## HHAP Round 6 Regionally Coordinated Homelessness Action Plan

### Section 1. Regional Identification and Contracting Information

Steps to complete this section:

1. Select the Continuum of Care (CoC) Region. The definition of "Region" is the geographic area served by a county, including all cities and the CoC or CoCs within it (HSC 50230(v)).
2. Indicate which Eligible Applicants are applying together as a region for HHAP 6 (i.e., which Eligible Applicants will administer the Regionally Coordinated Homelessness Action Plan and be signatory to the Memorandum of Understanding). Eligible Applicants for HHAP 6 are all counties, all Continuums of Care, and Large Cities.
3. For each participating Eligible Applicant, indicate whether and how the Eligible Applicant intends to contract with HCD (i.e., indicate whether the Eligible Applicant will act as their own Administrative Entity, or designate one of the other regional partners to administer their allocation and act as the Administrative Entity on their behalf).

#### Regional Application Participation

##### **Continuums of Care (CoCs)**

- A CoC that serves a single county **must** apply as part of the regional application with the county and any overlapping Large Cities. In this case, the CoC should select: *"Is participating in this regional application as an Eligible Applicant."*
- A CoC that serves multiple counties **must either**: apply as part of a single regional application with multiple counties and any overlapping Large Cities **or** participate in the regional application of each overlapping county and the Large Cities therein. When the CoC is participating in multiple regional applications, the CoC should select: *"Is participating in this regional application as an Eligible Applicant"* for the regional application that will include the CoC's HHAP 6 funding plan, and should select: *"Is participating in this regional application as a collaborator"* for all other regional applications they are participating in. This will help to ensure the CoC's funding plan is only collected on a single regional application.

##### **Large Cities ("City" or "Cities")**

Large Cities must apply as part of the regional application with the applicable county and CoC.

## Counties

- In a CoC that serves a single County, the County **must** apply as part of a regional application with the CoC and any overlapping Large Cities.
- In a multi-county CoC, counties are **strongly encouraged** to apply in collaboration with other counties that are served by the same CoC. **At a minimum**, each County must apply with the overlapping CoC.

## LA Region

All CoCs within the County of Los Angeles shall be considered part of a single region, along with the County and Large Cities within the county and therefore **must** apply together. (HSC § 50230(v)(2).)

## Contracting

Each Eligible Applicant has the discretion to administer their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. The selections made in this section will indicate which Eligible Applicant will enter into contract with HCD to administer each Eligible Applicant's HHAP 6 allocation. For reference, [HHAP 6 allocations](#) are available on HCD's HHAP website.

The Administrative Entity is responsible for meeting the terms and conditions of the contract, which include, but is not limited to, contracting (when necessary) with sub-recipients, and fulfilling all monthly, annual, final, and Homeless Management Information System (HMIS) reporting requirements.

- **If you plan to contract with HCD to receive and administer only your (individual) HHAP 6 allocation**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection.
- **If you do not plan to contract with HCD and instead plan to identify another participating Eligible Applicant in the region to enter into contract with HCD to receive and administer your HHAP 6 allocation**, select: *"Identify another participating Eligible Applicant in their region to enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection. Once selected, you will be prompted to designate the Administrative Entity from a list of other Eligible Applicants in the region.
- **If you plan to contract with HCD to receive and administer multiple HHAP 6 allocations within your region**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation and allocation(s) from other Eligible Applicants in the region"* under the contracting selection.

**Please select the Continuum of Care region**

## Section 2. Documentation and Certification of Stakeholder Engagement

### Section 2. Documentation of Stakeholder Engagement

1. Provide the dates for which at least three public meetings were held to support the development of the Regionally Coordinated Homelessness Action Plan (Plan).
2. Describe how each stakeholder group from the list provided was invited and encouraged to engage in the Plan.
3. Describe the specific input from the public meetings that was incorporated into the Plan.
4. Certify that all participating Eligible Applicants met the process requirements for developing the Plan.

### Meeting Dates

Meeting Dates	Meeting Name or Identifier (optional)
4/16/2025	City of Riverside Non-Profit Collaborative
7/8/2025	Community Feedback Session with Individuals with Lived Experience
7/23/2025	Riverside County Continuum of Care Meeting

### Stakeholder engagement

Stakeholders	Description of how stakeholders were invited and encouraged to engage in the public stakeholder process	Describe the specific input from stakeholders that was incorporated into the Plan
People with lived experience of homelessness, including but not limited to survivors of domestic violence.	Announcements were made during Board of Governance (BOG) meetings. Invitations were sent to targeted populations and the full CoC membership. The City of Riverside distributed meeting invitations to shelter, recuperative care, rapid re-housing, and permanent supportive housing program participants, and posted flyers at the Riverside Access Center.	Attendees reviewed the systems performance measures, and current progress made toward goals outlined in the Homeless Action Plan. Attendees helped prioritize funding within the plans and supported the recommended goals. At the Riverside Access Center, participants requested transportation assistance to access employment opportunities. In response, the City of Riverside incorporated this feedback into Funding Plan #7 (Service Coordination) and Activity #4 (Service Coordination) under the Riverside County CoC plan.

Additionally, emergency shelter participants expressed the need for increased shelter capacity and expanded housing options upon exit. In response, Riverside County incorporated this feedback into Activity #4 (Motel Vouchers), #5 (Operating Expenses for Interim Housing), and the City of Riverside included the feedback under Activity#4 (Capital for Permanent Housing) and #5 (Operating Expenses for Interim Housing), in its funding plan. All three funding plans also included Activity #1 (Rapid Rehousing with Supportive Services) to address these needs.

