

HHAP Round 6 Regionally Coordinated Homelessness Action Plan

Section 1. Regional Identification and Contracting Information

Steps to complete this section:

1. Select the Continuum of Care (CoC) Region. The definition of "Region" is the geographic area served by a county, including all cities and the CoC or CoCs within it (HSC 50230(v)).
2. Indicate which Eligible Applicants are applying together as a region for HHAP 6 (i.e., which Eligible Applicants will administer the Regionally Coordinated Homelessness Action Plan and be signatory to the Memorandum of Understanding). Eligible Applicants for HHAP 6 are all counties, all Continuums of Care, and Large Cities.
3. For each participating Eligible Applicant, indicate whether and how the Eligible Applicant intends to contract with HCD (i.e., indicate whether the Eligible Applicant will act as their own Administrative Entity, or designate one of the other regional partners to administer their allocation and act as the Administrative Entity on their behalf).

Regional Application Participation

Continuums of Care (CoCs)

- A CoC that serves a single county **must** apply as part of the regional application with the county and any overlapping Large Cities. In this case, the CoC should select: *"Is participating in this regional application as an Eligible Applicant."*
- A CoC that serves multiple counties **must either**: apply as part of a single regional application with multiple counties and any overlapping Large Cities **or** participate in the regional application of each overlapping county and the Large Cities therein. When the CoC is participating in multiple regional applications, the CoC should select: *"Is participating in this regional application as an Eligible Applicant"* for the regional application that will include the CoC's HHAP 6 funding plan, and should select: *"Is participating in this regional application as a collaborator"* for all other regional applications they are participating in. This will help to ensure the CoC's funding plan is only collected on a single regional application.

Large Cities ("City" or "Cities")

Large Cities must apply as part of the regional application with the applicable county and CoC.

Counties

- In a CoC that serves a single County, the County **must** apply as part of a regional application with the CoC and any overlapping Large Cities.
- In a multi-county CoC, counties are **strongly encouraged** to apply in collaboration with other counties that are served by the same CoC. **At a minimum**, each County must apply with the overlapping CoC.

LA Region

All CoCs within the County of Los Angeles shall be considered part of a single region, along with the County and Large Cities within the county and therefore **must** apply together. (HSC § 50230(v)(2).)

Contracting

Each Eligible Applicant has the discretion to administer their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. The selections made in this section will indicate which Eligible Applicant will enter into contract with HCD to administer each Eligible Applicant's HHAP 6 allocation. For reference, [HHAP 6 allocations](#) are available on HCD's HHAP website.

The Administrative Entity is responsible for meeting the terms and conditions of the contract, which include, but is not limited to, contracting (when necessary) with sub-recipients, and fulfilling all monthly, annual, final, and Homeless Management Information System (HMIS) reporting requirements.

- **If you plan to contract with HCD to receive and administer only your (individual) HHAP 6 allocation**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection.
- **If you do not plan to contract with HCD and instead plan to identify another participating Eligible Applicant in the region to enter into contract with HCD to receive and administer your HHAP 6 allocation**, select: *"Identify another participating Eligible Applicant in their region to enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection. Once selected, you will be prompted to designate the Administrative Entity from a list of other Eligible Applicants in the region.
- **If you plan to contract with HCD to receive and administer multiple HHAP 6 allocations within your region**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation and allocation(s) from other Eligible Applicants in the region"* under the contracting selection.

Section 2. Documentation of Stakeholder Engagement

1. Provide the dates for which at least three public meetings were held to support the development of the Regionally Coordinated Homelessness Action Plan (Plan).
2. Describe how each stakeholder group from the list provided was invited and encouraged to engage in the Plan.
3. Describe the specific input from the public meetings that was incorporated into the Plan.
4. Certify that all participating Eligible Applicants met the process requirements for developing the Plan.

Meeting Dates

Meeting Dates	Meeting Name or Identifier (optional)
4/4/2025	EDOK CoC General Meeting
4/29/2025	Lived Experience Advisory Board
5/2/2025	EDOK CoC General Meeting
5/20/2025	Youth Action Board
6/6/2025	EDOK CoC General Meeting

Stakeholder engagement

Stakeholders	Description of how	Describe the specific input from
--------------	--------------------	----------------------------------

	stakeholders were invited and encouraged to engage in the public stakeholder process	stakeholders that was incorporated into the Plan
People with lived experience of homelessness, including but not limited to survivors of domestic violence.	Attended the Lived Experience Advisory Board May meeting with the express purpose of discussing HHAP 6.	The Lived Experience Advisory Board provided feedback on the need for winter sheltering, which was included in the feedback provided to determine budget for HHAP 6 funding as well as to support including Winter Shelters as key actions in the plan. LEAB also indicated a need to fund youth programs and programs for families with children. Youth program funding was prioritized in the budget. Additionally the LEAB recommended that the CoC lean into more Prevention/Diversion programs where overhead costs are lower. The CoC included that feedback in the budget discussion, and included funding for Prevention/Diversion programs.
Youth with lived experience of homelessness.	Attended the Youth Action Board meeting with the express purpose of discussing HHAP 6.	The Youth Advisory Board provided feedback to include more supports to youth to assist with transportation, as that has been a barrier to employment for many youth at-risk of or experiencing homelessness. This feedback was included in the budget discussion for HHAP 6, and youth prevention/diversion programming support.
Local department leaders and staff of qualifying smaller jurisdictions, including child welfare, public welfare, health care, behavioral health, justice, and education system leaders.	Local department leaders and staff are included in the email list (listserv) that is used by the EDOK CoC to send out email communications. Email was sent to the list for three of the scheduled meetings.	Feedback from this cohort of stakeholders included support for funding youth programs, which was used to prioritize youth programs in the budget. These stakeholders were represented in our stakeholder meetings, which included detailed discussion around eligible uses of HHAP 6 funding, as well as discussions to determine new key actions where service gaps exist in our communities. These stakeholders also participated in a survey that was sent to CoC members to gauge needs in the community. These survey results were included in budget decision making.
Homeless services and housing providers, including	Homeless services and housing providers are included in the	Local homeless services and housing providers participated and provided

<p>developers of permanent affordable housing operating within the region.</p>	<p>email list (listserv) that is used by the EDOK CoC to send out email communications. Email was sent to the list for three of the scheduled meetings.</p>	<p>feedback on the need for youth programs in the region, including Youth Prevention and Diversion programs, support to youth shelters, and the continuation of Youth transitional housing programs. Youth programming was prioritized in the budget, and youth programming was included as key actions in our Plan.</p>
--	---	--

<p>Each Medi-Cal Managed Care Plan contracted with the State Department of Health Care Services in the region.</p>	<p>Medi-Cal Managed Care Plans have representation on the CoC Board</p>	<p>The MCP's in our region participated in the CoC and Stakeholder meetings, but did not provide any specific feedback that was used in developing the action plan.</p>
--	---	---

<p>Street medicine providers, victim service providers, and other service providers directly assisting people within the region experiencing homelessness or at risk of homelessness.</p>	<p>Street medicine providers, victim service providers, and other homeless services providers are included in the email list (listserv) that is used by the EDOK CoC to send out email communications. Email was sent to the list for three of the scheduled meetings.</p>	<p>This cohort of providers expressed the need to continue to operate and fund existing shelters in the region, given the restrictions in Federal Funding and lower than expected State funding availability for homeless programs. Funding for existing interim housing programs were prioritized in the budget.</p>
---	--	---

<p>Federally recognized tribal governments pursuant to Section 4103 of Title 25 of the United States Code that are within the region.</p>	<p>EDC reached out to the Tribal Team from HCD to get information on what Federally recognized tribes were in our region. They responded that the only Federally Recognized Tribe is the Shingle Springs Band of Miwok Indians, and provided two email addresses. We subsequently reached out directly to another contact at the Tribe, invited them to attend our stakeholder meetings and included them on our CoC mailing list for further involvement in CoC discussions and activities.</p>	<p>This stakeholder group was unable to attend any of the scheduled stakeholder meetings, but asked to be included in future CoC meeting mailings.</p>
---	--	--

Describe any other input from public meetings not captured above that was incorporated into the Plan.

Documentation of Stakeholder Engagement Narrative - Stakeholder Input
 N/A

By checking this box, I certify that all participating Eligible Applicants met the public meeting process requirements in statute (HSC Section 50240(d) and (e)) and in the [HHAP 6 NOFA](#) in developing the Regionally Coordinated Homelessness Action Plan, documented in Section 2 of this regional application.

I certify under penalty of perjury that all of the information in Section 2, above, is true and accurate to the best of my knowledge.

Open

Section 3. Regionally Coordinated Homelessness Action Plan

Applicants must submit a Regionally Coordinated Homelessness Action Plan (Plan) that fully complies with HSC section 50240(c). This Plan shall lay out a strategic approach to address homelessness within the region, emphasizing collaborative efforts among participating applicants.

In developing the HHAP 6 Regionally Coordinated Homelessness Action Plans, regions should build upon their approved HHAP 5 Regionally Coordinated Homelessness Action Plans. This means regions should leverage and update information from their approved HHAP 5 Regionally Coordinated Homelessness Action Plan in corresponding sections of the proposed HHAP 6 Regionally Coordinated Homelessness Action Plan.

Regional Roles, Responsibilities, and Housing and Homelessness Service Policies

3.a. Regional Partners' Roles and Responsibilities

3.a.1. Outreach and Site Coordination

Eligible Applicant	Describe roles and responsibilities in outreach to individuals experiencing, or at risk of experiencing, homelessness in the region, and in coordination on citing of services, shelters, and interim and permanent housing in the region
El Dorado County	<p>El Dorado County Health and Human Services Agency (HHSA) is the County agency under which several divisions: mental and behavioral health, substance use disorder, social services, public health, and community services- including the Housing and Homelessness unit are housed. Services through these divisions are provided by HHSA staff or contracted providers in the community. These connections provide The Housing and Homelessness Services Unit (HHSU) with knowledge and a wide range of referral contacts to easily coordinate services.</p> <p>As the Administrative Entity (AE) for the CoC, HHSA administers contracts on behalf of the CoC, including the Coordinated Entry System (CES) contract with the local nonprofit organization, Tahoe Coalition for the Homeless (TCH). TCH provides HUD-required CES services including access, assessment, prioritization, and referral for those experiencing homelessness or those at-risk of homelessness. The CES, known as Front Door, offers multiple in-person access points spanning the region and a telephone access point. As HHSA Social Workers perform outreach in the region, they refer all persons at risk of or experiencing homelessness to the Front Door CES for intake. They provide both the phone number and the schedule of physical access locations to quickly get them assessed and placed on the By Name List (BNL) for referral to programs.</p>

TCH hosts and coordinates regular case conferences bringing together agencies, jurisdictions, educators, health-care professionals, and other support professionals to coordinate rehousing opportunities and reduce barriers for persons experiencing homelessness. HHSA Social Workers participate in these case conferencing meetings and collaborate closely with housing programs administered in HHSA for eligibility and referral. Having those close partnerships with other programs allows for better transitions between programs and for follow up care.

