

HHAP Round 6 Regionally Coordinated Homelessness Action Plan

Section 1. Regional Identification and Contracting Information

Steps to complete this section:

1. Select the Continuum of Care (CoC) Region. The definition of "Region" is the geographic area served by a county, including all cities and the CoC or CoCs within it (HSC 50230(v)).
2. Indicate which Eligible Applicants are applying together as a region for HHAP 6 (i.e., which Eligible Applicants will administer the Regionally Coordinated Homelessness Action Plan and be signatory to the Memorandum of Understanding). Eligible Applicants for HHAP 6 are all counties, all Continuums of Care, and Large Cities.
3. For each participating Eligible Applicant, indicate whether and how the Eligible Applicant intends to contract with HCD (i.e., indicate whether the Eligible Applicant will act as their own Administrative Entity, or designate one of the other regional partners to administer their allocation and act as the Administrative Entity on their behalf).

Regional Application Participation

Continuums of Care (CoCs)

- A CoC that serves a single county **must** apply as part of the regional application with the county and any overlapping Large Cities. In this case, the CoC should select: *"Is participating in this regional application as an Eligible Applicant."*
- A CoC that serves multiple counties **must either**: apply as part of a single regional application with multiple counties and any overlapping Large Cities **or** participate in the regional application of each overlapping county and the Large Cities therein. When the CoC is participating in multiple regional applications, the CoC should select: *"Is participating in this regional application as an Eligible Applicant"* for the regional application that will include the CoC's HHAP 6 funding plan, and should select: *"Is participating in this regional application as a collaborator"* for all other regional applications they are participating in. This will help to ensure the CoC's funding plan is only collected on a single regional application.

Large Cities ("City" or "Cities")

Large Cities must apply as part of the regional application with the applicable county and CoC.

Counties

- In a CoC that serves a single County, the County **must** apply as part of a regional application with the CoC and any overlapping Large Cities.
- In a multi-county CoC, counties are **strongly encouraged** to apply in collaboration with other counties that are served by the same CoC. **At a minimum**, each County must apply with the overlapping CoC.

LA Region

All CoCs within the County of Los Angeles shall be considered part of a single region, along with the County and Large Cities within the county and therefore **must** apply together. (HSC § 50230(v)(2).)

Contracting

Each Eligible Applicant has the discretion to administer their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. The selections made in this section will indicate which Eligible Applicant will enter into contract with HCD to administer each Eligible Applicant's HHAP 6 allocation. For reference, [HHAP 6 allocations](#) are available on HCD's HHAP website.

The Administrative Entity is responsible for meeting the terms and conditions of the contract, which include, but is not limited to, contracting (when necessary) with sub-recipients, and fulfilling all monthly, annual, final, and Homeless Management Information System (HMIS) reporting requirements.

- **If you plan to contract with HCD to receive and administer only your (individual) HHAP 6 allocation**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection.
- **If you do not plan to contract with HCD and instead plan to identify another participating Eligible Applicant in the region to enter into contract with HCD to receive and administer your HHAP 6 allocation**, select: *"Identify another participating Eligible Applicant in their region to enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection. Once selected, you will be prompted to designate the Administrative Entity from a list of other Eligible Applicants in the region.
- **If you plan to contract with HCD to receive and administer multiple HHAP 6 allocations within your region**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation and allocation(s) from other Eligible Applicants in the region"* under the contracting selection.

Section 2. Documentation of Stakeholder Engagement

1. Provide the dates for which at least three public meetings were held to support the development of the Regionally Coordinated Homelessness Action Plan (Plan).
2. Describe how each stakeholder group from the list provided was invited and encouraged to engage in the Plan.
3. Describe the specific input from the public meetings that was incorporated into the Plan.
4. Certify that all participating Eligible Applicants met the process requirements for developing the Plan.

Meeting Dates

Meeting Dates	Meeting Name or Identifier (optional)
5/14/2025	May CoC Meeting
6/11/2025	June CoC Meeting
7/9/2025	July CoC Meeting

Stakeholder engagement

Stakeholders	Description of how stakeholders were invited and encouraged to engage in the public stakeholder process	Describe the specific input from stakeholders that was incorporated into the Plan
People with lived experience of homelessness, including	Individuals with lived experience of homelessness were invited and	Gender Equity: Concerns were raised about specific underserved

but not limited to survivors of domestic violence.	encouraged to engage in the public stakeholder process through online outreach and collaboration with partner agencies. This included direct engagement through community organizations serving individuals experiencing homelessness, outreach at shelters and resource centers. Efforts were made to ensure accessibility by hosting public meetings online.	populations within Placer County, particularly regarding gender equity, noting that Placer County may be more "closeted" than Sacramento County. Proactive outreach, potentially in collaboration with organizations like the Placer LGBT Center, was suggested to increase awareness of available services. (Lived Experience; Victim Service Provider) • Racial Equity: Identifying specific organizations within the county that address various racial groups for targeted outreach was discussed. A volunteer was mentioned who plans to work with the South Asian and Sikh communities to improve equity by reaching out to these groups directly. (Louise Arquilla- Lived Experience; Victim Service Provider)
Youth with lived experience of homelessness.	The Homeless Resource Council of the Sierras has involved partnerships with youth-serving organizations, schools, and youth housing providers. These agencies are regular attendees to our monthly CoC meetings and provide key input into community efforts, including the HHAP 5 regional plan.	The Homeless Resource Council of the Sierras (HRCS) maintains strong partnerships with youth-serving organizations, schools, and youth housing providers, all of which are active participants in monthly CoC meetings and regional planning processes. These providers played a key role in bringing forward the voices and perspectives of youth with lived experience of homelessness. Input gathered at CoC meetings included feedback from Whole Person Learning and the Placer County Office of Education, both of which emphasized the importance of maintaining youth-focused housing and education supports. Additional input was provided regarding the AMIH Homekey unit set-aside, highlighting the need to preserve and prioritize housing resources specifically designated for transition-age youth. Through these partnerships, youth feedback was gathered both directly and through facilitated discussions in which providers shared recurring themes from their youth participants.

This input directly shaped the Youth Set-Aside and Population-Specific Strategies within the HHAP 6 Plan. As a result, the plan now prioritizes the acquisition, maintenance, and provision of services for new and existing affordable housing units serving youth experiencing homelessness. HRCS will continue to host periodic youth feedback sessions to ensure that young people remain central in ongoing planning and implementation efforts.

Local department leaders and staff of qualifying smaller jurisdictions, including child welfare, public welfare, health care, behavioral health, justice, and education system leaders.

Leaders and staff from local departments relevant to homelessness, including child welfare, health care, behavioral health, justice, and education systems, are invited to participate in the stakeholder process through targeted outreach and coordination with relevant agencies.

To streamline communication and outreach efforts, HRCS employed user-friendly software like Constant Contact. This allows us to send out regular updates, invitations, and announcements regarding public meetings, initiatives, and relevant resources. Through targeted email campaigns, we effectively reached stakeholders and kept them informed about opportunities for engagement with the HHAP 5 process.