Youth with lived experience of homelessness.

Invitations were sent out to our Youth Action Board and targeted populations, including the CoC membership.

Attendees reviewed the systems performance measures, and current progress made toward goals outlined in the Homeless Action Plan. Attendees helped prioritize funding allocations and supported the recommended goals. Youth participants requested both housing and transportation assistance to access employment opportunities and connect with job programs. In response, this feedback was incorporated into all three funding plans under Activity #2 (Rapid Rehousing with Supportive Services) for youth-specific populations. Additionally, transportation assistance was incorporated into the CoC's Funding Plan #4 (Service Coordination) and the City of Riverside's Funding Plan #7 (Service Coordination).

Local department leaders and staff of qualifying smaller jurisdictions, including child welfare, public welfare, health care, behavioral health, justice, and education system leaders.

We have representation from local department leaders and staff from qualifying smaller jurisdictions, including child welfare, health care, behavioral health, justice, and education system leaders who are a part of and actively participate in our local CoC meetings. We have sent email invitations and made announcements during our CoC meetings.

Attendees reviewed the systems performance measures, and current progress made toward goals outlined in the Homeless Action Plan. Attendees helped prioritize funding within the plans and expressed support for the recommended goals. Participants also requested a need for additional housing. In response, this feedback was incorporated into all areas of the three funding plans, including Activity #1 – Rapid

Rehousing with Supportive Services, and The City of Riverside's funding plan under Activity #4 (Capital for Permanent Housing).

Homeless services and housing providers, including developers of permanent affordable housing operating within the region.

Invitations were sent out to targeted populations and the CoC membership. Input was received from Path of Life Ministries, National CORE, the Inland SoCal Housing Collective and the City of Riverside's Nonprofit Collaborative.

Attendees reviewed the systems performance measures, and current progress made toward goals outlined in the Homeless Action Plan. Attendees helped prioritize funding within the plans and supported the recommended goals. Service providers emphasized the importance of funding life skills and homelessness prevention programs to promote housing stability, and additional housing options. In response, this feedback was incorporated into all three funding plans under Activity #3 (Prevention and Diversion).

Each Medi-Cal Managed Care Plan contracted with the State Department of Health Care Services in the region.

We have representation from Medi-Cal Managed Care Plans contracted with the State Department of Health Care Services in the region that are a part of and actively participate in our local CoC meetings. We have sent email invitations and made announcements during our meetings.

Attendees reviewed the systems performance measures, and current progress made toward goals outlined in the Homeless Action Plan. Attendees helped prioritize funding in the funding plans and supported the recommended goals. Attendees encouraged leveraging of MCP funding to support clients obtain and maintain housing. As a result, this feedback was incorporated into Riverside County CoC funding plan under activity #4 (Services and Service Coordination), and Riverside City under activity #7 (Services and Service Coordination).

Street medicine providers, victim service providers, and other service providers directly assisting people within the region experiencing homelessness or at risk of homelessness.

We have representation from street medicine providers who are a part of and actively participate in our local CoC meetings. We have sent email invitations and made announcements during our CoC meetings.

Attendees reviewed the systems performance measures, and current progress made toward goals outlined in the Homeless Action Plan. Attendees helped prioritize funding within the plans and supported the recommended goals. Participants also requested additional housing subsidies and supportive services to help move clients more quickly from the streets into housing. As a result, this feedback was incorporated into all three funding plans under Activity #1 (Rapid Rehousing with Supportive Services), as well as the Riverside

County CoC funding plan under Activity #4 (Services and Service Coordination) and the City of Riverside plan under Activity #7 (Services and Service Coordination).

Federally recognized tribal governments pursuant to Section 4103 of Title 25 of the United States Code that are within the region.

The County, CoC, and City of Riverside conducted outreach to 11 Tribal Nations and held a coordinated meeting with the All Mission Indian Housing Authority, which represents multiple Mission Indian tribes. This included: Agua Caliente Band of Cahuilla Indians of the Agua Caliente Indian Reservation; Augustine Band of Cahuilla Indians, California; Cabazon Band of Mission Indians; Cahuilla Band of Mission Indians of the Cahuilla Reservation; Morongo Band of Mission Indians; Pechanga Band of Luiseño Indians; Ramona Band of Cahuilla Indians; Santa Rosa Band of Cahuilla Indians; Soboba Band of Luiseño Indians; Torres Martinez Desert Cahuilla Indians; and the Twenty-Nine Band of Mission Indians. Outreach efforts included direct engagement with designated housing department points of contact and a coordinated meeting with the All Mission Indian Housing Authority, to discuss housing needs, homelessness trends, and opportunities for collaboration. All Tribes were provided information on how to request assistance, access all Coordinated Entry System (CES) points of entry, and apply for funding to administer housing assistance programs. On an ongoing basis, tribal partners are invited to participate in coordinated calls to share information on housing needs and identify culturally responsive ways to support Tribal citizens experiencing homelessness. As part of ongoing engagement, each Tribe can participate as a CoC member and voting member

### **Section 3. Regionally Coordinated Homelessness Action Plan**

Applicants must submit a Regionally Coordinated Homelessness Action Plan (Plan) that fully complies with HSC section 50240(c). This Plan shall lay out a strategic approach to address homelessness within the region, emphasizing collaborative efforts among participating applicants.

