AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

Introduction

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act or the “CARES Act”. The Act identified additional funding for the Emergency Solutions Grant (ESG) Program, the Community Development Block Grant (CDBG) program, and the Housing Opportunities for Persons with AIDS (HOPWA) to support preparation for, and response to, the community impacts of the COVID-19 pandemic. The distribution plan of the U.S. Department of Housing and Urban Development (HUD) for the additional funding includes multiple phases to allow for quick access to funding necessary to address the immediate crisis resulting from the pandemic.

The 2019-2020 Annual Action Plan (AP) is being amended to incorporate additional funding from HUD’s CARES Act distribution plan for the CDBG program, and to describe the State’s Method of Distribution (MOD) for the CARES Act funding in the CDBG program.

AP-30 Methods of Distribution – 91.320(d)&(k)

Introduction

The CARES Act provides HUD-administered one-time funding for the following three state-level programs:

- Emergency Solutions Grant CARES Act Stimulus (ESG-CV),
- Housing Opportunities for Persons with Aids CARES Act Stimulus (HOPWA-CV), and
- Community Development Block Grant CARES Act Stimulus (CDBG-CV).

The following amendment to the methods of distribution is for the third round of CARES Act funding for the CDBG-CV program. CDBG-CV employs a streamlined distribution method to ensure funding can be distributed and expended as quickly as possible on activities that address immediate and medium-term responses to the COVID-19 pandemic. Eligible activities must prevent, prepare for, and/or respond to Coronavirus and COVID-19.

CDBG-CV3 (Community Development Block Grant CARES Act Stimulus Program)

CDBG-CV3 funding will be distributed to all CDBG-eligible non-entitlement jurisdictions as a formula grant based on the formula prescribed in the Department's Permanent Local Housing Allocation (PLHA) program (<https://www.hcd.ca.gov/grants-funding/active-funding/plha.shtml>), which is based on the formula used for allocating the Community Development Block Grant to entitlement jurisdictions (<https://www.hudexchange.info/onecpd/assets/File/CDBG-Formula-Appropriation-Process-Transcript.pdf>). The estimated formula allocation will be provided in the CDBG-CV2/CDBG-CV3 Notice of Funding Availability at a later date. The method of distribution may change as HCD sees fit or as advised by HUD to properly address the needs addressed by the CARES Act allocation or any future special allocation. No more than 7 percent of CDBG-CV3 funding will be used to provide administration and technical assistance at the state level. These administrative funds will be deducted from the total funding available for local assistance.

A total of 13 percent of the allocation will be available to each awarded jurisdiction for program administration costs. Costs incurred in COVID-19 response prior to allocation may be eligible for reimbursement as per the CARES Act. Applicants will be asked to identify pre-agreement costs as part of the simplified application.

Allocations will be made through the state's Grants Network System and will be administered on an activity basis. Any allocations that are not claimed by the respective jurisdiction will, at the end of the application and award period, be tabulated and at the Department's discretion, used to increase awarded allocations. Grantees will be able to identify up to three activities for their allocation from the following activities prioritized for CDBG-CV funding:

- Public services to respond to COVID-19 impacts
- Public facility improvements to increase capacity for healthcare facilities
- Housing facilities for persons experiencing homelessness

- Economic development to support needs for working capital and furniture, fixtures, and equipment focusing on safety requirements

As permitted in the CARES Act, HUD has elected to waive the federal caps on public services for services that are in response to COVID-19 impacts. Grantees will be required to document that the services funded through CDBG-CV are in response to COVID-19. Any services provided that are not in response to COVID-19 will be subject to the federal 15 percent public services cap.

The Department has received waivers from the state statutory requirements that at least 51 percent of annual CDBG allocations be made available to housing and housing-related activities, and 30 percent set-aside for economic development activities. Further, the Department has waived the 50 percent expenditure rule for CDBG-CV funding. These waivers will apply only to CDBG-CV funding and will not apply to funds awarded through the 2019 and 2020 annual CDBG allocations. Jurisdictions must meet Housing Element compliance requirements as per state statute. Also per state statute 5 percent of the CDBG-CV funds will be set aside for Colonias and 1.25 percent will be set aside for Non-Federally Recognized Tribes.

The Public Facilities allocation priority for CDBG-CV is primarily for public facilities related to the provision of health and medical care, and that support housing for persons experiencing homelessness in compliance with the recommendations found at the following link: <https://www.hudexchange.info/resource/6004/covid19-systemwide-protocol-for-people-experiencing-homelessness/>. HCD will review applications for facility and infrastructure funding on a case-by-case basis to ensure activities comply with the COVID-19 impacts requirement.