- Parolee Homelessness: Stacy Renegar (Outreach Provider; Law Enforcement) raised the issue of homelessness among parolees released to the Auburn parole office, highlighting the lack of existing solutions. This will be a topic for a future stakeholder meeting, as HCD requires collaboration with institutions to reduce first-time homelessness upon release.
- Tahoe-Truckee Needs: Jazmin Breaux (Department Leader) (Tahoe Truckee Homeless Advisory) advocated for funding criteria to support components of their action plan, including a navigation center (eligible as interim housing), emphasizing the lack of emergency shelter in their region with severe winters.
- New Affordable Housing Developments: (Elizabeth Sorg - Local Jurisdiction)
 - o City-Sponsored Project (Rocklin): A planned 109-unit affordable housing project near City Hall, pending TCAC funding approval, with groundbreaking hoped for within the next six months.
 - o Roseville: Hundreds of upcoming affordable units are expected to come online.
- Data-Driven Equity: It was suggested to regularly review and discuss equity data points to monitor progress. (Jazmin Breaux - Department Leader)

		• Brendan Phillips (NCBH) observed that the NoFA strongly aligns with the governor's focus on targeting unsheltered individuals and housing solutions. • Jazmin Breaux (Department Leader) noted that the Tahoe Truckee area lacks a sustainable shelter model or navigation center and a supportive housing project on the Nevada side, emphasizing that this is a recognized community priority. • Jennifer Price asked for clarification regarding capital costs for permanent housing, specifically if it includes both construction and purchase. It was confirmed that purchasing and acquisition do fall under this category.is tied to overall system performance.
Homeless services and housing providers, including developers of permanent affordable housing operating within the region.	Providers of homeless services and housing within the region were actively engaged in the stakeholder process through various means, including provider forums, workshops, and collaborative working groups. Formal invitations were extended to service providers through professional networks, provider associations, and government agencies responsible for funding and oversight of homeless programs.	• Diversion: Tahira Kraft (United Way California Capital Region) suggested prioritizing diversion programs, citing a successful model in Solano County that focuses on preventing homelessness by addressing back rent and providing wrap-around services. • Emergency Housing Vouchers (PHA): Trish Isom (Roseville Housing Authority) highlighted the potential future homelessness of individuals currently housed through Emergency Housing Vouchers due to funding shortfalls, suggesting HHAP funds could help sustain these households. • Placer Safe Sleep Program: Carol (People of Faith Together) inquired about the eligibility of funding for managing safe sleep programs for people living in their cars, noting its non-housing solution classification and the need for clarification from HCD. She emphasized the safety benefits of such programs, referencing a successful model in Santa Barbara and the significant number of individuals in South County living in vehicles. • System Support (HMIS/Coordinated Entry): Jason Winters (Homeless Services Provider)

suggested allocating funds for system supports like HMIS and coordinated entry. While HMIS costs have a dedicated cap, funding for coordinated entry could trigger the need to document permanent housing sustainability.

- Investment in PSH and Rapid Rehousing: Continuing to invest in Permanent Supportive Housing (PSH) and Rapid Rehousing operations was suggested as a key action. (Jamie Gallagher - Department Leader)

- Addressing Systemic Bias: A crucial point raised was the need for the COC to address internal and agency staff biases that may hinder equitable service delivery. (Jazmin Breaux - Department Leader) Amy Wyatt suggesting more regular check-ins or educational pieces at the COC level.

- Tammy Gregerson (HMIS) noted that HMIS data over the past six months shows five times more people entering homelessness than exiting.

- Nicole Mulford (Victory Village) agreed that prevention should be a priority and supported the idea of reviewing the Strategic Plan. She also highlighted other potential funding streams for permanent supportive housing, such as Homekey and the new HOME program. Nicole suggested the CoC could play a crucial role in securing buy-in from cities and counties for these funds and connecting interested local agencies to ensure all available funding streams are leveraged and current programs remain funded..

Each Medi-Cal Managed Care Plan contracted with the State Department of Health Care Services in the region.

Medi-Cal Managed Care Plans contracted with the State Department of Health Care Services in the region were engaged in the stakeholder process through targeted outreach efforts and collaboration with state agencies overseeing healthcare and Medicaid programs. The CoC has invited the region's

In CoC meetings where MCP representatives were in attendance, they emphasized the need for stronger coordination between health providers and housing partners, including improved data-sharing protocols and better alignment of referral pathways for individuals eligible for Enhanced Care Management (ECM) or Community Supports such as housing navigation and tenancy-sustaining

federally-recognized tribal governments to attend CoC meetings. Additional outreach is needed for consistent engagement.

services.

Additionally, With the January rollout of Transitional Rent for eligible CalAIM recipients, MCPs shared their perspective on ensuring that supportive funding would be available for Permanent Supportive Housing (PSH) after the initial six-month subsidy period provided through the program. MCP representatives emphasized that sustained housing and service funding beyond the Transitional Rent timeframe is critical to preventing individuals from cycling back into homelessness once the subsidy ends.

This input has been incorporated into the System Performance Improvement and Funding Priorities sections of the HHAP 6 Plan. In response, Placer County included new performance measures within the HMIS framework to track the increased number of individuals placed in diversion and respite care programs, as well as reductions in homelessness rates within targeted communities. Additional metrics include improvements in housing stability outcomes, such as longer housing tenure and lower eviction rates, along with comparative pre- and post-implementation analyses to assess how expanded coordination and housing availability impact residents' overall well-being and quality of life.

Street medicine providers, victim service providers, and other service providers directly assisting people within the region experiencing homelessness or at risk of homelessness.

Providers offering street medicine and direct services to individuals experiencing homelessness or at risk of homelessness were actively engaged in the stakeholder process to ensure their perspectives and expertise were incorporated into the action plan through previous outreach which informed the direction and priorities of the regional plan.

- Homelessness Prevention: Tammy Gregerson (HMIS) echoed the support for homelessness prevention, noting the increasing number of new entries into HMIS and the cost-effectiveness of preventing homelessness
- Racial Equity: Identifying specific organizations within the county that address various racial groups for targeted outreach was discussed. A volunteer was mentioned who plans to work with the South Asian and Sikh communities to

improve equity by reaching out to these groups directly. (Louise Arquilla-Lived Experience; Victim Service Provider)

- Housing Retention Focus: Focusing on housing retention was proposed as a starting point for improving equity, as data for already housed individuals is readily available, allowing for more targeted engagement with identified underserved populations. (Stacy Renegar - Outreach Provider Law Enforcement)

- Landlord Discrimination: Participants noted that clients, particularly clients of color, often face "soft discrimination" from landlords, impacting housing access. The idea of landlord education on this issue was brought up. (Louise Arquilla- Lived Experience; Victim Service Provider)

Federally recognized tribal governments pursuant to Section 4103 of Title 25 of the United States Code that are within the region.

The CoC invited federally recognized Tribal governments and Tribal-serving organizations within the region to participate in the HHAP 6 stakeholder process through formal invitations, direct outreach by HRCS staff, and inclusion on the CoC's stakeholder contact list. Tribal representatives were encouraged to attend CoC meetings and regional engagement sessions to share perspectives on homelessness in Tribal and rural communities. HRCS conducted follow-up outreach to Tribal partners, including representatives in the Tahoe-Truckee region, to discuss local service gaps and culturally appropriate approaches to prevention and sheltering.

The United Auburn Indian Community of the Auburn Rancheria is the only federally recognized tribal entity in Placer County. While they do provide occasional input to the CoC, they did not officially respond to a

By checking this box, I certify that all participating Eligible Applicants met the public meeting process requirements in statute (HSC Section 50240(d) and (e)) and in the [HHAP 6 NOFA](#) in developing the Regionally Coordinated Homelessness Action Plan, documented in Section 2 of this regional application.

I certify under penalty of perjury that all of the information in Section 2, above, is true and accurate to the best of my knowledge.

Open

Section 3. Regionally Coordinated Homelessness Action Plan

Applicants must submit a Regionally Coordinated Homelessness Action Plan (Plan) that fully complies with HSC section 50240(c). This Plan shall lay out a strategic approach to address homelessness within the region, emphasizing collaborative efforts among participating applicants.

In developing the HHAP 6 Regionally Coordinated Homelessness Action Plans, regions should build upon their approved HHAP 5 Regionally Coordinated Homelessness Action Plans. This means regions should leverage and update information from their approved HHAP 5 Regionally Coordinated Homelessness Action Plan in corresponding sections of the proposed HHAP 6 Regionally Coordinated Homelessness Action Plan.

