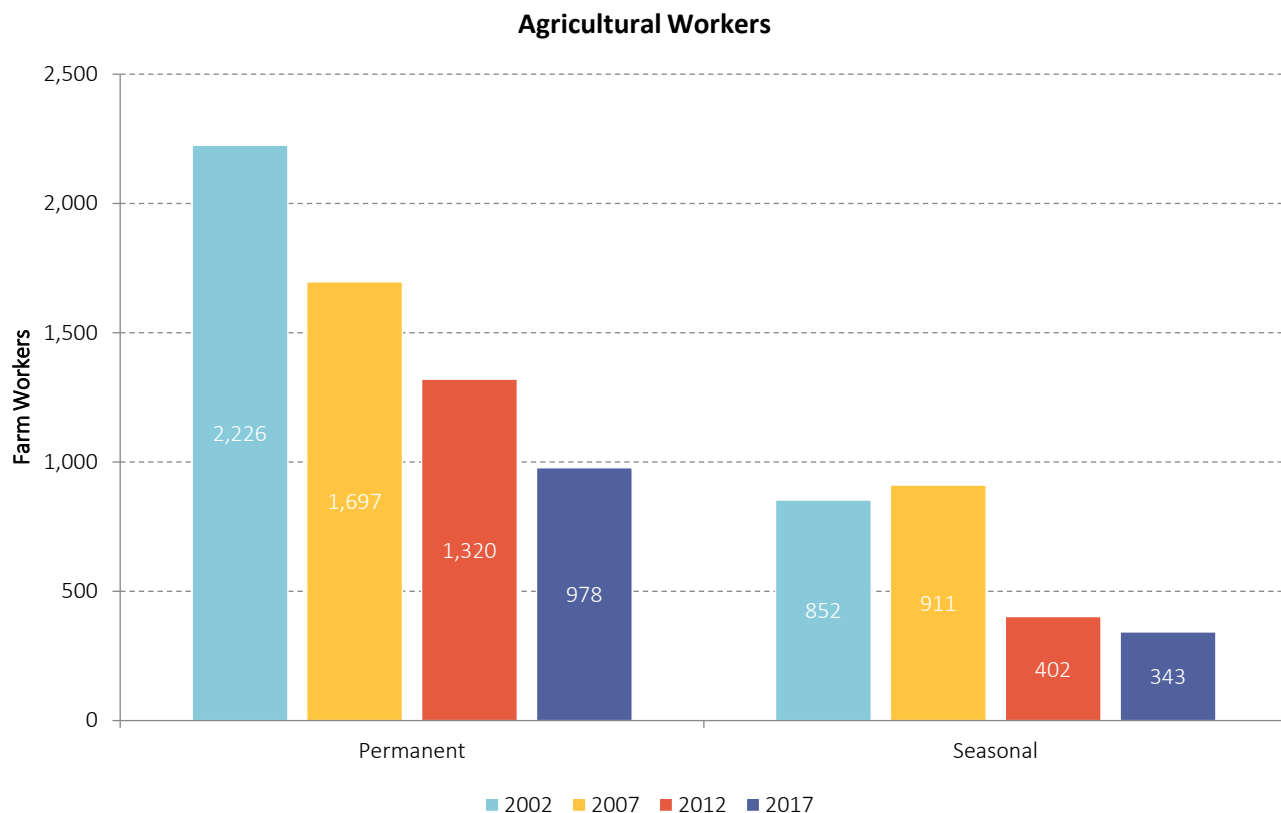

Figure 5.21: Agricultural Workers

Students

There are no Universities in Hillsborough, however 9 colleges within San Mateo County (Skyline College, San Mateo Adult School, College of San Mateo, Draper University, Samuel Merritt University, Pacific Technical College, Gurnick Academy Notre Dame de Namur University and Canada College).

Approximately 48,940 students were enrolled in the County's colleges in 2019, which represented about 6% of the County's population. This number is consistent with the national average number of students in each community (about 6%). Typically, students have lower incomes and, therefore, can be impacted by a lack of affordable housing. Overcrowded housing within special needs groups is also a common concern.

Homeless Population

According to United State Department of Housing and Community Development (HUD), the homeless population includes:

- Individuals and families who lack a fixed, regular, and adequate nighttime residence, including individuals who are exiting an institution where they resided for 90 days or less and who resided in an emergency shelter, or a place not meant for human habitation immediately before entering that institution;
- Individuals and families who will imminently lose their primary nighttime residence;
- Unaccompanied youth and families with children and youth who are defined as homeless under other federal statutes who do not otherwise qualify as homeless under this definition; or
- Individuals and families who are fleeing, or are attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member.

Homelessness in Hillsborough and Town Efforts

While there are no reported people experiencing homelessness in the Town of Hillsborough, the Town has contributed multiple efforts towards fighting homelessness in San Mateo County. The Adopted 2021-22 Budget states that 3.6% of the Town's net tax base goes toward homeowners' property tax relief, veterans, governments, and non-profits. According to the 2014 Draft Housing Element, Hillsborough was one of the first cities in the County to contribute to a trust fund that funds homeless shelters and transitional housing Countywide. Additionally, Hillsborough provided financial support and leadership to Shelter Network, now LifeMoves, HIP Housing, Jobs for Youth, Sustainable San Mateo County and HEART during the fiscal year 2012-13. Hillsborough also includes Program 1-A7 in the 2014 Draft Housing Element to: "Continue Town contributions to San Mateo County homeless and transitional housing programs. Enhance regional and sub-regional housing efforts by exploring partnerships through existing programs." In response to Goal 1 to: "Increase Housing Opportunities in Hillsborough and Surrounding Communities."

Hillsborough provides a number of housing resources on their website and supports shared housing, a program through the Human Investment Project which matches people in need of housing with residents who have extra space. Hillsborough is also part of the County Consortium jurisdiction, which is covered by the San Mateo County 2018-2022 Consolidated Plan which provides priorities and goals in order to allocate funding from the U.S. Department of Housing and Urban Development (HUD) Development formula block grant programs. These assist with a range of housing and community development interventions. Although the Town has shown efforts in assisting the homelessness crisis, Housing Element law requires local jurisdictions to provide estimates or a Point in Time count on the daily average number of people experiencing homelessness.

According to the County of San Mateo's 2019 One Day Homeless Count and Survey, along with the Department of Housing and Urban Development's Continuum of Care (CoC) Homeless Populations and Subpopulations 2019 Report, the total homeless count was 1,512 individuals, as counted on the morning of January 30, 2019. While some of the homeless population in San Mateo County are living in emergency shelters or transitional housing, the majority are unsheltered, about 60% of the homeless population, while about 73% of the total homeless population are "persons in households without children". Of the households without children, about 75% of them are unsheltered. People of color are generally more likely to experience homelessness or poverty due to historic racial discrimination which includes past housing policy, such as redlining, that resulted in exclusion.

In the Bay area region, Black residents are most vulnerable to experiencing homelessness, however, in San Mateo County, White residents account for 66% of the homelessness population, representing the largest portion, although white residents make up about 51% of the overall population in San Mateo County. Additionally, the Latinx population makes up about 25% of the general population and about 38% of the homeless population in San Mateo County. As mentioned previously, homelessness can stem from a range of factors, and many suffer from mental illness, substance abuse and domestic violence that require aid. In San Mateo County, 305 individuals were reported with a severe mental illness with about 62% of unsheltered.

In 2016, the County published its Strategic Plan to Ending Homelessness in San Mateo County called “Ending Homelessness in San Mateo County”, a plan that was developed based on five goals to: “create a system to end homelessness in San Mateo County by 2020, end Veteran homelessness, end family homelessness, end youth homelessness, and ensure that individuals exiting institutions will not discharge into homelessness.” The plan includes 12 strategies to address each of the five goals, which include actions and desired outcomes for each.

Table 5.4: Homelessness by Household Type and Shelter Status

Variable	People in Households Composed Solely of Children Under 18	People in Households with Adults and Children	People in Households without Children Under 18
Sheltered- Emergency Shelter	0	68	198
Sheltered- Transitional Housing	0	271	74
Unsheltered	1	62	838

Alternative Housing for Homeless People

The County of San Mateo HOPE Interagency Council is predicated on the understanding that homelessness is caused by a complex range of underlying physical, economic, and social needs. Nonetheless, there is still the need for immediate housing. To that end, the County produced a report titled “Ending Homelessness in San Mateo County” which provides a list of the available interventions for people experiencing homelessness:

- **Outreach and Engagement.** This includes the County, Cities and nonprofits efforts to provide multi-disciplinary outreach Homeless Outreach Teams (HOT). This includes outreach specialist from LifeMoves who provide outreach efforts with unsheltered homeless people across the county, identify individual needs, and develop person centered housing plans.
- **Emergency Shelters.** This includes short-term facilities that provide basic services and, in some cases, assistance in developing a plan for permanent housing
- **Transitional Housing.** This is a residence that provides a stay of up to two years during which residents are provided case management services that prepare them to obtain and maintain housing and be self-sufficient. However, many of the programs in San Mateo County are designed to be much shorter.
- **Rapid Re-Housing.** This is a program that provides people experiencing homelessness and families with short term rental subsidies which typically last up to 6 months after which they take over responsibility for paying their own rent. Rapid re-housing provides services to help locate housing opportunities and case management on maintaining housing stability.
- **Permanent Supportive Housing.** This is a residence that provides permanent affordable housing linked with ongoing support services that allow residents to live at the place of residence on an indefinite basis. This housing intervention is specific to people experiencing chronic homelessness or have significant behavioral disabilities.
- **Homelessness Prevention Programs.** This includes a range of homelessness prevention programs which provide financial assistance to households at risk of losing their home.

Housing Stock Characteristics

The term “housing stock” refers to all the housing units located within a community’s boundary. The characteristics of the housing stock, including its growth rate, housing types, age, condition, tenure, vacancy rates, costs, and affordability compared with incomes are important considerations in determining the community’s housing needs. The following details the Town of Hillsborough’s housing stock and identifies how well the current housing stock meets the needs of current and future residents.

Hillsborough’s housing stock has grown over the past decade, increasing from 3,912 housing units in 2010 to 4,091 housing units in 2020, an increase of approximately 4%. Between 2000 and 2020, more single-family housing than multi-family housing was constructed in the Town. In that timeframe, 218 single-family residential units were built, both owner and renter occupied, compared with 0 multifamily units.

Historically, housing trends in the Bay area region and across the state of California have responded to land use and zoning regulations and the construction of single-family households has been the primary housing type. Multifamily residential is usually designated in its own zone that permits higher density resulting in multi-family buildings or townhome developments. More recently, many neighborhoods are beginning to accept “missing middle housing” housing typologies within single-family neighborhoods in response to SB 9 and as a way to add density to a community without sacrificing the integrity or charm of a neighborhood. These housing typologies include duplexes, triplexes, fourplexes, cottage courts, townhouses and live-work units. Additionally, with new ADU enabling laws in California, Accessory Dwelling Units are becoming increasingly more popular. These new housing options provide opportunities for a wider demographic range, income levels and tenure to afford housing.

Figure 5.22: Housing Stock Trends

Hillsborough is a residential community made up of primarily single-family residential housing units. As depicted in **Figure 5.22: Housing Stock Trends**, in 2010, 3,825 housing units (98%) of the total housing stock was detached, single-family residential making up the majority of the housing stock in Hillsborough. Consistently, in 2020, 3,936 housing units (96%) of the total housing stock were detached, single-family residential. The rest of the housing stock in 2020 was made up of 3% attached single-family housing, 0.7% multi-family residential with 2–4-units and 0% multi-family residential with 5 or more units. Detached, single-family residential housing experienced the most growth between the years of 2010 to 2020 in Hillsborough. When combined, detached and attached single family residential make up 4,063 single-family units, 99% of Hillsborough’s housing stock, a much larger share than San Mateo County with 172,988 single-family residential units 24% of the total housing stock. Meanwhile, the average household size is 3.43 persons per household.

Housing Age and Condition

Examining the age of the current housing stock is one way to understand how historical development patterns have contributed to the Town’s built form. The slow pace of housing production in the Bay Area has not satisfied housing demand in the last several decades due to strict and outdated land use and zoning regulations. Additionally, jobs in the Bay Area have recently spiked significantly as the region has become a hub for the tech industry, creating a surge in population. Population growth paired with a lack of housing development has created a housing market that cannot equally meet the needs of the population.

The time during which the largest share of Hillsborough’s housing units was built is 1960-1979, where 1,455 units built (36%) and approximately 80% of the Town’s housing stock was constructed prior to 1980. This is consistent with trends seen in the County, where more units were built during 1960-1979 than any other period. Since 2010, only 53 units, or 1.3% of the current housing stock, has.

Housing that is 30 years old or older, like most of the housing in Hillsborough, is assumed to require some rehabilitation. Features such as electrical capacity, kitchen features, and roofs usually need updating if no prior replacement work has occurred.

The Bay Area Region has some of the highest housing costs nationwide, which is responsible for some individuals in the area living in substandard housing conditions and lacking basic amenities so they can afford the cost of Bay Area living. The ACS estimates that about 0% percent of renters and homeowners live in substandard housing conditions or reported lacking a kitchen and plumbing. By the end of this Housing Element planning period in 2029, 93% of the Town’s housing stock, a total of 3,759 units, will exceed 30 years of age and may, therefore, need some degree of rehabilitation at that time; however, the need for rehabilitation does not necessarily make a housing unit substandard.

Figure 5.23: Housing Units by Year Unit

Housing Tenure in Hillsborough

The tenure distribution of a community’s housing stock (owner occupied versus renter occupied) influences several aspects of the local housing market. Homeownership can stabilize the housing market by allowing households to reside in the community in the long-term, however, a substantial share of housing available for rent is also advantageous in that it allows new residents to move into the community and enables more households to access housing who might not be able to otherwise. Tenure preferences are primarily related to household income, composition, and age of the householder. As a result, housing cost burden is far more prevalent among renters. Between 2015 and 2019, 3,389 (93%) of Hillsborough’s housing stock was owner-occupied, while 244 units (7%) were renter-occupied and has increased from 3,530 Owner Occupied households and 159 Renter Occupied households in 2000 (Figure 5.24: *Housing Tenure*). This rate of homeownership is substantially higher than the countywide rate (60% owner-occupied).

Figure 5.24: *Housing Tenure (2000-2019)*

Renter-occupied households were slightly larger than owner-occupied households in Hillsborough (*Figure 5.25: Tenure by Household Size*). Among those who rented their homes between 2015 and 2019, 68% lived in homes with 3 or more persons per household, compared to 51% for the owner-households.

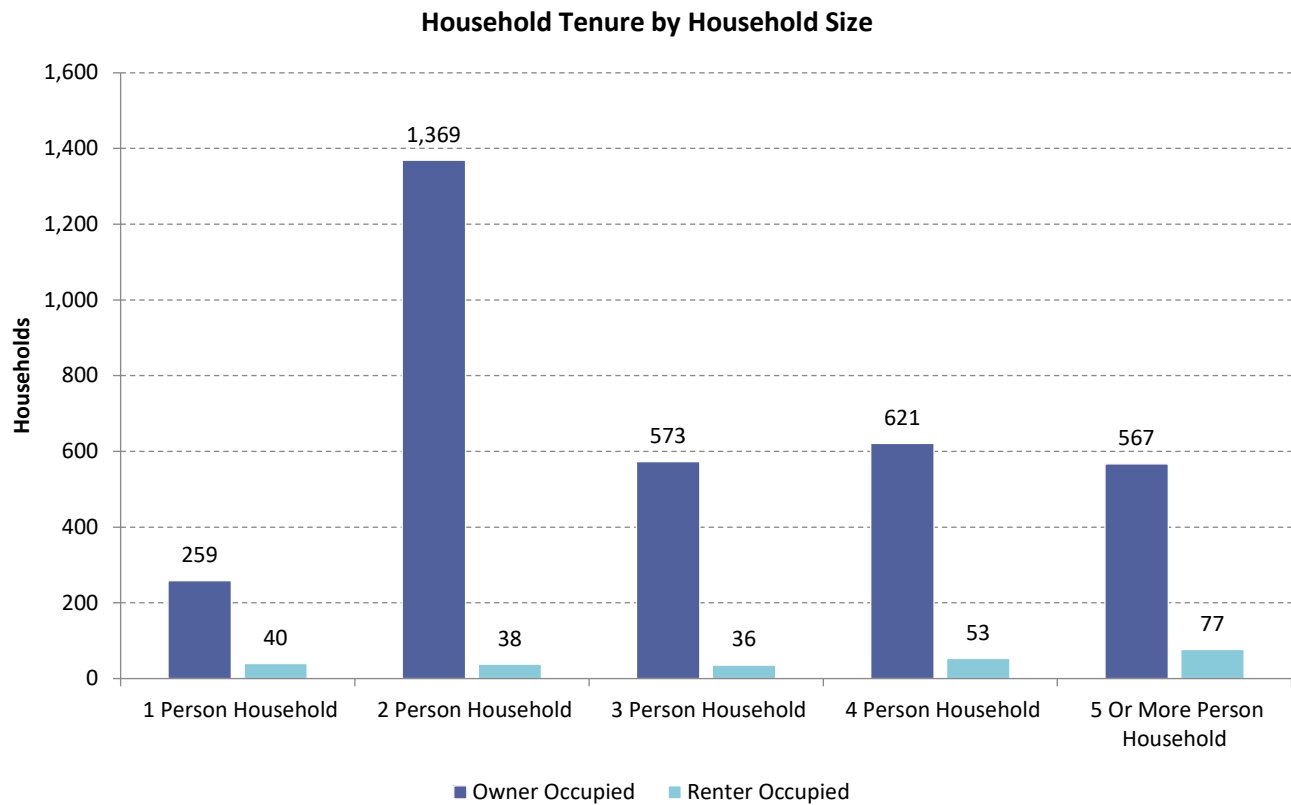

Figure 5.25: Household Tenure by Household Size

Housing Tenure by Race

Race and ethnicities show large differences in homeownership rates in the Bay Area, and nationwide due to differences in income and wealth and historic federal state and local land use and zoning policies. These policies have traditionally limited access to homeownership for communities of color, while enabling homeownership for white residents. They have also limited access to reside in certain communities. These disparities are still prevalent today as the resulting impacts from these policies are evident in our communities, despite many racially driven land use and zoning policies seizing, such as redlining.

In Hillsborough, 59% of Black households, 95% of Asian households, 79% of Latinx households and 93% of White households own their homes. Additionally, recent changes to state law require local jurisdictions to examine these dynamics and other fair housing issues when updating their Housing Elements

Figure 5.26: Household Tenure by Race

Housing Tenure by Age

Narrowing down the type of home ownership by age groups that occupy them can expose the housing needs of specific age cohorts. For example, due to the high cost of housing in the Bay Area, younger age groups may struggle with purchasing a home and are more likely to rent. Senior homeowners who are interested in downsizing may also struggle with the competitive and expensive housing market.

In Hillsborough, 72 renter occupied occupants are between the ages of 25 and 44 which makes up 13.4% of the total renter occupied households for that cohort. At the same time, 40 renter occupied occupants are in the 65+ cohort which makes up 3.2 % of the total households in this cohort.

Figure 5.27: Household Tenure by Age

Housing Tenure by Year Moved to Current Residence

As inflation affects the housing market, analyzing the type of home ownership by the year occupants moved to their current residences can help understand housing needs for the next planning cycle.

The number of owner-occupied households has decreased from 925 households for residents who moved into their households before the year of 1989 which is 96% of total households for these years, to 107 owner occupied households for residents who moved into their households during the year of 2017 or later, which is 67% of total households during these years (*Figure 5.28: Year Moved to Current Residence*).

Figure 5.28: Household Tenure by Year Moved to Current Residence

Household income level by Tenure

There are large income gaps between homeowners and renters in the Bay Area region. The need for affordable housing exceeds the amount of housing available for low-income renters. In Hillsborough, the largest proportion of renters falls within the Greater than 100% of AMI income group with 195 renters. This number of renters reflects 74% of the total number of renters in Hillsborough. Consistently, the largest proportion of homeowners also falls in the Greater than 100% of AMI group with 2,679 homeowners. This number reflects 78% of the total number of homeowners in Hillsborough (*Figure 5.29: Household Income Level by Tenure*).

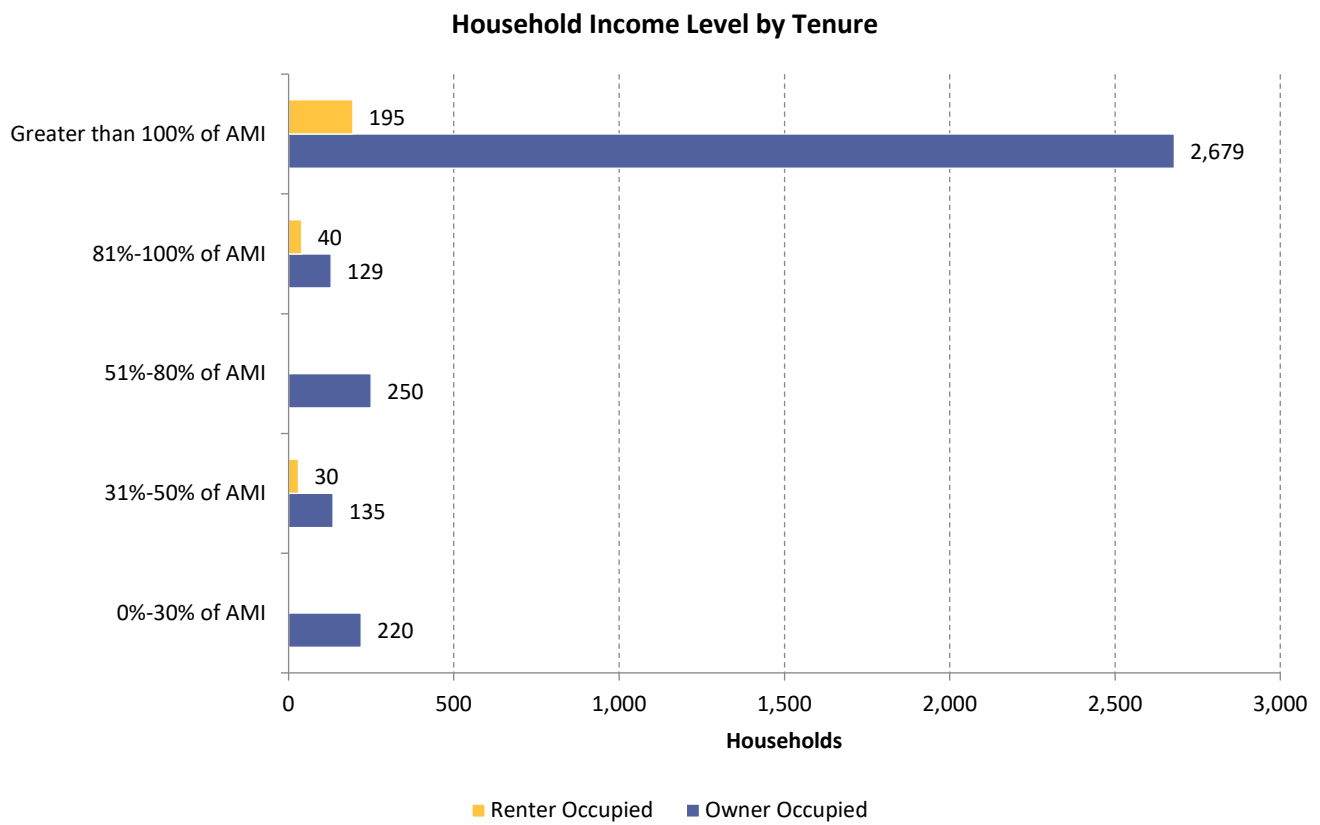

Figure 5.29: Household Income Level by Tenure

Housing Tenure by Housing Type

Single family residential households make up the majority of residential zoning in the Bay Area Region. In general, the cost of living in a detached single-family house is higher than multi-family residential units, and the capacity to house more community members decreases with the lack of density. In Hillsborough, 97% or 3,537 of the total 3,633 total households are detached single family homes. 93% of single-family residential units are owner-occupied while 54% of non-single-family housing units are owner occupied.

Figure 5.30: Household Tenure by Housing Type

Households by Displacement Risk and Tenure

As housing prices continue to rise paired with the slow pace of home building in the Bay Area, many low- and middle-income residents experience displacement. Displacement occurs when a community becomes too expensive for current residents to afford due to gentrification and they are forced out of their home neighborhood.

The University of California, Berkeley has mapped Bay Area neighborhoods by their vulnerability to gentrification. According to UC Berkeley, 0% of households in Hillsborough are in neighborhoods that are at risk of experiencing displacement or are currently experiencing displacement.

The Urban Displacement Project has mapped gentrification and displacement in the Bay Area and shows that Hillsborough shows no risk of gentrification or displacement and is mapped as stable/advanced exclusive housing.

Some neighborhoods in the Bay Area do not have housing affordability that caters to a diverse workforce. According to UC Berkeley, 100% of households live in neighborhoods that are exclusive to low-income households due to exclusive household costs.

In Hillsborough, 0% of owner occupied and renter occupied households are susceptible to or at risk of experiencing displacement, at risk of experiencing gentrification or are stable moderate/mixed income. At the same time, 100% of owner occupied and renter occupied households are at risk of experiencing exclusion (*Figure 5.31: Households by Displacement Risk and Tenure*).

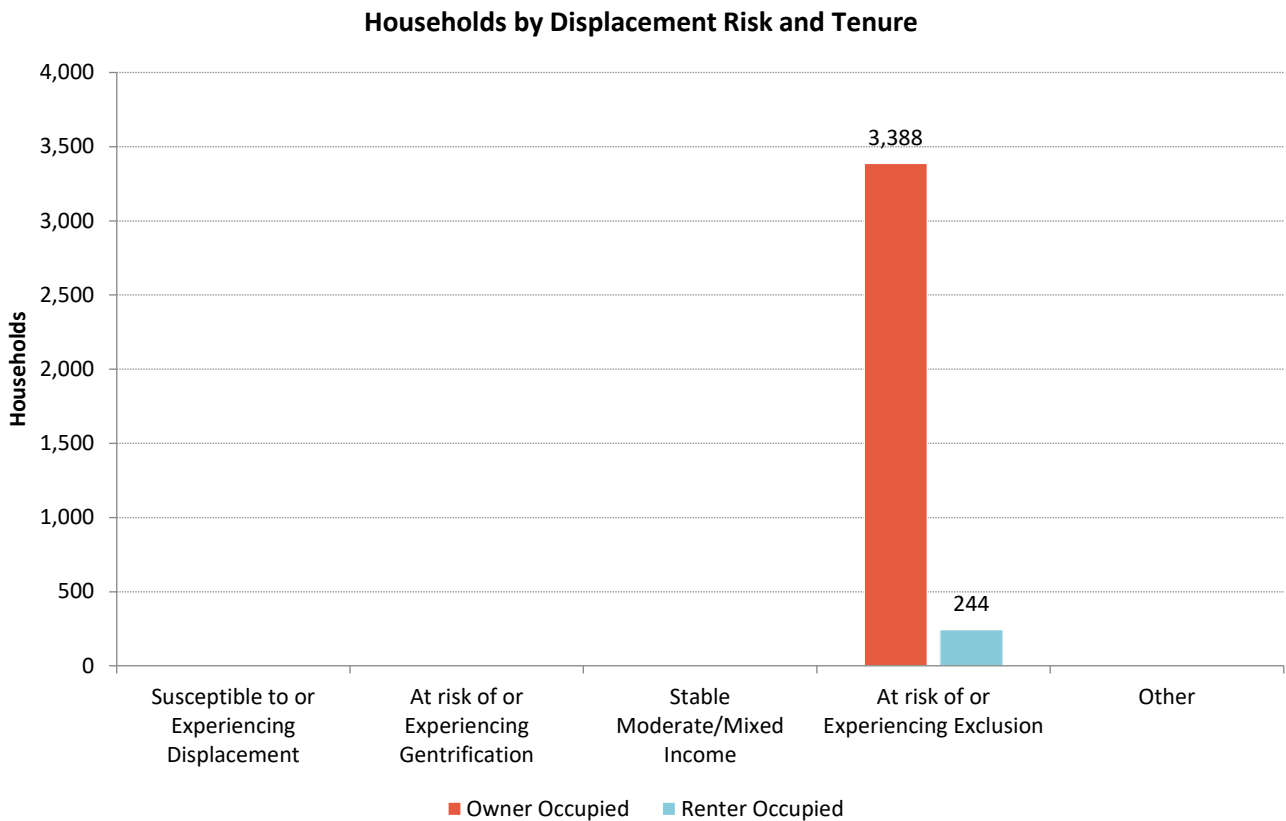

Figure 5.31: Households by Displacement Risk and Tenure

Housing Vacancy

A certain number of vacant units are needed to moderate the cost of housing, allow sufficient choice for residents, and provide an incentive for unit upkeep and repair. Specifically, according to HCD, a vacancy rate of 1.5% for owner-occupied housing and 5% percent for rental housing are considered optimal to balance demand and supply for housing.

Vacancy rates in Hillsborough are higher than what is considered optimal for a healthy housing market. According to the 2015-2019 ACS, the overall vacancy rate in Hillsborough was 10%, which equates to 398 total vacant units. Specifically, the vacancy rate for owner-occupied housing was 6%, and for renter-occupied housing, 0%. Most of the vacant units in Hillsborough are homes for sale which makes up 50% of all vacant units. 27% are used as seasonal, recreational or occasional use homes while the remaining 23% are in the other category. The category “other” vacancy refers to vacant housing units that do not fall into one of the other categories, including housing held by a janitor or caretaker, or units held vacant for an owner’s personal reasons. In contrast, the current vacancy rate in the Bay Area region is estimated to be 6%.

When vacancy rates are too low, prices are often forced to go up, making it more difficult for low- and moderate-income households to find housing, increasing the incidence of overcrowding.

Figure 5.32: Housing Vacancy

Housing Costs and Affordability

The cost of housing is directly related to the extent of housing problems in a community. If housing costs are relatively high in comparison to household income, there will be a correspondingly higher prevalence of housing cost burden and overcrowding. The following summarizes the cost and affordability of the housing stock for Hillsborough residents (*Figure 5.33: Home Values of Owner-Occupied Units*).

Figure 5.33: Home Values of Owner-Occupied Units

Homeownership Market

Hillsborough's home values are significantly higher than those in the region, with the average home estimated to cost \$4,571,825 by December 2020 according to Zillow and 95% of the housing stock valued at 2M+. In Contrast, the average home value in San Mateo County is estimated to be \$1,418,334 with the largest share of units valued \$1m-\$1.5m and the average home value in the Bay Area is estimated to be \$1,077,233 with the largest share of units valued \$500k-\$750k.

Between 2001 and 2020, average home value in Hillsborough increased 265%, a much higher percent increase compared to prices in San Mateo County and the Bay Area region.

The home sale market (*Figure 5.34: Home Asking Prices*) continues to rise in Hillsborough, as the as home values in the region have steadily increased since 2000, despite a dip during the great recession. The average home value in December of 2020 (\$4,571,825) is significantly higher than the average home value in December of 2012 (\$1,961,633) according to the Zillow Home Value Index (ZHVI).

Figure 5.34: Home Asking Prices

Rental Market

While renter-occupied units comprise only about 6% of the housing stock in Hillsborough, it is still important to understand the rental market. Rental price information was collected for the 4 apartment complexes within the Town with units for rent, as detailed in Zillow data pulled in April 2022. At the time of this research, the median rent was \$3,200.

Consistent with recent increasing home values in the Bay Area Region, rent has also shown upward trends in the last couple of decades. This has resulted in displacement, evictions and renters being priced out before they can even move to an area, particularly communities of color. Many community members are subjected to living far from work, schools and community amenities and take long commutes to get there. Some move out of the region or even out of the State. Understanding rent trends in a community is important to determining a need for more affordable rental units to promote inclusivity. Including more housing where more community members can afford to live where they work will also create a more sustainable future as commute times and traffic will decrease significantly.

In Hillsborough, the largest portion of rental units cost \$3,000 or more per month, making up 42% of rental units. This is followed by rental units ranging from \$2,500-3,000 per month, making up 23% of rental units. San Mateo County also consists of mostly rental units at \$3,000 or more per month with 22% of rental units in this category, contrasting with the Bay Area as a whole, consisting of 23% of rental units in the \$1,500-2,000 category.

Figure 5.35: Rental Market

Housing Affordability By Household Income

While *Figure 5.35: Rental Rates* breaks down average rental price and the price range for rental units by size, the ACS also allows for the analysis of Hillsborough's 244 renter households (for which income data are available) by spending on rent by income bracket (dollar amounts). As one might expect, the general trend is that low-income households spend a higher share of income on housing (e.g. over 50%) while high-income households are more likely to spend under 20% of income on housing.

Housing affordability is dependent upon income and housing costs. Using set income guidelines, current housing affordability can be estimated. According to the HCD income guidelines for 2021, the Area Median Income (AMI) in San Mateo County was \$149,600 for a household of four. If the potential homebuyer has sufficient credit and down payment (10%) and spends no greater than 30% of their income on housing expenses (i.e. mortgage, taxes and insurance, the maximum affordable home price can be determined). Similar assumptions allow us to determine the maximum affordable rental rate for a given income level. Households in the lower end of each category can afford less by comparison than those at the upper end. The market-affordability of San Mateo County's housing stock for each income group is discussed below.

Extremely Low-Income Households

Extremely low-income households earn 30% or less of the AMI. The estimated maximum affordable rental payment ranges from \$959 per month for a one-person household to \$1,590 per month for a 6-person household apartment. The maximum affordable home purchase price for very low-income households ranges from \$130,009 for a one-person household to \$175,652 for a five-person household. Extremely low-income households generally cannot afford housing at market rate.

Very Low-Income Households

Very low-income households are classified as those earning 50% or less of the AMI. The estimated maximum affordable rental payment ranges from \$1,598 per month for a one-person household to \$2,650 per month for a family of five. The maximum affordable home purchase price for very low-income households ranges from \$63,950 for a one-person household to \$91,350 for a five-person household. Based on the rental data presented in Table CP-25: Apartment Rental Rates and Table CP-26: Housing Affordability matrix San Mateo County (2020), very low-income households of all sizes would be unlikely to secure adequately sized and affordable rental housing in San Mateo County.

Low-Income Households

Low-income households earn 51% to 80% of the County AMI. The estimated maximum home price a low-income household can afford ranges from \$233,862 for a one-person household to \$335,821 for a five-person household. Affordable rental rates for low-income households would range from \$2,558 for a one-person household to \$4,240 for a five-person household.

Low-income households could not afford adequately sized homes listed for-sale in August 2020. Despite a higher income, low-income households do not have a better chance in securing an adequately sized and affordable rental housing unit as rental units range from \$1,495-1,755 for one-bedroom units to \$2,750 for three-bedroom units and are out of the affordable rent price (*Figure 5.35: Rental Rates*).

Moderate-Income Households

Moderate income households earn up to 120% of the County AMI. The estimated maximum affordable home price for moderate income households ranges from \$290,392 for a one-person household to \$422,971 for a family of five. A moderate-income household can afford rental rates of \$3,141 to \$5,205 per month depending on household size.

Based on the rental and for-sale housing market data presented in *Figure 5.34: Home Asking Prices* and *Figure 5.35: Rental Rates*, moderate income households can afford to rent some of the apartments advertised in September 2020 but not purchase adequately sized homes. For example, asking prices for a four-bedroom home (an adequately sized home to avoid overcrowding) range from \$525,000 to \$1.3 million (*Figure 5.34: Home Asking Prices* (August 2020)). This far exceeds the affordable purchase price for large households. This table does include some single-family home and condo/townhome listings that meet the affordable price for large families, but do not have adequate rooms to avoid overcrowding.

Project-Based Rental Housing Assistance

Project-based rental housing assistance includes affordable housing that receives public subsidies in return for long-term affordability controls.

Housing Assisted Housing Inventory

The Town of Hillsborough has no project-based rental housing. However, according to a Housing Element Advisory Committee (HEAC) meeting on January 25, 2022, Town Staff responded to questions regarding meeting RHNA numbers and existing affordable units in Hillsborough and stated the Town has met all its Cycle 5 very low and low-income units through ADU's.

Evaluation of Preservation Options

State law requires that the Town identify, analyze, and propose programs to preserve existing affordable multifamily rental units that are eligible to convert to market rate rents due to termination of subsidy contracts, mortgage prepayment, or expiring deed restrictions during the 10-year period starting June 15, 2022. Consistent with State law, the following identifies publicly assisted housing units in Hillsborough and analyzes their potential to convert to market rate housing uses.

While 0 Publicly Assisted Affordable Housing units are at risk of conversion within 10 years of the start of the 6th Cycle planning period, from 2021 to 2029, the following analyzes two options to preserve affordable units at risk of conversion to market rents including:

- Monitoring Program to maintain the Town's affordable housing stock; and
- Provide an overview of the State's no net loss buffer of 20%

At-Risk Affordable Units

Existing housing that receives governmental assistance is often a significant source of affordable housing in many communities. Hillsborough has 0 publicly assisted housing developments.

Affordable Housing Monitoring Program

The first option for preserving affordable units is to replace the HUD rental vouchers given to each tenant or the payment subsidies given to each property owner. The cost of replacing subsidies depends on the fair market rent for the unit and the household income level of the tenant. Typically, the subsidy is the difference between what a household can afford to pay and fair market rent for the unit. Replacing the rental subsidies for senior housing- assuming all the units are occupied by very low-income households - would cost approximately \$62.5 million over 25 years. For family housing, the subsidy (assuming all units are occupied by low-income households) would be approximately \$24.6 million. Significant variation in these amounts is possible depending on the actual income level of the residents.

This option assumes the property owner accepts a subsidy that guarantees fair market rent. In some cases, property owners may decline. Although this subsidy would guarantee the long-term affordability of the unit, the cost could increase over time as market pressures push rents higher and require the Town to increase the rental subsidies. Generally, this option is a short-term fix to a long-term problem and is not considered a sustainable solution.

No Net Loss Buffer

The second option for preserving affordable units is to replace the affordable units by constructing new affordable units. This option would entail finding suitable sites, purchasing land, negotiating with a developer, and obtaining financing. The final cost depends on whether the builder must purchase land (or whether the Town can transfer the land at a subsidized price), and whether the Town or private developer's initial financial contribution can be leveraged with other funding sources.

Program Efforts to Preserve At-Risk Units

While there are currently no at-risk units in Hillsborough, the San Mateo County Housing Authority developed the following programs to address the preservation of assisted units. In 2016, the County created the Affordable Rental Acquisition and Preservation Program (ARAPP), a sub-fund within the Counties Affordable Housing Fund to authorize \$10 million from Measure K funding to acquire and preserve the affordability of existing affordable units in the County. However, as of March 30, 2019, there is zero funding available for ARAPP.

Estimates of Housing Needs

The Comprehensive Housing Affordability Strategy (CHAS) developed by the Census for HUD provides detailed information on housing needs by income level for different types of households in Hillsborough. Based on CHAS, housing problems in Hillsborough include:

- Housing units built in 1979 or earlier;
- Rent and home values exceeding the Bay Area and San Mateo County housing averages;
- Housing cost burden, including utilities, exceeding 30% of gross income; or
- Senior households experiencing housing cost burden, exceeding 30% of gross income.

Disproportionate Needs

The types of problems vary according to household income, type, and tenure. Some highlights include:

- While older homes do not determine poor housing standards, the majority (80%) of housing units are built in 1979 or earlier.
- Nearly all (95%) of owner-occupied homes in Hillsborough are valued at \$2 million or more, which is 76% more than homes in San Mateo County (19%) worth \$2 million or more, and 86% more than homes in the Bay Area (9%) worth \$2 million or more.
- Almost half (42%) of renter-occupied units in Hillsborough have rents costing \$3,000 or more. This is 20% more than the renter-occupied units in San Mateo County with rents costing \$3,000 or more (22%), and 29% more than the renter-occupied units in the Bay Area with rents costing \$3,000 or more (13%).
- Out of the 1,405 seniors in Hillsborough, 295 seniors, or 20%, experience housing cost burden, where residents have 80% or less AMI and 30% or more of income is used for housing.

Opportunities for Energy Conservation

Hillsborough encourages its residents to become energy efficient, starting with their own homes.

The Town continues in its efforts to be a more sustainable community and has been a member of the International Council for Local Environmental Initiatives (ICLEI), Cities for Climate Protection for ## years. ICLEI works collaboratively with municipalities to reduce greenhouse gas emissions. Through this collaboration, the Town completed a greenhouse gas inventory of Hillsborough's residential, municipal, and solid waste sectors and their GHG emissions. The Council also established a Sustainable Hillsborough Task Force (SHTF, 2007). The SHTF comprises members of the public, building professionals, ADRB and Council Representatives, and staff. Armed with information from the GHG inventory, the SHTF identified and prioritized programs and policies to reduce GHG emissions, and prepared a comprehensive Sustainable Hillsborough Plan as a roadmap to sustainable programs and policies. The Plan has policies and programs that reduce energy consumption and costs, reduce greenhouse gas emissions (GHG), expand renewable energy, and reduce water consumption and other natural resources.

The Town of Hillsborough enforces current State standards for energy efficiency in new construction. All new construction must conform with the State of California's residential building standards for energy efficiency (Title 24 of the California Administrative Code). Title 24 Standards were established in 1978 to insure that all new construction meets a minimum level of energy efficiency standards. Title 24 is updated regularly.

Proposals for new houses and major additions in Hillsborough are required to be accompanied by a landscape plan, including a 2:1 replacement schedule for any trees requiring a permit to be removed (with some exceptions, as recommended by a certified arborist). In addition, a tree removal permit is required when trees greater than 36" in diameter are removed. The Town recognizes that homeowners can save up to 25 percent of a household's energy consumption for heating and cooling with the proper siting of trees to allow sun exposure in the winter and shade in the summer.

The Town has been a leader in sustainability in the Bay Area with its green policies and programs. In 1998, Hillsborough was the first San Mateo County jurisdiction to approve a "C&D policy" and an ordinance requiring the recycling and salvaging of construction and demolition materials. The ordinance, which requires approved Waste Reduction Plans for building and demolition projects prior to permit issuance, reduces the number of materials going to landfills and conserves energy through the reuse and recycling of materials. Town staff monitors and enforces the C&D Recycling Program¹⁴ which, since 2002, has annually diverted an estimated 73 percent of C&D materials from construction projects. The program emphasizes "deconstruction" and salvage to find the highest-and-best uses for materials removed from Hillsborough building sites.

Pacific Gas and Electric Company (PG&E), which supplies all of the electric and gas service to the Town, offers an assortment of programs that provide residents with the opportunity for energy conservation. The State Energy Commission also offers rebate programs and other programs for low income residents. As part of its recent broader sustainability initiatives, the Town of Hillsborough eliminated its \$500 solar fee and partnered with SolarCity to offer residents a Community Solar Program. The program—which operated from January 10 to April 10, 2009—was designed to educate the consumer and facilitate the transformation of Hillsborough to clean energy. To do so, the program coupled an outreach campaign with discounts and other techniques to incentivize solar adoption. In addition to exclusive discounts on purchased systems, homeowners had the option of leasing their solar systems for no upfront cost and a monthly lease fee. The results were an immediate reduction in residential energy utility bills and a shift toward a more sustainable community powered by clean energy.

6

**HOUSING
CONSTRAINTS**

Introduction

Statue requires that an update to a jurisdiction's Housing Element includes an assessment of housing constraints—specifically constraints to the production of housing for persons of all income levels and disabilities—as such an assessment might provide a basis for actions that local governments can take to offset such effects. The Town of Hillsborough is committed to supporting the development of adequate housing at all income levels, and in tandem with this commitment is the reality that various factors exist which constrain the development of such housing in the Bay Area. These factors can include governmental constraints (e.g., zoning and other similar development standards), and non-governmental constraints (e.g., the cost of development and the availability of readily developable land.)

Governmental Constraints

Land Use Constraints

Local ordinances and policies are intended to protect the health, safety, and general welfare of residents; however, it is necessary to periodically evaluate these ordinances and policies to ensure that they are accomplishing their intended purpose while not imposing a barrier to inclusive housing development.

General Plan

The Town of Hillsborough incorporated in 1910. One of the reasons that the founders of the Town originally decided to incorporate was to preserve the character of the community. This desire to preserve the character continues today. Hillsborough is a community that is proud of its low density and primarily single-family residential character. The Town of Hillsborough updated its General Plan in 2005. Even at that time, the plan indicated that the lack of available land as a constraint to housing development. Most of the town is developed to the density allowed by the General Plan. Development is further constrained due to limited land use categories. The General Plan's four basic land use designations include: Residential (R), Public Facilities and Services (PFS), Private Schools (PS), Open Space and Conservation (OSC), Private Recreational (PR).

Zoning Ordinance

The Town of Hillsborough is unique compared to other cities in California in that it consists mainly of low density single-family residential development, with a minimum lot size of ½ acre, with no commercial or industrial uses. The zoning ordinance is adopted to implement the goals, objectives, policies, and programs of the General Plan and to manage future growth and development in accordance with that plan. Priorities of the zoning ordinance include; conservation of natural resources, natural beauty, and significant environmental amenities of the town; preserving adequate light, air, privacy, and open space for each dwelling; and retaining the scale and character of existing residential neighborhoods.

The only non-residential uses within the Town are public facilities, parks and open space land, private and public schools, the Burlingame Country Club (BCC) and the Hillsborough Racquet Club. The zoning categories reflect the Town's low-density residential, large lot, single-family character. Commercial and industrial land uses are prohibited.

The development standards require large setbacks, restrictions on impervious/structural lot coverage ratios, and height limitations. The code requires a minimum net lot area of ½ acre (21,780 square feet) and a minimum continuous street frontage for each lot of 150 feet. This regulation limits the number of lots that qualify for a subdivision. The potential development on vacant lots is limited by the maximum allowed density of one single-family dwelling per ½ acre.

The Town has seen an increase in the development of accessory dwelling and junior accessory dwelling units (ADUs/JADUs) with an average of 64 building permits issued per year in recent years. The Town has established three tiers of review for ADUs; ministerial review, ADU Permit Review, and an ADU Exception Review. The ministerial review is consistent with State Law, for ADUs that are limited to 800 square feet of floor area, 16 feet in height, and setbacks of 4 feet or more. The ADU Permit Review is for ADUs that exceed the limitations of the ministerial review in terms of square footage, height, and/or setbacks, but comply with all of the objective standards outlined in HMC Section 17.52. The ADU Exception Review is for An ADU or JADU that does not comply with every applicable standard in Section 17.52.020. The applicant may opt into the exception review and request a discretionary design review of the ADU or JADU.

Hillside Development Standards

The potential for new units is also limited by the Town's "Hillside Development Standard." In order to retain the scenic quality of hillsides and reduce the hazards to persons and property from erosion and landslides, allowable density is reduced on a sliding-scale basis for sites with slopes greater than 10 percent according to the degree of slope. This scale ranges from 2 units per acre on slopes of less than 10 percent to 0.5 units per acre on slopes greater than 40 percent. While technically this is a constraint, given the erosion and landslide hazard on steeply sloped sites no changes to the Zoning ordinance are proposed at this time.

On- and Off-site Improvements

Hillsborough does not require sidewalks; however, for new construction and substantial remodeling (50% of the existing structure or more), the Town requires the installation of a parking strip along the street frontage. All streets within the subdivision and one-half of the width of streets adjacent to the subdivision are the responsibility of the developer. Developers are also required to provide water and sewer connections and storm drainage facilities. Slope stabilization measures are required for new construction on all sites with slope gradients above 10 percent. While technically these requirements may be considered constraints as there are development costs associated with the provision of these required improvements, the improvements are necessary to ensure safe and sanitary housing and are generally required in all other cities in San Mateo County. They are noted here as affecting development, but are not viewed as a local governmental constraint for the purposes of this analysis.

Permit Processing Times

Housing is developed in Hillsborough through the subdivision of larger parcels, construction of individual houses on existing lots (both replacement of older homes, additions to existing homes, and net-new homes), and construction of accessory dwelling units and junior accessory dwelling units. Planning review for land use entitlement and Building review to ensure that all pertinent life/health/safety codes are met for the structure(s) can be obtained on average in approximately six to nine months. If an applicant proposes to create new lots via the subdivision process this timeline is extended depending on the scope and complexity of the subdivision. Obtaining approval of a subdivision map requires on average four to six months, and, if required, an Environmental Impact Report often takes up to a year. The Town processes subdivisions and building permits as efficiently as possible and continually reviews processes and procedures to enhance permit streamlining wherever feasible.

The Building & Planning Department of the Town of Hillsborough has implemented permit streamlining processes for ministerial reviews of accessory dwelling units, which do not require discretionary planning review, and SB 9 applications, in an effort to encourage the development of smaller, more affordable units. The Town is in the process of updating its permit applications to ensure consistency with The Housing Crisis Act of 2019 (SB 330), and has entered into contract with a permit tracking software vendor to update its permit application tracking software. This cloud-based update will be complete in early 2023, allowing for 24/7 permit applications and payment of fees for both Planning and Building permit applications. Like all jurisdictions in California, the Town is subject to the Subdivision Map Act and California Environmental Quality Act (CEQA), and as such, must adhere to the statutory timelines outlined in the Act, regardless of impacts to the timeline for review of housing development projects, or additional costs. As such, these impacts are out of the control of the Town. They are noted here as affecting development, but are not viewed as a local governmental constraint for the purposes of this analysis. Requirements under SB 35 are not currently applicable in Hillsborough, as the Town has issued building permits exceeding its RHNA 5 allocation.

Pollutant Discharge

The federal government, under the 1974 Clean Water Act, implemented the National Pollutant Discharge Elimination System (NPDES), a permit system regulating water discharge. Local jurisdictions are responsible for obtaining a permit and for enacting implementation measures to maintain compliance with the permit.

Like all jurisdictions in California, the Town is subject to the Clean Water Act and the related NPDES permit, regardless of impacts to the timeline for review of housing development projects, or additional costs. As such, these impacts are out of the control of the Town. They are noted here as affecting development, but are not viewed as a local governmental constraint for the purposes of this analysis. In an effort to expedite the process as much as possible, the County of San Mateo and all 20 county jurisdictions have joined together to have NPDES permits issued to the City/County Association of Governments (C/CAG). Permit regulations can significantly limit the developable area of any given parcel and may also increase the costs of residential development.

Codes and Enforcement

Hillsborough regularly adopts the latest edition of the California Building Code (CBC) to ensure the health and safety of residents of newly constructed housing, most recently in December 2022. The Town enforces the building code through its Building Division, ensuring that all new residences, additions, accessory structures, etc., meet current construction and safety standards. Inspections and approvals are completed promptly and do not add unnecessary delays in the construction of new housing.

The Town has a dedicated code enforcement officer, who works closely with the Building Division on any land use or construction enforcement. Additionally, the Town has a construction inspection program to monitor active construction sites and respond to complaints and violations related to noise, construction activity without a Building Permit, and parking of construction vehicles. The code enforcement program does not pose a constraint to housing development, maintenance or the supply and affordability of housing. Like all jurisdictions in California, the Town is subject to the CBC, regardless of impacts to the timeline for review of housing development projects, or additional costs. As such, these impacts are out of the control of the Town. They are noted here as affecting development, but are not viewed as a local governmental constraint for the purposes of this analysis.

Fees

Local governments typically assess a variety of different types of residential development fees. These include planning application fees, building permit and related fees, and capital facilities fees. Fees are intended only to recover costs to the Town for the review of development applications, and are not a profit-generating venture.

Residential planning and building fees are broadly required by all jurisdictions in San Mateo County, and most jurisdictions throughout the state. In general, the data suggests that jurisdiction-imposed fees represent a small percentage of the overall cost to develop new housing. The availability and cost of housing is strongly influenced by market factors over which local government has little or no control. They are noted here as affecting development, but are not viewed as a significant governmental constraint.

Table 6.1 (below) compares fees for construction of new single-family homes with fees in other San Mateo County cities for which data was available in 2021. Hillsborough's fees are in the middle of the range.

Impact Fees Charged	Jurisdictions	Number of Jxs
Traffic/Transportation	East Palo Alto, Half Moon Bay, Pacifica, Redwood City, San Mateo City, South San Francisco, Unincorporated San Mateo, Woodside	8
Schools	Brisbane, Daly City, Foster City, Hillsborough, Millbrae, South San Francisco, Woodside	7
Water/Sewer/Stormwater	Burlingame, East Palo Alto, Half Moon Bay, Pacifica, Redwood City, San Mateo City, South San Francisco	7
Parks	Brisbane, East Palo Alto, Half Moon Bay, Pacifica, Redwood City, San Mateo City, South San Francisco	7
Public Facilities/Capital Improvements	Burlingame, East Palo Alto, Half Moon Bay, Pacifica	4
In-Lieu/Affordable Housing	Burlingame, Redwood City, Unincorporated San Mateo	3
Development	Colma, Millbrae, San Bruno	3
Childcare	San Mateo City, South San Francisco	2
Public Art	San Mateo City	1
Public Safety	South San Francisco	1
Library	South San Francisco	1
AB	Daly City	1

Reasonable Accommodation

Housing that is accessible to people with disabilities has been identified as a special housing need in the town's housing element since 2002. Chapter 17.42 of the Hillsborough Municipal Code entitled "Reasonable Housing Under the Fair Housing Acts" provides reasonable accommodation to people with disabilities, and complies with the Fair Housing Amendments Act of 1988 and the California Fair Employment and Housing Act in the application of the Town's zoning, land use laws, regulations, rules, standards, policies, procedures, and practices.

A request for reasonable accommodation may include a request for modification or exception to the application of the town's zoning, regulations, rules, standards, policies, procedures, practices, and other land use rules such as; for the siting, development, and use of housing or housing-related facilities that would eliminate regulatory barriers and provide a person with a disability equal opportunity to housing of that person's choice.

Requests for reasonable accommodation are submitted to the city planner and no fee is required for submitting a letter of request or for filing an appeal. The city planner will review the request and make a written determination within 45 days after receipt. The Town has a clearly defined process outlined in the Hillsborough Municipal Code with an expedited timeline and no fees assessed.

Residential Uses

The Municipal Code defines "residential purposes" as those including the use of the home for food and shelter and as a social institution for the private, religious, educational, cultural, and recreational advantages of the family.

The Town does not limit the number of unrelated individuals who reside in a residence. The Town defines "family" as a single house-keeping unit, which is the use of a dwelling unit by its residents where the use has the following characteristics:

1. The residents have established ties and familiarity and interact with each other.
2. Membership in the single housekeeping unit is fairly stable as opposed to transient or temporary.
3. Residents share meals, household activities, expenses, and responsibilities.
4. All adult residents have chosen to jointly occupy the entire premises of the dwelling unit, and they each have access to all common areas.
5. If the dwelling unit is rented, all adult residents are named on and party to a single written lease that gives them each joint use and responsibility for the premises.
6. Membership of the household is determined by the residents, not by a landlord, property manager, or other third party.
7. The residential activities of the household are conducted on a nonprofit basis.
8. Residents do not have separate entrances nor do they have separate food-storage facilities, such as separate refrigerators or food-prep areas.

Residential Care Facilities

The Town allows for Residential Care Facilities for the elderly in a single-family dwelling, to the extent mandated by California Health and Safety Code Section 1569.85, as well as Transitional and Supportive Housing as defined respectively in California Health and Safety Code Sections 50675.2(h) and 50675.14(b). Such facilities shall meet all requirements of the Hillsborough Municipal Code, including but not limited to parking, relating to single-family residences.

Short Term Rentals

The Town prohibits short term rentals. "Short-term rental" means the use of any residential building, or of any portion of a residential building, to provide lodging for fewer than thirty days in exchange for compensation. Short term rentals are most commonly offered and rented through online hosting platforms such as Airbnb, VRBO, and HomeAway. The Town found short term rentals to reduce availability of rental units for local residents and not in keeping with the character of the town, as a short-term rental is a type of transitory lodging.

Accessory Dwelling Units

Accessory dwelling units (ADUs) can be an important source of affordable housing since they are smaller and do not have direct land acquisition costs. ADU development expands housing opportunities for very low-, low-, and moderate-income households by increasing the number of rental units available within existing neighborhoods. The Town last updated its ADU ordinance in December 2021; and now has an up-to-date ordinance considered compliant with Government Code Section 65852.2. Zoning ordinance updates designed to further encourage development of ADUs are included in the Housing Plan section of the Draft Housing Element.

Non-governmental Constraints

Land Availability and Land Cost

For over 100 years, San Mateo County in general and Hillsborough in particular have been a highly desirable place to live. People from all over the world are drawn to the character of Hillsborough, including its tranquil, rural atmosphere, its award-winning public schools, and its financial stability. The result is a high demand for Hillsborough residences, with land and housing prices pushed beyond what would be generated from local pressures alone. When adding the combination of these factors to the already cost-burdened San Francisco Bay Area, it becomes exceedingly challenging for very-low, low- and moderate-income households to afford housing in Hillsborough, and challenging for the town to provide housing at a variety of income levels.

Land costs include acquisition and the cost of holding land throughout the development process. These costs can account for as much as half of the final sales prices of new homes in small developments or in areas where land is scarce. The median sale price of single family dwellings in Hillsborough is on average approximately \$6.42 million or \$1,632 per square foot. The cost for a vacant lot in Hillsborough averages approximately \$4,330,000, the equivalent of approximately \$3,700,000 per acre. These estimated land costs are based upon a review of non-vacant residential and vacant land sales on Zillow.com from 2019-2022. The information obtained shows five vacant lots sold in the past three years, and only two vacant lots currently for sale.

Environmental Constraints

Land use in town is further restricted by the steep terrain. Construction on steep hillsides requires careful siting to ensure safety and prevent soil erosion, limiting the number of dwellings that can be built and increasing their cost. In parts of Hillsborough, storm drainage problems can be a constraint to housing development, as development increases the impervious surface and limits absorption of storm waters, increasing runoff. Some areas of Hillsborough drain into areas served by City of San Mateo, Burlingame, and San Mateo County drainage facilities or unregulated private systems. Development in these areas requires the cooperation of the Town, San Mateo County, adjacent jurisdictions and individual homeowners.

Because of the combination of steep slopes and abundant vegetation in Hillsborough, wildfires may threaten residences. The Central County Fire Department reviews plans for all new buildings and major additions to ensure the construction complies with fire access requirements and make recommendations for modifications to reduce fire hazards. All new homes are required to have Class-A fire resistant roofs and fire sprinklers.

Construction Costs

Construction costs are one of the major cost factors with residential development. Construction cost is determined primarily by the cost of labor and materials, which are relative to complexity and desired quality of the project. The price paid for material and labor at any one time will reflect short-term considerations of supply and demand and unilaterally impact construction in a region and therefore do not deter housing construction in any specific community. According to data from the California Construction Cost Index, hard construction costs in California grew by 44 percent between 2014 and 2018, or an additional \$80 per square foot. The quality of materials, type of amenities, labor costs and the quality of building materials will affect the construction costs for a new home.

The steep terrain in Hillsborough increases the costs of construction, as engineering for hillside development & foundations, construction of retaining walls, and the grading necessary for access roads, all drive up the cost of building in Hillsborough. The increased challenges of building in Hillsborough ensure that, housing in Hillsborough will be very expensive, regardless of any potential governmental constraints.

Financing

Financing is needed at three stages of the housing construction process:

1. **Predevelopment.** The developer must have financing to purchase the land and pay for planning, architecture, engineering, and holding the land (carrying costs) during the approval process.
2. **Construction.** The builder needs financing to pay for the costs of labor and materials.
3. **Purchase.** The homebuyer usually needs mortgage financing to purchase the completed dwelling.

Currently, interest rates for homebuyers are high. Interest rates substantially impact home construction, purchase, and improvement costs. The availability of financing and the rate of interest can greatly affect the ability of developers and builders to produce housing and of consumers to purchase it. The economic fluctuations of recent years have caused caution among lenders and may have lasting effects through this Housing Element planning period. The cost of construction is exacerbated in areas like Hillsborough with difficult building conditions because developers incur substantially higher predevelopment costs.

7

HOUSING
RESOURCES

Number of Units and Growth

In 2020, there were 4,091 housing units in Hillsborough, an increase of 179 units from the 3,912 in 2010. Of the 4,091 housing units, 3,633 were occupied and 398 were vacant. Of the 3,633 occupied households, 244 were renters and 3,389 were owners. *Table 7.1* below shows housing stock characteristics in Hillsborough by tenure.

Table 7.1: Owners and Renters						
	2000		2010		2020	
	Number	Percent	Number	Percent	Number	Percent
Owner	3,530	96%	3523	97%	3,389	93%
Renter	159	4%	127	3%	244	7%
Total	3,689	1	3,650	100%	3,633	100%

Rate of Construction

Table 7.2 summarizes new construction, demolition, and accessory dwelling units (ADUs) from 2017-2021.

Table 7.2: Housing Unit Construction					
Year	Constructed Single Family Units	Teardowns	Net New SFR	ADU's	Total New Units
2017	14	0	14	4	18
2018	3	0	3	16	19
2019	4	0	4	19	23
2020	3	0	3	22	25
2021	0	0	0	64	64
Total	24	0	24	125	149

The table above shows that Hillsborough has seen an average of 29.8 net new units per year since 2017. After the adoption of the Housing Element in 2014 and the Town's ADU ordinance (amended in 2021), the construction of ADUs jumped from an average of 21.25 per year to 64 ADUs built in 2021. From 2021-2022, ADU construction averaged approximately 65 units per year.

Availability of Utility Services

Water and sewer services are available for the number of housing units contemplated by the RHNA; however, developers may be required to fund any needed capacity increases. Land use and development in Hillsborough are restricted by the steep terrain. The terrain separates the town into northern and southern halves, which are served by two different sewer districts. A potential concern, but one which is not a constraint on development, relates to the capacity to handle wet weather flow within the northern half of the town—flow that is treated by the Cities of Burlingame and San Mateo sewage treatment plants. Infrastructure is adequate and is not a problem.

Financial Resources

Without retail sales and transient occupancy taxes, the Town's budget operates mainly from property tax revenues, and has only limited funds for housing assistance. During the 2015-2022 planning period, the Town's total contribution over \$107,200 to HEART of San Mateo County, HIP Housing, LifeMoves, Innvision Shelter Network, and the Human Investment Project. The Town does not receive direct federal housing assistance (such as CDBG and Emergency Shelter Grants). However, the Town has an administrative agreement with the County, which receives such funds for smaller jurisdictions like Hillsborough. If opportunities are found to create lower cost housing or shelter, the Town could work with the County to access federal financial construction assistance.

There are a variety of potential funding sources available for housing activities in Hillsborough. Due to both the high cost of developing and preserving housing, and limitations on both the amount and uses of funds, a variety of funding sources may be required. The following list summarizes potential funding sources that are available for housing activities in Hillsborough. They are divided into three categories: federal, state, and local (County and Town resources).