In developing the HHAP 6 Regionally Coordinated Homelessness Action Plans, regions should build upon their approved HHAP 5 Regionally Coordinated Homelessness Action Plans. This means regions should leverage and update information from their approved HHAP 5 Regionally Coordinated Homelessness Action Plan in corresponding sections of the proposed HHAP 6 Regionally Coordinated Homelessness Action Plan.

## **Regional Roles, Responsibilities, and Housing and Homelessness Service Policies**

### **3.a. Regional Partners' Roles and Responsibilities**

#### **3.a.1. Outreach and Site Coordination**

**Eligible Applicant**

**Describe roles and responsibilities in outreach to individuals experiencing, or at risk of experiencing, homelessness in the region, and in coordination on citing of services, shelters, and interim and permanent housing in the region**

Riverside City & County CoC

Outreach requests across the region are centralized through the Coordinated Entry System (CES), which functions as the primary access point for homeless services in Riverside County. CES operates a dedicated phone line and email system where requests for outreach can be submitted by community members, service providers, or individuals themselves. All incoming requests are triaged and assigned to trained street outreach teams who are skilled in engaging unsheltered individuals, conducting assessments, and facilitating warm handoffs for appropriate service linkage.

Riverside County

Monthly in person outreach coordination meetings and trainings, led by HWS, ensure regional consistency, promote best practices, and foster collaboration among outreach teams and behavioral health professionals. HWS works collaboratively with city and county departments, elected officials, and community stakeholders to strategically plan and site shelters, interim housing, and permanent supportive housing. Through land use planning, regional needs assessments, and cross-sector engagement, HWS ensures that housing and service sites are equitably distributed and aligned with community needs and available resources. The County's Housing Element and Homelessness Action Plan guide these efforts, and regular coordination meetings with local jurisdictions help identify suitable sites, address barriers such as zoning or public opposition, and advance developments that support housing stability for the region's most vulnerable residents.

City of Riverside

The City of Riverside coordinates a comprehensive outreach system to individuals experiencing, and at risk of experiencing, homelessness through a combination of direct city services, contracted providers, and strategic regional partnerships.

The City operates the Riverside Access Center, a drop-in day center that connects individuals with shelter options and supportive services to help them exit homelessness. In addition, the City has budgeted six Public Safety and Engagement Teams (PSETs) that provide proactive street outreach seven days a week from 6:00 a.m. to 8:00 p.m. These teams engage individuals experiencing homelessness and connect them with shelter, behavioral health support, substance use treatment, and other services based on individual needs. Four teams are currently operational, and recruitment is underway to fully staff the remaining two.

To further support behavioral and physical health needs, the City partners with:

- Healthcare in Action, which offers mobile "street medicine" services to unsheltered individuals.
- Riverside University Health System – Behavioral Health (RUHS-BH), whose Mobile Crisis Response Teams include therapists, behavioral health case managers, substance abuse counselors, and peer support specialists. These teams are trained to respond to mental health and substance use emergencies, providing immediate intervention and reducing unnecessary hospitalizations and law enforcement involvement.

- RUHS-BH also operates a Mobile Home Crisis Response service that provides 24/7 mental health assistance.

For individuals needing recuperative care, the City contracts with:

- Helping Hearts, which operates 50 beds for individuals recovering from physical health issues.
- Illumination Foundation, which offers 28 beds focused on serving individuals with mental health needs.

The City holds case conferencing meetings with providers such as Path of Life, Mercy House, and recuperative care case managers to address service gaps, resolve barriers to housing placement, and prevent discharges back to homelessness.

This comprehensive, collaborative approach ensures a continuum of care and regional coordination that addresses immediate needs while supporting long-term housing stability for the unhoused population.

### 3.a.2. Siting and Use of Available Land

Eligible Applicant	Describe how the Eligible Applicant will coordinate efforts to identify and promote use of available land for the production of interim or permanent housing in the region
Riverside City & County CoC	The CoC serves in an advocacy and coordination role to expand affordable and supportive housing opportunities for individuals experiencing homelessness or housing instability. In partnership with the County, the CoC identifies and promotes the use of publicly owned land for potential development and engages with partner agencies to advance interim and permanent supportive housing projects. The CoC also dedicates funding to support housing development, and engages with developers, including the recent HUD CoC Bonus/Builds application, which committed \$7 million to affordable housing developers in Riverside County. To ensure strong alignment with County priorities, the CoC reserves a seat on its Board of Governance for a member of the Riverside County Board of Supervisors.
Riverside County	Through this collaborative effort, Riverside County aims to not only fulfill the requirements of the Housing Element but also address the urgent need for affordable and supportive housing for individuals experiencing homelessness or other housing challenges. By leveraging publicly owned land and partnering with relevant agencies, the County seeks to maximize the potential for successful permanent supportive housing developments. These efforts aim to positively impact the community and enhance the lives of residents in need.
City of Riverside	The City of Riverside coordinates efforts to identify and promote the use of available land for interim and permanent housing through a number of tools and initiatives. The City maintains a publicly accessible Surplus Land Webpage that highlights City-owned properties identified as surplus and potentially suitable for housing development. Interested parties can explore available sites and submit expressions of interest directly to the City's Real Property

Division through this platform, streamlining engagement and facilitating the sale of properties for housing purposes.

In addition, the City has developed Housing Opportunity Site Maps that identify key parcels aligned with the City's housing goals. These maps show sites best suited to meet the City's Regional Housing Needs Allocation (RHNA) targets, along with adopted zoning information to guide potential development. These resources are used by multiple City departments and shared with stakeholders to support coordinated planning and encourage investment in both interim and permanent housing solutions.