In 2022, the County of El Dorado Board of Supervisors, in coordination with the County Facilities Department, HHSA and the CoC, approved the development of the county's first low-barrier housing focused temporary Emergency Shelter/Navigation Center (Nav Center) in a county-owned building. Opened February 7, 2023, the Nav Center's primary focus is on encampment abatement. With the opportunity of shelter services in the community, HHSA, Law Enforcement Officers (LEOs), local non-profits, and the CoC created an encampment outreach plan. The outreach plan has buy-in from local law-enforcement jurisdictions and includes appropriate LEOs based on the jurisdictional location of the encampment, coordinated entry, local congregate meal site providers, street outreach providers, rehousing services providers, and HHSU. This wrap-around approach provides trusted connections to persons and services with whom those in encampments are already familiar. If there is encampment abatement required, law enforcement posts the notice of intent to abate and refers persons to service providers for options.

The first time this encampment outreach plan was utilized was in response to a Caltrans request for abatement assistance for the largest encampment in El Dorado County, located on State Highway land. In February 2023 when the 60-bed navigation Center opened, the "Upper Broadway" encampment was inhabited by approximately 58 persons and multiple dogs and cats. For approximately one month, near daily outreach was performed to strengthen trust and understanding about the Navigation Center culminating in the encampment abatement on February 27th, 2023. Ongoing outreach to encampments is conducted with collaboration between Law Enforcement Homeless Outreach Teams and HHSA Social Workers. Outreach is planned so that there are available beds in the Nav Center to offer to persons encountered during the outreach. HHSA Social Workers also collect information to determine eligibility for other services, to place people on referral lists for other programs and services, and to remain in contact for future needs.

The Nav Center also receives referrals from CES with priority given to the most vulnerable on the BNL. Ninety percent of beds are set aside for referrals from persons in encampments within El Dorado County and 10% are designated CoC beds prioritized for persons with the highest vulnerability assessment score from the CES. While these populations often overlap, CoC has a guarantee of 10% of beds for CES referral. All participants must have a certification of homelessness at admission which can be completed either by Law

Enforcement, the Coordinated Entry provider, a Street Outreach worker with knowledge of the encampment, another person with knowledge of the person's homelessness, or by self-attestation.

The contracted shelter operations provider, Volunteers of America (VOA), have staff on site 24 hours per day at the Nav Center and coordinate and connect an array of housing and case management services, with the goal of permanent housing solutions for all participants. The Nav Center is supported by approximately thirty agencies to include HHSA divisions to provide personalized supportive services that include mental and behavioral health services, life skills classes, recovery assistance, and employment preparation. HHSU provides on-site intensive rehousing case management services, and other referrals as needed. The non-profit organization, The Upper Room, is contracted to provide continental breakfast, sack lunches, and hot dinners each day. As a commitment to being low barrier, the Nav Center has room for pets.

El Dorado County Sheriff's Office Homeless Outreach Team (HOT) provides outreach in the community and referrals to the Navigation Center. The HOT team works collaboratively with EDC HHSA Social Workers to provide outreach to encampments throughout the region. Additionally, the EDC Psychiatric Emergency Response Team (PERT) is a partnership between EDC Behavioral Health and El Dorado County Sheriff's Office to provide crisis response, emergency assessment, intervention and referrals to individuals experiencing a mental health crisis. PERT services are intended to stabilize and resource a crisis in the field to reduce unnecessary incarceration or hospitalization.

El Dorado County CoC

El Dorado Opportunity Knocks (EDOK) Continuum of Care (CoC) Board has twenty-two seats, each specified for representation from a broad array of experiences, service providers, and jurisdictions, including but not limited to: Persons with Lived Experience; Black, Indigenous, People of Color (BIPOC) Representatives; Youth with Lived Experience; agency homelessness assistance providers; domestic violence agency; faith-based providers; government representatives including city, county, and law enforcement; an educational representative including McKinney-Vento; and organizations serving veteran populations. The CoC Board meets at least eight times per year to discuss programs and allocate available resources to serve persons experiencing, or at risk of homelessness.

Over the past seven years, the community has developed the infrastructure of the CoC, implemented a CES known as Front Door with the local nonprofit Tahoe Coalition for the Homeless (TCH), has transitioned its programs to prioritize stable housing as the first step in supporting individuals, and is increasing the capacity of local services providers, including identifying available funding and additional services or programs that may be needed in the region.

Front Door provides a single access point for all people seeking homeless services in El Dorado County. Persons entering the CES

are assessed for vulnerability and prioritized for services using the Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT). Once assessed, they are added to the CoC's By-Name List (BNL) – a central list (able to be sorted by prioritization set by programs requesting referrals) of individuals experiencing homelessness who have sought shelter or rehousing assistance through the CES. TCH monitors the BNL and using principles to prioritize housing, makes referrals to programs based on program eligibility and local prioritization, and exits people from Coordinated Entry once they have been housed. TCH hosts and coordinates regular case conferences bringing together agencies, jurisdictions, educators, health-care professionals, and other support professionals to coordinate rehousing opportunities and reduce barriers for persons experiencing homelessness.

The CoC advises on policies for determining priority and preference for referral to services. For example, the CoC has a Memorandum of Understanding (MOU) with the EDC Public Housing Authority that prioritized households experiencing homelessness for the Emergency Housing Voucher (EHV) program and recently passed a limited preference and moving on policy. Additionally, operations of the Nav Center specifies 10% of the beds in the shelter will be filled with CoC referrals from Coordinated Entry, with priority given to the most vulnerable according to their assessment. The CoC worked diligently with the County and VOA to ensure that the EDC Navigation Center is housing-focused; that it not only provides services focused on moving people into stable housing, but is also low-barrier, allowing pets, storage for personal belongings, and the like. The CoC has multiple committees that focus on coordinating outreach to individuals experiencing homelessness. One such Committee recently began examining how the delivery and location of homelessness services across the region may create or reinforce disparities for communities of color. Recognizing that access to housing and services can be significantly impacted by geography, transportation, and historical patterns of exclusion, the committee is initiating an analysis to assess whether current service locations equitably reach underserved populations. This analysis will inform recommendations to improve the siting and accessibility of services, ensuring that equity is intentionally considered in all aspects of service planning and resource allocation.

Outreach to youth experiencing, or at risk of experiencing, homelessness in the region is a coordinated effort led by the El Dorado County Office of Education in collaboration with local youth service providers, including New Morning Youth & Family Services and Tahoe Youth & Family Services. These organizations, along with the Youth Action Board (YAB), play a critical role in identifying the needs of youth in the community and informing the design and delivery of appropriate services, as well as the siting of interim and permanent housing.

The YAB, which is an official part of the CoC structure, ensures that the voices and lived experiences of young people are integrated into

decisions regarding the location and type of services and housing offered. Partners meet regularly to assess service gaps, review data, and provide feedback on the use of local and state funding to ensure resources are directed where they are most needed.

Additionally, the McKinney-Vento liaison provides valuable insight into the needs of youth and families experiencing housing instability, with a strong emphasis on the urgent need for both housing and support services and their location.

This collaborative structure supports coordinated decision-making around the siting of shelters, interim housing, and permanent housing, ensuring that services are equitably distributed and responsive to community needs.

The City of South Lake Tahoe coordinates with a variety of partners locally and regionally. The City implements a housing inspection program of Multifamily Development projects with six units or more and all SRO properties. In addition, the city operates a Housing Hotline where tenants can report substandard housing conditions, prompting the city to conduct an inspection. If validated, the city works with the property owner to address the issues to ensure all outstanding issues are resolved. The City is also tracking civil issues related to California Tenant Protection Act and will address egregious civil issues. Many residents also call the Housing Hotline for local resources and the Housing Coordinator will regularly connect the individual or family with local resources, including warm handoffs to Tahoe Coalition for the Homeless. The City also began implementation of the South Tahoe Alternative Collaborative Services (STACS) program in 2020. This program is implemented by the City of South Tahoe Police Department where one officer is dedicated full-time to addressing mental health and other issues related to homelessness. This program includes heavy collaboration between local and regional partners for referrals and getting individuals and/or families housed.

Staff conduct regular outreach about programs, policies, and support to individuals and families facing housing challenges and instability. City staff held five quarterly Housing Community Office Hours meetings in 2024 throughout the community to foster relationships, discuss programs, assist residents with services, and hear challenges and solutions from the community. Staff assist individuals to complete applications for affordable housing or make appropriate referrals for other services. Staff conducted a webinar for about 30 regional partners about their Rental Assistance Program to support security deposit and application fees for individuals or families at 80% of Area Median Income and below. City Council approved a Pay for Success program with Live Violence Free, who serves survivors of domestic violence, with a \$40,000 grant for collaborating on referrals from City Police, Fire, and Housing, which reduce overall costs to the City's budget for keeping people housed and rapid rehousing programs.

3.a.2. Siting and Use of Available Land

Eligible Applicant

Describe how the Eligible Applicant will coordinate efforts to identify and promote use of available land for the production of interim or permanent housing in the region

El Dorado County

El Dorado County coordinates efforts to identify and promote the use of available land for the production of interim and permanent housing through a comprehensive, collaborative strategy guided by its adopted Housing Element. This approach includes coordinated planning among County departments—specifically the Planning and Building Department’s Long Range Planning Division, in partnership with the Health and Human Services Agency, Department of Transportation, Environmental Management Department, Chief Administrative Office, and Economic Development. Together, these entities ensure that land use planning aligns with identified housing needs and existing infrastructure capacity.

To support regional housing goals and comply with state mandates, El Dorado County also actively collaborates with external agencies such as the Sacramento Area Council of Governments (SACOG), the Tahoe Regional Planning Agency, and the California Department of Housing and Community Development. These partnerships are critical in aligning local efforts with broader regional and state housing strategies.

The County maintains and routinely updates an inventory of land suitable for residential development, including both vacant and underutilized parcels. This inventory is carefully analyzed in terms of zoning, access to infrastructure and services, and development feasibility, ensuring a robust pipeline of land options for interim and permanent housing projects throughout the planning period.

Through these coordinated internal and external efforts, El Dorado County is committed to facilitating the development of housing at all income levels and across housing types, including interim and permanent solutions, to meet its Regional Housing Needs Allocation (RHNA) and support the region’s broader housing objectives.