Federal Programs

Low Income Housing Tax Credit

The federal low-income housing tax credit is the principal source of federal funding for the construction and rehabilitation of affordable rental homes. The tax credits are a dollar-for-dollar credit against federal tax liability. Although the LIHTC is a federal program, it is administered principally through state housing finance agencies.

Community Development Block Grant (CDBG)

The CDBG Program provides funds for new construction, housing acquisition, housing programs, housing rehabilitation, public services, community facilities, economic development, and public works. CDBG activities are initiated and developed at the local level and are based on a community's needs.

HOME Investment Partnership Programs (HOME)

The HOME Program provides formula grants to cities, counties, and states for building, buying, and/or rehabilitating affordable housing for rent or homeownership or providing direct rental assistance to low-income people.

Section 811

HUD provides funding towards the development and subsidizing supportive rental housing for very low- and extremely low-income adults with disabilities. This allows persons with disabilities live as independently as possible through affordable housing and the appropriate supportive services.

Section 202

HUD provides grants to non-profit developers of supportive housing for very low-income elderly persons and provides rent subsidies for these housing projects to help make them affordable.

Mortgage Credit Certificate

The Mortgage Credit Certificate program makes federal income tax credits available to low-income first-time homebuyers to purchase housing. The County makes certificates available through participating lenders.

State Programs

CalHome Program

The CalHome program supports existing low- and very low-income households to become or remain homeowners. The program provides grants and/or loans to fund local public agencies, nonprofit corporations, and federally Recognized and Special Government entities for first-time homebuyer mortgage assistance, owner-occupied rehabilitation assistance, technical assistance for self-help housing projects, technical assistance for shared housing programs, accessory dwelling unit/junior accessory dwelling unit assistance and homeownership development project loans.

Infill Incentive Grant (IIG) Program

The IIG Program provides funding for capital improvement projects necessary to facilitate the development of a Qualifying Infill Project or a Qualifying Infill Area.

Local Housing Trust Fund Program (LHTF)

The LHTF program helps finance local and regional housing trust funds dedicated to the creation, rehabilitation or preservation of affordable, transitional housing, and emergency shelters. The program provides matching grants (dollar-for-dollar) to LHTFs that are funded on an ongoing basis from private contributions or public sources that are not otherwise restricted in use for housing programs approved activities include loans for multi-family rental housing projects with units restricted for at least 55 years. No more than 20 percent of each allocation may assist moderate-income households, and at least 30 percent of each allocation must assist extremely low-income households.

Multifamily Housing Program (MHP)

The purpose of the MHP is to provide loans to individuals, public agencies, or private entities to for the development, rehabilitation and preservation, or acquisition and rehabilitation of permanent and transitional rental housing, and the conversion of nonresidential structures to rental housing, for lower income households. Projects are not eligible if construction has commenced as of the application date, or if they are receiving 9 percent federal low-income housing tax credits. Eligible applicants (including local public entities, for-profit and nonprofit corporations, limited equity housing cooperatives, individuals, Indian reservations and Rancherias, and limited partnerships) must have successfully developed at least one affordable housing project.

SB 2/LEAP Grants

SB 2 funds are available as planning grants to local jurisdictions to increase the supply of affordable housing. For the second year and onward, 70 percent of the funding will be allocated to local governments for affordable housing purposes. A large portion of year two allocations will be distributed using the same formula used to allocate federal Community Development Block Grants (CDBG).

CalHFA Homebuyer's Down Payment Assistance Program

The CalHFA makes below market loans to first-time homebuyers of up to 3% of sales price. Program operates through participating lenders who originate loans for CalHFA. Funds available upon request to qualified borrowers.

Local Programs

San Mateo County Affordable Housing Fund

AHF 9.0 was released in June of 2021, making over \$50 million available in Measure K, State HHC, MHSA, and other funds for the construction of new multifamily affordable rental housing projects, multifamily re-syndication-rehabilitation projects for existing deed-restricted multifamily affordable rental housing developments, and new construction affordable homeownership projects.

Housing Endowment and Regional Trust of San Mateo County (HEART):

HEART was founded in 2003 as a public/private partnership among the San Mateo County cities, the County, and the business, nonprofit, education, and labor communities. Through public and private sources, HEART raises funds to create and preserve affordable housing for low-and moderate-income families in San Mateo County. To date, HEART has provided over \$19 million to fund over 1,300 affordable homes since.

8

HOUSING
OPPORTUNITIES

Overview

The Town of Hillsborough’s Cycle 6 Regional Housing Needs Allocation (RHNA) is 554 net new units distributed over four income categories, as assigned by the Association of Bay Area Governments (ABAG). The unit count and income assignments are based on the regional assignment methodology developed by ABAG for the 6th RHNA Cycle. The Town’s total allocation and unit count breakout by income level is detailed in *Table 8.1*.

Table 8.1: Town of Hillsborough RHNA 6 Allocation	
Income Level	RHNA 6 Allocation
Very Low Income (0-50% AMI)	155
Low Income (51-79% AMI)	89
Moderate Income (80-119% AMI)	87
Above Moderate Income (120% AMI+)	223
Total	554

The Town of Hillsborough is committed to meeting its RHNA 6 obligation. Given the Town’s production in RHNA5, exceeding the allocation by more 100%, the Town is not adding a “no net loss buffer” to the RHNA6 allocation. The Town will utilize a multi-pronged approach to achieve this goal, including:

1. Supporting and further promoting the development of Accessory Dwelling Units (ADUs),
2. Facilitating the completion of pipeline projects,
3. Planning for and facilitating the development of existing vacant lots, and
4. Accommodating subdivisions of existing large lots.

Approach 1: Accessory Dwelling Units (ADUs)

Background

The Town of Hillsborough has a strong track record of supporting and encouraging accessory dwelling unit (ADU) development. In response, the Town has seen a significant increase in ADU development applications during RHNA Cycle 5. The Town's ADU Permits issued by year for the years between 2014-2022 (June) are outlined in **Table 8.2**.

In an effort to support this trend and facilitate further ADU development, in 2020 the Town established an ADU Ombudsman program staffed by an ADU Specialist specifically trained to guide people through the Town's ADU review and approval processes. Since the establishment of this program in June 2020, ADU development has more than doubled.

In early 2022 the Town issued an ADU questionnaire to residents in an effort to better understand what improvements to processes and what additional amendments to development standards could be made to further encourage ADU development. A summary of the results of this questionnaire may be found in the Public Participation section of this document. The Town already has a very successful ADU program and sees significant interest and construction with the existing education and outreach to the community. The Town plans to further expand community outreach efforts and education to realize increased ADU development. Based on these results, the Town has included several ADU related goals and actions in the Housing Plan section of this document.

Table 8.2: ADU Building Permits Issued by Year (RHNA Cycle 5)	
Year	# of ADU Building Permits Issued
2014	16
2015	39
2016	10
2017	18
2018	16
2019	20
2020	25
2021	64
2022 (Jan-June)	28

RHNA 6 Unit Allocation: ADUs

Based on the increase in ADU permitting since the commencement of the ADU Ombudsman program, the Town is estimating how many ADUs are likely to be developed in the RHNA6 cycle, based on a two-year average of the permitting for 2021 and 2022. The Town issued building permits for 64 ADUs in 2021. As of September 15, 2022, the Town has issued 45 building permits for ADUs in 2022. Based on the average ADU's per month, the Town estimates issuance of at least 66 total building permits for ADUs in 2022. Using a two-year average of 65 ADUs per year, the Town forecasts the development of 520 new ADUs over the next planning period. The Town has significant confidence in the feasibility of achieving this number for the following reasons:

- Historic trends in ADU development in the RHNA5 Cycle
- Recent ADU trends the last 2 years
- Positive responses to the 2022 ADU Survey
- Proposed modifications to ADU standards early in the RHNA6 Cycle
- Large size of Hillsborough properties have adequate land available to build attached and detached ADUs and JADUs

The Town intends to take the steps listed below to facilitate new ADU construction and rental to lower income households, increased ADU construction, construction, and conversion. Additional detail on the actions related to these steps are included in Policy 2 of the Housing Plan.

- Continue to support and fund a Town ADU Ombudsman to guide property owners through the Town's ADU process,
 - Further streamline and expedite the ADU and JADU permitting process,
 - Allow one JADU and up to two ADUs on lots one acre and larger,
 - Create a program to encourage and expedite the conversion of pool houses, guest houses, and other accessory structures to recorded ADUs/JADUs,
 - Create a retroactive permitting program for existing, unpermitted ADUs,
 - Promote partnership with HIP Housing to facilitate the rental of ADU and JADU units,
 - Encourage landlords to accept Section 8 and Housing Choice Vouchers by providing information on the Town's Tenant/Landlord website regarding the programs and how to participate,
 - Distribute HIP Housing's monthly, multi-lingual home sharing fliers directly to City Council, Board, and Commission members, and public and private schools.
- Delta Table 1, below, summarizes the Town's ADU income level breakdown. The table also demonstrates the remaining delta of the RHNA 6 obligation, after accounting for the ADU projections.

Table 8.3, below, summarizes the Town's ADU income level breakdown. The table also demonstrates the remaining delta of the RHNA 6 obligation, after accounting for the ADU projections.

Table 8.3: ADU Delta			
Income Level	RHNA 6 Allocation	ADUs	RHNA 6 Allocation Less ADUs
Very Low Income (0-50% AMI)	155	156	-1
Low Income (51-79% AMI)	89	156	-67
Moderate Income (80-119% AMI)	87	156	-69
Above Moderate Income (120% AMI+)	223	52	171
TOTAL:	554	520	34

Approach 2: Pipeline Projects

The Town of Hillsborough is in varying stages of the approval process for 11 housing units, as summarized in *Table 8.4* below. The Town is committed to facilitating the completion of these pipeline projects and have included several goals and action related to streamlining and enhancing the user-friendliness of the approval process in the Housing Plan.

APN	Address	Stage in Process	Unit Yield	Unit Affordability
038110160; 038121160; 038271090	Callan Subdivision	Subdivision Entitlement Approved	8	Above Moderate Income
028484050	2895 Churchill Drive	ADRB Approval Received	1	Above Moderate Income
028520010	New Place Road	Building Permits Issued	1	Above Moderate Income
028061100	Forest View Ave	ADRB Approval Received	1	Above Moderate Income
TOTAL			11	Above Moderate Income

Table 8.5, below, demonstrates the remaining delta of the RHNA 6 obligation, after accounting for the ADU projections and pipeline projects. Approach 3: Vacant Housing Opportunity Sites

Income Level	RHNA 6 Allocation Less ADUs	Units Resulting from Pipeline Projects	RHNA 6 Allocation Less ADUs and Pipeline Projects
Very Low Income (0-50% AMI)	-1	0	-1
Low Income (51-79% AMI)	-67	0	-67
Moderate Income (80-119% AMI)	-69	0	-69
Above Moderate Income (120% AMI+)	171	11	159
TOTAL:	34	11	22 Remaining Units Needed

Approach 3: Vacant Housing Opportunity Sites

Background

The Town of Hillsborough is a largely built out, entirely single-family residential community with little vacant land and very few underutilized sites. Opportunities for parcel consolidation and/or redevelopment are few and far between for several reasons, outlined below:

- While in the San Francisco Bay Metro Area, the Town is predominately rural in nature, having no stop lights, streetlights, sidewalks, or businesses within Town limits.
- The Town is considered a “mountain route” by the United States Postal Service (USPS) due to the Town’s steep slopes and often narrow, one-lane curvilinear streets
- Approximately 70% of the Town is considered a high fire severity zone (HFSZ) within the wildland urban interface (WUI).

The cost of land in the Bay Area is exceedingly high, and the existing large, single family homes found on large parcels in Hillsborough are in many cases the “highest and best use” of such property, particularly with the Town’s subdivision standards and single zoning district. Under current Town standards, securing sites and assembling land for affordable housing is often financially impractical.

Methodology

The Town completed a thorough analysis of all parcels in the community to identify housing opportunity sites throughout Hillsborough. The Housing Opportunity Sites were identified utilizing an ArcGIS Urban and ArcGIS Pro process that involved the below steps:

1) Identifying Site Suitability Factors

A series of site suitability factors were identified that either support housing development or minimize opportunities for housing development. The following site suitability factors were identified:

- **Existing Land Use.** The existing land use of parcels was considered in order to understand the likelihood of the use of parcels for housing.
- **Year Built.** The year that residences were built was considered in order to identify sites that would likely redevelop during the 8-year RHNA 6 Cycle.
- **Lot Acreage.** The total area of a parcel was considered to identify parcels between 0.5 acres and 10 acres in area, the lot area deemed most suitable for the development of affordable housing according to the California Department of Housing and Community Development.
- **Improvement Ratio.** The improvement ratio was calculated by comparing the value of the built features of the site versus the value of the land. This was considered to identify sites more likely to redevelop.
- **Vacancy.** Whether a site is currently vacant or nonvacant was considered to identify sites available for new development.
- **Residual Lot Coverage.** Residual lot coverage was calculated by comparing the total lot area with the footprint of buildings. This was considered to identify sites with land area available for subdivision or the development of ADUs.
- **Residual Height.** Residual height was calculated by comparing the height of existing buildings with the maximum building height allowed by the new zoning districts.
- **Proximity to Amenities.** Distance from amenities such as schools, retail areas, job opportunities, and transit was considered to identify highly resourced sites.
- **Fire Hazard.** Much of Hillsborough is located in a high fire hazard severity zone. This was considered to identify sites with minimal fire hazard.
- **Slope.** Hillsborough has a hilly topography and much of the community has a slope of 30 percent or more. This was considered to identify sites where slope would not be barrier to the development of affordable housing due to the costs of grading.
- **Landslide / Liquefaction.** Hillsborough is impacted by landslide and liquefaction hazard. This was considered to identify sites where landslide / liquefaction would not be barrier to the development of affordable housing due to the costs of mitigation.

2) Site Suitability Factor Scoring

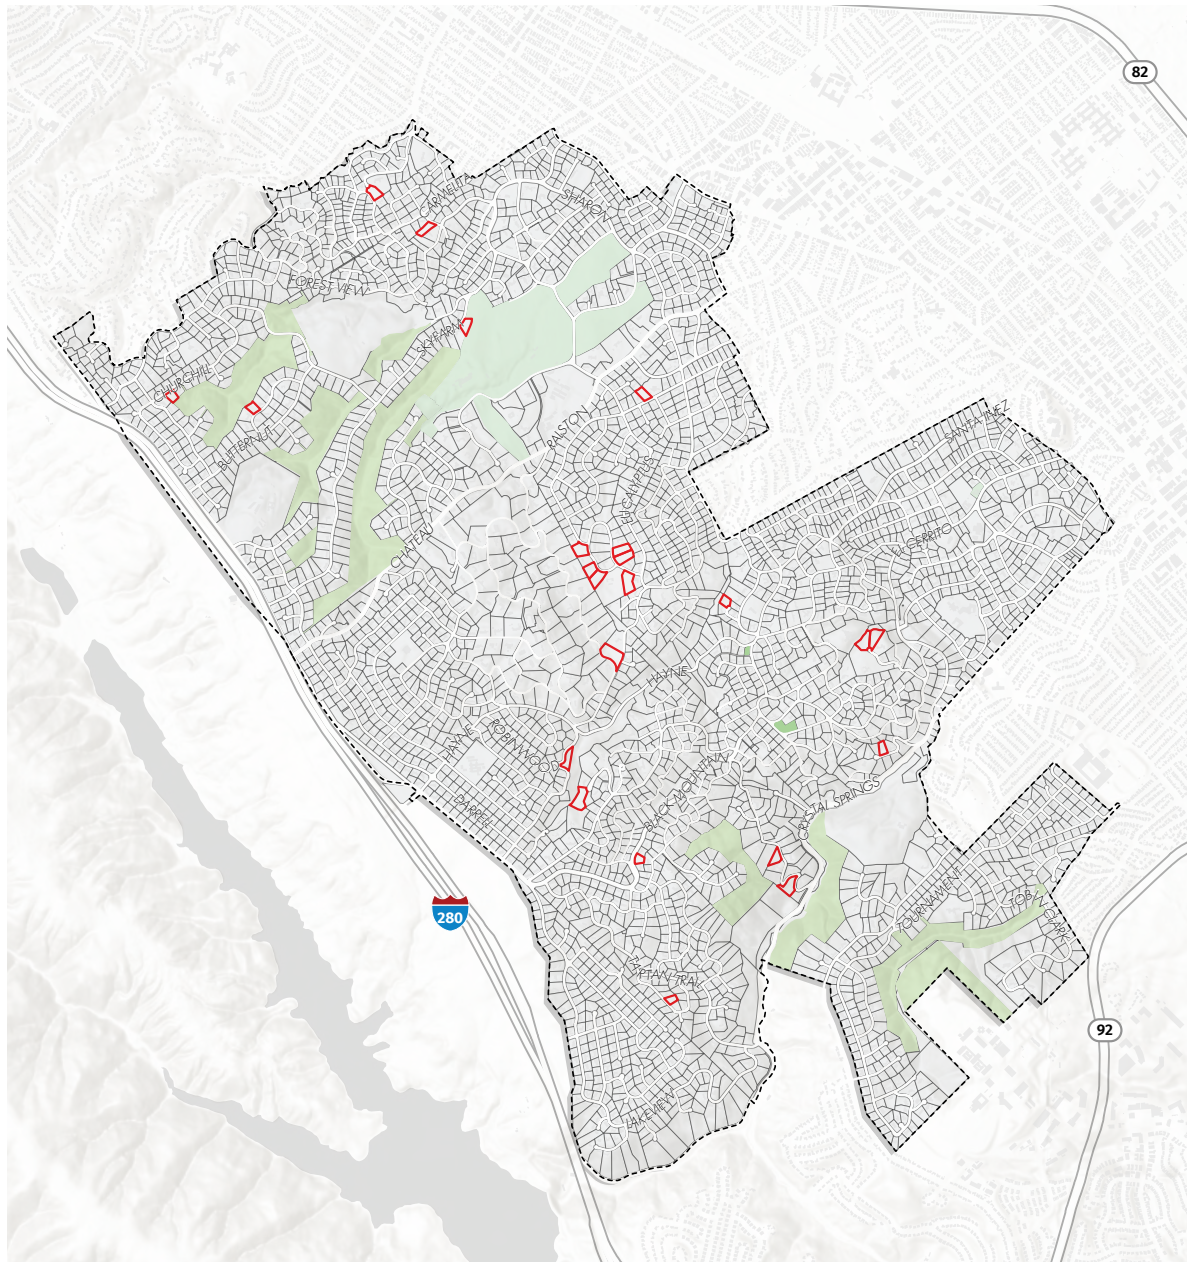

After the site suitability factors were identified, they were scored on a scale of 1-10, 1 being least suitable for housing and 10 being most suitable for housing. These scores informed the weighted suitability model that was used to evaluate multiple criteria influencing the likelihood of development on a parcel-by-parcel basis. Each property was assigned a total weighted score, where the higher the score the greater the likelihood of development. *Table 8.6* below details the scores given to each site suitability factor.

Table 8.6: Suitability Factor	
Suitability Factor	Score
<i>Existing Land Use</i>	
Residential	9
Open Space	0
Public Facilities	2
Private Recreation	3
Private Schools	3

<i>Landslide / Liquefaction</i>	
Within landslide/liquefaction zone	0

Identified Vacant Housing Opportunity Sites

Utilizing the site suitability methodology detailed above as well as through discussions with town staff, elected and appointed officials, and residents, a total of 23 vacant housing opportunity sites have been identified. The identified sites are shown on the following map.

Legend

 Vacant Housing Opportunity Site

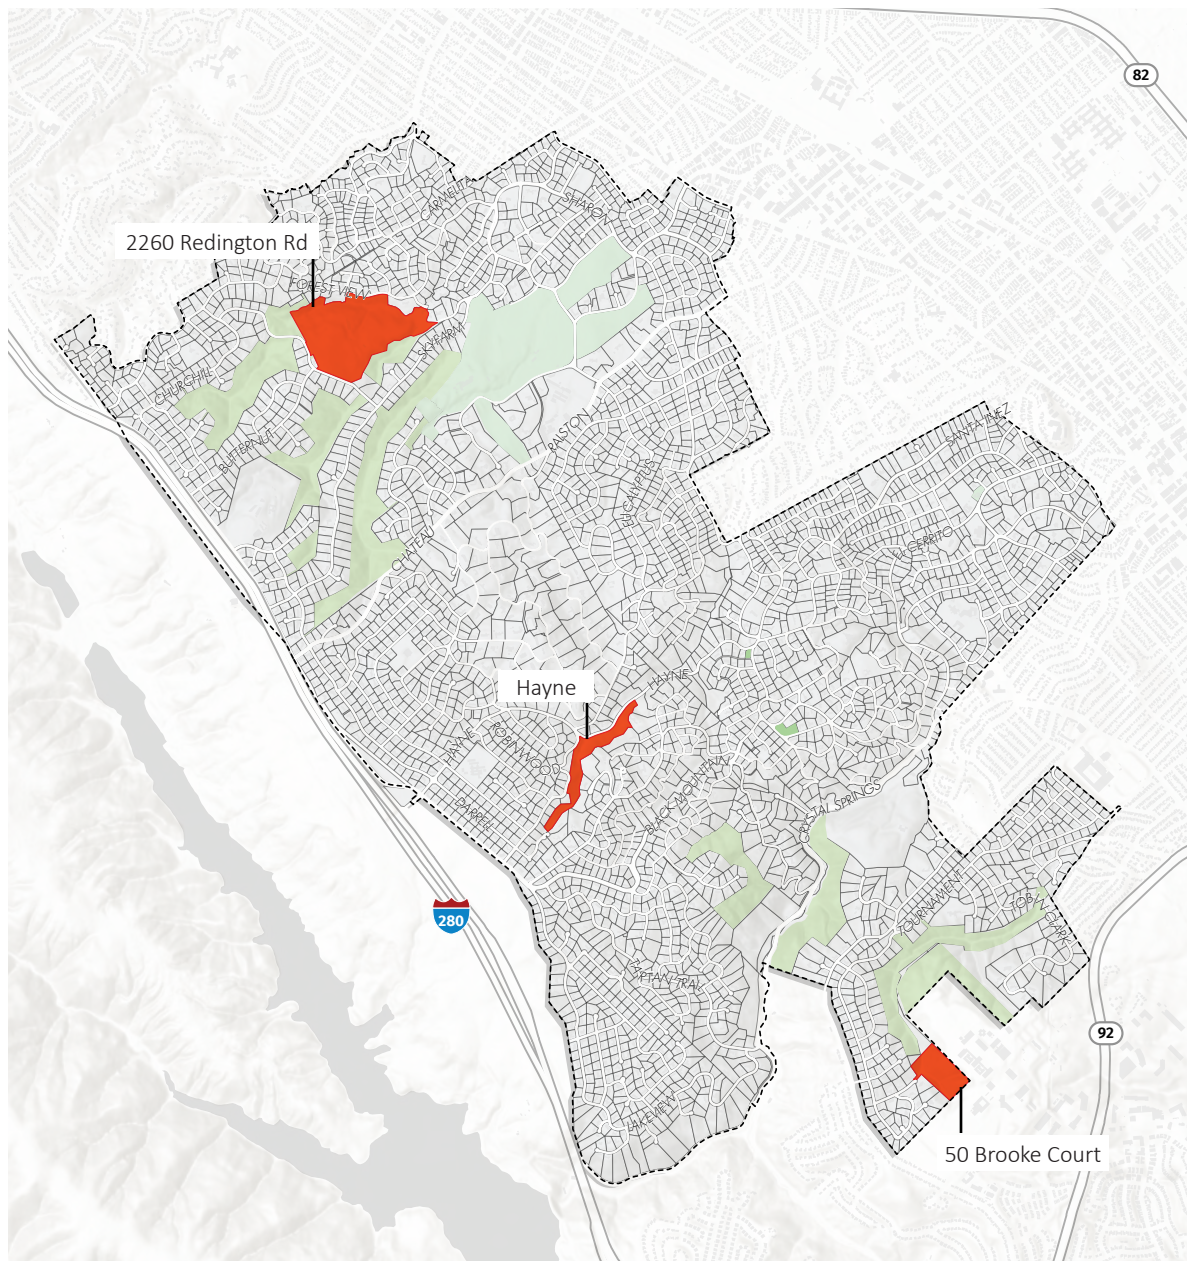

Each of the identified vacant sites meet the Town’s zoning and subdivision standards. Each site can accommodate one primary residence which, given the cost of land in Town, would likely be made available at above moderate-income affordability levels.

Table 8.7, below, demonstrates the remaining delta of the RHNA 6 obligation, after accounting for the ADU projections, pipeline projects, and units derived from the development of the identified vacant sites.

Table 8.8: Vacant Opportunity Sites Delta			
Income Level	RHNA 6 Allocation & Less ADUs and Units Resulting from Subdivision	Vacant Opportunity Sites	RHNA 6 Allocation Less ADUs, Pipeline Projects, and Vacant Opportunity Sites
Very Low Income (0-50% AMI)	-1	0	-1
Low Income (51-79% AMI)	-67	0	-67
Moderate Income (80-119% AMI)	-69	0	-69
Above Moderate Income (120% AMI+)	159	23	136
TOTAL:	22	23	1 Surplus Unit

Approach 4: Subdivision Opportunity Sites

The Town of Hillsborough has identified three opportunity sites, identified on the accompanying map, that meet the Town's zoning and subdivision standards. No projects have been submitted or approved at these sites, which is why they are not being included as pipeline projects. These three sites, if subdivided, could result in 12 new parcels and housing units, as summarized in *Table 8.9* below. Due to the high cost of land in Hillsborough, all units are considered to meet the Town's above moderate income RHNA requirement.

Legend

■ Subdivision Opportunity Sites

Table 8.9: Subdivision Opportunity Sites			
APN	Property Address / Name	Parcel Size	Potential Subdivision Yield
28040120	2260 Redington Rd, Hillsborough	49.52	5
038281280	50 Brooke Court	11.64	2
30191030	Hayne	10.90	5
TOTAL			12

The Town is committed to encouraging and facilitating the subdivision of these sites and resulting housing development and have included several goals and actions under Policy 1 related to streamlining and enhancing the user-friendliness of the approval process in the Housing Plan.

Table 8.10 below, demonstrates the remaining delta of the RHNA 6 obligation, after accounting for the ADU projections, pipeline projects, units derived from the development of the identified vacant sites, and units derived from the subdivision of the identified parcels. Conclusion

Table 8.10: Subdivision Opportunity Sites Delta			
Income Level	RHNA 6 Allocation & Less ADUs and Units Resulting from Subdivision	Subdivision Opportunity Sites	RHNA 6 Allocation Less ADUs, Pipeline Projects, Vacant Opportunity Sites, and Subdivision Opportunity Sites
Very Low Income (0-50% AMI)	-1	0	-1
Low Income (51-79% AMI)	-67	0	-67
Moderate Income (80-119% AMI)	-69	0	-69
Above Moderate Income (120% AMI+)	136	12	124
TOTAL:	-1	12	13 Surplus Units

Conclusion

Utilizing the four approaches detailed above and the corresponding actions detailed in the Housing Plan, the Town of Hillsborough is confident that it can meet the housing needs of current and future residents and its RHNA obligation. *Table 8.11* below summarizes the yield from all approaches and their impact on the Town of Hillsborough’s RHNA 6 obligation. The Town’s approaches produce a surplus of units in the very low-income, low-income, and moderate-income categories which are counted towards the deficit in units in the above moderate income category.

Table 8.11: Conclusion					
Approach	Very Low Income Units	Low Income Units	Moderate Income Units	Above Moderate Income Units	Total Units
Approach 1: ADUs	156	156	156	52	520
Approach 2: Pipeline Projects	0	0	0	11	11
Approach 3: Vacant Housing Opportunity Sites	0	0	0	23	23
Approach 4: Subdivision Housing Opportunity Sites	0	0	0	12	12
TOTAL					566 (12 Surplus Units)

FURTHERING FAIR
HOUSING**

Fair Housing Enforcement and Outreach Capacity

This section discusses fair housing legal cases and inquiries, fair housing protections and enforcement, and outreach capacity.

Fair Housing and Civil Rights Findings, Lawsuits, Enforcement, Settlements or Judgments

Fair housing legal cases and inquiries. California fair housing law extends beyond the protections in the Federal Fair Housing Act (FHA). In addition to the FHA protected classes—race, color, ancestry/national origin, religion, disability, sex, and familial status—California law offers protections for age, sexual orientation, gender identity or expression, genetic information, marital status, military or veteran status, and source of income (including federal housing assistance vouchers).

The California Department of Fair Employment in Housing (DFEH) was established in 1980 and is now the largest civil rights agency in the United States. According to their website, the DFEH’s mission is, “to protect the people of California from unlawful discrimination in employment, housing and public accommodations (businesses) and from hate violence and human trafficking in accordance with the Fair Employment and Housing Act (FEHA), Unruh Civil Rights Act, Disabled Persons Act, and Ralph Civil Rights Act”.

DFEH receives, evaluates, and investigates fair housing complaints. DFEH plays a particularly significant role in investigating fair housing complaints against protected classes that are not included in federal legislation and therefore not investigated by HUD. DFEH’s website provides detailed instructions for filing a complaint, the complaint process, appealing a decision, and other frequently asked questions. Fair housing complaints can also be submitted to HUD for investigation.

Additionally, San Mateo County has a number of local enforcement organizations including Project Sentinel, the Legal Aid Society of San Mateo County, and Community Legal Services of East Palo Alto. These organizations receive funding from the County and participating jurisdictions to support fair housing enforcement and outreach and education in the County.

As shown in **Table 9.1**, from 2017 to 2021, 57 fair housing complaints in San Mateo County were filed with the U.S. Department of Housing and Urban Development (HUD)— **Table 9.2** shows that none of the complaints filed with HUD were from the Town of Hillsborough.

Table 9.1: Fair Housing Complaints Filed with HUD by Basis, San Mateo County, 2017-2021

Source: California Department of Housing and Community Development AFFH Data Viewer

Countywide, most complaints cited disability status as the bias (56%) followed by race (19%), and familial status (14%). Countywide, no cause determination was found in 27 complaints followed by successful conciliation or settlement with 22 complaints. Fair housing inquiries in 2020 were primarily submitted from the City of San Mateo, Redwood City, Daly City, and Menlo Park. No inquiries were reported in the Town of Hillsborough.

Table 9.1 shows that fair housing complaints filed with HUD by San Mateo County residents have been on a declining trend since 2018, when 18 complaints were filed. In 2019, complaints dropped to 5, increased to 11 in 2020, and had reached 6 by mid-2021.

Figure 9.1 summarizes San Mateo County HUD Housing Complaints, by Basis, from 2017 to 2021 and Fair Housing Inquiries and complaints from 2017 to 2021 and **Figure 9.2** illustrates all Office of Fair Housing and Equal Opportunity (FHOO) within the region.

Nationally, the National Fair Housing Alliance (NFHA) reported a “negligible” decrease in the number of complaints filed between 2019 and 2020. The primary bases for complaints nationally were nearly identical to San Mateo County’s: disability (55%) and race (17%). Familial status represented 8% of complaints nationally, whereas this basis comprised 14% of cases in the county.

NFHA identifies three significant trends in 2020 that are relevant for San Mateo County:

- First, fair lending cases referred to the Department of Justice from federal banking regulators have been declining, indicating that state and local government entities may want to play a larger role in examining fair lending barriers to homeownership.
- Second, NFHA identified a significant increase in the number of complaints of harassment—1,071 complaints in 2020 compared to 761 in 2019.
- Finally, NFHA found that 73% of all fair housing complaints in 2020 were processed by private fair housing organizations, rather than state, local, and federal government agencies—reinforcing the need for local, active fair housing organizations and increased funding for such organizations.

Fair Housing Capacity

Outreach and capacity. The Town of Hillsborough has no fair housing information on their website or resources for residents experiencing housing discrimination. The town does host a Housing Resources webpage with information about emergency shelters, housing advocacy, housing for persons with disabilities, the Home for All San Mateo County Initiative, the Making Home Affordable program, residential care for the elderly, the San Mateo County Department of Housing, and the Shared Housing program. This could be improved by providing contact information for local fair housing organizations, legal assistance, and general information about the Fair Housing Act and discrimination.

Despite the Town of Hillsborough's lack of fair housing information on their website, Hillsborough residents can find County-wide resources. **Table 9.3** lists Fair Housing Assistance Organizations in San Mateo County that offer fair housing information and resources and each organizations' contact information. The following fair housing organizations offer services to Hillsborough residents:

- **Project Sentinel:** Project Sentinel is a non-profit organization that serves Northern Californian cities and has been an HUD-Approved Housing Counseling Agency since 1998. Project Sentinel offers support to cities and counties in developing their "Analysis of Impediments to Fair Housing" and a wide array of technical assistance to property management professionals/owners. The organization also publishes a semi-weekly newspaper column, Rent Watch, and operates a Housing Hotline.
- **Legal Aid Society of San Mateo County:** The Legal Aid Society of San Mateo County is a non-profit public interest law firm that provides free civil legal advice, counsel, and representation to low-income people living in San Mateo County. The organization has helped people secure safe and affordable housing, access healthcare, obtain economic security, establish immigration status, receive education, and realize freedom from violence and abuse since 1959.
- **Community Legal Services of East Palo Alto:** Community Legal Services of East Palo Alto is a non-profit organization that provides legal services to low-income families within the region. The organization specializes in services that address economic advancement, housing, and immigration. Community Legal Services of East Palo Alto ultimately aims to "provide transformative legal services that enable diverse communities in East Palo Alto and beyond to achieve a secure and thriving future."

Analysis of Federal, State, and Local Data and Knowledge

Housing specific policies enacted locally. The Town of Hillsborough identified the following local policies that contribute to the regulatory environment for affordable housing development in the town.

Local policies in place to encourage housing development.

- Graduated Density Bonus (parcel assembly)
- Form-based codes
- Mixed Use Zoning
- Housing Overlay Zone
- Inclusionary/Below Market Rate Housing Policy
- Condominium Conversion Ordinance
- Just Cause Evictions
- Rent Stabilization
- Acquisition/Rehabilitation/ Conversion Program
- Preservation of Mobile Homes (Rent Stabilization ordinances)
- SRO Preservation Ordinances
- Homeowner Rehabilitation program
- Other Anti-Displacement Strategies
- General Fund Allocation Incl. former RDA “Boomerang” Funds
- In-Lieu Fees (Inclusionary Zoning)
- Housing Development Impact Fee
- Commercial Development Impact Fee
- Other taxes or fees dedicated to housing
- Locally Funded Homebuyer Assistance Programs
- Tenant-Based Assistance
- Public Housing
- Affordable Housing Complexes

Local barriers to affordable housing development.

- Lack of zoning for a variety of housing types beyond single family detached homes
- Lack of land zoned for multifamily development
- Minimum lot sizes

Local policies in place to mitigate or prevent displacement of low income households.

- Promoting streamlined processing of ADUs

Local policies that are NOT in place but would provide the best outcomes in addressing housing shortages.

- Accommodation for multi-family housing
- Once established, development of a housing trust fund that levies fees on development to support affordable housing.

According to *Figure 9.3* and *Figure 9.4*, the Town of Hillsborough does not have any public housing buildings or any census tracts with residents using housing vouchers. The absence of both physical public housing units and renters using housing vouchers to pay for rent indicates an inadequate supply of rental housing or potential exclusionary behavior from landlords in the town.

Nearby communities of Millbrae, Burlingame, and San Mateo all have multiple (at least three) census tracts containing residents using housing vouchers. The presence of voucher users in surrounding communities indicates that there is demand for rental units that accept vouchers in the area.

Integration and Segregation Patterns and Trends

This section was prepared by Root Policy for all communities participating in the 21 Elements program. It discusses integration and segregation of the population by protected classes including race and ethnicity, disability status, familial status, and income status. The section concludes with an analysis of racially and ethnically concentrated areas of poverty and affluence.

Integration and Segregation

“Integration generally means a condition in which there is not a high concentration of persons of a particular race, color, religion, sex, familial status, national origin, or having a disability or a particular type of disability when compared to a broader geographic area.

Segregation generally means a condition in which there is a high concentration of persons of a particular race, color, religion, sex, familial status, national origin, or having a disability or a type of disability in a particular geographic area when compared to a broader geographic area.”

History of segregation in the region

The United States’ oldest cities have a history of mandating segregated living patterns—and Northern California cities are no exception. ABAG, in its recent Fair Housing Equity Assessment, attributes segregation in the Bay Area to historically discriminatory practices—highlighting redlining and discriminatory mortgage approvals—as well as “structural inequities” in society, and “self segregation” (i.e., preferences to live near similar people).

This history of segregation in the region is important not only to understand how residential settlement patterns came about—but, more importantly, to explain differences in housing opportunity among residents today. In sum, not all residents had the ability to build housing wealth or achieve economic opportunity. This historically unequal playing field in part determines why residents have different housing needs today.

Researcher Richard Rothstein’s 2017 book *The Color of Law*:

A Forgotten History of How Our Government Segregated America chronicles how the public sector contributed to the segregation that exists today. Rothstein highlights several significant developments in the Bay Area region that played a large role in where the region’s non-White residents settled.

Pre-civil rights San Mateo County faced resistance to racial integration, yet it was reportedly less direct than in some Northern California communities, taking the form of “blockbusting” and “steering” or intervention by public officials. These local discriminatory practices were exacerbated by actions of the Federal Housing Administration which excluded low-income neighborhoods, where the majority of people of color lived, from its mortgage loan program.

According to the San Mateo County Historical Association, San Mateo County’s early African Americans worked in a variety of industries, from logging, to agriculture, to restaurants and entertainment. Expansion of jobs, particularly related to shipbuilding during and after World War II attracted many new residents into the Peninsula, including the first sizable migration of African Americans. Enforcement of racial covenants after the war forced the migration of the county’s African Americans into neighborhoods where they were allowed to occupy housing—housing segregated into less desirable areas, next to highways, and concentrated in public housing and urban renewal developments.

In the early 1900s, many wealthy families in San Francisco had summer homes in the mid-peninsula area, now known as Hillsborough and Burlingame. When an earthquake hit San Francisco in 1906, refugees flooded the area, primarily taking up residences in two largely small-lot subdivisions east of the El Camino Real. Burlingame incorporated in 1908 and in 1910, Hillsborough residents voted to incorporate, forming the Town of Hillsborough.

Throughout the county, neighborhood associations and city leaders attempted to thwart integration of communities. Although some neighborhood residents supported integration, most did not, and it was not unusual for neighborhood associations to require acceptance of all new buyers. Builders with intentions to develop for all types of buyers (regardless of race) found that their development sites were rezoned by planning councils, required very large minimum lot sizes, and/or were denied public infrastructure to support their developments or charged prohibitively high amounts for infrastructure.

The timeline of major federal Acts and court decisions related to fair housing choice and zoning and land use appears below in **Figure 9.5**. As shown in the timeline, exclusive zoning practices were common in the early 1900s. Courts struck down only the most discriminatory, and allowed those that would be considered today to have a “disparate impact” on classes protected by the Fair Housing Act. For example, the 1926 case *Village of Euclid v. Ambler Realty Co.* (272 U.S. 365) supported the segregation of residential, business, and industrial uses, justifying separation by characterizing apartment buildings as “mere parasite(s)” with the potential to “utterly destroy” the character and desirability of neighborhoods. At that time, multifamily apartments were the only housing options for people of color, including immigrants.

The Federal Fair Housing Act was not enacted until nearly 60 years after the first racial zoning ordinances appeared in U.S. cities. This coincided with a shift away from federal control over low-income housing toward locally-tailored approaches (block grants) and market-oriented choice (Section 8 subsidies)—the latter of which is only effective when adequate affordable rental units are available.

Overall integration and segregation patterns within Hillsborough are summarized below by highlighting population by protected class. Each protected class will be explained in further detail in later sections.

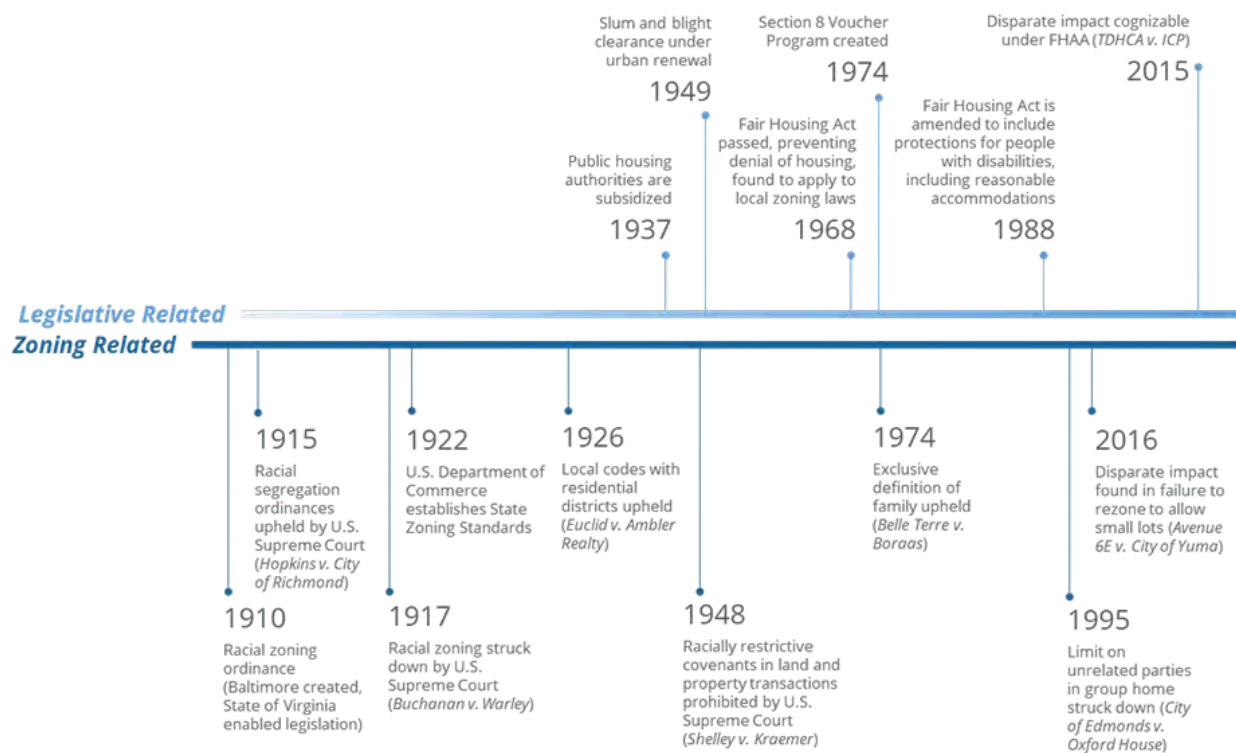

Figure 9.5: Major Public and Legal Actions that Influence Fair Access to Housing

Segregation and Integration

Population by Protected Class

Figure 9.6. Segregation and Integration, Population by Protected Class, Hillsborough v. San Mateo County

Race and Ethnicity

The population distribution in the Town of Hillsborough by race and ethnicity is less diverse than San Mateo County. Population by race and ethnicity is broken down in *Figure 9.7* for the Bay Area, San Mateo County, and Hillsborough. In Hillsborough, 57% of the population is non-Hispanic White followed by 32% Asian, 6% other or multiple races, 4% Hispanic, and 1% Black. In comparison, the San Mateo County population is 39% non-Hispanic White, 30% Asian, 24% Hispanic, 4% other or multiple races, and 2% Black. The Bay Area population is 39% non-Hispanic White, 27% Asian, 24% Hispanic, 5% other or multiple races, and 6% Black.

Figure 9.7. Population by Race and Ethnicity, 2019
Source: ABAG Housing Needs Data Workbook

Racial and ethnic minorities are growing as share of the population in the Town of Hillsborough. In 2000, 71% of the population was non-Hispanic White compared to 57% in 2019. *Figure 9.8* illustrates the population breakdown by race and ethnicity from 2000 to 2019. As seen in 2000, 2010, and 2019, Hillsborough lacks diversity when compared to the broader San Mateo County area.

Figure 9.8. Population by Race and Ethnicity, Town of Hillsborough, 2000-2019
Source: ABAG Housing Needs Data Workbook

Racial and ethnic minority populations generally have higher rates of poverty and lower household incomes compared to the non-Hispanic White population in the Town of Hillsborough.

Hillsborough’s two census tracts population are a slim majority White—which means the gap between White and the next most populous racial and ethnic group is less than 10%.¹

Dissimilarity and Isolation Indices

The Dissimilarity Index, or DI, is a common tool that measures segregation in a community. The DI is an index that measures the degree to which two distinct groups are evenly distributed across a geographic area. The DI represents the percentage of a group’s population that would have to move for each area in the county to have the same percentage of that group as the county overall.

DI values range from 0 to 100—where 0 is perfect integration and 100 is complete segregation. Dissimilarity index values between 0 and 39 generally indicate low segregation, values between 40 and 54 generally indicate moderate segregation, and values between 55 and 100 generally indicate a high level of segregation.

The isolation index is interpreted as the probability that a randomly drawn minority resident shares an area with a member of the same minority, it ranges from 0 to 100 and higher values of isolation tend to indicate higher levels of segregation.

Table 9.5: Racial Ethnic Dissimilarity Trends				
	San Francisco-Oakland-Hayward, CA Region			
Racial/Ethnicity Dissimilarity Index	1990 Trend	2000 Trend	2010 Trend	Current
Non-White/White	44.67	44.68	43.10	45.89
Black/White	66.72	63.71	59.29	63.49
Hispanic/White	43.56	49.67	49.59	51.24
Asian or Pacific Islander/White	45.55	44.94	44.33	48.21
Source: HUD AFFH, https://egis.hud.gov/affht/				

Table 9.5 above shows the dissimilarity index for racial and ethnic groups in the San Francisco-Oakland-Hawyard Region, which includes the town of Hillsborough. The table shows segregation for the region’s Black population, which has a dissimilarity index of 63.49. The dissimilarity value for the region’s Hispanic population is 51.24. Finally, the Region’s Non-White population (45.89) and Asian population (48.21) were closer to perfect integration by scoring below 50 on the dissimilarity index.

¹ Redlining maps, otherwise known as Home Owners’ Loan Corporation (HOLC) maps, are not available for San Mateo County.

Disability Status

Figure 9.9 shows that the share of the population living with at least one disability is 6% in the Town of Hillsborough compared to 8% in San Mateo County. There are no census tracts with a concentration greater than 10% of the population with a disability in the town. Lower proportions of residents living with a disability may indicate a lack of services, suitable housing options, or transportation for this population. Figure 9.10 provides a map which illustrates the percentage of population with a disability by census tract.

Figure 9.9. Share of Population by Disability Status, 2019
Source: ABAG Housing Needs Data Workbook

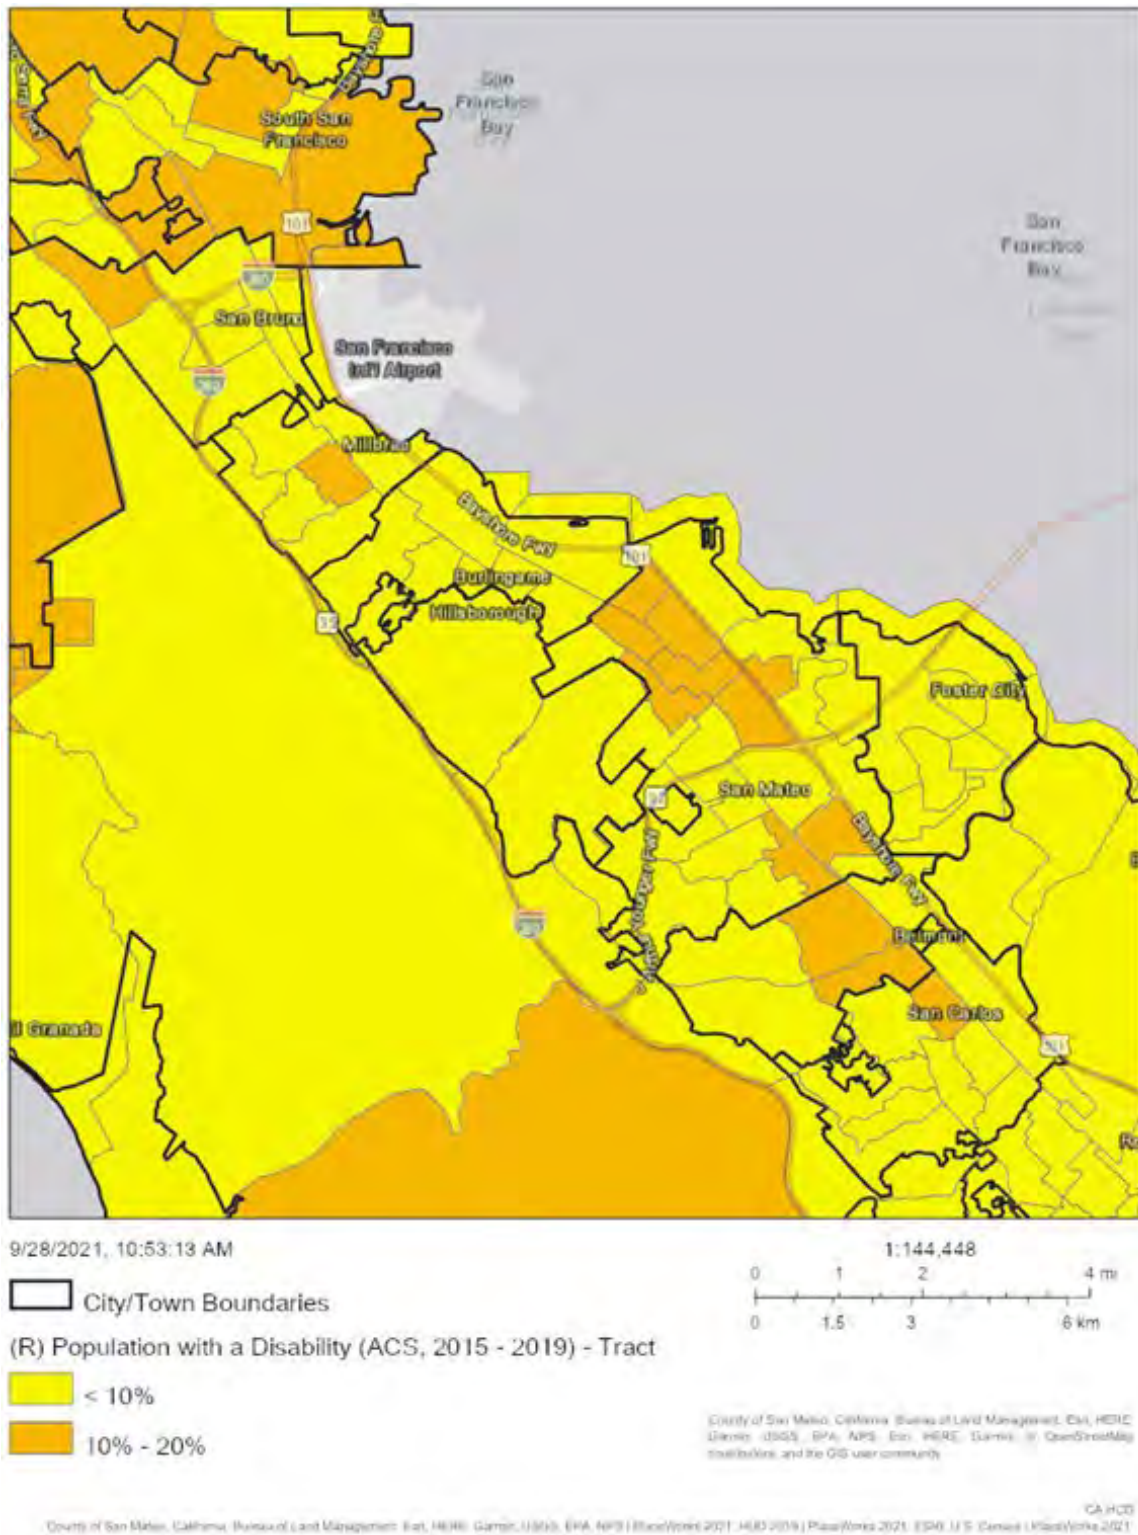

Figure 9.10: Percent of Population with Disability by Census Tract

Source: California Department of Housing and Community Development AFFH Data Viewer

Familial Status

The Town of Hillsborough has a small share of single person households (8% of households) compared to the county (22%) and a larger share of two person and large family households—five or more is considered a large family. Nearly one in five (18%) of all households are five or more person households in Hillsborough compared to 11% in San Mateo County. Hillsborough also has a higher share of married-couple households which make up 83% of households in the town compared to 55% in the county.

Familial status can indicate specific housing needs and preferences. A larger number of married families and larger households indicates a need for three to four bedroom units, both for the rental and for sale market. There are very few renter occupied units in the town (7% of housing units), and most owner occupied units are three to four bedrooms.

Compared to the county, the Town of Hillsborough has a greater proportion of family households and smaller proportion of single person households—which is reflected in the number of bedrooms and tenure of the housing stock in the town.

Household income

The household income distribution by percent of area median income (AMI) in the Town of Hillsborough shows a significant majority of households have high incomes. More than 3 in 4 households in the town fall into the highest income category (greater than 100% AMI) compared to 1 in 2 in San Mateo County.

Half of the census block groups in Hillsborough have no household income data, and the remaining block groups show median household incomes greater than \$125,000—well above the statewide median of \$87,100. Similarly, low and moderate income households make up less than 25% of all households in all census block groups in Hillsborough. Surrounding jurisdictions Millbrae, Burlingame, and San Mateo all have census block groups with more than 50% low and moderate income population. Hillsborough is also largely free of poverty with census tract poverty rates less than 5% town wide.

Geographically, the Town of Hillsborough is an economically exclusive community—largely due to a very low supply of rental housing and affordable ownership opportunities.

Hate Crimes

According to the Office of the Attorney General at the California Department of Justice, a hate crime is a “crime against a person, group, or property motivated by the victim's real or perceived protected social group.” A victim of a hate crime is targeted by one or more of the following: disability, gender, nationality, race or ethnicity, religion, or sexual orientation. Hate crimes are “serious crimes that may result in imprisonment or jail time.”

The Hate Crime statistics Act of 1990 requires that the Attorney General collect data involving all hate crimes committed within the state. **Figure 9.11** shows hate crime trends within San Mateo county from 2016 to 2020. In 2020, 19 hate crimes were committed compared to 17 hate crimes from 2019.

Figure 9.11: hate Crime Offenses in San Mateo County

Figure 9.12 displays hate crimes that occurred in San Mateo County in 2020 based on type of bias. 79% of the hate crimes that took place in San Mateo County were based on Race/Ethnicity/Ancestry, while Sexual Orientation-related hate crimes made up 16%.

Figure 9.13: Hate Crime Offenses by Type in San Mateo County

Racially or Ethnically Concentrated Areas of Poverty (R/ECAP)

Racially Concentrated Areas of Poverty or an Ethnically Concentrated Area of Poverty (R/ECAP) and Racially Concentrated Areas of Affluence (RCAAs) represent opposing ends of the segregation spectrum from racially or ethnically segregated areas with high poverty rates to affluent predominantly White neighborhoods. Historically, HUD has paid particular attention to R/ECAPs as a focus of policy and obligations to AFFH. Recent research out of the University of Minnesota Humphrey School of Public Affairs argues for the inclusion of RCAAs to acknowledge current and past policies that created and perpetuate these areas of high opportunity and exclusion.

It is important to note that R/ECAPs and RCAAs are not areas of focus because of racial and ethnic concentrations alone. This study recognizes that racial and ethnic clusters can be a part of fair housing choice if they occur in a non-discriminatory market. Rather, R/ECAPs are meant to identify areas where residents may have historically faced discrimination and continue to be challenged by limited economic opportunity, and conversely, RCAAs are meant to identify areas of particular advantage and exclusion.

For this study, the poverty threshold used to qualify a tract as a R/ECAP was three times the average census tract poverty rate countywide—or 19.1%. In addition to R/ECAPs that meet the HUD threshold, this study includes edge or emerging R/ECAPs which hit two thirds of the HUD defined threshold for poverty—emerging R/ECAPs in San Mateo County have two times the average tract poverty rate for the county (12.8%).

In 2010 there were three census tracts that qualify as R/ECAPs (19.4% poverty rate) in the county and 11 that qualify as edge R/ECAPs (13% poverty rate). None of the R/ECAPs were located in the Town of Hillsborough in 2010.

In 2019 there were two census tracts that qualify as R/ECAPs (19.1% poverty rate) in the county and 14 that qualify as edge R/ECAPs (12.8% poverty rate). None of the R/ECAPs were located in the Town of Hillsborough in 2019.

Racially or Ethnically Concentrated Areas of Affluence (RCAA)

In 2019, Hillsborough qualified as an RCAA and is shown in *Figure 9.14*. The percent population of White residents and median income is shown in *Table 9.6*.

R/ECAP

HCD and HUD's definition of a Racially/Ethnically Concentrated Area of Poverty is:

- A census tract that has a non-White population of 50 percent or more (majority-minority) or, for non-urban areas, 20 percent, AND a poverty rate of 40 percent or more; OR
- A census tract that has a non-white population of 50 percent or more (majority-minority) AND the poverty rate is three times the average tract poverty rate for the County, whichever is lower.

Source: California Department of Housing and Community Development Guidance, 2021

R/ECAA

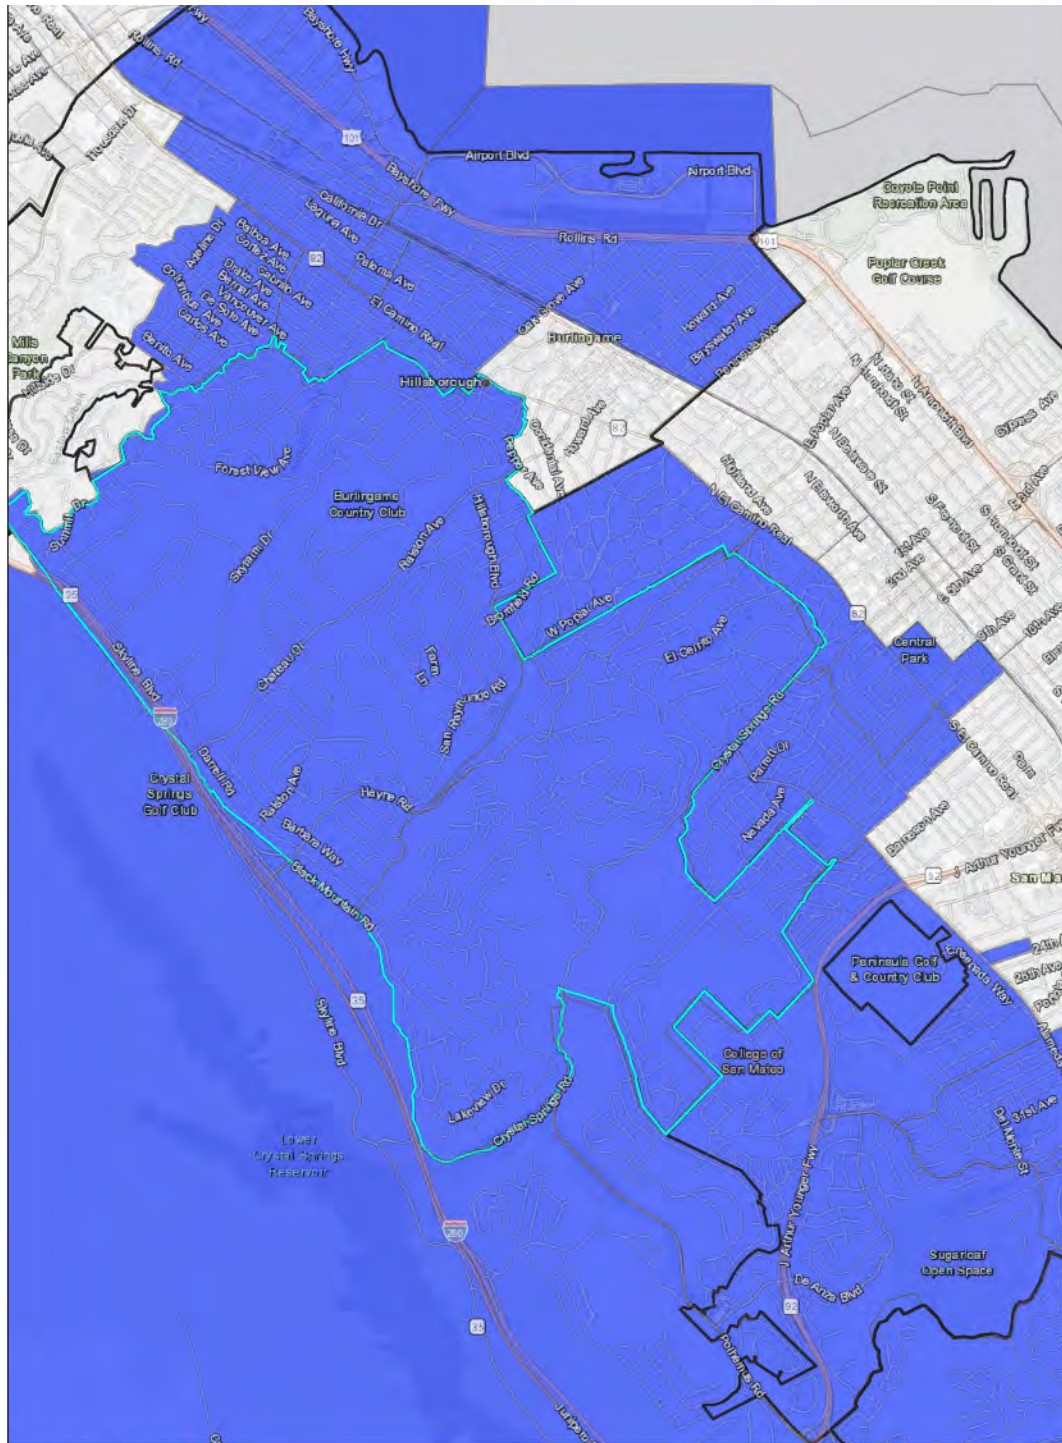

HCD's definition of a Racially/Ethnically Concentrated Area of Affluence is:

- A census tract that has a percentage of total white population that is 1.25 times higher than the average percentage of total white population in the given COG region, and a median income that was 2 times higher than the COG AMI.

Table 9.6: Median Household Income by Race, Hillsborough

Census Tract	Percent Population	Median Income
Census Tract 6056.00	55.3%	\$250,001
Census Tract 6057.00	58.6%	\$250,001

Disparities in Access to Opportunities

This section discusses disparities in access to opportunity among protected classes including access to quality education, employment, transportation, and environment.