### 3.a.3. Development of Shelter, Interim and Permanent Housing Options

Eligible Applicant	Describe your engagement with housing developers, including developers of permanent supportive housing, to coordinate the financing of interim and permanent housing
Riverside City & County CoC	<p>The CoC actively engages with affordable housing developers, including those specializing in permanent supportive housing, to coordinate financing and expand the supply of both interim and permanent housing. The CoC creates funding opportunities and partners with developers to pursue additional resources, such as the recent HUD CoC Bonus/Builds application, which has the potential to bring in \$7 million for affordable housing development in Riverside County if awarded. In partnership with the County of Riverside and local housing authorities, the CoC also helps developers leverage project-based vouchers to ensure long-term operating sustainability. In addition, the CoC supports developer applications for state and federal resources, including No Place Like Home (NPLH) and HOME-ARP, to maximize the financial feasibility of supportive housing projects. Developers are engaged through CoC committees and stakeholder meetings, ensuring their expertise informs planning efforts and that financing strategies are coordinated across multiple funding streams. This collaborative approach strengthens the pipeline of interim and permanent supportive housing and ensures developments are responsive to the needs of individuals experiencing homelessness. The CoC hosts webinars and training opportunities to provide technical assistance around development and housing laws that allow for increase development of interim and permanent housing.</p>
Riverside County	<p>The development of interim and permanent housing options is a multifaceted endeavor that requires strategic planning, collaboration, and resource leveraging. Riverside County Department of Housing and Workforce Solutions (HWS) plays a pivotal role in managing funding for the development of affordable housing throughout the region. Additionally, Riverside County Housing Authority's Section 8 project-based vouchers are instrumental in supporting this effort.</p> <p>Riverside County adopts a collaborative approach, working closely with both nonprofit and for-profit developers in public-private</p>

partnerships. By partnering with developers, HWS can leverage its funding resources along with Section 8 project-based vouchers to maximize the development of both interim and permanent affordable housing options for residents and supporting developers in obtaining low income tax credit or other targeted resources.

Interim housing serves as a crucial bridge for individuals and families experiencing homelessness, providing them with temporary shelter and supportive services while they work towards securing permanent housing solutions. These interim options may include shelters, transitional housing, or other forms of temporary accommodation. On the other hand, permanent housing options are designed to provide stable and long-term residences for individuals and families in need of affordable housing. This can encompass various types of housing developments, such as apartment complexes, mixed-income communities, or supportive housing tailored to specific populations, including veterans, seniors, or individuals with disabilities.

Through effective management of funding streams and partnerships with developers, HWS aims to expand its inventory of both interim and permanent affordable housing options. By doing so, Riverside County strives to address housing instability, promote housing affordability, and improve the overall well-being of its residents.

#### City of Riverside

The City of Riverside actively engages housing developers, including developers of permanent supportive housing, to coordinate financing strategies for both interim and permanent housing developments. At the time of this application submission, the City had 476 affordable housing units in the pipeline for development, including 169 permanent supportive housing units.

The City regularly partners with affordable housing developers to identify viable sites for permanent housing and explore available funding sources.

The City created an inventory of properties purchased with General Fund dollars to evaluate their suitability for affordable housing development. In support of long-term financing solutions, the City established a Local Affordable Housing Trust Fund, funded in part by allocating 50% of the proceeds from the sale of General Fund–acquired properties. This fund is intended to leverage additional state and federal resources and support gap financing needs for affordable and supportive housing projects.

Furthermore, the City is hosting a Faith Summit on October 16, 2025 to engage faith organizations with underutilized land and explore opportunities to develop affordable and supportive housing in partnership with experienced developers, offer church space for a rotational emergency shelter for families, and identify warehouse space for Making it Cozy program to collect and store household items to assist our unhoused population moving into housing. This initiative is designed to expand the pipeline of development sites and create new partnerships focused on housing for vulnerable

populations.

Through these efforts, the City is fostering a coordinated and strategic approach to identifying funding sources and development opportunities with housing developers across the region.

### 3.a.4. Coordination of and Connection to Service Delivery

Eligible Applicant	<b>Describe how the Eligible Applicant is coordinating, connecting, and delivering services - including Mental Health Services Act or Behavioral Health Services Act within the region - to individuals experiencing homelessness, or at risk of experiencing homelessness</b>
Riverside City & County CoC	<p>Riverside County's Continuum of Care (CoC) coordinates a comprehensive system of care through its Coordinated Entry System (CES), which is managed by the County's Behavioral Health Department—Riverside University Health System (RUHS-BH). CES serves as the primary access point to homeless services across the region, ensuring that all inquiries, whether from individuals experiencing homelessness or those at risk, are received, assessed, and triaged by trained behavioral health staff.</p> <p>All agencies receiving Continuum of Care (CoC) funding are contractually required to ensure project participants are connected to a comprehensive array of supportive services—including behavioral health care, substance use treatment, and other essential resources necessary for sustained recovery and housing retention. Linkage to behavioral health services, including those funded by the Mental Health Services Act (MHSA) and Behavioral Health Services Act (BHSA), is a cornerstone of this approach. Individuals with behavioral health needs are directly connected to appropriate care, ensuring timely access to mental health and substance use treatment services that support long-term recovery and housing stability.</p> <p>The CoC also leverages external resources to expand its system of care. Riverside County has secured funding through the California Board of State and Community Corrections (BSCC) Proposition 47 program to operate a street medicine team that provides immediate in-field treatment for individuals with serious mental illness (SMI) and substance use disorders (SUD). This team delivers critical care directly to unsheltered individuals and connects them into CES, ensuring access to housing and supportive services. Beyond initial stabilization, the street medicine team partners closely with RUHS-BH to link clients to ongoing and enhanced behavioral health support for long-term treatment and recovery.</p> <p>Individuals experiencing or at risk of homelessness can also be connected to services through multiple CES access points across Riverside County, including mobile street outreach teams, crisis stabilization units, and community-based entry sites. At every access point, individuals and families are assessed using a standardized vulnerability assessment that identifies immediate needs and barriers</p>

to housing stability. This structured process guides referrals to housing interventions and supportive services that are matched to each participant's level of vulnerability and service needs.