Regional Roles, Responsibilities, and Housing and Homelessness Service Policies

3.a. Regional Partners' Roles and Responsibilities

3.a.1. Outreach and Site Coordination

Eligible Applicant	Describe roles and responsibilities in outreach to individuals experiencing, or at risk of experiencing, homelessness in the region, and in coordination on citing of services, shelters, and interim and permanent housing in the region
Placer County	Placer County Behavioral Health and Housing Divisions jointly lead regional outreach and coordination activities for individuals experiencing or at risk of homelessness. The County oversees coordination of the County's contracted outreach teams, manages participation in the regional Coordinated Entry System (CES), and ensures integration with county-level behavioral health, CalAIM, and social service programs.

Outreach Role: Placer County is responsible for contracting, managing, and overseeing field-based outreach teams operating throughout Auburn, Roseville, and the eastern and rural areas of the county. County-contracted outreach providers conduct direct engagement with unsheltered individuals, complete housing and service assessments, coordinate referrals into emergency shelter, interim housing, and permanent housing pathways, and connect individuals to behavioral health, substance use treatment, and CalAIM services, including Enhanced Care Management where eligible. The County ensures geographic coverage, establishes outreach performance expectations, and monitors contractor compliance and outcomes.

Coordination Role: Placer County coordinates outreach activities with city partners, the Continuum of Care (CoC), and service providers to ensure alignment with the regional Coordinated Entry System (CES). The County facilitates coordination related to the siting and operation of shelters, interim housing, navigation centers, and permanent supportive housing, including projects on county-owned or county-supported sites. County staff lead interdepartmental coordination across Behavioral Health, Human Services, Probation, and CalAIM partners to ensure outreach efforts result in timely service linkage and housing placements.

Commitment: Maintain leadership in regional planning, ensuring that County systems (e.g., Behavioral Health, Probation, Human Services) are integrated into coordinated housing solutions.

Roseville, Rocklin/Placer County
CoC

The CoC leads system-level coordination, ensuring all outreach activities and siting discussions are integrated within the regional CES and HMIS framework.

Outreach Role: The CoC oversees the integration of all outreach providers into HMIS and ensures that outreach activities follow CES policies and procedures. The CoC establishes systemwide standards for assessment, prioritization, and referral, and monitors CES performance to ensure individuals contacted through outreach are appropriately assessed and connected to shelter, interim housing, or permanent housing resources.

Coordination Role: The CoC coordinates regional planning related to the allocation and siting of outreach, shelter, interim housing, and permanent housing resources, including administering Requests for Proposals for HHAP and CoC-funded programs. The CoC convenes cross-jurisdictional partners to align funding decisions, avoid duplication of services, and prioritize investments that improve system flow from outreach to housing. The CoC also produces and disseminates performance data and reports to inform continuous system improvement.

Commitment: Maintain leadership of the CES Committee and publish annual performance summaries for outreach coordination.

3.a.2. Siting and Use of Available Land

Eligible Applicant	Describe how the Eligible Applicant will coordinate efforts to identify and promote use of available land for the production of interim or permanent housing in the region
Placer County	Placer County coordinates efforts to identify and promote the use of available land for interim and permanent housing through a defined, ongoing, and multi-departmental process led by the County's Housing and Behavioral Health divisions, in coordination with County Executive Office staff and partner agencies. The County maintains and regularly updates an inventory of publicly owned parcels, including surplus and underutilized County-owned land, as well as privately owned parcels identified through coordination with cities and special districts. Parcels are screened using established criteria that include zoning and allowable uses, infrastructure availability, parcel size and configuration, environmental constraints, and proximity to services, transportation, and employment centers. This screening process is used to identify sites suitable for interim housing, bridge housing, permanent supportive housing, and other affordable housing types. Once sites are identified as potentially viable, Placer County actively coordinates with internal departments—including Planning, Public Works, Real Estate Services, Behavioral Health, and County Counsel—to assess feasibility, address land use or entitlement constraints, and determine the appropriate housing typology for each site. Where sites are County-owned, the County advances housing development through formal disposition and development processes, including issuance of Requests for Proposals (RFPs), negotiation of long-term ground leases, or other development agreements consistent with the Surplus Land Act. Placer County also coordinates closely with cities within the region, the Continuum of Care (CoC), and Municipal Advisory Committees (MACs) to share information on available sites, align housing priorities, and address jurisdiction-specific considerations related to siting, community engagement, and service integration. This coordination ensures that land identified for housing development aligns with regional needs for interim and permanent housing and supports the regional Coordinated Entry System. To promote the use of identified sites, the County conducts direct outreach to nonprofit and for-profit housing developers, including hosting targeted convenings such as the County's Affordable Housing Developer Mixer. Through these efforts, the County presents available sites, outlines development incentives and funding opportunities, and facilitates connections between developers, service providers, and funding partners. The County also actively coordinates site promotion with available state and federal funding sources, including HHAP, Homekey and Homekey+, Behavioral Health Bridge Housing, and the Behavioral Health Continuum

Infrastructure Program (BHCIP), to improve project feasibility and accelerate development timelines.

These coordinated efforts have resulted in tangible outcomes, including multiple Homekey awards, such as a Homekey+ award supporting a 55-unit permanent supportive housing development, bringing the County’s total pipeline to 291 PSH units upon completion. The County has also leveraged Behavioral Health Bridge Housing funding to expand interim housing and treatment capacity and is actively pursuing additional BHCIP funding to develop new interim and bridge housing beds on County-owned property, including a proposed campus-based model that co-locates housing and behavioral health services.

Through this structured approach, Placer County systematically identifies viable land, removes barriers to development, promotes sites to qualified developers, and aligns land assets with funding and service resources to expand the regional supply of interim and permanent housing.

Roseville, Rocklin/Placer County CoC	Support, through funding and RFP, the development of new developments and encourage support of land use. Continue to advocate for revision of zoning laws as it pertains to the development of affordable housing.
--------------------------------------	--

3.a.3. Development of Shelter, Interim and Permanent Housing Options

Eligible Applicant	Describe your engagement with housing developers, including developers of permanent supportive housing, to coordinate the financing of interim and permanent housing
Placer County	Placer County understands the need for both immediate and long-term solutions. We are exploring various interim housing options, such as utilizing existing infrastructure while simultaneously working towards establishing permanent supportive housing developments through community partnerships. Historically, Placer County has demonstrated success with AMIH, and has partnered with this organization on many housing projects in the community, including Timberline (5 permanent supportive housing units), Placer Street (12 permanent supportive housing units), Main Street (19 permanent supportive housing units), and Brown Bear Studios (14 permanent supportive housing units). Most recently, Placer County partnered with AMIH on Sunrose Apartments to provide 82 permanent supportive housing units in Roseville. Additionally, Placer County Housing Development Team has been engaging housing developers through organized mixers to further expand housing partnerships and work to create relationships for affordable housing in the community. The most recent event was hosted on May 22, 2025.

Roseville, Rocklin/Placer County
CoC

The Roseville/Rocklin/Placer County Continuum of Care is currently engaged in system-level coordination with housing developers to support the financing of interim and permanent housing projects aligned with regional homelessness response priorities.

The CoC actively works with developers by connecting them to available funding sources, including HHAP, Emergency Solutions Grant (ESG), CoC Program funds, and applicable state and federal housing programs. This engagement occurs through ongoing participation in regional housing and development working groups, coordination meetings with County and city partners, and direct communication with developers pursuing projects that serve households experiencing homelessness.

As part of this coordination, the CoC provides project-level support by supplying HMIS data, Coordinated Entry information, and system performance metrics to inform project design and strengthen financing applications. The CoC also issues letters of support, confirms alignment with regional priorities, and coordinates with jurisdictions to ensure proposed projects are consistent with the regional action plan and funding strategies.

Through these ongoing activities, the CoC helps developers align capital financing, operating subsidies, and supportive services, particularly for permanent supportive housing and housing serving high-acuity populations, including families, transitional age youth, and individuals experiencing chronic homelessness.