The Town of Hillsborough is entirely designated as high or highest resource areas. It is important to note that the Town of Hillsborough does not include any census tracts that are designated as moderate or low resource areas. While the town is high opportunity, it is also exclusive. The proportion of the population with limited English proficiency (LEP) is half that of the county as a whole (3% in the town compared to 7% in the county).

The Social Vulnerability Index (SVI) provided by the Center for Disease Control (CDC)—ranks census tracts based on their ability to respond to a disaster—includes four themes of socioeconomic status, household composition, race or ethnicity, and housing and transportation. Again, the entire Town of Hillsborough shows low vulnerability.

The Town of Hillsborough does not have any disadvantaged communities as defined under SB 535 as, “the top 25% scoring areas from CalEnviroScreen along with other areas with high amounts of pollution and low populations.”²

Access to Opportunity

“Access to opportunity is a concept to approximate place-based characteristics linked to critical life outcomes. Access to opportunity oftentimes means both improving the quality of life for residents of low-income communities, as well as supporting mobility and access to ‘high resource’ neighborhoods. This encompasses education, employment, economic development, safe and decent housing, low rates of violent crime, transportation, and other opportunities, including recreation, food and healthy environment (air, water, safe neighborhood, safety from environmental hazards, social services, and cultural institutions).”

Source: California Department of Housing and Community Development Guidance, 2021, page 34.

2

<https://oehha.ca.gov/calenviroscreen/sb535>

Disparities specific to the population living with a disability

6% of the population in the Town of Hillsborough are living with at least one disability, compared to 8% in the county. The most common disabilities in the town are independent living (2.9%), hearing difficulty (2.7%), and cognitive (2.3%).

For the population 65 and over, the share of the population with an ambulatory or independent living difficulty increases. As mentioned under Access to Transit, San Mateo County is rapidly aging; therefore, this population with a disability is likely to increase.

Unemployment is disproportionately high among residents living with a disability with an unemployment rate of 14%, compared with 3% for residents without a disability in the Town of Hillsborough—particularly when compared to the county where the disparity is not as high. Countywide, the unemployment rate for residents with a disability is 4%, compared to 3% for residents without a disability. High unemployment rates among this population points to a need for increased services and resources to connect this population with employment opportunities.

Access to opportunity in the Town of Hillsborough is summarized in *Figure 9.15*.

Disability

“Disability types include hearing difficulty, vision difficulty, cognitive difficulty, ambulatory difficulty, self-care difficulty, and independent living difficulty.”

Source: California Department of Housing and Community Development Guidance, 2021, page 36.

Regional Opportunity Index (ROI)

This section discusses the Regional Opportunity Index and its relation to the Town of Hillsborough. *Figures 9.16* shows that the Town of Hillsborough was in a high opportunity area for both “place” and “people” in 2014.

California Tax Credit Allocation Committee (TCAC/HCD)

The California Tax Credit Allocation Committee (TCAC) in collaboration with HCD developed a series of opportunity maps that help to identify areas of the community with good or poor access to opportunity for residents. These maps were developed to align funding allocations with the goal of improving outcomes for low-income residents—particularly children.

Opportunity Area Data

The opportunity maps highlight areas of highest resource, high resource, moderate resource, moderate resource (rapidly changing), low resource and high segregation and poverty—this is illustrated in *Figure 9.18*. TCAC provides opportunity maps for access to opportunity in quality education, employment, transportation, and environment. Opportunity scores are presented on a scale from zero to one and the higher the number, the more positive the outcomes.

Regional Opportunity Index (ROI)

The Regional Opportunity Index (ROI) is “an index of community and regional opportunity for understanding social and economic opportunity in California’s communities. The goal of the ROI is to help target resources and policies toward people and places with the greatest need, to foster thriving communities of opportunity for all Californians. It does this by incorporating both a ‘people’ component and a ‘place’ component, integrating economic, infrastructure, environmental, and social indicators in to a comprehensive assessment of the factors driving opportunity.”

Figure 9.18: TCAC Opportunity Areas Composite Score by Census Tract, 2021

Source: California Department of Housing and Community Development AFFH Data Viewer

TCAC/HCD Data – Educational Opportunities

TCAC's education score is based on math proficiency, reading proficiency, high school graduation rates, and the student poverty rate. According to TCAC's educational opportunity map, all of the census tracts in Hillsborough score above 0.75—opportunity scores are presented on a scale from zero to one and the higher the number, the more positive the outcomes. This score indicates the town has positive educational outcomes.

The Town of Hillsborough is served by the San Mateo Union High School District and the Hillsborough City Elementary School District. San Mateo Union increased enrollment by 16% from 2010 to 2020 and the elementary district enrollment increased by 22% over the same time. However, both districts lost students during the COVID pandemic.

San Mateo Union enrollment by race and ethnicity is similar to the countywide distribution. However, there is a higher proportion of Asian students in San Mateo Union (23% compared to 17% countywide), a smaller proportion of Filipino students (5% compared to 8% countywide) and Hispanic students (32% compared to 38% countywide).

The Hillsborough City Elementary District has a large proportion of both White (48%) and Asian (32%) students. The elementary district has a very low proportion of students with extenuating circumstances compared to the county overall. In the Hillsborough City district 1% of students are English learners compared to 20% countywide. Overall, the elementary district is less diverse than the countywide average.

Many high schoolers in the county met admission standards for a University of California (UC) or California State University (CSU) school. Of the high school districts in San Mateo County, Sequoia Union had the highest rate of graduates who met such admission standards at 69% followed by San Mateo Union High with 68%. Pacific Islander, Hispanic, and Black students in the San Mateo Union district were less likely to meet the admission standards, with rates of 29%, 46%, and 46% respectively.

Although San Mateo Union High School has relatively low drop out rates—4% of students—compared to other districts in the county, drop out rates among Hispanic (7%), Black (6%), and Pacific Islander students are higher.

TCAC/HCD Data – Economic Opportunities

Employment. The top three industries by number of jobs in the Town of Hillsborough include health and educational services, arts and recreation services, and professional and managerial services. The town is a bedroom community with a low job to household ratio of 0.5 compared to 1.5 in the county—which means there are fewer employment opportunities per household in the Town of Hillsborough. The town has the same unemployment rate as the broader county (5.9%).

TCAC's economic opportunity score is comprised of poverty, adult educational attainment, employment, job proximity, and median home value. The Town of Hillsborough scores more than 0.75 for economic opportunity town wide. Neighboring Burlingame also scores high on the economic opportunity index, but other communities in the area—Millbrae and San Mateo—have some census tracts that score lower for economic opportunity.

HUD's job proximity index shows the Town of Hillsborough is in relatively close proximity to jobs. On a scale from 0 to 100, where 100 is the closest proximity to jobs, the majority of the town scores above between 60 and 80.

HUD Opportunity Indicators

Table 9.8 displays the data for Opportunity Indicators in the Town of Hillsborough compared to the state of California. These Opportunity Indicators include statistics that relate to education, economic, housing, mobility, healthcare/environmental, and civic life. The data shown below reveals the following findings:

- The Town of Hillsborough has higher rates of college educated adults, math and English proficiency, High School graduation, and UC/CSU eligibility. The Town of Hillsborough also has lower rates of elementary truancy.
- From an economic standpoint, employment rates, minimum basic income rates, job quality, and job growth rates are all higher than the state of California.
- Home ownership and housing adequacy states are higher than the state of California. However, the Town of Hillsborough has a higher housing cost burden rate than the California.
- Although car ownership is higher in Hillsborough, commute times are moderate in Hillsborough and California.
- Aside from prenatal care and years of life lost, health and environmental indicators in California and Hillsborough are comparable.
- The Town of Hillsborough has noticeably higher voting rates and US citizenship rates than California. Neighborhood stability and English speakers are similar in both areas.

Access to Transit

Transportation. This section provides a summary of the transportation system that serves the Town of Hillsborough and the broader region including emerging trends and data relevant to transportation access in the town. The San Mateo County Transit District acts as the administrative body for transit and transportation programs in the county including SamTrans and the Caltrain commuter rail. SamTrans provides bus services in San Mateo County, including Redi-Wheels paratransit service.

In 2018, the Metropolitan Transportation Commission (MTC), which covers the entire Bay Area, adopted a coordinated public transit and human services transportation plan. While developing the coordinated plan, the MTC conducted extensive community outreach about transportation within the area. That plan—which was developed by assessing the effectiveness of how well seniors, persons with disabilities, veterans, and people with low incomes are served—was reviewed to determine gaps in services in Hillsborough and the county overall. Below is a summary of comments relevant to San Mateo County. No comments were received from the Town of Hillsborough.

“San Mateo’s [Paratransit Coordinating Council] PCC and County Health System, as well as the Peninsula Family Service Agency provided feedback. The most common themes expressed had to do with pedestrian and bicycle needs at specific locations throughout the county, though some covered more general comments such as parked cars blocking sidewalk right-of-way and a desire for bike lanes to accommodate motorized scooters and wheelchairs. Transportation information, emerging mobility providers, and transit fares were other common themes.

While some comments related to the use of car share, transportation network companies (TNCs), or autonomous vehicles as potential solutions, other comments called for the increased accessibility and affordability of these services in the meantime.”³

A partnership between the World Institute on Disability and the MTC created the research and community engagement project TRACS (Transportation Resilience, Accessibility & Climate Sustainability). The project’s overall goal is to, “stimulate connection and communication between the community of seniors and people with disabilities together with the transportation system– the agencies in the region local to the San Francisco bay, served by MTC.”⁴

As part of the TRACS outreach process, respondents were asked to share their compliments or good experiences with MTC transit. One respondent who had used multiple services said, “it is my sense that SamTrans is the best Bay Area transit provider in terms of overall disability accommodation.” The San Mateo County Transit District updated their Mobility Plan for Older Adults and People with Disabilities in 2018. According to the district, the county’s senior population is expected to grow more than 70% over the next 20 years and the district is experiencing unprecedented increases in paratransit ridership. The plan is targeted at developing effective mobility programs for residents with disabilities and older adults including viable alternatives to paratransit, partnerships, and leveraging funding sources.⁵ MTC also launched Clipper START—an 18 month pilot project— in 2020 which provides fare discounts on single transit rides for riders whose household income is no more than double the federal poverty level.⁶

Alltransit has collected data from transit stops, routes, and agencies across the country to reveal the impact of transit on jobs, the economy, equity, transit quality, and mobility networks. According to **Figure 9.19**, the Town of Hillsborough scored 2.1 out of a possible 10 points. This score is a result of “very low combination of trips per week and number of jobs accessible enabling negligible number of people who take transit to work.” **Table 9.9** shows that San Mateo County has a higher Alltransit Performance Score (6.1) than Hillsborough.

Table 9.9: AllTransit Performance Score, Hillsborough v. San Mateo County, 2022					
Jurisdiction	AllTransit Performance Score	Transit Trips Per Week within ½ Mile	Jobs Accessible in 30-min trip	Commuters Who Use Transit	Transit Routes within ½ Mile
Hillsborough	2.1	362	68,400	6.21%	4
San Mateo County	6.1	1,411	183,088	10.97%	8

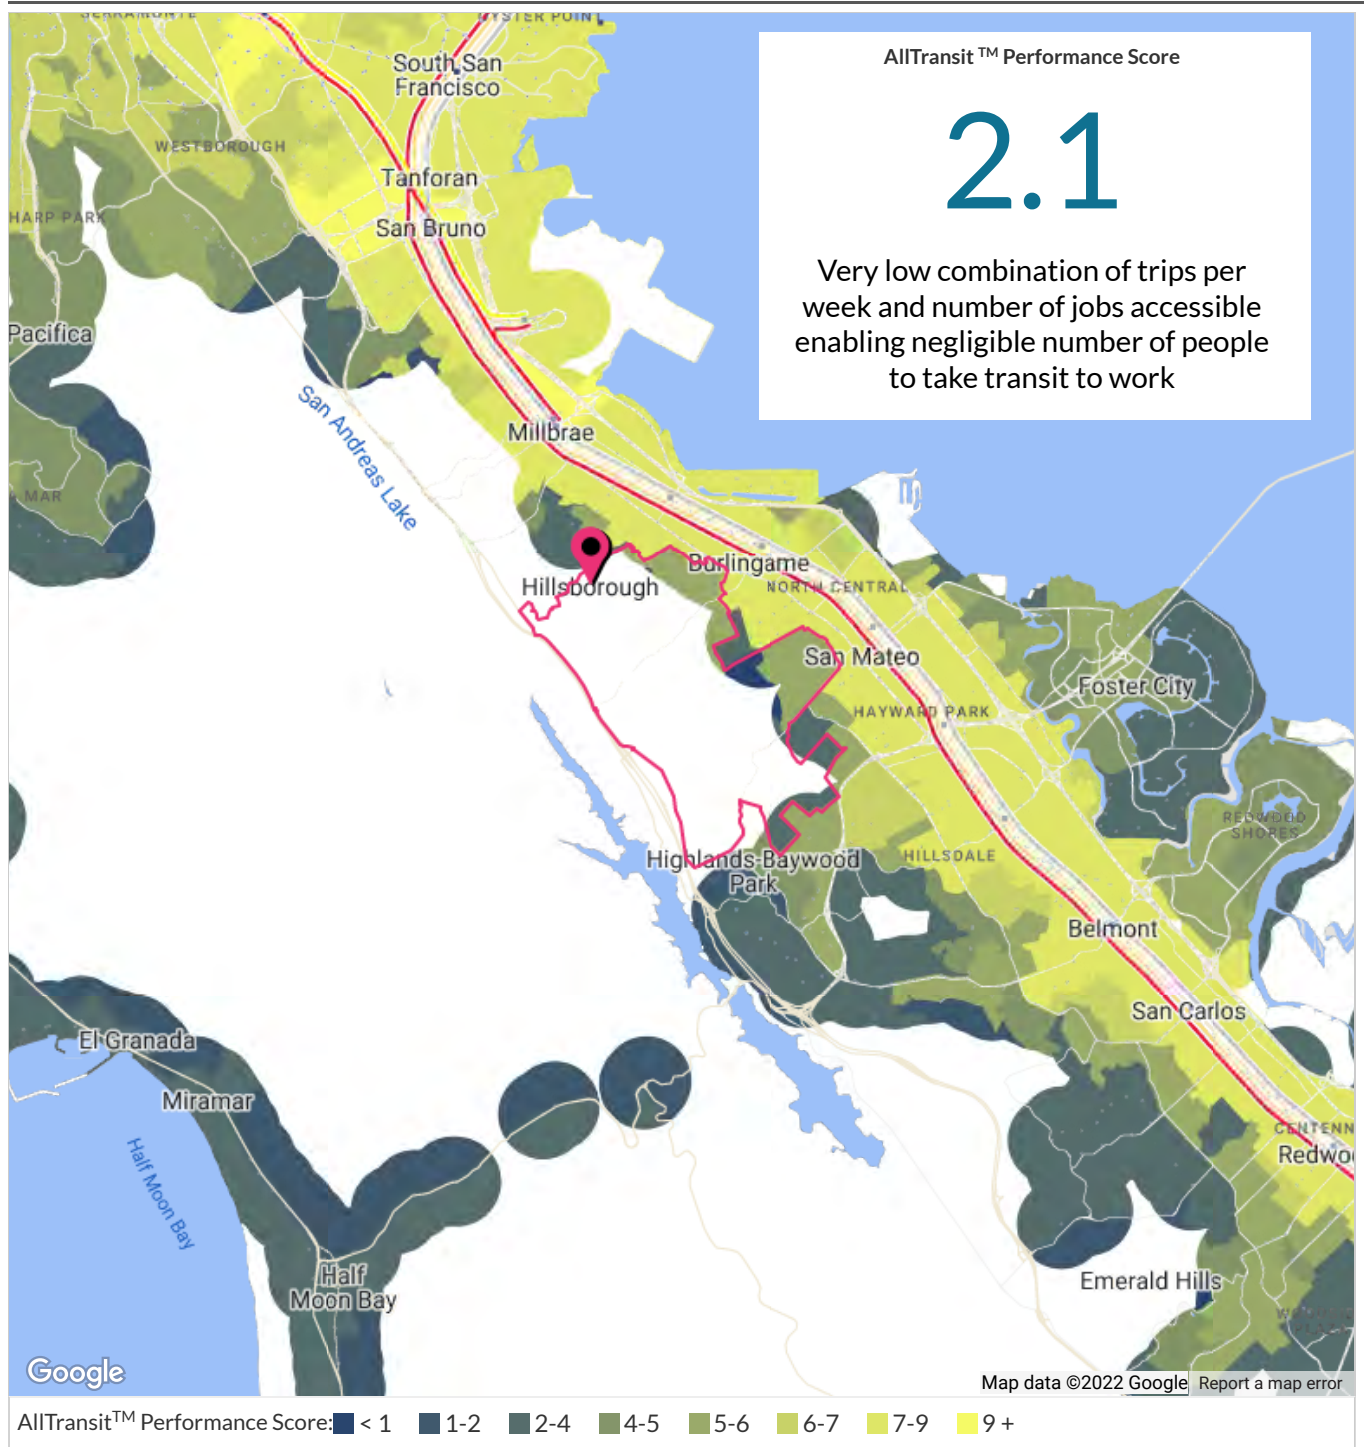

Figure 9-19. AllTransit Performance Score, Hillsborough
Source: AllTransit Score, Hillsborough

CalEnviroScreen – Environmental Justice

TCAC’s opportunity areas environmental scores are based on the CalEnviroScreen 3.0 indicators, which identify areas disproportionately vulnerable to pollution sources such as ozone, PM2.5, diesel PM, pesticides, toxic release, traffic, cleanup sites, groundwater threats, hazardous waste, impaired water bodies, and solid waste sites.

Generally, census tracts within Hillsborough score moderately on environmental outcomes with scores between 0.25 and 0.75. However, the town scores high compared to other areas of San Mateo County on the California Healthy Places Index (HPI) developed by the Public Health Alliance of Southern California (PHASC). The HPI includes 25 community characteristics in eight categories including economic, social, education, transportation, neighborhood, housing, clean environment, and healthcare.⁷

Disproportionate Housing Needs and Displacement

This section discusses disparate housing needs for protected classes including cost burden and severe cost burden, overcrowding, substandard housing conditions, homelessness, displacement, and other considerations.

Population growth in the Town of Hillsborough has not kept up with the pace of growth countywide. Hillsborough experienced a great loss of population from 1999 to 2000, and the population has not recovered to pre-2000 levels despite high growth in the region and neighboring communities.

Since 2015, 40% of housing permitted has been for very low income households. However, overall unit counts in the town during this time are low with a total of 83 housing units permitted over the four year period. The Housing Needs Data Report for the Town of Hillsborough indicates new construction has not kept pace with demand throughout the Bay Area, “resulting in longer commutes, increasing prices, and exacerbating issues of displacement and homelessness.”⁸

The variety of housing types available in the town in 2020 are predominately single family (96%). From 2010 to 2020, the single family inventory increased more than multifamily, and the town has a greater share of single family housing compared to other communities in the region.⁹

Disproportionate Housing Needs

“Disproportionate housing needs generally refers to a condition in which there are significant disparities in the proportion of members of a protected class experiencing a category of housing need when compared to the proportion of members of any other relevant groups, or the total population experiencing that category of housing need in the applicable geographic area. For purposes of this definition, categories of housing need are based on such factors as cost burden and severe cost burden, overcrowding, homelessness, and substandard housing conditions.”

Source: California Department of Housing and Community Development Guidance, 2021, page 39.

⁸ Housing Needs Data Report: Hillsborough, ABAG/MTC Staff and Baird + Driskell Community Planning, 2021.

⁹ Housing Needs Data Report: Hillsborough, ABAG/MTC Staff and Baird + Driskell Community Planning, 2021.

The majority of the housing inventory in the Town of Hillsborough was constructed from 1940 to 1980. As such, the town's units are older, lack energy efficiency, could be costly to adapt for disability accessibility, and may have deferred maintenance if households cannot afford to make improvements.

Almost all of the owner occupied housing units in the Town of Hillsborough are valued at more than \$2 million. In San Mateo County 19% of units are valued at more than \$2 million, and in Hillsborough 95% of units are valued at more than \$2 million. According to the Zillow home value index, home prices have experienced remarkable growth in the town compared to the county and larger region. Prior to the Great Recession, homes in Hillsborough were valued moderately higher than the region, but in 2020 Hillsborough's home value index is more than triple the region and county.

Rents have increased at a slower pace compared to the for sale market—however, median rents dampened from 2018 to 2019 in the town. Compared to the county, the Town of Hillsborough has more luxury rental units—42% of units rent for more than \$3,000 in the town compared to 22% in the county.

Figure 9.20. Disproportionate Housing Needs, 2019-2020

Cost Burden

A smaller proportion of households in the Town of Hillsborough (33%) compared to the county (37%) experience cost burden—spending more than 30% of their gross income on housing costs. Cost burdened households have less money to spend on other essentials like groceries, transportation, education, healthcare, and childcare. Extremely cost burdened households are considered at risk for homelessness.

Lower income households are more likely to experience housing cost burden. All households earning less than 30% AMI—considered extremely low income households—cost burdened or severely cost burdened, compared to only 22% of households earning more than 100% of AMI.

There are disparities in housing cost burden in the Town of Hillsborough by race and ethnicity and family size. Black or African American (71%) and households that identify as some other or more than one race (66%) experience the highest rates of cost burden in the town. Asian households (39%), and non-Hispanic White households (29%) experience the lowest cost burden.

Large family households—considered households with five or more persons—experience cost burden less than all other households in the town. Cost burden is geographically concentrated in the northwest census tract in Hillsborough (20% to 40% of households are cost burdened in this tract).

Overcrowding

Overcrowding. No households in Hillsborough are experiencing overcrowding—indicated by more than one occupant per room.

Substandard Housing

Substandard housing. Data on housing condition are very limited, with the most consistent data available across jurisdictions found in the American Community Survey (ACS)—which captures units in substandard condition as self-reported in Census surveys. No housing units in the Town of Hillsborough have substandard conditions.

Tenure

Typically, renters are more likely to be cost burdened than homeowners. As shown in figure 9.21 below, only seven percent of homes in Hillsborough are renter occupied. Single parent households may also experience disproportional housing needs, and female headed households typically have lower incomes, creating a greater housing need for this group. In Hillsborough, seven percent of households are comprised of single parent households, and 20 percent of these households are renter occupied, while four percent of households are female headed households, comprised of 18 percent renter occupied units.

Large households, or households with five or more members, are subjected to special housing needs because of limited availability of housing with an adequate number of bedrooms. Large households are typically lower income and are more likely to experience overcrowding within smaller units to avoid being cost burdened. 18 percent of households in Hillsborough are large-family households, and in 2017, 43 percent of these households were cost burdened, while simultaneously, about 4 percent of these households were in the very low-income bracket, earning less than 50% of the area median income (AMI). Lower income and cost burdened large households could benefit from larger rental units with three or more bedrooms per unit. Additionally, 98 percent of occupied households in Hillsborough had three or more bedrooms, however only six percent were occupied by renters, suggesting an inadequate size supply of larger rental units.

Figure 9.21: Housing Units by Number of Bedrooms and Tenure, 2019

Figure 9.22: Housing Type by Tenure, 2019

Displacement

There are no assisted units in the Town of Hillsborough to displace. According to the Urban Displacement Project, no census tract in the town are vulnerable to displacement.

Displacement Sensitive Communities

“According to the Urban Displacement Project, communities were designated sensitive if they met the following criteria:

- They currently have populations vulnerable to displacement in the event of increased redevelopment and drastic shifts in housing cost. Vulnerability is defined as:
 - Share of very low income residents is above 20%, 2017 and the tract meets two of the following criteria:
 - Share of renters is above 40%, 2017
 - Share of people of color is above 50%, 2017
 - Share of very low-income households (50% AMI or below) that are severely rent burdened households is above the county median, 2017
 - They or areas in close proximity have been experiencing displacement pressures. Displacement pressure is defined as the percent change in rent above county median for rent increases, 2012-2017

OR

- Difference between tract median rent and median rent for surrounding tracts above median for all tracts in county (rent gap), 2017”

Analysis of Sites Pursuant to AB 686

AB 686 requires an analysis of sites identified to meet RHNA obligations for their ability to affirmatively further fair housing.

Once sites are identified, the analysis will be placed here and will consist of:

- Map of identified sites by lower income, moderate income, and above moderate income units;
- Identification of sites within or proximity to R/ECAPs and edge R/ECAPs and/or low income/poverty concentrations;
- Proportion of low and very low income units located in that area, as well as concentrations of Housing Choice Vouchers,
- How the distribution of lower, moderate, and above moderate income units—and the share located in low, moderate, and high resourced areas—will change with proposed site inventory development;
- Proximity to:
 - High proficiency K-12 education institutions;
 - High-resourced areas/positive economic outcome areas;
 - Low social vulnerability;
 - Good jobs proximity;
 - Access to transportation;
 - Healthy places; and
 - Flood hazards.

10

HOUSING
PLAN

Policies, Goals, & Actions

Purpose and Content

The policies, goals, and actions provide the Town of Hillsborough with a coordinated and comprehensive strategy for promoting the production of safe, decent, and affordable housing throughout the community.

The Town of Hillsborough's Housing Element includes policies to promote the maintenance of existing housing and increase capacity for additional housing options. The Housing Element ensures that current and future housing needs of people living and working in the Town of Hillsborough are met.

The Town's Housing Element includes policies and related goals and actions that will assist in meeting the housing needs of residents. A separate action plan includes the specific actions the Town will take to implement each policy and achieve each goal.

Policy 1: Reduce Barriers to Housing Development

Goal 1.1: Allow for increased subdivision opportunities throughout the community.

- **Action 1.1 (a):** Implement Senate Bill 9 (SB9), as appropriate. SB 9 allows all properties within a "single-family residential zone" to be subdivided into two parcels and developed with two primary dwelling units per lot, irrespective of local standards.
- **Action 1.1 (b):** Conduct a study to analyze the feasibility of updating chapter 16 of the Hillsborough Municipal Code (Subdivisions) to modify existing subdivision standards pertaining to average slope and minimum lot size but in no instance allow lots smaller than one half-acre.

Goal 1.2: Streamline the project review process for housing-related applications.

- **Action 1.2 (a):** Improve transparency in permitting time and workflow by updating the Town's ageing permit tracking software to a streamlined, user-friendly web-based platform with online payments accessible to applicants 24-hours/day, 365 days/year.
- **Action 1.2 (b):** Update all housing development-related application forms to ensure accuracy, clarity, and compliance with all state statutes, including the California Housing Accountability Act and Housing Crisis Act of 2019 (SB 330).
- **Action 1.2 (c):** Continue to evaluate and improve the streamlined processing system to facilitate residential development.
- **Action 1.2 (d):** Utilize CEQA exemptions for infill development sites to shorten entitlement review time.

Goal 1.3: Assist Town residents in the resolution of land use conflicts to promote successful housing development projects.

- **Action 1.3 (a):** Maintain the Town's contract supporting Peninsula Conflict Resolution Center (PCRC) and refer conflicted parties to PCRC's no-fee mediation services.

Goal 1.4: Amend the Town's zoning regulations to comply with all recently adopted state legislation.

- **Action 1.4 (a):** Assess the Town's definition of group home in the zoning ordinance to ensure compliance with the Lanterman Disabilities Services Act.
- **Action 1.4 (b):** Amend the Density Bonus section of the zoning ordinance to comply with AB 1763, SB 1227, and AB 2345.
- **Action 1.4 (c):** Amend the zoning ordinance to comply with the Employee Housing Act.
- **Action 1.4 (d):** Assess the Town's definition of transitional and supportive housing in the zoning ordinance to ensure compliance with State law and allow them in accordance with AB 2162.
- **Action 1.4 (e):** Assess the Town's regulations pertaining to Emergency Shelters to ensure compliance with SB 2 and AB 139.

Policy 2: Promote the Construction and Affordability of Accessory Dwelling Units (ADUs).

Goal 2.1: Continue to support and fund a Town ADU Ombudsman to guide property owners through the Town's ADU process.

- **Action 2.1 (a):** Assess the feasibility of extending the current ADU Ombudsman hours to ensure sufficient capacity for timely review and approval of ADU permits, and budget accordingly for implementation.
- **Action 2.1 (b):** Annually review ADU application and approval processes, making improvements where needed to make it easier for property owners to develop ADUs and JADUs.
- **Action 2.1 (c):** Conduct an analysis of the general fund impacts of continuing the ADU Ombudsman program while reducing/waiving ADU development review fees.
- **Action 2.1 (d):** Actively promote Accessory Dwelling Unit production by encouraging homeowners and developers to include attached or detached Accessory Dwelling Units in existing or new homes.

Goal 2.2: Further streamline and expedite the ADU and JADU permitting process.

- **Action 2.2 (a):** Assess the feasibility of waiving all fees associated with ADU permitting when the property owner deed restricts their ADU to be rented at rates affordable to very-low income households.
- **Action 2.2 (b):** Establish an ADU Review Team comprised of representatives from the Town's various departments including planning, fire, police, and public works and conduct regular weekly meetings to ensure efficient review of ADU applications.
- **Action 2.2 (c):** Incentivize ADUs and JADUs to be constructed along with new single-family detached housing by allowing concurrent permit review and approval and no-cost deed recording with Town notary.
- **Action 2.2 (d):** Consider allowing objective, administrative exceptions for specified zoning standards, such as maximum lot coverage and minimum landscape coverage, to accommodate ADUs and JADUs.
- **Action 2.2 (e):** In coordination with the Central County Fire Department and CalFire, establish pre-approved fire parameters for ADUs to streamline fire related review.
- **Action 2.2 (f):** Establish an ADU/JADU guidebook to help walk residents through the ADU/JADU permitting process.
- **Action 2.2 (g):** Assess the feasibility of developing 80 percent complete construction drawings for ADUs to lower costs associated with engineering and architecture.
- **Action 2.2 (h):** Enhance awareness of the Town's partnership with the County of San Mateo's Home For All initiative and the Second Unit Resource Center which provides information and tools to make it easier for homeowners to build accessory dwelling units.
- **Action 2.2 (i):** Enhance the Town's ADU/JADU Information and Resources webpage on the Town's website.

Goal 2.3: Allow one JADU and up to two ADUs on lots one acre and larger.

- **Action 2.3 (a):** Review best practices and sample ordinance language for similar multiple attached or detached ADU programs in jurisdictions of similar size and make up in the ABAG region and throughout the state.
- **Action 2.3 (b):** Based on the findings of Action 2.3(a), draft potential ordinance language facilitating allowing a maximum of two ADUs (attached or detached) and one JADU on lots one acre and larger and conduct community outreach for feedback.
- **Action 2.3 (c):** Present to City Council for consideration and adoption, language allowing a maximum of two ADUs (attached or detached) and one JADU on lots one acre and larger.

Goal 2.4: Create a program to encourage and expedite the conversion of pool houses, guest houses, and other accessory structures to recorded ADUs/JADUs.

- **Action 2.4 (a):** Review best practices and sample ordinance language for similar accessory structure conversion programs in jurisdictions of similar size and make up in the ABAG region and throughout the state.
- **Action 2.4 (b):** Based on the findings of Action 2.4 (a), draft potential ordinance language facilitating and providing development standard flexibility for such conversions and conduct community outreach for feedback.
- **Action 2.4 (c):** Present to City Council for consideration and adoption, language amending chapter 17.52 (Accessory Dwelling Units) of the Hillsborough Municipal Code expediting the conversion of pool house, guest house, and similar accessory structures into recorded ADUs.
- **Action 2.4 (d):** Conduct a study of the general fund impacts of potentially reducing/waiving Planning and Building fees for such conversions and present findings to City Council for consideration.
- **Action 2.4 (e):** Based on the findings of Action 2.4 (a) and Action 2.4 (c), develop an expedited conversion program and related educational and outreach campaign to make residents aware of the benefits of conversion and present to Council for consideration and ordinance adoption.

Goal 2.5: Require all future pool house, guest house, and similar development to be constructed to the standards of an ADU to accommodate future conversion.

- **Action 2.5 (a):** Review best practices and sample ordinance language for similar accessory structure requirements in jurisdictions of similar size and make up in the ABAG region throughout the state.
- **Action 2.5 (b):** Based on the findings of Action 2.5(a), draft potential ordinance language requiring pool house, guest house, and similar accessory structures to be constructed for use as and recorded as an ADU and conduct community outreach for feedback.
- **Action 2.5 (c):** Present to City Council for consideration and adoption, language amending chapter 17.52 (Accessory Dwelling Units) of the Hillsborough Municipal Code to requiring pool house, guest house, and similar accessory structures to be constructed for use as and recorded as an ADU.

Goal 2.6: Create a retroactive permitting program for existing, unpermitted ADUs.

- **Action 2.6 (a):** Establish an ADU Amnesty Program to allow eligible properties to legalize existing ADUs that were constructed without a permit.

Goal 2.7: Analyze the feasibility of requiring secondary ADUs (with the exception of JADUs) to be deed restricted at affordable rental rates.

- **Action 2.7 (a):** Conduct a study of neighboring jurisdictions to evaluate the feasibility of deed restrictions for ADUs. Based on this study, consider modifying requirements to implement these changes as appropriate.

Goal 2.8: Via 21 Elements, coordinate with San Mateo County jurisdictions on facilitating ADU Development

- **Action 2.8 (a):** Assess opportunities for property tax relief when ADU/JADUs are constructed and offered at rates affordable to lower- and moderate-income households.
- **Action 2.8 (b):** Support the creation of a county wide nonprofit to increase ADU production.

Policy 3: Facilitate Housing Development on Public, Recreational, and Institutional Sites

Goal 3.1: Monitor the disposition of all publicly owned land for potential future use for housing development.

- **Action 3.1 (a):** Fund and conduct a Town-owned property study to identify those properties which may be suitable for future redevelopment for housing.
- **Action 3.1 (b):** Using the findings of the study referenced in Action 3.1 (a), develop a comprehensive program to support reuse of identified sites for housing purposes.

Goal 3.2: Encourage and support use of private recreational and private school land for housing development.

- **Action 3.2 (a):** Contribute funding for and project management services in support of a study analyzing the feasibility of incorporating affordable housing units at the two private school sites and country club property.
- **Action 3.2 (b):** Review best practices and sample ordinance language for similar programs in jurisdictions of similar size and make up in the ABAG region and throughout the state.
- **Action 3.2 (c):** In partnership with the private schools and country club, draft potential revised ordinance language and conduct community outreach for feedback.

Policy 4: Ensure Responsible Development in Wildland Urban Interface (WUI) Areas

Goal 4.1: Continue to support the Central County Fire District (CCFD) WUI Home Inspection Program.

- **Action 4.1 (a):** Enhance communications to residents regarding their required participation in the WUI Inspection Program.
- **Action 4.1 (b):** Require all new proposed landscape plans on properties in designated WUI area to submit a vegetation management plan and receive approval by CCFD.

Goal 4.2: Continue to support community participation in the National Firewise USA® Recognition Program of the National Fire Protection Association (NFPA).

- **Action 4.2 (a):** Maintain the Town's "Firewise Hillsborough" webpage to provide residents with valuable information about how to stay wildfire ready.
- **Action 4.2 (b):** Provide a link on the Town's Firewise Hillsborough webpage to access information on which residential property insurance companies may be currently offering discounts for fire hardened homes.
- **Action 4.2 (c):** Support Hillsborough Firewise in the maintenance of status as a Firewise USA Community, as recognized by the National Fire Protection Association (NFPA).

Goal 4.3: Establish and enforce safety standards for structures and landscaping in WUI areas.

- **Action 4.3 (a):** The Central County Fire Department will review proposed plans for all new buildings and major additions to ensure the construction complies with fire access requirements and make recommendations for modifications to reduce fire hazards.

Policy 5: Establish and Strengthen Opportunities for Rental Tenancies

Goal 5.1: Add a tenant/landlord information page to the Town website.

- **Action 5.1 (a):** Promote partnership with HIP Housing to facilitate the rental of ADU and JADU units.
- **Action 5.1 (b):** Provide a link on the Town's Tenant/Landlord webpage to HIP Housing's monthly, multi-lingual, home sharing fliers.
- **Action 5.1 (c):** Encourage landlords to accept Section 8 and Housing Choice Vouchers by providing information on the Town's Tenant/Landlord website regarding the programs and how to participate.
- **Action 5.1 (d):** Establish a relationship with the California Apartment Association (CAA) and work with their education team to participate in and promote fair housing training for Landlords via the Town's Tenant/Landlord website.

Goal 5.2: Support the Human Investment Project (HIP Housing) Home Sharing, Self-Sufficiency, and Property programs.

- **Action 5.2 (a):** Continue annual grant award to the Human Investment Project (HIP housing), HEART of San Mateo County, LifeMoves, and the County of San Mateo Human Services (see action 6.2(a))
- **Action 5.2 (b):** Distribute HIP Housing's monthly, multi-lingual home sharing fliers directly to City Council, Board, and Commission members, and public and private schools, and post fliers at Town Hall.
- **Action 5.2 (c):** Host Annual Hillsborough-HIP Housing home sharing workshop; confidential match-making with background checks, draft rental agreements, and support services for tenant/landlord.
- **Action 5.2 (d):** Provide a link on the Town's Housing Resources webpage to HIP Housing's monthly, multi-lingual home sharing fliers.

Goal 5.3: Establish and continue partnerships with local nonprofits for tenant outreach and counseling.

- **Action 5.3 (a):** Maintain the Town's relationship with Project Sentinel and refer tenants to their no-fee services.
- **Action 5.3 (b):** Ensure access to the Town's housing-related communication materials through translation of materials into multiple languages including Spanish and Chinese, making materials accessible to those with disabilities, and sharing information with community organizations, such as legal service or public health providers. All communication plans would include strategies to reach groups with disproportionate housing needs.

Goal 5.4: Adopt an anti-harassment ordinance and a right-to-counsel policy.

- **Action 5.4 (a):** Review best practices and sample ordinance language for anti-harassment ordinances and right-to-counsel policies in jurisdictions of similar size and make up in the ABAG region and throughout the state.
- **Action 5.4 (b):** Draft potential ordinance language and conduct outreach to tenants, landlords, community members and tenant/landlord organizations for feedback.
- **Action 5.4 (c):** Based on the outcomes of Actions 6.4 (a) through 6.4 (c), present to City Council for consideration and adoption, language establishing an anti-harassment ordinance and right-to-counsel policy.

Policy 6: Actively Participate in Meeting the Housing Needs of the Community

Goal 6.1: Continue participation in and support for the 21 Elements project.

- **Action 6.1 (a):** Via 21 Elements, participate in a multi-city nexus and feasibility study to adopt housing impact fees and inclusionary requirements.
- **Action 6.1 (b):** Partner with the 21 Elements Jurisdictions to assess the viability of sharing housing staff to support inclusionary zoning, affordable housing, and other related projects.

Goal 6.2: Provide financial support to local housing, homelessness, and mental health support programs.

- **Action 6.2 (a):** Continue annual grant award to the Human Investment Project (HIP housing).
- **Action 6.2 (b):** Continue financial support for the 21 Elements project.
- **Action 6.2 (c):** Develop and adopt a Town philanthropy policy which establishes consistency in giving to local housing, homelessness, and mental health support programs whose organizational missions align with the Town's value statement.
- **Action 6.2 (d):** During the annual Town budget development process, assess the availability of funds for contribution to local housing, homelessness, and mental health support programs whose organizational missions align with the Town's value statement.

Goal 6.3: Report annually to City Council on the Town's progress in meeting the RHNA Cycle 6 housing allocation.

- **Action 6.3 (a):** Planning staff generate the Town's Annual Progress Report (APR) to the California Department of Housing and Community Development (HCD) outlining details of housing development occurring in Town during the previous calendar year and progress towards achieving housing goals.
- **Action 6.3 (b):** Present the Annual APR to the City Council.

Goal 6.4: Monitor the residential sites inventory and the Town's progress in meeting RHNA.

- **Action 6.4 (a):** Monitor unit count and income/affordability assumed on parcels included in the sites inventory.
- **Action 6.4 (b):** Monitor actual units constructed and income/affordability when parcels are developed.
- **Action 6.4 (c):** Monitor net change in capacity and summary of remaining capacity in meeting remaining RHNA.
- **Action 6.4 (d):** Establish an ADU monitoring program to assess which tools are effective and which should be reconsidered.

Policy 7: Affirmatively Further Fair Housing Opportunities

Goal 7.1: Eliminate discrimination in housing based on age, race, color, religion, sex, marital status, national origin, ancestry, or occupation.

- **Action 7.1 (a):** Support fair access to housing for all persons without regard to race, color, religion, sex, marital status, national origin, or ancestry. Assemble and promote the distribution of information to landlords regarding fair housing.
- **Action 7.1 (b):** Assemble and promote the distribution of information to landlords regarding fair housing.
- **Action 7.1 (c):** Involve Project Sentinel to aid in housing-related problem resolution.
- **Action 7.1 (d):** Designate the City Attorney as the appropriate City official to receive and administer complaints related to housing discrimination.
- **Action 7.1 (e):** Implement Chapter 17.42 of the Zoning Ordinance (Requests for Reasonable Accommodation) to comply with the Americans with Disabilities Act (ADA).
- **Action 7.1 (g):** Provide maximum flexibility in the development of housing for persons with disabilities.
- **Action 7.1 (h):** Ensure that information related to fair housing laws is easily available on the Town's website and at key Town facilities, including the Town Hall Campus and Police Station .

Goal 7.2: Proactively increase access to affordable housing options for historically marginalized and underrepresented groups.

- **Action 7.2 (a):** Work with HIP Housing and other self-sufficiency programs to market ADUs to the disability community and non-English speakers, including new-immigrant and refugee communities.
- **Action 7.2 (b):** Work with HIP Housing and other self-sufficiency programs to make available paper and digital versions of multi-lingual applications and to make all websites containing application information accessible.

Action Matrix

The Action Matrix Table below identifies the lead Town department that will implement each action, along with the time frame for completion and key milestones and metrics for each action detailed above.

Housing Element Action Matrix			
	Town Lead	Completion Timeframe	Milestone
Policy 1: Reduce Barriers to Housing Development			
Goal 1.1: Allow for increased subdivision opportunities throughout the community.			
Action 1.1 (a): Implement Senate Bill 9 (SB9), as appropriate. SB 9 allows all properties within a “single-family residential zone” to be subdivided into two parcels and developed with two primary dwelling units per lot, irrespective of local standards.	City Council and Building & Planning Department	Project-by-project basis	Submittal, approval, and completion of an SB9 project.
Action 1.1 (b): Conduct a study to analyze the feasibility of updating chapter 16 of the Hillsborough Municipal Code (Subdivisions) to modify existing subdivision standards pertaining to average slope and minimum lot size, but in no instance allow lots smaller than one half-acre.	City Manager's Office and Building & Planning Department	January 2024	Completion of feasibility analysis of modifications to hillside subdivision standards.
Goal 1.2: Streamline the project review process for housing-related applications.			
Action 1.2 (a): Improve transparency in permitting time and workflow by updating the Town’s ageing permit tracking software to a streamlined, user-friendly web-based platform with online payments accessible to applicants 24-hours/day, 365 days/year.	City Manager's Office and Building & Planning Department	March 2023	Fully updated and implemented permitting software.
Action 1.2 (b): Update all housing development-related application forms to ensure accuracy, clarity, and compliance with all state statutes, including the California Housing Accountability Act and Housing Crisis Act of 2019 (SB 330).	Building & Planning Department	January 2024	All housing development-related application forms updated and in compliance with all state statutes.
Action 1.2 (c): Continue to evaluate and improve the streamlined processing system to facilitate residential development.	Building & Planning Department	Annually	Evaluate to identify potential efficiencies on an annual basis
Action 1.2 (d): Utilize CEQA exemptions for infill development sites to shorten entitlement review time.	City Attorney and Building & Planning Department	Project-by-project basis	Utilize and promote CEQA exemptions on qualifying projects
Goal 1.3: Assist Town residents in the resolution of land use conflicts to promote successful housing development projects.			
Action 1.3 (a): Maintain the Town’s contract supporting Peninsula Conflict Resolution Center (PCRC) and refer conflicted parties to PCRC’s no-fee mediation services.	City Manager's Office and Building & Planning Department	Annually	Contract with PCRC updated annually.
Goal 1.4: Amend the Town’s zoning regulations to comply with all recently adopted state legislation.			
Action 1.4 (a): Assess the Town’s definition of group home in the zoning ordinance to ensure compliance with the Lanterman Disabilities Services Act.	City Attorney and Building & Planning Department	January 2026	Town zoning ordinance is in compliance with the Lanterman Disabilities Services Act.

Action 1.4 (b): Amend the Density Bonus section of the zoning ordinance to comply with AB 1763, SB 1227, and AB 2345.	City Attorney and Building & Planning Department	January 2026	Town Density Bonus section of the zoning ordinance in compliance with AB 1763, SB 1227, and AB 2345.
Action 1.4 (c): Amend the zoning ordinance to comply with the Employee Housing Act.	City Attorney and Building & Planning Department	January 2026	Town zoning ordinance is in compliance with the Employee Housing Act.
Action 1.4 (d): Assess the Town's definition of transitional and supportive housing in the zoning ordinance to ensure compliance with State law and allow them in accordance with AB 2162.	City Attorney and Building & Planning Department	January 2026	Town zoning ordinance is in compliance with AB 2162
Action 1.4 (e): Assess the Town's regulations pertaining to Emergency Shelters to ensure compliance with SB 2 and AB 139.	City Attorney and Building & Planning Department	January 2026	Town zoning ordinance is in compliance with SB 2 and AB 139.
<i>Policy 2: Promote the Construction and Affordability of Accessory Dwelling Units (ADUs).</i>			
<i>Goal 2.1: Continue to support and fund a Town ADU Ombudsman to guide property owners through the Town's ADU process.</i>			
Action 2.1 (a): Assess the feasibility of extending the current ADU Ombudsman hours to ensure sufficient capacity for timely review and approval of ADU permits and budget accordingly for implementation.	City Council, City Manager's Office, and Building & Planning Department	July 2023	Feasibility assessment completed to determine need/resources for the ADU Ombudsman position(s).
Action 2.1 (b): Annually review ADU application and approval processes, making improvements where needed to make it easier for property owners to develop ADUs and JADUs.	Building & Planning Department	Annually	Improved, updated ADU application process
Action 2.1 (c): Conduct an analysis of the general fund impacts of continuing the ADU Ombudsman program while reducing/waiving ADU development review fees.	Finance Department and Building & Planning Department	Annually	Completed analysis of financial implications, budget modifications as necessary.
Action 2.1 (d): Actively promote Accessory Dwelling Unit production by encouraging homeowners and developers to include attached or detached Accessory Dwelling Units in existing or new homes.	Building & Planning Department	Ongoing, project-by-project basis	Increased ADU production.
<i>Goal 2.2: Further streamline and expedite the ADU and JADU permitting process.</i>			
Action 2.2 (a): Assess the feasibility of waiving all fees associated with ADU permitting when the property owner deed restricts their ADU to be rented at rates affordable to very-low income households.	Finance Department and Building & Planning Department	January 2024-2025	Completed assessment incentives for deed-restriction of ADUs to be rented at very-low income rates
Action 2.2 (b): Establish an ADU Review Team comprised of representatives from the Town's various departments including planning, fire, police, and public works and conduct regular weekly meetings to ensure efficient review of ADU applications.	Building & Planning Department, CCFD, Police Dept., Public Works Dept.	January 2024-2025	Creation of ADU Review Team and commencement of regular review meetings
Action 2.2 (c): Incentivize ADUs and JADUs to be constructed along with new single-family detached housing by allowing concurrent permit review and approval and no-cost deed recording with Town notary.	Building & Planning Department and City Council	January 2024-2025	Increased ADU production.

Action 2.2 (d): Consider allowing objective, administrative exceptions for specified zoning standards, such as maximum lot coverage and minimum landscape coverage, to accommodate ADUs and JADUs.	Building & Planning Department, CCFD, Police Dept., Public Works Dept.	January 2026	Internal evaluation of pros/cons of objective, administrative exceptions for specified zoning standards.
Action 2.2 (e): In coordination with the Central County Fire Department and CalFire, establish pre-approved fire parameters for ADUs to streamline fire related review.	CCFD and Building & Planning Department	January 2024-2025	Final document including pre-approved fire parameters for ADUs
Action 2.2 (f): Establish an ADU/JADU guidebook to help walk residents through the ADU/JADU permitting process.	Building & Planning Department	January 2024-2025	Final document ADU/JADU guidebook
Action 2.2 (g): Assess the feasibility of developing 80 percent complete construction drawings for ADUs to lower costs associated with engineering and architecture.	Building & Planning Department	January 2024-2025	Internal evaluation of pros/cons and feasibility of developing 80 percent complete construction drawings for ADUs.
Action 2.2 (h): Enhance awareness of the Town's partnership with the County of San Mateo's Home For All initiative and the Second Unit Resource Center which provides information and tools to make it easier for homeowners to build accessory dwelling units.	Building & Planning Department and City Council	January 2023	Town's website updated to provide easy access to San Mateo's Home For All initiative and the Second Unit Resource Center
Action 2.2 (i): Enhance the Town's ADU/JADU Information and Resources webpage on the Town's website.	Building & Planning Department	January 2023	Town's ADU/JADU Information and Resources webpage updated and current.
Goal 2.3: Allow one JADU and up to two ADUs on lots one acre and larger.			
Action 2.3 (a): Review best practices and sample ordinance language for similar multiple attached or detached ADU programs in jurisdictions of similar size and make up in the ABAG region and throughout the state.	Building & Planning Department	January 2025	Completed assessment of pros/cons of multiple attached or detached ADU programs in similar jurisdictions in the ABAG region and CA.
Action 2.3 (b): Based on the findings of Action 2.3(a), draft potential ordinance language facilitating allowing a maximum of two ADUs (attached or detached) and one JADU on lots one acre and larger and conduct community outreach for feedback.	Building & Planning Department	June 2025	Conduct robust community outreach and education to gain feedback. Draft potential ordinance language, if applicable.
Action 2.3 (c): Present to City Council for consideration and adoption, language allowing a maximum of two ADUs (attached or detached) and one JADU on lots one acre and larger.	Building & Planning Department and City Council	January 2026	Adoption of ordinance update.
Goal 2.4: Create a program to encourage and expedite the conversion of pool houses, guest houses, and other accessory structures to recorded ADUs/JADUs.			
Action 2.4 (a): Review best practices and sample ordinance language for similar accessory structure conversion programs in jurisdictions of similar size and make up in the ABAG region and throughout the state.	Building & Planning Department	January 2025	Completed assessment of pros/cons of accessory structure conversion programs in similar jurisdictions in the ABAG region and CA.

Action 2.4 (b): Based on the findings of Action 2.4 (a), draft potential ordinance language facilitating and providing development standard flexibility for such conversions and conduct community outreach for feedback.	Building & Planning Department	June 2025	Draft potential ordinance language and robust community outreach.
Action 2.4 (c): Present to City Council for consideration and adoption, language amending chapter 17.52 (Accessory Dwelling Units) of the Hillsborough Municipal Code expediting the conversion of pool house, guest house, and similar accessory structures into recorded ADUs.	Building & Planning Department and City Council	January 2026	Adoption of ordinance update.
Action 2.4 (d): Conduct a study of the general fund impacts of potentially reducing/waiving Planning and Building fees for such conversions and present findings to City Council for consideration.	Building & Planning Department, Finance Department, and City Council	January 2026	Completed analysis of financial implications, budget modifications as necessary.
Action 2.4 (e): Based on the findings of Action 2.4 (a) and Action 2.4 (c), develop an expedited conversion program and related educational and outreach campaign to make residents aware of the benefits of conversion and present to Council for consideration and ordinance adoption.	Building & Planning Department and City Council	January 2026	Adoption of ordinance update.
Goal 2.5: Require all future pool house, guest house, and similar development to be constructed to the standards of an ADU to accommodate future conversion.			
Action 2.5 (a): Review best practices and sample ordinance language for similar accessory structure requirements in jurisdictions of similar size and make up in the ABAG region throughout the state.	City Attorney and Building & Planning Department	January 2025	Completed assessment of pros/cons of accessory structure requirements in similar jurisdictions in the ABAG region and CA.
Action 2.5 (b): Based on the findings of Action 2.5(a), draft potential ordinance language requiring pool house, guest house, and similar accessory structures to be constructed for use as and recorded as an ADU and conduct community outreach for feedback.	Building & Planning Department and City Manager's Office	June 2025	Conduct robust community outreach and education to gain feedback. Draft potential ordinance language, if applicable.
Action 2.5 (c): Present to City Council for consideration and adoption, language amending chapter 17.52 (Accessory Dwelling Units) of the Hillsborough Municipal Code to requiring pool house, guest house, and similar accessory structures to be constructed for use as and recorded as an ADU.	Building & Planning Department and City Council	January 2026	Adoption of ordinance update, if applicable
Goal 2.6: Create a retroactive permitting program for existing, unpermitted ADUs.			
Action 2.6 (a): Establish an ADU Amnesty Program to allow eligible properties to legalize existing ADUs that were constructed without a permit	City Attorney and Building & Planning Department	January 2023-2024	ADU Amnesty Program in place and community education.
Goal 2.7: Analyze the feasibility of requiring secondary ADUs (with the exception of JADUs) to be deed restricted at affordable rental rates.			
Action 2.7 (a): Conduct a study of neighboring jurisdictions to evaluate the feasibility of deed restrictions for ADUs . Based on this study, consider modifying requirements to implement these changes as appropriate.	Building & Planning Department and City Manager's Office	January 2026	Completed assessment incentives for deed-restriction of secondary ADUs to be rented at lower and moderate-income rates
Goal 2.8: Via 21 Elements, coordinate with San Mateo County jurisdictions on facilitating ADU Development			

Action 2.8 (a): Advocate for property tax relief opportunities when ADU/JADUs are constructed and offered at rates affordable to lower- and moderate-income households.	Building & Planning Department, City Attorney, Finance Department, and City Manager's Office	January 2027	Form an ADU working group through 21 Elements and San Mateo County that focuses on facilitating ADU development through expedited processing and tax relief.
Action 2.8 (b): Support the creation of a county wide nonprofit to increase ADU production.	Building & Planning Department, City Attorney, City Manager's Office, and San Mateo County	January 2027	Form an ADU working group through 21 Elements and San Mateo County that focuses on facilitating ADU development through expedited processing and tax relief.
Policy 3: Facilitate Housing Development on Public, Recreational, and Institutionally Owned Sites			
Goal 3.1: Monitor the disposition of all publicly owned land for potential future use for housing development.			
Action 3.1 (a): Fund and conduct a Town-owned property study to identify those properties which may be suitable for future redevelopment for housing.	Building & Planning Department, City Manager's Office, and City Council	January 2026	Completed feasibility assessment.
Action 3.1 (b): Using the findings of the study referenced in Action 3.1 (a), develop a comprehensive program to support reuse of identified sites for housing purposes.	Building & Planning Department, City Manager's Office, and City Council	January 2027	Completed community engagement process and creation of program with conceptual plans.
Goal 3.2: Encourage and support use of private recreational and private school land for housing development.			
Action 3.2 (a): Contribute funding for and project management services in support of a study analyzing the feasibility of incorporating affordable housing units at the two private school sites and country club property.	City Manager's Office, Finance Department, and City Council	January 2026	Completed feasibility assessments.
Action 3.2 (b): Review best practices and sample ordinance language for similar programs in jurisdictions of similar size and make up in the ABAG region and throughout the state.	Building & Planning Department and City Manager's Office	Jun-26	Completed review of best practices and sample ordinance updates.
Action 3.2 (c): In partnership with the private schools and country club, draft potential revised ordinance language and conduct community outreach for feedback.	Building & Planning Department and City Manager's Office	January 2027	Conduct robust community outreach and education to gain feedback. Draft potential ordinance language, if applicable.
Policy 4: Ensure Responsible Development in Wildland Urban Interface (WUI) Areas			
Goal 4.1: Continue to support the Central County Fire District (CCFD) WUI Home Inspection Program.			

Action 4.1 (a): Enhance communications to residents regarding their required participation in the WUI Inspection Program.	CCFD and City Manager's Office	Annually	Host annual resident workshops. Continue to promote WUI Home Inspection Program through education and outreach materials distributed through the Town's website, Quarterly newsletter, and weekly e-announcements.
Action 4.1 (b): Require all new proposed landscape plans on properties in designated WUI area to submit a vegetation management plan and receive approval by CCFD.	Building & Planning Department and CCFD	Project-by-project basis	Continue to facilitate expedited review and approval by CCFD of landscape plans in WUI areas.
Goal 4.2: Continue to support community participation in the National Firewise USA® Recognition Program of the National Fire Protection Association (NFPA).			
Action 4.2 (a): Maintain the Town's "Firewise Hillsborough" webpage to provide residents with valuable information about how to stay wildfire ready.	CCFD and City Manager's Office	Ongoing, as-needed	Provide information on the Town's website, Quarterly newsletter, and weekly e-announcements.
Action 4.2 (b): Provide a link on the Town's Firewise Hillsborough webpage to access information on which residential property insurance companies may be currently offering discounts for fire hardened homes.	CCFD and City Manager's Office	Ongoing, as-needed	Provide information on the Town's website, Quarterly newsletter, and weekly e-announcements.
Action 4.2 (c): Support Hillsborough Firewise in the maintenance of status as a Firewise USA Community, as recognized by the National Fire Protection Association (NFPA).	CCFD and City Manager's Office	Annually	Hillsborough Firewise recognized by the National Fire Protection Association (NFPA).
Goal 4.3: Establish and enforce safety standards for structures and landscaping in WUI areas.			
Action 4.3 (a): The Central County Fire Department will review proposed plans for all new buildings and major additions to ensure the construction complies with fire access requirements and make recommendations for modifications to reduce fire hazards.	Building & Planning Department and CCFD	Ongoing, project-by-project basis	All new buildings and major additions receive approval for compliance with fire access requirements
Policy 5: Establish and Strengthen Opportunities for Rental Tenancies			
Goal 5.1: Add a tenant/landlord information page to the Town website.			
Action 5.1 (a): Promote partnership with HIP Housing to facilitate the rental of ADU and JADU units.	City Manager's Office	January 2023	Provide information on the Town's website, Quarterly newsletter, and weekly e-announcements.
Action 5.1 (b): Provide a link on the Town's Tenant/Landlord webpage to HIP Housing's monthly, multi-lingual, home sharing fliers.	City Manager's Office	January 2023	Provide information on the Town's website, Quarterly newsletter, and weekly e-announcements.

Action 5.1 (c): Encourage landlords to accept Section 8 and Housing Choice Vouchers by providing information on the Town's Tenant/Landlord website regarding the programs and how to participate.	City Manager's Office, Building & Planning Department, and Finance Department	January 2023	Provide information on the Town's website, Quarterly newsletter, and weekly e-announcements.
Action 5.1 (d): Establish a relationship with the California Apartment Association (CAA) and work with their education team to participate in and promote fair housing training for Landlords via the Town's Tenant/Landlord website.	City Manager's Office	January 2027	Partner with HIP Housing and CAA to provide coordinated education and resources for landlords with the Town's Tenant/Landlord website.
Goal 5.2: Support the Human Investment Project (HIP Housing) Home Sharing, Self-Sufficiency, and Property programs.			
Action 5.2 (a): Continue annual grant award to the Human Investment Project (HIP housing), HEART of San Mateo County, LifeMoves, and the County of San Mateo Human Services (see action 6.2(a))	City Manager's Office	Annually	Annual Budget line item.
Action 5.2 (b): Distribute HIP Housing's monthly, multi-lingual home sharing fliers directly to City Council, Board, and Commission members, and public and private schools, and post fliers at Town Hall.	City Manager's Office	Monthly	Provide information on the Town's website, Quarterly newsletter, and weekly e-announcements.
Action 5.2 (c): Host Annual Hillsborough-HIP Housing home sharing workshop; confidential match-making with background checks, draft rental agreements, and support services for tenant/landlord.	Building & Planning Department and City Manager's Office	Annually	Host hybrid workshop for Hillsborough residents and employees to provide education and outreach about the HIP Housing home sharing program.
Action 5.2 (d): Provide a link on the Town's Housing Resources webpage to HIP Housing's monthly, multi-lingual home sharing fliers.	City Manager's Office	Monthly	Provide information on the Town's website, Quarterly newsletter, and weekly e-announcements.
Goal 5.3: Establish and continue partnerships with local nonprofits for tenant outreach and counseling.			
Action 5.3 (a): Maintain the Town's relationship with Project Sentinel and refer tenants to their no-fee services.	Building & Planning Department and City Manager's Office	Case-by-case basis	Provide information on the Town's website, Quarterly newsletter, and weekly e-announcements.