#### Riverside County

Riverside County's Department of Housing and Workforce Solutions (HWS), serving as the Collaborative Applicant for the County's Continuum of Care (CoC), plays a central role in coordinating, connecting, and delivering a comprehensive system of care for individuals experiencing or at risk of homelessness. HWS leads countywide efforts to ensure that homeless services are integrated with behavioral health resources, including those funded by the Mental Health Services Act (MHSA) and the Behavioral Health Services Act (BHSA).

HWS oversees the implementation and alignment of services across the CoC by establishing contractual obligations for all funded providers. These contracts require providers to ensure participants are connected to critical services, including behavioral health care, substance use treatment, and housing navigation, to promote long-term housing stability and recovery. Providers work collaboratively with Riverside University Health System-Behavioral Health (RUHS-BH) to ensure individuals with mental health or substance use needs receive timely, appropriate care through MHSA and BHSA-funded programs.

To ensure effective service delivery, HWS conducts regular monitoring of client files and provider compliance, offering guidance and support to ensure quality and consistency across programs. HWS emphasizes a trauma-informed, housing-first approach that prioritizes rapid connection to services and reduces barriers to care, helping individuals achieve sustained housing outcomes and long-term stability.

#### City of Riverside

The City of Riverside coordinates, connects, and delivers services to individuals experiencing or at risk of homelessness through strong partnerships and structured collaboration with regional service providers, including those funded under the Mental Health Services Act (MHSA) and Behavioral Health Services Act (BHSA).

The City convenes monthly collaborative meetings with local service providers, outreach teams, and behavioral health professionals to facilitate case conferencing, share best practices, and improve coordination across agencies. These meetings strengthen cross-sector alignment and ensure that individuals are effectively connected to appropriate services.

In partnership with Riverside University Health System – Behavioral Health (RUHS-BH), the City has contracted three substance use counselors and three peer support specialists, who are embedded with the City's Public Safety Engagement Team (PSET). These teams conduct direct outreach to individuals experiencing homelessness, providing immediate access to behavioral health assessments, substance use support, and referral pathways.

The City also conducts Saturation Day events in identified hotspot areas, where multidisciplinary teams — including behavioral health and substance use specialists — deliver coordinated services on-site to maximize engagement with high-needs individuals.

Through these coordinated efforts, the City is strengthening its regional system of care and ensuring that behavioral health resources are accessible, trauma-informed, and responsive to the complex needs of people experiencing or at risk of homelessness.

encampments, addressing both acute and chronic health concerns. This approach reduces barriers to care and ensures that individuals receive necessary medical attention in a timely manner, promoting overall well-being and stability.

Partnerships with local shelters provide safe and supportive environments for individuals seeking refuge. These shelters offer not only a place to stay but also access to services such as meals, hygiene facilities, and case management.

Collaborations with housing agencies facilitate the transition from temporary shelter to permanent housing. This includes assistance with housing applications, financial

support, and ongoing case management to ensure long-term stability.

This integrated approach ensures that individuals receive comprehensive support tailored to their unique needs, promoting dignity, respect, and lasting stability.

appropriate services, including shelter and healthcare.

Healthcare professionals deliver medical care directly to individuals in encampments, addressing both acute and chronic health concerns. This approach reduces barriers to care and ensures that individuals receive necessary medical attention in a timely manner, promoting overall well-being and stability.

Partnerships with local shelters provide safe and supportive environments for individuals seeking refuge. These shelters offer not only a place to stay but also access to services such as meals, hygiene facilities, and case management.

Collaborations with housing agencies facilitate the

transition from temporary shelter to permanent housing. This includes assistance with housing applications, financial support, and ongoing case management to ensure long-term stability.

This integrated approach ensures that individuals receive comprehensive support tailored to their unique needs, promoting dignity, respect, and lasting stability.

two wildland teams and four urban teams. Each team consists of two outreach workers, one code enforcement officer, two law enforcement officers, a substance use counselor, and a peer support specialist. This multidisciplinary model allows teams to address public health and safety concerns while simultaneously providing trauma-informed engagement and service navigation.

Provide referrals and transportation to shelter, interim housing, treatment services, and other resources.

Performance Target: Engage 650 unduplicated individuals experiencing unsheltered homelessness and connect them to shelter, housing navigation, behavioral health services, or other resources that support exits from the streets.

Progress toward this goal will be monitored

through outreach tracking and coordination with local service providers to ensure individuals are connected to appropriate resources.

Teams conduct regular encampment visits, assess individual needs, and offer connections to emergency shelter, interim housing, behavioral health services, and other supportive resources. The approach emphasizes voluntary engagement, harm reduction, and coordination

with regional service providers to facilitate successful exits from homelessness.