El Dorado County Health and Human Services Agency (HHSA) encourages and supports local entities and other County departments to create interim and permanent housing solutions in the region. In 2019, HHSA applied for No Place Like Home Noncompetitive and Competitive funding allocations with Mercy Housing California (Mercy Housing) as the Development Sponsor. In accordance with the Notices of Funding Availability (NOFA), Mercy Housing’s project will provide permanent supportive housing for persons who are experiencing homelessness, chronic homelessness or who are at risk of chronic homelessness and need mental health services. The project, a sixty-five-unit new construction multi-family housing complex will serve households with incomes ranging from twenty to fifty percent of the Area Median Income (AMI). The project is scheduled for completion in July 2026. EDC Public Housing Authority has provided 10 Project Based Vouchers (PBV) for this project, and HHSA has committed to provide mental health supportive services to each NPLH tenant in those PBV units for the period of 20 years and

will coordinate the provision of or referral to other services in accordance with the County's relevant supportive services plan.

HHSA worked with the County of El Dorado Board of Supervisors (BOS), County Facilities, and the CoC in 2022 to identify a vacant County-owned building for use as a sixty-bed temporary Nav Center. Simultaneously, available county-owned vacant land was identified and approved for investigation for suitability for a sixty-bed permanent El Dorado County Emergency Shelter/Navigation Center. As the development and construction phase of the permanent Navigation Center continues, HHSA has been tasked with securing supplemental funding for construction and long-term operations, releasing competitive bidding opportunities for those operations, and executing contracts with the housing and homeless service providers that will be needed.

The Public Housing Authority (PHA) is a legal entity under the umbrella organization of the El Dorado County (EDC) HHSA Community Services Division, and the Housing and Homelessness Services Unit. The PHA operates under federal guidelines from the U.S. Department of Housing and Urban Development (HUD) to provide the Housing Choice Voucher (HCV) program (formerly known as Section 8 housing). The PHA's mission is to provide safe, adequate, and sanitary housing conditions for very low-income families and to manage resources efficiently. In March of 2023, the PHA released a Request for Proposal (RFP) to solicit property owners and/or property developers to make County-located affordable rental housing available to lower income individuals and their families through their participation in the Project Based Voucher (PBV) Program. In October of 2023, the County BOS approved the PBV awards to the successful proposers.

The El Dorado County awarded forty-four PBV's to new construction projects with a focus on low-income housing. These PBV's are used as development incentives and leverage to increase future funding by demonstrating net available annual income. The PHA's goal was to not only guarantee units for low-income households in what has been a volatile market over recent years, but also to increase the total volume of affordable housing to the county.

El Dorado County CoC

The EDOK CoC Board includes members of the region that are actively engaged in activities to coordinate and promote the use of available land for the production of interim and permanent housing. Members include representatives from both cities in the region, City of Placerville and City of South Lake Tahoe, and a service provider that owns and operates Project Homekey properties, Tahoe Coalition for the Homeless.

Tahoe Coalition for the Homeless (TCH)

TCH was a co-applicant with Tahoe Regional Planning Agency in 2020 to apply for California Housing and Community Development's (HCD) Project Homekey funding. TCH was successful in their

application and were able to acquire three motels in the City of South Lake Tahoe, totaling 72 units and a facility with 14 beds that could be used as a shelter. The City of South Lake Tahoe applied for \$505,632 in Community Development Block Grant Coronavirus (CDBG-CV) 2/3 funding from HCD to sub-grant the funds to TCH for the rehabilitation and conversion of the Bear's Den property (2250 Lake Tahoe Blvd.) from a hotel to residential use.

On November 15, 2023, HCD informed current CDBG-CV grantees that a small amount of unclaimed funding is available for construction projects that have experienced unanticipated cost increases that can be substantiated and documented. On February 13, 2024, City Council approved Resolution 2024-020 approving an amendment to the Standard Agreement issued under the 2020 CDBG-CV. On October 25, 2024, the City received an award notification from HCD that the amendment was approved for an additional allocation of \$1,286,038 of unused CDBG CV 2/3 funds. In addition, the City applied to the HCD Prohousing Incentive Program (PIP) and awarded TCH an additional \$120,000 in funds to be used on the rehabilitation at any of the three acquired Project Homekey properties for the full conversion from hotel use to residential use. The three properties are all deed-restricted affordable housing serving targeted population at 30% and below of the Area Median Income.

City of Placerville

The City of Placerville develops and implements goals, policies, and action plans related to community issues such as housing, land use, resource conservation, open space, transportation, and circulation. To address the community conditions and housing needs, the City has adopted actions to facilitate the development of housing to meet the City's regional housing needs allocation, programs to assist in the production and rehabilitation of a wide range of housing and shelter, and programs that establish supportive services for all income levels and special needs groups.

Goal A of the City's 6th Cycle Housing Element states that the City will provide adequate sites to meet future housing needs and the City's share of regional housing needs (RHN). Policy A-1 mandates the annual maintenance of an inventory of vacant residential sites. Furthermore, under the Housing Element Implementation Programs, Program A-2 stipulates that the City shall approve density bonuses for affordable housing and actively promote infill development and property re-use opportunities, with the objective being the facilitation of development of housing across all household income levels.

The City shall pay specific attention regarding site inventory that would accommodate housing development for households affordable at the extremely low-, low- and moderate-income levels to ensure the RHN can be reached over the planning period. The City will rezone lands if necessary to ensure remaining RHN needs are met during the planning period.

City of South Lake Tahoe

The City of South Lake Tahoe is responsible for current and long-range planning activities to implement the General Plan. This includes reviewing and permitting development activities to ensure new development and redevelopment projects are consistent with the General Plan, Area Plans, Title 6 of Development Services City Code. This also includes design guidelines, state Building Code, Federal, State, and Local environmental regulations. The Housing Division also supports affordable housing development, Housing Inspections of SRO and Multifamily Development properties and maintains a Housing Hotline for substandard housing conditions. In March 2024, the City of South Lake Tahoe was awarded the Prohousing Designation by HCD which exemplifies their commitment to going above and beyond in streamlining and innovation for housing opportunities across the spectrum. By adopting the Housing Element, the City Council has adopted numerous policies that seek to advance the development of housing across the income spectrum. Furthermore, the City Council has taken additional actions that streamline zoning and land use planning, accelerate production, reduce costs, and provide financial subsidies for housing projects.

The City of South Lake Tahoe is the typical local government partner within city limits for affordable housing projects supported through grant applications, grant compliance and allocation of funding (from the City and State, Federal Sources), permitting, building inspections and compliance, partnerships with the developer for successful implementation. The City adopted the 6th Cycle Housing Element on June 21, 2022, and has remained in compliance with the annual submission of the Annual Progress Report to HCD. The City of South Lake Tahoe's 2022-2027 Housing Element provides a list of vacant property sites that are developable, and the City maintains that list annually. The City is on track to exceed their Regional Housing Needs Assessment (RHNA) numbers for the affordable units with the 2024 total number of permitted units at 129, exceeding RHNA at 120 units. The City has permitted 5 units of moderate-income units of RHNA versus the 42 units targeted.

One of the Housing Element goals is to work with State and Federal partners to identify land for housing development. The City worked with the state to identify state lands eligible under State of California Governor Newsom's Executive Order N-06-19 to address California's affordable housing crisis by focusing on excess state-owned property. The City is currently partnered with Related CA and St. Joseph Community Land Trust to build the largest affordable housing project in the Tahoe Basin, named Sugar Pine Village, at a total of 248 units. This project is being developed on state-owned land under N-06-19 and will serve individuals at 80% and below of the Area Median Income. The City is working with Novin Development and SMR Development on another 75-unit affordable housing project at 3900 Lake Tahoe Boulevard. This property was formerly owned by the South Lake Tahoe Redevelopment Successor Agency and was filed as surplus land and went through the Surplus Land Act process to be available for housing development.

The City has also recently updated two area plans and is working on a third area plan that provides development standards that are more consistent with the current housing development environment. These area plans allow development to occur ministerially and support all income levels of housing rehabilitation, redevelopment, and new construction. The area plans and residential codes in the City also facilitate the development of Accessory Dwelling Units (ADUs). In 2024, the City adopted an Ordinance amending South Lake Tahoe City Code for ADUs. Multiple new state laws regarding ADUs became effective on January 1, 2024 that require updates to City Code, thereby, staff updated the ADU Guide to reflect the updated City Code. In June of 2024 the City released a Request for Proposal RFP to procure a consultant to develop preapproved ADU plans. A consultant was selected in November 2024 and the preapproved ADU designs are projected to be completed in 2025. Staff identified the use of Permanent Local Housing Allocation PLHA Formula funds to be used. The City of South Lake Tahoe also provides policy recommendations to regional jurisdictions to reduce barriers to the development of affordable and multifamily housing. The City is proactively working with development, nonprofit and governmental agencies to incentivize properties for development throughout the region.

Tahoe Regional Planning Agency (TRPA)

TRPA receives direction on decisions from a fifteen-member Governing Board and a twenty-one-member Advisory Planning Commission, as well as many stakeholders and members of the public. TRPA identifies key regional challenges, collaborates to foster common understanding of the problems, and creates broadly shared visions for solutions. The agency has several key strategic priorities which reflect the agency's commitment to the Lake Tahoe region, including increasing diverse housing options and plan strategies to address and end homelessness.

In December 2023, the TRPA Governing Board approved a package of affordable and workforce housing incentives to help address the housing crisis. The targeted changes to Lake Tahoe zoning regulations will lower the cost to provide affordable and workforce housing, benefit water quality, and reduce traffic and vehicle use.

The City of South Lake Tahoe played a significant role in TRPA's receipt of \$2.14 million from the California Department of Housing and Community Development's Regional Early Action Planning grant 2.0, Higher Impact Transformation grant to integrate equity, housing choice and affordability and environmental benefits into TRPA's Regional Plan. City staff provided guidance to ensure equity is incorporated into TRPA code and overall policy to streamline housing. One proposed grant outcome is to streamline the TRPA environmental review process for multifamily projects. Currently, multifamily projects may receive a CEQA categorical or statutory exemption, but the project is still required to go through the TRPA

environmental checklist process.

