HHAP Round 6 Regionally Coordinated Homelessness Action Plan

Section 1. Regional Identification and Contracting Information

Steps to complete this section:

1. Select the Continuum of Care (CoC) Region. The definition of "Region" is the geographic area served by a county, including all cities and the CoC or CoCs within it (HSC 50230(v)).
2. Indicate which Eligible Applicants are applying together as a region for HHAP 6 (i.e., which Eligible Applicants will administer the Regionally Coordinated Homelessness Action Plan and be signatory to the Memorandum of Understanding). Eligible Applicants for HHAP 6 are all counties, all Continuums of Care, and Large Cities.
3. For each participating Eligible Applicant, indicate whether and how the Eligible Applicant intends to contract with HCD (i.e., indicate whether the Eligible Applicant will act as their own Administrative Entity, or designate one of the other regional partners to administer their allocation and act as the Administrative Entity on their behalf).

Regional Application Participation

Continuums of Care (CoCs)

- A CoC that serves a single county **must** apply as part of the regional application with the county and any overlapping Large Cities. In this case, the CoC should select: *"Is participating in this regional application as an Eligible Applicant."*
- A CoC that serves multiple counties **must either:** apply as part of a single regional application with multiple counties and any overlapping Large Cities **or** participate in the regional application of each overlapping county and the Large Cities therein. When the CoC is participating in multiple regional applications, the CoC should select: *"Is participating in this regional application as an Eligible Applicant"* for the regional application that will include the CoC's HHAP 6 funding plan, and should select: *"Is participating in this regional application as a collaborator"* for all other regional applications they are participating in. This will help to ensure the CoC's funding plan is only collected on a single regional application.

Large Cities ("City" or "Cities")

Large Cities must apply as part of the regional application with the applicable county and CoC.

Counties

- In a CoC that serves a single County, the County **must** apply as part of a regional application with the CoC and any overlapping Large Cities.
- In a multi-county CoC, counties are **strongly encouraged** to apply in collaboration with other counties that are served by the same CoC. **At a minimum**, each County must apply with the overlapping CoC.

LA Region

All CoCs within the County of Los Angeles shall be considered part of a single region, along with the County and Large Cities within the county and therefore **must** apply together. (HSC § 50230(v)(2).)

Contracting

Each Eligible Applicant has the discretion to administer their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. The selections made in this section will indicate which Eligible Applicant will enter into contract with HCD to administer each Eligible Applicant's HHAP 6 allocation. For reference, [HHAP 6 allocations](#) are available on HCD's HHAP website.

The Administrative Entity is responsible for meeting the terms and conditions of the contract, which include, but is not limited to, contracting (when necessary) with sub-recipients, and fulfilling all monthly, annual, final, and Homeless Management Information System (HMIS) reporting requirements.

- **If you plan to contract with HCD to receive and administer only your (individual) HHAP 6 allocation**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection.
- **If you do not plan to contract with HCD and instead plan to identify another participating Eligible Applicant in the region to enter into contract with HCD to receive and administer your HHAP 6 allocation**, select: *"Identify another participating Eligible Applicant in their region to enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection. Once selected, you will be prompted to designate the Administrative Entity from a list of other Eligible Applicants in the region.
- **If you plan to contract with HCD to receive and administer multiple HHAP 6 allocations within your region**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation and allocation(s) from other Eligible Applicants in the region"* under the contracting selection.

Stakeholder engagement

Stakeholders	Description of how stakeholders were invited and encouraged to engage in the public stakeholder process	Describe the specific input from stakeholders that was incorporated into the Plan
People with lived experience of homelessness, including but not limited to survivors of domestic violence.	Joint effort of the Public Information teams of the City of Stockton and the County of San Joaquin. Additional posting and distribution through the CoC. AND partnership with local homeless shelters to encourage shelter residents to attend public meetings.	Request for more assistance achieving long-term self-sufficiency. More employment readiness and job seeking support and easier access to substance use treatments services. Action Plan Update: Recommendation #3 3. The local approach must shift

from “housing” as the goal to that of long-term client success. All projects must strive to optimize self-sufficiency among individuals and families experiencing homelessness.