## Section 3.b. System Performance Measures Improvement Plan

### 3.b System Performance Measures Improvement Plan

The System Performance Measures Improvement plan documents all the Key Actions the regional partners are taking to improve their homelessness CA System Performance Measures (SPMs) listed in [Section IV.A.3.b.i. of the HHAP 6 NOFA](#). The plan may also include the Key Actions of small jurisdictions and/or tribal governments in the region that elect to engage and collaborate in the Regionally Coordinated Homelessness Action Plan.

**All items currently being funded through HHAP Rounds 1 through 5, as well as all activities proposed to be funded through HHAP 6, must be included as Key Actions in the System Performance Measures Improvement Plan.** Each regional partner must also include the Key Actions they are taking beyond HHAP 6 funding to address homelessness. These Key Actions must include how each regional partner is improving the region’s CA SPMs through use of local, state, and federal funds.

**The System Performance Measures Improvement Plan must include:**

- At least one Key Action related to reducing CA SPM: “The number of people experiencing unsheltered homelessness”
- At least one Key Action related to increasing CA SPM “the number of people exiting homelessness into Permanent Housing,” and
- At least one Key Action with a specific focus on reducing first time instances of homelessness for those exiting institutional settings, including, but not limited to jails, prisons, and hospitals.

**Each Key Action must be described in clear, specific terms and must do the following:**

1. Identify the CA SPM(s) that the Key Action will improve (you may choose more than one SPM).
2. Describe how the Key Action will improve the CA SPM(s).
3. Identify the lead entity and collaborating entities partnering to achieve the Key Action. Collaborating entity/ies may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating Eligible Applicant, a system partner, or any organization actively participating in the Key Action.
4. Provide the target date for milestones and completion of the Key Action.
5. Provide a clear metric for how success of the Key Action will be measured.

6. Identify the funding source(s) for the Key Action.
  - o Note: At a minimum, all funding sources listed in Section IV.A.3.b.ii. of the HHAP 6 NOFA, excluding any that are unavailable to the region within the grant term (FY24/25-FY28/29), must be identified as funding sources for at least one Key Action within the System Performance Measures Improvement Plan.
7. Describe how the funding source(s) will contribute to the achievement of the Key Action.
  - o Note: For HHAP 6-funded Key Actions, include the eligible use category or categories as applicable.
8. Describe how the Key Action will address system performance disparities and ensure racial and gender equity in at least one of the following areas: Service Delivery, Housing Placements, Housing Retention, Changes to procurement, or other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services.

## Available Funding Sources in the Region

If applicable, list any funding sources mentioned in [Section IV.A.3.b.ii. of the HHAP 6 NOFA](#) that are not available in the region within the grant term (FY24/25-FY28/29).

## Key Actions

### Key Action 1

#### Description

Expand access to services for individuals experiencing homelessness by enhancing targeted street outreach and street medicine efforts.

Identify which CA SPM(s) will be improved by Key Action 1 and how.

### SPM Improvement Plan for Key Action 1

CA SPM	Specific description of how Key Action 1 will improve this CA SPM
CA SPM 1a	Targeted street outreach and medicine increases visibility of housing resources available, reduces barriers to engagement, and ensures better and full-reach to all individuals experiencing homelessness including those least likely to seek help on their own. This effort will help us directly reduce the number of persons who are experiencing homelessness in our region.

**Clear metric for how success of Key Action 1 will be measured**

HHAP 5	HHAP funds are currently being used to fund existing street outreach teams across 5 supervisorial districts in our region. Teams meeting milestones at the end of the HHAP 5 period of performance will determine if their contracts will be renewed under Round 6. Funding for teams not renewed will be made available to support new teams.
Parolee or probation programs that are intended to prevent homelessness upon release.	Prop 47 funds are used to fund 5 regional Street Medicine Teams who provide Primary Care and Behavioral Health services to unsheltered residents. Teams works closely with street outreach to coordinate swift medical care to unsheltered populations, build trust, and bridge individuals to services and housing.
HHAP 4	HHAP funds are currently being used to fund existing street outreach teams across 5 supervisorial districts in our region. Teams meeting milestones at the end of the HHAP 4 period of performance will determine if their contracts will be renewed under Round 6. Funding for teams not renewed will be made available to support new teams.
Mental Health Services Act and Behavioral Health Services Act	County Behavioral Health utilizes MHSA funds to support regional street outreach teams who coordinate and deliver mental health and substance use services to individuals who are living on the streets.
Medi-Cal program	Managed Care Plans (MCPs) like Inland Empire Health Plan and Molina Healthcare are funding Enhanced Care Management

and Community Support teams to their members which include those living on the streets, and are also part of our street outreach engagement model.

**Equity area**

**Description of how Key Action 1 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)**

Service Delivery

Our approach will directly support SPM 7.1a) and b), as it involves coordinating consistent coverage across 100% of our region, to ensure individuals in any region who experience homelessness can have access to street outreach and medicine teams and reduce potential disparities that exist

when resources are only concentrated in "hot spots".

Housing Placements Adequate coverage will ensure housing resolution strategies are being engaged to all persons equitably.

Other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services.

Changes to procurement Street outreach teams funding through HHAP 6 will be those who are qualified and meeting performance metrics as demonstrated under previous rounds, other sources of funding and/or experience.

## Key Action 2

### Description

Reduce the number of people experiencing unsheltered homelessness on a single night by increasing shelter bed resources and occupancies across the County.

Identify which CA SPM(s) will be improved by Key Action 2 and how.