3.a.3. Development of Shelter, Interim and Permanent Housing Options

Eligible Applicant	Describe your engagement with housing developers, including developers of permanent supportive housing, to coordinate the financing of interim and permanent housing
El Dorado County	<p>El Dorado County actively engages housing developers, including those specializing in permanent supportive housing, to coordinate the financing of both interim and permanent housing through a multifaceted approach outlined in its 2021–2029 Housing Element.</p> <p>The County's Affordable Housing Programs, a division of the Planning and Building Department (PBD), administer various financial assistance programs aimed at facilitating affordable housing development. These include low-income loan programs for first-time homebuyers, housing rehabilitation loans, and fee waiver programs for lower-income households to reduce, defer, or waive building and traffic impact fees.</p> <p>The County's Affordable Housing Task Force (AHTF) was established by the Board of Supervisors in 2024. The purpose of the AHTF is to assist staff in gathering data, information and best practices along with input from subject matter experts and the public related to affordable housing matters. Recommendations made by the AHTF include development of an Affordable Housing Ordinance and strategies to support and contribute to the supply of affordable housing in the region.</p> <p>El Dorado County collaborates with developers by providing resources and support to navigate the development process. This includes assistance with site identification, understanding zoning regulations, and accessing available financial incentives. The County's proactive engagement ensures that developers are well-informed about opportunities and requirements, fostering an environment conducive to the development of interim and permanent housing solutions.</p> <p>The County's efforts are aligned with state and regional housing goals, ensuring that developments contribute to the broader objectives of increasing affordable housing availability. By maintaining a compliant Housing Element, El Dorado County positions itself to leverage state and federal funding opportunities, further supporting developers in financing housing projects.</p> <p>On April 24, 2023, El Dorado County PBD was awarded Permanent Local Housing Allocation (PLHA) Program funding in the amount of \$3,150,000 for a new construction project providing affordable rental housing. The project, Diamond Village Apartments, is an affordable multi-family housing development consisting of 81 units with a mix of one-, two-, and three-bedroom apartments designed for eligible</p>

households, and began leasing in spring of 2025. PBD has partnered with Mercy Housing California for its construction. In addition, PBD secured \$1,498,000 in funding for the project from the Community Development Block Grant (CDBG) Affordable Housing Loan Program. El Dorado County HHSA has the primary responsibility of facilitating operations at the County's Navigation Center and provides County staff and County subcontractors to perform the services. Open to participants since February 7, 2023, the Navigation Center provides an interim housing solution to adults experiencing homelessness in El Dorado County. Case managers at the site provide services necessary for the participant's placement into permanent housing, including assistance with and referrals to behavioral, social and community services.

HHSA works in collaboration with the CoC, other County departments, and local jurisdictions to apply for and leverage new state and federal funding for the continued provision of interim housing and permanent housing development, and to date has been awarded:

- Over \$6 million in Homeless Housing, Assistance and Prevention (HHAP) CoC and County funds, Rounds 1 – 5.
- Over \$3 million in No Place Like Home (NPLH) funding in 2019 for permanent housing for individuals who are homeless or at risk of homelessness and in need of mental health services.
- Over \$750,000 in California Emergency Solutions and Housing (CESH) funding in 2018-2019.
- Over \$1.5 million in Project Roomkey and Rehousing Emergency Funds in 2020-2021.
- \$1.5 million in Homeless Emergency Aid Program (HEAP) funds in 2019-2020.
- \$1,653,000 in ESG COVID Relief Act (ESG CV) funding and an additional \$200,000 of ESG funding in 2024.
- Over \$2 million in PLHA funding

In 2019, HHSA applied for NPLH Noncompetitive and Competitive funding allocations with Mercy Housing California (Mercy Housing) as its Development Sponsor. In accordance with the NOFA, Mercy Housing's project will provide permanent supportive housing for persons who are experiencing homelessness, chronic homelessness or who are at risk of chronic homelessness, and in need of mental health services. The new construction project, a sixty-five-unit dwelling serving incomes ranging from twenty to fifty percent below the AMI, is scheduled for completion in July 2026. EDC Public Housing Authority has provided 10 Project Based Vouchers (PBV) for this project, and HHSA has committed to provide mental health supportive services to each NPLH tenant in those PBV units for the period of 20 years and will coordinate the provision of or referral to other services in accordance with the County's relevant supportive services plan.

The Public Housing Authority (PHA) is a legal entity under the umbrella organization of the El Dorado County HHSA Community Services Division, Housing and Homelessness Services Unit. The PHA operates under federal guidelines from the U.S. Department of Housing and Urban Development (HUD) to provide the Housing

Choice Voucher (HCV) program (formerly known as Section 8 housing).

In March of 2023, the PHA released a Request for Proposal to solicit property owners and/or property developers to make County-located affordable rental housing available to lower income individuals and their families through their participation in the Project Based Voucher (PBV) Program. In October of 2023, the County BOS approved the PBV awards to the successful proposers.

The County of El Dorado awarded forty-four (44) PBV's to new affordable housing construction projects. These PBV's are used as development incentives and leverage to increase future funding by demonstrating net available annual income. The PHA's goal was to not only guarantee units for low-income households in what has been a volatile market over recent years, but also to increase the total volume of affordable housing to the county.

In addition to PBV's, the PHA has issued 69 Emergency Housing Vouchers (EHV). The PHA also engages with the US Department of Veterans Affairs (VA) to provide VA Supportive Housing Vouchers to homeless veterans. The PHA has a strong relationship with area landlords and is regularly engaging new landlords and property management groups to strengthen housing opportunities.

El Dorado County CoC

The EDOK CoC Board includes members of the region that are actively engaged in activities with housing developers, including developers of permanent supportive housing, to coordinate the financing of interim and permanent housing. Members include representatives from both cities in the region, City of Placerville and City of South Lake Tahoe, and a service provider that owns and operates Project Homekey properties, Tahoe Coalition for the Homeless.

Tahoe Coalition for the Homeless (TCH)

TCH was a co-applicant with Tahoe Regional Planning Agency in 2020 to apply for California Housing and Community Development's (HCD) Project Homekey funding. TCH was successful in their application and were able to acquire three motels in the City of South Lake Tahoe, totaling 72 units and an additional (or use "which include" as applicable) 14 beds that could be used as an emergency shelter. The City of South Lake Tahoe applied for \$505,632 in Community Development Block Grant Coronavirus (CDBG-CV) 2/3 funding from HCD to sub-grant the funds to TCH for the rehabilitation and conversion of the Bear's Den property (2250 Lake Tahoe Blvd.) from a hotel use to residential. This property includes 22 units and will update the property to the current building code, including ADA upgrades.

On November 15, 2023, HCD informed current CDBG-CV grantees that a small amount of unclaimed funding is available for construction projects that have experienced unanticipated cost increases that can

be substantiated and documented. On February 13, 2024, City Council approved Resolution 2024-020 approving an amendment to the Standard Agreement issued under the 2020 CDBG-CV. On October 25, 2024, the City received an award notification from HCD that the amendment was approved for an additional allocation of \$1,286,038 of unused CDBG CV 2/3 funds. In addition, the City applied to the HCD Prohousing Incentive Program (PIP) and awarded TCH an additional \$120,000 in funds to be used on the rehabilitation at any of the three acquired Project Homekey properties. The three properties are all deed-restricted affordable housing serving targeted population at 30% and below of the Area Median Income. In 2025, the EDOK CoC awarded TCH \$113,442.75 in HHAP funding to support necessary rehabilitation of one of their Homekey properties, to continue to provide safe and compliant Permanent Housing in the region.

City of Placerville

The City of Placerville develops and implements goals, policies, and action plans related to community issues such as housing, land use, resource conservation, open space, transportation, and circulation. The City's Planning Division oversees the City's development and land use policies, ensuring alignment with community objectives, state mandates, and environmental standards. The City's 6th Cycle Housing Element Program B-2 mandates an amendment to the zoning ordinance to ensure adherence to the Supportive Housing Streamlining Act (AB2162). City Council Resolution of Intent (ROI) 24-01 (Resolution 9293) authorized the commencement of amendments to Title 10 (Zoning Ordinance). Staff is currently engaged in processing these amendments. The City has successfully secured Community Development Block Grant (CDBG) funding to support developers engaged in affordable housing construction and will continue to pursue state and federal funding per Program C-4 of the Housing Element.

The City of South Lake Tahoe

The City of South Lake Tahoe is responsible for current and long-range planning activities to implement the City's General Plan. This includes reviewing and permitting development activities to ensure new development and redevelopment projects are consistent with the General Plan, Area Plans, Title 6 of Development Services City Code. This also includes design guidelines, State Building Code, Federal, State, and Local environmental regulations. The Housing Division also supports affordable housing development, Housing Inspections of Single Room Occupancy and Multifamily Development properties and maintains a Housing Hotline for substandard housing conditions.

The City Council adopted the 6th Cycle Housing Element on June 21, 2022, and has remained in compliance with the annual submission of the Annual Progress Report (APR) to HCD. The City of South Lake Tahoe's 2022-2027 Housing Element provides a list of vacant property sites that are developable, and the City maintains that list annually. One of the Housing Element goals is to work with State and

Federal partners to identify land for housing development. The City worked with the state to identify state lands eligible under State of California Governor Newsom's Executive Order N-06-19 to address California's affordable housing crisis by focusing on excess state-owned property. The adopted Housing Element has numerous policies that seek to advance the development of housing across the income spectrum. Furthermore, the City Council has taken additional actions that streamline zoning and land use planning, accelerate production, reduce costs, and provide financial subsidies for housing projects.

Under the Tahoe Regional Planning Agency (TRPA) growth management system, building permits for new residential development require residential allocations as well as potential residential units of use. The City typically receives 66 residential allocations from TRPA every two years. The City distributes the allocations between single family dwellings, multi-family dwellings and mixed-use or infill projects in town centers.

In 2024, the City Council adopted a revised policy for the disposition of City owned TRPA development commodities to incentivize development of multi-family and accessory dwelling units. Under this policy, 70 City banked Tourist Accommodation Units were set aside for conversion to residential units of use that shall be sold at no cost for ADUs or new multi-family rental units. Additionally, the policy allows for the sale of City owned development rights and land coverage at no cost for residential units that are deed restricted to accommodate low-, very low-, and moderate-income families. In 2024, the City transferred nine City owned TRPA development rights for the construction of six ADUs and three multi-family dwelling units. As a condition of receiving a free development right, the nine new units are required to be deed-restricted to long-term housing.

Lake Tahoe Community College began construction of a 100-bed student dormitory. All units will be deed-restricted for low- and very low-income students. As a "school building" defined in CA Education Code 81130.5 the permitting authority for this project was the Division of the State Architect (DSA). It is therefore not included in Table 2A; however, the City supported this effort by providing 21 multifamily residential units of use for the project, at no cost. Based on the market rate of residential units of use at the time, this was equivalent to a contribution of \$315,000. The units shall be returned to the City upon the adoption of an area plan which would allow bonus units to be allocated from TRPA to the project.

The City continues to partner with Related CA and St. Joseph Community Land Trust for the development of Sugar Pine Village for 248 units of low-income housing (under 80% AMI). This project is four phases. The first phase (68 units) began construction in Fall 2022 with a Certificate of Occupancy issued in Fall 2024. The second phase (60 units) began construction in Summer 2023 and completion is expected in Summer 2025. To date, approximately \$100,000,000 in tax credits and grant applications have been applied for and secured

using the City's initial approximate \$2.4 million commitment as a local match. This does not include the grant applications the City applied for as co-applicant or applicant with pass through to this project.

The City is partnering with developers on a former Redevelopment site in the city and have initiated pre-development for the construction of 75 additional affordable housing rental units located at 3900 and 3908 Lake Tahoe Boulevard. The City has provided \$1,064,073 in Formula Permanent Local Housing Allocation (PLHA) Prohousing Incentive Program (PIP) funds as a Predevelopment Loan for this project.