- Consistent with guidance, investments in program operations will be directed towards service enriched programs that are trauma-informed and practice harm reduction, to include intensive case management services, assertive community treatment services, critical time intervention services, other tenancy support services, evidence-based employment services, coordinating mental health, substance use, and primary care treatment of other evidence-based supportive services to increase housing retention.

Youth with lived experience of homelessness.

Joint effort of the Public Information teams of the City of Stockton and the County of San Joaquin. Additional posting and distribution through the CoC. AND partnership with the Youth Advisory Board.

Recognition of the growing incidence of youth homelessness. Discussions of “what works,” when engaging youth overcoming trauma.

Action Plan Update: Recommendation # 4

4. Homelessness among children and youth, and among youth 18-24 who are themselves parenting is increasing.

- Consistent with evidence-based practices, children and youth focused services will include transitional housing with longer-term program supports and services available; as is consistent with the developmental needs of young people and the supports necessary to stabilize entire families.

Local department leaders and staff of qualifying smaller jurisdictions, including child welfare, public welfare, health care, behavioral health, justice, and education system leaders.

Joint effort of the Public Information teams of the City of Stockton and the County of San Joaquin. Additional posting and distribution through the CoC. AND targeted invitations to department leaders and city staff from smaller jurisdictions.

Intention to better align homeless services with existing workforce development programs.

Action Plan Update SPM Improvement Plan. Success Measure # 2, Strategy # 9.

Leverage existing employment and benefit assistance programs. Work in partnership with CalWorks, Worknet, and other local workforce

development programs. Measure participation of workforce partners in case conferencing sessions.

Action Plan Update SPM Improvement Plan. Success Measure # 4, Strategy # 11.

Leverage existing employment and benefit assistance programs. Engage eligible households. Workforce development programs receiving public funds will be tasked with engaging with clients of interim and permanent housing programs, as appropriate. Key tasks: Develop formal partnerships with local CalWorks program administrator and services. [note: Homeless Services activities for SJC are now under the same division that manages CalWORKS and other entitlement benefits, expressly for the purpose of tightening coordination.] Issue regional guidance regarding income and household stabilization.

Homeless services and housing providers, including developers of permanent affordable housing operating within the region.

Joint effort of the Public Information teams of the City of Stockton and the County of San Joaquin. Additional posting and distribution through the CoC. AND targeted outreach / discussions with Local Housing Authority.

Intention to prioritize (1) sustaining operations of shelters programs (2) preparing for potential cuts in federal housing subsidies and preventing returns to homelessness and (3) more case management and workforce development in conjunction with housing solutions.

Action Plan Update: Funding Allocations
46% of allocations are designated for sustaining and enhancing interim housing solutions. 9% of allocations are allocated for homeless prevention programs intended to address anticipated cuts to federal housing programs and prevent returns to homelessness. 9% of funding is allocated for enhanced services and service coordination for RRH and Permanent Housing program participants.

partially address shelter operational costs through billable services. More assistance with application processes requested from MCPs.

Action Plan Update SPM Improvement Plan. Success Measure # 1, Strategy # 3.

Leverage additional (non-HHAP) resources. Work in partnership with public safety, health care providers, behavioral health services, and managed care plan partners

Street medicine providers, victim service providers, and other service providers directly assisting people within the region experiencing homelessness or at risk of homelessness.

Joint effort of the Public Information teams of the City of Stockton and the County of San Joaquin. Additional posting and distribution through the CoC. AND targeted invitations to local service providers to ensure broad participation and attendance at public meetings and the stakeholder planning process.

Stronger coordination is required between partner agencies. Leadership and direction is needed to guide more uniform program eligibility, intake, service expectations, and referral / exit criteria.

Action Plan Update SPM Improvement Plan. Success Measure # 1, Strategy # 1.