Action 5.3 (b): Ensure access to the Town's housing-related communication materials through translation of materials into multiple languages including Spanish and Chinese, making materials accessible to those with disabilities, and sharing information with community organizations, such as legal service or public health providers. All communication plans would include strategies to reach groups with disproportionate housing needs.	Building & Planning Department and City Manager's Office	Ongoing, as-needed	Partner with 21 Elements and San Mateo County to provide information about available translation and accessibility resources and tools. Provide information on the Town's website, Quarterly newsletter, and weekly e-announcements.
Goal 5.4: Adopt an anti-harassment ordinance and a right-to-counsel policy.			
Action 5.4 (a): Review best practices and sample ordinance language for anti-harassment ordinances and right-to-counsel policies in jurisdictions of similar size and make up in the ABAG region and throughout the state.	City Attorney and City Manager's Office	January 2025	Develop a best practices framework for anti-harassment ordinances and right-to-counsel policies
Action 5.4 (b): Draft potential ordinance language and conduct outreach to tenants, landlords, community members and tenant/landlord organizations for feedback.	City Attorney and City Manager's Office	June 2025	Conduct robust community outreach and education to gain feedback. Draft potential ordinance language, if applicable.
Action 5.4 (c): Based on the outcomes of Actions 5.4 (a) through 5.4 (c), present to City Council for consideration and adoption, language establishing an anti-harassment ordinance and right-to-counsel policy.	City Attorney, City Manager's Office, and City Council	January 2026	Adoption of ordinance update, if applicable
Policy 6: Actively Participate in Meeting the Housing Needs of the Community			
Goal 6.1: Continue participation in and support for the 21 Elements project.			
Action 6.1 (a): Via 21 Elements, participate in a multi-city nexus and feasibility study to adopt housing impact fees and inclusionary requirements.	Building & Planning Department and City Manager's Office	Annually	Form a working group through 21 Elements and San Mateo County that evaluates impact fees and inclusionary requirements.
Action 6.1 (b): Partner with the 21 Elements Jurisdictions to assess the viability of sharing housing staff to support inclusionary zoning, affordable housing, and other related projects.	Building & Planning Department and City Manager's Office	Quarterly	Form a working group through 21 Elements and San Mateo County that evaluates sharing housing staff.
Goal 6.2: Provide financial support to local housing, homelessness, and mental health support programs.			
Action 6.2 (a): Continue annual grant award to the Human Investment Project (HIP housing).	City Manager's Office and City Council	Annually	Annual Budget line item
Action 6.2 (b): Continue financial support for the 21 Elements project.	City Manager's Office and City Council	Annually	Annual Budget line item
Action 6.2 (c): Develop and adopt a Town philanthropy policy which establishes consistency in giving to local housing, homelessness, and mental health support programs whose organizational missions align with the Town's value statement.	City Manager's Office and City Council	January 2026	Adopted Town philanthropy policy

Action 6.2 (d): During the annual Town budget development process, assess the availability of funds for contribution to local housing, homelessness, and mental health support programs whose organizational missions align with the Town's value statement.	City Manager's Office and City Council	Annually	Annual Budget adopted.
Goal 6.3: Report annually to City Council on the Town's progress in meeting the RHNA Cycle 6 housing allocation.			
Action 6.3 (a): Planning staff generate the Town's Annual Progress Report (APR) to the California Department of Housing and Community Development (HCD) outlining details of housing development occurring in Town during the previous calendar year and progress towards achieving housing goals.	Building & Planning Department	Annually	Annual Progress Report (APR) prepared for submittal to HCD
Action 6.3 (b): Present the Annual APR to the City Council.	Building & Planning Department	Annually	Annual Progress Report (APR) accepted by City Council for submittal to HCD
Goal 6.4: Monitor the residential sites inventory and the Town's progress in meeting RHNA.			
Action 6.4 (a): Monitor unit count and income/affordability assumed on parcels included in the sites inventory.	Building & Planning Department	Annually	Annual Progress Report (APR) to HCD
Action 6.4 (b): Monitor actual units constructed and income/affordability when parcels are developed.	Building & Planning Department	Annually	Annual Progress Report (APR) to HCD
Action 6.4 (c): Monitor net change in capacity and summary of remaining capacity in meeting remaining RHNA.	Building & Planning Department	Annually	Annual Progress Report (APR) to HCD
Action 6.4 (d): Establish an ADU monitoring program to assess which tools are effective and which should be reconsidered.	Building & Planning Department and City Manager's Office	Monthly	Develop ADU monitoring program to evaluate effectiveness and identify opportunities for improvement.
Policy 7: Affirmatively Further Fair Housing Opportunities			
Goal 7.1: Eliminate discrimination in housing based on age, race, color, religion, sex, marital status, national origin, ancestry, or occupation.			
Action 7.1 (a): Support fair access to housing for all persons without regard to race, color, religion, sex, marital status, national origin, or ancestry.	Building & Planning Department and City Manager's Office	Annually	Annually contract with a fair housing service provider to promote open housing practices for residents, and to facilitate communication between tenants and landlords.
Action 7.1 (b): Assemble and promote the distribution of information to landlords regarding fair housing.	Building & Planning Department and City Manager's Office	Annually	Continue to provide resources for bi-lingual fair housing brochures in a variety of public locations, including Town Hall
Action 7.1 (c): Involve Project Sentinel to aid in housing-related problem resolution.	Building & Planning Department and City Manager's Office	Project-by-project basis	Develop a housing-related referral protocol with Project Sentinel

Action 7.1 (d): Designate the City Attorney as the appropriate City official to receive and administer complaints related to housing discrimination.	City Attorney and City Manager's Office	Annually	Annually designate City Attorney as the City official to manage housing discrimination complaints.
Action 7.1 (e): Implement Chapter 17.42 of the Zoning Ordinance (Requests for Reasonable Accommodation) to comply with the Americans with Disabilities Act (ADA).	Building & Planning Department and City Attorney	Case-by-case basis	Provide information about Requests for Reasonable Accommodation on the Town's website and Quarterly newsletter.
Action 7.1 (f): Provide maximum flexibility in the development of housing for persons with disabilities.	Building & Planning Department and City Attorney	Case-by-case basis	Consult with City Attorney to ensure implementation of flexibility and best practices.
Action 7.1 (g): Ensure that information related to fair housing laws is easily available on the Town's website and at key Town facilities, including the Town Hall Campus and Police Station .	Building & Planning Department, Police Department, and City Attorney	Quarterly	Provide information about fair housing laws on the Town's website and Quarterly newsletter.
Goal 7.2: Proactively increase access to affordable housing options for historically marginalized and underrepresented groups.			
Action 7.2 (a): Work with HIP Housing and other self-sufficiency programs to market ADUs to the disability community and non-English speakers, including new-immigrant and refugee communities.	City Manager's Office and Building & Planning Department	Monthly	Partner with programs to provide information on the Town's website, Quarterly newsletter, and weekly e-announcements.
Action 7.2 (b): Work with HIP Housing and other self-sufficiency programs to make available paper and digital versions of multi-lingual applications and to make all websites containing application information accessible.	City Manager's Office and Building & Planning Department	Monthly	Partner with programs to provide information on the Town's website, Quarterly newsletter, and weekly e-announcements.

They just keep coming in amazing (!)

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☒ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☒ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. **How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscaping)?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. **How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. **Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)?** [multiple choices = select all that apply]

- ☒ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☒ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☒ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace

☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☒ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☐ Disagree
☒ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☒ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☒ In the past 1-2 weeks
☐ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. **How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and l**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to enc**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. **How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participati**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. **Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)?** [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☒ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☒ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☒ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☒ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Durga P.

Last/family name (optional)

Bobba

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☒ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
☒ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☒ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☒ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☐ Disagree
☒ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☐ Agree
☐ Disagree
☒ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will *not* include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Julie

Last/family name (optional)

Tsang

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☒ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☒ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☒ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☒ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☒ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☒ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☒ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☒ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☒ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☐ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☒ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☒ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☒ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☐ Disagree
☒ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☐ Disagree
☒ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☐ Agree
☐ Disagree
☒ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☒ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☒ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☒ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☒ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☒ No - the town must work with similar towns to get our target reduced
☐ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☒ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☒ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

From: [REDACTED]
To: [General Plan](#)
Subject: Comments on proposed zoning change
Date: Monday, September 19, 2022 4:59:26 PM

I would like to share my comments on the proposed zoning changes set forth in the draft housing element.

- I am deeply concern with the impact on hillsborough schools, emergency services and infrstracture from the propose increase in housing units. An impact analysis should be performed and shared with the public.
- Encouraging and reducing barrers to construct ADUs is the best options among the 4 approaches set forth. Converting the town hall campus to multi-unit housing is also an acceptable approach. I am however oppose to rezoning the RD-2 lots ito allow multi-unit housing. Doing so will significantly alter the characteristic of the town and the neighbourhood.
- Rezoning the townhall and RD-2 lots will result in significant financial gain for the town and the current owners. I would like to understand where the increase in the land value will end up?

Regards,
Chiu family

To: [General Plan](#)
Subject: ADU's
Date: Monday, September 19, 2022 4:57:53 PM

Having a 16' tall ADU being presently built 4' from my property line, I am very frustrated by the lack of process with which ADU's are approved. We had nothing to say about this large building that is effectively "in our back yard". I spoke to the Town's consultant before it was approved, but I can see that none of my suggestions were taken. The neighbor's backyard is now full of an ADU, a small addition to their house and a swimming pool all a sub-standard lot.

If ADU's are here to stay, I feel greater consideration should be taken into how they impact the neighbors particularly when consuming such a large envelope.

I am aware of several ADU's that exist in Town. It is quite rare that these buildings are meant to be utilized by non-family members or uses. They simply become guest or pool houses. It is a relatively inexpensive way to add square footage to one's property that can then be sold at a higher price. I apologize for not following all your hard work as I'm sure this has been discussed, but it is frustrating that the ADU rules are being implemented but their underlying goals are not being met or possibly enforced.

Hopefully to reach the additional housing goal mandated by the State, there will not be a mandate that one needs to add an ADU. Some members of the community, especially the senior ones, may not wish to go through the ADU process and expense, much less probably don't need a guest or pool house, most particularly if one has a sub-standard parcel.

I am the rare resident of Hillsborough who was raised, educated and lived here for 65 years. I have seen many changes to our town's character over that time but adding this many residences without considering all components is short sighted. Thank you for all your hard work in soliciting comments from the community. I hope someone who going through the creation of a neighbor's ADU with what seems to limited consideration, will help you craft the best solution.

Sincerely,

Tom Blumberg

Subject: Rezone Plan - We Oppose
Date: Monday, September 19, 2022 4:56:23 PM

Dear Council:

We are OPPOSED to the proposed housing element plan and implore the town to start over with a plan that includes ALL ADU/JADU housing options only.

- We Oppose the Housing Element Plan- Residential District 1 (RD -1): Residential District 2 (RD-2) and Residential District 3 (RD-3)
- We Oppose the Town Hall Expansion/Campus Site Plan- which was delivered to us this past week and it's on the 9/12 agenda.
- We oppose any/all zoning or rezoning of any lot and any other changes to our current "RD" zoning.
- We oppose having a goal (Policy 4, Goal 4.5) to "Discourage redevelopment of sites with existing, smaller, single-family homes." This goal and its implementation will violate homeowners' property rights and penalize those homeowners with no compensation. Remove this goal and do not implement it in the future.

Respectfully submitted,

Debbie and Karl Bakhtiari

Subject: My opinion
Date: Monday, September 19, 2022 4:56:21 PM

Dear Town Council,

I am writing to give a quick opinion on the current situation with the affordable housing mandate. I do not see how it makes sense to change the core of our town in response to a state mandate. The timeframe is not one that should be allowed to cause such fundamental change to everyone who lives here. It is clear that not all options have been reviewed. I hope there is a more comprehensive plan to look at other options before we tear this town apart.

Thank you

Lilli

Erik and Melissa Olson, [REDACTED], oppose the proposed housing plan. We agree with the arguments in the attached pdf set forth by Ted Ulliot.

Thank you,
Melissa

Melissa Olson

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Respectfully submitted,

Theodore W. Ulliot

To:
Hillsborough Town Counsel

From:

Susan Pellegrini

Hillsborough, Ca.

Ladies and Gentlemen,

I reviewed the suggested Housing Element.

As a 44 year resident I am surprised there would be such a move to comply with the State's directive.

Changes in lot size, frontage and zoning are permanent and a significant change to the Town's historical identity. There should be no changes to our zoning, architectural standards as to FAR and height. ADU's should be scrutinized to meet architectural standards and appropriate landscaping.

The impact to property values in proximity of large housing projects will be severe.

The State has neglected vital infrastructure that has diminished quality of life within many counties and has impacted food supply. Without increased water storage of this critical resource there should be no consideration of increased density.

Transportation routes to and from the proposed more populated districts would require the use of easements where roads are less than 25' wide. There is no impact study as to where and how thoroughfares would be enlarged. I believe many residents

would challenge enlarged roadways to service multiple units.

When a private unit is published for rent it cannot be reserved for those locally employed.

Given the nature of current state leadership the state could implement state wide rent control. I don't believe all participants with ADU's are familiar with tenant rights which is another area that has not been published.

The Town would have to increase its budget; expanding building department, insurance and legal along with police department, etc.

There will be a political impact to Town governance in the future.

Regards,

Susan Pellegrini

Subject: Short comment on Hillsborough housing plan
Date: Monday, September 19, 2022 4:47:20 PM

We are almost 30 year residents of Hillsborough. Diana and I have reviewed the plans and also attended the most recent session at North School.

Our view is that the town should really try to avoid agreeing to as large a housing stock increase as the star is requesting....this seems unrealistic for Hillsborough..

However, if the town is required to do so, it should try to achieve these housing goals through ADU s only...that will have the smallest impact on overall city services and particularly the smallest impact on water use.....as we move into continuing water challenges, we think that ADU construction will help limit extra water use....

We have a pretty large lot and we feel that larger lots have been disadvantaged by the current water restrictions as they seem much more number of people based, rather than lot size based....since a key appeal of Hillsborough are the numerous trees and green natural areas, we think there should be real care give to preserving the trees and greenery.

As such, ADU approvals should be used to achieve any required state mandates.

Thank you,

Stuart Francis

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Subject: Comments on building
Date: Monday, September 19, 2022 4:45:47 PM

Our roads are not designed for that much growth. There's even a problem in the mornings and afternoon with Nueva.

With all of our vegetation and trees, there's a huge increase of fire danger and lack of ability for ALL of us to evacuate in a safe matter. My insurance was canceled and the new provide's price is 3 times what I paid previously.

This town was not designed to tolerate that much growth with our infrastructure.....Schools, Police, Fire.

It's unfair that these units don't have to go through all the structure and comments from the neighbors. It's discrimination! I feel I have no voice.

I am not against affordable housing. I sat on the board of HIP Housing for 9 years. Their units are scattered around the county, just not in one place. They do not disrupt the communities that they are in.

Hillsborough has NO public transportation. Hillsborough has NO businesses.

It is a tuff subject for every community.

Subject: My feedback on the Housing Element
Date: Monday, September 19, 2022 4:44:33 PM

My view is that ADUs are the preferable solution, as long as enough are built. Having separate housing would likely create kind of a “second class” of people, identifiable by their address. ADUs, if there were enough of them, would serve most groups that would want to live in the community, like teachers, caregivers, police, fire, etc. The issue of families and pets complicates matters but doesn’t make the ADUs impossible. ADUs would better preserve the character of the town and would integrate better into the community. Also, rather than having a town committee or separate professional organization deciding who gets to live in affordable housing, individual members of the community would be making the decision. That has its upsides and downsides but, in the end, members of the community would have a direct voice. That would spread the responsibility more widely.

I hope this helps.

Subject: Hillsborough Housing Element Proposal
Date: Monday, September 19, 2022 4:43:43 PM

Dear Hillsborough City Council,

My name is Kenneth Gee and I reside at [REDACTED] in the Carolands area of Hillsborough. I wanted to express my concern regarding this proposal because I do NOT feel there is a need for new multifamily housing in our area. This is based on the recent exodus of residents out of our county and the abundance of apartments in our county as current housing supply well meets the current needs.

Furthermore, the additional demands on our public services (police & firefighters) and infrastructure (power and water utilities) will cause additional strains on our current system. Ultimately, this will adversely impact our property values and jeopardize our tax base which is so important to support the ongoing vibrancy of our Hillsborough community. Please register my formal opposition to this proposal.

Sincerely,

Kenneth Gee

Subject: My comments Hillsborough Draft Housing Plan
Date: Monday, September 19, 2022 4:41:35 PM
Attachments: [Hillsborough Draft Housing Plan.docx](#)

Here are my comments on the Hillsborough Draft Housing Plan:

1) I believe that very low and low-income housing be maximized at the Town Center.

The proximity to public transportation and shopping will allow people to get by without owning a car. Car ownership has become significantly more expensive recently and I imagine that many low-income families struggle to afford this expense. Having more cars on the road is not something that benefits Hillsborough nor San Mateo County in general.

2) I oppose the lowering of the minimum lot size to 1/3 acre for the whole town. I prefer that the plan raise the proportion of ADUs to 512, work to develop small and large vacant parcels as outlined in the Smart Housing for Hillsborough Plan, while still developing very low to low-income housing at the Town Center.

3) **I oppose the reduction in landscape coverage and the increase in impervious surface coverage.** Yvon Chouinard just gave up ownership of his company, Patagonia, to preserve undeveloped land. I think we should follow his lead and try to preserve as much undeveloped land on residential properties in the town as possible. I'd rather put the burden on architects and landscape designers to come up with creative ways of keeping lot coverage and hardscape to a bare minimum.

4) **I support the creation of incentives for homeowners to construct JADUs / ADUs within the existing footprint of their homes and/or existing accessory buildings—** i.e., above garages, in attics, and in basements of residences. This would minimize construction and traffic disturbances across town as well as promote sustainability, reduce noise, preserve landscape, preserve privacy, and reduce fire risks.

5) **I am in favor of amending the town's landscaping plan to encourage the promotion of planting of California native species.** Our native wildlife and pollinators need very specific native plants and tree species for food, shelter and for propagation. **Please require that 80% of every lot be covered with California native plant species.** California native plants are proven to be more fire resistant and more drought tolerant than any non-native species. In addition, they are the only plants that support our California native wildlife.

6) **I oppose the proposal that the town would prevent owners of "smaller homes" from being upgraded in the future.** This is unfair to a portion of the town's property owners.

7) I oppose development on Strawberry Hill because of the wildfire risk it creates.

8) Please require that any high-density housing in Hillsborough be required to go through the town's Architectural and Design Review Process. We want to ensure that the character of the town is maintained. This is especially critical to help preserve the property values of residential properties adjacent to high-density housing projects.

Here are my comments on the Hillsborough Draft Housing Plan:

- 1) **I believe that very low and low-income housing be maximized at the Town Center.** The proximity to public transportation and shopping will allow people to get by without owning a car. Car ownership has become significantly more expensive recently and I imagine that many low-income families struggle to afford this expense. Having more cars on the road is not something that benefits Hillsborough or San Mateo County in general.

Subject: State Housing Long Term Mandate Input from Dave Hakman 815 Black Mountain Rd

CAUTION - EXTERNAL SENDER.

Dear City Attorney Diaz,

In response to the invitation to residents for input, I respectfully submit the following.

In preparation for the views expressed below, I spoke with several long-term community residents over the last four weeks, including two prior mayors, former town council and or committee members, and other long-term residents who have been active in our community.

My wife and I moved to Hillsborough in 1968. Our two children were born, raised, and educated here. We are a three-generation family of six living on Black Mountain Rd (2) and Edgecourt (4). Two grandchildren attend Hillsborough schools. Over the 54 years as residents, we feel blessed to have lived in a beautiful, peaceful community. Hillsborough's qualities are numerous and not limited to attractive, well-maintained homes and landscapes with significant setbacks, no sidewalks, no traffic congestion, no traffic lights, good schools, almost no crime, respected police and town services, etc. Such qualities don't happen by accident.

If the town council desires to promote alternative use of the Town Hall site (for the benefit of the residents), please separate such planning from the state's housing unit mandate.

Any rezoning regs will damage and divide our community resulting in a material reduction of the community character we cherish.

Based on insights gathered from neighbors that desire to preserve the long-term character of Hillsborough, please consider the following as it relates to a course of action:

- Go slow
- Focus on ADU, not multi-family rezoning (for sure, a slippery slope)
- Over time gradually introduce incentives if ADU additions need stimulus to improve the rate of ADU additions
- Monitor mandate compliance solutions crafted by similar communities over time and learn from their success and failures (e.g. Atherton, Los Altos Hills, Kentfield, Piedmont, etc.)
- Avoid rezoning only until ADU options are exhausted, other alternatives from lessons observed from other communities fail are successful and time to comply is running short.

Suppose the Town Council is uncertain about community support for the above, I strongly suggest that the Council submit alternatives to residents for a vote to confirm a course of action supported by our residents.

Respectfully submitted,

David Hakman

Subject: Zoning Changes and Housing Element
Date: Monday, September 19, 2022 4:39:09 PM

Council Members,

I am opposed to any rezoning at this time. It is not necessary and should be studied further. There is no rush to rezone. AFTER all the alternatives have been fully explored and decisions have been made on how to proceed, then if rezoning is required, one can do so. Let's not put the cart in front of the horse and rezone until we are sure we will require that.

Given the recent class action law suit on the water issue with the city, it would be prudent to consider any changes or decisions with strict deliberation and full transparency. The last thing we need is to spend more hard earned tax payer money on law suits and biased consultants.

Please consider the requests of the citizens of the town of Hillsborough and act accordingly.

On September 12th, my wife and I wrote a more detailed letter echoing our thoughts to the mayor which I have copied below in case you haven't seen it.

Be Well,

Subra Narayan

[REDACTED]

Hillsborough, CA 94010

[REDACTED]

Dear Mayor Royse:

We have been residents at [REDACTED] for the past 24 years. We are incredibly upset and displeased by the way in which plans to re-zone Hillsborough have been handled. We respectfully ask that you put this zoning discussion on hold immediately! Re-zoning will destroy the wonderful character and community that makes Hillsborough special and desirable. Once you re-zone, Hillsborough will change forever and it will NEVER be the same again!

We attended the meeting held at North School NPR recently. We were informed that the Town Hall property was the 'only' property owned by Hillsborough that could be re-zoned. We have since learned that that is actually not true, and that the town, in fact, owns a significant parcel of the Tobin Clark estate. Not one person mentioned the Tobin Clark estate

at the session, nor was it mentioned on any presentation board. We find it disappointing that such misinformation is being propagated to the tax-paying citizens of this town. We question the integrity and the process of the consultants and urge you to examine whether their interests are aligned with that of our town.

Secondly, we were told at the same North School NPR session that action to re-zone had to be taken immediately. Since then, we have learned that is not the case. Again, the misinformation is devastating. Is it not the policy to first notify the neighbors of any plans for constructions that may affect neighbors, similar to if we wished to tear down our home and put up a new dwelling?

We protest adding a multi-tenant dwelling at the Town Hall site. Floribunda Avenue is not suitable for a massive influx of traffic, parking and noise pollution. We already have parking issues. Just recently, someone parked on our parking strip and damaged our property. We can expect this will happen even more often if you put up a multi-dwelling unit. Most importantly, the traffic resulting from the construction of a multi-dwelling unit would create safety issues for pedestrians; our parking strips are our sidewalks.

Re-zoning is not an urgent matter. We respectfully ask you, Mayor Royse, to hold off re-zoning until everyone gets completely truthful information, evaluates all options and most importantly, listens to the residents. We must work together to ensure that Hillsborough plans properly for its future. Thank you for your consideration.

Sincerely yours,
Radha and Subra Narayan

While we embrace and encourage efforts to address the challenges of making housing in California more affordable, Hillsborough Citizens Alliance vehemently objects to the City's proposed Housing Element plan which reflects a shocking lack of understanding of and respect for the Hillsborough community, its wonderful history and welcoming neighborhoods.

The reasons for our opposition have already been very well-articulated by a number of residents who have eloquently spoken at recent Council meetings. We restate our main concerns that the plan would

1. Cause dramatic change to the landscape and 10%-25% increase in school enrollments will destroy major reasons why people want to live here
2. Open a slippery slope making future "up-zoning" (changing zoning to allow for more density units in smaller lots) easy.
3. Erode our property rights, including a goal to prevent owners of smaller homes (e.g., 2,500 sq ft houses) from upgrading their properties
4. Impose necessary burdens on all residents by underestimating the number of ADUs likely to be built while overestimating the "buffer" units needed to meet state mandate.
5. Omit/exempt large, vacant town-owned parcels from development of housing

Yet equally important for HCA's funders, volunteers and supporters is the fact that, once again, the Town's failure to effectively engage its citizens about an issue as significant as this one, one which Mayor Royse has repeatedly (and aptly) referred to as "the most important issues Hillsborough has faced in 50 years," is jaw-droppingly inadequate. We are frustrated by how many fellow residents are complaining they had not heard about this issue until recently. Part of the problem as we've documented is the Town's lack of proper messaging. Until this week, the Town used headlines with wonky terms like "Housing Element" which

mean nothing to most residents. An audit of the the headline messaging in email, website, bulletin boards, et al for weeks and weeks would find the message "Participate in the Future Planning of Your Town!" which is so abstract and saccharin as to be meaningless to most people. Why not use the more fitting and concrete message that ran on the website starting just this past week, "Zoning Changes Being Considered in Town" all along instead of this one time? Although not as urgent as we'd propose ("Dramatic Zoning" or even "Major Changes"), it's far better than all the prior messaging.

Then there's the problem of pushing the messages out: Staff reported the battery of outreaches including "84 e-announcements, 4 Town Newsletter articles, 1 Hillsborough Living article, 1 informational handout, 2 post cards, 1 bill insert, 7 invitations," and two in-person "Open Houses." As if these numbers actually mean anything. They MIGHT have meant something had the message been better communicated as described above. Instead, the results were a paltry 200 residents combined at two late-summer "Open Houses"; Council meetings attended typically by a couple of dozen or so each month - only to rise to a still meagre 120 at a recent Council meeting. Instead of checking boxes regarding how many bulletin board messages were posted, emails and direct mail pieces sent, Council needs to measure success based on actual engagement. How many attended? Those are the results that matter. It might be tempting to write off such poor civic engagement as apathy or complete trust in Council's leadership to always do the right thing whatever the issue. Based on the survey results we've seen from a well-conceived, citizen-led survey of over 400 residents, it's clearly neither apathy nor utter faith in leadership. The time has come for Council to direct staff to conduct a thorough review and complete overhaul of its entire communications effort.

Vice Mayor Krolik has on more than one occasion lamented the loss of trust, presumably between Council and residents. We agree. That there are so many residents reaching out to HCA in an effort to learn about important issues facing the Town is evidence that they don't feel the Town is leveling with them.

The Housing Element plan was, and continues to be, not only the most important issue facing Hillsborough in 50 years, it's a complicated one. As such, Council and Staff need to be far more aggressive about making sure more people are engaged in the process. The old ways of doing things are not working. We urge Council not only to reject the proposed Housing Element plan but equally important to redouble efforts to drive real Hillsborough citizen engagement with an active, two-way conversation that gets the City where it needs to go. Because with the current plan, to quote a popular old New England phrase, "You can't get there from here."

On behalf of the members of HCA, we thank you for your service to the Town.

Respectfully Submitted,

Larry Friedberg
Co-Founder, Hillsborough Citizens Alliance

Subject: public comment from Aaron ZORNES for 19-Sept-2022 deadline re: Hillsborough Housing Element plan
Date: Monday, September 19, 2022 4:32:23 PM
Attachments: [Housing Element - 3Q2022 survey results v05 \(FINAL\).pdf](#)

Pursuant to town processes, attached is my PERSONAL public commentary as well as the PUBLIC COMMENTS OF OVER 10% OF HILLSBOROUGH RESIDENTS.

These comments can be found in the attached document "Housing Element – 3Q2022 survey results v05 (FINAL).pdf".

In summary, HILLSBOROUGH RESIDENTS UNITE ON THESE KEY ITEMS OF TOWN'S DRAFT HOUSING ELEMENT:

1. By more than 11:1, oppose this Housing Element plan as drafted
2. By about 14:1, oppose re-zoning
3. By more than 11:1, reject reduced minimum lot size & street frontages
4. By more than 10:1, concerned about excluding town-owned open space
5. By more than 7:1, want our proposal to be based on ADUs/JADUs
6. By about 14:1, want our town to understand what other towns like Hillsborough are doing, & to engage with them to fight for our common interests
7. There is overwhelming consensus on these items, & the Housing Element plan must reflect this feedback

Separately, certain survey respondents stated they wanted their survey response submitted to town as official PUBLIC COMMENTS as well.

Therefore ~200 of the 420+ survey responses were sent separately as individual PDFs to the town via 'generalplan@hillsborough.net' prior to the 5pm 19-Sept-2022 deadline.

Thank you.

Aaron Zornes

“HILLSBOROUGH IS UNITED”

Resident feedback on draft Housing Element

3Q2022 survey (10%+ of Hillsborough households)

HILLSBOROUGH RESIDENTS UNITE ON THESE KEY ITEMS OF TOWN'S DRAFT "HOUSING ELEMENT"

- By more than 11:1, oppose this Housing Element plan as drafted
- By about 14:1, oppose re-zoning
- By more than 11:1, reject reduced minimum lot size & street frontages
- By more than 10:1, concerned about excluding town-owned open space
- By more than 7:1, want our proposal to be based on ADUs/JADUs
- By about 14:1, want our town to understand what other towns like Hillsborough are doing, & to engage with them to fight for our common interests
- There is overwhelming consensus on these items, & the Housing Element plan must reflect this feedback

THERE IS NO CONSENSUS ON THESE ITEMS

- Allowing multiple detached ADUs
- Small plurality (not a majority) in favor of exploring denser housing at the Town Hall campus site
- Plurality (not a majority) opposed to considering taller building heights at the Town Hall campus site
- By a margin of about 3:2, residents support the concept (but not any specific plan) of focusing on area near El Camino Real for appropriately locating higher density housing. However, there is a very large undecided block.
- For these items where there is no strong consensus, the town must make a specific proposal with a good case for this to our citizens, & reach consensus in the town, if any of these are to be included in our Housing Element

ADDITIONAL LEARNINGS

- More than half the town respondents were not aware of the Housing Element until the past 3 months, including almost 3 out of 10 who just learned of this in the 2 weeks before this survey
- 56% of survey respondents learned about the Housing Element from social media or email, while only 24% learned about this from Town communications
- Such low awareness implies issues with how the Town engages our residents & homeowners
 - We need to rethink how the Town communicates overall, especially on critical issues like this
 - The Town needs to bolster its online marketing methods/channels
 - Better outbound communications via social networking sites including Hillsborough Together & Nextdoor Hillsborough
 - Strengthen email & SMS channels, including OPT IN capture of contact information for all residents
 - The newsletter may be good for community relations, but doesn't engage sufficiently
 - The Town needs to grab attention with improved and visible key messaging for topics such as this plan, elections, etc.
- Well-constructed surveys both educate & assess residents' positions – with a high response rate

SURVEY DETAILS

10% of Hillsborough's 4,000+ households responded during September 1-19, 2022

BACK STORY

- For 2 years (since 2020), our town council has attempted to craft its state-mandated "Housing Element" to plan & execute for higher density housing as mandated by the state of California
- For the past year, the town organized a "Housing Element Advisory Committee" (HEAC) comprised of 17 residents & affected organizations (CSUS, Nueva) to make recommendations to the city council
- The town has also retained a consultancy (Houseal Lavigne) to manage the process for our proposed plan to the state
- The draft HEAC plan was revealed the week of August 8th to city council & the town residents
- Currently the town's plan is to submit the revised HEAC proposal/response as required in October 2022 at which time the state will review our plan
- **TOWN could have surveyed residents, to have better data to represent their constituency ... So we residents took it on ourselves using our professional skills, software & personal time**

SURVEY OVERVIEW/METHODOLOGY

- Using publicly available databases, we created a pool of 6,000+ validated email addresses, landlines & mobile phones for each Hillsborough address
- During Sept 1-18, 2022, we sent email invitations to this group in addition to posting SURVEY INVITATION to all 5,000+ members of Nextdoor Hillsborough & Hillsborough Together social networks
- In addition to our own research questions, we also included the questionnaire that the 17 member HEAC group used to survey itself as well as survey questions proposed by Hillsborough Citizens Alliance (HCA)
- 420+ survey responses were received (10% of Hillsborough households) of which 190+ provided full contact info for the public record, & the 200+ other anonymous responses were confirmed via IP address; we assume that given the nature of our town's "own" online survey for Housing Element feedback (*which are anonymous as well*) that these "anonymous" survey responses are critical data points that merit full town council & management attention

SURVEY INVITATION

Subject survey re: Hillsborough's "Housing Density Mandate" (HEAC plan)

Per our mayor Al Royce, ***"This is biggest single issue to confront Hillsborough in 50 years."*** The mayor was commenting on Hillsborough's plan to meet the state mandate for higher-density housing during 2023-2031 which must be submitted to & approved by the state during the next 2 months.

Clearly, every possible permutation of this so-called Housing Element "opportunities" exercise we are now going through necessitates a potentially DRAMATIC CHANGE TO OUR ZONING LAWS (& quality of life, property values). The majority of Hillsborough residents are UNAWARE of this.

LET'S BE HEARD AS A COMMUNITY BY TAKING A QUICK 3-5 MINUTE SURVEY TO GIVE "HOUSING DENSITY" FEEDBACK TO OUR CITY COUNCIL.

Individual responses are confidential; cumulative data will be analyzed and shared with all survey respondents prior to our presenting such analysis to Hillsborough City Council prior to their next study session on the plan.

TO TAKE THE SURVEY

- Click on <http://www.hb-surveys.com/heac-2022-v6.htm>
- FYI = Survey is best experienced on Windows 7/10 or MacOs
- Note = Both Apple & Android phones/tablets may want to flip their devices to LANDSCAPE mode to best enjoy the experience

1A. Are you aware state law mandates affordable low income & moderate income housing in ALL cities?

Our goal was to (neutrally) educate, as well as capture feedback on several different viewpoints of the proposed plan

2A - How did you learn of Hillsborough's mandate?

56% learned about this issue from social media & email.

24% learned about this from the town communications.

e need to rethink how the town communicates overall, especially on critical issues like this.

2A. How did you learn of this state-mandated housing density mandate requirement for Hillsborough (multiple selections allowed)

*56% learned about this issue from social media and email.
24% learned about this from the town communications.*

We need to rethink how the town communicates overall, especially on critical issues like this.

3A - When did you learn about the state mandate for 1st time?

More than half the town respondents were not aware of issue until past 3 months, including almost 3 out of 10 who just learned of this in past 2 weeks before survey.

3A. When did you learn about the state mandate for the first time?

More than half the town respondents were not aware of issue until past 3 months, including almost 3 out of 10 who just learned of this in past 2 weeks before survey.

4A. Were you aware proposed HB plan calls for 550+ LOW,
AFFORDABLE & MODERATE INCOME HOMES WITHIN NEXT 8
YEARS?

5A. Are you aware that similar Bay Area communities such as Atherton have TARGETs 50% OR LESS THAN HILLSBOROUGH'S ?

6A. How concerned are you CURRENT PLAN would RE-ZONE ENTIRE TOWN?

By a margin of nearly 14 to 1, the town is highly, very, or somewhat concerned about the re-zoning.

6A. How concerned are you CURRENT PLAN would RE-ZONE ENTIRE TOWN?

By a margin of nearly 14 to 1, the town is highly, very, or somewhat concerned about the re-zoning.

7A. How concerned are you CURRENT PLAN EXCLUDES ANY CONSIDERATION
OF 250+ "OPEN SPACE" ACRES?

*By a margin of more than 10 to 1, our town is concerned
about excluding town-owned open space.*

8A. How concerned are you CURRENT PLAN
REDUCES MINIMUM LOT SIZES from current 1/2
to as low as 1/3 acre?

By a margin of more than 8 to 1, our survey respondents are concerned about reducing minimum lot sizes according to the draft Housing Element.

9A. How concerned are you CURRENT PLAN MINIMIZES
"FRONTAGES" (from current 150' to as low as 50')?

*By a margin of more than 11 to 1, our residents
care about preserving 150 foot street frontages.*

10A. How concerned are you CURRENT PLAN REDUCES
"SETBACK" DISTANCES (from current 20' to as low as 5')?

By a margin of almost 14 to 1, our residents are concerned about reducing setbacks.

11A. How concerned are you CURRENT PLAN
changes zoning laws to ALLOW "LOT SPLITS" TO
BUILD DUPLEXES/TRIPLEXES & MORE?

*By an 11 to 1 margin, our citizens don't want
to allow or increase the number of lot splits & duplexes on lots*

12A. How concerned are you CURRENT PLAN REDUCES MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures & hardscaping can be 70% of a lot)?

By almost 6 to 1, our residents don't want a plan that decreases minimum landscape coverage.

13A. How concerned are you CURRENT PLAN REDUCES MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage subdivisions of larger parcels for additional single family as well as duplex units..?

By a margin of more than 8 to 1, our townspeople don't want to reduce the minimum dwelling size from 2500 sq ft to 800 sq ft.

14A. How concerned are you that CURRENT PLAN ALLOWS
HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC
ROUTES (El Camino Real, etc.)?

*By more than 12 to 1, our town doesn't want high-density housing
anywhere but near El Camino or another high traffic route.*

15A. How concerned are you CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

Our town overwhelmingly thinks the Housing Element team should have approached the owners of the large parcels included in the plan.

16A. Are you planning on adding ADU next 5 years (thru 2027)?

[multiple choices = select all that apply]

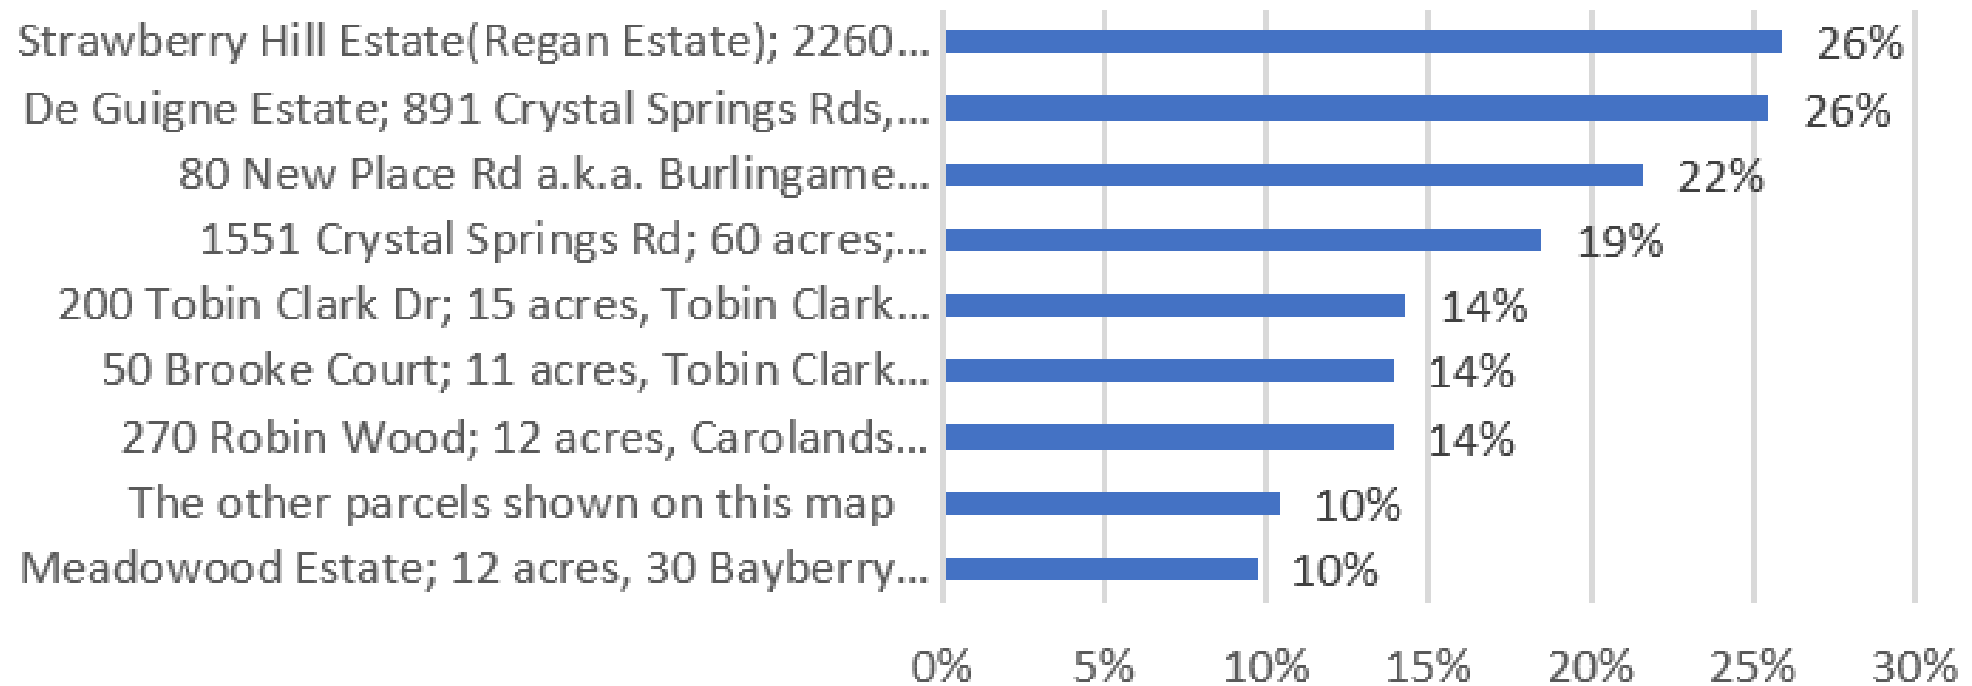

About 1/3 of our town is planning on adding at least one ADU now, with fewer than half not currently planning (& about 1/5 unsure)

17A. What is your LOT SIZE?

18A. Are you aware of these 10+ ACRE SITES
THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR
REDEVELOPMENT into multi-tenant, multi-story
housing (40% low income)?

19A. Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")?

By more than 11 to 1, our town opposes this plan.

SURVEY SUMMARY:

HILLSBOROUGH RESIDENTS ARE UNITED

ON KEY ITEMS IN OUR DRAFT HOUSING ELEMENT**

- By more than 11:1, oppose the Housing Element plan as drafted
- By about 14:1, oppose re-zoning
- By more than 11:1, reject reduced minimum lot size & street frontages
- By more than 10:1, concerned about excluding town-owned open space
- By more than 7:1, want our proposal to be based on ADU/JADUs
- By about 14:1, want town to understand what other towns like Hillsborough are doing & to engage with them to fight for our common interests
- There is overwhelming consensus on these items, & the housing element must reflect this feedback

***TOWN could have surveyed residents, to have better data on how to represent their constituency ... So we residents took it on ourselves*

ADDENDUM ITEMS FOLLOW

1. Other survey findings of importance
2. Partial list of survey respondents

OTHER SURVEY FINDINGS

- By >11:1, our residents want to preserve 150 foot street frontages.
- By ~14:1, our residents oppose reducing setbacks.
- By >8:1, our town opposes reducing minimum lot sizes according to the draft Housing Element.
- By 11:1, our citizens don't want to allow or increase the number of lot splits and duplexes.
- By ~6:1, our residents oppose any decrease in minimum landscape coverage.
- By >8:1, our townspeople oppose reducing the minimum dwelling size from 2500 sq ft to 800 sq ft.
- By >12:1, our town opposes high-density housing anywhere except near El Camino or another high traffic route.
- By ~3:1, the residents oppose including highest density housing near the I-280 corridor
- By 8:1, our town overwhelmingly thinks the Housing Element team should have approached the owners of the large parcels included in the plan.
- By ~3:1, our residents support increasing the ADU component of our plan, and eliminating any "up-zoning" and overlay zones. The town must explore and attempt this approach.
- By >5:1, our residents support using Town-owned parcels (including better ingress/egress for evacuation safety) to achieve a portion of our RHNA housing unit allocation.

From: [Raayan Zarandian Mohtashemi](#)
To: [General Plan](#)
Subject: Comments re. Draft Hillsborough Housing Element
Date: Monday, September 19, 2022 4:31:12 PM

Dear Town of Hillsborough,

I write to provide brief comments regarding the Town's Draft Housing Element, in addition to comments I have made previously through the HEAC process.

1. General approval: Based on my reading of the draft housing element, I think that it is a good-faith attempt at submitting a housing element that is compliant with state law. While I do have concerns and am unhappy about the high proportion of our RHNA goals that the town is attempting to meet with ADUs, which are not proven to largely be rented at low incomes, let alone to be used as housing, I think that there are other policies and programs that are meant to increase the number of homes built in Hillsborough.
2. Not putting all of our eggs in one basket: I applaud the draft element for not relying on any single strategy to meet our goals. Such a one-sided approach would be at substantial risk of not producing enough homes to meet our RHNA goals.
3. No net loss buffer: we should maintain the no-net-loss buffer proposed in the plan, because while we aren't putting all eggs in one basket, we are still concentrating a significant number of homes in a select few sites in order to maximize the use of these sites. If any one of these sites fails to produce as much housing as we intend to produce in our plan, the no net loss buffer creates some wiggle room to still meet the RHNA floor of units.
4. Transit-oriented development: I applaud the draft element and associated town hall site study for planning for a significant number of units next to the highest frequency and highest ridership bus line in San Mateo County. This transit-oriented location near downtown Burlingame is close to services and sustainable transportation, and we should maximize the amount of housing at this site to reduce impacts in other parts of the town and minimize vehicle miles traveled.
5. Adjusting zoning standards throughout the town to result in a less intense, more distributed change to the town - I continue to believe that the majority of the town will not take substantial issue with the slight reduction in minimum lot size standards to a standard that is already present in parts of the town as proposed by the draft plan. It is important to note that this zoning relaxation will not automatically result in subdivisions popping up everywhere in the town. Rather, it does create one potential tool for the town to meet its housing goals. I also think that. A recent mercury news article identified Hillsborough as having the highest per capita water consumption of any city in the Bay Area, at 270 gallons per person. Reducing minimum lot size standards will help us reduce per capita water consumption.
6. Anti-mansionization policy. I support including policies/programs to retain existing smaller and less expensive housing. I don't think that an anti-mansionization ordinance should apply to a project that is increasing the number of units on a property while reducing the square footage of each unit: i.e. if multiple units are being created, each with a square footage less than the square footage of the original home(s) on the lot, the anti-mansionization policy should not apply.
7. ADUs - I encourage the town to more heavily allocate higher income units to ADUs, and less heavily allocate ADU allocations to lower income units, and to do so out of a smaller ADU allocation. The town has no credible evidence that existing ADUs are being used or will be used as low income housing at a high rate. In fact, areas with high

concentrations of wealth such as Hillsborough are encouraged to allocate fewer units to low income ADUs due to high square-footage housing costs. Also, letters of interest in building an ADU are not sufficient evidence to justify a high ADU allocation rate, especially when a large population of anti-housing residents in the town are aware that relying more on ADUs in a plan will reduce the total number of units that likely get built in the town. Please also recall that in the last housing element study session, city manager Ritzma noted that in conversations with HCD, town staff were told that HCD would not certify a housing element that 100% relies on ADUs. Given that the town has officially been made aware of this intent by HCD, it would be seen as a sign of bad faith if the town submitted an all-ADU, or high-proportion ADU, plan to the department, or tried to incorporate sampling-bias surveys at the last minute to push up its ADU count. I would be especially disappointed if the town did this after people like myself have been calling on council members to push for a statistically significant survey of existing ADU owners and other economic analysis to get a better understanding of how ADUs are used in the town for well over a year, but those requests were rebuffed due to concerns for resident privacy.

Thank you for your time and efforts in this process.

Best,

Raayan

Subject: Oppose Zoning changes in the town of Hillsborough
Date: Monday, September 19, 2022 4:29:21 PM

Hello! City Council Members,

We are OPPOSED to the proposed housing element plan and implore the town to start over with a plan that includes ALL ADU/JADU housing options only.

We Oppose the Housing Element Plan- Residential District 1 (RD -1): Residential District 2 (RD-2) and Residential District 3 (RD-3)

We Oppose the Town Hall Expansion/Campus Site Plan- which was delivered to us this past week and it's on the 9/12 agenda.

We oppose any/all zoning or rezoning of any lot and any other changes to our current "RD" zoning.

We oppose having a goal (Policy 4, Goal 4.5) to "Discourage redevelopment of sites with existing, smaller, single-family homes." This goal and its implementation will violate homeowners' property rights and penalize those homeowners with no compensation.

Remove this goal and do not implement it in the future.

The plan has not been thought through- how will traffic be managed? Traffic is already a mess and there is no public transport in Hillsborough. For short-term gains, do not overlook the environmental impact of this haphazard plan.

Resident of [REDACTED].

Subject: Hillsborough Draft Housing Plan
Date: Monday, September 19, 2022 4:29:18 PM

We are really opposed to the new housing plan proposed by the town of Hillsborough. All the other similar areas (Atherton, Los Altos) are counting on ADUs, and maybe a few multi units on town owned land. Why does Hillsborough have to do something so drastic that:

- will overload our existing infrastructure (streets, schools, police, parking areas, power and water, emergency egress/exits etc)
- will increase fire risk
- will dramatically reduce property values, thereby decreasing town revenues
- increase crime

Please come up with something a lot less drastic. We will be happy to pitch in for fines, or commit to future ADU development.

Thanks,

Greg and Sumy Augenstein

Subject: Comments for Zoning Changes
Date: Monday, September 19, 2022 4:28:56 PM

Hello-

Thank you for the opportunity to comment and thank you also for your hard work on this important topic.

I have had some discussions with fellow residents and I do like the suggestion for independent living units for the elderly. In the next decade or so, I would personally consider downsizing to a home that is more manageable in size and would love to be able to still reside in our beautiful town. I know several residents have struggled to find such facilities for their aging parents and resorted to facilities in nearby towns.

Our property currently has a steep section that is underutilized. We could conceivably build an ADU on this steep portion but it would require significant engineering efforts to level out the slope to build. This means significant costs above and beyond developing on a flat lot. My question is would the Town consider a bond or subsidy (I don't know if these are the right terminology or vehicles) towards homeowners with steep lots who are willing to build an ADU in order to help our Town meet state law?

While I know homeowners can choose NOT to build ADUs, it would seem unfair if, for example (hypothetical of course), a homeowner with 2.5 acres of flat land chooses not to build an ADU while others over extend themselves financially as well as sacrificing quality of life for the collective betterment of their community.

I am happy to discuss this in more detail if needed, as we work jointly to find a solution.

With sincere thanks,

Su-Mien Chong

Subject: My feedback on the Housing Element
Date: Monday, September 19, 2022 4:25:06 PM

Hello,

I oppose the current Housing Element Plan for all the reasons outlined by Larry Friedberg and the Hillsborough Citizens Alliance. I would highly recommend that we revisit this and look at how other similar cities (e.g. Atherton, Woodside, Saratoga, etc.) are addressing this issue.

Thank you in advance for your consideration in this important matter.

Warm Regards,
Saber Singh

Cc: [Al Royse](#); [Sophie Cole](#); [Marie Chuang](#); [Christine Krolik](#); [Larry May](#); [Lisa Natusch](#); [Christopher Diaz](#); [Ann Ritzma](#)
Subject: Vehement Opposition to the Town's Proposed Housing Element Plan
Date: Monday, September 19, 2022 4:12:05 PM

While we embrace and encourage efforts to address the challenges of making housing in California more affordable, Hillsborough Citizens Alliance vehemently objects to the City's proposed Housing Element plan which reflects a shocking lack of understanding of and respect for the Hillsborough community, its wonderful history and welcoming neighborhoods.

The reasons for our opposition have already been very well-articulated by a number of residents who have eloquently spoken at recent Council meetings. We restate our main concerns that the plan would

1. Cause dramatic change to the landscape and 10%-25% increase in school enrollments will destroy major reasons why people want to live here
2. Open a slippery slope making future "up-zoning" (changing zoning to allow for more density units in smaller lots) easy.
3. Erode our property rights, including a goal to prevent owners of smaller homes (e.g., 2,500 sq ft houses) from upgrading their properties
4. Impose necessary burdens on all residents by underestimating the number of ADUs likely to be built while overestimating the "buffer" units needed to meet state mandate.
5. Omit/exempt large, vacant town-owned parcels from development of housing

Yet equally important for HCA's fundors, volunteers and supporters is the fact that, once again, the Town's failure to effectively engage its citizens about an issue as significant as this one, one which Mayor Royse has repeatedly (and aptly) referred to as "the most important issues Hillsborough has faced in 50 years," is jaw-droppingly inadequate. We are frustrated by how many fellow residents are complaining they had not heard about this issue until recently. Part of the problem as we've documented is the Town's lack of proper messaging. Until this week, the Town used headlines with wonky terms like "Housing Element" which mean nothing to most residents. An audit of the the headline messaging in email, website, bulletin boards, et al for weeks and weeks would find the message "Participate in the Future Planning of Your Town!" which is so abstract and saccharin as to be meaningless to most people. Why not use the more fitting and concrete message that ran on the website starting just this past week, "Zoning Changes Being Considered in Town" all along instead of this one time? Although not as urgent as we'd propose ("Dramatic Zoning" or even "Major Changes"), it's far better than all the prior messaging.

Then there's the problem of pushing the messages out: Staff reported the battery of outreaches including "84 e-announcements, 4 Town Newsletter articles, 1 Hillsborough Living article, 1 informational handout, 2 post cards, 1 bill insert, 7 invitations," and two in-person "Open Houses." As if these numbers actually mean anything. They MIGHT have meant something had the message been better communicated as described above. Instead, the results were a paltry 200 residents combined at two late-summer "Open Houses"; Council meetings attended typically by a couple of dozen or so each month - only to rise to a still meagre 120 at a recent Council meeting. Instead of checking boxes regarding how many bulletin board messages were posted, emails and direct mail pieces sent, Council needs to measure success based on actual engagement. How many attended? Those are the results that matter. It might be

tempting to write off such poor civic engagement as apathy or complete trust in Council's leadership to always do the right thing whatever the issue. Based on the survey results we've seen from a well-conceived, citizen-led survey of over 400 residents, it's clearly neither apathy nor utter faith in leadership. The time has come for Council to direct staff to conduct a thorough review and complete overhaul of its entire communications effort.

Vice Mayor Krolik has on more than one occasion lamented the loss of trust, presumably between Council and residents. We agree. That there are so many residents reaching out to HCA in an effort to learn about important issues facing the Town is evidence that they don't feel the Town is leveling with them.

The Housing Element plan was, and continues to be, not only the most important issue facing Hillsborough in 50 years, it's a complicated one. As such, Council and Staff need to be far more aggressive about making sure more people are engaged in the process. The old ways of doing things are not working. We urge Council not only to reject the proposed Housing Element plan but equally important to redouble efforts to drive real Hillsborough citizen engagement with an active, two-way conversation that gets the City where it needs to go. Because with the current plan, to quote a popular old New England phrase, "You can't get there from here."

On behalf of the members of HCA, we thank you for your service to the Town.

Respectfully Submitted,

Larry Friedberg
Co-Founder, Hillsborough Citizens Alliance

Subject: Opposition to current draft housing element
Date: Monday, September 19, 2022 4:09:43 PM

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

I would like to express my concern and opposition to "the current draft housing element". I would like the town to adopt plans similar to the city of Atherton as possible remedies.

Best regards

Mikaelian-Deirmendjian Family

 Hillsborough, CA

Subject: Proposed Zoning Changes
Date: Monday, September 19, 2022 4:07:55 PM

After participating in the open houses and reviewing the materials associated with the Draft Housing Element, I remain opposed to the proposed changes. I believe that there are better ways for us to meet our obligations and I do not believe that the Draft Housing Element adequately represents the interests of our citizenry.

Thank you.

Subject: My feedback on the Housing Element
Date: Monday, September 19, 2022 4:01:44 PM

Dear Town Council:

I was horrified to review HEAC's draft of the 2023-2031 Housing Element for the Town of Hillsborough. Its provision appears to decimate the character and qualities of Hillsborough that have meant so much to my family and me over the last 66+ years! There must be a better way to address the HCD's housing mandates.

The current plan will dramatically change the appearance and character of our beautiful and quaint Town. I implore the council to consider other plans that focus on ADU's rather than reducing lot sizes and increasing multi-unit development.

Please focus on exploring ways to get the HCD to lower the number of units, more in line with other communities like Atherton, and on trying to incorporate additional housing in a way that will preserve the aesthetics and property values that make Hillsborough so special.

Mary S. Taylor

HCA #24.

To whom it may concern,

As a resident of Hillsborough, I want to voice my opinion on HCA #24. Agreeing with my neighbors and other friends and neighbors, I feel this is a very reckless and unnecessary change to our zoning law which will in fact alter the Hillsborough residential experience and pride of ownership we all have shared over the years. Along with my neighbors, I too am against this change and ask the City to not pass this law.

Sincerely,
Rakesh Kumar

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolik, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Respectfully submitted,

Theodore W. Ulliot

Dear Council Members,

I sent my comments in earlier regarding the Draft Housing General Plan, however I am compelled to write again with a strong endorsement of Ted Ulliyot letter. This is a most comprehensive letter with some superior alternative plans to propose to the state. At this time I am not opposed to adding ADU's but it needs to be done thoughtfully and with a final plan that is right for our beautiful, unique town.----we can do this without totally changing our town!!

Sincerely,
Georgeann R. Fannon

Subject: I object to high-density housing in Hillsborough!
Date: Monday, September 19, 2022 3:40:02 PM

Hello Mayor Royse, Vice Mayor Krolik, Council Members Cole, May, and Chuang, City Clerk Natusch, and City Attorney Diaz:

We have contacted you previously on this issue but it's so important to us, our family and neighbors that we feel compelled to do so again. And, again, we'd first like to thank you for everything you do for our town; I have lived in Hillsborough for almost 20 years and absolutely love this community. Lindsey grew up here and attended North, Crocker and BHS. She brought me back here from the East Coast before we were married so we could raise our children here. That speaks volumes about how we feel about Hillsborough.

High-density housing is simply not appropriate on the Town Hall site. As I said at the public meeting on Sept 12, residents have been presented with three options, all of which are fundamentally the same and none of which included any of our input. This was a mistake, but it's not too late to rectify it. We ask you respectfully to redraft the HE6 with community involvement (which I understand you've received in abundance recently) and submit it only when it's completed and acceptable to the community is it meant to represent.

The list of problems with high-density housing on this site is long, but toward the top are critical issues such as:

1. Impact on our schools: there is a reason HSF works overtime to constantly raise money just to bridge the gap between what the state provides and the actual cost to educate, The schools are not equipped for an influx of new students.
2. Impact on parking: Floribunda, Walnut and Fairway Circle are consistently packed with cars when there is an event at Town Hall or nearby. Our streets cannot support dozens or hundreds of new parked cars.
3. Destruction of our historic resources: the police station, our Veterans Memorial, Centennial Park, etc. are scheduled to be demolished.
4. All three plans place the new Police Station, with its guns/ammo/drugs/toxic refueling station/noise amid a residential block. Please don't mix residential areas with any other use.
5. Perhaps most importantly, this plan was written to satisfy the state and potential developers, NOT the residents of the town. That is insulting to the people of Hillsborough.

Instead of high-density housing, we can satisfy our housing allotments via ADUs and JADUs, as many residents have pointed out more eloquently than I could. As you know, the consultants made serious miscalculations on our ADU allotment and projections. There is no reason to provide an optional buffer. Detailed and accurate plans have been put forth by other community members, and we agree with those plans.

Furthermore, rezoning the town is a drastic and unnecessary step that will have unforeseen consequences. Residents are against this.

The Town Hall site, if it is to be changed in any way, should add amenities that our entire community can benefit from, such as a rec center, playground, and open spaces. Coming out of Covid, it would be wonderful to have new public spaces for us to get together again.

In my efforts to raise awareness of this issue, I have spoken to many friends and neighbors in town over the last couple weeks. Almost none were aware of this issue. As recently as yesterday I spoke with people whose conversation with me was the first they'd heard about it. It's clear that the city's outreach

efforts were seriously deficient. It's simply not appropriate to submit this plan as is.

Thank you again for your consideration,
John & Lindsey Bruel

Importance: High

Dear Hillsborough City Council:

We are longtime residents of Hillsborough and reside at 5 Willow Court. We wish to respectfully submit our strong opposition to the Housing Elements Draft Housing Plan that is up for review and we concur with the comments and objections in the attached Letter that has submitted to you by Ted Uliyot.

Sincerely,

Karen and Norman Epstein

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Respectfully submitted,

Theodore W. Ulliot

Subject: Comments for Zoning Changes

Good Afternoon,

Here are my comments regarding Zoning.

If ADU's for some reason don't satisfy the housing stock required my comments are as follows:

As to understand the impact of Housing Element Zoning Changes to Age In Place Hillsborough residences what would be the incurred costs over time this plan has on residences? I would not like to see residences faced with decision they would need to relocate for a mandate that provides housing for others. To this point - can't find the exact requirement with all the email on this subject - I would add that I'm against **banning renovations of older, smaller homes** in RD-1.

For RD-2 I would be against raising height limit to 45-feet unless there was already an existing neighboring residence with same height with landscaping that screened the site.

I'm against rezoning schools and reducing open space to students that also serve as public open space activities.

Downtown Burlingame has restricted housing to certain income levels and occupations levels that we may want to consider too.

Subject: Housing plan feedback as requested
Date: Monday, September 19, 2022 3:34:27 PM

Hi Hillsborough Planning Team,

Thank you for all of the work you are putting into the plans to solve the housing requirements. This is clearly a very complicated issue and I'm grateful to the team that is trying to solve it. I can imagine it feels like you are caught between a rock and a hard place, but hopefully you can come up with a good solution that retains the elements that make our town so special while meeting the state's requirements.

Given the ask for feedback, I wanted to share a few of my thoughts as a concerned resident, but I want to acknowledge that I don't presume to know all of the ins and outs of the plans.

- I'm concerned about the proposal to change the minimum lot size from 1/2 acre to 1/3 acre, reduce the set backs and reduce the minimum landscape coverage to be less than 50%. In my mind, one of the things that makes Hillsborough so special is the larger lots and landscape coverage requirements which allows for enough space for sizable trees and park like settings. Without that space and nature, it could feel like a suburban sprawl. Hillsborough has a very different feel from the surrounding towns and cities. Residents have chosen to live in Hillsborough because of that feel and as such are ok paying the higher property taxes for it. Changing zoning would change the feel of Hillsborough.
- It's not clear to me that changing lot size to 1/3 acre would increase lower income housing. We'd just have more expensive homes. It's likely worth looking at the homes in Burlingame on 1/3 acre lots as a comparison. I can't imagine those are considered affordable housing.
- It's not clear to me that the reduction in set backs would result in more housing options vs people just putting larger homes on their lots. With out the large set backs, we could end up with houses that feel too big for their lots and are too close to their neighbors. Again, this negatively changes the feel of our town.
- I'm concerned about the development of more dense housing in areas where there isn't easy access to public transportation. Our roads aren't set up for more traffic. As an example, we don't have wide roads or sidewalks, so any increased traffic could be very dangerous for people who are riding their bikes or walking. This also doesn't seem like a great experience for people living in that dense housing to have to navigate traffic on windy roads without public transportation or even biking or walking paths.
- Should we put in a sizable amount of low income housing, I'm worried that Hillsborough doesn't have the infrastructure, social services and school infrastructure needed to support the needs of a different socio-economic population. We seem to have limited town services, especially services for anyone in financial need. Our kids go to San Mateo High School and I see the varying and increased needs that the school needs to provide to each of the different socio economic groups. Has the increase and change in population been factored into the town's plans beyond just housing?
- In some neighborhoods, it feels as if we have a good number of uninhabited houses, where there is a remote owner who may just have the house as an investment property rather than a living space. I'm not sure if the town can do anything about this, but it would be great to know that every house is fully inhabited (including being rented out)

and not wasted by sitting empty.

- I'm supportive of more ADUs if they can be managed within the current zoning or done in a way that doesn't change how the environment feels.
- I'd be very supportive of our town finding a way to subsidize housing in Hillsborough for people who are employed by our town, but can't afford to live here, such as our teachers, police, fire crews and government employees. We are indebted to these people so it would be right for us to provide support for them to live in the town they support. I know Stanford has solved this for many of their professors and employees. I believe there is a significant teacher shortage, so if we can do things as a town to support individuals going into that profession, that would be wonderful.

The town's proposed changes have very big implications for the future of our town so thank you in advance for finding a better solution than what is currently proposed.

Best,

Susanna Greenberg

Dear Mayor Royse, Vice Mayor Krolik, and Councilmember Chiang, Cole, and May,

As a resident of Hillsborough I am 100 percent opposed to the draft housing element plan. Building multi story buildings will change the look and feel of our residential community that we are proud to call home. The proposed project will destroy trees and add traffic to our quiet town. This will negatively impact everyone in the area and is a BAD idea.