3.a.4. Coordination of and Connection to Service Delivery

Eligible Applicant

Describe how the Eligible Applicant is coordinating, connecting, and delivering services - including Mental Health Services Act or Behavioral Health Services Act within the region - to individuals experiencing homelessness, or at risk of experiencing homelessness

Placer County

Placer County is currently responsible for the direct coordination, connection, and delivery of health, behavioral health, and supportive services to individuals experiencing or at risk of homelessness through its integrated Health and Human Services system. The County operationalizes this role through defined structures, contracts, and workflows rather than aspirational collaboration.

Placer County's Behavioral Health Services (BHS) and Adult System of Care (ASOC) provide direct service delivery and oversight for mental health and substance use treatment, including services funded through the Mental Health Services Act (MHSA) and Behavioral Health Services Act (BHSA). These resources are used to support housing-focused case management, clinical outreach, tenancy support, and ongoing treatment for individuals experiencing homelessness who have behavioral health needs.

The County coordinates service delivery through formal referral

pathways and multidisciplinary case conferencing, involving outreach teams, shelter providers, behavioral health clinicians, housing navigators, and CalAIM partners. Individuals engaged through outreach or shelter are assessed and referred into appropriate services, including behavioral health treatment, substance use services, Enhanced Care Management, and housing interventions. Case coordination is supported through HMIS participation, shared assessment tools, and regular case review meetings to ensure continuity of care and reduce service duplication.

Placer County also facilitates co-location of services at key access points, including the Mid-Placer Emergency Shelter and the Cirby Hills Behavioral Health Campus, where individuals can access shelter, behavioral health services, case management, and housing navigation in a single setting. These sites function as coordinated service hubs that allow for real-time referrals, warm handoffs, and ongoing engagement with individuals experiencing homelessness.

Through these ongoing activities, Placer County ensures that individuals experiencing or at risk of homelessness are consistently connected to behavioral health treatment, supportive services, and housing pathways in a coordinated and structured manner.

Roseville, Rocklin/Placer County CoC

The Roseville/Rocklin/Placer County Continuum of Care is currently engaged in system-level coordination to ensure that services delivered by County departments, cities, and community-based providers are aligned, data-informed, and responsive to regional needs.

The CoC oversees the integration of service providers into HMIS and the Coordinated Entry System (CES), ensuring that individuals experiencing homelessness are assessed, prioritized, and referred to housing and services using consistent, regionally adopted standards. The CoC monitors system performance, data quality, and referral outcomes to support effective coordination between outreach, shelter, behavioral health services, and housing programs.

In partnership with Placer County, the CoC coordinates service alignment through ongoing participation in joint planning bodies, including the County–CoC Joint Strategic Plan to End Homelessness. Through this structure, the CoC works with behavioral health providers, housing programs, and community-based organizations to identify service gaps, align funding decisions, and ensure that MHSA- and BHSA-funded services are integrated into housing interventions, particularly permanent supportive housing and rapid rehousing.

The CoC also facilitates coordination by supporting cross-agency communication, issuing funding solicitations aligned with system priorities, and providing data, performance reporting, and technical assistance to providers delivering services to individuals experiencing or at risk of homelessness. These activities are ongoing and ensure that services across the region are coordinated, complementary, and responsive to identified needs.

3.a.5. Policies for Addressing Encampments

Encampment	Estimated Population	What are the region's specific plans to address this encampment?	What are the Key Milestone Dates to carry out the described plan?	ERF Status (site funded by ERF)	ERF Contract #	Are there current plans to submit an ERF application to address this site?	Lead Entity for addressing this encampment
North Auburn Encampment	50	Previously, an encampment existed on the outskirts of the City of Auburn. Prior to 2023, the Auburn encampment operated as an unmanaged site that posed safety and public health concerns for both unsheltered individuals and the surrounding community. In response, Placer County implemented a coordinated strategy to address these conditions	Onsite services include intensive case management, housing navigation, and connections to supportive services. Individuals placed at the MTS are engaged immediately in individualized housing planning, with a goal of transitioning participants to permanent or longer-term housing solutions within 180 days. The program is designed to serve approxima	No		No	Placer County

and provide safer, service-oriented alternatives. In 2023, Placer County opened a first-of-its-kind Mobile Temporary Shelter (MTS) in Auburn to serve local unhoused residents. The MTS is a managed, low-barrier interim housing solution located at the Placer County Government Center. The site consists of approximately 50 heavy-duty tents equipped with cots and basic bedding, along with essential infrastructure including shower and restroom facilities, trash

tely 200 individuals annually, with target housing outcomes including permanent supportive housing, rapid rehousing, reunification, and other appropriate housing options based on individual needs and eligibility. Onsite services include intensive case management, housing navigation, and connections to supportive services. Individuals placed at the MTS are engaged immediately in individualized housing planning, with a goal of transitioning participants to permanent

service, access to drinking water, and communal picnic tables. The MTS was developed to replace unmanaged encampments with a structured, service-enriched environment that supports transitions out of unsheltered homelessness. While the MTS does not meet HUD's formal definition of a shelter, it functions as interim housing with clear operational standards and housing-focused outcomes. The program is funded by Placer County through General Fund and

or longer-term housing solutions within 180 days. The program is designed to serve approximately 200 individuals annually, with target housing outcomes including permanent supportive housing, rapid rehousing, reunification, and other appropriate housing options based on individual needs and eligibility. At the time of application, the Auburn encampment and the Placer County Government Campus encampment were the primary encampments identified within the region. Individuals

Opioid Settlement resources and is operated by The Gathering Inn.

residing at these locations were prioritized for placement at the MTS. The County continues to actively monitor encampments throughout the region and works in coordination with regional partners to identify emerging encampments and deploy appropriate outreach, interim housing, and permanent housing solutions as needed. Should additional encampments be identified, the County will update its encampment inventory and response strategies

Eligible Applicants without a current and formal policy to address encampments that fully or partially complies with the Cal ICH Guidance on Addressing Encampments must complete the following:

Formal Encampment Policy - Nonexistent

Eligible Applicant	Describe existing efforts to address encampments	Does the Eligible Applicant actively commit to adopting a policy that complies with the Cal ICH Guidance on Addressing Encampment?	Provide a specific timeline, including dates, for future adoption of formal policies that comply with the Cal ICH Guidance on Addressing Encampments
--------------------	--	--	--

Roseville, Rocklin/Placer County CoC	The CoC currently funds 2 local street outreach teams with the City of Roseville and the Gathering Inn. Both entities provide street outreach in a trauma-informed manner on a regular basis. The City of Roseville's multidisciplinary team works closely with law enforcement to ensure unsheltered individuals in encampments are provided access to supportive services.	Yes	The CoC and Placer County did not finalize a formal encampment policy compliant with Cal ICH Guidance by the December 31, 2025 target date. The delay reflects the evolving state policy landscape — most notably, Governor Newsom's release of a Model Encampment Ordinance in May 2025, which introduced new local adoption standards that required the CoC and County to reassess the policy framework under development. The CoC determined it was appropriate to align any adopted policy with the Model Ordinance rather than proceed under the earlier draft framework. The CoC and Placer County are following revised timeline of June 2026 for formal policy adoption.
Placer County	Placer County is actively engaged in comprehensive, multi-faceted efforts to address homeless encampments throughout the region, prioritizing a compassionate, service-led approach. Our dedicated Homeless Liaison Team often comprises of county social services staff, behavioral health specialists, and contracted non-profit partners, regularly engage with individuals residing in encampments. These	Yes	The delay reflects the evolving state policy landscape — most notably, Governor Newsom's release of a Model Encampment Ordinance in May 2025, which introduced new local adoption standards that required the CoC and County to reassess the policy framework under development. The CoC determined it was appropriate to align any adopted policy with the Model Ordinance rather than proceed under the earlier draft framework. The CoC and Placer

teams build trust, conduct needs assessments, and work to connect individuals directly to vital resources, including emergency shelter, transitional housing, permanent supportive housing, mental health services, substance use disorder treatment, and medical care. In instances where encampment resolution is necessary due to public health, safety, or environmental concerns, these efforts are carefully coordinated with law enforcement and public works, ensuring that individuals are offered viable alternatives and support services prior to any site clean-up. Collaboration with cities, local non-profits, and law enforcement agencies remains central to our strategy, fostering a coordinated response aimed at transitioning individuals from unsheltered environments into stable, supportive housing.