On November 21, 2023, the South Lake Tahoe City Council passed an Inclusionary Housing Ordinance. Due to development restrictions in the Tahoe Basin, staff anticipate the majority of developers will opt to pay the In-Lieu fee which will be used specifically for affordable housing projects. The City of South Lake Tahoe is the typical local government partner for affordable housing projects supported through grant applications, grant compliance and allocation of funding (from the City and State, Federal Sources), permitting, building inspections and compliance, and partnerships with the developer for successful implementation. The City of South Lake Tahoe also provides policy recommendations to regional jurisdictions to reduce barriers to the development of affordable and multifamily housing.

Tahoe Regional Planning Agency (TRPA)

TRPA receives direction on decisions from a 15-member Governing Board and a 21-member Advisory Planning Commission, as well as many stakeholders and members of the public. TRPA identifies key regional challenges, collaborates to foster common understanding of the problems, and creates broadly shared visions for solutions. The agency has several key strategic priorities which reflect the agency's commitment to the Lake Tahoe region, including increasing diverse housing options and plan strategies to address and end homelessness.

In December 2023, the TRPA Governing Board approved a package of affordable and workforce housing incentives to help address the housing crisis. The targeted changes to Lake Tahoe zoning regulations will lower the cost to provide affordable and workforce housing, benefit water quality, and reduce traffic and vehicle use. The City of South Lake Tahoe played a significant role in TRPA's receipt of \$2.14 million from the California Department of Housing and Community Development's (HCD) Regional Early Action Planning grant 2.0, Higher Impact Transformation grant to integrate equity, housing choice and affordability and environmental benefits into TRPA's Regional Plan. City staff provided guidance to ensure equity is incorporated into TRPA code and overall policy to streamline housing. One proposed grant outcome is to streamline the TRPA environmental review process for multifamily projects. Currently, multifamily projects may receive a CEQA categorical or statutory exemption, but the project is still required to go through the TRPA environmental checklist process.

3.a.4. Coordination of and Connection to Service Delivery

Eligible Applicant	Describe how the Eligible Applicant is coordinating, connecting, and delivering services - including Mental Health Services Act or Behavioral Health Services Act within the region - to individuals experiencing homelessness, or at risk of experiencing homelessness
El Dorado County	<p>The County's Health and Human Service Agency (HHS) is home to several divisions that provide direct services to individuals experiencing or at risk of homelessness in the region. This includes the Behavioral Health Division comprised of Mental Health inpatient and outpatient services and Substance Use Disorder Services (SUDS). Services are provided by HHS staff, contracted providers, or partners in the community with all sharing a deep commitment to high-quality case management and coordination and connection to the delivery of services in the region. HHS's many partnerships for homelessness services include the Navigation Center operations provider Volunteers of America; Tahoe Coalition for the Homeless, the CES provider; Housing El Dorado offering street outreach, RRH and homelessness prevention; Only Kindness, providing veterans services and connections; Tahoe Youth and Family Services and New Morning Youth and Family Services for homeless or at-risk youth; El Dorado County Office of Education (EDCOE); El Dorado Community Health Center and other health care providers; law enforcement, County Probation, and many others. These dedicated partnerships aid in the delivery of individualized services and referrals or warm handoffs as necessary.</p> <p>HHS Housing and Homelessness Services oversees operations of the Navigation Center, a 60-bed shelter providing extensive services to persons experiencing homelessness. The Navigation Center daily operations is subcontracted to Volunteers of America (VOA), who provides staffing 24/7 at the facility. VOA case managers provide intensive case management, including document readiness, housing and employment plan development, referrals to and assistance with applying for benefits (SSI/SSDI, General Assistance, etc), life skills classes and transportation. Additional services provided at the Navigation Center include access to HHS Behavioral Health and SUDS staff, weekly El Dorado Community Health mobile van and Marshall Hospital visits, AA/NA meetings, and bible study.</p> <p>Access to the Navigation Center is coordinated through referrals from Law Enforcement partners and the Front Door Coordinated Entry System (CES) and led by HHS social workers. Direct outreach to encampments connects people to these services, as well as outreach in the community and coordinating with community service providers like the Upper Room Dining Hall and Community Hubs. HHS Social Workers also provide housing navigation services to clients at the Navigation Center, to quickly connect them to permanent housing.</p> <p>All unsheltered individuals and families are encouraged to contact Coordinated Entry for assessment and placement on the By Name</p>

List. From that list, CES staff are able to refer persons to programs providing services in our region. Programs participating in CES include seasonal shelter programs, prevention and diversion programs, youth shelters and transitional housing, California Work Opportunity and Responsibility to Kids (CalWORKs) Housing Support Program for families, and Rapid Rehousing programs for individuals and survivors of domestic violence. Weekly case management meetings discuss clients on the By Name List and those being referred for services.

HSA Housing and Homelessness Services is home to several housing programs: Housing Disability Advocacy Program (HDAP), Adult Protective Services (APS) Home Safe, Behavioral Health Bridge Housing (BHBH), and the Public Housing Authority (PHA). With the exception of the PHA, which has had a closed waiting list for most voucher types for several years, eligible clients are referred to these programs through outreach in the community, at the Navigation Center, through Behavioral Health, and more. HSA Social Workers administer the programs, acting as housing navigators to assist clients with obtaining emergency shelter while working towards permanent housing. HDAP provides housing supports to eligible clients that are applying for disability-based incomes, including SSDI benefits. APS Home Safe also provides housing supports to APS clients that are homeless or at risk of homelessness. BHBH provides both short term and long-term housing supports to BH clients that have a serious mental illness or substance use disorder.

HSA's Behavioral Health Division (BHD) includes a Mental Health Services Act (MHSA) project team, tasked with development of the MHSA Plan, and subsequent amendments to the 3-year program and expenditure plan. The BHD, under MHSA, provides Community Services and Supports consisting of projects that provide direct services to children and adults who have serious emotional disturbance or serious mental illness. These services include Full Service Partnership, emphasizing recovery and resilience, Wellness and Recovery Services Programs under General System Development, and Outreach and Engagement to reach underserved populations. MHSA funds can also provide services to persons participating in pre- or post-sentencing diversion programs, or who are on parole, probation and post-release community supervision, as well as supporting a Mobile Crisis Unit to provide 24/7 mobile response to BH crises. BHD has also implemented the CARE Court program in 2024, a framework to deliver mental health and substance use disorder services to the most severely impaired in our region. The Self-Sufficiency team provides a variety of programs for the region to include: CalFresh for people with low income who meet federal income eligibility rules and want to add to their budget to put healthy and nutritious food on the table; Medi-Cal California's Medicaid program, which is a public health insurance program providing needed health care services for low-income individuals including families with children, seniors, persons with disabilities, foster care, pregnant women, and low income people with specific diseases such as tuberculosis, breast cancer, or HIV/AIDS; The

General Assistance or General Relief (GA/GR) Program designed to provide relief and support to indigent adults who are not supported by their own means, other public funds, or assistance programs; and CalWORKs a public assistance program that provides cash aid and services to eligible families that have a dependent child(ren) in the home. Several programs fall under the umbrella of CalWORKs, such as the Welfare-to-Work Program, a comprehensive statewide program designed to enable participants to achieve self-sufficiency through employment. In addition, California State funding is allocated to the County for multiple Self-Sufficiency programs that provide housing stability, support, or advocacy for County clients. HDAP focuses on individuals who are experiencing homelessness and who are likely eligible for disability benefits. The CalWORKs Housing Support Program (HSP) offers financial assistance and housing-related wraparound supportive services, including but not limited to rental assistance, housing navigation, case management, security deposits, utility payments, moving costs, interim shelter assistance, legal services, and credit repair. The Bringing Families Home (BFH) Program offers financial assistance to reduce the number of families in the child welfare system experiencing, or at-risk of homelessness, to increase family reunification and to prevent foster care placement. The Home Safe Program offers a range of strategies to address and prevent homelessness and support ongoing housing stability for individuals involved in APS.

In addition to internal coordination and connections to services and service delivery, many different divisions within HHSA also participate in CoC activities, including filling the seat on the CoC Board for Mental Health Professional, Child Welfare Services participates in youth case conferences on behalf of foster youth, CalWORKs HSP staff participate in case conferences for families enrolled in the program. These are all opportunities for HHSA to provide referrals and connections to county services.

El Dorado County CoC

The CoC Board includes many partnering agencies that provide case management and case conferencing to ensure coordination and connection to delivery of services in the region: Volunteers of America, providing Supportive Services to Veteran Families, and the Navigation Center Shelter Operator; Tahoe Coalition for the Homeless, winter shelter and Project Homekey operator; Housing El Dorado offering street outreach, inclement weather shelter and administrator of the CoC Homelessness Prevention program; Only Kindness, providing veterans services and connections; Tahoe Youth and Family Services, for transitional housing and prevention/diversion programs for homeless or at risk youth; New Morning Youth and Family Services provides youth shelter for unaccompanied youth ages 6-17 and administers a grant from CAL OES to serve homeless youth up to 21 years of age; El Dorado County Office of Education; El Dorado Community Health Center; Managed Care Plans; and many others.

The CoC implemented a "Community Spotlight" at the end of all CoC Board meetings, giving an opportunity for a local service providers to

present how they serve the community. These spotlights are valuable not only to educate the CoC on services available, but also to the ongoing identification of community needs, gaps in services or funding and the resulting development of new programs and services.

Tahoe Coalition for the Homeless (TCH) is also the CoC's Coordinated Entry System (CES) administrator. CES is accessed throughout the region and assessments are performed in order to provide referrals to both County HHS services and programs provided by community partners. TCH also operates a RRH program for survivors of domestic violence, which is also accessed via referral from CES.

CoC coordinates annual trainings on Medi-Cal, CalWORKs, SSI/SSDI, CalFresh, and linkages to physical and behavioral health issues. The trainings are virtual, accessible across the geographic area in real-time and recorded (available in the CoC's online library). Since February of 2022 with the introduction of the Housing and Homelessness Incentive Program (HHIP), the Managed Care Plans (MCPs) in the region have joined the CoC.

El Dorado County's homeless services collaborate with Kaiser, Anthem, and Mountain Valley Health to implement CalAIM's Enhanced Care Management (ECM) and Community Supports (CS) programs. These programs offer intensive care coordination and support services, addressing both clinical and non-clinical needs of Medi-Cal beneficiaries. Through monthly meetings and data-sharing initiatives, the county ensures that individuals experiencing homelessness are connected to these services. Several service providers are now billing Medi-Cal directly for ECM and CS services, while others are in the process of becoming contracted providers—receiving training and support to develop the capacity to bill for these services in the near future.