Strengthen local policies and municipal codes to compliment street outreach activities. Adopt Governor's Model Ordinance for addressing encampments. Adopt uniform outreach practice model, based on Cal-ICH and UCSF- Benioff guidance reports. Cities will update their ordinances in manners consistent with state guidance and update street outreach and engagement policy and practice guidance consistent with best practices.

Action Plan Update SPM Improvement Plan. Success Measure # 1, Strategy # 2.

Improve street outreach through more effective case management and staff/program accountability. Deploy coordinated teams of outreach workers, case managers, and others to provide time-limited outreach activities / interventions.

Information teams of the City of Stockton and the County of San Joaquin. Additional posting and distribution through the CoC. AND targeted letters of invitation / phone calls to Native Directions Inc. and its Native CORE program for input on factors associated with the intersection of homelessness and substance use, including intergenerational trauma.

disproportionate rates of homelessness among Native Americans and the systemic takings of land/homes by government and/or the deliberate removal of children from families as causal-factors for intergenerational Native poverty and incarceration must shape trauma informed services.

Action Plan Update: Funding Allocations

1% of funding is allocated to costs associated with HMIS data collection and reporting. Additional allocations are made for research and analysis of the data. Data analytics are used to measure and track program service utilization by population characteristics including but not limited to race/ethnicity.

Describe any other input from public meetings not captured above that was incorporated into the Plan.

Documentation of Stakeholder Engagement Narrative - Stakeholder Input

Input From Public Meetings - SUMMARY

1. Re-examine residential services and supports and adopt an incremental approach. There should be more flexibility for movement up and down a housing continuum. Locally the SJCoC will strengthen its coordination with health care, behavioral health, and justice partners to prevent homelessness, or returns to homelessness, for vulnerable populations.

Consistent with guidance, investments will be directed towards programs that provide rental assistance, rapid rehousing, and other diversion support programs that prevent people at-risk of homelessness (or recently experiencing homelessness) from entering unsheltered homelessness or interim shelter programs, including those exiting institutions.

2. The region will meet its capital expansion goals for shelters and housing with pipeline projects. Investments must shift from capital projects to sustaining operations of programs.

Consistent with guidance, all HHAP 6 funds are budgeted towards eligible Housing Solutions. Funding prioritizes sustaining operations within existing interim housing programs and trauma-informed and evidence-based intensive case management services, housing navigation, connecting people to substance use or mental health treatment, public benefits advocacy, and other supportive services to promote stability and referral into permanent housing.

3. The local approach must shift from “housing” as the goal to that of long-term client success. All projects must strive to optimize self-sufficiency among individuals and families experiencing homelessness.

Consistent with guidance, investments in program operations will be directed towards service enriched programs that are trauma-informed and practice harm reduction, to include intensive case management services, assertive community treatment services, critical time intervention services, other tenancy support services, evidence-based employment services, coordinating mental health, substance use, and primary care treatment of other evidence-based supportive services to increase housing retention.

4. Homelessness among children and youth, and among youth 18-24 who are themselves parenting

is increasing.

Consistent with evidence-based practices, children and youth focused services will include transitional housing with longer-term program supports and services available; as is consistent with the developmental needs of young people and the supports necessary to stabilize entire families.

HHAP 6 Public Survey-Draft.pdf

By checking this box, I certify that all participating Eligible Applicants met the public meeting process requirements in statute (HSC Section 50240(d) and (e)) and in the [HHAP 6 NOFA](#) in developing the Regionally Coordinated Homelessness Action Plan, documented in Section 2 of this regional application.

I certify under penalty of perjury that all of the information in Section 2, above, is true and accurate to the best of my knowledge.

Open

Section 3. Regionally Coordinated Homelessness Action Plan

Section 3. Regionally Coordinated Homelessness Action Plan

Applicants must submit a Regionally Coordinated Homelessness Action Plan (Plan) that fully complies with HSC section 50240(c). This Plan shall lay out a strategic approach to address homelessness within the region, emphasizing collaborative efforts among participating applicants.