County are following revised timeline of June 2026 for formal policy adoption.

3.a.6. Housing Element Compliance

Large City or county Eligible Applicant	Is this Eligible Applicant's Housing Element Compliant?	If not compliant, provide a timeline for all relevant milestones to achieve compliance (refer to Guidance and Example timeline and milestones for required level of detail)
Placer County	Yes	

3.a.7. Housing Element Implementation

Large City or county Eligible Applicant	Has this Eligible Applicant	If not, provide a specific timeline and plan with dates to implement the past due programs.

implemented
all programs in
their adopted
Housing
Element on the
timelines
identified
therein?

Justice
Team?

If yes, provide a specific timeline and plan with
dates to resolve the issue.

Placer County

No

3.a.10. Surplus Land

Large City or county Eligible
Applicant

Has this Eligible Applicant
made a central inventory of all

If not, the Eligible Applicant
must provide a specific

	surplus land and all lands in excess of their foreseeable needs as required by Government Code section 54230?	timeline and plan with dates to create such an inventory.
Placer County	Does not currently have a central inventory.	The County did not sell, lease or otherwise dispose of any locally owned lands during the calendar year, and the County does not have any locally owned surplus sites.

3.a.11. Annual Progress Report

Large City or county Eligible Applicant	Has this Eligible Applicant submitted a timely and complete annual progress report for at a minimum, the past two years?
Placer County	Yes

3.b System Performance Measures Improvement Plan

The System Performance Measures Improvement plan documents all the Key Actions the regional partners are taking to improve their homelessness CA System Performance Measures (SPMs) listed in [Section IV.A.3.b.i. of the HHAP 6 NOFA](#). The plan may also include the Key Actions of small jurisdictions and/or tribal governments in the region that elect to engage and collaborate in the Regionally Coordinated Homelessness Action Plan.

All items currently being funded through HHAP Rounds 1 through 5, as well as all activities proposed to be funded through HHAP 6, must be included as Key Actions in the System Performance Measures Improvement Plan. Each regional partner must also include the Key Actions they are taking beyond HHAP 6 funding to address homelessness. These Key Actions must include how each regional partner is improving the region's CA SPMs through use of local, state, and federal funds.

The System Performance Measures Improvement Plan must include:

- At least one Key Action related to reducing CA SPM: "The number of people experiencing unsheltered homelessness"
- At least one Key Action related to increasing CA SPM "the number of people exiting homelessness into Permanent Housing," and
- At least one Key Action with a specific focus on reducing first time instances of homelessness for those exiting institutional settings, including, but not limited to jails, prisons, and hospitals.

Each Key Action must be described in clear, specific terms and must do the following:

1. Identify the CA SPM(s) that the Key Action will improve (you may choose more than one SPM).
2. Describe how the Key Action will improve the CA SPM(s).
3. Identify the lead entity and collaborating entities partnering to achieve the Key Action. Collaborating entity/ies may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating Eligible Applicant, a system partner, or any organization actively participating in the Key Action.

4. Provide the target date for milestones and completion of the Key Action.
5. Provide a clear metric for how success of the Key Action will be measured.
6. Identify the funding source(s) for the Key Action.
 - Note: At a minimum, all funding sources listed in Section IV.A.3.b.ii. of the HHAP 6 NOFA, excluding any that are unavailable to the region within the grant term (FY24/25-FY28/29), must be identified as funding sources for at least one Key Action within the System Performance Measures Improvement Plan.
7. Describe how the funding source(s) will contribute to the achievement of the Key Action.
 - Note: For HHAP 6-funded Key Actions, include the eligible use category or categories as applicable.
8. Describe how the Key Action will address system performance disparities and ensure racial and gender equity in at least one of the following areas: Service Delivery, Housing Placements, Housing Retention, Changes to procurement, or other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services.

Available Funding Sources in the Region

If applicable, list any funding sources mentioned in [Section IV.A.3.b.ii. of the HHAP 6 NOFA](#) that are not available in the region within the grant term (FY24/25-FY28/29).

Available Funding Sources NOT within the Region Narrative

No Place Like Home, Multifamily Housing Program, Housing for a Healthy California, NHTF, HOME.

Key Actions to Improve the Region's CA SPMs

Guidance:

Please note that all Key Actions are numbered to ensure Key Actions may be easily referenced in later parts of the regional application. Applicants can refer to the # provided. E.g., Key Action 1, Key Action 2, etc.

Key Actions

Key Action 1

Description

Strengthening the quality or performance of housing and/or services programs by increasing available housing and sustaining interim housing.

Identify which CA SPM(s) will be improved by Key Action 1 and how.

SPM Improvement Plan for Key Action 1

CA SPM	Specific description of how Key Action 1 will improve this CA SPM
CA SPM 1a	Increase Existing Permanent Supportive Housing

- Fund future PSH projects
 - Promote partnerships for the development of affordable and supportive housing
- Increase Existing Affordable Housing
- Increased landlord participation in housing vouchers and Rapid Rehousing Programs
 - Cultivate Resources in English and Spanish
- Target underserved communities with housing resources

Sustain Interim Housing

- Provide emergency shelter to those experiencing unsheltered homelessness while being connected to permanent housing resources
- Target underserved communities with housing and supportive services

CA SPM 3

Increase Existing Permanent Supportive Housing

- Fund future PSH projects
 - Promote partnerships for the development of affordable and supportive housing
- Increase Existing Affordable Housing
- Increased landlord participation in housing vouchers and Rapid Rehousing Programs
 - Cultivate Resources in English and Spanish
- Target underserved communities with housing resources

CA SPM 1b

Reduce Unsheltered Homelessness

- Sustain emergency shelter capacity to reduce the number of individuals living unsheltered in the region; without maintaining existing shelter beds, unsheltered homelessness as measured by SPM 1b will increase
- Connect unsheltered individuals identified through street outreach to coordinated entry and available shelter placements
- Target outreach efforts toward communities and locations with the highest concentrations of unsheltered individuals

Clear metric for how success of Key Action 1 will be measured

HMIS Data – increase in the number of exits to PH from an unsheltered situation. Decrease in the number of unsheltered individuals on the PIT Count

Lead Entity for Key Action 1

Key Actions to Improve the Region's CA SPMs - Milestone Dates for Key Action 1

Milestones for Key Action 1	Target dates for Key Action 1 milestones
i. Reduction in homelessness rates within targeted communities.	1/30/2026
ii. Improvement in housing stability metrics, such as length of tenure and eviction rates.	
iii. Comparison of pre-implementation and post-implementation data to assess the impact of increased housing availability on the overall well-being and quality of life of residents	
iv. Reduction in the number of individuals experiencing unsheltered homelessness as measured by CA SPM 1b, tracked through PIT and	

HMIS.

Target date for completing Key Action 1
12/31/2026

Funding Sources for Key Action 1

Funding Sources for Key Action 1

Funding source	Description of how the funding will contribute to the achievement of Key Action 1	For HHAP 6-funded Key Actions only: Eligible use category to fund this Key Action.
HHAP 1	Funding RRH projects for landlord incentives, rental assistance, utility assistance.	
	Funding permanent supportive housing operations, increasing the availability of available permanent housing. This will increase the number of exits to permanent housing, and decrease the number of unsheltered individuals	
	Funding emergency shelters, decreasing the number of unsheltered individuals, while providing services to remove housing barriers.	
HHAP 2	Funding RRH projects for landlord incentives, rental assistance, utility assistance.	
	Funding permanent supportive housing operations, increasing the availability of available permanent housing. This will increase the number of exits to permanent housing, and decrease the number of unsheltered individuals	
	Funding emergency shelters, decreasing the number of unsheltered individuals, while providing services to remove housing barriers.	
HHAP 3	Funding RRH projects for	

landlord incentives, rental assistance, utility assistance.