Homebase provides technical assistance to the El Dorado County Continuum of Care (CoC) to strengthen coordination among homeless service providers and ensure alignment with the county's CES. Through regular meetings, strategic guidance, and collaborative planning, Homebase supports providers in working together more effectively and making sure that referrals, assessments, and service delivery are streamlined and consistent countywide. This helps ensure that individuals and families experiencing homelessness receive timely, equitable access to available resources. In addition to system-level support, Homebase also contributes to homelessness prevention efforts. As part of its work with the CoC, Homebase developed an outreach flyer specifically designed to inform tenants facing eviction about the services available to help them stay housed. This includes legal aid, financial assistance, and housing stability programs. The flyer is intended to be a user-friendly tool for both providers and tenants, bridging the gap between at-risk households and critical support services.

Together, these efforts help create a more coordinated, responsive,

and prevention-focused homelessness response system across El Dorado County.

3.a.5. Policies for Addressing Encampments

Encampment	Estimated Population	What are the region's specific plans to address this encampment?	What are the Key Milestone Dates to carry out the described plan?	ERF Status (site funded by ERF)	ERF Contract #	Are there current plans to submit an ERF application to address this site?	Lead Entity for addressing this encampment
Cambridge/Country club Cameron Park	6	The encampment site is monitored regularly (approximately once per week). If it appears that an encampment is being established, coordinated outreach is scheduled to provide connection to Coordinated Entry and HHS Social Workers will determine the number of reserved beds in the Navigation Center required for encampment resolution. Upon engagement with persons living in the encampment region, information on the County Camping Ordinance is provided, which prevents	1/31/26 for PIT Count; follow up monitoring and PIT data acceptance by 6/30/26	No	No	El Dorado County	

camping on public and private land without permission. Successful encampment outreach and engagement will result in a 100% encampment resolution for this site. Measures of success will be determined at the Unsheltered PIT count scheduled for January 2026, and successive monitoring of the region.

Eligible Applicants with a current and formal policy to address encampments that fully or partially complies with the Cal ICH Guidance on Addressing Encampments must complete the following:

Formal Encampment Policy - Fully or Partially Compliant

Eligible Applicant	Applicant confirms the plan complies with the Cal ICH Guidance on Addressing	If you selected “Yes, in part,” describe what elements of the policy do comply with the Cal	Provide a link to the policy or upload a copy below
--------------------	--	---	---

Encampments?

ICH Guidance on Addressing Encampments, and specifically how they comply.

Eligible Applicants without a current and formal policy to address encampments that fully or partially complies with the Cal ICH Guidance on Addressing Encampments must complete the following:

Formal Encampment Policy - Nonexistent

Eligible Applicant	Describe existing efforts to address encampments	Does the Eligible Applicant actively commit to adopting a policy that complies with the Cal ICH Guidance on Addressing Encampment?	Provide a specific timeline, including dates, for future adoption of formal policies that comply with the Cal ICH Guidance on Addressing Encampments
El Dorado County	1. Encampment regions will be monitored by regional partners on a regular basis. If an encampment appears to be established, outreach takes place. 2. Outreach includes connecting with individuals in the encampment site, providing contact information for Coordinated Entry and HHS Social Workers, determining interest in entering the Navigation Center or other available shelter, and informing them of the County's Camping Ordinance. Outreach may occur several times prior to encampment resolution. 3. In the event that the encampment is not cleared voluntarily, a coordinated outreach will	Yes	1/30/2026 - Draft Policy developed 2/6/2026 - Present draft to the CoC during the CoC Board Meeting 2/6/2026 - Request direction from the CoC to bring to Committee for further development; 8/2026 - Final draft to CoC for authorization; 1/1/2027 - Develop policy through HHS with final approval by 1/1/2027.

take place between LE and HHSA Social Workers to plan for resolving the encampment

4. Beds in the Navigation Center are reserved for encampment resolution. Every reasonable effort will be made to identify and offer shelter and beds in the Navigation Center for those in the encampment at the time outreach takes place.

5. On public property, while partners will do their best to work with individuals and provide as much notice as possible, the current practice is to provide at least 24-hour notice prior to removal of an encampment. On private property, the property owner may request immediate response, and regional partners provide support and encampment resolution on an abbreviated schedule.

6. Social Workers will schedule intake into the low barrier Navigation Center according to Housing First principles for those that are interested and if beds are available, otherwise they collect information to place on interest lists for shelter beds and determine eligibility for other housing programs.

7. If those living in the encampment are not present at the time of encampment resolution, the unattended belongings will be held for 95 days by LE and

instructions will be provided on how they can be recovered.

3.a.6. Housing Element Compliance

Large City or county Eligible Applicant	Is this Eligible Applicant's Housing Element Compliant?	If not compliant, provide a timeline for all relevant milestones to achieve compliance (refer to Guidance and Example timeline and milestones for required level of detail)
El Dorado County	Yes	

3.a.7. Housing Element Implementation

Large City or county Eligible Applicant	Has this Eligible Applicant implemented all programs in their adopted Housing Element on the timelines identified therein?	If not, provide a specific timeline and plan with dates to implement the past due programs.
El Dorado County	No	<p>HO-2 (Prioritize Vacant Lands Inventory sites based on infrastructure): Working with other agencies and entities to review, analyze, and prioritize affordable housing on West Slope based on infrastructure and will monitor and update annually (January 2027).</p> <p>HO-5 (incentive-based policies that encourage housing development): Updating as part of the Affordable Housing Ordinance (February 2027); including in a collection of housing specific zoning ordinance amendments paired with a General Plan, Land Use Element amendment (April 2027); and/or developing incentive-based policies through another ordinance amendment package, like the Affordable Housing Taskforce's Strategic Plan (July 2027).</p> <p>HO-8 (state density bonus law, ZO): Updating as part of the Affordable Housing Ordinance (February 2027) or, alternatively, will include in a collection of housing specific zoning ordinance amendments paired with a General Plan, Land Use Element amendment (April 2027).</p> <p>HO-10 (Design and Improvement Standards Manual update): Updating the Design and Improvement Standards Manual (DISM)/ Land Development Manual (April 2027).</p> <p>HO-14 (infill incentives</p>

ordinance): Including in a collection of housing specific zoning ordinance amendments paired with a General Plan, Land Use Element amendment (April 2027); developing incentive-based policies through another ordinance amendment package, like the Affordable Housing Taskforce's Strategic Plan (July 2027); and/or developing an Infill Incentives Ordinance (December 2027). HO-15 (Tahoe legislative platform): Working with the Tahoe Regional Planning Agency (TRPA) on the Tahoe El Dorado Area Plan (TED Area Plan), a long-term planning document that will set the major goals and policies for the entire unincorporated area of the County within the Tahoe Basin and will establish a better framework to advance affordable housing. The County is also developing a Land Use and Affordable Housing Strategy Memo, which will be incorporated in the TED Area Plan. The Strategy Memo will propose the following five strategies to advance housing in the Tahoe Basin: 1) create a Village Center in Tahoma to incentivize housing, 2) create a new zone around town and village centers to allow for "missing middle housing," 3) increase housing capacity in the Meyers Town Center and expand the Meyers Town Center to incentive housing, 4) rezone sites for multifamily housing, 5) provide commodities and land for free or at a discounted rate for affordable housing and other projects that meet the goals and policies of the TED Area Plan (September 2027). Collaborating with TRPA on its Code of Ordinance amendments, specifically on advancing affordable housing in the Tahoe Basin, as a key member of its Tahoe Living Working Group and local jurisdiction partner in the Tahoe Basin (June 2026). HO-16 (public information program for workforce housing): Developing the public information program component for workforce housing, likely through the Affordable Housing Taskforce's Strategic Plan (August 2027). HO-24 (address gov't constraints, Reasonable Accommodation – ZO): Including in a collection of housing specific zoning ordinance amendments paired with a General Plan, Land Use Element amendment (April 2027). HO-27 (supportive/transitional housing, ZO): Including in a collection of housing specific zoning ordinance amendments paired with a General Plan, Land Use Element amendment (April 2027). HO-29 (worker housing, ZO): Including in a collection of housing specific zoning ordinance amendments paired with a General Plan, Land Use Element amendment (April 2027). HO-30 (single room occupancy units, ZO): Including in a collection of housing specific

zoning ordinance amendments paired with a General Plan, Land Use Element amendment (April 2027). HO-36 (middle-income housing): Including in a collection of housing specific zoning ordinance amendments paired with a General Plan, Land Use Element amendment (April 2027); developing incentive-based policies through the Affordable Housing Taskforce’s Strategic Plan (July 2027); and/or working with the TRPA on the development of the TED Area Plan (described above) (September 2027). HO-37 (Affordable Housing Ordinance): Developing the Affordable Housing Ordinance (February 2027) and/or will include in a collection of housing specific zoning ordinance amendments paired with a General Plan, Land Use Element amendment (April 2027). HO-40 (amend multifamily density, ZO & GP): Including in a collection of housing specific zoning ordinance amendments paired with a General Plan, Land Use Element amendment (April 2027).

3.a.8. Prohousing Designation

Large City or county Eligible Applicant	Current Prohousing Designation Status	For Eligible Applicants that have not yet applied or do not plan to apply, list the Prohousing Policies (as described in the Prohousing application) that they have adopted or plan to adopt in the future.
El Dorado County	Plans to apply for Prohousing Designation.	While the City of South Lake Tahoe in El Dorado County has already received Prohousing Designation, the County plans to apply with the following policies: Update ADU Ordinance pursuant to State law. Drafting and adopting Affordable Housing Ordinance. Adopted Interim Objective Design Standards (IODS) for multifamily and mixed use projects that qualify for state streamlining and ministerial provisions. Draft and adopt Tahoe El Dorado Area Plan and corresponding Land Use and Affordable Housing Strategy Memo.

3.a.9. Housing Law Violations

Large City or county Eligible Applicant

Does this Eligible Applicant have any potential or actual housing law violations with HCD's Housing Accountability Unit or the Attorney General's Housing Justice Team?

If yes, provide a specific timeline and plan with dates to resolve the issue.

El Dorado County

No

3.a.10. Surplus Land

Large City or county Eligible Applicant

Has this Eligible Applicant made a central inventory of all surplus land and all lands in excess of their foreseeable needs as required by Government Code section 54230?

If not, the Eligible Applicant must provide a specific timeline and plan with dates to create such an inventory.

El Dorado County

Has a central inventory.

3.a.11. Annual Progress Report

Large City or county Eligible Applicant

Has this Eligible Applicant submitted a timely and complete annual progress report for at a minimum, the past two years?

El Dorado County

Yes

3.b System Performance Measures Improvement Plan

The System Performance Measures Improvement plan documents all the Key Actions the regional partners are taking to improve their homelessness CA System Performance Measures (SPMs) listed in [Section IV.A.3.b.i. of the HHAP 6 NOFA](#). The plan may also include the Key Actions of small jurisdictions and/or tribal governments in the region that elect to engage and collaborate in the Regionally Coordinated Homelessness Action Plan.

All items currently being funded through HHAP Rounds 1 through 5, as well as all activities proposed to be funded through HHAP 6, must be included as Key Actions in the System Performance Measures Improvement Plan. Each regional partner must also include the Key Actions

they are taking beyond HHAP 6 funding to address homelessness. These Key Actions must include how each regional partner is improving the region's CA SPMs through use of local, state, and federal funds.