Sincerely,

Tammi Michael

Subject: RE: Objections to the draft Housing Element Plan
Date: Monday, September 19, 2022 3:31:21 PM

Dear Mayor Royse, Vice Mayor Krolik and Councilmember Chuang, Cole and May,

I am writing to express my objections to the draft Housing Element Plan for providing additional housing units in Hillsborough. The most objectionable feature of the proposal is the introduction of multi story building in our residential community. Having a 6+ story apartment building at the current Town Hall site would radically change the character of Hillsborough. A character that had my husband and I saving up for over 5 years so we could move from Burlingame where we looked out our kitchen window across our driveway and into our neighbors family room. We LOVED (and still do) the idea of a semi rural community where we can enjoy the company of our neighbors without having to wave to them in a bathrobe first thing in the morning. To this point, another objectionable feature of the HEP is the introduction of a new three-zone scheme. In essence the new zoning laws will allow Hillsborough to become exactly like the Burlingame neighborhood we sought to move out of. Then there is the absolute lack to parking that has been considered for these proposed developments. Have you ever driven through the Easton Addition neighborhood in Burlingame? Cars line both sides of the streets at all hours of the day and night rendering the streets to a very tight "one way" feel. Having cars parked up and down Floribunda (where I live, two blocks from Town Hall) would decimate any "rustic character and rural charm" that are currently the hallmarks of our Town.

I believe that our Town can achieve its housing unit target through use of ADUs and petitioning the state for credit for the over 100 extra units we created in the last housing cycle. Reaching our target should NOT include building multi story buildings and changing Hillsborough's zoning laws. We are a unique and special town and it is worth fighting for to maintain the sense of rustic charm and community so many of us cherish.

Thank you,

Kelly McGovern

Dear City Staff and Hillsborough City Council:

We oppose Hillsborough's proposed Housing Element plan and urge Hillsborough City Council to reject it for the following reasons:

1. It unnecessarily rezones ("up-zones") the entire City.
2. It will cause dramatic change to the landscape and 10%-25% increase in school enrollments will destroy major reasons why people want to live here
3. It Opens a slippery slope making future "up-zoning" easy.
4. It erodes our property rights, including a goal to prevent owners of smaller homes from upgrading their properties
5. It imposes necessary burdens on all residents by underestimating the number of ADUs likely to be built while overestimating the "buffer" units needed.
6. It omits large town-owned parcels

Please enter this comment into the public record.

Respectfully submitted,

Elizabeth and Scott Williams

Date: Monday, September 19, 2022 3:17:56 PM

Dear Town of Hillsborough,

I am NOT in support with the proposed plans. I disagree for many reasons both the solutions and the process. I will summarize below:

1. The process is not well thought out. The outside consultant does not appear to be considering the reason, design, look and feel of the Hillsborough, but rather trying to optimize the problem without considering the true impact.
2. There is not an executive summary of the proposed plan. A reader cannot find the actual plan that is being proposed. We need an executive summary of the plan (without of the background information).
3. The town of Hillsborough has lost control of the process.
4. The proposed solutions DO NOT MEET the requirements of the mandate. For example, changing the minimum lot size from .5 acres to .3 acres means that we will have more \$5+Million homes in Hillsborough. This change does NOT increase low income housing. A developer could come in and buy a 1 acre lot and sub-divide and build 3 new multi-million dollar homes. This does nothing for low income housing.
5. Landscape coverage is another example of a change that has nothing to do with the mandate. You are proposing changes that change the community but don't address that actual problem you are trying to solve.
6. You are proposing that low-income families move into a very expensive neighborhood. I do not believe that you have addressed the additional services that will be required (e.g., potentially Spanish immersion schools). The plan is NOT realistic.
7. Hillsborough needs to simplify the plan and address the specific problem presented in the mandate. If ADUs meet the mandate request, then keep it there.

Regards,

Kathleen McDivitt

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Respectfully submitted,

Theodore W. Ulliot

Subject: My feedback on the Housing Element
Date: Monday, September 19, 2022 3:07:38 PM

As a current and longer term resident of Hillsborough ([REDACTED] and [REDACTED].), I would like to state my objection to the proposed housing plan (HE6). I would like to start by saying the communication to the citizens of Hillsborough has been particularly weak. Actions were taken, or inaction as it relates to the new housing requirements set by the state for our city, without proper communication, input and process. HE6 communication has been delayed and vacant.

I am strongly opposed to the plan itself, it is illogical and ignores the tradition and heritage of our community. By your own admission in the previous HE5 plan, the plan "represented a sincere and creative attempt to meet local and regional housing needs in a community that doesn't meet the urban norms around which the State Housing Element law was created". That all being said, we have the right and the obligation to propose a more reasonable approach, including the following which I'd like you to consider:

- Limit the new housing requirement to 554. 554 is already too high, and it is striking that the city did not fight this number to begin with given it comprises a 12% increase in a region with declining population trends. Increasing the number to 665 makes ZERO sense, it just raises integrity and capability questions around our consultant.
- We should strive to meet this target with the use of ADUs. By most calculation we can meet the vast majority if not all requirements through these units, without impairing our city.
- Continue to petition, and ultimately win, the states approval to accept the 101 extra, overage, units we created in HE5.

It is up to the Council to make a final decision here and it is your obligation to represent the citizens of our city. I really do appreciate your commitment to the city, now is the time to embrace your responsibility to represent and protect it.

Thank you,
Bill

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☒ Town of Hillsborough weekly e-newsletter (email)
☒ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☐ Highly concerned
☒ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☐ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☒ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☒ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☒ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☒ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☒ No - the town must work with similar towns to get our target reduced
☐ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☐ Disagree
☒ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☒ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an add-on to the survey results.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Atul

Last/family name (optional)

Bramhe

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☒ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☒ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☐ Disagree
☒ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☐ Agree
☒ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Benjamin

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☒ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☐ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☒ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☒ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
- ☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
- ☐ Yes = I am upgrading my pool house to official ADU status
- ☐ Yes = I am planning on converting my garage to official ADU status
- ☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
- ☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
- ☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
- ☒ No = I am not planning any ADU activity
- ☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
- ☒ 1-5 acres
- ☐ 5-10 acres
- ☐ 10+ acres
- ☐ Don't know
- ☐ Prefer not to answer
- ☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☒ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
- ☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
- ☒ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
- ☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
- ☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
- ☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
- ☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
- ☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
- ☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
- ☐ Yes - but with conditions [Please explain:
- ☒ No – unless [Please explain 1. The dwelling size
- ☐ No - the town must work with similar towns to get our target reduced
- ☐ No, I do not support this plan
- ☐ Don't know
- ☐ Prefer not to answer
- ☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☐ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☐ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☐ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☐ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☐ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Last/family name (optional)

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☒ Local newspaper article
☐ Local TV report
☒ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☒ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☐ Highly concerned
☐ Very concerned
☒ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☐ Highly concerned
☒ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscaping)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☒ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☒ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☒ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☐ Highly concerned
☐ Very concerned
☒ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☒ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☒ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☒ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☒ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☒ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☒ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☒ Yes - but with conditions [Please explain: Through m
☐ No – unless [Please explain:
☐ No - the town must work with similar towns to get our target reduced
☐ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☒ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☐ Disagree
☒ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☒ Agree
☐ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☐ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☒ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☐ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☒ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☐ Disagree
☒ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☒ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☐ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☒ In the past 1-2 weeks
☐ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☒ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☒ No - the town must work with similar towns to get our target reduced
☐ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☐ Disagree
☒ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☐ Disagree
☒ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☒ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☒ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Last/family name (optional)

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and l

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to enc

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participati

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- 18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho**

-

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS** SHORT SURVEY QUESTIONS

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g, not just on city-owned property, but all of the town	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. 3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☒ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☒ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☒ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☒ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☒ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☒ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☒ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☒ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☒ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☒ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☒ No - the town must work with similar towns to get our target reduced

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☒ Town of Hillsborough weekly e-newsletter (email)
☒ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☒ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WT

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETs 50% OR LESS THAN HILLSBOROUGH

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 ac

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☒ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☒ No - the town must work with similar towns to get our target reduced
☐ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Last/family name (optional)

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☒ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☒ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
- ☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
- ☐ Yes = I am upgrading my pool house to official ADU status
- ☐ Yes = I am planning on converting my garage to official ADU status
- ☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
- ☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
- ☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
- ☒ No = I am not planning any ADU activity
- ☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
- ☐ 1-5 acres
- ☐ 5-10 acres
- ☐ 10+ acres
- ☐ Don't know
- ☐ Prefer not to answer
- ☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☒ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
- ☒ 1551 Crystal Springs Rd; 60 acres; Baywood Park
- ☒ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
- ☒ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
- ☒ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
- ☒ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
- ☒ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
- ☒ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
- ☒ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
- ☐ Yes - but with conditions [Please explain:
- ☐ No – unless [Please explain
- ☒ No - the town must work with similar towns to get our target reduced
- ☐ No, I do not support this plan
- ☐ Don't know
- ☐ Prefer not to answer
- ☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☒ Agree
☐ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☐ 0.5 acres (current ½ acre requirement)
☒ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☐ 150 feet (current requirement)
☒ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☒ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☐ Agree
☒ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Ronald

Last/family name (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☐ Yes
☒ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☒ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☒ In the past 1-2 weeks
☐ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☒ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☒ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey results.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Sebastian

Last/family name (optional)

Neelamkavil

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☒ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☒ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☐ Disagree
☒ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☐ Disagree
☒ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Last/family name (optional)

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☒ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. **How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and l**

- ☒ Highly concerned

☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☒ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☒ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an add****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below**

First name (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☒ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☒ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☒ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☒ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☒ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☒ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Kevin

Last/family name (optional)

Meiners

Telephone (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☒ Other (please describe)

- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☒ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☒ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☒ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☐ Disagree
☒ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Kristin

Last/family name (optional)

Mowat

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; RD-1, -2 & -3 = residential districts within town of Hillsborough; RHNA = Regional Housing Needs Allocation plan (RHNA plan); SB-9 = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; SB-10 = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☒ Town of Hillsborough weekly e-newsletter (email)
☒ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☐ Highly concerned
☒ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☒ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☒ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☒ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☒ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☒ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☐ 150 feet (current requirement)
☒ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Maria

Last/family name (optional)

Li

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☒ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☐ Highly concerned
☐ Very concerned
☒ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☒ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status

- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
☒ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☒ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☐ Disagree
☒ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Last/family name (optional)

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☒ Local newspaper article
☐ Local TV report
☒ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☒ In the past 1-2 weeks
☐ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. **How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and lawns)?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. **How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. **Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)?** [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☒ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☒ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☐ Disagree
☒ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey results.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☒ Town of Hillsborough weekly e-newsletter (email)
☒ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☐ Highly concerned
☒ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☒ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☒ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☐ Disagree
☒ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☒ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☒ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Colin

Last/family name (optional)

Fisher

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☒ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☐ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☒ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. **How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and l**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to enc**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. **How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participati**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. **Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)?** [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☒ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☒ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm

(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☒ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☐ 0.5 acres (current ½ acre requirement)
☒ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☐ 150 feet (current requirement)
☒ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☐ Agree
☒ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☒ Other (please describe) Unite as a community to stop this nonsensical survey
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

David

Last/family name (optional)

Beatson

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☒ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☒ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great

(4) Increased transparency of governance - e.g., better communications & open governance	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey results.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Elaine& George

Last/family name (optional)

Cohen

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☒ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☒ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☒ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☐ No, I do not support this plan
☒ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☐ 0.5 acres (current ½ acre requirement)
☒ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☐ 150 feet (current requirement)
☒ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Aimee

Last/family name (optional)

Harris

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☒ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☒ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☒ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☒ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☒ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☒ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☐ Disagree
☒ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☐ Agree
☐ Disagree
☒ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Amy

Last/family name (optional)

Wang

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☒ Local TV report
☒ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☐ Highly concerned
☒ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☒ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☒ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☒ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☒ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☐ Highly concerned
☒ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☐ Highly concerned
☒ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☒ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☒ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☒ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☒ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☒ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☒ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☒ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☐ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☒ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. **How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and l**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to enc**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. **How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participati**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. **Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)?** [multiple choices = select all that apply]

- ☒ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☒ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☒ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☒ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☒ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☒ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☒ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☒ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☒ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☒ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☒ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☒ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☒ No - the town must work with similar towns to get our target reduced
☐ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☐ Disagree
☒ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☐ Disagree
☒ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☒ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☒ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☒ Undecided

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☒ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. **How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscaping)?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. **How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. **How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. **How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?**

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. **Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)?** [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☒ No - the town must work with similar towns to get our target reduced
☐ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☒ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☒ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☒ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☒ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☒ Agree
☐ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☐ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☒ Other (please describe) Putting in high density housing units w/ parking
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU

1D. CONTACT INFORMATION: If you wish to submit your response "anonymously" that is fine. All questions are "optional".

However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the draft plan.

If you would like a copy of the survey results (which will **not include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Narimane

Last/family name (optional)

Panayotou

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please **confirm your email address** (optional)

Subject: batch 1 of XX - PUBLIC COMMENTS from survey

Wow – over 400 households (10% of Hillsborough) have taken our survey

FYI = We also pushed HARD on them to take the town's online ADU survey

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☒ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☐ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☒ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
☒ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☒ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Last/family name (optional)

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☒ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☐ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☒ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☒ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- 18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho**

-

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ### TWO **BONUS** SHORT SURVEY QUESTIONS

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g, not just on city-owned property, but all of the town	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☒ Yes - with no reservations
☐ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☐ Disagree
☒ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☒ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☒ Agree
☐ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☐ 0.5 acres (current ½ acre requirement)
☒ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☐ 150 feet (current requirement)
☒ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☒ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☒ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☐ Agree
☒ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Last/family name (optional)

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

☒ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☒ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☐ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☒ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☒ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☒ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☒ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☒ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☒ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☒ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☒ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☒ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☒ 150 feet (current requirement)
☐ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☐ Disagree
☒ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☒ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☐ Agree
☒ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☐ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey report.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Last/family name (optional)

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☐ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☐ YES
☒ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☒ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☒ 0.5 acres (minimum legal size currently in Hillsborough)

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☒ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☐ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☒ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☐ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☒ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☒ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☐ 2-3 stories (current height restriction for Hillsborough)
☒ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☐ Agree
☒ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☐ 150 feet (current requirement)
☒ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☒ Agree
☐ Disagree
☐ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an add-on to the survey results.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Last/family name (optional)

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☒ Nextdoor Hillsborough post
☒ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☒ Town of Hillsborough quarterly newsletter (print/mail)
☒ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☒ YES
☐ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status

- ☒ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☐ Highly concerned
- ☐ Very concerned
- ☒ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

- ☐ Yes = I am planning to add single ADU (maximum legal size allowed = xxx square feet)
☐ Yes = I am willing to add 1-2 ADUs of average xxx square feet
☐ Yes = I am upgrading my pool house to official ADU status
☐ Yes = I am planning on converting my garage to official ADU status
☐ Yes = I am planning on converting a portion of the interior or one of the floors of my house to official ADU status
☐ Yes = I am applying for amnesty for my previously unofficial ADU / guest house
☐ Yes = I am planning to add a single "junior" ADU (JADU = without full kitchen)
☒ No = I am not planning any ADU activity
☐ Don't know

FYI = On average, ~35 ADUs per year were built in Hillsborough between 2019 and first half of 2022

17A. What is your LOT SIZE? [pick one]

- ☐ 0.5 acres (minimum legal size currently in Hillsborough)
☐ 1-5 acres
☐ 5-10 acres
☐ 10+ acres
☐ Don't know
☐ Prefer not to answer
☒ Other

18A. Are you aware of these 10+ ACRE SITES THAT ARE ELIGIBLE UNDER PROPOSED PLAN FOR REDEVELOPMENT into multi-tenant, multi-story ho

- ☐ 80 New Place Rd a.k.a. Burlingame Country Club (72.1 acres); Country Club Manor neighborhood
☐ 1551 Crystal Springs Rd; 60 acres; Baywood Park
☐ Strawberry Hill Estate(Regan Estate); 2260 Remington Rd; 49 acres; Skyfarm
☒ De Guigne Estate; 891 Crystal Springs Rds, 47 acres, Parrott Dr area
☐ 200 Tobin Clark Dr; 15 acres, Tobin Clark Estate
☐ Meadowood Estate; 12 acres, 30 Bayberry Pl, Homeplace
☐ 270 Robin Wood; 12 acres, Carolands (canyon along Hayne Rd)
☐ 50 Brooke Court; 11 acres, Tobin Clark Estate (next to College of San Mateo)
☐ The other parcels shown on this map

19A. SUMMARY: Do you APPROVE of Hillsborough's current "HOUSING DENSITY" plan for 2023-2031 (a.k.a. "Housing Element")? [pick one]

- ☐ Yes - with no reservations
☐ Yes - but with conditions [Please explain:
☐ No – unless [Please explain
☐ No - the town must work with similar towns to get our target reduced
☒ No, I do not support this plan
☐ Don't know
☐ Prefer not to answer
☐ Other

TWO **BONUS SHORT SURVEY QUESTIONS**

20A. How is Hillsborough City Council doing on the following 2020 election issues?

	Poor	OK	Great
	1	2	3
(1) Wildfire preparation - e.g., removing high-danger vegetation, adding wildfire-fighting capabilities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(2) Celltower upgrades - e.g., providing basic cell data coverage for all town residents without negatively affecting Hillsborough's rustic beauty	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(3) Ban of gas-powered leaf blowers - e.g., not just on city-owned property, but all of the town	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
(4) Increased transparency of governance - e.g., better communications & open governance	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(5) Viable, tested evacuation plans for earthquakes/wildfires	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
(6) Establishment of working emergency broadcast system - e.g., not dependent upon wireless carriers' celldata	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

21A. Do you approve of August 25th decision by the current city council to CANCEL town elections for November 2022 & instead appoint two such council memb

- ☐ Yes - with no reservations
☒ No - we need elections, even if traditional "write-in" option is only viable means to compete
☐ Don't know
☐ Prefer not to answer
☐ Other

Section B. Questions from internal HEAC survey (official Hillsborough city committee)

1B. More than one ADU (accessory dwelling unit) should be allowed on lots that are greater than one acre in size

- ☐ Agree
☒ Disagree
☐ Undecided

2B. Density greater than 20 dwelling units per acre should be explored for the Town Hall Campus site.

- ☒ Agree
☐ Disagree
☐ Undecided

3B. Building heights in excess of what is currently allowed (22-32 feet) should be considered for the Town Hall Campus site.

- ☐ Agree
☒ Disagree
☐ Undecided

4B. What building height would you support for the development of the Town Hall Campus site?

- ☒ 2-3 stories (current height restriction for Hillsborough)
☐ 4 stories
☐ 5 stories
☐ 6+ stories
☐ No answer

5B. Throughout Hillsborough, the minimum standards for lot area (0.5 acres per lot) & lot width (150 feet per lot) should be amended to encourage subdivision of

- ☒ Agree
☐ Disagree
☐ Undecided

6B. What minimum lot area requirement would you support for lots throughout Hillsborough?

- ☒ 0.5 acres (current ½ acre requirement)
☐ 0.3 acres (1/3 acre)
☐ 0.25 acres (1/4 acre)
☐ No minimum lot size
☐ Other

7B. What minimum lot width requirement would you support for lots throughout Hillsborough? i.e., street frontage minimum

- ☐ 150 feet (current requirement)
☒ 100 feet
☐ 75 feet
☐ 50 feet
☐ No minimum lot width
☐ Other

8B. The town residential area within a quarter mile of El Camino Real is a key location where higher density housing is appropriate.

- ☒ Agree
☐ Disagree
☐ Undecided

9B. The town residential area within a quarter mile of I-280/Black Mountain Road is a key location where higher density housing is appropriate.

- ☐ Agree
☒ Disagree
☐ Undecided

Section C. SUGGESTIONS FROM HILLSBOROUGH CITIZEN ALLIANCE (HCA) TO IMPROVE THE DRAFT PLAN

(WE URGE OUR TOWN TO):

1C. Learn what other towns like Hillsborough are doing & engage with them to fight for our common interests

- ☒ Agree
☐ Disagree
☐ Undecided

2C. Eliminate the RD-1, RD-2, and RD-3 zones & the overlay zone in favor of expanding the Auxiliary Dwelling Units (ADUs) / Junior Auxiliary Dwelling Units (JADUs)

- ☐ Agree
☐ Disagree
☒ Undecided

3C. Get creative & practical in increasing number of units on the large town parcels (private & public) by adding more than one ingress/egress to meet fire evacuation needs

- ☒ Agree
☐ Disagree
☐ Undecided

4C. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

- ☒ Agree
☐ Disagree
☐ Undecided

5C. Submit an ADU-only proposal (this is essentially what Atherton & others have done)

- ☒ Agree
☐ Disagree
☐ Undecided

6C. Please share any OTHER IDEAS on how we might IMPROVE this survey

- ☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)
☐ Other (please describe)

Section D. ABOUT YOU**1D. CONTACT INFORMATION:** If you wish to submit your response "anonymously" that is fine. All questions are "optional".**However, if you choose to provide your name and address, then we can include that data as supporting documentation to our Hillsborough City Council as an addendum to the survey results.****If you would like a copy of the survey results (which will **not** include the identifying names/addresses/phones), please at a minimum, include your email address below.**

First name (optional)

Last/family name (optional)

Telephone (optional)

Street address (optional)

Email address (optional - only needed if you would like copy of survey results or stay in touch with the survey organizers)

Please confirm your email address (optional)

CURRENT STATUS & KEY DATES = Our town government is holding a series of meetings to gather input from the community

- September 6, 2022 - public "Open House" on Housing Element draft plan (learn about & give feedback in person) – North School
- September 12, 2022 - City Council Study Session on "draft" Housing Element
- September 19, 2022, Hillsborough has 10 business days to consider & incorporate any public comments & submit the draft document to the state
- October 4, 2022 - "draft" Housing Element sent to the state for round 1 review (90-days)
- January 31, 2023 - Per statute, the state has 90-days to provide Hillsborough with feedback on the draft, which **must be adopted by January 31, 2023**
- Spring 2023 - City Council adoption of "Certified" Housing Element

NOTE = Ballot stuffing does NOT work with this survey as we deduplicate based on your IP address ... therefore ONE survey per household maximum is permitted.

3Q2022 HILLSBOROUGH HOUSING DENSITY SURVEY

Section A. SHORT SURVEY (3-5 minutes) - NATURE OF "HOUSING DENSITY" REQUIREMENT & OUR TOWN'S PROGRESS

BACK STORY: Our Hillsborough community of 4,000+ homes is mandated to add an additional 554 "housing units" during the 8 year period 2023-2031 (average of 69 units per year) ... whether they be ADUs (accessory dwelling units/granny flats, in-law apartments), duplexes, lot splits (take one lot, break into two lots, build duplexes on each new lot), multi-story apartment buildings or simply more single family homes on much smaller lots. This is required by our California state government (SB 8/9/10 effective 1-Jan-2022) and is related to our official RHNA (Regional Housing Needs Allocation) obligations to increase the number of housing units available across all income levels. A portion of these units MUST be designated LOW-INCOME HOUSING to encourage housing equity for underserved populations of San Mateo County.

LEGEND: ADU = accessory dwelling unit; H = Hillsborough; HCD = California Department of Housing & Community Development; HEAC = Housing Element Advisory Committee; **Housing Element** = component of Hillsborough's general plan; **RD-1, -2 & -3** = residential districts within town of Hillsborough; **RHNA** = Regional Housing Needs Allocation plan (RHNA plan); **SB-9** = State Bill 9 allows homeowners in most areas to streamline housing permitting & to divide their property into two lots; **SB-10** = State Bill 10 makes it easier for cities to zone for smaller, lower-cost housing developments of up to 10 units

1A. Are you aware that state law (housing affordability/density mandate a.k.a. "Housing Element") is forcing all cities & towns in California to eliminate barriers

- ☒ Yes
☐ No

2A. HOW did you LEARN of this state-mandated HOUSING DENSITY MANDATE requirement for Hillsborough? [pick multiple]

- ☐ This email survey invitation
☐ Local newspaper article
☐ Local TV report
☐ Nextdoor Hillsborough post
☐ Hillsborough Together post
☐ During town council meeting
☐ Town of Hillsborough weekly e-newsletter (email)
☒ Town of Hillsborough quarterly newsletter (print/mail)
☐ Word of mouth from fellow residents/neighbors (email, phone, conversation, etc.)
☐ Other (please describe)

3A. WHEN did you learn about the STATE MANDATE for the first time? [pick one]

- ☐ Upon receiving email promoting this survey
☐ In the past 1-2 weeks
☐ In the past 3 months
☒ In the past year
☐ Other

4A. Were you aware that the proposed housing plan for Hillsborough calls for MORE THAN 550 LOW, AFFORDABLE & MODERATE INCOME HOMES WITHIN THE TOWN OF HILLSBOROUGH?

- ☒ YES
☐ NO

5A. Are you aware that similar Bay Area communities such as Atherton & Los Altos Hills have housing unit TARGETS 50% OR LESS THAN HILLSBOROUGH'S?

- ☐ YES
☒ NO

6A. How concerned are you that CURRENT PLAN our Town is supporting would RE-ZONE THE ENTIRE TOWN?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

7A. How concerned are you that CURRENT PLAN EXCLUDES ANY CONSIDERATION OF 250+ "OPEN SPACE" ACRES in Hillsborough?

- ☒ Highly concerned
☐ Very concerned
☐ Somewhat concerned
☐ Not concerned
☐ Don't know enough
☐ Don't care

8A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LOT SIZES (from current 1/2 acre minimum to as low as 1/3 acre)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

9A. How concerned are you that CURRENT PLAN changes zoning laws to MINIMIZE "FRONTAGES" (from current 150' to as low as 50')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

10A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE "SETBACK" DISTANCES (from current 20' to as low as 5')?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

11A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW "LOT SPLITS" TO BUILD DUPLEXES/TRIPLEXES & MORE?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

12A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM LANDSCAPE COVERAGE from 50% to 30% (structures and landscape)?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

13A. How concerned are you that CURRENT PLAN changes zoning laws to REDUCE MINIMUM DWELLING SIZE by 70% (from 2500 sq ft to 800 sq ft) to encourage more housing?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

14A. How concerned are you that CURRENT PLAN changes zoning laws to ALLOW HIGH-DENSITY HOUSING AWAY FROM MAJOR TRAFFIC ROUTES?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

15A. How concerned are you that CURRENT PLAN DEVELOPERS HAVE NOT APPROACHED 10+ ACRE PARCEL OWNERS for their feedback/participation?

- ☒ Highly concerned
- ☐ Very concerned
- ☐ Somewhat concerned
- ☐ Not concerned
- ☐ Don't know enough
- ☐ Don't care

16A. Are you planning on adding an Accessory Dwelling Unit (ADU) to your property in the next 5 years (thru 2027)? [multiple choices = select all that apply]

From: [Nancy Kaiser](#)
To: [General Plan](#)
Subject: Housing element
Date: Monday, September 19, 2022 3:02:59 PM

Comments regarding the Housing Element Draft:

I disagree with the RD-1 plan to rezone Hillsborough from 1/2 acre minimum to 1/3 acre. The number of projected new units is very, very small compared to other development opportunities. The focus should be on encouraging ADUs and maintaining the 1/2 acre minimum.

It is possible that many residents already have existing ADU/JADUs that are not yet accounted for or registered. Some may need upgrades to meet current standards. Perhaps the staff can reach out to the community with an amnesty-like plan to encourage residents to declare units that can be counted toward the RHNA obligation.

Thank you for your consideration,
Nancy Kaiser

To: [Christine Krolik](#); [Sophie Cole](#); [Larry May](#); [Marie Chuang](#); [Lisa Natusch](#); [Christopher Diaz](#); [General Plan](#); [Al Royse](#)
Cc: [REDACTED]
Subject: RE: Opposition to the proposed Hillsborough Housing Element and Town Hall Campus projects
Date: Monday, September 19, 2022 3:00:24 PM

Mayor Royse, Vice Mayor Krolik, Council Members Cole, May, and Chuang, City Clerk Natusch, and City Attorney Diaz,

My family moved to Hillsborough when I was three years old and my parents still live in the same home. I moved back here with my wife in 2010, to join my siblings who also live here. We love living here and we love our community. We attended the Open House and the last Town Council meeting with the Town Hall study session. We want to voice our strong and complete opposition to the HE6 Draft, but most of all we object to the subdivision and liquidation of our most prized Town asset, the Town Hall site. Besides being some of the most expensive real estate in the world, this is an irreplaceable, flat, 2.5-acre lot in lower Hillsborough and has enormous, untapped potential to act as a site which benefits ALL the residents, a site that encourages more community interaction and activity, a site which our Town is desperately missing. I implore you to protect the integrity of the Town Hall site by removing it entirely from any future Housing Element plan. Please, do not let the destruction and liquidation of our historic Town Hall campus be your legacy! If you rezone it in any way, there will be State expectations that it be built. Please, do not open the door to any possibility of this happening. Be the Town council and Mayor whose legacy is that of those who were faced with Herculean pressures to destroy our Town, but, through your diligent efforts, masterful and timely push backs you saved our Town from peril. That is a legacy to be proud of!

As I became more involved in the Housing Element process and began to study the materials it became apparent the City Manager, staff and the consultants have been steering this process- none of whom live in Hillsborough and are not representing the interests of the residents of Hillsborough. They have presented you with a false set of options that are completely out of touch with Town residents needs and desires. How else can one explain the logic of subdividing the Town's most valuable asset and placing 135 units of 80% affordable housing project that self-selects for cheap materials and unsightly aesthetics? How else could you explain thinking that putting commercial buildings on a residential block could be even slightly palatable? You must see the insanity of this. We need YOU to step up to this task, stand up for Hillsborough, do not allow us to succumb to outside pressure influencing you to agree to damaging solutions. Your charge is to meet the States housing allotment and that can be accomplished with ADU's only.

The HE6 draft in no way represents residents' interest, feedback, or objections. It is, frankly, infuriating that this process has somehow managed to get so far down the line, going in such the wrong direction. I think that many of us feel let down by our elected officials for not sooner standing up to what we all see as obvious and major problems with the philosophy behind this HE6 draft. Every effort should have been made to avoid multi-family housing in Hillsborough and preserve our Town while also satisfying the State. You have seen in our community feedback that the Town has many more options than what was presented- options that preserve the Hillsborough we love and call home. Please adopt these practical and legal options.

HE6 draft is filled with errors and mistakes which were presented to you all as fact. These mistakes,

lies of omission and/ or misrepresentations resulted in a plan that will scar Hillsborough indefinitely. Two quick examples:

1. ADU Calculation- This entire plan of dense housing is based off our consultant's desire to operate in the "safe harbor" without questioning the RHNA calculation. What those disastrous effects have on Hillsborough. The domino effect that followed is the failed HE6 Draft.
2. The HE6 Draft makes a critical error on Page 4. It states, "Since the Town would need to further study the feasibility of eliminating fees related to ADU review and approval and since the Town's unique topography makes pre-approved ADU plans not feasible", Hillsborough proposes to utilize HCD's approved methodology for counting ADUs and is not proposing any increases". This is NOT true. Hillsborough contains hundreds if not thousands of lots that have flat areas of 800 sq ft. It's these kinds of ridiculous and erroneous assumptions that have gone unchecked which have all combined and contributed into making the HE6 draft a completely unusable document.
3. The Town Hall Site renderings show the properties across El Camino being close to 60 ft tall. Just walk outside. They are 3 stories. How can they represent that a 6-story building is going to be the same height as a 3-story building, and nobody questions them or looks outside across the street?

As part of my comments that were part of the public record on September 6th, I spoke about the need for the Town of Hillsborough to incorporate more ADU's in our plan. The Town can intelligently demonstrate and evidence to the State our ability to reach our quota with ADU's alone.

Supportive Plan for Increased ADU RHNA Calculation

1. **State Audit**- Cite the State audit that eviscerates the States RHNA calculation methodology
2. **ABAG**- Cite the Association of Bay Area Governments exempting COVID years in the RHNA calculation
3. **496 Minimum ADU Projection**- We are averaging 62 ADU's per year for 2021 & 2022.
 - a. We exempt 2019 and 2020 COVID years as throw away numbers not worthy of being seriously considered unless we are projecting for a pandemic.
4. **58 ADU's** (only 7 additional ADU's/ year needed)- We add these into the calculation, the following outline shows how pathetically **easy** it is to achieve 7 more ADU's/ year
 - a. All new construction homes will be required to have an ADU, netting 2 units instead of 1.
 - b. All new construction homes on 1 acre+ parcels will be required to have an ADU and a JAU, netting 3 units instead of 1.
 - c. All remodels exceeding \$2,000,000 must include an ADU, netting 1 unit when there was none.
 - d. Develop an ADU Outreach, Education and Incentive Plan: "*Help Avoid Dense Housing by Doing your Part, Build an ADU!*". The residents have demonstrated they desire to do their part, they just have not been educated.
 - i. Conversions of existing Guest Houses/ Cottages may be grandfathered in and need not comply with all new codes to convert to ADU. Fees will be waived; process will be streamlined.
 - ii. Pre-Approve of 3-5 prefabricated ADU designs. There are hundreds of lots whose topography supports this as being a suitable option, despite the HED stating the opposite.
 - e. Town will offer financial support for fixed income elderly by waiving fees associated with new ADU's
 - f. Town will discount all ADU fees by 50% for the next 8 years.
 - g. Town will further streamline the permitting process. (The Town has represented they have already done this, however, most people I know have felt that the permitting process is taking far longer than represented/

advertised).

4. **Surveys**

- a. Provide the State with the completely valid and verifiable survey of Town residents, where 7% of the Town responded and demonstrated 35% of our residents are planning on building some type of JADU or ADU. This survey is valid because the hundreds of residents who took the survey provided their names, addresses, phone numbers and emails for verification. It is a verifiable survey- this carries high value, regardless of if the Town did not conduct it. It is much more thorough and representative than the Town survey and should not be disregarded.
- b. Provide the State with the Town survey which most likely supports the ADU solution as well (results are not posted yet).

5. **Remove the buffer entirely**

- a. There is NO legal requirement to maintain the buffer
- b. Hillsborough has a strong challenge to the buffer due to:
 - i. Having to satisfy an unreasonable housing allotment, increasing our current housing stock by 15% already.
 - ii. Having been a model municipality for the HE5 cycle demonstrates we know what we're doing, and we have a track record of getting it right. We were one of only 34 municipalities that exceeded our numbers.
 - iii. Cite the ADU Outreach and Education Plan outlined above

7. **Challenge-** Continue to challenge the State in allowing our previous 101-unit overage from HE5. This also provides justification for removing the buffer. We are a landlocked community with very little undeveloped space, we have undue and imbalanced burden and need an exception.

My final comments to you regard the lost and unseen potential of our Town Hall site. The conversation regarding Town Hall can go from an idea the community hates, to an idea the community loves. It can go from a nightmare of an idea to an idea that gets residents engaged and electrified in a positive way! The idea of subdividing and liquidating this piece of land is so, so foolish. The Town Hall site should be looked at through the lens of providing amenities to the residents, and nothing else! We can create a community minded Civic Center that is a model for every Town in the Bay Area. Hillsborough lacks a Recreation Hall for people to gather (like Burlingame), participate in programs, have movie nights, etc. A small amphitheater where we could have speaking events, theater productions or a summer concert series would be wonderful! We have an incredible community of citizens who would be excited to participate in volunteering and programming for these types of amenities. Hillsborough lacks playgrounds, basketball courts, pickle ball courts, etc. This site is perfect for some or all these things and of course for a site to host all these amenities it will need to have underground parking, which will also contribute to a beautiful Civic Center. I understand that funding is a challenge for an endeavor like this, but this is the exact type of project that is perfect for community fundraising. Every citizen of Hillsborough is someone who could benefit from a project like this, so every citizen is a potential donor. At an engagement the other night, we proposed the idea of a world class Civic Center for ourselves and our kids to enjoy and use. We propositioned the crowd to take the temperature of who would be willing to donate. It was unanimous and it was verbal commitments of millions of dollars. This is anecdotal, but I believe it is representative of our community. We are a community that loves being here and anything we can do to make Hillsborough a better place, we're willing to do it. Fundraising could be a 2-3 multi-year effort while the design, plans and bidding is being worked out. In the end we have a beautiful partnership between the Town and the residents to create something truly historic and worthy of celebrating. Splitting this lot will be a mistake of historic proportions and one that can

never be reversed. When San Francisco lost the 49er's, the rational was to save money, but in the long run it cost SF hundreds of millions of dollars in revenue, but worse, San Francisco lost a part of itself. This loss is universally seen as a major blunder, both politically and financially. It is Gavin Newsom's biggest regret, don't let selling off Town Hall be yours.

The Town Council, Mayor and City Attorney expressed hesitation with altering the draft in such a dramatic way that it could not be completed within our necessary timelines. The fear was that we may be sued by activists. That fear should not steer the direction of these historically impactful decisions. I think you heard from most residents that we are up for the fight if it means we create a plan that is representative of the residents' input. In turn, if the Town, after receiving the overwhelming resident response to reject this draft, it chooses to adopt it or adopt a similar but slightly altered version instead, I think it's inevitable that the Town will be facing multiple lawsuits from its citizens. It's a terrible situation for the Town to be in, but I think the clear path is for the Town stick with its residents and fight *with* them, instead of *against* them. To accomplish the gargantuan task of completely redrafting the HE6, an enormous effort needs to be put forward by each of you. Special committees made of up of qualified and concerned residents who can assist in the draft, should be considered- you will have no shortage of volunteers, including some of the best legal minds in the country. Prior to our deadline the consultants need to be instructed to work as many hours as needed to create a HE6 draft that solves our allotment through only ADUs. The plan should also include a supportive Town Action Plan (outlined above) to submit to the state to demonstrate how we get to our numbers. This can be done in two weeks if we hit the ground running and put all hands-on deck. Please, step up to the challenge and protect our Town Hall!

Thank you,

Laith Salma

Subject: Opposition to the proposed Hillsborough Housing Element and Town Hall Campus projects

Dear Hillsborough Town Council and Team considering the 2023 Housing Element Plan,

We believe bringing more affordable housing to Hillsborough is a good idea; and, creating an equitable and balanced plan to do so will be required. But, the Town so far seems to have missed an

opportunity to engage with the community and co-develop a workable plan to meet the need for housing which satisfies the environmental, safety, and day to day needs for current AND future residents. Although the Town created an HEAC committee, from what we've heard, their input has been largely ignored. Further, the public comment windows are incredibly short (such as a mere three business days to comment on a proposed town hall campus- five days before the end of public commentary). To wit, we are extremely worried about the town submitting a poorly conceived Housing Element which residents will have to live with for the next 8 (or 16, 24, etc) years.

Here are our major concerns with the current plan, and we ask that the Town Council directly address each during the Town Meeting on the 12th of September.

1. Please Address: It appears the current HEAC and Previous RHNA (2005, 2014) ideas & concerns were not addressed in the 2023 Housing Element draft, making it seem that the community input and past planning cycles were not honored:

- a. ADU potential is under-represented significantly by using 3-year average taken during a pandemic. Despite many residents being excited to add ADUs, the current permit process for two of us on our street who just went through it took 5-6 months and required significant non-Code-based rework. In the 2014 RHNA Housing Element, plans were put in place to incentivize the use and development of ADU's, but these incentives are not in place.
- b. At HEAC meeting 4 and 4.5, only 40% of the committee (and only after significant pressure from the consultant) agreed that high density housing along ECR could move to ~20 units/acre (not the 50+/acre currently included in the town hall site plan).
- c. Less drastic zoning increases were supported, but not applied in the HE Plan
- d. Senior and School Worker Housing were set as primary solutions, also not in plan

e. Minutes from the HEAC meetings were not collected or shared, and the next HEAC meeting is not until December, when the process will be virtually locked. Multiple HEAC members are vocally proposing alternative plans, but have so far been ignored.

2. Please Address: The process for including broader community input is deeply flawed:

a. The majority of residents had no idea what a Housing Element was, let alone it was being submitted to the state, regardless of the Town's assertion of dozens of communications to that affect. We will be directly impacted and the first we heard of the proposal for the Town Hall Campus proposals was three weeks ago.

b. Those directly affected by a proposed site STILL have not been contacted directly, unlike standard building site inputs and despite Town Hall promises to the contrary. For example, if my neighbor wants to remodel their home, they are REQUIRED to alert all nearby neighbors IN WRITING. We have seen only generic postcards.

c. Preliminary "jelly" plans for the Town Hall Campus are only being provided 8 days before community input closes- and yet the town expects the Town Hall Campus site to hold 100-150 units of 650sf each (up to 450+ people)

3. Please Address: A lack of transparency has led to confusion and lack of trust:

a. There is zero detail to be found publicly about how the new Town Hall housing density calculation was created. At a recent Town Hall presentation, we were told it was calculated by the housing consultant and stressed that no developers had been contacted or involved in the current proposals...despite written proof to the contrary posted on the Town website (RFPs (Request For Proposals) for a "Master Planning and Conceptual Design for the Re-development for Town Hall Campus" have already gone out as of April 28, 2022, according to the Town Website).

b. Different Planning staff have told us at Open Houses the Town Hall site would be: 45 feet, 60 feet, no more than 60 feet, Greater than 60 feet. It has been labeled as 100 units, >100 units, minimum of 100 units, 100-150 units.

- c. An elderly neighbor anxious about the plan was cold-called by the planning department and actively misled – they were told that they should not worry because it was unlikely that anything would ever be built, and definitely not for years. Christine Krolik, vice mayor, in contrast, said that town-owned sites would have the expectation that development must occur within the 8 year period.
- d. When asked if any developers have been consulted, we were told that they have not, that the housing consultant has consulted with developers, and that consultant has floated ideas of leasing the site to developers. This is a direct conflict of interest (see below)
- e. Why some sites were considered and others were not is not captured anywhere to be reviewed, but was apparently subject to the consultant's review.
- f. Only 3-4 of 13 sites and 4 town-owned properties are currently addressed in the plan. 3 of the 4 are unlikely to be developed as they are privately owned and put in the Housing Element without the owner's consent. Target sites changed from 3 to 4 during the community input timing, from draft to proposed Housing Element Plan.
- g. RD-3 still does not have zoning specifications, despite a potential 100-150 unit development being planned in this zoning. Shouldn't the zoning specs pre-date planning and not the other way around?
- h. Some owner-occupied sites were only considered for 12 units in a much bigger area than the Town Hall campus, which has been considered for up to 150 units, but there has been no rationale shared.

4. Please Address: Residents are being directly affected in difficult and unintended ways:

- a. Per the current proposal, renters in Town-Owned houses would need to be evicted.
- b. Owners of estate sites were not even consulted about having housing built on their property.
- c. Per the current proposal, disabled and elderly home owners near the Town Hall Campus could find their primary egress via Walnut Avenue blocked. When asked about the current

proposal for Walnut Avenue, Town Planners have been evasive about Walnut Avenue being a “pass-through” or walkway. On the proposed map, it’s even moved to a new location.

d. If Walnut is blocked per the new proposal, the population of Walnut Ave would lose their access to El Camino Real via Floribunda. Blocking off Walnut Ave was rejected once before due to lack of 96’ turn-around access for Emergency Crews under San Mateo County Fire Safety Code.

e. If Walnut is blocked per the new proposal, Fire Code would also require that there be no parking on that street as it is narrower than 26’, further impacting both Hillsborough and Burlingame residents who live there and shifting parking further into Hillsborough.

f. Those living on Walnut or in the Ryan Tract on the north side of Floribunda would have limited ability to access El Camino Real due to the Walnut Ave closure and significant parking and traffic issues. Also, the nearest left turn onto ECR North at a light, for bikers and pedestrians, would be blocks away.

g. At the recent North School Open House - Tim Anderson of City Planning said the newly proposed Town Hall Campus, at 45 feet tall would have a “significant impact” on homeowners in a 500-1000 ft radius in terms of light, noise, and parking and more.

5. Please address: To date, the proposed Town Hall Campus would be a) a major site for 100-150 units – and critical to the achievement of a 554+unit plan, b) the only site fully Town-owned (as such likely to require development within 8yrs), and c) the only site not dependent on private initiative. Despite this, there are no formal plans published and no studies evaluated for site worthiness (environmental, traffic, water, sewage, school impacts, etc.). To date, the common response to those who ask about these impacts is “It will be years/may not happen/don’t worry”; rather than actually addressing legitimate concerns. Studies should be undertaken before the Town Hall Campus project is added to the Housing Element and should include:

a. Historical analysis

b. Environmental- Full EIR, not just a limited CEQA, including the culvert underneath the site, migratory birds that reside in the redwoods nearby, etc

c. Light and Shadow Impact Analysis

- d. Utilities analysis of all the utilities in places that already struggle in this area of Hillsborough (power, water, waste)
- e. Cost of Infrastructure repairs- our utility costs are the highest on the peninsula and growing- 5-6% increases in water and waste rates that already assume zero population growth (contrary to HE plan), including removal of water tanks and replacement of inadequate water and sewer piping across fault lines
- f. This corner of Hillsborough is in the SFO Airport Influence Zone- what is the impact?
- g. Cell/Data inadequacies that currently exist
- h. School needs and impact for 400-500 additional residents
- i. Parking and Traffic impact
- j. Investigation of the current vacancy rate of the housing sites already built in nearby towns.

6. Please Address: Any Housing Element that is submitted to the State should also directly outline the impact on existing Hillsborough/San Mateo requirements/laws/guidelines, such as:

- a. "Complete Streets" adopted in 2015 ensuring throughput and access in exchange for Hillsborough's ability to apply for transportation grants
- b. San Mateo Emergency Vehicles guidelines allowing for 35' wide streets with throughway or 96' cul de sacs.
- c. The ongoing multi-year project for widening/repaving of El Camino Real next to City Hall – and the impact of that ongoing project on setbacks
- d. Construction-related parking limitations including length, curb height, markings etc during what would likely be a multi-year construction process
- e. Hillsborough residential parking laws, including no overnight street parking, to ensure safety as a walking and biking hub for youth to seniors
- f. Compliance with current Hillsborough noise limitations/ordinances for various neighborhood types

7. Please address: Perceived conflict of interest

- a. The Town says they are not currently working with any developers– and yet mention their consultants have worked with developers to provide unit estimates, land lease ideas, ideas for public private partnerships to pay for replacement of the police department etc
- b. Developers can obtain up to \$1500/month per unit from city/state grants for low-moderate income housing. This makes it a developer's incentive to put in as many units as possible: by law, 650sf units can hold up to 3 people. With special high-density exceptions, this can be with no parking- and yet anyone living on the peninsula will require parking for access to jobs and services
- c. No zoning has been set for RD-3 until after basic plans and submission to HDC is in place. This means that the zoning could be set AFTER the developers design whatever plan they would like.
- d. No list of developers consulted by consultants has been made available

8. Please Address: Has the town studied the actual needs of low to moderate income families who would like to live here? The AMI for San Mateo County is ~\$180,000 for a family of four. Very-low and Low income housing is a huge need, and honestly, so is helping our homeless and at-risk of homelessness population. Housing is a huge issue, but so is access to services, groceries, jobs, health support etc. Please ask those amazing citizens in our community who are experts on this topic to help support these plans.

SO- What can we do? The town cannot stick their head in the sand – increased housing is a state law, we need to do something.

Here are some ideas:

- 1. The easiest solution is to up the number of ADU's in the Housing Element plan: This is happening anyways- and it helps everyone. ADU

projections were woefully undercounted by using 3-yr averages during a pandemic and a time when ADU permits often ran into 5-6 month timelines. The town could vastly increase the number of ADU's, Junior ADU's and amnesty ADU's. Give the incentives that have been discussed since 2014, encourage residents like the HEAC encouraged. Encourage tax breaks to rent these out rather than keep them as home offices. Perhaps even consider zoning for small live/work offices for the many work-from-home and entrepreneurs among us?

2. Since 2005, the RHNA's have been discussing more senior housing. The silver tsunami is real. By 2050, more than 25% of the nation will be >65 yrs old. The housing crisis for seniors will be intense - and their housing and care does create jobs. Opportunities to create light to mid density senior housing is a more realistic way to make low/no parking sites work, and can create revenue and jobs without creating misaligned incentives. Using town-owned open sites to do so should be possible as a site for development. We urge the town to explore these HEAC-suggested options, as was outlined in the 2014 Hillsborough RHNA. Create these sites using the HEAC constrained limits of 20 units per acre, with current height restrictions, after extensive study and community input, with extensive setback, no street closure, and no impact on elderly and disabled residents.

3. Re-approach private schools and other owners of private/business sites about putting in place long-term plans to build limited blocks of teacher housing on site every time they go through a school increase in size.

4. As a contingency, allow for small zoning changes to allow when larger sites homes become open that do not run afoul of private property rights.

Thank you for listening. We understand that you have a big task ahead of you, but we ask that you conduct it with more transparency and care for Hillsborough and its residents. We moved here BECAUSE of the lovely atmosphere and great schools and that everyone here cares deeply about the future of California, Hillsborough, and our communities (now and in the future).

We look forward to seeing you address these concerns at the Town Hall.

Elizabeth & Steve Jeffords

Subject: Objections to the draft Housing element Plan
Date: Monday, September 19, 2022 3:00:17 PM

To the Mayor, Vice Mayor and Town Council Members

Both my wife and I wish to state our strongest objections to the Draft Housing Plan currently under consideration. We have been Hillsborough residents since 1971 and have enjoyed living in a residential community which is unique, with no sidewalks and without multi-family housing. We cannot support any fundamental changes which would result in the loss of Hillsborough's unique rustic character. We find the proposal to change the town's single-zoning framework most objectionable.

We would urge the town council to reject the current Draft Housing Plan in its entirety and look at other strategies to meet the state requirements which retain Hillsborough's unique character.

GHC

George H. Cohen, M.D.
Elaine L. Cohen, Ed.D.

From: [Paul Rochester](#)
To: [General Plan](#)
Subject: Objections to Draft Housing Element Plan
Date: Monday, September 19, 2022 2:52:03 PM

Dear Mayor Royse, Vice Mayor Krolik, and Councilmembers Chuang, Cole, and May.

I formally and strenuously object to the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”).

I am writing this at midnight while on a long overdue vacation where CET makes writing this and attending the meetings on the 26th largely impossible and definitely unpleasant so please excuse my brevity and directness.

First of all why would our Town government let the state bully us into accepting a housing policy that completely changes the character of a neighborhood that we selected to live in specifically for the characteristics it presents? And additionally why would resident stakeholders be given so little time (45 days) to muster their valid objections to it?

The one size-fits-all brute force solution the state has imposed and that Hillsborough is trying to fit is a complete infringement of our freedoms as property owners. Aside from the fact that this will compromise the value of many families’ largest investment it will lead to other unintended consequences and yet won’t meet the state’s affordable housing objectives because the economics of the current Hillsborough property stock will keep any new housing “unaffordable” in all respects.

The added population in Hillsborough will wreck traffic patterns, school services, public works facilities, fire and police response.

I, and I wager most residents, didn't chose to live in Hillsborough because of the prospect of a multi-unit apartment complex next door, or an ADU on every other lot. Is rent control next?

Here are some ideas that would reduce our overall requirement to something that could be met by the current pace of ADU development without the need to plunder the Town Hall, or jam in multi-dwelling units that are completely out of character, or re-zone the Town.

<!--[if !supportLists]-->1• <!--[endif]-->Tell the State you won't accept their quota. I have neither seen or heard of any evidence that there was a hard fought fight on this. Litigate if necessary.

<!--[if !supportLists]-->2• <!--[endif]--> If there is land currently owned by the Town that is lying fallow, with no supporting tax base then sell it to SanMateo or Burlingame and let them service it and develop it. You can pay current residents a dividend.

<!--[if !supportLists]-->3• <!--[endif]-->Get credit for the approximately 100 extra units over-target the town created in the 2014-22 HE5 cycle.

<!--[if !supportLists]-->4• <!--[endif]-->And why commit an extra 12% buffer in the current plan? Is there a prize for the residents for doing more? Does anyone voluntarily pay extra on their tax bill just to help out?

Unfortunately this is the kind of project that consultants and town staff have a hard time getting right. So this is where the Town Counsel has to shine. You are residents too and I am relying on you as my representative to do the hard work and fight the hard fight for each of us. You are not students trying to please the professor, you are our representatives and should be trying to

please and protect us versus the State. Your names will be on this plan forever. I know you can do better if your choose to. Please find a better plan for HE6.

Signed respectfully and sincerely

Paul Rochester and Yannick LeGuyader M.D.
Hillsborough residents since 1992.

I OPPOSE THE HILLSBOROUGH DRAFT HOUSING PLAN!

Comments:

Our community is highly valued because we have only single family dwellings. Apartments, condos + townhouses would bring an increase in people which would bring an increase in traffic, more kids in our schools, more people putting a strain on utilities. More people - more crime - we'd need more police. BAD IDEA!

How is greater density going to provide affordability and not just increase dollars in property owners, contractors and developers pockets?

Privacy is utmost. Set backs should be maintained. Central fire has stated the set backs we have help with fire spreading. Second units or more should have approval of neighbor if closer than normal setback

Subject: Housing Plan for our town
Date: Monday, September 19, 2022 2:38:22 PM

I object to the town of Hillsborough's affordable housing proposal. My concerns are the following:

1. The police/fire station are some of the town's oldest, historical buildings and should be saved! Where would they be relocated?
2. Our town was founded on clear minimum lot size and height restructure requirements. Why should these be changed now? Will airlines be similarly required to give some of their first class seats to those people who are on limited budgets?
3. We don't have sufficient public transportation to move these new residents around!
4. The new large facility would not have adequate parking for the current 1:1 ratio.
5. The impact on road hiking, traffic and biking will exceed desired standards.
6. The 5-6 story height is NOT in keep with the town's quiet neighborhoods.
7. School enrollment will be greatly strained requiring many families to move to private schools thereby destroying our sense of neighborhood educational system.
8. There is currently an abundance of apartments on the market. Just drive down El Camino to see all of the for lease signs. Why create more housing when there is ample affordable housing available?
9. Why can't this alleged problem be solved with more ADU's?
10. What about some senior housing if more housing is required?

We need to work with other communities like Woodside and Atherton to collectively stop this unacceptable issue! It will destroy the nature of our town.

Thank you for listening to my concerns!

Dear Hillsborough Housing Committee, Mayor Royce, Vice Mayor Krolik and Council Members,

My husband has lived in Hillsborough almost his entire life and went to North and Crocker. I've lived here for about 20 years and our kids are winding up their Hillsborough Schools education. The future of the town is very important to us.

We strongly oppose the draft Housing Element plan and we respectfully ask that the council please consider some of the proposed alternative plans that can still help us achieve the state goals without giving up so much. One of the plans is called Smart Housing for Hillsborough. Please do not vote for or pass the current plan that was led by an outside consultant with no personal ties to this special and unique town. We should look carefully at other towns (Atherton, Woodside) with similar profiles and consider what they've done.

Again, I urge you to reach out to your constituents (Hillsborough residents), and get their input to draft a new plan.

Subject: Draft Housing Element
Date: Monday, September 19, 2022 2:24:58 PM

Hello,

As a resident of Walnut Avenue, I oppose the development proposed at city hall. Adding a concentrated number of units in this location disproportionately impacts the area immediately surrounding it, as opposed to other plans, which spread units throughout the Town of Hillsborough.

Our street is a tightly knit community in which we feel safe letting our children walk, run, bike, and scoot up and down the block. The idea of bringing more traffic, noise, and sound pollution to this narrow street would mean the loss of this vital aspect of our neighborhood connectedness. We've worked hard to cultivate this, particularly through the isolation of the pandemic, and it has manifested as a vibrant component of the greater community.

Additionally, Floribunda is the only appropriate access point for most of the block and already sees fast moving traffic as it serves as the same for this area of Hillsborough.

I ask you to not unfairly place the burden of change on just one block of residents and instead share the problem solving equally throughout the geographically large area of Hillsborough.

Thank you for your time and consideration.

Date: Monday, September 19, 2022 2:12:09 PM

Hello City Planners:

I understand you are facing serious problems with difficult solutions. I am writing to voice my strong opposition to the proposed plan to develop city hall into multi-family housing. This plan disproportionately impacts housing close to that area, increasing congestion, noise, traffic, and safety.

Other areas of your plan, specifically the ADU and JADU plans thoughtfully spread new housing throughout the community. Those plans also put the decision making and impact into the hands of the residents and their neighbors through the proper building plan process. A heavy handed approach like developing city hall is not in line with the community's current harmony nor is it consistent with the town's history.

We can solve this problem with the contributions and planning of home owners throughout our town without significantly hurting those in one specific area. Please do not develop city hall.

Thank you for reading and considering these comments.

Subject: Feedback on Draft Housing Element
Date: Monday, September 19, 2022 2:08:19 PM

I am a 5-year resident of Hillsborough and have attended several of the Housing Element Committee online meetings and the open house on the Draft Housing Element. Some comments:

I am generally in support of the draft plan, in that I believe that Hillsborough should not resist, but actually embrace the changes needed to support housing development in California and the bay area. I believe that the proposed changes do not go far enough in creating new housing opportunities in Hillsborough.

With respect to ADUs, I think the emphasis on ADUs is disingenuous because ADUs don't actually create housing. Building an ADU may qualify per the state requirement, but I don't believe that all or most of them are actually rented out. They just provide a pool house or in-law unit to the property owner. The statistic that says that Hillsborough has exceeded its requirement for very-low income housing is laughable. I would like to see some data on how much housing has actually been created by ADUs. I'm guessing it is minimal. I certainly oppose the town subsidizing or otherwise supporting ADUs without a guarantee that the unit will create a new housing opportunity.

With respect to the proposed zoning changes, I would urge you to further relax the current zoning regulations. Hillsborough has among the most restrictive zoning regulations in the bay area. We all know that these restrictions were originally created with the express intent to exclude anyone except rich white people from living here. They are racist and exclusionary. While we current homeowners are not responsible for creating them initially, we CAN be responsible for relaxing them so that Hillsborough can allow some smaller lots and multi-family units, and provide some housing for a more diverse population, including our teachers and other municipal employees. The fact that the proposed changes are expected to allow only 15 new housing units speaks to the fact that these zoning changes are inadequate.

Throughout the time that this draft has been developed I have had conversations with other residents and heard many comments at meetings and the open house. It alarms me that there is so much resistance to the proposed changes. The phrase "...as long as we don't change the character of our town"...is repeated over and over. The world is changing, America is changing, California and the bay area are changing; Hillsborough should change, too to become a more inclusive and diverse town. Our schools and community will benefit. Please resist the pressure to scale back these proposed changes.

Thanks for the opportunities for learning about the draft plan and providing comments

-

Dear Hillsborough Housing Committee, Council Members and all others involved,

I appreciate your leadership as we navigate the challenging issue of housing. While I fully support the objective to develop more affordable housing throughout the Bay Area and particularly in Hillsborough, **I would like to express my concern about the current Draft Plan and I oppose it in its current form.**

I am supportive of a Housing Element plan that builds on our strengths (ADUs, JADUs) while not re-zoning under a blanket plan where the cost and impact to current residents has not been transparent. I urge the Council to look at comparable neighborhoods like Atherton and consider the plans they have put in place or find other alternatives better suited for Hillsborough.

Thank you again for your time, planning, and consideration.

Subject: Comment on draft housing element plan
Date: Monday, September 19, 2022 1:51:38 PM

Hillsborough Councilmembers,

I appreciate your service to our great town. I first moved to Hillsborough in 1987 and I currently live at 735 Hillsborough Blvd.

I understand that the California Department of Housing and Community Development has mandated that Hillsborough increase housing by 554 new units. I am writing to let you know that I oppose to the draft Housing Element Plan. I object to any proposal for multi family housing and the newly proposed three zones of housing which is currently not allowed in Hillsborough.

Instead of this drastic rezoning, the town should continue to encourage ADU development. As you know, in the last housing cycle, Hillsborough outperformed its required allocation by 111%, mainly through ADUs. It is my understanding that the town appointed an ombudsman to encourage ADU development in 2020 and that the current run rate development is 65 ADUs per year which is up significantly from the previous three year average of 35 per year. Assuming a modest growth to just over 69 ADUs a year, Hillsborough would meet our 554 unit requirement. Hillsborough has a track record of beating our plan and we should lean on that track record and the growth in popularity of ADUs to hit the 554 new units.

Thank you for all the time you are putting into this important manner.

Are we maintaining the unique character of Hillsborough?

1. reduction of lot sizes will make Hillsborough just another peninsula town
2. adding more dwelling units will most likely lead to on street parking inviting the criminal element into the town
3. adding ADU's at the rate assumed by the plan will lead to a breakdown of residence security (gates, cameras)

Subject: Put the Plan on hold and look for better options
Date: Monday, September 19, 2022 1:48:23 PM
Attachments: [Claire Hillsborough Letter](#) [REDACTED]

There is too much at stake to not step back and give us a chance to explore better options.

I am strongly **OPPOSED** TO THE PROPOSED HOUSING ELEMENT PLAN INCLUDING THE TOWN HALL SITE PLAN AND WOULD LIKE THE CITY COUNCIL TO REJECT THE PLAN.

Dear Council members and HEAC members,

My name is Claire Haggarty (Jr) and my Dad and I built my home at 2546 Butternut Drive over 30 years ago.

I am **OPPOSED** to the proposed housing element plan and implore the town to start over with a plan that includes ALL ADU/JADU housing options only.

Hillsborough has incredible schools, a tight community, and larger home lots. Due to the lack of underlying infrastructure, roads large enough to support a Bus system, and the finite water supply make the rezoning proposal unrealistic. Additionally, the larger lot sizes in Hillsborough allow for the quiet and safe neighborhood our community expects. This was as true 30 years ago as it is today.

The proposed Housing Element Plan will be detrimental not only to the esthetics of Hillsborough, but will also negatively impact real estate values. It has been estimated that this proposal may reduce real estate values by upwards of 25%. In addition, the plan does not account for the increased usage of public resources including; roads, schools, fire, police & medical response teams.

This is one of the most important decisions Hillsborough will be making and once done, it can not be reversed.

I feel the information about this proposal was distributed "too little – too late" and wonder how much of this was actually decided before being announced. This was not properly communicated.

The Housing Element postcard which was sent out from the Town of Hillsborough was very vague. It did not include any of the drastic measures the town is proposing - rezoning on all Hillsborough lots. Instead, this news traveled through the community via word of mouth, leading to this letter. We as a community are fundamentally opposed to this proposal.

We, the Haggarty's, and many of our Hillsborough community are opposed to this proposal. We are fundamentally against the rezoning of Hillsborough. We oppose the housing element plan, we oppose the town hall expansion and campus site plan, we oppose all zoning or rezoning of any lot and any other changes to our current "RD" zoning, and we are opposed to having a goal to discourage redevelopment of sites with existing smaller single-family homes.

OPPOSE:

1. We Oppose the Housing Element Plan - Residential District 1 (RD-1); Residential District 2 (RD-2) and Residential District 3 (RD-3).
2. We Oppose the Town Hall Expansion/Campus Site Plan - which was delivered to us this past week and is on the 9/12 agenda.
3. We Oppose any/all zoning or rezoning of any lot and any other changes to our current "RD" zoning.
4. We Oppose having a goal (Policy 4, Goal 4.5) to "Discourage redevelopment of sites with existing, smaller, single-family homes." This goal and its implementation will violate

homeowners' property rights and penalize those homeowners with no compensation. Remove this goal and do not implement it in the future.