Funding permanent supportive housing operations, increasing the availability of available permanent housing. This will increase the number of exits to permanent housing, and decrease the number of unsheltered individuals

Funding emergency shelters, decreasing the number of unsheltered individuals, while providing services to remove housing barriers.

HHAP 4

Funding RRH projects for landlord incentives, rental assistance, utility assistance.

Funding permanent supportive housing operations, increasing the availability of available permanent housing. This will increase the number of exits to permanent housing, and decrease the number of unsheltered individuals

Funding emergency shelters, decreasing the number of unsheltered individuals, while providing services to remove housing barriers.

HHAP 5

Funding RRH projects for landlord incentives, rental assistance, utility assistance.

Funding permanent supportive housing operations, increasing the availability of available permanent housing. This will increase the number of exits to permanent housing, and decrease the number of unsheltered individuals

Funding emergency shelters, decreasing the number of unsheltered individuals, while

	providing services to remove housing barriers.	
Mental Health Services Act and Behavioral Health Services Act	Permanent housing operations and rental assistance.	
HHAP 6	County Activity 1: These funds will support the acquisition, maintenance, and services for new and existing affordable housing units serving individuals experiencing homelessness.	Rapid Rehousing/ Rental Subsidies
HHAP 6	County Activity 2: These funds will support the maintenance and services for new and existing affordable housing units serving individuals experiencing homelessness (Youth).	YSA: Rapid Rehousing/ Rental Subsidies
HHAP 6	County Activity 3: Administration of HHAP funds	Administrative Costs
HHAP 6	CoC Activity 1: These funds will support the acquisition, maintenance, and services for new and existing affordable housing units serving individuals experiencing homelessness.	Rapid Rehousing/ Rental Subsidies
HHAP 6	CoC Activity 2: These funds will support the acquisition, maintenance, and services for new and existing affordable housing units serving youth experiencing homelessness	YSA: Rapid Rehousing/ Rental Subsidies
HHAP 6	CoC Activity 3: These funds will support management of the acquisition, maintenance, and services for new and existing affordable housing units serving youth and adults experiencing homelessness.	Rapid Rehousing/ Rental Subsidies
HHAP 6	CoC Activity 4: Youth Services Coordination - Funding will be used by youth agencies to connect unaccompanied youth to education and workforce programs. Activities may also include the coordination of mental health, substance use, and	YSA: Permanent Housing Services and Services Coordination

	primary care treatment, as well as other tenancy support services.	
HHAP 6	CoC Activity 5: Funding will be used for the continued operation of emergency shelters in the region.	Operating Expenses – Interim Housing
HHAP 6	CoC Activity 7: HMIS costs related to HHAP reporting	HMIS
HHAP 6	CoC Activity 8: Administration of HHAP Round 6	Administrative Costs
PLHA	PLHA funds may be used by eligible local governments in Placer County for affordable housing development, preservation, rapid rehousing, rental assistance, and navigation centers serving persons experiencing or at risk of homelessness. PLHA activities align directly with County Activities 1 and 2 (acquisition, maintenance, and services for affordable housing units serving homeless individuals and youth).	
Mental Health Services Act and Behavioral Health Services Act	BHSA funds county behavioral health services including Full Service Partnerships (FSP), transitional and permanent supportive housing for individuals with serious mental illness, and community-based recovery programs. ASOC operates PSH, transitional housing, and shared-living programs funded partly through BHSA. Under new BHSA framework (effective July 1, 2026), counties must allocate a mandated percentage toward housing interventions for highest-need individuals, directly supporting both Key Actions.	
Medi-Cal program	CalAIM ECM provides intensive care coordination for high-need Medi-Cal members experiencing homelessness, linking them to housing, healthcare, and	

behavioral health services. Community Supports include Housing Transition Navigation, Housing Deposits, and Housing Tenancy & Sustaining Services — directly supporting placement into housing and housing retention. ECM's institutional exit protocols support Key Action 2 by coordinating discharge planning from hospitals, jails, and other institutions to prevent first-time homelessness.

The California Emergency Solutions Grants Program

ESG funds emergency shelter operations, rapid rehousing (rental assistance, security deposits), street outreach, and homelessness prevention activities including case management and utility assistance. Supports CoC Activity 4 (shelter operations) under Key Action 1, and CoC Activity 4 (prevention) under Key Action 2.

The Homekey Program

Funds acquisition and conversion of former motel to 55 units of PSH (including 1 manager's unit) for veterans and individuals with behavioral health needs. Operated by AMI Housing with 24/7 onsite staff and case management. Directly increases permanent housing inventory serving individuals experiencing homelessness.

CalWORKs

CalWORKs (administered by Placer County HHS) provides cash assistance and employment services to low-income families with children. CalWORKs homeless assistance provisions include time-limited rental assistance and housing deposits for families who are homeless or at imminent risk. Families experiencing homelessness with children are prioritized for case management and housing navigation, connecting them to

	CoC housing resources and rapid rehousing programs under both Key Actions.
CalFresh	CalFresh provides monthly food assistance to income-eligible households, reducing the burden of food costs on households at risk of homelessness or transitioning to housing. CalFresh enrollment is actively promoted to shelter residents and individuals in rapid rehousing programs to stabilize households and support housing retention.
HCV / Section 8(Housing Choice Vouchers)[Mainstream Benefit]	Provides rental subsidy to low-income households, including homeless individuals and families. PCHA administers HCV program across Placer County (excluding Roseville). Subsidies support housing stability and complement CoC housing placements.
Parolee or probation programs that are intended to prevent homelessness upon release.	CDCR-funded reentry programs and Placer County Probation reentry services provide transitional housing, case management, and supportive services for individuals exiting state prison or county incarceration. These programs coordinate with CoC Activity 3 (shelter operations) and CalAIM ECM institutional exit protocols to connect returning residents with interim housing and services immediately upon release, reducing first-time and repeat homelessness among justice-involved individuals.
Adult protective services	SSI and SSP provide monthly income to individuals with disabilities, many of whom are experiencing or at risk of homelessness. Enrollment is promoted through case management programs and disability benefits advocacy. Benefit income enables

participants to afford housing and reduces reliance on operating subsidies, supporting both housing acquisition and retention activities.

Identify which of the following equity improvement areas will be addressed by Key Action 1.

Equity Areas for Key Action 1

Equity area	Description of how Key Action 1 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Housing Placements	The expansion of our housing inventory will directly address system performance disparities in housing placements by increasing the speed and efficiency with which individuals are housed. A larger supply of housing, especially units that are diverse in size and accessibility, will reduce lengthy waiting lists and allow for more appropriate placements that match a household's specific needs. This will enable us to more effectively place individuals and families who have been systemically disadvantaged and are overrepresented in our unhoused population. We will work to ensure that our Coordinated Entry System is a fair and equitable gateway to these new housing resources, actively monitoring placement data to address any disparities and ensure that individuals from marginalized racial and ethnic groups have equitable access to the full range of available housing options
Service Delivery	Increasing the availability of housing is a foundational strategy for strengthening the quality-of-service delivery and affirming equity. A lack of stable housing makes consistent and effective service provision extremely challenging, often limiting it to reactive, crisis-based outreach. By expanding the housing inventory, Placer County will enable a fundamental shift to a housing-first approach, where services—including case management, behavioral health, and employment support—can be provided in a stable, predictable, and dignified environment. This allows for more intensive, person-centered, and culturally competent support. This approach helps to overcome disparities by ensuring that services are not just offered but are delivered and received, leading to better health and well-being outcomes for all residents, particularly those from racial and ethnic groups that have been historically underserved by the system.
Housing Retention	Increasing the supply of housing is a critical drive for improving housing retention and affirming equity. Long-term housing stability is often the result of having access to both affordable housing and sustained, high-quality supportive services. By developing more permanent supportive housing and deeply affordable units, we provide a stable foundation that reduces the risk of returns to homelessness. Placer County will ensure that these new housing options are paired with flexible, tenant-centered services—including eviction prevention, legal aid, and financial counseling—that are culturally competent and responsive to the unique needs of residents. This proactive, retention-focused strategy is particularly vital for racial and ethnic groups with a higher risk of housing instability, directly contributing to more equitable and sustainable housing outcomes.