## SPM Improvement Plan for Key Action 2

CA SPM	Specific description of how Key Action 2 will improve this CA SPM
CA SPM 1b	Our region has increased shelter capacity by 65% since 2020 which is needed given we are the fastest growing region in the state and 70% of our total homeless population is experiencing unsheltered homelessness. Average occupancy rates of these beds lie within 80% with limited beds remaining available or reserved for specific populations (i.e., seniors, TAY, women, men). The benefit of action #2 is to increase bed resources in shelters across the county, which is necessary to reduce unsheltered homelessness in our region.

### Clear metric for how success of Key Action 2 will be measured

10% reduction in the number of people experiencing unsheltered homelessness on a single night.

## Key Actions to Improve the Region's CA SPMs - Milestone

## Dates for Key Action 2

### Milestones for Key Action 2

### Target dates for Key Action 2 milestones

We will maintain an active and "live" list of shelter opportunities available across our region in an effort to resolve gaps to equity and access. In maintaining this list and analyzing it regularly, we will have a better idea of which beds are "over-utilized and in demand" verses those who continuously sit empty and may not be as needed. 6/30/2026

As part of our procurement process, we will shifting our approach from a "funding all" shelters approach to one where points are awarded based on those where sheltering programs reflect and meet the needs of the unsheltered population, with the goal of reducing our bed availability rate from currently 20% to 10%. 7/1/2026

Develop a mobile application to track beds and allow for bed reservations for shelters receiving funding through HHAP Round 6. This will raise greater awareness of resources available. 7/1/2027

Renew contracts and create new contracts with HHAP Round 6 Shelter Subrecipients. 7/1/2027

### Equity Areas for Key Action 3

Equity area	Description of how Key Action 3 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Housing Retention	This effort will directly support SPM 7.1 a) through 7.5 as it aims to advance equity by addressing the unique needs of seniors, and removing disparities that exist within this group and propel the rate of and accuracy of resource connections needed to prevent and end homelessness. It is important to note, that especially in our region, seniors are one of the fastest growing populations entering homelessness for the first time in our region and while the County is piloting this effort with seniors, the goal is to make this available to and for all populations. .
Service Delivery	Seniors often encounter barriers such as limited income, mobility challenges, health disparities, and social isolation, all of which contribute to heightened vulnerability within fragmented systems of care. By embedding equity principles into program design and service delivery, this initiative will reduce systemic barriers for all ethnic and racial groups and improve access to critical resources and promote fair and just outcomes for older adults experiencing or at risk of homelessness.

## Funding Sources for Key Action 5

### Funding Sources for Key Action 5

Funding source	Description of how the funding will contribute to the achievement of Key Action 5	For HHAP 6-funded Key Actions only: Eligible use category to fund this Key Action.
American Rescue Plan Act	Federal ARPA funds appropriated to the County are being leveraged alongside County and CoC dollars, to create 400+ new interim and transitional housing beds, and expand shelter capacity across our county.	
Adult protective services	Many of the interim and transitional housing projects, target vulnerable populations, such as seniors and will be paired with supportive services, such as crisis stabilization services provided through our County Adult Services Division.	
Mental Health Services Act and Behavioral Health Services Act	Many of the interim and transitional housing projects, target vulnerable populations, such as persons identifying with behavioral health symptoms and will be paired with supportive	

services, such as crisis stabilization services provided through our County Behavioral Health Departments.

HHAP 6	Funds will be used to support current beds both in regular residential settings and via hotel vouchers for special populations including seniors, disabled adults, and persons struggling with behavioral health in partnership with County Behavioral Health and Adult Services division. Both partners are coordinating and providing care to residents in these settings.	Motel/Hotel Vouchers
HHAP 6	Funds will be used to support current shelter beds.	Operating Expenses – Interim Housing
HHAP 6	Funds will be used to support current shelter beds that are youth-specific.	YSA: Operating Expenses – Interim Housing
HHAP 6	Funds will be used to administer programs in our region and ensure state compliance.	Administrative Costs

## Equity Areas for Key Action 5

Equity area	Description of how Key Action 5 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Housing Placements	This directly supports SPM 7.1 (b) and will increase access to groups such as Black individuals, American Indian, Alaska Native, or Indigenous individuals who represent higher rates of homelessness than they comprise in the general population. This will be done by increasing the number of shelter bed units available to serve those who are experiencing unsheltered homelessness at any given time.
Service Delivery	
Housing Retention	
Changes to procurement	There are new subrecipients who do not actively participate in the Continuum of Care (CoC) and agreed to do so as a stipulation of County ARPA funding. This will further enhance the number of beds captured in HMIS and resources our region has to fully maximize on resources available.

## Key Action 6

### Description

Increase Cross-Departmental/Sector supports by collaborating with Other County Departments.

Identify which CA SPM(s) will be improved by Key Action 6 and how.

## SPM Improvement Plan for Key Action 6

CA SPM	Specific description of how Key Action 6 will improve this CA SPM
CA SPM 5	Riverside City and County Continuum of Care will continue to expand the number of and work directly with cross departmental/sector partners to coordinate better care for individuals, and decrease the number of persons who return to within 6 months of exiting the homeless response system to permanent housing.
CA SPM 7.5	Reduce the number of people who return to homelessness within 6 months.