5. We encourage you to give STRONG consideration to pursuing a streamlined option for homeowners to add ADU units that can allow homeowners to retain control of their properties and increase available housing. This type of housing would allow the Town to retain the elements that have made living here so desirable to generations. My son is a Paramedic and there are lots of first responders, teachers, and other underpaid people who would like to live in this Town with the independence and privacy that an ADU provides – and not the “stack and pack” feel that has taken over so many parts of this county.
6. Just this week you announced “proposed” increases in water and garbage services. While this is understandable – one has to wonder how the costs associated with the proposed developments will be paid not to mention the stress on our neighborhood streets that years of such development would bring – ADU’s can be implemented quickly and with less stress on the infrastructure, etc.
7. There are better ways to increase housing without adversely affecting what has made this Town so desirable. Your proposal would undoubtedly also reduce property values yet not compensate homeowners for the loss.

Don’t rubber stamp this proposal – The Town has better options – and we should have had a chance to research, evaluate and propose them before this “deadline”

Claire Haggarty (Jr)

To whom it may concern:

I object to the town of Hillsborough's affordable housing proposal. My concerns:

1. The police/fire station are some of the town's oldest , historical buildings. Where would they be relocated?
- 2, Lack of public transportation
3. Lack of adequate parking (,65 ratio when it should be 1:1
- 4.Impact on traffic, walking, biking
- 5.the proposed 5-6 stories is not in keeping with the town's quiet neighborhoods.
- 6.Schools will be impacted by more enrollment with up to 130 additional families.
- 7,There should be more concern for senior housing
8. There is currently adequate housing for low income families.
9. Controversy over miscalculating the needed ADU requirements.

Thank you for considering my issues.

Dear Mayor Royse and Council Members,

We live on [REDACTED], Hillsborough, and we oppose the Draft HE Plan.

Our concerns include changing the character of our town, decreasing the value of Hillsborough real estate, and overshooting our HE targets. We believe that better solutions will emerge only by considering a range of options.

Please see the attached objections to the draft plan along with an alternative approach - we support the position of Mr. Ulliyot's letter.

In addition, we have completed the survey <https://survey123.arcgis.com/share/467e65233a544c21893f1321c3a72c32> to express our willingness regarding an ADU/JADU.

We urge the Council to amend the Draft based on the will of our residents.

Best regards,

Michael and Patrice Wilbur

[REDACTED]
Hillsborough, CA 94010

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolik, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Respectfully submitted,

Theodore W. Ulliot

Dear Town Council & Town Manager:

I am writing in regard to the Draft Housing Plan and to express my full support for what Mr. Ullyot has written in the attached document.

This is a thoughtful approach to solving the demands being placed upon us in a way that complies with these demands while maintaining the town's character.

As he notes, your duty is to serve as representatives of our community, and I have not talked to one single resident who is supportive of what has been proposed! All of them feel the proposed plan is a threat to our community in multiple ways. Please heed your civic responsibilities and adhere to the will of the citizens of this town. There are better ways, like Mr. Ullyot's suggestions, to achieve the goal.

Regards,

Joseph Toms

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

I strongly believe that if enough cities would join together to oppose this clearly socialistic program, some change could be realized. If that doesn't work, communities should serious consider recalling those representatives that approved this absurd state plan. I have chosen to live in this country, state, county or town that is increasing becoming socialistic in character. I very much wish to support those that have life consequences beyond their control, but not for those that have made personal choices that have not fared well, and now wish to impose upon me their created burdens.

Subject: Housing Element
Date: Monday, September 19, 2022 1:02:31 PM

Hello,

We want to go on the record as opposing some of the zoning changes proposed in the Draft Housing Element for Hillsborough since we believe that they would fundamentally change the character of the town. The consulting firm retained by the Town appear to have started with a blank sheet and not taken into account the distinctive characteristics of the Town. In particular, we place high value on the trees and foliage that fill the green space in our community and don't want to see it disrupted. Therefore, we are opposed to any reduction in the minimum lot size, street frontage or setbacks. We also oppose anything that stands in the way of a current resident with a small house remodeling it to a much larger house if regulations permit it. This is how many younger couples get their start in Hillsborough.

We are in favor of:

1. ADUs as a constructive solution. However, we wouldn't like to see more than one on any individual property unless it is a property larger than one acre.
2. Redevelopment of the Town Hall campus to include high density housing. We would also favor setting aside a portion of the residences thus created for the Town's own Police, Fire and Town Hall employees.
3. A high density housing complex being built off of Crystal Springs Road near the intersection with Tartan Trail.

We hope the Town Council will step up, consider the opinions of our Community, and make a recommendation of its own.

Thank you.

Linda and Daniel Cooperman

I'm sure lots of people have put considerable thought in to this.

I am concerned about selling off town assets which cannot be replaced. I would hope that ADUs could better serve our community rather than high density sky rises which would be contrary to the ethos and essence of our beautiful town.

As a long term resident my joy of Hillsborough is the rural environment we have managed to retain while cities all around us have fallen in to suburban sprawl sacrificing much of their wilderness and open spaces. Restraining growth and expansion is difficult for any town, City or government entity. I pray Hillsborough can resist the easy solutions which once open will only grow, and could suffocate the special place we have come to love and admire.

Please be cautious and deliberate about opening up to developers interests which, as one, I can state often do not align with the town or neighborhood they seek to develop. too often it is simply greed which drives development with towns and cities unwilling to fight the good fight loosing to sprawl and unforeseen consequences.

Please give greater consideration to ADUs and other lower density solutions which may restrain ambitious developers how they only seek to enrich themselves at our expense.

Sincerely
Dan Forster

Subject: Comment: Housing Plan
Date: Monday, September 19, 2022 12:32:36 PM

Please note, this is my 2nd comment on **the 2023-2031 Housing Element & Plan**.

The first comment that I submitted was on September 3, 2022 & is pasted in below.

Comment 2: THOUGHTS ON THE DRAFT 2023-2031 HOUSING ELEMENT & PLAN

Mayor Royse asked for suggestions, here are some of my suggestions:

- The City Council must focus on statistically reliable objective data when making decisions or recommendations
- The City Council should focus on a plan that relies on ADUs, not the current plan suggested by town staff
- The town's current ADU survey (and the town's existing data) only deals with ADUs that might be built in the future or have been built in the past (and have been registered with the County) - the City Council (and it's residents) also need to know how many ADUs (or home-sharing arrangements) currently exist in the town but are not registered with San Mateo County. The town's survey needs to be re-done.
 - The town could consider offering incentives to residents (in such situations) to register their ADUs. These would appear to the State as new ADUs and would not require further building in the town
 - The town could also ask such residents who they are currently renting to, and include that data in the submitted Housing Element & Plan
- The City Council needs to strongly suggest that staff operate with up-to-date technology now. For example:
 - There is a software program: canibuild.com/en-us/
 - We need this software (or something like it) to be available in Town Hall for all planners, contractors and residents
 - The program allows one to look at any property (registered or unregistered), see site designs and see if it fits & it shows topography, and it allows one to check local regulations for building for things such as setbacks, heights, etc.
 - This software would allow residents to quickly and cheaply check whether their imagined ADU would be feasible, and it might encourage others who were not aware of where they could put an ADU on their lot.
- In considering what to do the City Council should move slowly - there is

- absolutely no advantage to being fully compliant at this point in time
 - Experience shows that Hillsborough gets no credit for being over-compliant
 - Rules may change with time
 - It is likely that there will be many legal challenges from other towns - there is a lot of dust that still needs to settle
- The City Council should listen carefully to the voices of its residents. The City Council needs to lead in concert with the wishes of its residents.

Btw: I would still appreciate answers to the question that I posed below at the end of **Comment 1**.

Best,
Orna Resnekov, Trustee

Comment 1: THOUGHTS ON THE DRAFT 2023-2031 HOUSING ELEMENT & PLAN

Good things that have happened:

1. Town residents and the HCA are getting involved in the discussion
2. Town staff have made limited efforts to involve town residents

Significant Problems:

1. I do not see any appreciable buy-in from either 1) Town staff or 2) Town residents for the **overall goals** of the "Housing Element"
 - For example: the City Manager told me "this is just a plan"
2. I do not know who planned the process that led to the **DRAFT 2023-2031 plan**, but whoever did, and instructed staff, consultants and volunteer residents to come up with one draft plan set this process off in the wrong direction from the outset. There are many ways to accommodate the overall goals of the "Housing Element". It would have been much better to come up with 2-3 plans and then have residents debate and discuss which plan(s) best suit the town of Hillsborough.
3. The town has many intelligent & capable residents who are willing to help. The town is not using the resources that it has at its disposal optimally.
4. It is not reasonable to put forth such a plan and not examine how the town might deal with the impacts on the "the infrastructure" in Hillsborough - one is talking about adding about 600 housing units to the town (this is a significant percentage of the town's housing units):
 - Schools
 - The water system
 - The police

The firemen

- Town staff (who clearly are already over capacity and currently are not able to properly monitor building projects in the town)
 - Evacuation routes in the event of an emergency situation
 - The power grid (which is already not maintained properly)
 - Communications
 - Fire safety - adding about 600 units will lead to higher density housing in many areas of the town that are already considered to be a high fire risk areas
 - Roads
 - Property values
5. Land is expensive in Hillsborough and there is a lot of money to be made building additional and/or different housing units in Hillsborough. While some feel this is just a plan - market forces are going to push rapid development of areas that are either sub-divided and/or re-zoned to smaller lot sizes

Suggestions:

1. Listen carefully to the wishes of the residents, they are the ones that need to live with implementation of any Housing Element Plan that the town submits
2. Make use of the many intelligent & capable residents who are willing to help think through the issues and suggest alternative plans
3. Facilitate submission of independently generated alternative plans and promote them at town halls
4. Give alternative plans equal and objective attention - plans suggesting meeting the RHNA by incenting the use of ADU's in Hillsborough are a good way to get around many of the failings of the plan that is currently available and circulated by town staff (DRAFT 2023-2031 HOUSING ELEMENT & PLAN)
5. Do not give in to deadlines and time pressure - those of us who have written grants know that the best product emerges close to deadlines

Question:

1. There may be elderly residents, retirees (or others) and tenants in Hillsborough who are already within the 4 AMI categories (120%, 81-120%, 51-80%, 0-50%). Have town staff made themselves aware of how many such parties are already within Hillsborough? Should they (and the homes/ADU's/Jr ADU's/rooms that they occupy) be counted for the purposes of meeting the Housing Element?

Best,
Orna Resnekov, Trustee

Subject: Slow Down!
Date: Monday, September 19, 2022 12:19:49 PM

This Plan goes too far. Slow down and take it a few steps now and revise the plan as time, litigation and processes evolve.

I suggest that the Council consider a full court press on ADUs. ADUs don't significantly change the character of our Town. To the extent necessary, consider housing at Town Hall (there used to be an apartment building for Town employees at the site where the Town Hall now sits). Then, if needed, establish a multi-unit Zone at the Brooke Court site. This site also should have road access road to the perimeter road surrounding the College of San Mateo. The perimeter road could have a bus stop that would provide transportation to needed grocery stores, medical offices, recreation and other facilities for the occupants of this site and residents of the Town.

Over the next several years there is likely to be litigation by various jurisdictions against the State. This process will revise the implementation of State's housing laws which our Town can then respond to. In the meantime, I suggest that the Town design a plan which implements the above suggestions which will not materially alter its present character.

Thank you,

D. Paul Regan

Subject: Comments to Housing Element Zoning changes
Date: Monday, September 19, 2022 12:02:43 PM

Thank you to all staff members and Town Council members for providing us with a Housing Element draft to generate input and thoughtful discussions from all of us who call Hillsborough home.

I have been a resident of Hillsborough for 30 years and own two contiguous properties in Hillsborough. I live in one of the properties.

I understand the complexities the new RHNA cycle has placed on our community.

I am disappointed by the fact that our elected representatives at the State level, CA Assembly Member, Kevin Mullins, and CA Senator, Josh Beckett, have not attended any of the housing element meetings and open houses to hear residents concerns with the RHNA requirements.

Below are my comments:

The 20% Buffer is too high. Pick a number vs. percentage. Hillsborough has a track record of more than covering the RHNA allocations.

Do not make modifications to the Town's existing single zoning district RD 1. It only creates a potential for 15 net units.

Support the rezoning of Town Hall campus to RD- 3. Must have one parking space per housing unit. Whether this is Senior housing or low/moderate income housing.

Support the rezoning of 10+ acres to RD-2 for senior housing.

Increase the number of ADU's than currently projected.

Continue to prioritize ADU development and building with ombudsman program.

Pursue contacting the Trustees of land donated to the Town to potentially change the designation of how the donated land be utilized.

Date: Monday, September 19, 2022 11:59:36 AM

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

I would like to express my concern and opposition to "the current draft housing element". I would like the town to adopt plans similar to the city of Atherton as possible remedies.

Thank you,
Cristin Chinn
Hillsborough homeowner

From: [Tim Guleri](#)
To: [General Plan](#)
Subject: Oppose the High Density Housing Plan currently being proposed by Hillsborough City
Date: Monday, September 19, 2022 11:58:39 AM

Dear Mayor Royce and Council members,

I oppose Hillsborough's proposed Housing Element plan and urge Hillsborough City Council to reject it.

I request that we halt the current thinking and rethinking our approach before we are in a zone where we cannot come back from. Current changes that are being proposed by you and your team will make Hillsborough unlivable.

I like the idea of mixed affordable housing at Town Hall location. Instead, allow for looser ADU, JADU requirements and incent home owners to convert pool houses to ADU's.

I want the town to submit a Housing Element that utilizes only ADUs and vacant properties to achieve our RHNA allocation. It does not require the entire City of Hillsborough be rezoned.

Best regards
Tim Guleri

Subject: Fwd: Objection to the Housing Element draft

From: Ruth Wisnom
Subject: Objection to the Housing Element draft

I have read the draft in its entirety, attended by zoom the HEAC and Town Council meetings. I respect the hard work that created this document but I think if enacted it would destroy our town as we know it. Dennis Moore and Ted Ulliot have presented alternative plans which are much less invasive and I think many of their ideas could replace those in the draft. There is widespread concern among the residents of the town and they feel helpless to prevent the implementation of this plan. The Wisnom Family has lived in Hillsborough since 1935 and treasures the beauty and special character of Hillsborough.

I urge you to consider modifications that would eliminate rezoning and multiple family dwellings on lots that are now single family lots. Other crucial issues are parking if a new Town Hall campus is constructed, water shortage, overcrowded schools, public service demands for police and fire response. Taxes will inevitably have to be raised to provide these services. I understand that we must meet the state mandate but there are other options. Please consider alternative plans so we can preserve the historic character of our rural, non-commercial, unique community.

Thank you,
Ruth Wisnom

Subject: Against the proposed housing element
Date: Monday, September 19, 2022 11:47:08 AM

To all,

I was not going to respond to the call for comments because, sadly, I no longer believe that my voice or the voice of my fellow citizens means anything when decisions are made regarding our town. However, I can no longer stay silent.

I believe the plan that has been put forth will change Hillsborough in such an egregious way that the town we know and love will simply cease to exist.

There are many issues with the proposed housing element, ones that many people will agree on including one near and dear to my heart: the changes in the Hillsborough schools. At a previous meeting, I asked about how the schools could accommodate the greater enrollment that would naturally come with a greater density in housing, the answer was a non-answer. "Looking into" an issue and coming up with a "plan" simply will not work and your proposed housing element plan is a case in point. Where are the details? Where is the due diligence? And why does this need to be decided until citizens actually know how infrastructure issues are going to be handled? That is expecting an awful lot of trust especially when this whole plan seems rushed at best and misguided at worst. You can quote me chapter and verse about the state's mandates for affordable housing but when I read the response from other towns I wonder why Hillsborough is in such a rush to get this done. This deserves to be more than a checklist item; the future of the town is at stake. Surely other points of view need to be considered?

I am also concerned that so many citizens are unaware of the town's proposal. And it is not the citizens who are responsible for communications, it is the town's job. So please do your job. Go door to door if you have to but the fact that people are shocked when I tell them what is being proposed tells me that the town is just fine if people are unaware. This is not the way a small town should be run. Citizen involvement is crucial. These are our homes, our town, we live here for a reason. And it is a council overreach to be satisfied with the fewest number of people knowing what is going on and just assuming other people don't care. Doing the bare minimum may make passage easier but it does not make it right. The fact that our property values will erode, that no one can say where the water and other resources will come from to serve more people, and other challenges is just a pile up of issues. I am literally begging you to put on the brakes, inform all residents, consider alternative plans—this is important, we should not be forced to settle for first pass thinking, second pass, even tenth pass thinking on a poorly conceived plan. .

You will no doubt hear many opinions in your call for comments. However, what I doubt you are hearing are the comments people are saying off the record because they are too polite to put them in an email or they are afraid to rock the boat. I am not so polite. You are making a huge mistake if you pass this proposed housing element and I doubt you want that mistakes and the negative impact on the town to be your legacies. Please stop, think, make better decisions.

Sincerely,
Phyllis A. Tankel

Subject: ADU
Date: Monday, September 19, 2022 11:38:29 AM

Has the committee tried to negotiate with the state to get the number of ADU's down to a more reasonable level considering that the Town of Hillsborough has no commercial areas, is rather remote and forestry in areas requiring transportation, utilities, water and other new infrastructure, and does not have roads capable of carrying high traffic loads.

Best,

Ruth Glick

Subject: opposition to current draft housing element
Date: Monday, September 19, 2022 11:37:27 AM

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

I have immense concern and oppose "the current draft housing element". I believe we can achieve many of the goals through ADUs, but also believe we haven't outlined the other infrastructure requirements that come with the proposed additional housing. Specifically, the increased density in some areas will require major changes to:

1. public roads and access
2. school capacity for additional families
3. public works capacity
4. how we fund this infrastructure (bc some proposed housing is exempt from property tax)
5. other public services

We need a better solution that preserves this residential community but also think about the 2nd and 3rd order effects of any proposal that dramatically increases housing, and thus, population density. We can't add land, but need to add people, so there will need to be a proportionate amount of investment in significant dollars and time to make sure the Town is prepared for any increase in density.

Best,
Raymond Ko

Subject: Objections to Draft Housing Element Plan
Date: Monday, September 19, 2022 11:36:26 AM

Dear Councilmembers,

I am writing to express my objections to the August 4, 2022 Draft Housing Element Plan ("Draft Plan"). As a Hillsborough Resident since 2010, I and my family deeply value the unique rural nature of Hillsborough and urge you to implement a plan that does everything possible to preserve our character and heritage.

The responsibility of crafting and approving an appropriate plan is on the Council (not Town Staff or hired outside consultants who I understand created the Draft Plan) and we urge you to consider your constituents and the overwhelming wishes of this community who have made widespread objections to the Draft Plan. The Draft Plan is overreaching in setting a goal of 665 new housing units when only 554 are mandated. The mandated 554 units could be met through ADUs, particularly if we petitioned for retro-active credit for our 101-unit overage from HES. There is also no need for re-zoning and permitting multi family housing and multi story apartment buildings. These would certainly destroy the character of Hillsborough.

Please consider the wishes of this community and decline to approve the Draft Plan.

Sincerely,
Tracy Lane

Subject: Existing proposed plan does not work
Date: Monday, September 19, 2022 11:27:09 AM

First of all, thank you for the effort and time in putting the plan together. It's not an easy task, and there are definitely no 'correct' answers as we should welcome the diverse opinion of our community. As a 10+ years resident of Hillsborough and a parent with multiple kids that have gone through our school system, please consider changing the existing proposal.

We have been able to maintain our relatively small, and close-knit community based on our existing town infrastructure. There are other ways that we can solve and contribute to the housing issue (e.g. ADUs) rather than addition of dense housing units.

Please consider other options and even put it to a vote to maintain the uniqueness and success of our community.

Thanks,
Celia

Hello,

Thank you for all the hard work on the proposed housing plan. I understand there is an alternative proposal that relies more heavily on additional ADUs. I believe the alternative plan with added ADUs would be more in keeping with the look and feel of Hillsborough neighborhoods. I am not in favor of building townhomes on larger parcels. Thanks again for the work and for listening to feedback.

Subject: Comments On Housing Element Plan and September 12th 2022 Council Meeting.
Date: Monday, September 19, 2022 11:21:44 AM

Good afternoon Mayor Royse, Vice Mayor Krolik, Council Members Cole, May, and Chuang, City Clerk Natusch, and City Attorney Diaz:

I attended the in-person council meeting in Hillsborough on Monday, September 12th. I appreciate the time you spent reviewing the housing draft plan for the town. I also appreciate you giving me the opportunity to voice my opinion at the podium.

This email reaffirms mine and my wife's position, which is that we adamantly oppose all three designs for the Townhall, police station and proposed housing element.

We were also very disappointed that there were no plans that excluded a housing element and would rather include a Recreation Center, park and/or playground. Although the city Council officials stated that these two things were separate, I agree with most attendees there that it did not seem that way since all of the proposed plans included some form of a housing element. We do not see a reason why this wonderful town does not has a new recreation and gathering place for the community similar to what Burlingame has recently built at Washington Park. They did a fantastic job in building a beautiful space fit for all the various constituents of their community.

I thought all of the housing elements and above ground parking were unattractive and did not fit with the architecture and style of our town. I was also very saddened and disappointed that it appeared that the architectural firm did not include the Veterans Memorial which is currently located there. I do agree with one of the speakers that said that it appears more attention was given to some of the trees then to some of the other parts of this plan.

In regard to the housing element suggestions from the consultant in Los Angeles, I was appalled with the number of severe changes to the zoning, look and layout of our town. I was disheartened and, honestly quite angry, that some of the personal freedoms were being taken away from residents, who currently live in smaller houses, to renovate their homes.

It was evident that nearly all the speakers both in Townhall and over zoom

were in complete agreement in the rejection of the housing element. There were only two that were for it. One, of which, did not even live in our town and was calling from Los Altos. I am not sure where or how she got the information, but I do not think it's any of her business what is being proposed in the Town of Hillsborough when she does not live here.

I cannot stress enough after seeing the wonderful history of this town through pictures and all the mayors over the last hundred plus years, it would be an utter shame to see all of their efforts and hard work in vain in preserving the beauty and uniqueness of this town. Please do the right thing and come up with a new plan with a much higher ADU number. Current 2022 data supports this much higher number.

We should not be afraid to stand up to the state and their bullying practices of pushing an ill-thought out plan for a housing problem they caused over years of time. Mass construction of cookie cutter affordable housing in every city and town across the state with a one-size fits all approach is ill-advised and, frankly, idiotic.

Please include this email in the public record and consider it on September 26 and beyond as you finalize our submission to the California Department of Housing and Community Development.

Please do the right thing here for the town, community and families that love living here.

Thank you for your consideration.

Jeff and Liana Brady

Subject: [REDACTED] Hillsborough strongly Oppose
Date: Monday, September 19, 2022 11:19:56 AM

We oppose the Hillsborough Draft housing plan.

There are a lot of available apartments for rent in San Mateo county.

San Mateo county is not short for housing and many residents have moved out of state.

This will be environmentally a disaster! We are already dealing with rolling black outs, shortage of water, and resources, etc. Our great schools will get over crowded. Traffic will be even worse. We simply do not have the resources.

This proposal will destroy Hillsborough as we know it.

For the above reasons, we strongly OPPOSE.

Thanks

Poriya Dokhanchi

Hello,

To make an effective impact on addressing housing needs in the larger community with considerations on the needs of the current residents, please consider:

- promoting the construction and leasing of ADUs;
- constructing senior housing, which is an increasing need as the population ages, on city-owned land and on the DeGuigne Estate;
- constructing much needed student housing on city-owned land near College of San Mateo.

Thank you for your hard work.

Best,

Crystal Kwok

It make no sense to cram groups of low income residents into areas remote from shopping and public transportation. The plan deprives existing residents living next to the proposed areas of the low density living which ls the reason they live in Hillsborough.

Importance: High

I support the citizen created alternative plan (Hillsborough Smart Housing for Hillsborough) to meet the state required housing goals in Hillsborough with as minimal an impact as feasible on the residential character of and absolutely **vote thumbs down on the Town's Initial Draft Plan**. Town's initial draft plan would create a dramatic change to landscape and result in overcrowding in our schools, create additional traffic in narrow streets, making it unsafe to walk on and increase fire danger. It will destroy top reasons people want to live here.

Please let me know if you need any other information from me to support my vote. I am not going to be able to make the in-person meeting on Monday 26th, but happy to meet in person to explain my rationale.

Subject: Feedback on Housing Plan
Date: Monday, September 19, 2022 10:54:42 AM

While I appreciate the efforts of the Town Council, I view the proposed *initial draft plan* to be unsatisfactory as not in line with “the essence” of our small community.

I recognize that there are many different opinions on how to respond to the State government, but we need a plan that better fits Hillsborough as a community. I would favor the recommendations of the Hillsborough Citizens Alliance (HCA) over the Council’s current proposal.

It makes no sense to put in large growth of housing stock on the *Highway 280* area as that is nowhere near transportation or businesses. Adoption of rules that allow multi-family housing (duplexes, etc) would change the character of our town. Perhaps the Council should explore its property near CSM and the site of Town Hall for such a project...

Respectfully,

Brian Stuart

Date: Monday, September 19, 2022 10:49:31 AM

Good morning! We sent the following to Mayor Royse last week. Kindly include this in the feedback package to the town.

Thank you.

----- Forwarded message -----

From: **Radha Narayan** [REDACTED]
Date: Sun, Sep 11, 2022 at 8:29 PM
Subject: Town Letter
To: Subra Narayan [REDACTED]

Dear Mayor Royse:

We have been residents at [REDACTED] Avenue for the past 24 years. We are incredibly upset and displeased by the way in which plans to rezone Hillsborough have been handled by the town officials. We respectfully ask that you put this zoning discussion on hold immediately! Rezoning will destroy the wonderful character and community that Hillsborough offers. Once you rezone, Hillsborough will change forever and we will not be able to go back in time!

We were told at the first meeting, held at North School, that the Town Hall property was the

'only' town-owned property. We later learned that that is actually not true, and that the town, in fact, owns a significant parcel of the Tobin Clark estate. We find it disappointing that such misinformation is being propagated to the tax-paying citizens of this town. We question the integrity and the process of the consultants and urge you to examine whether their interests are aligned with that of our town.

Secondly, we we were told at the same North School session that action had to be taken immediately. Since then, we have learned that is absolutely not the case. Again, the misinformation is devastating. Is it not the policy to first notify the neighbors of any plans for Town Hall, similar to if we wished to tear down our home and put a new dwelling?

I

f the plans to put up a structure were put forth properly, we would protest the suitability to adding a large structure at the Town Hall. Floribunda Ave is not suitable for a massive influx of traffic and parking. It would be

incredibly unsafe to not only residents but pedestrians. As it is, many people drive too fast on our street.

We ask you, Mayor Royse, to please stop this ReZone movement. Get more information, evaluate all options and, most importantly, listen to the residents. Hillsborough has been a desirable community because its residents deeply care that the town be a safe home for families for generations to come.

Subject: Re: Feedback on Draft Housing Element
Date: Monday, September 19, 2022 10:47:44 AM

Hi,

I'd like to add a couple of points to my original submission based on additional information that has been made available.

Firstly, I don't know why we would plan to build more units than we need to, when historically Hillsborough does not seem to have received any benefits or thanks for exceeding targets. Secondly, it sounds like the pace of ADU construction, if maintained, pretty much delivers all the units we need to, in which case I don't know why you'd look beyond that and make all sorts of zoning changes that will have unintended and negative consequences.

In summary, I do not support the original plan. It seems like it was not designed with the objective of minimizing disruption and negative outcomes to the Hillsborough citizens. The alternative plans hardly seem like rocket science - I think it's fair to ask why these other avenues were not explored earlier in the process.

Yours sincerely,

Miles Tomlinson

Subject: Feedback on Draft Housing Element

Hi,

I read through all 150 pages of the draft document and I'm struggling to grasp the so-what of all of this. I'm not sure if that is deliberate? Could someone summarize how this will affect your average Hillsborough (current) resident, summarized in less than one page?

What will be the effect on Hillsborough schools? Taxes? The appearance of the areas near El Camino? Traffic?

For all the proposals that are being made, can we draw examples from other areas that have made similar changes and what outcomes that produced? That would be helpful.

Although means and ends are both important, I think most people ultimately want to know

what it means for them in plain language rather than the minutiae of what obscure property act is being followed or not.

From what I understand about the proposal, a focus on ADUs, some plot subdivision and redevelopment of the town hall area all sound fairly sensible, but I'm not sure whether all the second-order effects have been thought through. For example: you can't park on the streets in Hillsborough. So where do all the extra cars go?

Yours sincerely,

Miles

Subject: Against the Town Proposal
Date: Monday, September 19, 2022 10:45:38 AM

Robert Salama
September 19, 2022

To whom it may concern:

I am against proceeding with the draft Housing Element Plan dated August 4, 2022 ("Draft Plan") for the following reasons:

The Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to - and should not - change Hillsborough's zoning to add the new HD-2 and HD-3 zones, nor add multi family housing, nor erect a multi story building on Town property at El Camino and Floribunda - all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town of Hillsborough and I join many other Hillsborough residents in objecting to those proposals.

The Town of Hillsborough lacks the type of infrastructure the Draft Plan requires and calls for. It is very surprising we would think our Town has the rudimentary essentials needed to carry out the Draft Plan. Having grown up in Hillsborough on St. Francis Road and currently living on Ralston Avenue, I find it already difficult to safely back out of my driveway in the current morning traffic let alone incorporate a sleuth of new pathways, lanes, and traffic into an already congested and dangerous route. More importantly, the lack of street lights, sidewalks, public transportation lanes, and basic cellular service makes the Draft Plan appear not well thought out or well-considered. Moreover, do we have enough police, fire and public safety personnel to manage a population increase and added density?

The Town has more ADUs within it than what is currently reflected. It has been brought to my attention that a considerable number of ADUs have not been accounted for in the latest count (partly because there has not been a formal inquiry or process carried out) and that the Draft Plan does not take into account that the number of ADUs over the past 3 Covid Years is not reflective of those that are to come. It is my understanding that we will meet the required 554 additional housing units by doing a proper accounting of the current/in construction ADUs in our Town and by putting due weight on the number of future ADUs that will be constructed in the years to come.

The Draft Plan has not been properly thought out and I believe that not many in our Town have been alerted to what is currently being proposed and adopted on our behalf. Full disclosure is needed and an informed consent is required by the residents of this Town for something of this magnitude to be adopted. Even if delaying our submission would result in penalties, it is far better to be penalized for a late submission than it is to make a colossal mistake in this undertaking. I believe it is in your interest to make the entire Town privy to your proposed Draft Plan and truly listen to your constituents as to what it is they want done in this regard. You have been tasked with representing "our" voice and I do not feel "our" voice is represented in the Draft Plan.

Thank you,

Robert Salama

Dear Hillsborough City Council,

No good deed goes unpunished and we are thankful for the endless hours and passion you have given to our town and its residents.

That said, I am devastated to hear that our town is considering the High-Density Housing Plan put forth by your consultants. I know that you have received many letters and emails against this plan and you don't need/want to read more, I don't need to hear myself talk either. My opinion...

*We can, and have, addressed this issue with ADU's up to this point. Allow more and relax code if needed..... they will be built.

*Large structures do not fit the model of our town.

*Property Values will go Down.

*Hillsborough will be gone as we know it.

*If we absolutely need more density, "Strawberry Hill" (or other large, discrete parcels) could become "High End" retirement communities. *(Though, I don't think this will even be necessary as I am educated on how the situation can be remedied by our continued execution of ADU's)*

*Please protect this town that so many of us, and our families, have helped build for many, many years!!!!!!

Subject: General Draft Plan
Date: Monday, September 19, 2022 10:14:58 AM

Dear Hillsborough Housing Committee, Mayor Royce, Vice Mayor Krolik and Council Members,

Let me first begin by thanking you all for the last town meeting on September 12. As you noticed by the large turn out, this issue is the most important issue that has come up since I've lived in this town for over 18yrs. We strongly oppose the draft housing plan, and even more so after the last town hall meeting. We have spoken to numerous residents, and they too are even more opposed to the draft plan after the town meeting.

I respectfully ask that the council please consider some of the proposed alternative plans that can still help us achieve the state goals without giving up so much. One of the plans is called Smart Housing for Hillsborough. Please do not vote for or pass the current plan that was led by an outside consultant with no personal ties to this special and unique town. We should look carefully at other towns (Atherton, Woodside) with similar profiles and consider what they've done.

Again, I urge you to reach out to your constituents (Hillsborough residents), and get their input to draft a new plan.

Warmly,
Atul Bramhe

To: [General Plan](#)
Subject: Additional Housing Solutions for Hillsborough with ADU's
Date: Monday, September 19, 2022 10:13:23 AM

To whom it may concern:

As a Hillsborough resident, I strongly believe that by building more ADU's in Town we have the ability to add housing to our town that is in line with the states demands. Depending on the amount of ADU's and the size of ADU's with a residents lot size, I believe we can easily accomplish this. In other words, those larger lots could potentially add more than one.

In addition, if the Town offers any time of subsidizing and/or construction financing at better than market rates, this could be done in a much quicker time frame.

We encourage the town to continue to work towards adding housing through the ADU program and with additional solutions like I presented above we should easily be able to meet the state's mandate without building any other type of housing.

Very Truly Yours,

Ben Rubin

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

I would like to express my concern and opposition to the current draft housing element. We will be heartbroken if this passes. We are in agreement with our fellow citizens that are proposing more ADU's as a solution. We absolutely do not want new zoning or apartment buildings. We do not have the resources, our property values will go down and it will forever change and damage our community and schools.

Please save our historic town that so many of our families have helped to build.

Best regards,

Cristin Mendell

Subject: My feedback on the Housing Element
Date: Monday, September 19, 2022 10:08:39 AM

We are vehemently opposed to the High Density Housing Element in our town of Hillsborough. Noise, traffic, parking, and safety in a town with few sidewalks would endanger everyone. Public utilities are already strained due to drought and poor infrastructure of power lines. We are already experiencing repeated power outages. Money needs to be spent on undergrounding power lines to protect all of us who have lived here for decades.

We have had the awful experience of living next door to our neighbor's multi-year construction of an ADU with masses of workers and their trucks, portable potty in public view, litter and noise. Many lot sizes are far less than one-half acre. Houses like ours and our neighbors are a little more than one-third acre. We live too close together to have increased people and their incumbent disturbance of the peace.

Los Altos, Atherton and other residential communities like ours have housing unit targets one half or less than Hillsborough's target. In a warming climate, we need more greenery and open space...not less!

Why were the developer's wishes, who want to plunder our town, put ahead of those of us residents?

Stop the High Density Housing Element in Hillsborough!

Respectfully,

John and Betsy Miller

Hello,

I have read the Town's draft plan for adding the additional housing and the plans set forth by the HCA and individual Hillsborough residents. I would much prefer that we try to reach the goal of adding the 554 units of housing by building ADUs on private property. The current draft plan to build multi unit housing on town owned parcels of land feels out of character for this town. I feel like it would lead to having a separate community within the community.

Sincerely,
Kate Sheeline

Council Members,

I already supplied my views--- mixture of tallest possible, highest density, maximum coverage on Town Hall property plus the same on a Tobin Clark property to give the State some “hard” commitment with fill in by ADUs with much greater incentive to residents to construct ADUs. However, there is something else to look at . We should consider joining with other towns in California which have no industrial or business property they can rezone for residential (like Burlingame has) and sue the State claiming discrimination.

As an ex trial lawyer, maybe I am more comfortable than most about the suit alternative. However, my reading of the law, admittedly very cursory, indicates a discrimination and undue burden claim may be possible. At the very least, a suit gets us time to examine all alternatives and perhaps come up with more creative solutions.

Thank you.

Subject: Our feedback on the Draft Housing Element
Date: Monday, September 19, 2022 9:41:22 AM

To Whom It May Concern:

We would like to voice our strong opposition to the draft Housing Element on several grounds:

1. It is the obligation of the Town government to represent and promote the interests of existing Hillsborough residents. Therefore, the sole goal of the Town government with respect to the Housing Element should be to minimize the effects on current Hillsborough residents of having to meet the regulatory burdens being imposed by the State of California. The current draft Housing Element fails to do this. Superior alternatives to the current draft are available and the Town should pursuing those alternatives. Atherton, in particular, has a much better plan and Hillsborough should be emulating Atherton.
2. Nowhere in the draft Housing Element are the effects on current Hillsborough residents analyzed in any meaningful detail. Yet, the impacts of the proposed zoning changes and development on the nature of the Town, quality of life, traffic congestion, and schools will be profound. As just one example, how can the existing school system infrastructure support an influx of potentially hundreds of more students? Proposing a plan that cannot possibly be accommodated by existing infrastructure makes no sense. Alternative plans that would have smaller adverse effects would obviously be preferable.
3. Nowhere in the draft Housing Element are the effects on Hillsborough property values analyzed. The values of many properties are likely to decline due to the impacts discussed above. An alternative plan that would cause smaller decreases in property values than the current draft Housing Element would obviously be preferable.
4. Specific components of the draft Housing Element make no sense. For example, why is the "buffer" so large and why are ADUs not a bigger part of the plan? Again, the Town's goal should be to minimize the adverse impacts of this plan on the existing Hillsborough community; reducing the buffer and increasing the role of ADUs would reduce these impacts.

Sincerely,

Gregory K. Leonard & Fei Deng

Dear Hillsborough Housing Committee, Mayor Royce, Vice Mayor Krolik and Council Members,

Let me first begin by thanking you all for the last town meeting on September 12. As you noticed by the large turn out, this issue is the most important issue that has come up since I've lived in Hillsborough.

As stated in my last letter, we strongly oppose the draft housing plan, and even more so after the last town hall meeting. We have spoken to numerous residents, and they too are even more opposed to the draft plan after the town meeting.

I respectfully ask that the council please consider some of the proposed alternative plans that can still help us achieve the state goals without giving up so much. One of the plans is called Smart Housing for Hillsborough. Please do not vote for or pass the current plan that was led by an outside consultant with no personal ties to this special and unique town. We should look carefully at other towns (Atherton, Woodside) with similar profiles and consider what they've done.

Again, I urge you to reach out to your constituents (Hillsborough residents), and get their input to draft a new plan.

Warmly,
Vishal & Rina Bhagwati

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Respectfully submitted,

Theodore W. Ulliot

Subject: I oppose the draft Housing Element
Date: Monday, September 19, 2022 8:49:32 AM

Councilmembers, City Clerk Natusch, and City Attorney Diaz, I appreciate all the efforts you make to serve the public in Hillsborough, keeping this town such a special place for us all. I want to register my opposition to the draft Housing Element recently shared with the public. This plan is not good for the town, in my opinion. Specifically, I oppose: * Reduction in lot sizes, and other changes to our current "RD" zoning. This denser housing throughout our neighborhoods will create danger in fire and other emergency situations, destroy property values, and eliminate what makes Hillsborough special. Do not change our zoning. * Having a goal (Policy 4, Goal 4.5) to "Discourage redevelopment of sites with existing, smaller, single-family homes." This goal and its implementation will violate home owners' property rights and penalize those home owners with no compensation. Remove this goal from our plan, and do not implement it in the future. * Using such a small number of Accessory Dwelling Units (ADU's and JADU's) in the plan. Other towns are using much higher numbers of ADU/JADU's in their plans, and so should we. Add more ADU/JADU's to our plan. Many people in our town agree on these three points - I'm sure you've heard the feedback as you've been considering this plan. Please include this email in the public record and consider it on September 12 and beyond as you finalize our submission to the California Department of Housing and Community Development. Sincerely,
Gopal Kandalu, [REDACTED], Hillsborough, CA 94010

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Respectfully submitted,

Theodore W. Ulliot

I have lived in Hillsborough since 1995 and chose this town for what it was. My current property tax is \$7,000 / month and will go up to over \$10,000 / month as soon as my ADU is finished. I believe that the current plan for adding housing is reckless and the Town should wait to learn from other municipalities while collecting the residence inputs.

Best wishes,

Hedy Kaveh

Dear Sir or Madam,

I would like to express my support for the housing plan as proposed. As someone who recently purchased a home in Hillsborough and was waiting for a house in our price range to come onto the market for over two years, I would like to see more opportunities for housing in the area. In particular I support allowing a lot split down to 1/3 acre. Thank you!

To Whom It May Concern:

I have reviewed the Plan and have read the thoughtful response to the Council from Ted Ulliot.

Like Mr. Ulliot, I agree that rezoning The Town as outlined in the Plan will negatively change the character of Hillsborough and will negatively affect the quality of life here. While his proposal may not be optimal, I would encourage the Council to consider it, as well as other options, rather than opt for high-density housing to be built in the Town.

Thank you for your consideration.

Regards,

Randall M Baum

Please see below & Attached Letter.

++++++

Dear Mayor Royse, Vice Mayor Krolik, and Councilmembers Chuang, Cole, and May:

I am writing today to respectfully express my objection to the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”).

I became a Hillsborough resident in 2007 and was drawn to the area for reasons that are at exact odds to this draft. I specifically choose Hillsborough due to the focus on single family homes, no retail/commercial, great schools, and the quaint small-town layout in which to live and raise a family. This Draft Plan runs counter to the unique character and heritage. If adopted, the Draft Plan would fundamentally change the character of our Town for the worse and put our property values at risk

Based on support from the Town Planning Department, I constructed an ADU on my property in 2019. The unit is attractive, functional, and in keeping with the characteristics of the street and neighborhood. I believe continuing the approach of encouraging ADUs is a far superior approach to meet the HCD targets for additional housing units – instead of the multi-family housing & multi-story building.

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, and addresses the widespread concerns and objections voiced from the community, I support the following key points for your consideration.

- Challenge this 12% increase as far too high, given recent population changes in California and San Mateo County.
- Petition for relief credit for exceeding our target in the last cycle.
- Target the HCD-mandated housing units at a number not higher than 554 given our track record of exceeding our HE targets.
- Do not – under any circumstances, change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect multi-story buildings on Town property. Once that type of development begins, there will be no end to this continuing in the future.
- Focus on exclusive use of ADUs to achieve this number. Based upon our recent annual trend, 8 years of ADU growth would achieve almost the entire number.

Thank you for your time and efforts, and I hope you will incorporate my feedback to develop a revised, creative final plan that is true to Hillsborough’s essential character.

Respectfully submitted,

David Brent

Hello Town counsel. Thank you for your work on the Housing Element plan.

My husband and I strongly oppose the plan as outlined. We do not want the zoning in Hillsborough changed in anyway. Nor do we support more density for our town. Our town doesn't have the infrastructure to support high density housing. We support the use of ADUs as warranted by individual homeowners.

Kindly rework the plan to reflect the nature of our town.

Thank you

Dear Mayor Royse, Vice Mayor Krolik, and Councilmembers Chuang, Cole, and May,

I am concerned about the draft Housing Element Plan and concur with Ted Ullvot's points in his memo (see attached). I don't see any reason to target a number higher than the 554 units required and it also seems that the ADU's can get us a long way towards that goal. I understand that Atherton is relying on ADU's to reach their goal. I would not want to do anything that changes the nature and special character of our town.

Thank you for considering,

-Howard Love

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Subject: My feedback on the Housing Element
Date: Monday, September 19, 2022 3:31:34 AM

Dear Town Councilmembers,

Having grown up in Hillsborough, appreciating the beautiful character, and as the Town Website may have once described as the “rural nature” of the community, I too would hope and desire the town leadership to listen to the well educated and knowledgeable constituents of this community.

Allowing consultants who do not live here, and have no vested interest in preserving the nature of the community to dictate the future nature of the community is irresponsible and perhaps even reckless.

A common sense approach to this important housing/ zoning predicament hewn upon the town by the state, must include the impact on residents. I urge you to consider the proposal set forth by Smart Housing for Hillsborough.

It’s apparent the Town Council’s approach to date is leaning toward accepting the Houseal Lavigne proposal and trying to ‘sell’ it to residents, rather than incorporating valid and reasonable ideas and concerns of the residents.

This could be a big mistake with the many attorneys in town, we could easily see our town budget eroded. Preserve the budget, please don’t railroad residents, please take the time to incorporate the many good and reasonable ideas into a better housing plan. Do not decrease minimum lot and front sizes. Do not place a ban on smaller homeowners remodeling their homes. If the state does not require a “buffer”, do Not offer one at this point. The percentage of home to landscape is what makes Hillsborough more parklike compared to other communities. Do not take it away!

A fast approaching state deadline does not mean the town residents should have to live with poorly developed plans which exclude the interests of the citizens of this community. Please consider other consultants or the ideas from the Smart Housing for Hillsborough residents.

Sincerely,
Tedra Wrede

Subject: Feedback on Housing Element Update
Date: Monday, September 19, 2022 1:21:45 AM

Hello,

I am a 10 year resident/homeowner in Hillsborough.

I have some comments/concerns about the housing element update plan.

- 1) I am against any restrictions on redevelopment or tear downs of existing "smaller" homes in Hillsborough. This will have a negative effect on property values.
- 2) I am against rezoning lots in the middle of town. This creates a hodgepodge of zoning laws and hodgepodge of housing types.
- 3) We should promote ADUs more. Make the process easier, have pre approved prefab ADUs. Allow more than 1 ADU, perhaps with size restrictions. It could be 1 structure with 2 ADUs, 500 sqft max each, 1000sqft total.
- 4) Increase the town hall sites density to meet the unit requirements. Go higher, smaller studio units or even SROs with shared common space if allowed. Smaller units increase density of housing units while reducing the number of residents, and the corresponding impact on our utilities, schools and public services. Police station is onsite so safety should not be a concern. Town could own this apartment structure/complex to maintain control.
- 5) The buffer of units seems unnecessary. Propose something less extreme to the state. Worse they can do is reject it.

Thank you for listening.
Richard Rose

Subject: My feedback on the Hillsborough 2023-2031 Housing Element
Date: Monday, September 19, 2022 1:15:38 AM

Dear Sir/Madam:

As residents of Hillsborough, we are providing our comments below on the proposed 2023-2031 Draft Housing Element for the Town of Hillsborough.

We clearly and vehemently do not agree with the proposed draft plan as submitted by the Hillsborough staff and consultant. Whereas, we fully support the **"Smart Housing for Hillsborough"** plan drafted and supported by the Hillsborough Citizen's Alliance. As a licensed architect and my wife as a former urban planner, we both recognize the benefits of strategic planning policies and good design for our community. Towards that end, we moved into Hillsborough more than 35 years ago for the great schools, quality of life, and the sense of community. We believe that the **"Smart Housing for Hillsborough"** plan will allow this community to maintain that higher quality, while complying with the state's mandate for increased housing. Case in point, we believe that Atherton's proposal for the heavily-weighted ADU plan to meet the HCD requirements would be moving in the right direction to protect the integrity of the town.

In strong contrast, we believe that the draft plan proposed by the Hillsborough staff and consultant will endanger the overall community and diminish the quality of life for the following reasons:

- Fragmentation of the poorly planned upzoning throughout the town.
- Increased density and mixed use zoning may lower the property values.
- Increased zoning and population will negatively impact the quality of services, such as the schools, police, fire, etc., which are critical factors for maintaining and protecting Hillsborough's unique style of life and charm
- Additional infrastructure from the upzoning and increased density will be a significant expenditure and is not addressed; who will be bearing this additional cost - the current residents?
- If passed, then the current residents will consider relocation to other communities that will have a higher quality of life.

We appreciate your consideration and trust that the Hillsborough Council and staff will make the right strategic decision for the future of this town and its residents and move forward with the **"Smart Housing for Hillsborough"** plan.

Wally and Joanne Hong

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

I would like to express my concern and opposition to "the current draft housing element". I would like the town to adopt plans similar to the city of Atherton as possible remedies.

Best regards

Krishneil and Reema Kumar

Hello City Council and Town Staff,

We oppose the plan of High Density Housing in Hillsborough since it will forever alter the Town's residential experience.

The proposed development sites along Crystal Springs road will cause a severe environmental impact, since there is an existing creek running along the side of the road and the topography of the site is not suitable for the development because of the steep slope.

Thank you,
Alina Cherny

We are categorically opposed to the plan of adding 550+ housing units to Hillsborough.
San Mateo has plenty of housing already.
We don't need this!
This will also lower our housing values.
Please stop this!!!

Igor and Alina Cherny.
Residents of Hillsborough.

Subject: IMPORTANT re: housing element
Date: Sunday, September 18, 2022 11:37:14 PM

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

I wanted to send an email since all of the many homeowners I've spoken to in Hillsborough along with my family, are **extremely concerned** about the current draft plan for housing. In the 16 years that we've lived here, this is probably the most important issue that affects our town's aesthetics and natural features, safety, schools, property values, water usage, traffic - basically everything is at stake and could be affected adversely by the current plan. There is a reason our town is such a special, beautiful and safe place to live and we hope that we can best preserve what attracted us all to move here as much as possible. As such, most homeowners are alarmed and would like to respectfully ask that the hard-working people who are in charge of representing us to please consider some of the proposed alternative plans that can still help us achieve the state goals without giving up so much.

One of the plans is called *Smart Housing for Hillsborough* and seems to have some excellent alternative ideas. **Please do not vote for or submit the current plan that was designed by an outside consultant with no personal ties to this special place that is home to all of us.** We should look carefully at other towns (Atherton, Woodside) with similar profiles and consider what they've done.

Thanks for your efforts to ensure that the town of Hillsborough will not suffer from any detrimental decisions without carefully considering the feedback of its homeowners in order to move forward with a plan that most accept and support versus the current draft plan.

Please let us know if there's anything we can do

towards helping the town to reach an alternative plan that protects us better.

Best regards,
Sylvia Chow

For the The Hillsborough Town Council, the City Manager and the Housing Element Committee.

I am against the Housing Element as written. I feel we had very poor notice for the first meeting of the Town Council I attended with my husband. Just days before that we also attended the confusing meeting at North School for reams of handouts and very little direction.

We have lived in Hillsborough for 43 years and have been active in the community. during this time including serving for 14 years on a town Committee~~The Citizens Communication Advisory Committee. I have friends on the Town Council now and in the past. I would be happy to serve on a committee to help if needed.

After reviewing the proposed housing element and attending the meeting on September 6, I have concluded that the best solution would be to strongly promote the addition of ADUs or JADUs. This would least impact the character of our town. We should explore creative ways to encourage homeowners, especially seniors, to embrace such ideas ie, further streamline the ADU process, provide financial as well as technical assistance. Rather than spending money to develop city hall, we should use that money to help homeowners build ADUs! For the record, my husband and I are opposed to developing city hall, and the I-280/Black Mountain Road corridor.

Best,
Tina and Charles

Dear Hillsborough Councilmembers:

Thank you for your public service as we collectively work through this challenging issue.

I attended the City Council meeting via zoom on Monday, September 12 and was encouraged by the participation in-person and on Zoom from many concerned residents. I would observe that the feedback was nearly unanimous in opposition to the Draft Plan released on August 4.

I submitted my email below prior to the meeting on September 12. My intent here after attending the September 12 meeting and continuing to deliberate on the matter is to re-affirm my strong opposition to the August 4 Draft Plan. I am strongly opposed to blanket re-zoning. I remain highly supportive of a Housing Element Plan that builds on our existing demonstrated strengths. Our plan should focus on ADUs, where we have consistently exceeded expectations. Additionally, we should seek to obtain carry-over credit for the significant excess production we generated in the last RHNA5 cycle.

I look forward to the City Council meeting on Monday, Sept 26 as well as interim discussions.

Thank you for your service on behalf of Hillsborough.

Kind regards,
Alex Ramsay
Hillsborough Resident

Dear Hillsborough Councilmembers:

I enjoyed the opportunity to meet Mayor Royse, Vice Mayor Krolik, and Councilmember Cole at the September 6 Open House to learn more about the Draft Plan. I have read the full plan and various associated documents posted on the Town website and developed an understanding of the State's RHNA6 mandate. To all of the Councilmembers, thank you for your service on behalf of Hillsborough, both generally and especially as we navigate this challenging issue. I am supportive of the objective to develop more affordable housing throughout the State and in the Bay Area but we must ensure we do so in a thoughtful, carefully considered, and long-term manner. Unfortunately, the current Draft Plan is not that.

Hillsborough possesses attributes that are important to properly contextualize when considering a Housing Element plan. We have no retail, no industrial, no commerce, and the town is currently zoned entirely RD-1. Unlike the vast majority of other towns fully zoned as RD-1 in California, we have very limited undeveloped land. Hillsborough also

faces very high costs for both land and construction. Empirically, there are very few towns with situations similar to Hillsborough in the State. Furthermore, Hillsborough also strongly outperformed our allocation by 111% in the last RHNA5 cycle (one of very few to do so), and yet under the current legislation we receive no carry-forward credit for the excess units that we delivered.

I am strongly opposed to the current Draft Plan, which brings a one-size fits all approach to a town that is objectively, based on the data, an outlier. There is absolutely no reason to re-zone the entire town through a blanket plan that creates unnecessary complexity. Crucially, the current Draft Plan fails to articulate in any form the expected cost and impact of the proposed zoning changes on current residents. This is ill-considered and reckless.

I am supportive of a Housing Element plan that builds on our existing demonstrated strengths. Our plan should focus heavily on ADUs, where we have consistently exceeded expectations. We must engage in thoughtful, long-term planning with fulsome and transparent discussion and community engagement and appropriate consideration of the cost and impact of any proposed changes.

I want to voice my strong opposition to the current Draft Plan. There are superior alternative plans to propose to the state for our RHNA6 submission. Please include this email in the public record and consider it on September 12 and beyond as you finalize our submission to the California Department of Housing and Community Development.

Thank you for your public service.

Kind regards,
Alex Ramsay

Hello,

On your "Housing Element Update Frequently Asked Questions" document, question #29 seems to have been only partially answered. In speaking with other Hillsborough School District parents, we have two questions:

1) will the town or school district provide some sort of study/impact analysis prior to the finalizing of the Draft Housing Element? (i.e. student to teacher ratios, is the current school facility infrastructure adequate across the schools to accommodate the resulting increase in the town's population, etc.)

2) will the town give the community an opportunity to provide comments on the next version of the Draft Housing Element before it is finalized? Or if not, are any other towns in the Bay Area offering their residents this opportunity?

As a Hillsborough resident with several children currently enrolled in the Hillsborough School District, I think it is incumbent on the town to address these questions.

Question #29 from the FAQs document is below:

Q29) Has there been a study to determine whether there is adequate room and funding for additional school facilities?

The Hillsborough City School District(HCSD) is responsible for analyzing enrollment and projecting facility/amenity needs. School fees are set by the School District and assessed on all new development projects. A representative from the HCSD Board participated as a member of the HEAC, and the project team interviewed representatives from both the HCSD and private schools as a part of the development of the Draft Housing Element.

Thanks,
The Goldberg Family

To Whom It May Concern

I'm writing to state my opposition to the Town's proposal to meet the mandate for lower income housing.

Subdivision of parcels and reduced setbacks will only serve to create denser housing but is unlikely to be affordable to those in need. Furthermore, because Hillsborough has no businesses, allowing such buildings to occur throughout Hillsborough will not serve the intended purpose. Rather any low income housing should be located within a reasonable distance to provide easy access to shopping and public transportation.

Changing the zoning within Hillsborough will likely have unintended effects. Not only will it not accomplish the purported goal, it is likely cause an exodus of citizens, potentially causing loss in revenue for the Town and the award winning schools.

Best regards,
Monic Stuart

HCA #24: Only hours remain - 5 things you can do to impact the future of housing in our town.

The Town's proposed Housing plan will impose the most reckless and unnecessary changes to our zoning laws in the past 50 years and will forever alter the Hillsborough residential experience. The impacts will be profound and far ranging, including neighborhoods, schools, roads, and more. This is not a drill and time is running out to voice your opinion.

Here are 5 action you should take now to make an impact:

#1: Send an email by tomorrow (Monday the 19th) voicing your opinion to City Council and Town staff around their initial draft plan to add 550+ units of new housing.

[Click here to send an email](#)

#2: Review the “Smart Housing for Hillsborough” citizen created, alternative plan to meet the state required housing goals in Hillsborough with as minimal an impact as feasible on the residential character of Hillsborough.

[Click here to view the plan](#)

#3: Attend the City Council meeting in which the Housing Element final draft will be discussed and finalized before being sent to the State of California. This meeting will be on Monday, September 26th @ 6PM, both in-person and on Zoom.

[Interested in attending? Click here for an email reminder!](#)

#4: Complete the Town-sponsored accessory dwelling unit (ADU) survey, as the town looks to gather more details from homeowners about the construction of additional ADUs.

[Click here to take the survey](#)

#5: Complete the citizen driven housing survey, a survey which focuses on collecting Hillsborough resident opinions and comments on the proposed changes to the residential element of town as well as other housing related topics.

[Click here to take the survey](#)

Subject: Objections to the Town Hall Campus Plans as Part of the Housing Element for Hillsborough's 2023 RHNA
Date: Sunday, September 18, 2022 10:25:50 PM

Dear Housing Element Committee, Mayor Royce, Vice Mayor Krolik, Town Council;

We believe bringing more affordable housing to Hillsborough is a good idea; and, to do so, the town and the community need to come together to create an equitable and balanced plan. And yet I need to object strongly to all three Town Hall Campus plans presented at the Town Council Study Session on September 12th, and anything resembling them, for the Town Hall Campus.

I wrote once before to express my concerns with the Housing Element, but I find I must write again to directly express my concerns with the proposals for the Town Hall Campus (THC). The Town keeps repeating, "These are first pass proposals, don't worry, you'll have input to adapt them!" But as the Town Planners have both indirectly limited town participation by failing to provide full and candid information, and directly refused to answer direct questions about the proposals, I find I must object to the information I do have, even if not complete.

HERE IS WHY I OBJECT:

A. PROCESS: There are grave problems with the process under which the draft housing element was written, and specifically how the Town Hall Campus (THC) has been included:

1. Our property is directly touched by the THC plans, and yet I was not directly informed of any of them. Our story isn't unique- no one in town knew of this.
2. Only 3 (or 4, depending on draft) of 13 sites and 4 town-owned properties are currently addressed. 3 of the 4 are unlikely to be developed as they are privately owned
3. The town has not made the following available to the town, despite frequent requests, likely because they disagree with town plans: The Overall Town Site Analysis, All HEAC minutes, WRNS's full analysis and reports of the THC site (due September 1).
4. Preliminary "jelly" plans for the Town Hall Campus were provided only 8 days before community input closes- and NO ZONING YET WRITTEN
5. Nearby residents have been given so many contradicting answers over the last few weeks that it feels like misinformation. The planner swore the site would be <100 units, another told me it would never be >45 feet. Yet the plans are 85-130 units, 6+ floors.
6. The Town Manager, Town Planner and Consultant don't answer questions clearly or correctly at Open Houses or Town Councils (for example WRNS answer saying there was no deficit in the number of parking spots, that the buildings across the street were equally tall (despite being three stories shorter), or Town Hall Manager being evasive about whether town sites had to be developed.
7. The consultant report provided in the minutes packet states blatantly false facts:
 - a. They state the 2019 report lists \$30M to fix the site, \$45M to move - it was actually the reverse: moving to a new site would be cheaper and faster at \$25M)
 - b. THC is a link to multiple buses- Hillsborough has only one- the ECR
 - c. Proposal only includes heights of buildings over 55' (some incorrectly), not including shorter buildings (and misrepresenting many on the graphical element)
 - d. The proposal mentions the San Mateo County's "priority development area" but doesn't note that Hillsborough is not included
8. WRNS Studio was supposed to be finished with their full analysis (plans, costs, analysis of circumvention of environment, traffic, noise, and other impact analyses) by Sept 1. Where is that information?
9. Inappropriate behavior: One of my elderly neighbors with a disabled family member will need to exit her driveway through the site. She received a call from a town hall planner saying, "Don't worry, nothing will happen here- it's just a plan we have to submit. It won't

happen, and if it does – it will be years and years.” This is wildly inappropriate.

10. The Town Planner summarized community concerns with the Housing Element in one page (!), and didn't put it out for town review in advance. Her summary should not meet the test of review of town input. Even the summary put out by the HCA undercounted objections to the THC because these plans were kept until the very end of the process.

TAKEAWAY: This process does not feel like the community has had a chance to give input, and the town has not served as it should in representing us in our stead.

B. SITE: There are extreme issues with the 2.5-acre Town Hall Site- it is not suitable

1. In 2019 a site report was completed evaluating the Police Station for repairs -pointing out significant deficiencies including shallow groundwater, inadequate sewer/water pipes, flooding, an inadequate creek and culvert system. It also pointed out inadequate electricity, a major seismic zone, asbestos, lead, and possible ground contamination.
2. The town likely saw high-density housing under the new state laws as a way to pay for needed repairs and engaged a consultant to create plans and “deal” with the public.
3. This RFP and Project to build high-density housing plans at the THC asked for an evaluation of ways to bypass environmental impact studies. The HEAC was asked whether they supported > 20units per acre – coincidentally, a CEQA bypassing criteria
4. Any school analysis would need to be run separately by HCSD, with no plan in place
5. In the words of a city employee the THC “would heavily impact residents in a 500-1000 ft diameter of the project in terms of noise, traffic, light and more.”

TAKEAWAY: This site isn't suitable for any housing, let alone 390 people stuffed into <50% of a 2.5-acre site. The town paying a consultant to build plans before engaging the HEAC is inappropriate. Attempting to avoid CEQA on a fragile site is irresponsible.