Changes to procurement	Our commitment to increasing available housing will be accompanied by changes to our procurement practices to intentionally promote racial and gender equity. As we seek to expand our housing inventory, we will prioritize partnerships with and procurement from non-profit and community-based organizations that have a proven track record of serving individuals from overrepresented racial and ethnic groups and who employ culturally competent staff. We will also work to streamline our procurement process and provide technical assistance to smaller, grassroots organizations to make it easier for them to apply for and secure funding. This strategic shift in procurement will not only increase our housing supply but will also build capacity within diverse community-led organizations, thereby ensuring that our homeless response system is more inclusive, representative, and effective.
Other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services.	In addition to the above, we will affirm racial and ethnic equity through a commitment to data-driven decision-making, community collaboration, and targeted strategies. We will implement a system to regularly collect and analyze disaggregated data on race and ethnicity throughout our homeless response system to identify and respond to any disparities in service access, housing placements, and retention rates. We will establish a lived experience advisory board, ensuring the inclusion of individuals from overrepresented racial and ethnic groups to inform all aspects of our planning and program design. Furthermore, our outreach and engagement strategies will be tailored to build trust with specific communities, utilizing trusted community leaders and organizations to ensure that services are both culturally and linguistically accessible. These combined efforts are designed to ensure that the increased housing and services resulting from this Key Action are distributed equitably and lead to lasting, positive change.

Key Action 2

Description

Decrease the number of individuals experiencing homelessness for the first time exiting an institution

Identify which CA SPM(s) will be improved by Key Action 2 and how.

SPM Improvement Plan for Key Action 2

CA SPM	Specific description of how Key Action 2 will improve this CA SPM
CA SPM 2	1. A. Increase the availability of rental funding- Target individuals, youth, and families from slipping into homelessness - Expand Rental Assistance B. Strengthen housing focused case management and post housing supportive services - Increased landlord participation"
CA SPM 2	2. Increase access to crisis prevention placements

Clear metric for how success of Key Action 2 will be measured

HMIS Data - Increased number of individuals placed in diversion and respite care programs

Lead Entity for Key Action 2

Key Actions to Improve the Region's CA SPMs - Milestone Dates for Key Action 2

Milestones for Key Action 2

Target dates for Key Action 2 milestones

- i. Reduction in homelessness rates within targeted communities.
- ii. Improvement in housing stability metrics, such as length of tenure and eviction rates.
- iii. Comparison of pre-implementation and postimplementation data to assess the impact of increased housing availability on the overall well-being and quality of life of residents

1/30/2026

Target date for completing Key Action 2
12/31/2026

Funding Sources for Key Action 2

Funding Sources for Key Action 2

Funding source

Description of how the funding will contribute to the achievement of Key Action 2

For HHAP 6-funded Key Actions only: Eligible use category to fund this Key Action.

Mental Health Services Act and Behavioral Health Services Act

We will leverage our housing continuum and ensure that individuals experiencing first time homelessness can access various services throughout the county. This includes housing supports from shelters, respite, board and care, transitional housing, and permanent supportive housing. We will also leverage two short term behavioral health and substance use short term crisis programs to bridge clients to treatment and sheltering services.

HHAP 6

CoC Activity 5: Funding will be used for the continued operation of emergency shelters in the region.

Operating Expenses – Interim Housing

HHAP 6

CoC Activity 6: Funding will be used for homeless prevention activities. Agencies identified through a request for proposal

Prevention and Diversion

	(RFP) process will provide case management, housing navigation, housing deposit, and utility/rental assistance to households at imminent risk of homelessness who meet the 30% AMI requirement.	
HHAP 6	CoC Activity 7: HMIS costs related to HHAP reporting	HMIS
PLHA	PLHA funds may be used by eligible local governments in Placer County for affordable housing development, preservation, rapid rehousing, rental assistance, and navigation centers serving persons experiencing or at risk of homelessness. PLHA activities align directly with County Activities 1 and 2 (acquisition, maintenance, and services for affordable housing units serving homeless individuals and youth).	
Medi-Cal program	CalAIM ECM provides intensive care coordination for high-need Medi-Cal members experiencing homelessness, linking them to housing, healthcare, and behavioral health services. Community Supports include Housing Transition Navigation, Housing Deposits, and Housing Tenancy & Sustaining Services — directly supporting placement into housing and housing retention. ECM's institutional exit protocols support Key Action 2 by coordinating discharge planning from hospitals, jails, and other institutions to prevent first-time homelessness.	
Mental Health Services Act and Behavioral Health Services Act	BHSA funds county behavioral health services including Full Service Partnerships (FSP), transitional and permanent supportive housing for individuals with serious mental illness, and community-based recovery programs. ASOC operates PSH,	

	transitional housing, and shared-living programs funded partly through BHSA. Under new BHSA framework (effective July 1, 2026), counties must allocate a mandated percentage toward housing interventions for highest-need individuals, directly supporting both Key Actions.	
The California Emergency Solutions Grants Program	ESG funds emergency shelter operations, rapid rehousing (rental assistance, security deposits), street outreach, and homelessness prevention activities including case management and utility assistance. Supports CoC Activity 4 (shelter operations) under Key Action 1, and CoC Activity 4 (prevention) under Key Action 2.	
HHAP 6	CoC Activity 4: Youth Services Coordination - Funding will be used by youth agencies to connect unaccompanied youth to education and workforce programs. Activities may also include the coordination of mental health, substance use, and primary care treatment, as well as other tenancy support services.	YSA: Permanent Housing Services and Services Coordination
HHAP 6	CoC Activity 8: Administration of HHAP Round 6	Administrative Costs
HHAP 6	County Activity 3: Administration of HHAP funds	Administrative Costs
Child welfare	Placer County's child welfare system coordinates with CoC providers to support youth aging out of foster care and families at risk of homelessness. Youth transitioning out of foster care are among the highest-risk populations for first-time homelessness. Child welfare-CoC coordination protocols — including warm handoffs to CoC youth services, Housing and	

Urban Development-Youth Homelessness Demonstration Program resources, and CalAIM ECM for youth — directly serve the Key Action 2 goal of decreasing first-time homelessness upon institutional exit.

Identify which of the following equity improvement areas will be addressed by Key Action 2.

Equity Areas for Key Action 2

Equity area	Description of how Key Action 2 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	Our efforts to decrease first-time homelessness upon institutional exit will significantly strengthen service delivery by embedding proactive, housing-focused interventions directly into discharge planning. Currently, service delivery often begins reactively once an individual is already homeless. By implementing robust "warm handoffs" and coordinated pre-release planning with hospitals, correctional facilities, and foster care systems, we ensure that individuals receive comprehensive assessments, housing navigation assistance, benefits enrollment support, and linkages to mental health and substance use services before their release. This proactive model improves the quality of service delivery by making it continuous, preventive, and person-centered. To ensure racial and gender equity, we will specifically address systemic disparities that lead to overrepresentation in institutional settings (e.g., racial minorities in the justice system, LGBTQ+ youth in foster care) by mandating culturally competent and trauma-informed training for all discharge planners, ensuring that all individuals receive equitable and effective support tailored to their unique needs and experiences, reducing the likelihood of a first-time experience with homelessness.
Housing Placements	Decreasing first-time homelessness from institutions directly impacts housing placements by shifting from a reactive emergency response to a proactive housing-first strategy. This Key Action necessitates the pre-identification and securing of appropriate housing destinations prior to an individual's release or discharge, rather than relying on shelters or the streets. We will facilitate robust partnerships with housing providers, landlords, and rapid rehousing programs to create a dedicated pipeline of housing options for individuals exiting institutions. This focus on immediate, stable housing placements addresses a critical system performance disparity where individuals are often discharged with no safe place to go. To ensure racial and gender equity, we will implement policies that prioritize housing placements for individuals from historically marginalized groups who are disproportionately impacted by institutionalization (e.g., formerly incarcerated individuals of color, women exiting domestic violence shelters, transgender individuals exiting foster care), ensuring that housing options are safe, affirming, and culturally responsive to their needs.
Housing Retention	By focusing on preventing first-time homelessness upon institutional exit, we inherently strengthen housing retention outcomes. The strategy involves not