The System Performance Measures Improvement Plan must include:

- At least one Key Action related to reducing CA SPM: “The number of people experiencing unsheltered homelessness”
- At least one Key Action related to increasing CA SPM “the number of people exiting homelessness into Permanent Housing,” and
- At least one Key Action with a specific focus on reducing first time instances of homelessness for those exiting institutional settings, including, but not limited to jails, prisons, and hospitals.

Each Key Action must be described in clear, specific terms and must do the following:

1. Identify the CA SPM(s) that the Key Action will improve (you may choose more than one SPM).
2. Describe how the Key Action will improve the CA SPM(s).
3. Identify the lead entity and collaborating entities partnering to achieve the Key Action. Collaborating entity/ies may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating Eligible Applicant, a system partner, or any organization actively participating in the Key Action.
4. Provide the target date for milestones and completion of the Key Action.
5. Provide a clear metric for how success of the Key Action will be measured.
6. Identify the funding source(s) for the Key Action.
 - Note: At a minimum, all funding sources listed in Section IV.A.3.b.ii. of the HHAP 6 NOFA, excluding any that are unavailable to the region within the grant term (FY24/25-FY28/29), must be identified as funding sources for at least one Key Action within the System Performance Measures Improvement Plan.
7. Describe how the funding source(s) will contribute to the achievement of the Key Action.
 - Note: For HHAP 6-funded Key Actions, include the eligible use category or categories as applicable.
8. Describe how the Key Action will address system performance disparities and ensure racial and gender equity in at least one of the following areas: Service Delivery, Housing Placements, Housing Retention, Changes to procurement, or other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services.

Available Funding Sources in the Region

If applicable, list any funding sources mentioned in [Section IV.A.3.b.ii. of the HHAP 6 NOFA](#) that are not available in the region within the grant term (FY24/25-FY28/29).

Available Funding Sources NOT within the Region Narrative

The Housing for a Healthy California Program

Key Actions to Improve the Region's CA SPMs

Guidance:

Please note that all Key Actions are numbered to ensure Key Actions may be easily referenced in later parts of the regional application. Applicants can refer to the # provided. E.g., Key Action 1, Key Action 2, etc.

Key Actions

Key Action 1

Description

Operations of the El Dorado County Navigation Center, a 60-bed low barrier shelter for homeless individuals in El Dorado County. In addition to shelter and meals, the participants are provided with wraparound services to build life skills, work towards employment and housing plans, maximize income, and obtain and retain permanent housing. External services are brought to the Navigation Center on a weekly basis to increase access to physical and mental health services, as well as personal growth.

Identify which CA SPM(s) will be improved by Key Action 1 and how.

SPM Improvement Plan for Key Action 1

CA SPM	Specific description of how Key Action 1 will improve this CA SPM
CA SPM 1a	Navigation Center provides shelter and access to services to unhoused persons, thereby increasing the number of people accessing services who are experiencing homelessness. Clients have access to all services provided by Navigation Center, services provided by El Dorado County, and access to vulnerability assessment and referral to other programs.
CA SPM 1b	Navigation Center provides shelter to unhoused persons, thereby reducing the number of unsheltered homeless individuals on a given night.
CA SPM 2	Persons entering the Navigation Center include those that are experiencing homelessness for the first time, referrals from Law Enforcement and Probation for persons exiting jail or prison, and referrals for persons exiting hospital settings. Clients have access to all services provided by Navigation Center, services provided by El Dorado County, and access to vulnerability assessment and referral to other programs.
CA SPM 3	Clients that enter the Navigation Center are provided with Housing Navigation services to assist them with removing barriers to housing, developing a housing plan, and applying for housing, thereby increasing exits to permanent housing.
CA SPM 4	Clients that enter the Navigation Center are provided shelter while accessing services and have case managers assigned to them to assist them with applying for and following up on benefits and services that they are eligible for, thereby reducing the length of time that they experience homelessness while accessing services.

Clear metric for how success of Key Action 1 will be measured

Monitor exits from this program in HMIS on a monthly basis and report cumulative numbers to the CoC at the CoC Board Meetings. Currently, we have been comparing data on an annual basis to show increases in the numbers exiting to permanent situations. The metric we are looking at is total number of exits to PH increasing over time. In 2026 the CoC will perform an Unsheltered PIT Count and HIC, and in 2027 a Sheltered PIT and HIC, which will be the metric by which we measure 1b, a decrease in the number of unsheltered persons on a given night.

Identify which of the following equity improvement areas will be addressed by Key Action 1.

Equity Areas for Key Action 1

Equity area	Description of how Key Action 1 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	Programs are low barrier (when applicable) and the referral pathways are inclusive of all persons in the entire CoC region. To ensure equal access, all program outcomes are monitored and evaluated.

Key Action 2

Description

Operations of seasonal Winter and Inclement Weather Shelters throughout El Dorado County, providing overnight shelter to homeless individuals and youth. Participants are provided with case management in addition to shelter and meals.

Identify which CA SPM(s) will be improved by Key Action 2 and how.

SPM Improvement Plan for Key Action 2

CA SPM	Specific description of how Key Action 2 will improve this CA SPM
CA SPM 1b	Inclement weather and winter shelter programs add shelter bed availability to the housing inventory and therefore increases the number of shelter beds during that period. The result of additional shelter beds is a reduction in unsheltered homelessness counts in a given night.

Clear metric for how success of Key Action 2 will be measured

The PIT Count in 2026 is an unsheltered PIT and HIC and will show how an increase in seasonal shelter beds affects our unsheltered count. The PIT in 2027 will be sheltered counts and will also show whether additional beds are impacting our counts. Additionally, we look at the HIC utilization rates to see if the utilization increases year over year.

Identify which of the following equity improvement areas will be addressed by Key Action 2.

Equity Areas for Key Action 2

Equity area	Description of how Key Action 2 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	Programs are low barrier (when applicable) and the referral pathways are inclusive of all persons in the entire CoC region. To ensure equal access, all program outcomes are monitored and evaluated.

Key Action 3

Description

Transitional Housing program for Transitional Aged Youth (TAY 18-24) in the South Lake Tahoe region. The program provides trauma informed case management and temporary housing in a dedicated unit to

eligible youth. Program is time limited and allows for establishing stability in order to obtain and retain permanent housing.

Identify which CA SPM(s) will be improved by Key Action 3 and how.

SPM Improvement Plan for Key Action 3

CA SPM	Specific description of how Key Action 3 will improve this CA SPM
CA SPM 1b	Temporary housing moves persons experiencing housing quickly into housing, therefore reducing the number of unsheltered homeless on a given night.
CA SPM 2	Eligible clients for transitional housing include persons who are experiencing homelessness for the first time, as well as those exiting institutional settings who would otherwise exit into homelessness, therefore increasing the number of persons who are accessing services for the first time in the past two years.
CA SPM 3	Housing Navigation and Landlord outreach are provided to move clients into Permanent Housing.
CA SPM 4	Transitional housing moves people quickly out of homeless situations and gets them access to services.
CA SPM 5	Service Intensive Case Management provides services to participants that will remove housing barriers and create housing support goals. These include access to financial counseling, legal issues, connection to services and employment, housing navigation and landlord outreach. All of which are designed to help clients make a successful transition to sustainable living.

Clear metric for how success of Key Action 3 will be measured

Exits to permanent housing will be measured through reporting in HMIS.

Identify which of the following equity improvement areas will be addressed by Key Action 3.

Equity Areas for Key Action 3

Equity area	Description of how Key Action 3 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	Programs are low barrier (when applicable) and the referral pathways are inclusive of all persons in the entire CoC region. To ensure equal access, all program outcomes are monitored and evaluated.

Key Action 4

Description

TAY Prevention/Diversion program provides services to youth including short term rental assistance and funds for security deposits in order to maintain housing. Additional services include housing search assistance, housing stabilization case management, landlord mediation, and connection to public benefits.

Identify which CA SPM(s) will be improved by Key Action 4 and how.

SPM Improvement Plan for Key Action 4

CA SPM	Specific description of how Key Action 4 will improve this CA SPM
CA SPM 1a	The TAY P/D Program helps reduce the number of youth experiencing homelessness, the demand for other interventions, and the length of time people wait to receive assistance.
CA SPM 1b	The TAY P/D Program helps reduce the number of youth experiencing homelessness, the demand for other interventions, and the length of time people wait to receive assistance.
CA SPM 3	The TAY P/D Program funding will assist people to rapidly repair their housing crisis or enter into a housing agreement, therefore quickly moving them into permanent housing.
CA SPM 5	The TAY P/D Program prevents youth from entering into homelessness due to housing crises that can be resolved with financial assistance.

Clear metric for how success of Key Action 4 will be measured

Data will be reviewed to determine the number of persons that remain housed after intake into the Prevention/Diversion program. Program entry and exits are recorded in HMIS with exits to permanent housing identified. In looking at the data over time, we can determine whether individuals exit the program successfully and whether they return to homelessness in the future. Sustainability of housing is also evident when reviewing the SPM 5 data provided on HPD dashboards.

Key Action 5

Description

EDOK Homelessness Prevention Program provides a flexible source of assistance to cover service gaps for people experiencing or at imminent risk of homelessness and housing instability. The program prevents or ends homelessness or housing crises for people seeking assistance by connecting them with services and financial assistance to help them return to permanent housing.

Identify which CA SPM(s) will be improved by Key Action 5 and how.

SPM Improvement Plan for Key Action 5

CA SPM	Specific description of how Key Action 5 will improve this CA SPM
--------	---

- CA SPM 1a HP Program helps reduce the number of people experiencing homelessness, the demand for other interventions, and the length of time people wait to receive assistance.
- CA SPM 1b HP Program helps reduce the number of people experiencing homelessness, the demand for other interventions, and the length of time people wait to receive assistance.
- CA SPM 3 HP Programs flexible funding will assist people to rapidly repair their housing crisis or enter into a housing agreement, therefore quickly moving them into permanent housing.
- CA SPM 5 HP Programs prevent people from entering into homelessness due to housing crises that can be resolved with financial assistance.

Clear metric for how success of Key Action 5 will be measured

Data will be reviewed to determine the number of persons that remain housed after intake into the Prevention/Diversion program. Program entry and exits are recorded in HMIS with exits to permanent housing identified. In looking at the data over time, we can determine whether individuals exit the program successfully and whether they return to homelessness in the future. Sustainability of housing is also evident when reviewing the SPM 5 data provided on HPD dashboards.

HHAP 4	HHAP funding will be used for flexible funds to provide to participants as well as administrative costs to operate	

the program.

HHIP

Funding provided to establish the program and provide initial assistance funding.

Identify which of the following equity improvement areas will be addressed by Key Action 5.