C. IMPACT OF THE SITE ON THE NEIGHBORHOOD: Separate from the site and its inappropriate inclusion in the Housing Element, the current plans for development of a high-density housing site is flawed for the following impacts on the neighborhood and town:

1. In all plans, the POLICE STATION is moved to sit within a residential block, directly nestled within multiple private residences. This causes several direct hazards, safety issues, and nuisance problems, in a block that is only zoned for single-family housing. The town's ownership of that non-vacant home does not change these issues:
 - a. Noise- every time an officer gets in car, a siren goes off (starting from 6am)
 - b. Pollution- police cars are kept running at all times, generating exhaust into the backyards of a block full of residents
 - c. Danger- The evidence and armory room is on site- guns, ammo, drugs, and other evidence are on site- and will be less than 150 feet from children
 - d. Town safety- The Police station keeps keys and access info to many of town's homes on site
 - e. Police Business- Officers can bring criminals to residential block 24/7. Nearby Neighbors (elderly, children, disabled) shielded only by the regulation 5ft fence.
 - f. Environmental Toxins- The current Police Station has a refueling station on site that may be releasing toxic chemicals into groundwater- assume it will be moved
2. 3-4 yr construction project will create unbelievable noise/pollution/danger/distraction from early in the morning throughout the day for many who work at home, elderly, etc
3. The Impact on traffic will be immense
 - a. Floribunda: Construction traffic on floribunda, and then ~400 residents
 - b. Fairway/Highgate/Pepper/Others: Extreme congestion on parking/circling
 - c. El Camino: Increased congestion on unsafe 1-sided crosswalk El Camino x Florib
 - d. Walnut: Parking Impact. If Walnut is closed off- The population of Walnut Ave

would lose access to El Camino Real, and the nearest left turn on ECR at a light would be three blocks north, or a 5-minute detour to the south. Fire Code would also require that there be no parking on that street, which is <26' wide

- e. All Streets: This area is a Biking, Walking, Jogging hub- will be incredibly dangerous for all, especially children. And especially if parking rules are changed
4. Demolishes Hillsborough's two most Historic Buildings (built in 1912)
5. Demolishes Centennial Garden, Veterans Memorial to Fallen Soldiers, Time Capsule
6. Impact on schools: North & Crocker are already overcrowded w/ trailers for classes, impact on teacher retirements during the pandemic will be exacerbated
7. Light, Shadow & Privacy- at 5-6 stories plus roof gardens w/ towers, plus future growth for town hall, there would be a large impact on nearby residents. Residents on roof garden could peer down into the backyards of nearby residents. One plan favored as "provides the best light and view for new residents," without mention of old residents
8. Security: one plan mentions security for new residents in the parking- but did not mention why this was an issue?
9. Zoning setbacks: In one plan, town hall is added on to police station, with zoning setbacks so far reduced that the Town Hall is nearly touching an elderly resident's house
10. This area is in the SFO Airport Influence Area? Has this been studied?
11. Parking Impact: the consultant said there would be zero off-street parking, and no civic spaces would be reduced, but this simply isn't true- please see a simple analysis below:

Real Parking Analysis: Understanding Average Daily Overflow onto Nearby Streets/Parking Traffic

	Residents (Range) **	Civic Parking	Resident Parking	Total Parking	Needed Parking^	Street Overflow
Today	0 pp	~56* (82 incl lot)	0 sp	56 sp	56 sp	0 cars (or lot)
1. Streetfront	84-252pp	34 sp	51 sp	85 sp	182 sp	97 cars
2. Town Garden	88-264pp	40 sp	80 sp	120 sp	188 sp	68 cars
3. Gardens	123- 369pp	50sp	80 sp	130 sp	240	110 cars

*Today includes ~50 Civic spaces (sp) +an average of 6 municipal lot spaces (sp) used on a standard day

** 650sf unit allow up to 3 people, ^ assume 1.5space/unit, not including guests/deliveries

TAKEAWAY: The Town Hall Campus would have a profound negative impact not just on the Town Hall Site, but the neighborhood around it. Any analysis of the site needs to understand its Impact.

- D. WHAT WE NEED TO KNOW: In order to be comfortable building any housing at Town Hall, the following would be required, unlikely to be completed prior to the due date:
 - a. Town Planner & Manager must provide full, direct, honest answers to questions
 - b. Historical impact analysis
 - c. Environmental- Full EIR, (not just CEQA), including the culvert below, migratory birds that reside in the redwoods nearby, etc

- d. Light and Shadow Impact Analysis with Privacy Impact
- e. Utilities analysis: this area of Hillsborough already struggles: power, water, waste
- f. Cost of Infrastructure repairs- our utility plans assume zero population growth including removal of water tanks and replacement of water/sewer pipes @ faults
- g. Cell/Data inadequacies
- h. School needs and impact for 400-500 additional residents
- i. Parking and Traffic impact
- j. Impact on "Complete Streets" adopted in 2015
- k. San Mateo Emergency Vehicles guidelines for Walnut if blocked (96' cul de sac)
- l. The multi-year project for widening/repaving of El Camino Real next to City Hall
- m. Construction-related parking limitations
- n. Hillsborough residential parking laws, including no overnight street parking
- o. Compliance with current Hillsborough noise limitations/ordinances

TAKEAWAY: Before this site can be considered, so much more needs to be known

E. IDEOLOGIC CONCERNS: Spot Zoning and Improper Distribution of Impact affect THC

1. SPOT-ZONING: Town Planner Liz mentioned that re-zoning only a few 10-acre properties would be considered discriminatory spot-zoning- yet that is effectively what this RD-3 THC zoning is. The town has "spot-zoned" the few blocks around town hall to take the brunt of the impact of parking, noise, shadow, light, environmental, and toxin impact. And the town hasn't even set zoning limitation for RD-3, so we're not done yet.
2. CONFLICT OF INTEREST: If the consultant who made the THC plans gets the bid to run the construction project, they would profit on a larger plan. As such they are incented to push for a larger solution. One of their core responsibilities was to "effectively engage the town and seek input"- did they deliberately fail here to avoid feedback?
3. WHO BENEFITS: The developer of the THC stands to benefit the most from creating a maximum number of 9ft tall, 650sf studio residences for up to 3 residents, receiving up to \$1500 per unit in subsidies? They are incented to maximize units, while minimizing resident input and environmental review. Who is this plan designed to help?
4. LITIGATION: The town mentioned they are worried about private litigation and state enforcement. The town should think about the risk they are creating for the town and its taxpayers if they place an aggressive/unachievable plan in the housing element which cannot be realized. Will the town be able to pull back from a proposal once submitted? The Town Hall Attorney should be consulted to understand the ramifications.
5. EVICT TO HOUSE?: The current plan calls to evict residents to build a police station? This doesn't make sense when our goal is to build housing.

TAKEAWAY: There are many ideologic, legal, and ethical issues with this plan to be considered.

F. ALTERNATIVES: So what is the town to do? There must be a housing element.

1. There is a clear option to increase the number of ADU's in the plan by not counting pandemic years and adjusting for the ability to make the ADU process easier.
2. Hillsborough is not a town where housing is removed. Remove/reduce the buffer.
3. No single-family housing needs to be rezoned. Rezoning under SB-9- is possible.
4. Present #1-3 above as a first pass plan to the state- those should meet our needs.
5. IF the HDC rejects the first draft, and alternatives are needed: consider low-density targets for ALL alternative sites considered, avoiding spot-zoning. Evaluate Tobin Clark, Private School Sites, Town Hall, and all other potential sites ONLY after real evaluations of site suitability (environmental, traffic, noise/privacy, school impacts) and user needs studies (seniors, students, teachers, etc) are complete. If/when they pass the tests, evaluate them

for <20 units/acre at current height/setback/other zoning limitations to ensure a balanced plan by gathering REAL community feedback by impartial parties.

Thank you for listening. We understand that you have a big task ahead of you, but we ask that you conduct it with transparency and care for Hillsborough and its residents. We look forward to seeing you vote on a more reasonable, honest, transparent, and economically-conscious plan at the September 26th townhall meeting – one that represents the town's duties to its residents, both current and future.

Subject: Housing element input from the Cook's
Date: Sunday, September 18, 2022 10:01:44 PM

Hi

Thank you for providing the opportunity for Hillsborough ("HB") residents to respond to the proposed Housing Element. Linda and I have read through the documents and listened to the Aug 2, 2022, HEAC #5 meeting. We know the council has spent many hours on this, and we are thankful for these efforts. Meeting state requirements is not going to be easy, and every resident knows that. At its root, we need to find ways to support the needs of people with lower income.

However, the proposal in its current form is IMMENSELY detrimental to our community. Building multi-unit residential complexes and subdividing large estates completely **changes the ethos of our community**. Further, adding the proposed 665 units of lower income housing in a town like ours with minimal infrastructure and support for the increased population density seems unfeasible. For example, we have no commercial businesses to offer jobs, no public transport, narrow roads, no sidewalks, minimal cellular coverage, and limited school capacity. The plan seems to treat HB as a standalone self-sufficient community which it is not. We rely on towns nearby for our needs.

Aside from the requisite spending needed to build this infrastructure, which is unfunded at this time, this plan will undoubtedly lower home values in our area. Even accounting for the increase in housing units, the tax base of our community in totality assuredly will decline. **This tax revenue funds our exceptional schools which in turn underpin the value of our homes. Quality of education will be strained making HB less desirable for new families. The knock-on effects are obvious.**

Some of the elements of the plan make sense. For instance, we need to build ADU's and the **town's efforts to streamline that process has been terrific**. These are valid low-income units that will be rented or, in our case if we can build an ADU, used by elderly parents with low income. But in the report, the projection of future ADU's and stratifying them across income levels seems arbitrary. There could and most certainly will be an increase in ADU's to meet these housing unit needs. **We think the potential for ADU's is underestimated**. While ADU's cannot make up the entire plan, they certainly could make up a higher portion than that reflected in the report. Also, has the town done a full census of the number of existing ADU's in Hillsborough? We may find we have more than we think including units that need minor modifications to be useable.

Other elements of the plan appear to be untenable. Building a 100-unit complex on city hall land will be extremely complex, strain our infrastructure and drive down house values in that area. How has this been factored in the analysis? And how can a complex like this be successfully developed knowing there is a significant volume of rental units in surrounding areas with high vacancy rates? Additionally, the effort of rezoning lots down to 1/3 of an acre to allow for more subdivision only seems to result in an additional 15 units if we read correctly. That is not impactful enough. The plan to rezone large estates to have low-income units would again impact surrounding home values, but this also seems impractical unless commitment from the existing owners was obtained already. I would hope these property owners were consulted prior to seeing

plans for their lots included. What was their response?

In conclusion, **we strongly object** to the current plan. From listening to the Aug 2nd meeting, our take-away is that the town was involved in the number of units allocated but were reluctant to appeal or negotiate because the state seemed firm and would only accept appeals base on limited circumstances. The safe harbor language for example seems to provide a lot of flexibility. I would hope the council anticipates doing everything in its power including legal challenges if necessary to arrive at more creative, equitable and realistic solutions that would satisfy housing authorities, provide for low-income earners and allow Hillsborough to retain that which makes it a special place to live.

Kind regards,

Bradford and Linda Cook

Hello

I am a long time resident of Hillsboough (1976, moved here as a teenager)and I feel having dense housing in this area will take away what Hillsborough is meant to be and appreciated for. Aside from all the congestion it will create, we will need more services, better roads m, more police people,bigger schools etc.

We live in this town for what it is, quiet and calm.

I just read the letter Mr. Ulliyot's wrote to the Mayor/ Council members and I agree with all that he has so eloquently conveyed to they and city. Your office should read it if you have not. It states everything I agree with and want to convey to you.

Keep Our amazing community less dense please. ADU's is the best option, help home owners so it's cost effective to build them The beauty of our city is its open spaces and nature and why it is so attractive for people to move here with their families.

Please please no apartments and duplex's!!

Thank you for your time and consideration.

We are really opposed to the new housing plan proposed by the town of Hillsborough. All the other similar areas are counting on ADUs, and maybe a few multi units on town owned land. Why does Hillsborough have to do something so drastic that:

- will overload our existing infrastructure (streets, schools, police, parking areas, power and water, emergency exits etc)
- will increase fire risk
- will dramatically reduce property values, thereby decreasing town revenues
- increase crime

Please come up with something a lot less drastic.

Thanks,

Greg and Sumy Augenstein

Subject: Concerns on "the current draft housing element"
Date: Sunday, September 18, 2022 9:48:48 PM

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members:

We are writing with great concern on "the current draft housing element" for our town of Hillsborough. We want to thank you first for your hard work trying to create a plan to meet the state requirements on affordable housing. However, as currently proposed, we strongly oppose the draft and would like the town to adopt plans similar to the city of Atherton as possible remedies.

- The plan, as is, is a dangerous starting point of a slippery slope and will be detrimental to the community of Hillsborough, pressuring our public infrastructure, school resources, traffic, and risk changing forever the unique characteristic of what makes the unique community.

- There is a better and more acceptable alternative strategy - we should and can follow the lead of similar towns like Atherton to focus heavily on ADUs to satisfy state requirements. Atherton removed multi-family townhomes and overlay zones from their RHNA proposal with the help of their mayor and councilwoman. We ask that you adopt plans similar to what Atherton has proposed and remove all multi-family overlay zones from the proposal

- Increase communication and community awareness of such a dramatic change to the town. We find that many of our neighbours have just become aware of this project recently, and may not have fully appreciated the consequence of proposed changes. We ask that more thorough discussions be held, and solutions put forward by the community and be considered by the council.

We appreciate your consideration, and thank you again for your dedication to our town and residents.

Best,
Sam Ou

Subject: Opposition to current Hillsborough Town Hall Campus proposal....

Dear Hillsborough Town Council and Team considering the Town Hall Campus proposal,

We believe bringing more affordable housing to Hillsborough is a good idea; and, creating an equitable and balanced plan to do so will be required. Further, we believe that the Town Hall Campus is and should continue to be the crown jewel of Hillsborough town life. It's a place to gather to celebrate veterans and holidays. We love the annual parades, food drives, earthquake preparedness days, paper shred and garden mulch events, and of course the tree lighting ceremonies. How about, instead of mowing down our historic buildings, we double-down...and build a new rec center for youth, a center for senior support, a park with barbeques and picnic tables where we can gather for birthday parties, a small amphitheater for speaker series, a pergola for summer music concerts...there is no dirth of ideas on how to make the Town Hall Campus even better for more residents of Hillsborough. Burying it under a huge apartment building isn't one of them.

In short, we believe the current Town Hall Campus proposal is terminally flawed and the 2023-2031 Housing Element requirements can be met by:

1. Revamping the ADU calculation to better match non-pandemic-constrained organic construction, and (if necessary)
2. Considering building student/teacher housing next to the College of San Mateo
3. And as a last resort, if housing must be included in the Town Hall Campus, consider assisted living and/or senior housing, perhaps with onsite staff units. (No matter what the Town Manager says, HCD states that SROs such as senior housing DO count toward RHNA requirements)

That leaves room to expand and beautify the Town Hall Campus for ALL Hillsborough residents, both current and future. The current Town Hall Campus proposal seems to have sprung from the minds of a few non-Hillsborough-residents with little regard for what the community actually values and desires. The calculations used to corral the Town Council into

choosing one of three limited options is hazy, at best...and downright Machiavellian, at worst. There are more-fitting and better options that remain unexplored, for reasons that are still unclear.

The Town so far seems to have missed an opportunity to engage with the community and co-develop a workable plan to meet the need for housing which satisfies the environmental, safety, and day to day needs for current and future residents. Although the Town created a HEAC committee, from what we've heard, their input has been largely ignored. Further, the public comment windows are incredibly short (such as a mere three business days to comment on a proposed town hall campus- five days before the end of public commentary).

Some questions that arose while discussing the current Town Hall Campus proposal with my wife:

- Is it appropriate to evict a renter to build housing?
- Is a 0.65 parking ratio acceptable when all other zoning requires at least 1:1?
- Is it appropriate to destroy our town's most historical buildings?
- Should the town place a police station into a residential block? Is that safe?
- What will the impact be on traffic/walking/bicycling?
- What will happen to Walnut- it looks like it is being widened? What is the impact of blocking off Walnut? Egress for elderly and disable citizens nearby? If it is blocked, that will become an emergency access dead end which may mean no parking at all.
- Why are there no options presented for residential buildings with fewer than 5-6 stories or 84-130 units?
- Why does RD-3 still have no zoning specifications despite community input closing?
- Why are there no plans or reports for CEQA or other analyses of environmental, contamination, traffic, noise, light and shadow, privacy, impact on schools etc?
- Will the Town be trying to get an exception on CEQA?
- There is a lot of focus on redwood/tree preservation- are there endangered species? Is this a riparian area because of the culvert below?
- Has the groundwater been tested around the above-ground tank? Is it safe for local residents today?

- Are the pipes and sewers under town hall and nearby Lower North adequate for water and sewage? Will what happened in Jackson, Mississippi happen here?

Here are our major concerns with the current Town Hall Campus proposal:

1. Residents are being directly affected in difficult and unintended ways:
 - a. Per the current proposal, renters in Town-Owned houses would need to be evicted.
 - b. Owners of estate sites were not even consulted about having housing built on their property.
 - c. Per the current proposal, disabled and elderly home owners near the Town Hall Campus could find their primary egress via Walnut Avenue blocked. When asked about the current proposal for Walnut Avenue, Town Planners have been evasive about Walnut Avenue being a "pass-through" or walkway. On the proposed map, it's even moved to a new location.
 - d. If Walnut is blocked per the new proposal, the population of Walnut Ave would lose their access to El Camino Real via Floribunda. Blocking off Walnut Ave was rejected once before due to lack of 96' turn-around access for Emergency Crews under San Mateo County Fire Safety Code.
 - e. If Walnut is blocked per the new proposal, Fire Code would also require that there be no parking on that street as it is narrower than 26', further impacting both Hillsborough and Burlingame residents who live there and shifting parking further into Hillsborough.
 - f. Those living on Walnut or in the Ryan Tract on the north side of Floribunda would have limited ability to access El Camino Real due to the Walnut Ave closure and significant parking and traffic issues. Also, the nearest left turn onto ECR North at a light, for bikers and pedestrians, would be blocks away.
 - g. At the recent North School Open House - Tim Anderson of City Planning said the newly proposed Town Hall Campus, at 45 feet tall would have a "significant impact" on homeowners in a 500-1000 ft radius in terms of light, noise, and parking and more. How is this being addressed?
 - h. At the September 12th Town Council meeting, the Town Hall Campus consultant said that none of the three proposals would add ANY cars to street parking. This is patently untrue and documented in their own proposals, which show between 60-100 additional cars will be forced onto the streets overnight...in a town where it is currently illegal to park on the street overnight (I know, I've gotten a warning ticket to that effect

already!) Here is a table of additional required parking for the current proposals USING THEIR OWN NUMBERS:

Parking Analysis: Understanding Average Daily Overflow onto Nearby Streets/Parking Traffic

	Civic Parking	Resident Parking	Total Pkg	Residents (Range) **	Needed Spaces^	Parking Overflow
0. Today	~56* (82 w/ lot)	0	56	0	56	0
1. Streetfront	34	51	85	84-252pp	182	97
2. Town Garden	40	80	120	88-264pp	188	68
3. Gardens	50	80	130	123-369pp	240	110

*Includes 50 Civic spots + avg 6 lot spaces

** 650sf unit can allow up to 3 people

^ assume 1.5space/unit (two adult occupants will need separate cars in some instances)

2. To date, the proposed Town Hall Campus would be a) a major site for 100-150 units – and critical to the achievement of a 554+unit plan, b) the only site fully Town-owned (as such likely to require development within 8yrs), and c) the only site not dependent on private initiative. Despite this, there are no formal plans published and no studies evaluated for site worthiness (environmental, traffic, water, sewage, school impacts, etc.). To date, the common response to those who ask about these impacts is “It will be years/may not happen/don’t worry”; rather than actually addressing legitimate concerns. Studies should be undertaken before the Town Hall Campus project commences:

- a. Historical analysis
- b. Environmental- Full EIR, not just a limited CEQA, including the culvert underneath the site, migratory birds that reside in the redwoods nearby, etc
- c. Light and Shadow Impact Analysis

- d. Utilities analysis of all the utilities in places that already struggle in this area of Hillsborough (power, water, waste)
- e. Cost of Infrastructure repairs- our utility costs are the highest on the peninsula and growing- 5-6% increases in water and waste rates that already assume zero population growth (contrary to HE plan), including removal of water tanks and replacement of inadequate water and sewer piping across fault lines
- f. This corner of Hillsborough is in the SFO Airport Influence Zone- what is the impact?
- g. Cell/Data inadequacies that currently exist
- h. School needs and impact for 400-500 additional residents
- i. Parking and Traffic impact

3. Any Town Hall Campus proposal should also directly outline the impact on existing Hillsborough/San Mateo requirements/laws/guidelines, such as:

- a. "Complete Streets" adopted in 2015 ensuring throughput and access in exchange for Hillsborough's ability to apply for transportation grants
- b. San Mateo Emergency Vehicles guidelines allowing for 35' wide streets with throughway or 96' cul de sacs.
- c. The ongoing multi-year project for widening/repaving of El Camino Real next to City Hall – and the impact of that ongoing project on setbacks
- d. Construction-related parking limitations including length, curb height, markings etc during what would likely be a multi-year construction process
- e. Hillsborough residential parking laws, including no overnight street parking, to ensure safety as a walking and biking hub for youth to seniors
- f. Compliance with current Hillsborough noise limitations/ordinances for various neighborhood types

4. It appears the current HEAC and Previous RHNA (2005, 2014) ideas & concerns were not addressed in the current Town Hall Campus proposal draft, making it seem that the community input and past planning cycles were not honored:

- a. ADU potential is under-represented significantly by using 3-year average taken during a pandemic. Despite many residents being excited to add

ADUs, the current permit process for two of us on our street who just went through it took 5-6 months and required significant non-Code-based rework. In the 2014 RHNA Housing Element, plans were put in place to incentivize the use and development of ADU's, but these incentives are not currently in place.

b. At HEAC meeting 4 and 4.5, only 40% of the committee (and only after significant pressure from the consultant) agreed that high density housing along ECR could move to ~20 units/acre (not the 50+/acre currently included in the Town Hall Campus proposal).

c. Senior and School Worker Housing were set as primary solutions, also not in plan

d. Minutes from the HEAC meetings were not collected or shared, and the next HEAC meeting is not until December, when the process will be virtually locked. Multiple HEAC members are vocally proposing alternative plans, but have so far been ignored.

e. The majority of residents had no idea what a Housing Element was, let alone it was being submitted to the state, regardless of the Town's assertion of dozens of communications to that affect. We will be directly impacted and the first we heard of the proposal for the Town Hall Campus proposals was three weeks ago.

f. Those directly affected by a proposed site STILL have not been contacted directly, unlike standard building site inputs and despite Town Hall promises to the contrary. For example, if my neighbor wants to remodel their home, they are REQUIRED to alert all nearby neighbors IN WRITING. We have seen only generic postcards.

SO- What can we do? The Town cannot stick their head in the sand – increased housing is a state law, we need to do something.

Here are some ideas:

1. The easiest solution is to up the number of ADU's in the Housing Element plan: This is happening anyways- and it helps everyone. ADU projections were woefully undercounted by using 3-yr averages during a pandemic and a time when ADU permits often ran into 5-6 month timelines. The town could vastly increase the number of ADU's, Junior ADU's and amnesty ADU's. Give the incentives that have been discussed since 2014, encourage residents like the HEAC encouraged. Encourage tax breaks to rent these out rather than keep them as home offices. Perhaps even consider zoning for small live/work offices for the many work-from-home and entrepreneurs among us?

2. The 11(!) acre parcel located at 50 Brook Court (aka part of the former Tobin Clark estate) abutts the College of San Mateo. Small apartments with limited parking available for low rent rates makes perfect sense for housing located DIRECTLY NEXT TO A COLLEGE. Students are generally low-income, could walk to class, and seek out smaller units (because they generally don't have large families (yet)). So, why wasn't this location given more consideration towards achieving the Town's RHNA needs?

3. Since 2005, the RHNA's have been discussing more senior housing. The silver tsunami is real. By 2050, more than 25% of the nation will be >65 yrs old. The housing crisis for seniors will be intense - and their housing and care does create jobs. Opportunities to create light to mid density senior housing is a more realistic way to make low/no parking sites work, and can create revenue and jobs without creating misaligned incentives. Using town-owned open sites to do so should be possible as a site for development. We urge the town to explore these HEAC-suggested options, as was outlined in the 2014 Hillsborough RHNA. Create these sites using the HEAC constrained limits of 20 units per acre, with current height restrictions, after extensive study and community input, with extensive setback, no street closure, and no impact on elderly and disabled residents.

Thank you for listening. We understand that you have a big task ahead of you, but we ask that you conduct it with more transparency and care for Hillsborough and its residents. We moved here BECAUSE of the lovely atmosphere and great schools and that everyone here cares deeply about the future of California, Hillsborough, and our communities (now and in the future).

Thank you for this opportunity to comment,

Steve Jeffords

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, Council Members and Town Manager Ritzma,

We would like to thank you for your recent hard work to provide clearer information to the Residents of Hillsborough on the "Housing Element Draft Proposal." We also thank you for your continued openness to accept, and process feedback from residents on that proposal.

We would like to respectfully add our names to the list of many residents to express our *firm opposition* to the "Current Draft Housing Element."

In addition to the need for further due process in planning, we would like to see the Town take **full account of the current, and planned Accessory Dwelling Units** to meet the requests proposed by the State.

Respectfully yours,

Dr. Robert Jasmer and Mrs. Amy Jasmer

Dear city planners,

I grew up in Hillsborough, attended North School and Crocker School. I moved back to Hillsborough to raise my family and send my kids to the superb schools in this town.

I strongly oppose the high density housing plans as it will change the character of the town and strain the resources of our wonderful schools. The schools are the biggest drawn for homebuyers in Hillsborough and the high density housing plans would certainly take that away.

Tina Hwang

From: [Amy Y. Reisenberg](#)
To: [General Plan](#)
Subject: Housing element commentary
Date: Sunday, September 18, 2022 9:40:03 PM

To whom it may concern,

I am writing this letter opposing the draft housing element that has this been put forth to the citizens of this town. It would be short sighted to implement a plan that adds residences but does not address the infrastructure needed to support additional residents. Furthermore, as an active parent volunteer for not just North school but the school district as a whole through HSF, I am concerned about the impact to the quality of education our schools will be able to offer this many new residents. The entire character of the town centers around commitment to a high quality public education for our children. I'm not sure we've considered the extent this draft housing element would change the community dynamics and strong parent involvement which makes our schools so successful. Once school quality erodes, property values will quickly follow with a downward trajectory.

Below, I have included language from a letter submitted by Chip and Netty Ramsay, which articulate further concerns.

The previous plans submitted by the outside planning group should NOT be the only plan considered by our Town Council. Even though the state is "only requesting a plan" at this time, there will be severe impacts on many neighborhoods once developers jump in and take advantage of zoning changes proposed that are presented to the Town members as "just a plan."

The Town should have surveyed the number of pool houses and guest houses that already exist ~ many of which can to be upgraded to meet the specifications of an ADU or JDU, and these structures should have entered into the equations for estimating projections for ADU/JDUs. It seems the most acceptable scenario for expanding housing is to encourage more of these structures that can house younger people trying to make a living in the area as well as older people in need of housing and family care. Teachers, police and others would greatly benefit from housing such as this as well.

Fire, sewage, transportation and other infrastructure issues have been mentioned, but the impact on the environment and destruction of green space and trees is another important issue to be considered in these drastic zoning alterations.

We are requesting that our Town Council consider alternate plans and study what our neighboring towns have accomplished in their plans.

Sincerely,
Amy Reisenberg

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

I would like to express my concern and opposition to "the current draft housing element". I would like the town to adopt plans similar to the city of Atherton as possible remedies.

Best regards

Matteo and Erika Monteverdi

Dear Hillsborough Council Members,

I am writing this letter to communicate our TREMENDOUS objection to the creation of multifamily overlay zones in Hillsborough. Multifamily development is prohibited in the Hillsborough General Plan and any changes in zoning and land-use rules should be considered ONLY after a community driven and thoughtful General Plan amendment process, that includes community outreach, participation and comment.

Please IMMEDIATELY remove all multi-family overlay zoning projects from the current Draft Housing Element. They will MATERIALLY decrease our home values, quality of life of us and our neighbors and will most certainly increase noise pollution and traffic. And most importantly, our schools are currently already impaired, 1 of 3 elementary schools in town are impacted, our facilities at South School are old and in disrepair with our children already missing 2 days of school due to heat concerns as we don't have A/C at school; adding multi-family housing will burden an already overwhelmed system and further strain our resources. Allowing for the current housing element will open the town to potentially immense litigation resulting from a degradation of home values and school quality.

There are far superior alternative plans to propose to the state for our RHNA6 submission. Our housing plan should focus on ADUs, which are consistent with the community and culture of Hillsborough. Please consider this email as you evaluate and finalize our submission to the California Department of Housing and Community Development.

Regard,
Ramsey Daya
Hillsborough Resident

I recently reviewed a plan that some citizens have compiled. It is from a group "Smart Housing for Hillsborough" and found at <https://app.box.com/s/caegj8llugehg61u73amgp6pgdavyqcg>

It is very compelling and I urge the town to review and incorporate these ideas, as it seems to have a smaller set of changes than the current town draft.

Thank you.

On Fri, Sep 16, 2022 at 5:46 PM Christian Sepulveda [REDACTED] wrote:

I'd like to share my thoughts on the town's proposal regarding the Draft Housing Element.

I understand that the town strives to devise a plan that satisfies state requirements, but also preserves the needs and interests of Hillsborough. It is a challenging process and I appreciate the effort.

In reviewing the plan, my primary concern is that it is hard to anticipate the consequences of changes, especially at this scale. So I advocate to enact the minimal changes.

With this in mind, I would prefer that the town focus on Accessory Dwelling Units (ADUs). There are many ADUs already in Hillsborough and I think increasing the number of ADUs would have the smallest impact on the town.

I urge the council to NOT

- change setback nor lot sizes
- create zones for apartment buildings, townhouses or similar housing types

I am glad to read about the ADU successes in the RHNA Cycle 5. I would expand on the town's support of ADUs. Besides the outreach and expediting processes being done, I would consider things like

- financial incentives and support for ADU development
- partnering with developers/contractors to enable less expensive and easier ADU construction
- explore other zone, policy, etc. changes to ease ADU applications
- first-come, first serve (with quotas) incentives to accelerate ADU applications and construction

As a practical matter, also like many residents, my home is my largest asset. I wish to preserve property values and avoid anything that could undermine them. But I also want to preserve the character of our town. Hillsborough is a unique community that my family loves.

Thank you.

Christian Sepulveda

We have been residents of Hillsborough for 60 years & are more than a little dismayed by the demands of the state to make drastic changes to our Town. I agree with the comments and objections in the letter (attached) that Ted Ulliot so well articulates.
Jane Williams

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Respectfully submitted,

Theodore W. Ulliot

Attachments: [Burlingame Country Club Draft Housing Element .pdf](#)

Good evening,

I am writing in regards to the current Draft Housing Element. Please see the attached letter.

I look forward to continuing to work in partnership with the Council and the Town.

Sincerely,

Eric D. Leland

ERIC D. LELAND | GENERAL MANAGER/COO | BURLINGAME COUNTRY CLUB

DIRECT: 650 393-8039 | MAIN: 650 696-8100

80 NEW PLACE ROAD | HILLSBOROUGH, CA 94010

MEMBERS MAY LOGIN AT WWW.BURLINGAMECC.ORG

Dear Mayor Royse, Vice Mayor Krolak, and Councilmembers Chuang, Cole, and May:

I am the General Manager and Chief Operating Officer of Burlingame Country Club (“the Club”) and am writing to provide the Club’s comments on the Town of Hillsborough’s draft Housing Element Plan dated August 4, 2022 (“Staff Draft Plan” or “SDP”). We respectfully submit that the Club should not be moved to a new zone RD-2 (which is proposed in the SDP¹), because that change is not necessary to advance the goals of the RHNA/HE6 process, and would introduce unnecessary complexity to the RHNA/HE6 process and to the Hillsborough Municipal Code (“HMC”).

To begin, it is important to recall some background points:

1. The Club was founded in 1893 and has been an integral, and proud, part of the Hillsborough community for almost 130 years. The Town’s current General Plan notes that the Club “adds to the character of the community by preserving large areas in a more open setting.” See Town of Hillsborough General Plan, Open Space and Conservation Element, at OSC-5.

2. The current HMC has an express zoning provision that comprehensively addresses the Club. This is HMC Section 17.16.010(A)(2) (“Section A2”), which provides that among the “Permitted Uses” within the Town is: “Country club (which includes all social and commercial activities normally conducted within a country club). Multifamily rental housing on the country club site for use and occupancy by employees of the country club is permitted.”

3. Under Section A2, therefore, the Club is already zoned – and indeed has been zoned, since 2003 – to allow multifamily rental housing, for employees of the Club. Accordingly, there is no need to place the Club into a new zone in order to enable multifamily employee housing, to help the Town meet its RHNA/HE6 target. The HMC already provides for such housing and has done so for almost twenty years. And the Club regularly evaluates the possibility of on-premises employee housing, as a potential solution that could benefit employees and the Club.

¹ See, e.g., SDP pages 93, 143 (Goal 3.3), and 144 (Goal 4.1); see also Hillsborough Housing Element Update Public Review Draft HE Overview (slide deck) pages 22, 27-33. The SDP proposes that there be an “O-AH” overlay onto HD-2, and references in this letter to HD-2 include and incorporate the proposed O-AH overlay.

4. Representatives of the Club met with representatives of the Town in May of this year, as part of the Town's RHNA/HE6 planning process. At that meeting, no mention was made of potentially changing the zoning of the Club and the private schools. Rather, the meeting centered upon the possibilities for developing employee housing, under the existing HMC zoning regulations. This was consistent with past HE cycles. See, e.g., Town of Hillsborough Housing Element Plan for 2014-22 (Final), p. 37 (Program 1-A3) ("Work with local institutions under Chapter 17.16 of the Zoning Ordinance to consider developing employee housing on existing institutional lands in Hillsborough. ... Town staff will discuss with the three local institutions the possibilities for developing employee housing.")²

5. The SDP speaks of working "in partnership with" the Club and the private schools on any potential changes to the applicable provisions of the HMC, see SDP p. 143 (Goal 3.3), but the first time we learned of a potential zoning change was only last month (August 2022), upon publication of the SDP. In addition to providing these written comments at this time, we would appreciate – and hereby request – an opportunity to meet with the City Council in person and discuss any proposed re-zoning, to further explain our view that it is neither necessary nor prudent.

6. We understand that many members of the Hillsborough community have already expressed opposition to changing the zoning of the Town. That is, many have proposed that Hillsborough can meet its RHNA/HE6 targets while maintaining its single-zone character, see HMC 17.12.010 ("There is one zone within the town, namely, the residence district ("RD"), which consists of all of the land within the boundaries of the town."), without the need to create new districts HD-2 and/or HD-3 (as the SDP proposes).

In consideration of the foregoing background, and mindful of the Town's commitment to meeting its RHNA/HE6 targets, we respectfully provide the following recommendation and alternative.

² The full text of Program 1-A3 of the 2014-22 Plan states as follows: "The Burlingame Country Club (located in Hillsborough) and the town's two private schools provide a total of three housing units for employees. The zoning ordinance was amended in 2003 to permit 'multifamily rental housing on the school site for use and occupancy by faculty and other employees of the school' (§17.16.030(E)) and 'on the country club site for use and occupancy by employees of the country club' (See §17.16.010(A)(2)). Accordingly, such institutions can now build multifamily units which are not subject to the half-acre minimum lot size. The Town hopes thus to create new opportunities for employees of these institutions to live onsite, in Hillsborough. This program has the potential to provide affordable housing where none existed and to reduce commute traffic in a modest way. Town staff will discuss with the three local institutions the possibilities for developing employee housing."

Recommendation: We submit the simplest approach is to leave Hillsborough zoning as is, with a single district (RD). Once again, as pertains to the Club, the HMC already envisions, and permits, multifamily rental housing for employees, and thus (at least with respect to the Club and the private schools) already addresses the housing-capacity goals of the RHNA/HE6 process.

Alternative: If the Council is going to create a new zoning scheme with RD-1, RD-2, and RD-3, the Club should remain in RD-1 (the current RD), with the exact current language that addresses specifically and comprehensively the unique operations of the Club (including providing for employee housing). See HMC 17.16.010(A)(2).³

We appreciate this opportunity to provide our feedback on the SDP and look forward to continuing to work in partnership with the Council should you have any questions.

Respectfully submitted,

Eric D. Leland
General Manager and Chief Operating Officer
Burlingame Country Club

³ We understand that some have raised a concern about avoiding “spot zoning.” To the extent this is a consideration, our Recommendation (leaving Hillsborough zoning as-is), or our Alternative (keeping the Club in (new) RD-1 where the Club, including housing, is already addressed by Section A2) are the better ways of addressing this issue. In any scenario, it is necessary to have in the HMC the exact current language and provisions that address the unique operations and status of the Club (HMC (7.16.010(A)(2)) and of the private schools (HMC 17.16.010(B)(2) and 17.16.030), including the permitting of employee housing at all three institutions. Rather than importing those specific provisions into a new zone, far better from a “spot zoning” perspective to leave the three institutions, and their specific zoning provisions, “grandfathered” in their current status under the HMC. In that sense, it is the Draft Plan that creates a “spot zoning” concern – and our Recommendation (and Alternative) alleviate that concern.

Subject: Draft Housing Element
Date: Sunday, September 18, 2022 8:47:46 PM

Dear Council members,

I write this email with the suggestion a more thorough redo of the current plan. It doesn't make sense. Hillsborough will lose its very unique charm and character that we all love. Who will pay for all of this newly required infostructure, Sacramento? Doubtful. Let's look at this alternative plan that focuses on ADU's and not re-zoning. There shouldn't be multi-family units in town. This quiet community can't handle commercialization. We have done an excellent job in the past answering to Sacramento. Why are we all of a sudden caving in, because a consultant from LA (that knows nothing about Hillsborough) suggests we do? This current plan makes no sense.
Sincerely,

Ron Lynch

Subject: Housing Element Plan Objection
Date: Sunday, September 18, 2022 8:40:41 PM

Dear Hillsborough Council members:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2013. My family has been in Hillsborough since the early 1990s, when my family moved to the Town.

I have read the full plan and various associated documents posted on the Town website and developed an understanding of the State’s RHNA6 mandate. To all of the Council members, thank you for your service on behalf of Hillsborough, both generally and especially as we navigate this challenging issue. I am supportive of the objective to develop more affordable housing throughout the State and in the Bay Area but we must ensure we do so in a thoughtful, carefully considered, and long-term manner. Unfortunately, the current Draft Plan is not that.

Hillsborough possesses attributes that are important to properly contextualize when considering a Housing Element plan. We have no retail, no industrial, no commerce, and the town is currently zoned entirely RD-1. Unlike the vast majority of other towns fully zoned as RD-1 in California, we have very limited undeveloped land. Hillsborough also faces very high costs for both land and construction. Empirically, there are very few towns with situations similar to Hillsborough in the State. Furthermore, Hillsborough also strongly outperformed our allocation by 111% in the last RHNA5 cycle (one of very few to do so), and yet under the current legislation we receive no carry-forward credit for the excess units that we delivered.

I am strongly opposed to the current Draft Plan, which brings a one-size fits all approach to a town that is objectively, based on the data, an outlier. There is absolutely no reason to re-zone the entire town through a blanket plan that creates unnecessary complexity. Crucially, the current Draft Plan fails to articulate in any form the expected cost and impact of the proposed zoning changes on current residents. This is ill-considered and reckless.

I am supportive of a Housing Element plan that builds on our existing demonstrated strengths. Our plan should focus heavily on ADUs, where we have consistently exceeded expectations. We must engage in thoughtful, long-term planning with fulsome and transparent discussion and community engagement and appropriate consideration of the cost and impact of any proposed changes.

I want to voice my strong opposition to the current Draft Plan. There are superior alternative

plans to propose to the state for our RHNA6 submission. Please include this email in the public record and consider it as you finalize our submission to the California Department of Housing and Community Development.

Thank you for your public service.

Kind regards,

Dennis and Kayoko Wong

Subject: Request for more thoughtful approach to expanding affordable housing
Date: Sunday, September 18, 2022 8:38:36 PM

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

I would like to express my concern and opposition to "the current draft housing element".

Currently, areas around Ralston and Forest View, which are close to our public elementary and middle schools, are already seeing traffic congestion and a lot of construction that often interferes with our children trying to walk and bike to school on roads that have no continuous sidewalks. If we add many additional units in this area, we must concurrently add basic safety infrastructure such as sidewalks, stop signs and traffic lights and not allow construction vehicles to block roads right as our children and children of future residents are trying to walk/bike to school.

We would also like the town to consider plans similar to the city of Atherton as possible remedies. We can also loosen stringent ADU and JADU rules like 20Ft setbacks, neighbor permissions, land/building ratios, not allowing garages to face the street, etc..., that have historically prevented reasonable additional affordable units to be built by our own residents. Instead of letting outside developers who don't care about our community or our children maximize their economic interest first, please let our residents be part of the solution too!

Best regards
Jessica Meng & Justin Knowles

Hillsborough, CA 94010

From: [Louisa Shields](#)
To: [General Plan](#)
Date: Sunday, September 18, 2022 8:29:28 PM

Hello,

We have been reading about the Housing Element. While we support Hillsborough meeting the goals set out by the state, it does not seem that the initial plan created by the outside consulting firm presents a plan that aligns with Hillsborough.

We support ADUs, and believe that there are many more potential ADUs that would be built in Hillsborough if the process was explained. It also sounds like new ordinances to support more ADUs in Hillsborough are needed, and we strongly encourage Hillsborough Town Council to pass those ordinances.

We also do not support 'up-zoning' in Hillsborough or changing other provisions to guidelines at this time. It seems that the 554 units +buffer can be met through other means than jumping in with changes that can have wider impacts than intended. We strongly support passing ordinances, educating Hillsborough owners on the process and including incentives for ADUs (including multiple on larger lots).

Please consider other options than the plan suggested by the third party consultants.

Thank you,
Louisa and Tom Shields

Subject: In support of housing density in Hillsborough
Date: Sunday, September 18, 2022 8:24:25 PM

Dear Councilmembers,

We are writing in support of dense housing in Hillsborough.

We have lived here since 2013, and within a 2-mile radius of our Hillsborough house for 20 years. We are fully in support of as much dense housing as can be built in Hillsborough. We would like to see apartment and condo buildings for all income levels; we would approve of splitting lots; we would love even mixed-use development in Hillsborough.

We live very near South School, and our experience of Hillsborough as a place where we often see our neighbors, where school traffic happens outside our house, has been nothing but friendly and neighborly. We believe the insistence on keeping large lots, building huge houses, and reserving Hillsborough for only the wealthiest people in the United States is outdated and counterproductive.

Especially near El Camino Real and San Mateo and Burlingame downtowns, we believe there is real potential to provide more needed housing. Other exclusive California communities are not zoned for single-family only; even Beverly Hills has more multifamily households than single-family.

The Peninsula desperately needs more housing. We applaud Town Council's efforts to comply with the law and allow Hillsborough to help the housing shortage.

Elizabeth Jardina and Brian Stoler

CINTHIA J. SIMON

September 18, 2022

Dear Mayor Royse, Vice Mayor Krolik, and Councilmembers Chuang, Cole, and May:

I am against proceeding with the draft Housing Element Plan dated August 4, 2022 ("Draft Plan") for the following reasons:

1.
The Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to - and should not - change Hillsborough's zoning to add the new HD-2 and HD-3 zones, nor add multi family housing, nor erect a multi story building on Town property at El Camino and Floribunda - all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town of Hillsborough and I join many other Hillsborough residents in objecting to those proposals.
2.
The Town of Hillsborough lacks the type of infrastructure the Draft Plan requires and calls for. It is very surprising we would think our Town has the rudimentary essentials needed to carry out the Draft Plan. I live on Skyfarm and as it is I find it nearly impossible to safely back out of my driveway in the current morning traffic let alone incorporate a sleuth of new pathways, lanes, and traffic into an already congested and dangerous route. The lack of lights, sidewalks, public transportation lanes, and lack of basic cellular service makes the Draft Plan appear not well thought out or well-considered.
3.
The Town has more ADUs within it than what is currently reflected in the Town's records that should be added to the current and future count. It has been brought to my attention that a considerable number of ADUs have not been accounted for in the latest count (partly because there has not been a formal inquiry or process carried out) and that the Draft Plan does not take into account that the number of ADUs over the past 3 Covid Years is not reflective of those that are to come. It is my understanding that we will meet the required 554 additional housing units by doing a proper accounting of the current/in construction ADUs in our Town and by putting due weight on the number of future ADUs that will be constructed in the years to come.
- 4.

The Draft Plan has not been properly thought out and I believe that not many in our Town have been alerted to what is currently being proposed and adopted on our behalf. Full disclosure is needed and an informed consent is required by the residents of this Town for something of this magnitude to be adopted. Even if delaying our submission would result in penalties, it is far better to be penalized for a late submission than it is to make a colossal mistake in this undertaking. I believe it is in your interest to make the entire Town privy to your proposed Draft Plan and truly listen to your constituents as to what it is they want done in this regard. You have been tasked with representing "our" voice and I do not feel "our" voice is represented in the Draft Plan.

Respectfully submitted, **Cinthia J. Simon.**

Subject: Housing in Hillsborough
Date: Sunday, September 18, 2022 8:21:14 PM

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

As Hillsborough residents for 12 years and homeowners for 7 years, we are very concerned about the current draft plan for increased housing.

This is the most important issue that affects our town's safety, schools, property values, traffic, and natural features.

Hillsborough has been a destination for new families searching for a safe place to raise children and for their children to be educated in the first-class public schools in Hillsborough. The Hillsborough Schools Foundation has greatly benefited from the generosity of parents because of the value placed on the quality of our public elementary and middle schools.

For older families and couples, Hillsborough offers a serenity and beauty that is unparalleled. This is why many people decide to reside here and make sacrifices to do so. And this is why we have chosen to live here and to remain here; in fact, we are remodeling our home presently.

Homeowners are alarmed and would like to respectfully ask that the hard-working people who are in charge of representing us to please *consider some of the proposed alternative plans* that can still help us achieve the state goals without relinquishing what we value.

One of the plans is called *Smart Housing for Hillsborough* and seems to offer excellent alternative ideas.

Please do *not* vote for or pass the current plan that was led by an outside consultant with no personal ties to this special place that is home to us. Perhaps we can look carefully at other towns (e.g., Atherton, Woodside) with similar profiles and consider what they have done.

Thank you for your efforts to ensure that the Town of Hillsborough will carefully and thoughtfully consider the feedback of its homeowners in order to move forward with a plan that most accept and support versus the current draft plan.

Please let us know if there's anything we can do to help the town to reach an alternative plan that protects our education and safety.

With gratitude,

Kimberly and Anupam Dalal

Subject: Release of Site Suitability Factor Scores; Public Safety Issues

Honorable Mayor Royse, Vice-Mayor Krolik, Council Members Cole, May and Chuang, City Clerk Natusch, and City Attorney Diaz

We chose to live in Hillsborough 30 years ago because our values were in harmony with the values of the community: a love of its countryside and its remaining wilderness, its remoteness, quiet and privacy, and its safe setting free of the dangers, distractions, density and congestion of the urban environment.

We have questions on two major points on the proposed re-zoning that now threatens those values:

1. The lack of transparency depriving Hillsborough citizens of the information allegedly used to select the de Guigne estate for RD-2 re-zoning and high-density urban housing development, and
2. The prescription for a public safety disaster represented by the selection of the de Guigne estate by blocking a major escape route in event of earthquake, fire, flood, or liquefaction danger.

1. Lack of transparency

At the Aug 8, 2022 City Council meeting, one of us addressed the lack of transparency resulting from the Town's failure to disclose the Site Suitability Factor Scores for the thirteen candidate parcels of greater than 10 acres under consideration for RD-2 re-zoning. In fact, the written documentation provided by the Town makes no mention of the existence of thirteen candidate parcels, instead presenting the selection of the de Guigne estate, Strawberry Hill, and 50 Brooke Court for re-zoning under RD-2 as a *fait accompli* (Aug 4, 2022 Housing Element Draft for Public Review; Aug 8, 2022 City Council Agenda Staff Report entitled "Draft Town of Hillsborough RHNA 6 Housing Element Update").

Our request was repeated at the Aug 18, 2022 Housing Element Open House to the appropriate focus group. No information has yet been forthcoming. Does the Town understand that without these scores, and a full description of the methods used to determine the scores and their statistical significance, that there is no objective basis for the selection of any parcel for RD-2 re-zoning and development?

In addition, the Site Suitability Factor Scoring as presented on p.98 of Aug 4, 2022 Housing Element Draft appears to be deeply flawed. We provide some specific examples and questions here:

- How can a parcel with a "Year Built" of 1899 have an extremely low score of 2 while a parcel with a "Year Built" of 1900, just one year later, can have an extremely high score of 7?
- What weighting factors were used? Is the score for "Year Built" or "Proximity to Amenities" weighted the same as public safety dangers such as "Fire Hazard" or

“Landslide/Liquefaction”?

- How can parcels be scored for RD-2 re-zoning when 4 of 11 categories, “Residual Lot Coverage”, “Proposed” Zoning”, “Existing Land Use” and “Lot Acreage” lie outside of the definition of RD-2?
- Does the Town realize how easily these and other such flaws in the scoring are exploited to manipulate the outcome of any particular parcel for re-zoning and development?
- Does the Town realize that the optics of not providing the scores we requested are not good? How can the Town close the commenting period a mere 6 weeks (Aug 8, 2022 - Sept 19, 2022) after it has not provided information absolutely essential to legitimizing the process?
- Does the Town understand that the touchy-feely Housing Element public relations campaign over the last year does not mitigate the damage of not providing the scores the Town claims to be using to enact this historical change in the way it treats the property-holdings of its citizens?
- Does the Town comprehend the enormous public safety ramifications of the proposed re-zoning without conducting specific hearings on safety considerations including those not in the scoring?

2. Public safety ramifications of re-zoning the de Guigne estate as RD-2

At the Aug 8, 2022 City Council meeting and Aug 18, 2022 Housing Element Open House, we also addressed specific public safety dangers presented by the proposed re-zoning and high-density urban housing development of de Guigne. We calculate two hundred eleven (211) new residents (based on 2.93 persons per Hillsborough household according to bayareacensus.ca.gov). We ask:

- Is the Town aware that 211 residents at the proposed density of twenty-five (25) units per acre increases the population density to 46,880/square mile? This is 25 times greater than Hillsborough (1,847/square mile), 2.5 times greater than San Francisco (18,635/square mile) and 1.6 times greater than New York City (29,302/square mile).
- Does the Town understand that this proposed high-density at de Guigne lies at one of the most heavily travelled sections of road in Hillsborough both in terms of vehicles and bicyclists?
- Is the Town aware that this section of road and its extremely narrow bridge is a choke point that already threatens the safe evacuation of hundreds of residents in the event of a public disaster?
- Is the Town cognizant that this very type of choke point was a major factor in the deaths of many of the 85 people fleeing the Camp Fire in Paradise, CA?
- Has the Town taken into account the instability of Crystal Springs Rd revealed by the Loma Prieta earthquake, and the heightened danger thus posed by further increasing the traffic density?
- Is the Town aware the proposed de Guigne housing lies directly in the inundation zone in the event of a breach of the Crystal Springs Dam and the residents will be underwater?
- Has the Town conducted the land surveys necessary to establish that the steep slope of de Guigne would in fact support development of the 24 of 72 units impacted by the steep slope?
- How will the Town address the sewage problem on Crystal Springs Rd in the vicinity of de Guigne, evidenced by the ongoing sewage stench, as well as address the incremental traffic, financial, and environmental impact of adding enough sewage capacity for an additional 211 residents?
- Why would the Town not conduct hearings to factor in such consideration of public safety before proceeding with the proposed re-zoning? What will the State of California think of this deficiency?

Until these questions can be answered it does not seem reasonable to press forward so urgently unless the Town is hiding something.

3. Proposed items for immediate follow-up

- Most critical is the immediate release of the Site Suitability Factor Scores and full description of methods used to determine the scores and their statistical significance as requested Aug 8, 2022.
- In light of the delay in releasing the Site Suitability Factor Scores and their critical importance to transparency and objectivity in the proposed RD-2 re-zoning, we recommend in the strongest possible terms extending the public review and comment period allowing for their consideration.
- Notwithstanding the housing mandate under Article 10.6 of the California Government Code, we are at a loss to understand the legal basis for addressing the mandate while ignoring the other legal requirements for holding hearings on the re-zoning of specific parcels, particularly with respect to the public safety matters we raise. We recommend in the strongest possible terms that such hearings are scheduled immediately for the de Guigne estate.
- We would appreciate prompt written response to the other questions we raise in this letter.

Sincerely,

Dan Capon and Staci Adams

Subject: Opposition to Housing Element Draft Plan
Date: Sunday, September 18, 2022 8:16:39 PM

Dear Hillsborough Councilmembers:

Thank you for your service on behalf of Hillsborough generally, and specifically as we navigate Hillsborough's Housing Element process.

While we are supportive of the objective to develop more affordable housing throughout the State and in the Bay Area, we feel strongly that Hillsborough must do so in a thoughtful manner that considers the unique characteristics and limitations of our town:

- Our lack of retail, industry and commerce.
- Hillsborough's fire risk; 70% of our town is designated as a High Fire Risk Zone.
- The town is currently zoned entirely RD-1 and, unlike the vast majority of other towns fully zoned as RD-1 in California, we have very limited undeveloped land.
- Furthermore, Hillsborough strongly outperformed our allocation by 111% in the last cycle (one of very few towns to do so), and yet the Draft Plan goes so far as to incorporate a 20% buffer.

We feel the current Draft Plan fails to consider these unique characteristics and, therefore, we are strongly opposed to the current Draft Plan.

We would also like to express our opposition to the plans for the proposed redevelopment of the Town Hall complex. We feel the current plan does not fully consider the impact of 100 housing units:

- The traffic in the area, which is already very busy, will become overwhelming.
- Accidents frequently occur at the Floribunda intersection. While some steps have been taken to reduce accidents, we fear the construction process as well as an additional 100 housing units will create ongoing safety issues.
- Surrounding Burlingame streets, including Walnut Avenue and Willow Avenue, are extremely narrow streets and are already difficult for emergency vehicles to navigate. The increased traffic will create significant safety issues.
- The Town Hall parking plans are inadequate. Overflow parking from 100+ units will further congest the surrounding narrow streets, creating significant safety issues.

With respect to the proposed plans for the Town Hall complex, too many questions remain regarding Centennial Park, historic structures, parking, impact to surrounding narrow streets, and height for these buildings compared to neighboring structures. More thought needs to be given to alternative uses for the space. We feel the Town Hall complex plan should be removed from the Housing Element Draft Plan as there is no way we can answer these questions under the current process timeline.

Our plan **should** focus on ADUs, where we have consistently exceeded expectations. Hillsborough's plan **should NOT** include:

- Smaller minimum lot sizes
- Reduced setbacks (outside of the reduced setbacks for ADUs/JADUs)
- Increases to height allowances
- Increased floor area ratio (outside of the allowances for ADUs/JADUs)
- Reduced landscaping coverage

Thank you for your work on behalf of Hillsborough and for your consideration of this feedback during this process.

Regards,
Mo & Janet Cheston

Please see my comments on Housing Elements Plan:

1. Information in Chapter 1-7 (89 pages) is excessive and should be edited. The average reader will not concentrate on the important information.
2. The buffer of 20% is too high. Cut to 10%
3. RD-2 -Cut height to 42' Final building height often exceed height limits. Developers do not always depict existing grade correctly. Ground Floor of wood frame buildings are often built 18" above existing grade, for low-income housing this is the most economical. This is often not correctly noted on elevations submitted to ADRB.
4. Town site -Cut height to 55', see above.
5. RD-2 and town site Increase side set back to existing properties to 15'. Require buildings to step back in height from neighboring properties to preserve light and allow enough room for vegetation to grow.
6. What happens if owners of Strawberry Hill do not want to develop their site?
7. Circulation and access will have to be considered for developments. More than one entry egress point may be necessary. A map showing neighboring properties and access to development would be helpful. Zoom out a bit from what was shown.

I am submitting this email in response to the draft housing element that is being proposed by Hillsborough. We find the existing plan unacceptable on a number of points, and would urge the town to rethink its approach so that we can meet our requirements while still preserving the character and property values of the town and respecting the rights of homeowners.

First, it appears that none of the owners of the properties the town proposes to rezone were consulted or appear to have agreed to the change. If Hillsborough is considering going down this path, it is entirely inappropriate not to engage the landowners in their decision making.

Second, it makes sense to add housing at the town hall site, but a 5-10 story building is far higher than makes sense for the location.

Finally, it appears that other peninsula suburbs such as Atherton and Los Altos Hills have negotiated much less onerous requirements (including no 20% excess). Why is that? It does not make sense for us to agree to a more stringent plan. I strongly urge the town to reconsider the proposed plan.

Thank you,
Nancy and Mike Heafey

Thank you for working so hard on the housing plan for our community.

I urge you to reconsider development of some of the properties you have outlined in your plan. While I think the conversion of town hall to lower income housing units makes sense due to the proximity to needed services, the other areas identified are in areas which are not close enough to necessary services. In addition, the lack of more than one egress is a concern - particularly with the wildfire risk we currently face.

With more ADU development we may be able to preserve more of our town's character. Please consider incentivizing people to invest in ADU's.

Re: Hillsborough's Draft Housing Element

To the Town of Hillsborough:

YIMBY Law commends the Town on its well-written [housing element](#). We appreciate the Town's candor as to how it constrains housing (Draft, pp.78-83), as well as the clarity of its proposed zoning reforms (*id.* pp.91-94).

That said, the draft has glaring problems. Chiefly, the Town expects 172 homes from the nonvacant Strawberry Hill site (Draft pp.101, 104), whose trustee [told the Town](#) he does not intend to redevelop. The draft likewise fails to show that 48 homes would be built on the nonvacant De Guigne Estate (*id.* Pp.100, 104).

The draft also makes unrealistic assumptions about ADU affordability. Bay Area watchdogs for YIMBY Law report that Hillsborough ADUs are in fact rarely rented to lower-income households, rather than kept vacant for guests or pool maintenance. Without a registry to track ADU use or a concrete and current program to monitor ADU production (*id.* p.147), it is impossible to tell whether the City's projection of 168 lower-income ADUs (*id.* p.90) will in fact be built *and* affordably rented.

It is also impossible to evaluate the relative severity of Hillsborough's development fees (see *id.* p.81) without the kind of dollar-denominated comparison Hillsborough included in its [fifth cycle draft](#) (pp.27-28). Why omit the comparison in the sixth cycle?

Finally, Hillsborough commits to no timelines for implementing its various policies, goals, and actions (Draft pp.141-48). Many of the proposed programs are also weak commitments to “review,” “conduct,” “establish,” “assess” or “complete” various things the Town can table for later (*ibid.*). Please specify what the Town will actually do.

We look forward to the City's next draft. Please contact me with questions.

Sincerely,

Keith Diggs

Dear Mayor Royse, Vice Mayor Krolik, and Councilmembers Chuang, Cole, and May:

My family has lived in Hillsborough since 1962. I attended North School from Pre-School through 5th grade and was a member of the first class after the school's re-opening.

I am concerned about the future of our town and my sentiments are perfectly captured in the attached letter from my friend and fellow resident, Ted Ulliyot.

Sincerely, John M.B. Hampton

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving “the rustic character and rural charm that are the hallmarks of our town” and what makes Hillsborough the “wonderful place in which to live and raise a family” that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a “buffer” that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Respectfully submitted,

Theodore W. Ulliot

Dear Mayor Royse, Vice Mayor Krolik, and Councilmembers Chuang, Cole, and May:

My grandmother built her Hillsborough house in 1962 and lived in it until her death in 1997. My wife and I bought our Hillsborough house in 1989 and last March a Hillsborough house was acquired for the enjoyment of our son, his wife and our granddaughter.

Attached is the letter to you written by my friend and neighbor, Ted Ulliot.

I am writing to you to state for the record that I and my family agree with its contents in every particular and with absolute conviction.

Sincerely, Gregory J. Hampton

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). Hi,

We live on [REDACTED], and we oppose the Draft HE Plan.

Our concerns include changing the character of our town, decreasing the value of Hillsborough real estate, and overshooting our HE targets. We believe that better solutions will emerge only by considering a range of options.

Please see the attached objections to the draft plan along with an alternative approach - we support the position of Mr. Ulliot's letter.

In addition, we have completed the survey <https://survey123.arcgis.com/share/467e65233a544c21893f1321c3a72c32> to express our willingness to build an ADU/JADU.

We urge the Council to amend the Draft based on the will of our residents.

Best regards,
Brad and Sarah Freitag

Subject: Proposed Hillsborough Town Hall Project
Date: Sunday, September 18, 2022 2:50:09 PM

Dear Council Members,

We are long time residents of the 700 block of Walnut Avenue in Burlingame.

On September 12, 2022, we attended the Hillsborough town council meeting to hear a proposal for the redevelopment and rezoning of the existing Hillsborough Town Hall and police station, with a proposed rezoning to add a new multi-story low income residential building to the campus.

Our concern is the multi story residential building that is being proposed. There is not adequate parking for the present buildings on the site. The proposal does not include enough parking to serve the building's occupants. Where are they and the employees of the town and police department going to park. Where are people coming to special events going to park? Clearly there is a lack of foresight as to how those cars will be accommodated. There is no parking on Hillsborough streets.

Which brings me to our block on Walnut Avenue. Walnut is one of the most narrow streets in Burlingame. When cars are parked on both sides of the street, it becomes one way. It is a cut through street for those going to El Camino. If there is inadequate parking for the residents and employees of the town hall campus, they will park on Walnut. This will become dangerous and untenable not only for the residents but also for emergency vehicles trying to get through.

The intersection of El Camino and Floribunda has been notoriously dangerous with accidents on a regular basis. Many families and children from both Hillsborough and Burlingame use this intersection to cross to school at McKinley or to walk into downtown Burlingame. During construction of this project, where will these people cross the street? How will El Camino traffic handle this construction? After completion, how will the increase in the number of cars using this intersection affect traffic flow and the safety of these pedestrians?

As residents who will be directly affected by this project, why were we only given a weeks notice before the city council meeting to discuss it? At the meeting, Hillsborough residents expressed that same frustration. Clearly there is an agenda by a specific group of people to privatize this piece of city owned land. Only a small select group seemed to know about the project.

Please do the right thing. Rethink this project after it has been open to discussion for ALL residents of both Hillsborough and Burlingame, and not just a select few. Let's come up with a plan that makes sense for everyone.

Sincerely,
Kerry and Ken Mahrer

Subject: Housing element plan
Date: Sunday, September 18, 2022 2:32:40 PM

Dear Council Members,

We have read and re-read the draft plan as posted on the Town's website, and some thoughts occur to us.

Not only would implementation of this plan destroy our town as we know it, but we have no infrastructure to support an influx of people, particularly if they have no transportation of their own. We have no retail stores, no medical facilities, and no places of worship within walking distance of nearly anyplace in town. Neither have we nearby sources of employment. For additional population with transportation, our roads are not designed to handle a substantial increase in traffic, not to mention places to park.

Supposedly the purposes of SB9 and SB10 were to relieve the shortage of housing in California, rather than just burnish Gov. Newsom's resume for a presidential run. How does one square that with the large number of "For Rent" and "For Sale" signs (and houses simply left vacant) on the Peninsula?

ADUs listed as "dwelling units" are, as a number of others have suggested, are potentially an excellent solution to this problem.