In developing the HHAP 6 Regionally Coordinated Homelessness Action Plans, regions should build upon their approved HHAP 5 Regionally Coordinated Homelessness Action Plans. This means regions should leverage and update information from their approved HHAP 5 Regionally Coordinated Homelessness Action Plan in corresponding sections of the proposed HHAP 6 Regionally Coordinated Homelessness Action Plan.

Regional Roles, Responsibilities, and Housing and Homelessness Service Policies

3.a. Regional Partners' Roles and Responsibilities

3.a.1. Outreach and Site Coordination

Eligible Applicant	Describe roles and responsibilities in outreach to individuals experiencing, or at risk of experiencing, homelessness in the region, and in coordination on citing of services, shelters, and interim and permanent housing in the region
Stockton/San Joaquin County CoC	<ul style="list-style-type: none"> • Convene workgroups of homeless service partners, people with lived experience, local law enforcement agencies, public works agencies, CalTrans, and others to develop and adopt a uniform set of practice guidance for homeless outreach and encampment resolution. • Review the Governor’s Model Ordinance and other emerging policies, legislation, and best practices. Provide information to members of the public, including people experiencing homelessness on anticipated changes in local practices for outreach, engagement, and encampment resolution. • Endorse the Governor’s Model Ordinance and encourage regional adoption. • Coordinate the Point-in-time Count activities to provide regular information on the impact of local efforts to expeditiously reduce the number of people who are experiencing unsheltered homelessness with urgency and dignity.
San Joaquin County	<ul style="list-style-type: none"> • The Collaborative Applicant will initiate convenings by December 31, 2025. • Will continue to provide leadership in outreach and site coordination through San Joaquin County Behavioral Health Services and the SJCARES team, respectively. • Will provide guidance on model co-response practices for outreach and engagement, as well as when and how to utilize a mobile 24/7 BHS response team. • Will provide leadership in deploying joint resources (site coordination) for encampment resolution activities through SJCARES. • Will task the Human Services Agency (HSA), the Health Care

Services Agency (HCSA) and its affiliated departments, including Behavioral Health Services (BHS), and the Probation Department's SJ CAREs team to provide resources, information and other assistance as best able during targeted activities to sites for the purpose of providing a trauma-informed and problem-solving approach to addressing factors contributing to households living unsheltered and in places not fit for human habitation.

City of Stockton	<ul style="list-style-type: none"> • City public safety and municipal services will continue to work jointly to address encampments of unsheltered homeless households with urgency and dignity. • Will work in partnership with the County and SJCoC to develop a uniform set of practice guidance for homeless outreach and encampment resolution. • Will review the Governor's Model Ordinance and develop recommendations on how the Draft Ordinance can contribute to City efforts. • Stockton Police Department will continue to work in partnership with the SJ CARES team and other public safety partners to monitor the situation in encampments for matters pertaining to community safety, public health, potential damage to civic infrastructure, and other criteria and create monitoring and patrol plans to address situations as they arise. • Stockton Police Department will continue to work in partnership with health, behavioral health, and other community-based service providers to ensure that all providers are aware of the individuals and families who are living unsheltered in our community and in need of coordinated support and assistance.
------------------	---

3.a.2. Siting and Use of Available Land

Eligible Applicant	Describe how the Eligible Applicant will coordinate efforts to identify and promote use of available land for the production of interim or permanent housing in the region
Stockton/San Joaquin County CoC	<ul style="list-style-type: none"> • The CoC has no direct role or responsibility as it relates to land use and development. However, the SJCoC will continue to work collaboratively with San Joaquin County, the City of Stockton, and other smaller jurisdictions within the region regarding the importance of innovative and affordable housing opportunities to address the needs of the 13,293 households earning less than 50% of AMI in our community who are severely rent burdened and/or at risk of homelessness.
San Joaquin County	<ul style="list-style-type: none"> • The County will identify available areas and projects for development opportunities; build partnerships with third party developers that streamline or improve development projects and timelines. • The County has updated its housing element to allow for expanded development of mobile and manufactured housing throughout the unincorporated regions of the County in an effort to encourage the development of low and very low income housing. The housing element was approved by HCD on 8/22/2025. • The County has also removed a discretionary permit

requirement for residential uses in its commercial zones and permitted all multifamily residential uses with a ministerial zoning compliance review.