just securing immediate housing but also ensuring comprehensive post-release supportive services are seamlessly integrated into the housing plan. This includes ongoing case management, access to culturally relevant mental health and substance use disorder treatment, employment assistance, and tenancy supports. Providing this continuum of care from institutional discharge to housing stability drastically reduces the likelihood of re-entry into homelessness. This targeted retention effort directly addresses system performance gaps where individuals frequently lose housing due to a lack of sustained support. To ensure racial and gender equity, our retention services will be tailored to address the unique systemic barriers and trauma experienced by specific racial and ethnic groups or gender identities (e.g., culturally specific peer support, services for survivors of violence), enhancing their capacity to maintain long-term housing stability.

Changes to procurement To effectively decrease first-time homelessness from institutions, our procurement strategies will undergo significant shifts to prioritize and fund prevention-oriented services. We will move beyond traditional crisis response procurement to contract specifically with agencies and programs specializing in institutional discharge planning and housing navigation. This includes procuring services for pre-release housing subsidies, diversion programs, and specialized case management for individuals transitioning from institutional settings. Furthermore, we will prioritize partnerships with providers who demonstrate strong, established relationships with local hospitals, correctional facilities, and child welfare agencies, and who have a proven track record of successful housing placements for these populations. These changes to procurement will actively promote racial and gender equity by favoring organizations that employ culturally competent staff and have expertise in serving specific populations overrepresented in institutional settings, ensuring that funding supports the most effective and equitable pathways to prevent homelessness.

Other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services. Beyond direct service and housing initiatives, Placer County will utilize additional strategies to affirm equitable access for racial and ethnic groups, overrepresented among individuals experiencing homelessness for the first time exiting institutions. This includes systemic data collection and disaggregation by race, ethnicity, and gender at every stage of the institutional discharge process, from initial assessment to housing placement and retention, to proactively identify and address any disparities. We will implement ongoing implicit bias and anti-racism training for all institutional staff and community partners involved in discharge planning, fostering a more equitable and culturally sensitive service environment. Furthermore, we will actively engage and partner with community-based organizations that have deep trust and established relationships within racial and ethnic communities disproportionately impacted by institutionalization, ensuring that discharge planning and post-release support are culturally affirming and responsive to their unique needs and experiences.

4. HHAP-6 Funding Plan

State Priorities for HHAP 6 Funding: HHAP 6 is intended to reflect the state's priorities to prevent and expeditiously reduce unsheltered homelessness through homelessness prevention activities and sustain existing Interim Housing Solutions, and Permanent Housing Solutions, including long-term sustainability of

interim housing and permanent affordable housing.

To complete the HHAP 6 Funding Plan:

1. Identify the Administrative Entity submitting the budget.
 - Provide the Tax ID/TIN, primary contact for the contract, contact email, contact phone, and address for where the HHAP 6 check will be mailed.
 - Provide the total dollar amount of the HHAP 6 allocation(s) being administered under the Funding Plan.
 - **Reminder: This must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.**
2. Describe all activities proposed to be funded by HHAP 6 in clear, specific terms, and:
 - Identify the HHAP 6 eligible use category under which each proposed activity is budgeted. Activities must be specific and may only be categorized under one eligible use category. Activities may not be categorized under multiple eligible use categories (including activities under the Youth Set Aside).
 - Provide the total dollar amount of HHAP 6 funding proposed for the activity.
 - **Reminder: Administrative costs may not exceed 7% of all monies received.**
 - **Reminder: The Youth Set Aside (YSA) amounts, when combined, must total at least 10% of all monies received.**
 - Identify which System Performance Measure Improvement Plan Key Action(s) the activity supports.
 - **The total HHAP 6 funding proposed for the activity** should account for all dollars budgeted toward that activity. These amounts, when added, must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.
3. Indicate whether the budget proposes to support ANY:
 - New Interim Housing (aside from those designated in the Youth Set Aside) and/or
 - Non-Housing Solutions.

Note: If the HHAP 6 budget proposes spending on New Interim Housing and/or Non-Housing Solutions, the region must document the sustainability of its permanent housing portfolio, as outlined in NOFA section IV.A.4.c, in the next section of this application.

Funding Plans from Administrative Entity/ies in Roseville, Rocklin/Placer County CoC Participating in this Application

Key Action 1: Strengthening the quality or performance of housing and/or services programs by increasing available housing and sustaining interim housing.

Key Action 2: Decrease the number of individuals experiencing homelessness for the first time exiting an institution

Does this budget propose to fund any New Interim Housing Solutions, aside from those designated in the Youth Set Aside?

No

Does this budget propose to fund any Non-housing Solutions?

No

Housing Portfolio

Funding Priority Considerations: Documenting Sustainability of the Region's Interim and Permanent Housing Portfolios

Steps to complete this section:

To complete 4.b. Sustainability of the Region's Interim Housing Portfolio:

1. Identify the total existing Interim Housing shelters and beds (beds) in the region.
2. If proposing to use HHAP 6 to fund New Interim Housing solutions, aside from those designated for the Youth Set Aside, Eligible Applicants must identify the total beds proposed to be added during the grant term (FY24/25-28/29) in the region and are required to complete 4c, the Sustainability of the Region's Permanent Housing Portfolio.
3. Identify the total estimated capital and operating costs for the beds (existing and, if applicable, proposed to be added) during the grant term.
4. Identify the funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for the beds in the region for the grant term.

To complete 4.c. Sustainability of the Region's Permanent Housing Portfolio:

Required if any regional partner is proposing to spend HHAP 6 funding on New Interim Housing solutions (aside from those designated for the Youth Set Aside) and/or Non-Housing Solutions.

For the region's existing, at-risk, and proposed permanent affordable housing identify all the following:

1. The total (existing, at-risk, and proposed) permanent affordable housing developments and units

(developments) in the region. Data for existing and at-risk developments can be provided by HCD upon request.

Note: Developments proposed includes those currently seeking permanent housing funding or operations support in the region which still have a financing or supportive services and operations funding gap.

2. The total estimated capital and operating costs for (existing, at-risk, and proposed) developments during the grant term.
3. The funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for (existing, at-risk, and proposed) developments in the region for the grant term.

To complete 4.d. Documentation of Youth Set Aside Requirement:

1. Certify that the region has budgeted at least 10 percent of each HHAP 6 allocation to be spent on services for homeless youth (as defined in HSC 50216(l)).

4.b. Sustainability of the Region's Interim Housing Portfolio

Region's Interim Housing Portfolio

Number of Existing Interim Beds (beds) within the Region

339

(If Applicable) Number of Interim Beds Proposed to be added within the grant term (FY24/25-28/29)

0

Total Estimated Capital and Operating Cost for the Existing and Proposed Beds during the grant term

\$5,216,000.00

Funding Sources Realizing and Sustaining the Estimated Capital and Operating Costs for Beds in the Region within the Grant Term (FY24/25-FY28/29)

Funding Source	Amount Dedicated
County Funds, City Funds, CalAIM; Private Donations	\$720,000.00
HHAP 2-4	\$600,000.00
Cal OES, County DVTF, County ARPA, private donations	\$760,332.00
HHAP 6	\$175,383.68

Total Amount Dedicated Interim

\$2,255,715.68