Others have made the case against our Town's destruction more eloquently (and with more factual information) than we can, but we thought we needed to add our voices to theirs.

Thank you all for your service, and please accept our sincere best regards.

Bob & Leone Woods

To whom it may concern:

My husband and I are writing to express our deep concern about the draft Housing Element plan that is currently being considered by Hillsborough - and to voice our opposition to the plan. We do not support it.

We believe the plan should be adjusted to put a far greater emphasis on ADU's as a solution to meet California's requirements.

We prefer the Smart Housing For Hillsborough Plan and would urge the town of Hillsborough to adjust the current draft proposal to incorporate many elements of this alternative plan.

We respectfully ask that council members consider alternatives to preserve Hillsborough. We also wanted to thank you for representing our community! We realize it's a volunteer position. Thank you for your time.

Warm regards,

Beth and Brian Grossman

Subject: Hillsborough Housing Element Plan - Redington Road
Date: Sunday, September 18, 2022 1:14:48 PM
Attachments: Screen Shot 2022-09-18 at 1.07.39 PM.png

To whom it may concern:

I know we are all in a tough situation. I do have some comments regarding the housing element plan that was provided by our LA consultants.

I will speak to the issues that I'm very familiar with, and that is the plan development above Strawberry Hill Estate. The plan shows Redington Road as a potential access point for the 172 units under the housing element plan. The current portion of Redington Road is very narrow and doesn't seem to be a likely candidate for an access point for the potential of hundredths of cars that will be traveling this corridor daily. The state is mandating housing, it's not mandating easy access to lower Hillsborough. Additionally, the elevation in the proposed access point off of Redington that's going up to the new development doesn't seem conducive to building a two way road. The driveway for Strawberry Hill Estate, is scary and seems unsafe! It has drop off points and the side of the narrow and long driveway going up the hill is an example of the terrain in this area, and doesn't seem desirable for an access point for

new development. Are we building a bridge to gap the dangerous terrain? In fact, the plan shows this area as having environmental constraints. That being said, why is it on the plan as an access point? The Architects of this plan seem to have failed in many ways.

I've lived at [REDACTED] for 30 years. A few years after I purchased my home, I think it was in 1994-1995, the ground near Spencer Lake gave way (right above Strawberry Hill Estate), the water from the lake rushed down the hill, and damaged my property and 1 Fern Ct (lowest elevation) suffered the worst of the water damage. I'm aware of 1 landslide in that area. It's my understanding that Ada Regan reported the landslide to the Town, and the Town has replaced the soil that was washed away.

In California when you have a substantial project, an environmental report is required. I searched the Housing Element Plan, I don't see an environmental report. Was an environmental report completed for this area? If we don't have an environmental report, how do we know this area is suitable for this type of development?

Best,
Michele Dee

Mayor Royse, Vice Mayor Krolik, Council Members Chuang, Cole and May, and City Manager Ritzma,

Thank you for the efforts made to comply with the state housing mandate. I appreciate the thought and time that has gone into the process.

It seems that if the draft plan was actually put into motion, the character of Hillsborough would fundamentally change.

As someone who grew up here when the town's population was 3,500, I would hate to see it happen.

I generally concur with the points made by Ted Ulyot in his September 17th letter to the Council opposing the draft plan.

Additionally, I have overriding concerns about the state mandate as a whole.

We already have issues with adequate water and electric supplies. Adding more people will intensify these problems.

Increasing the number of people in Hillsborough and the surrounding communities will increase the amount of support services required, amplifying the housing needs in the area.

Landscaping is important to the quality of life in Hillsborough and the character of the town as well as to minimizing climate change. The current draft plan continues "hardening" our town to the detriment of these.

San Mateo County saw a drop in population from 2020-2021. Will we be changing the town's standards based on pre-Covid population trends?

The state mandate appears to have been made with tunnel vision on one issue without taking into account these other realities.

When meeting state requirements, the town should minimize the amount of new building allowed without adding a buffer for even more units. Hillsborough should receive as much credit as possible for exceeding requirements in the past. The town should avoid adding other types of zoning if at all possible, and use ADUs as extensively as permitted to achieve the requirements.

I very much hope that high-rises and townhouses are not in our town's future. If they cannot be avoided, the placement in a few specified areas makes sense.

Thank you for your consideration,

Jenny Budge

Subject: Please provide below-market-rate TEACHER HOUSING as part of the Housing Element!
Date: Sunday, September 18, 2022 9:37:48 AM

Dear Town Council:

Building housing for our TEACHERS (and perhaps also police and other city workers) would be a fantastic thing to include in the Housing Element. Daly City is doing this, pretty awesome. Here's an article – read some of the quotes from the grateful teachers (and teachers who switched into the district for this benefit): <https://www.sfchronicle.com/sf/bayarea/heatherknight/article/S-F-and-Daly-City-embarked-on-teacher-housing-17250359.php>

We should offer subsidized housing while someone is a teacher to them and their families and have some nice units (apartments/condos) for them!

This will help recruit and retain great teachers plus it would not add burden to the school district since we already give teachers' kids a spot in the district as part of their package anyway!

It will also help create a tighter knit community when those who work here have an option to live here.

After teachers, I would make the reduced-rate housing available to other Town workers (police, maintenance, Town Hall workers) and their families. We could then rent the remaining stock (if any) at market rates, but a year at a time so that new teachers, police, or other Town workers can take advantage of it.

I think this will be super important to recruiting and retaining great teachers (which improves quality of life and property values in the Town!) and can be compatible with adding housing on, say, the Town Hall site or another multi-family appropriate site!

Thanks for listening!

Eric W. Tilenius

Town of Hillsborough

RE: Housing

We believe any housing plan which trades the beautiful Town Hall Campus for dense house is a terrible idea. We moved into Hillsborough and purchased our home 30 years ago and don't recall any community decision opportunity of the magnitude of this housing plan which will change the character of the Town forever.

Communities throughout the Bay Area, California and our country believed they solved their housing problems by shoving segments of the population into dense corners of their cities with mixed results and in some cases quite abysmal outcomes leading to their short-sighted solutions being razed 40-50 years down the road.

Why on earth would the good people of Hillsborough do the same? The objective of concentrating 554 additional housing units within proximity to El Camino Real is not exactly new age thinking; it is more like following the heard. Over the last ten years, tens of thousands of housing units were constructed along the Peninsula transit corridors; the majority of those new residents still are 100% car dependent.

Instead of looking to concentrate the 554 housing units within a mile or so of El Camino, we would suggest a more interesting solution is to sprinkle the 554 units through the Town. Let private enterprise and our fine architects drive the solution. The Town could provide a helping hand by making exceptions to ½ acre lot minimums; maybe some homes when sold could be consider by developers for high-density town home style designs.

Our point is that, in our opinion, the Town's charm would be enhanced by doing whatever it takes over the next eight years to gently intersperse 554 new housing units throughout the community. This could be accomplished through both (1) construction of ADU's, and (2) promoting higher density town house/patio style homes on individual lots as developers bring forth proposals and with the Town's ARB having design approval rights.

Sacrificing the Town Hall Campus and concentrating the housing solution into a corner of the Town does not seem a prudent or democratic way to go.

Sincerely,
s/ Theresa and Peter Chartz

September 18, 2022

Dear Mayor Royse, Vice Mayor Krolik, and Councilmembers Chuang, Cole, and May:

My family has been in Hillsborough for the last 8 years. We initially moved to the city renting a home on Eucalyptus for 3 years, and ended up purchasing our home on Seabury Road 5 years ago. We have loved our time in Hillsborough and appreciate many qualities that make The Town charming, elegant and relevant. We are also very good friends with the Ulliot, and would like to reinforce Ted's letter by opposing the draft Housing Element Plan.

As I am sure, you have seen Ted's letter. I have attached it to this note as a strong supporter of his efforts to quell the HEP. We are not opposed to additional housing in Hillsborough, but believe it should have a plan that helps maintain the "unique residential community" we moved from San Francisco to receive. Our family appreciates the efforts to manage these issues, and again reiterate our "no" on the HEP.

Respectfully,

Brian & Jill Hetherington

Hillsborough CA 94010

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough's current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a "unique residential community" with a "rich history," and a "park-like setting and quiet atmosphere." Mayor Royse's message rightly states:

"Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family."

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough's unique character and heritage in meeting its RHNA/HE5 obligations. The Town's HE5 Plan, by its own explicit terms, "represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn't meet the urban norms around which the State Housing Element law was created," see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council's heritage-protecting plan was duly approved by the State.

1

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our

HE6 obligation while preserving “the rustic character and rural charm that are the hallmarks of our town” and what makes Hillsborough the “wonderful place in which to live and raise a family” that we all cherish.

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration. First, we should target the HCD-mandated 554 housing units, not a number higher than

that (which is what the Draft Plan proposes). HCD’s 554 number is already too high, representing a remarkable 12% increase over Hillsborough’s existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a “buffer” that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough’s essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

2

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD- assigned HE number. In the 2014-22 HE5 cycle, the Town’s State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed

dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

3

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial- credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

The ideas and methodology I have outlined above are one reasonable, low-impact

pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you've heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough's essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

4

Respectfully submitted, Theodore W. Ulliot

Subject: Housing Element draft and AB-2097
Date: Sunday, September 18, 2022 1:20:37 AM

This comment on the draft Housing Element supplements other comments I have filed.

As a HEAC member, I don't recall Houseal Lavigne or the town consultants discussing the progress of AB-2097 through the 2022 legislature. If they did so it was only in passing at an early HEAC meeting very early in the legislative process. As of the date I am filing this comment Governor Newsom has not signed AB-2097, but I think most observers expect him to do so within the next couple of weeks.

If members of the town council are not familiar with AB-2097, I have provided a link to the California Legislative Website at the bottom of this comment (that includes the text of the bill and the California Senate and California Assembly Analysis).

I am out of California at the moment and I wasn't able to attend the recent town council meeting but watched on Youtube. Obviously one of the major concerns about the town owned Floribunda site is parking. The WRNSStudio consultant presented slides about conceptual alternatives including the number of ground level parking spaces that could be provided (even if the town did not require underground parking).

As the California Senate analysis notes, AB-2097 prohibits public agencies from imposing or enforcing parking minimums on developments within 1/2 mile of a major transit stop.

It seems appalling that the looming passage of AB-2097 was not mentioned by the WRNSStudio, town staff or the town attorney as the commenters and town council struggled to understand the basic concepts of how the Floribunda site might affect the neighborhood.

Early in the HEAC process I had favored the development of housing on the Floribunda site but I am no expert in planning and was not tracking all the bills pending in the legislature this year.

I personally feel sandbagged by Houseal Lavigne, town staff and WRNSStudio insofar as AB-2097 will remove ability to enforce parking minimums. This is something the consultants and staff must have known about but yet were not discussing. Even if they think that AB-2097 would not apply for some reason, I think they were derelict in not mentioning their thought process about how AB-2097 would affect the site and would/would not apply.

How the WRNSStudio consultant could give a presentation to a roomful of people and Zoom attendees and not mention this and the effect it could have on his slides is beyond me.

I think a lot of attendees are going to feel sandbagged by the process here and the lack of quality information.

Going forward, if AB-2097 is signed and the Floribunda campus is built, we could have a situation where to make numbers work a developer uses AB-2097 with reduced parking there and a lot of daytime parking in neighborhoods results. Ultimately the town might be forced to have difficult decisions about whether to aggressively enforce nighttime street parking

restrictions if the residents (and their nighttime visitors) have no other place to park.

Here is a link to the official legislative website on AB-2097:

https://leginfo.legislature.ca.gov/faces/billAnalysisClient.xhtml?bill_id=202120220AB2097

Subject: Objections to Draft Housing Element Plan
Date: Saturday, September 17, 2022 7:15:51 PM
Attachments: [Ulyot Objections to Draft HE Plan.pdf](#)

Pursuant to the instructions on the Town's website, I am submitting the attached letter setting forth my objections to the Draft Housing Element Plan (dated Aug. 4, 2022).

Respectfully,

Theodore W. Ulyot
Hillsborough Resident

THEODORE W. ULLYOT

September 17, 2022

Dear Mayor Royse, Vice Mayor Krolík, and Councilmembers Chuang, Cole, and May:

I am providing these comments on, and objections to, the draft Housing Element Plan dated August 4, 2022 (“Draft Plan”) – as a Hillsborough resident since 2008. My family has been in Hillsborough since the late 1970s, when my father moved to the Town.

Although the California Department of Housing and Community Development (HCD), through the Association of Bay Area Governments (ABAG), has imposed on the Town a mandate of 554 additional housing units for the 2023-31 HE6 cycle, the Draft Plan is an unacceptable proposal for meeting that number. Among the most objectionable features of the Draft Plan are the introduction of a new three-zone scheme in place of Hillsborough’s current single-zone (RD) zoning framework; the introduction of multi-family housing to our Town; and the introduction of multi-story buildings to our residential community (including at our historic Town Hall, Centennial Park, and Veterans Memorial). If adopted, the Draft Plan would radically and irreparably change the character of our Town.

Hillsborough truly is a special place worthy of preservation. As Mayor Royse states in his Welcome Message on the Town website, we are a “unique residential community” with a “rich history,” and a “park-like setting and quiet atmosphere.” Mayor Royse’s message rightly states:

“Hillsborough strives to maintain the rustic character and rural charm that are the hallmarks of our town. We are dedicated to preserving our history, natural beauty, architectural heritage and small town atmosphere that contribute to the essential character of our community and make it a wonderful place in which to live and raise a family.”

In the 2014-22 HE5 cycle, the Council (which included current members Chuang, May, and Royse) was careful to protect Hillsborough’s unique character and heritage in meeting its RHNA/HE5 obligations. The Town’s HE5 Plan, by its own explicit terms, “represent[ed] a sincere and creative attempt to meet local and regional housing needs in a community that doesn’t meet the urban norms around which the State Housing Element law was created,” see Town of Hillsborough 2014 Housing Element (HE5 Plan) at p. 4 – and the Council’s heritage-protecting plan was duly approved by the State.

I have no doubt that Town Staff (and its consultant) worked diligently and earnestly to develop their Draft Plan. But the Staff's Draft Plan is only a draft, and it is up to the Council to make the final decision and craft the final plan to be submitted to the State. You Councilmembers – not the Staff, and certainly not the outside consultant – are the Hillsborough residents whom we elected and to whom we've entrusted the responsibility of representing, leading, and preserving our Town and its unique and historic character. With due respect, now is time for the Council to take ownership of the final decision and to show the leadership, responsiveness, and stewardship that we elected you to provide – in this case, not by deferring to Staff and consultants, but by directing the Staff to revise its Draft Plan in a manner that (1) addresses the widespread concerns and objections you've heard from the community¹, and (2) produces a good-faith, sincere, and creative proposal for satisfying our HE6 obligation while preserving "the rustic character and rural charm that are the hallmarks of our town" and what makes Hillsborough the "wonderful place in which to live and raise a family" that we all cherish.

* * * * *

As the Council considers how to craft a final plan that corrects the deficiencies and shortcomings of the Draft Plan, I submit the following key points for your consideration.

First, we should target the HCD-mandated 554 housing units, not a number higher than that (which is what the Draft Plan proposes). HCD's 554 number is already too high, representing a remarkable 12% increase over Hillsborough's existing 4000-unit housing stock – in an era when the population of California, and the population of San Mateo County, are decreasing.² The Draft Plan proposes that we should voluntarily exceed the 554-unit mandate, in the name of a creating a "buffer" that would take us to a goal of 665 new housing units for

¹ Although the HE6/RHNA process has been going on for many months, it was only with the issuance of the Staff Draft Plan in early August of this year (barely six weeks ago – at a time when many residents were enjoying the last days of summer, sending kids off to college, and so on) that the true threat to our community became clear (the prospect of zoning changes; 12-15% increase to our housing stock; multi-story buildings; dramatic transformation of Town Hall without accommodation for the Veterans Memorial; etc.). And in those short six weeks, Hillsborough residents have rallied and responded, engaging with remarkable speed and unanimity – and always respectfully – to make our voices and concerns heard, in person and in writing. The community has responded in plenty of time for the Council as our elected representatives – and community stewards – to receive and incorporate our feedback and develop a revised, creative final plan that is true to Hillsborough's essential character.

² I understand that some other jurisdictions in California have challenged their assigned HE6 numbers. To the extent it remains possible for Hillsborough to challenge our target number of 554 (and seek to reduce that number to one that more accurately reflects the current population trends), the Council should pursue such a challenge.

Hillsborough. There is no need for the Town to do this, nor is there any legal requirement that we do this. A 12% increase is more than enough. Our target number should remain (at most) 554 housing units, not 665.

Hillsborough has an exemplary track record of meeting and even exceeding its HCD-assigned HE number. In the 2014-22 HE5 cycle, the Town's State-mandated target was 91 and we hit 192 housing units actually created. Hillsborough was a model community in HE5 – not simply being one of only 38 jurisdictions in California to meet its HE5 target and plan, but more than doubling our target number. A “buffer” might represent an appropriate “best practice” for some jurisdictions – namely, those communities that fell short of their recent Housing Element plans. But not for Hillsborough, given our track record of not just meeting but indeed dramatically exceeding our HE targets.

Second, once the housing-unit target for HE6 is defined as 554 rather than something more than that, there are many paths to meeting that goal without imposing the sort of dramatic changes to our community that the Draft Plan proposes.

For starters, the Final Plan should make much greater use of ADUs, which have become increasingly popular in the Town. The Draft Plan provides for too few ADUs (only 280, based on a trailing 3-year average of 35 per year). We should take a more realistic, and current, estimate of 65 ADUs per year – which is the rate for 2021-22 (after Hillsborough in 2020 appointed an ombudsman to encourage and facilitate the construction of ADUs). There is every reason to believe that the current 65-per-year rate would continue, if not increase, with the assistance of the ombudsman and other measures to promote ADU construction. Over eight years, a 65-per year rate would, all by itself, account for 520 of the 554 housing units.

For the remaining 34 units, there are a number of paths to get there. One example: We should continue to lobby the State (see Housing Element FAQ 12) to accept some or all of our 101-unit overage from HE5. The FAQs say that the Town “is currently working with our lobbyists to petition the state” to get credit for the 101 extra units we created in HE5. Let's at least pursue that route to completion (including appeal), before fundamentally changing Hillsborough and putting our property values at risk.

Between ADUs and petitioning for retroactive credit on our HE5 overage, that gets us to 621 units, thereby substantially exceeding our HE6 allocation. Even if the State were to give us credit for only one-third of our HE5 excess (34 units of the 101 excess), that would get us to the required 554.

Because the Town can meet its HE6 target through a combination of ADUs and partial-credit for our HE5 overage, we do not need to – and should not – change Hillsborough’s zoning to add the new HD-2 and HD-3 zones, nor add multi-family housing, nor erect a multi-story building on Town property at El Camino and Floribunda – all of which are strategies proposed in the Draft Plan. Each of those steps would bring about fundamental negative change to the beauty and character of our Town, and I join many other Hillsborough residents in objecting to those proposals. Under the above strategy I have outlined, neither new zoning, nor multi-family housing, nor a Town Hall multi-story complex, would be necessary to meet the Town’s 554 target number for HE6.³

* * * * *

The ideas and methodology I have outlined above are one reasonable, low-impact pathway for the Council to devise a Final Plan that (1) addresses the widespread concerns and objections you’ve heard from the community, and (2) represents a good-faith, sincere, and creative proposal for satisfying our HE6 obligation of 554 housing units. There undoubtedly are other means of doing so – without the need for re-zoning, for multi-family housing, for multi-story apartment buildings, and the like. In addition to its natural beauty, unique history, and character, our Town is blessed with a thoughtful, engaged, civic-minded citizenry, many of whom have participated actively and respectfully in this process since the unveiling of the objectionable Draft Plan six weeks ago. Collectively, the residents of Hillsborough have stated well-founded concerns and objections to the Draft Plan and proposed a range of creative alternatives. It is now up to the Council to be responsive, listen and incorporate that feedback, and produce a Final Plan that is right for Hillsborough and protects our unique Town.

³ There are likely other means of meeting our HE6 target of 554 housing units that likewise would be respectful of, and preserve, Hillsborough’s essential character. For example, I understand that there is land near I-280 that is owned by the San Francisco PUC, which the Town might be able to annex, acquire and rezone for HE6 compliance purposes. This is the kind of option that should be fully explored before adopting radical changes to our Town.

Respectfully submitted,

Theodore W. Ulliot

Subject: OPPOSE proposed new zoning
Date: Saturday, September 17, 2022 6:37:08 PM

>

> To Whom It May Concern:

>

> We are without qualification opposed to the proposed new zoning for Hillsborough. We have been residents in this lovely community for almost 30 years. We chose Hillsborough for its significant special qualities including its privacy and lower density. These two very attributes would be severely compromised by the loosening of zoning rules currently being proposed. The very fabric and setting for Hillsborough are being placed at risk, and deliberately so, as though what the residents care about and would want to preserve does not matter.

>

> Hillsborough set itself as a special community since its beginning, for many years, and the zoning rules in place have reflected that vision as they should. It is wrong and more than unfair to change that and compromise some of the core and key qualities, especially privacy and lower density, not to mention the potential impact on schools and public services.

>

> We strongly encourage the decision-makers to reconsider this proposal.

>

> With our thanks,

Subject: Comments regarding the Housing Use Element due by September 19
Date: Saturday, September 17, 2022 3:12:47 PM

Emailed September 17, 2022

To the Town of Hillsborough Housing Element Group

The enclosed comments are in response to the public review comment period, due by September 19, 2022 in regard to the Hillsborough Housing Element. Kindly confirm receipt.
Thank you.

Sincerely,
Deborah Payne

1. Feasibility of the Town of Hillsborough using a portion of its schools and/or replacing one of the schools with a housing element.

Some cities are building teacher/staff housing on school grounds. Great idea and this concept needs to be considered by the Town of Hillsborough. Include housing for school maintenance staff, teaching assistants... Plus housing for emergency workers (fire, police, paramedics), Town employees. All provide service to the schools in some way.

With four big schools (three elementary and one middle school) accommodating under 2,000 (1)(2) students, what is actually needed now and into the future based on the size of the Town and the potential for student growth.

Is it possible to consolidate a portion of school grounds – soccer fields, tennis courts, etc. Can some current space activities be shared rather than duplicated from school to school. What is currently being used (i.e., how much is used for how many children). Hillsborough can maintain beautiful award winning schools while pitching in to meet a portion of the housing requirements.

2. Any housing development needs to be located in an appropriate area that benefits both those who currently live in Hillsborough as well as those for which the housing is developed.

The Housing diagram, found on the open house link of the Hillsborough website, shows identified properties for subdivision development. Subdividing large properties in the hills is not a good idea. In the long run it will cost more to handle safety issues, water issues, traffic congestion, wildlife concerns, potential litigation from owners.... exacerbating costs and neighborhood angst.

2.1 **Safety** is a big issue. How many people will new housing bring in and what impact will it have on roadways. Added cars on narrow windy streets, with no sidewalks and no street lighting, creates safety and quality of life problems. The cost of trying to expand roadways in steep, windy areas to get to and from housing to the freeway will be extremely challenging and also creates added problems with land slippage, imminent domain issues, etc. On Summit Drive, for example, neighbors won a suit against the Burlingame School District over added school traffic and congestion from Hoover School on Summit Drive. The Summit Drive neighbors won. It is clear that subdividing in this area will not solve the very issue that the neighbors won over the Burlingame School District. As is well known, Hillsborough was not designed for traffic especially on narrow winding roads with no sidewalks. Our Town is described as a country setting and housing was designed with that in mind.

2.2 Further, cutting into the hillside around the Hoover School located along the edge of Hillsborough, created major water drainage problems for the Town of Hillsborough and the City of Burlingame. **Water drainage issues in the Hills** are well known. Neighbors have water challenges on their own properties. Some have installed sump pumps in basements to use during the

winter season. It was evident when the school construction work was in process with large metal catch basins collecting water behind covered fencing along Summit Drive in an effort to try to hide the extent of the problem. Later with drainage problems continuing above the school, a rainstorm caused water to flow down the school driveway and flood houses at the bottom of the hill. The water drainage in place could not accommodate the deluge. Currently work continues behind the school with teacher parking having to be moved temporarily to accommodate the work needed. In a storm earlier in the year water poured from the hillside above the school covering the parking lot and the street. Simply for this reason subdividing property in the Summit area is not recommended.

2.3 Properties identified for subdividing, while appearing large in size on a map to accommodate more building, often have **buildability** challenges (artesian springs, streams and gulches, or located on inclines with the potential for slides) especially in “earthquake” country where we live and also these issues may not be easily visible. Water goes where it wants to go. In the dry season, there is little evidence of water. When it is wet, water percolates up. Plus hillsides have the potential to slide. What initially appears straightforward may instead present enormous challenges to overcome.

2.4 We need to consider **wildlife** as well. Large properties in the Hills provide vital open space for wildlife who rely on these areas for survival. There are also old growth sections that need to be preserved rather than bulldozed. Identifying what is best for the community and for our local wildlife is vital.

2.5 **Property devaluation** is a hot button and especially for properties that lie alongside developments as well as neighbors in the vicinity. How will the development be designed to benefit current Hillsborough residents. How will the housing fit into the Hillsborough community and the immediate neighborhood. Does it make sense (beyond fulfilling the need to meet housing requirements). The same goes for ADU housing and other housing options.

2.6 **Design considerations.** Important to consider sufficient green space, appropriate building designs that blend into the community (no protruding structures, limit density of buildings, limit building heights, no high rises, sufficient green zone spaces between neighbors and the new construction) -- keep the charm of the community. It is vital that these types of concerns are carefully addressed and fully vetted. Important to avoid **litigation** with potential to go on for years that could cost the Town and its citizens hundreds of thousands of dollars.

2.7 For current residents and for those with limited resources who would be the targeted new residents, it is also critical to consider the **proximity of housing** services and transportation, to work and school, and getting to critical services, such as to the doctor. Low-income housing, senior housing, housing for families with children are examples. Also important to include **maintenance** into whatever is designed and approved. This needs to be part of the agreement with a contingency to include in the approval process and costs -- clarify who is responsible for keeping the ongoing buildings and grounds well maintained and neat, free from graffiti and garbage. Also need to have a way to handle **noise**; who comes and goes and when. Is what laws/rules we have in place sufficient or is more needed. Let us develop ways to maintain the character and charm of the community for all who live here. Let us be open to what is possible while addressing carefully what needs to be done to protect the beauty and serenity of where we live.

At the meeting I attended on 9/13, I thought that I heard someone mention a possible zoning change to a 4 ft side allowance. I think that is too small. If we want to allow a 100 ft frontage for a lot (which I think would be ok) , those homes should be much smaller in square footage than the current Hillsborough home and the side lot allowance should not be less than 10 ft. I think small and less expensive homes would add diversity to our community but we do not want to lose our greenery. We need to leave space for plantings and privacy.

Thanks for your efforts
Marilyn Meier

Councilmembers, City Clerk Natusch, and City Attorney Diaz, I appreciate all the efforts you make to serve the public in Hillsborough, keeping this town such a special place for us all. I want to register my opposition to the draft Housing Element recently shared with the public. This plan is not good for the town, in my opinion. Specifically, I oppose: * Reduction in lot sizes, and other changes to our current "RD" zoning. This denser housing throughout our neighborhoods will create danger in fire and other emergency situations, destroy property values, and eliminate what makes Hillsborough special. Do not change our zoning. * Having a goal (Policy 4, Goal 4.5) to "Discourage redevelopment of sites with existing, smaller, single-family homes." This goal and its implementation will violate home owners' property rights and penalize those home owners with no compensation. Remove this goal from our plan, and do not implement it in the future. * Using such a small number of Accessory Dwelling Units (ADU's and JADU's) in the plan. Other towns are using much higher numbers of ADU/JADU's in their plans, and so should we. Add more ADU/JADU's to our plan. Many people in our town agree on these three points - I'm sure you've heard the feedback as you've been considering this plan. Please include this email in the public record and consider it on September 16 and beyond as you finalize our submission to the California Department of Housing and Community Development. Sincerely, KaiYen Mai & Ken Heath

Subject: Housing element
Date: Friday, September 16, 2022 10:01:20 PM

I am writing because I **STRONGLY OPPOSE** the draft housing element.

In particular, I do not approve of recommendations to build high density/townhomes in Hillsborough. I am a second generation resident of Hillsborough. My 2 sisters and I all went through the Hillsborough school system and all moved back when we were able to. There are many obvious reasons to move back, more important ones being the schools, the quiet neighborhoods, and sense of tradition.

By allowing townhomes and other high density dwellings completely changes the essence of Hillsborough! In addition, there will be a large increase of students. This may increase the teacher to student ratio - which is a hallmark of HSD - that is so critical for the success of our children. I'm not sure our current buildings and teachers are sufficient for the increase either. As is, we rely so much on our tax (based on our land and house values) and donations to support our schools. I don't foresee low income townhouse owners being able to contribute much financially - which will spread the existing dollars so thinly among the schools.

I also have concerns about increased traffic, need for more police patrol, and just general stress on our basic infrastructure.

Hillsborough has always been a single family residential

community - that is our history, our character, and essence.

We need to preserve what is so unique to Hillsborough. Please try to find a solution that does not take away what is truly the core of Hillsborough.

Regards,

Jenny Tsang

Subject: NO to Draft Housing Element
Date: Friday, September 16, 2022 8:23:05 PM

Absolutely no in its current form.

Hillsborough is a town, not a city, and needs to retain its town features. I will not go into my questions as to how Hillsborough ended up with its current allocation vs similar size town of Atherton (and with more population). However, there are a lot of lessons to learn and follow from their response. In general, the draft plan presented by the town council seems to be negotiating against itself - don't give away the farm, so to speak, up front - the final plan needs to be realistic and then negotiate against the housing authorities if not accepted.

- 1) **reduce current 20% buffer** - it's way too high: reduce to 10%. We are a small town. Do not think like a big city - Hillsborough does not have the ability to absorb high density housing the same way cities such as Burlingame or Millbrae and all the development along 101 in those towns are doing.
- 2) **absolutely no zoning changes (possible exception - see 4) below)**, to either lot size or minimum home size. Hillsborough is 60-70% high-fire severity zone. We do not need dense housing in the high-fire zone.
- 3) **increase ADU component** - thank you for sending out a survey on this topic specifically. A plan backed by data is a realistic plan.
- 4) **reduce height of Town Hall complex** - Five stories? Really? Reduce to height of buildings along ECR in Burlingame. This site makes the most sense to develop as it is close to public transportation (SAMTRANS, CalTrain) and not within WUI.

In summary, please do not present a plan that changes the character of the town. The current draft does that and is completely unrealistic.

Subject: Resident Opposition to Hillsborough Housing Element Draft
Date: Friday, September 16, 2022 6:08:54 PM

Mayor Royse, Vice Mayor Krolik, Council Members Cole, May, and Chuang, City Clerk Natusch, and City Attorney Diaz,

We appreciate all the efforts you make to serve the public in Hillsborough, keeping this town such a special place for the entire community.

We would also like to register our opposition to the draft Housing Element recently shared with the public, and propose an alternate approach.

IN OUR OPINION, THE CURRENT PLAN AS PRESENTED LAST WEEK WILL NEEDLESSLY:

1. Change the character of the town for the worse and negatively affect our life savings
2. Compromise further our infrastructure problems including water supply, wildfire evacuation plans, and more
3. Increase our wildfire risk from dire to unwise and catastrophic
4. Create even more danger for (increased number of) pedestrians and wildlife among our dark and winding roads, many with no sidewalks, and
5. Create hazards and nuisances due to increased traffic and projected construction

AMONG THE SUGGESTIONS TO IMPROVE THE DRAFT PLAN, WE URGE OUR TOWN TO:

1. Learn what other towns like Hillsborough are doing and engage with them to fight for our common interests
2. Eliminate the RD-1, RD-2, and RD-3 zones and the overlay zone in favor of expanding the ADU/JADU allocation
3. Get creative and practical in increasing number of units on the large parcels by adding more than one ingress/egress to meet fire evacuation requirements
4. Forswear unduly burdening so-called "transit corridor" ¼ mile within US-280 from being targeted for highest density housing

Sincerely,

Stacy and Dan de Cossio

Hillsborough

From: [Christian Sepulveda](#)
To: [General Plan](#)
Subject: comments on Housing plans
Date: Friday, September 16, 2022 5:47:10 PM

I'd like to share my thoughts on the town's proposal regarding the Draft Housing Element.

I understand that the town strives to devise a plan that satisfies state requirements, but also preserves the needs and interests of Hillsborough. It is a challenging process and I appreciate the effort.

In reviewing the plan, my primary concern is that it is hard to anticipate the consequences of changes, especially at this scale. So I advocate to enact the minimal changes.

With this in mind, I would prefer that the town focus on Accessory Dwelling Units (ADUs). There are many ADUs already in Hillsborough and I think increasing the number of ADUs would have the smallest impact on the town.

I urge the council to NOT

- change setback nor lot sizes
- create zones for apartment buildings, townhouses or similar housing types

I am glad to read about the ADU successes in the RHNA Cycle 5. I would expand on the town's support of ADUs. Besides the outreach and expediting processes being done, I would consider things like

- financial incentives and support for ADU development
- partnering with developers/contractors to enable less expensive and easier ADU construction
- explore other zone, policy, etc. changes to ease ADU applications
- first-come, first serve (with quotas) incentives to accelerate ADU applications and construction

As a practical matter, also like many residents, my home is my largest asset. I wish to preserve property values and avoid anything that could undermine them. But I also want to preserve the character of our town. Hillsborough is a unique community that my family loves.

Thank you.

Christian Sepulveda

Subject: Housing Element Concerns
Date: Friday, September 16, 2022 4:16:32 PM

All - my better half and I have serious concerns about the housing plan that has been assembled by what appears to be either biased or misguided consultants that have been used to date. Everything that I've read to date suggests that these recommendations are overly conservative, putting Hillsborough in a position where we are starting from a position of weakness in negotiations with the state.

We all love the Hillsborough community and want to protect its unique character. I strongly suggest that we take the most aggressive positions that can be justified when making our proposal to the state.

Sincerely,

Paul, Rhoda, Storm and Breeze Longhenry

From: [Brent Regan](#)
To: [General Plan](#)
Cc: [Ada Regan](#); [Ann Ritzma](#)
Subject: Comments regarding the Draft Housing Element
Date: Friday, September 16, 2022 4:04:31 PM

Greetings,

My name is Brent Regan and I am the son of Ada and Barrie Regan and trustee for the various Regan Family trusts.

I am representing [REDACTED] AKA Strawberry Hill.

I grew up in Hillsborough and lived here from 1962 to 1987. I attended North Hillsborough and Crocker schools and am well familiar with the nature and unique charm of our municipality.

I was shocked to learn of the planned high density housing options and was further shocked that the consultants had targeted Strawberry Hill to bear the majority of the planned low cost / high density housing. It seems that 50 acres of mostly undeveloped land was too tempting a feature and that the plan was not to treat all properties equally but to single out some (>10 acres) for special zoning. While I appreciate the the proposed plans are "optional" it is not unreasonable to assume that which may now be optional will, in the fullness of time, become strongly recommended or even required. While we can reasonably trust our local elected officials, who are also our friends and neighbors, to keep our interests first and foremost, we cannot reasonably expect the same from the legislators in Sacramento. Legislators who seem to see Hillsborough residents as more a resource to be exploited than constituents to be represented.

Zoning is, in effect, a contract between the municipality and the residents. It is an agreement about the future expectations for property use. Real property is often a families most monetarily valuable asset and may represent a bulk of a person's stored wealth. As such, it is imperative that the landowner's expectations for future development are known so that reasonable planning can take place. For the municipalities' part, the restrictions that are implemented as a consequence of zoning are taken in trade for certainty about future conditions. The landowner trades specific freedoms for future certainty. Changing the zoning violates this covenant unless it is with the consent of all parties. Elected officials who fail to attain consensus before changing zoning are typically rewarded by being relieved of their authority.

One solution to ensure that Strawberry Hill is treated no differently than any other parcel would be to divide the 50 acres into a number of smaller (<5 acre) parcels, thus removing the potential of spot zoning. Dividing the parcel does not cause development to be done but it does ensure and any future development is in line with the existing character of the community and cannot be the out of character high density option proposed.

One may wonder why we would take steps to limit the type of future

development that may take place on Strawberry Hill as those options may in fact be more lucrative than the traditional Hillsborough property. The reason is simple. My mother, myself, and the Regan family does want the legacy of our family name being associated with some future high density monstrosity that would be universally despised by our current neighbors.

I have taken steps to begin the division process and intend to proceed at a reasonable pace. I have instructed our engineering company to begin evaluating the various elements of the property and propose divisions that meet the existing requirements. I expect to begin the formal process with the city in the coming weeks and certainly before the end of the year. Please plan accordingly.

Thank you for your kind consideration in this matter.

Regards
Brent Regan

Subject: AGAINST APARTMENT BUILDINGS!
Date: Friday, September 16, 2022 2:39:25 PM

Dear Elected Officials,

I am VERY opposed to any multi-unit housing being built in our quaint town. One of the reasons I moved here and bought my home here is that I love the charm and quietude of an entirely residential town, with only single family homes on larger lots. Having apartments would not fit into the character of our town that we all love so dearly. I hope that you will find another way to address whatever issue this is seeking to fix.

Many thanks for your consideration,
Jenna

Subject: Opposed to the Proposed Housing Element Plan
Date: Friday, September 16, 2022 12:07:26 PM

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

We wanted to send this email to express the extreme concern that we have for the proposed housing element. My sister and I grew up in Hillsborough, attended schools here and began our own families here because we loved Hillsborough so much. The housing element affects our town's aesthetics and natural features, safety, schools, property values, traffic - basically everything that we know is affected by this plan. The reason we wanted to start our own families in Hillsborough is because it is such a special place to us and we want nothing but to preserve what prompted us to stay here. Everyone who I have had conversations with are also extremely concerned and would like to respectfully ask that the hard-working people who are in charge of representing us to please consider some of the proposed alternative plans that can still help us achieve the state goals.

One of the plans is called *Smart Housing for Hillsborough* and seems to have some excellent alternative ideas. Please do not vote for or pass the current plan that was led by an outside consultant with NO PERSONAL TIES to this special place that is home to us. We should look carefully at other towns (Atherton, Woodside) with similar profiles and consider what they've done.

Thank you for your efforts to ensure that the town of Hillsborough will not suffer from any detrimental decisions without carefully considering the feedback of its homeowners. This way we can move forward with a plan that most accept and support versus the current proposed plan.

Please let us know if there's anything we can do towards helping the town to reach an alternative plan that suits our community better.

Best regards,
Connie and Li Jiang

Thank you for all the work that you are doing to comply with the mandate from the state. I cannot support the 1/3 acre zoning suggestion as I feel it could drastically change the character of Hillsborough. Changing the zoning along El Camino to allow for more dense housing is acceptable as is limited to the “commercial” edge of town that does not influence to total character of the greater community.

I also agree with the program to allow more ADUs as those units in the main do not impact the appearance of community.

Dear Major, Council Members and City Attorney,

Yingyi and I are husband and wife living in Hillsborough with our other family members. We are writing with great concern about the Housing Element Plan for our town of Hillsborough. We want to thank you first for your hard work trying to create a plan to meet the state requirements on affordable housing. However, as currently proposed, we strongly oppose to the Housing Element draft.

- the plan, as is, is a dangerous starting point of a slippery slope and will be detrimental to the community of Hillsborough, pressuring our public infrastructure, school resources, traffic, and risk changing forever the unique characteristic of what makes the unique community.

- There is a better and more acceptable alternative strategy - we should and can follow the lead of similar towns like Atherton to focus heavily on ADUs to satisfy state requirements. Atherton removed multi-family townhomes and overlay zones from their RHNA proposal with the help of their mayor and councilwoman. We ask that you follow the plan Atherton has proposed and remove all multi-family overlay zones from the proposal

- Increase communication and community awareness of such a dramatic change to the town. We find that many of our neighbours have just become aware of this project recently, and may not have fully appreciated the consequence of proposed changes. We ask that more thorough discussions be held, and solutions put forward by the community and be considered by the council.

We appreciate your consideration, and thank you again for your dedication to our town and residents.

Sincerely,
Cindy and Yingyi

Subject: IMPORTANT - Concerns re: Current Draft Plan for Housing
Date: Friday, September 16, 2022 9:53:54 AM

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

I wanted to send an email since all of the many homeowners I've spoken to in Hillsborough along with my family are extremely concerned about the current draft plan for housing. In the 10 years that we've lived here, this is probably the most important issue that affects our town's aesthetics and natural features, safety, schools, property values, traffic. Basically everything is at stake and could be affected adversely by the current plan. There is a reason our town is such a special, beautiful and safe place to live and we hope that we can best preserve what attracted us all to move here as much as possible. As such, most homeowners are alarmed and would like to respectfully ask that the hard-working people who are in charge of representing us to please consider some of the proposed alternative plans that can still help us achieve the state goals without giving up so much.

One of the plans is called *Smart Housing for Hillsborough* and seems to have some excellent alternative ideas. Please do not vote for or pass the current plan that was led by an outside consultant with no personal ties to this special place that is home to us. We should look carefully at other towns (Atherton, Woodside) with similar profiles and consider what they've done.

Thanks for your efforts to ensure that the town of Hillsborough will not suffer from any detrimental decisions without carefully considering the feedback of its homeowners in order to move forward with a plan that most accept and support versus the current draft plan.

Please let us know if there's anything we can do towards helping the town to reach an alternative plan that protects us better.

I am reachable at [REDACTED] and [REDACTED] and am happy to help out with this effort to come up with a better solution.

Thank you for your consideration,
Kaye and James Slavet

Just to let you know that we are strongly against any proposed zoning changes in Hillsborough.

Alice & T.K. Chang [REDACTED]. Hillsborough, CA

From: [Kristie Felton](#)
To: [General Plan](#)
Subject: zoning change
Date: Friday, September 16, 2022 8:56:54 AM

Hi Hillsborough Council members,

I would like to provide comments on the proposed zoning changes:

- The conceptual plans presented at the most recent meeting by the consultant seemed very strange to me. I would have expected that if the community were contemplating an entirely new town center that we would look at ALL of the needs of the community (such as park space, a recreation hall, etc), but instead was solely focused on housing. I would expect much more discussion on the community's needs before spending money with a consultant on drawings and certainly before making any decisions.
- I recognize that there is a housing crisis in CA and in order to play a role in the solution, the town should consider all options available, however I agree with many of my neighbors who spoke at the meeting that this initiative has not been well advertised or given adequate time for public input. It feels like the zoning changes are being rushed through to minimize public visibility. Regardless of how many notifications the counsel rattled off to justify their communication plan, there are clearly many people who were caught off guard by this proposal and that should be evidence enough of a lack of awareness.

Because of these reasons I am opposed to the city making any changes to zoning. There needs to be a more comprehensive view of the town's needs and a global solution that addresses them - not a narrowly focused proposal that shoe-horns high density housing into a community of single family homes. It is obvious this is going to be a controversial topic for the community (just look at the cell phone tower saga) so let's give this issue the discussion it deserves.

Thank you for your service and consideration.
Kristie Felton

Hillsborough City Council members,

Thank you for your leadership and thank you for the opportunity to provide feedback.

Atherton is facing similar challenges and below is an article that summarizes it's draft housing element.

Can Hillsborough learn from Atherton 's housing element? Can we emulate what Atherton is proposing for the housing element?

Following Atherton's vision and lead would be my first suggestion.

In addition, I recently heard of an alternative summary proposal dealing with housing element. Would you please explore the merits of this alternative plan as well? Let 's carefully consider all ideas before adopting the housing element.

I enjoy living in Hillsborough and love to preserve it's uniqueness among neighboring cities.

Thank you again for the opportunity to provide feedback.

PHILIP E. FLEMING
[REDACTED]
HILLSBOROUGH, CALIFORNIA 94010

RECEIVED

SEP 15 2022

TOWN OF HILLSBOROUGH

Town of Hillsborough
1600 Floribunda
Housing
Hillsborough, CA 94010

We are aware the state of California has dictated that our town must provide more housing units. How many homes we have, the density, and all other matters regarding how our land is used is not for the state of California to determine. PERIOD.

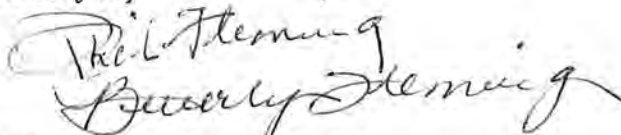

Do not change the zoning. Do not change the lot size requirements. Do not act on the dictates of other government entities.

By the way;

It is about time all existing building codes be enforced. I am especially concerned about set back violations. In particular a "fire pit" in the side set-back of my neighbors yard, a few feet from our property line UNDERNEATH OUR REDWOOD TREE.

Indications are this was done with full knowledge of our town officials and was in the original plans. It should not have been allowed, and should be removed.

Thank you,

Phil and Beverly Fleming

Thank you for your time and efforts regarding such an important issue. Please reconsider the current draft Housing Element and develop a revised plan that will first and foremost focus on retaining the unique character of our town.

We are **strongly opposed to the current draft Housing Element** and are requesting a revised plan that meets RHNA allocations by including more ADUs, does not "up-zone" the entire town nor take away owners' property rights, and most importantly preserves what makes the town of Hillsborough so very special.

Specifically, please: * do not reduce lot sizes or make other changes to the current "RD" zoning. Denser housing throughout neighborhoods will create fire danger and other potential emergency situations, destroy property values, and eliminate what makes Hillsborough an exceptional place to live. Please, do not change the zoning. * do not have a goal (Policy 4, Goal 4.5) to "Discourage redevelopment of sites with existing, smaller, single-family homes." This goal and its implementation will violate the property rights of homeowners and penalize these homeowners. Please remove this goal from the plan, and do not implement it in the future. * utilize a much higher number of Accessory Dwelling Units (ADUs and JADUs) in a final plan. Other towns are using a much higher number of ADUs/JADUs in their plans, and so should Hillsborough. Please consider adding more ADUs/JADUs to the final plan.

Overall, please add housing in a safer manner by seriously considering the Smart Housing For Hillsborough (SHFH) plan details. Do not go forward with the current draft since it will introduce hazards, create issues with resources (e.g., water, sewer, schools, etc.), and make a detrimental impact on Hillsborough's ambience forever.

Thank you for your consideration.

Sincerely,
Lisa Oliver & Erik Vee

I think this plan is horrible. It will change the town forever and not for the better but for the worse. If I were younger, I would move to Florida and get out of this state with no water, no electric power but high taxes and earthquakes and lousy state government and governor. I have lived here 40 years and had hoped to spend my remaining days here and tend my roses.

Subject: Draft housing element review comments from town residents
Date: Thursday, September 15, 2022 7:52:04 PM

Hello,

I am a Hillsborough resident along with my husband Jeff (cc'd) and I am concerned about a number of issues that are not addressed by the draft housing element. First is the fact that the town is in a high fire hazard zone. Adding more housing and the need for more parking will mean more cars will be parked on the streets, on our already narrow and windy roads. This will make it difficult for fire trucks to navigate should there be a fire.

I am also concerned about increasing traffic in our town, which was *truly not* designed with high density housing nor high density street parking in mind. I commute to South SF every day using 280, and the Hayne / Black Mountain Road intersection is already very busy, backed up, and dangerous. Increasing the amount of housing, especially near 280, El Camino, and 101, will make these intersections and traffic jams worse, meaning more noise, more accidents, and more pollution. Just the other week there was an RV that spilled diesel fuel onto the road near the Hayne / Black Mtn intersection during rush hour and adding more cars will only increase the likelihood of these kinds of accidents happening in the future.

We also have young children who will attend West School and Crocker Elementary, and this housing element will negatively impact our school communities by drastically increasing enrollment. Has consideration been paid or an analysis done on what we need to do to mitigate any negative impacts from greater resource strain due to the higher enrollment?

I appreciate the analysis that was done and the admirable goal of increasing the amount of housing our county can provide, especially to our low and fixed income residents. However, there will be unintended negative consequences and externalities that town residents will have to absorb from implementing the plan as is. Rather than just accepting it, I propose we take additional time to analyze these considerations and how we may mitigate negative consequences that the current plan will introduce - in spite of its good intentions.

Sincerely,
Shannon Coyne

 Hillsborough, CA 94010

To: [General Plan](#)
Subject: Housing Element Feedback
Date: Thursday, September 15, 2022 4:14:46 PM

I live in Hillsborough, and have been following the Housing Element with great interest.

First, I appreciate the work the town is doing in trying to balance the state mandates with our wishes as Hillsborough residents. I can understand people's frustration with the state law and I can see the town's genuine efforts to adjust our local response to the state mandates. Thank you to the planners working on this process.

Second, I have a suggestion for your consideration. I see we've been focusing so far on general use housing. Have we considered independent living facilities for the elderly and housing focused on city employees and their families?

I know assisted living facilities wouldn't count towards RHNA allocations, since those aren't full housing units. But independent living units for the elderly would count, and I think would address many of the residents' stated concerns about density, traffic, and schools.

While finding a place for my own aging mother, I learned how hard it is to find exactly that sort of housing: independent living, but with surrounding support services (nurses, aides, etc.) so the elderly can age in place rather than constantly moving as their needs increase. Given the waitlists I've experienced with my mother, it's clear much more housing of that sort is needed in the Bay Area.

Housing for the elderly and town employees seems to be a viable option for balancing residents' concerns with a genuine contribution we can make to solving some of the housing needs in the area.

Thanks for your work on this issue,

Kevin Laws

Subject: Planned Housing Element for Hillsborough Comments
Date: Thursday, September 15, 2022 4:01:49 PM

Hi

I am against proceeding with the current plan.

1. We need more time to plan and get feedback of the residents even if it means penalties.
2. The plan for the current town site on El Camino has not been thought out well. I provide Section 8 housing currently for about 60 units and will be expanding to about 100 so I am familiar with what can be expected. There is not nearly enough parking. You need more than 1 to 1 parking for this type use. There will be many visitors and many occupants per unit. Someone mentioned 3 occupants per unit Monday night. Under current law its basically unlimited occupants. We have no fault eviction currently in CA. There will be more than 3 occupants in units.
3. We should attempt to go all ADU for the required units based upon past performance in the town. We can hit the number required.
4. If possible all housing should be for sale housing not rentals if we end up having to use the Town property on Floribunda.
5. Smaller lots 1/3 acre are okay, but not some of the other proposals that came with that like reduced frontage and setbacks.

Sincerely,

Les Keyak

From: [Ken Housley](#)
To: [General Plan](#)
Subject: Comments to this "General plan changes"
Date: Thursday, September 15, 2022 3:19:27 PM

Dear city leadership team:

Do not submit the plan that has been developed by the consultants.

The reasons are many and serious as this is the greatest crisis to descend upon our town ever; and it is caused by our state government who somehow thinks that one size fits all communities. Of course, any rational/thinking person will understand that communities are far more complex. We are communities by choice-We are Not socks that stretch to all foot sizes!

Other critical reasons not to submit this plan:

- * We have no public transportation to assist the wave of lower income residents and will never have the funding it takes.

- * Property values will suffer greatly as the very nature of the town will change. Therefore, assessed values will drop and greatly affect tax revenue available for the town, county and the state. Negatively affected will be our schools, public safety, streets, and the ability of the town and county to maintain the high quality we all have worked for.

- * We cannot afford to submit the zoning change plan under the assumption that it will never happen because the city is not a developer and doesn't have the capital. The very real danger is that other deep capital parties such as the state, federal gov or wealthy parties with an agenda, will seize the opportunity knowing that the domino effect will soon allow them to buy property at ever lower cost.

- * Do not destroy our current city entry complex on Florabunda at the ECR as the construction of low income apartment blocks will accomplish little except to degrade values and lead to further decay.

Please take a strong look at utilizing ADU's as the solution. The growth numbers are there when viewed prior to the pandemic. We all agree that you must soon submit a plan to the state and ADU's are an option that we can all buy into. We understand that failure to submit a plan on time can lead to the state seizing control of our city planning. At that point we are finished as remote technocrats cannot do the great job that you have proven you can do over and over again.

Thank you,

Subject: 回复: Time is running Out

Hi, Stanley,

Thank you for letting us know the issue. My wife (owner of 1800 Forest View Ave) and her cousin's estate (1215 La Cumbre Rd) both strongly oppose to the Hillsborough Draft Housing Plan. Every community and neighborhood has and should have its own characters, and to implement universal plan such as high density housing in a single family community like Hillsborough is simply against the original wish and will of its residents who have lived, are living and consider to move here.

STOP

THE HIGH DENSITY HOUSING ELEMENT IN HILLSBOROUGH!

Call this number and say NO to the Housing Element
Resident Since 1975

- ✓ **WE ARE NOT SHORT ON HOUSING!**
In fact, San Mateo County is losing population with many residents moving out of state.
- ✓ **THERE IS AN ABUNDANCE OF APARTMENTS FOR RENT!**
In fact, many apartment rental prices are dropping in San Mateo County due to the lack of demand. This draft plan opens up a slippery slope for our town of Hillsborough.
- ✓ **PROPERTY VALUES WILL GO DOWN!**
This means less tax money collected by San Mateo County. Hillsborough is highly valued due to the fact that it consists of only single family homes, no multi unit condominiums, apartments, or townhouses.
- ✓ **WE JUST DO NOT HAVE THE RESOURCES!**
The increase in people and traffic means we would need more police presence. Public utilities like water and power are already strained with drought and power outages. Our highly rated schools will get crowded with an increase of roughly 10-25% enrollment.

WHAT YOU CAN DO!

LET OUR HILLSBOROUGH CITY COUNCIL KNOW YOU OPPOSE THEIR PLAN BY FILLING OUT THIS FORM
Or email stanleylo@greenbanker.com as soon as possible and include your address

Town of Hillsborough Housing Element Questionnaire

Hillsborough is in the process of updating the Town's Housing Element. In an effort to adequately prepare the policies and objectives, the Town is requesting public feedback from the community. The intent of the survey is to help Town staff better understand the community's housing needs and priorities as well as identify preferred approaches to meeting state requirements.

To: Hillsborough City Council

My name is Jane Armstrong, my husband Aaron and I own a property on Inverness Road in Hillsborough. I am writing to let the city council know we OPPOSE the draft housing element.

The main reason being, the character of our town would be ruined if we added high density housing. Folks move to Hillsborough for the privacy and space (we don't even have side walks or street lights to keep the traffic light) We also don't allow commercial businesses to keep traffic out of our town. Why would we then add high density housing, it seems the opposite of what Hillsborough is all about.

The city council and town should come up with a better plan, revisit the ADU additions maybe?, but the answer to build multiple high density housing units goes against the very core of our town and the original historical planning of Hillsborough.

Sincerely,
The Armstrongs

Subject: Current Draft Plan opposition
Date: Thursday, September 15, 2022 1:45:45 PM

Dear Hillsborough Councilmembers:

Initially bothered by the lack of communication and transparency with regard to the potential for the current Draft Plan to be adopted. However, I have been pleased with the recent increase in discussion around this plan as well as potential alternatives, specifically at the Open House last week. I really appreciate the work you all do for Hillsborough.

I now have a pretty good understanding of the new State mandate after reviewing the materials on the Town website and speaking with many neighbors. To be clear, I am supportive of the objective to develop more affordable housing throughout the Bay Area. However, the current Draft Plan does not accomplish this in the best way possible. We can and should do better.

Hillsborough possesses attributes that are important to properly contextualize when considering a Housing Element plan. We have no retail, no industrial, no commerce, and the town is currently zoned entirely RD-1. Unlike the vast majority of other towns fully zoned as RD-1 in California, we have very limited undeveloped land. Hillsborough also faces very high costs for both land and construction. Empirically, there are very few towns with situations similar to Hillsborough in the State. Furthermore, Hillsborough also strongly outperformed our allocation by 111% in the last RHNA5 cycle (one of very few to do so), and yet under the current legislation we receive no carry-forward credit for the excess units that we delivered.

I am strongly opposed to the current Draft Plan, which brings a one-size fits all approach to a town that is objectively, based on the data, an outlier. There is absolutely no reason to re-zone the entire town through a blanket plan that creates unnecessary complexity. Crucially, the current Draft Plan fails to articulate in any form the expected cost and impact of the proposed zoning changes on current residents. This is ill-considered and reckless.

I am supportive of a Housing Element plan that builds on our existing demonstrated strengths. Our plan should focus heavily on ADUs, where we have consistently exceeded expectations. We must engage in thoughtful, long-term planning with fulsome and transparent discussion and community engagement and appropriate consideration of the cost and impact of any proposed changes.

I want to voice my strong opposition to the current Draft Plan. There are superior alternative plans to propose to the state for our RHNA6 submission. Please include this email in the public record and consider it on September 12 and beyond as you finalize our submission to the California Department of Housing and Community Development.

Thank you for your public service,
Cayman Seacrest

Subject: Zoning
Date: Thursday, September 15, 2022 1:35:33 PM

I do not support changing zoning from R1 to R2. Multiple dwellings will definitely change the character of Hillsborough. With that said, I would be open to reduce lot size to .33 acre for the current .5 acre. This would increase the number of housing by 15 %. There are plenty of empty lots and large lots in this town. If the town encourage subdivision based on minimum lot standard, I think the town will be on track to meet state's requirement.

IMO,

Charles Ng

Subject: Stanley! Got your mail piece on Housing Element

Hi Stanley!

I received your mail piece today and **100% agree with your thoughts about this awful housing element**. In short, just like you said, **it will ruin our community**. It is not fair to our hard working citizens for all the reasons you described.

I have lived at 100 Stonehedge Road for over 30 years and enjoyed our community up until now. It has gotten crazy. I have been told that this housing element will be strictly enforced by the state lawmakers, with no exceptions. Honestly I do not believe that. We should sue the state!!!

Stanley, you have been a pillar in our community for many many years. Your reputation is well deserved. If possible, you could take the leading charge. You could use your brilliance and skill to put a stop to this and this could be your positive everlasting legacy to this community.

One idea if you must go forward with this is to take the De Guigne estate no Crystal Springs Road or Strawberry Hill, both at over 50 acres and put these homes there. Another idea is the other side of #280 near Crystal Springs golf course.

Above all Stanley, my sincere congratulations to you on a stellar career! Look forward to your reply. **MARTHA RYAN.** [REDACTED] **Hillsborough**

This plan will ruin this town forever. It will be like San Francisco, where I escaped from for the benefit of my family. If I were younger, I would move to Florida or Iowa where I once had family. People spend years working to live here as did I. It is all over \ now. They are emptying out the under bridge dwellers and moving them here. It used to be a sign of success to make it here, now it i is a sign of government meddling. I am an unhappy camper as are many others. Can we fight this with a lawsuit? H

Dear Major, Council Members and City Attorney,

We are writing with great concern about the Housing Element Plan for our town of Hillsborough. We want to thank you first for your hard work in trying to create a plan to meet the state requirements on affordable housing. However, as currently proposed, we strongly oppose the Housing Element draft.

- the plan, as is, is a dangerous starting point of a slippery slope and will be detrimental to the community of Hillsborough, pressuring our public infrastructure, school resources, traffic, and risk changing forever the unique characteristic of what makes the unique community.

- There is a better and more acceptable alternative strategy - we should and can follow the lead of similar towns like Atherton to focus heavily on ADUs to satisfy state requirements. Atherton removed multi-family townhomes and overlay zones from their RHNA proposal with the help of their mayor and councilwoman. We ask that you follow the plan Atherton has proposed and remove all multi-family overlay zones from the proposal

- Increase communication and community awareness of such a dramatic change in the town. We find that many of our neighbors have just become aware of this project recently, and may not have fully appreciated the consequences of the proposed changes. We ask that more thorough discussions be held, and solutions put forward by the community and be considered by the council.

We appreciate your consideration and thank you again for your dedication to our town and residents.

Sincerely,
Jing

Subject: comments on low-income housing
Date: Thursday, September 15, 2022 11:36:19 AM

Hello,

We are worrying that the approval of building low-income housing will completely change the safety and character of our beautiful town!

Hillsborough has a reputation as the safest town that's why we decided to raise our family here paying an extremely high price on purchasing the property, property taxes etc. It's a shame if we allow the city to force us to build those housing.

IF we have to do it, then we should limit those houses to our Hillsborough school teachers and staff only.

Warm regards,

Hoshin and Ross Hikida @ Brewer

Subject: State mandate
Date: Thursday, September 15, 2022 11:19:19 AM

Dear Hillsborough,

I have at my location in Sunnyvale and San Jose accessory dwelling units available to view. They come in different sizes and are built to the national HUD code. If this is something that can assist in securing your mandated goals, I would be happy to oblige you and those that reside in Hillsborough. I think that this is the best way to accomplish this goal and this should not infringe on the charm of the town.. As a Hillsborough resident, I would hate to see lot's doubling up with large homes. Small ADU's can offer the same occupancy that satisfies the heavy hand of the state.

Thank you

Date: Thursday, September 15, 2022 11:11:20 AM

Dear Hillsborough Housing Committee, Mayor Royce, Vice Mayor Krolak and Council Members,

First, I would like to thank you all for the hard work you have done for our town. At the last town meeting, as you can see by the turn out and feedback from our residents, the Housing Element Plan is the most important issue that has come up in the over decade that I've lived in Hillsborough.

As stated in our last letter, we oppose the current draft housing plan, and even more so after the last town hall meeting.

I humbly suggest that the committee look at the plans that Atherton, Woodside and Portola Valley have drafted, and in particular Atherton. These towns have a similar uniqueness as Hillsborough. More importantly, we need more time allowing research to be done, correct data to be used, and more citizen engagement for such an important issue for our town.

I hope we will come up with a better plan to reach the mandated housing unit goal.

Regards,
Linda and Danny Lin

Subject: Feedback on current housing element plan

Dear Hillsborough Housing Committee, Mayor Al Royse, Vice Mayor Christine Krolik, and Council Members,

We are writing to express concerns about the Hillsborough Town's draft Housing Element plan recently shared with the public. We would like to ask you not to vote for or pass the current plan that was led by an outside consultant with no personal ties to Hillsborough that is home to us. We should look carefully at other towns (Atherton, Woodside) with similar profiles and consider what they've done.

Specifically, we oppose reduction in lot sizes, and other changes to our current "RD" zoning. This denser housing throughout our neighborhoods will create danger in fire and other emergency situations, destroy property values, and eliminate what makes Hillsborough special. Secondly, we do not agree on using such a small number of Accessory Dwelling Units (ADU's and JADU's) in the plan. Other towns are using much higher numbers of ADU/JADU's in their plans, and it helped to preserve their town while meeting the state requirements.

Thanks for your efforts to ensure that the town of Hillsborough will not suffer from any detrimental decisions without carefully considering the feedback of its homeowners in order to move forward with a plan that most accept and support versus the current draft plan.

Sincerely,
Danny and Linda Lin