- The County will continue its collaboration with the City of Stockton, Smaller Jurisdictions, the local Housing Authority, and others to support development opportunities, including the pursuit of funding opportunities such as Homekey to expand the regional portfolio of housing for very low and acutely low income households.

City of Stockton

- The City will identify available areas and projects for development opportunities; build partnerships with third party developers that streamline or improve development projects and timelines.
- The City has made available on its public website both a community land inventory and a listing of surplus properties. The City has an open invitation for Requests for Interest / Statement of Qualifications for Development of Partnership Opportunities for the surplus land parcels.
- An interactive mapping tool shows pipeline projects and vacant sites within the City that are prioritized for residential development.
- The City has been awarded the “Prohousing Designation” from the CA Department of Housing and Urban Development. Key components of the Prohousing designation include:
 - o 100% density bonus that exceeds State standards,
 - o allowance of duplexes “by-right” in single-family residential zones,
 - o streamlined project reviews, and
 - o the Citywide Affordable Housing Development Fee Exemption Program, which reduces the financial burden of developing affordable housing.
- The City has an active program to encourage major projects, including new and rehabilitated mixed use and multi-family housing, through the Advantage Stockton initiative which showcases available properties suitable for development.

3.a.3. Development of Shelter, Interim and Permanent Housing Options

Eligible Applicant

Describe your engagement with housing developers, including developers of permanent supportive housing, to coordinate the financing of interim and permanent housing

Stockton/San Joaquin County CoC

- Will continue to work collaboratively with San Joaquin County, the City of Stockton, and Smaller Jurisdictions to support them in the development and financing of interim and permanent housing within the regions.
- Will continue to work closely with agencies that provide Permanent Housing options to the homeless: Housing Authority County of San Joaquin, Visionary Home Builders, STAND Affordable Housing, Central Valley Low Income Housing Corporation and others that provide Vouchers for both tenant-based and project-based opportunities.

- Consistent with SB 166, our local priority is to complete the development of projects in the pipeline and bring the estimated 588 shelter beds and 221 permanent housing units under construction into operation within the next 12-24 months.

San Joaquin County

- See above for SJCoC, and;
- Anticipates the opening of an additional 252 shelter beds within three Smaller Jurisdictions over the next 12-24 months.
- A key priority is ensuring the ongoing sustainability of these programs as they are necessary to our strategy to expeditiously reduce unsheltered homelessness in the County.
- Will develop the Be Well Behavioral Health Campus, a 23-acre parcel currently approved for 354,400 gross square feet of behavioral health facilities and 426 residential units/beds. The campus will feature facilities that will provide outpatient care, urgent behavioral and mental health services, residential treatment, and transitional housing. The projected budget is \$261.8 million, and construction is anticipated in 2026, following an environmental review and final permitting.

City of Stockton

- See above for SJCoC, and;
- Anticipates the opening of an additional 336 shelter beds within the City over the next 12 months (which includes an additional 68 beds for families).
- A key priority is ensuring the ongoing sustainability of these programs as they are necessary to our strategy to expeditiously reduce unsheltered homelessness in the County.
- Will continue to work closely with the affordable housing projects under construction within the City to provide streamlined project reviews and timely inspections using a concierge approach with routine project meetings between city staff and the development teams.

3.a.4. Coordination of and Connection to Service Delivery

Eligible Applicant

Describe how the Eligible Applicant is coordinating, connecting, and delivering services - including Mental Health Services Act or Behavioral Health Services Act within the region - to individuals experiencing homelessness, or at risk of experiencing homelessness

Stockton/San Joaquin County CoC

- The CoC promotes community-wide commitment to the goal of ending homelessness. Serves as the convener of partners and stakeholders, including those experiencing homelessness. Roles and responsibilities were adopted July 2025, through the Governance Charter of the CoC and the Regional Action Plan, Updated August 2025.
- Will fund regional housing related solutions, including sustaining the operations of interim housing.
- Will continue to strengthen collaboration with Service Providers and stakeholders, including those with lived experience, transitional aged youth, and veterans.
- Will continue to emphasize the utilization of the Homeless Management Information System (HMIS) and the expansion of the

Coordinated Entry System (CES) to support housing placement and coordination practices that improve the delivery of services.