Equity Areas for Key Action 5

Equity area	Description of how Key Action 5 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	Programs are low barrier (when applicable) and the referral pathways are inclusive of all persons in the entire CoC region. To ensure equal access, all program outcomes are monitored and evaluated.

Key Action 6

Description

Operations of Youth Homeless Shelter for unaccompanied youth ages 6-17. Emergency shelter includes case management with youth behavioral specialists to develop individualized service plans, connection to healthcare and counseling services, family and school engagement, connection to training programs, and independent living skills.

Identify which CA SPM(s) will be improved by Key Action 6 and how.

SPM Improvement Plan for Key Action 6

CA SPM	Specific description of how Key Action 6 will improve this CA SPM
CA SPM 1a	Youth Shelter provides immediate emergency shelter and access to services to unhoused youth, thereby increasing the number of people accessing services who are experiencing homelessness.
CA SPM 1b	Youth Shelter provides immediate emergency shelter to unhoused youth, thereby reducing the number of unsheltered homeless individuals on a given night.
CA SPM 4	Youth Shelter provides immediate emergency shelter to unaccompanied youth, reducing the amount of time they would experience homelessness while accessing services either independently or as their families access services.

Clear metric for how success of Key Action 6 will be measured

Success is measured by the utilization rate on the annual PIT/HIC report to HUD. Additionally, we can run ad-hoc reports in HMIS to show current and historic bed utilization rates for each program, and analyze the month-by-month data.

Service Delivery

Programs are low barrier (when applicable) and the referral pathways are inclusive of all persons in the entire CoC region. To ensure equal access, all program outcomes are monitored and evaluated.

Key Action 7

Description

Rapid Rehousing programs provide financial assistance in the form of application fees, security deposits, move in costs, and rental subsidies to quickly move individuals into permanent housing, and provide the necessary supports to sustain the housing.

Identify which CA SPM(s) will be improved by Key Action 7 and how.

SPM Improvement Plan for Key Action 7

CA SPM	Specific description of how Key Action 7 will improve this CA SPM
CA SPM 1b	Housing Navigation and financial assistance for application fees, security deposits and rental subsidies are available to quickly transition participants out of homelessness into Permanent Housing, thereby reducing the number of unsheltered individuals on a given night.
CA SPM 3	Housing Navigation and financial assistance for security deposits and rental subsidies are available to transition participants into Permanent Housing, thus increasing the number of persons able to exit homelessness into permanent housing.
CA SPM 5	Case management and supports are available to enable participants to achieve self-sufficiency and long-term sustainability of their housing.
CA SPM 6	As clients are engaged with street outreach programs, they are entered into the Coordinated Entry system which provides a pathway to referrals to RRH programs.

Clear metric for how success of Key Action 7 will be measured

Utilizing HMIS reports, will monitor exits to Permanent Housing and Returns to Homelessness to determine success of the Key Action.

Service Delivery

Programs are low barrier (when applicable) and the referral pathways are inclusive of all persons in the entire CoC region. To ensure equal access, all program outcomes are monitored and evaluated.

Key Action 8

Description

The EDOK Coordinated Entry System provides a centralized entry point for the region's homelessness system of care. By providing access points by phone, web, and physical locations, the CES is widely accessible. CES staff perform vulnerability assessments, make referrals to homeless programs in the region and maintain the By Name List.

Identify which CA SPM(s) will be improved by Key Action 8 and how.

SPM Improvement Plan for Key Action 8

CA SPM	Specific description of how Key Action 8 will improve this CA SPM
CA SPM 1a	CES quickly connects persons at risk of or experiencing homelessness to services in the region upon intake into the system of care.
CA SPM 2	CES quickly connects persons at risk of or experiencing homelessness to services in the region upon intake into the system of care.
CA SPM 4	Shelter programs accept referrals from CE and is a quick pathway to being sheltered and getting service to obtain permanent housing
CA SPM 6	Street Outreach programs that perform CE or direct persons to CE provide opportunities for CE referrals to Permanent Housing placements.

Clear metric for how success of Key Action 8 will be measured

Monthly CES reports are presented to the CoC including the number of intakes and assessments performed, and successful exits from the program. Increasing exits to permanent situations can be monitored with HMIS reports. Increased intakes will indicate success in reaching underserved populations through outreach.

Service Delivery	Coordinated Entry operates throughout the region with multiple physical assessment locations, as well as by phone or online. Outreach is performed to reach persons that have difficulty reaching assessment points through traditional means.

Key Action 9

Description

Technical, strategic and capacity building assistance on funding applications, planning and program development to the El Dorado Opportunity Knocks Continuum of Care. Activities include planning activities to maintain a comprehensive homeless services and housing delivery system, identification of and addressing systemic challenges, developing strategies to respond to system gaps, and support for regional applications for homeless grants.

Identify which CA SPM(s) will be improved by Key Action 9 and how.

SPM Improvement Plan for Key Action 9

CA SPM	Specific description of how Key Action 9 will improve this CA SPM
CA SPM 1a	TA supports the funding and development of programs that provide services to the unsheltered population. Increasing capacity in programs through strategic planning will also increase accessibility of services.
CA SPM 3	TA supports the funding and development of programs that provide permanent housing solutions in the community.
CA SPM 4	TA supports the development of programs that provide immediate shelter and supports to persons experiencing homelessness, thereby reducing the time spent

homeless while accessing services.

Clear metric for how success of Key Action 9 will be measured

Success is measured using HMIS reports that show increased access to the system of care, increased number of services available in the CoC region, and utilization rates increasing among the programs supported by the CoC. PIT/HIC data is reviewed to show variances in the number of unhoused and whether programs are being utilized effectively. Grant management and spend down reporting and annual reports will show that funds are being used effectively, and monitoring outcomes of the grants will identify whether programs are performing as expected.

Key Action 10

Description

Permanent Housing with supportive services and Permanent Supportive Housing programs support the population by providing affordable housing to persons experiencing homelessness with additional case management and behavioral health services to help sustain housing.

Identify which CA SPM(s) will be improved by Key Action 10 and how.

SPM Improvement Plan for Key Action 10

CA SPM	Specific description of how Key Action 10 will improve this CA SPM
CA SPM 1b	Providing opportunities for permanent housing to the unhoused population will reduce the number of people experiencing unsheltered homelessness on a single night.
CA SPM 2	The additional supportive services provided with this program will assist participants in accessing services and benefits available to them.
CA SPM 3	Persons exiting homelessness into permanent housing will increase with the availability of units in this program.
CA SPM 5	Supportive services from this program will help participants maintain their housing

Clear metric for how success of Key Action 10 will be measured

Success is measured through increased exits to Permanent Housing and higher occupancy rates for PSH and PH w/ SS programs.

4. HHAP-6 Funding Plan

State Priorities for HHAP 6 Funding: HHAP 6 is intended to reflect the state’s priorities to prevent and expeditiously reduce unsheltered homelessness through homelessness prevention activities and sustain existing Interim Housing Solutions, and Permanent Housing Solutions, including long-term sustainability of interim housing and permanent affordable housing.

To complete the HHAP 6 Funding Plan:

1. Identify the Administrative Entity submitting the budget.
 - Provide the Tax ID/TIN, primary contact for the contract, contact email, contact phone, and address for where the HHAP 6 check will be mailed.
 - Provide the total dollar amount of the HHAP 6 allocation(s) being administered under the Funding Plan.
 - **Reminder: This must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.**
2. Describe all activities proposed to be funded by HHAP 6 in clear, specific terms, and:
 - Identify the HHAP 6 eligible use category under which each proposed activity is budgeted. Activities must be specific and may only be categorized under one eligible use category. Activities may not be categorized under multiple eligible use categories (including activities under the Youth Set Aside).
 - Provide the total dollar amount of HHAP 6 funding proposed for the activity.
 - **Reminder: Administrative costs may not exceed 7% of all monies received.**
 - **Reminder: The Youth Set Aside (YSA) amounts, when combined, must total at least 10% of all monies received.**
 - Identify which System Performance Measure Improvement Plan Key Action(s) the activity supports.
 - **The total HHAP 6 funding proposed for the activity** should account for all dollars budgeted toward that activity. These amounts, when added, must account for 100 percent

of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.

3. Indicate whether the budget proposes to support ANY:

- New Interim Housing (aside from those designated in the Youth Set Aside) and/or
- Non-Housing Solutions.

Note: If the HHAP 6 budget proposes spending on New Interim Housing and/or Non-Housing Solutions, the region must document the sustainability of its permanent housing portfolio, as outlined in NOFA section IV.A.4.c, in the next section of this application.

No

Housing Portfolio

Funding Priority Considerations: Documenting Sustainability of the Region's Interim and Permanent Housing Portfolios

Steps to complete this section:

To complete 4.b. Sustainability of the Region's Interim Housing Portfolio:

1. Identify the total existing Interim Housing shelters and beds (beds) in the region.
2. If proposing to use HHAP 6 to fund New Interim Housing solutions, aside from those designated for the Youth Set Aside, Eligible Applicants must identify the total beds proposed to be added during the grant term (FY24/25-28/29) in the region and are required to complete 4c, the Sustainability of the Region's Permanent Housing Portfolio.
3. Identify the total estimated capital and operating costs for the beds (existing and, if applicable, proposed

to be added) during the grant term.

4. Identify the funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for the beds in the region for the grant term.

To complete 4.c. Sustainability of the Region's Permanent Housing Portfolio:

Required if any regional partner is proposing to spend HHAP 6 funding on New Interim Housing solutions (aside from those designated for the Youth Set Aside) and/or Non-Housing Solutions.

For the region's existing, at-risk, and proposed permanent affordable housing identify all the following:

1. The total (existing, at-risk, and proposed) permanent affordable housing developments and units (developments) in the region. Data for existing and at-risk developments can be provided by HCD upon request.

Note: Developments proposed includes those currently seeking permanent housing funding or operations support in the region which still have a financing or supportive services and operations funding gap.

2. The total estimated capital and operating costs for (existing, at-risk, and proposed) developments during the grant term.
3. The funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for (existing, at-risk, and proposed) developments in the region for the grant term.

To complete 4.d. Documentation of Youth Set Aside Requirement:

1. Certify that the region has budgeted at least 10 percent of each HHAP 6 allocation to be spent on services for homeless youth (as defined in HSC 50216(l)).

4.b. Sustainability of the Region's Interim Housing Portfolio

Region's Interim Housing Portfolio

Number of Existing Interim Beds (beds) within the Region

160

(If Applicable) Number of Interim Beds Proposed to be added within the grant term (FY24/25-28/29)

0

Total Estimated Capital and Operating Cost for the Existing and Proposed Beds during the grant term

\$21,132,656.00

Funding Sources Realizing and Sustaining the Estimated Capital and Operating Costs for Beds in the Region within the Grant Term (FY24/25-FY28/29)

Funding Source	Amount Dedicated
-----------------------	-------------------------