### Funding Sources for Key Action 6

Funding source	Description of how the funding will contribute to the achievement of Key Action 6	For HHAP 6-funded Key Actions only: Eligible use category to fund this Key Action.
Medi-Cal program	MCP funding through CalAIM's HHIP Initiative is used to support behavioral health tailored towards the homeless population.	
Prop 47	Street medicine activities with connections to SMI and SUD treatment, and linkages to recuperative care and crisis stabilization. These activities are coordinated through our Housing and Workforce Solutions department, and alongside county behavioral health.	
Medi-Cal program	As part of the CalAIM initiative, MCPs are funding "Community Supports" and "Enhanced Care Management" and coordinating care for vulnerable and high-barrier homeless individuals.	
Encampment Resolution Funds	State ERF resources have been utilized to bridge and formalize relationships between county departments between non-traditional homeless partners such as Animal Services, Parks, Flood Control, and traditional homeless partners such as Housing and Workforce Solutions and Behavioral Health.	
HHAP 6	Through a combination of rental assistance and targeted wraparound supports, Rapid Rehousing programs ensure participants are linked to mainstream benefits and income-generating opportunities. This coordinated approach promotes	Rapid Rehousing/ Rental Subsidies

	long-term housing stability and reduces the likelihood of returning to homelessness.	
HHAP 6	Rapid Rehousing programs will ensure that youth who are receiving rental assistance and wraparound services are connected to mainstream benefits and increase or maintain their income to remain permanently housed and avoid returning to homelessness.	YSA: Rapid Rehousing/ Rental Subsidies
HHAP 6	Prevention and Diversion programs play a critical role in reducing the number of individuals returning to homelessness. By identifying housing crises early and providing immediate problem-solving support, these programs help people maintain or quickly regain stable housing without entering the homeless service system. Focused interventions such as mediation, short-term financial assistance, and connection to mainstream benefits address root causes of instability and promote long-term housing retention. This proactive approach decreases shelter entries and ensures that limited housing resources are directed toward those with the greatest need.	Prevention and Diversion

## Section 4. HHAP 6 Funding Plan

## 4. HHAP-6 Funding Plan

**State Priorities for HHAP 6 Funding:** HHAP 6 is intended to reflect the state’s priorities to prevent and expeditiously reduce unsheltered homelessness through homelessness prevention activities and sustain existing Interim Housing Solutions, and Permanent Housing Solutions, including long-term sustainability of interim housing and permanent affordable housing.

To complete the HHAP 6 Funding Plan:

1. Identify the Administrative Entity submitting the budget.
  - Provide the Tax ID/TIN, primary contact for the contract, contact email, contact phone, and address for where the HHAP 6 check will be mailed.
  - Provide the total dollar amount of the HHAP 6 allocation(s) being administered under the Funding Plan.
    - **Reminder: This must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.**
2. Describe all activities proposed to be funded by HHAP 6 in clear, specific terms, and:
  - Identify the HHAP 6 eligible use category under which each proposed activity is budgeted. Activities must be specific and may only be categorized under one eligible use category. Activities may not be categorized under multiple eligible use categories (including activities under the Youth Set Aside).
  - Provide the total dollar amount of HHAP 6 funding proposed for the activity.
    - **Reminder: Administrative costs may not exceed 7% of all monies received.**
    - **Reminder: The Youth Set Aside (YSA) amounts, when combined, must total at least 10% of all monies received.**
  - Identify which System Performance Measure Improvement Plan Key Action(s) the activity supports.
  - **The total HHAP 6 funding proposed for the activity** should account for all dollars budgeted toward that activity. These amounts, when added, must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.
3. Indicate whether the budget proposes to support ANY:
  - New Interim Housing (aside from those designated in the Youth Set Aside) and/or
  - Non-Housing Solutions.

**Note: If the HHAP 6 budget proposes spending on New Interim Housing and/or Non-Housing Solutions, the region must document the sustainability of its permanent housing portfolio, as outlined in NOFA section IV.A.4.c, in the next section of this application.**

## Section 4.b-d. Housing Portfolio

### Housing Portfolio

**Funding Priority Considerations: Documenting Sustainability of the Region's Interim and Permanent Housing Portfolios**

Steps to complete this section:

To complete 4.b. Sustainability of the Region's Interim Housing Portfolio:

1. Identify the total existing Interim Housing shelters and beds (beds) in the region.
2. If proposing to use HHAP 6 to fund New Interim Housing solutions, aside from those designated for the Youth Set Aside, Eligible Applicants must identify the total beds proposed to be added during the grant term (FY24/25-28/29) in the region and are required to complete 4c, the Sustainability of the Region's Permanent Housing Portfolio.
3. Identify the total estimated capital and operating costs for the beds (existing and, if applicable, proposed to be added) during the grant term.
4. Identify the funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for the beds in the region for the grant term.

To complete 4.c. Sustainability of the Region's Permanent Housing Portfolio:

**Required if any regional partner is proposing to spend HHAP 6 funding on New Interim Housing solutions (aside from those designated for the Youth Set Aside) and/or Non-Housing Solutions.**

For the region's existing, at-risk, and proposed permanent affordable housing identify all the following:

1. The total (existing, at-risk, and proposed) permanent affordable housing developments and units (developments) in the region. Data for existing and at-risk developments can be provided by HCD upon request.

**Note: Developments proposed includes those currently seeking permanent housing funding or operations support in the region which still have a financing or supportive services and operations funding gap.**

2. The total estimated capital and operating costs for (existing, at-risk, and proposed) developments during the grant term.
3. The funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for (existing, at-risk, and proposed) developments in the region for the grant term.

To complete 4.d. Documentation of Youth Set Aside Requirement:

1. Certify that the region has budgeted at least 10 percent of each HHAP 6 allocation to be spent on services for homeless youth (as defined in HSC 50216(l)).