- Will facilitate discussions on the coordination of and connection to service delivery leveraging the CoC Committee structure to ensure a CoC wide approach and/or effort that improves the delivery of services for people experiencing or at-risk of experiencing homelessness.

San Joaquin County

- The County serves as the Collaborative Applicant for the CoC and provides day-to-day staffing, management, and expertise to address and prevent homelessness. Coordinates the PIT Count and oversees activities for HMIS and CES management.
- Will fund housing related solutions, including contributions to efforts to sustain the operations of interim housing in smaller jurisdictions.
- The designees of the San Joaquin County Probation Department, Public Health Department, and Behavioral Health Department shall serve on the CoC Board and actively participate in committee activities. The Deputy Director of the Human Services Agency's Employment and Youth Services Program shall oversee the activities of County staff serving as the Collaborative Applicant for SJCoC.

City of Stockton

- The City works in close partnership and collaboration with the County and CoC to develop a regional approach and strategy to address and prevent homelessness.
- Will contribute a fair share allocation of costs for the operations, management, oversight, of certain federally mandated activities of the CoC, including PIT Count, HMIS, and CES operations.
- Will fund housing related solutions, including contributions to efforts to sustain the operations of interim housing within the City's Sphere of Influence.
- A designee of the City of Stockton shall serve on the CoC Board and actively participate in committee activities. The City's Economic Development Department and Community Development Departments will continue their close partnership in the siting and development of interim and permanent housing.

Section 3.b. System Performance Measures Improvement Plan

3.b System Performance Measures Improvement Plan

The System Performance Measures Improvement plan documents all the Key Actions the regional partners are taking to improve their homelessness CA System Performance Measures (SPMs) listed in [Section IV.A.3.b.i. of the HHAP 6 NOFA](#). The plan may also include the Key Actions of small jurisdictions and/or tribal governments in the region that elect to engage and collaborate in the Regionally Coordinated Homelessness Action Plan.

All items currently being funded through HHAP Rounds 1 through 5, as well as all activities proposed to be funded through HHAP 6, must be included as Key Actions in the System Performance Measures Improvement Plan. Each regional partner must also include the Key Actions they are taking beyond HHAP 6 funding to address homelessness. These Key Actions must include how each regional partner is improving the region's CA SPMs through use of local, state, and federal funds.

The System Performance Measures Improvement Plan must include:

- At least one Key Action related to reducing CA SPM: "The number of people experiencing unsheltered homelessness"
- At least one Key Action related to increasing CA SPM "the number of people exiting homelessness into Permanent Housing," and
- At least one Key Action with a specific focus on reducing first time instances of homelessness for those exiting institutional settings, including, but not limited to jails, prisons, and hospitals.

Each Key Action must be described in clear, specific terms and must do the following:

1. Identify the CA SPM(s) that the Key Action will improve (you may choose more than one SPM).
2. Describe how the Key Action will improve the CA SPM(s).
3. Identify the lead entity and collaborating entities partnering to achieve the Key Action. Collaborating entity/ies may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating Eligible Applicant, a system partner, or any organization actively participating in the Key Action.
4. Provide the target date for milestones and completion of the Key Action.
5. Provide a clear metric for how success of the Key Action will be measured.
6. Identify the funding source(s) for the Key Action.
 - Note: At a minimum, all funding sources listed in Section IV.A.3.b.ii. of the HHAP 6 NOFA, excluding any that are unavailable to the region within the grant term (FY24/25-FY28/29), must be identified as funding sources for at least one Key Action within the System Performance Measures Improvement Plan.
7. Describe how the funding source(s) will contribute to the achievement of the Key Action.
 - Note: For HHAP 6-funded Key Actions, include the eligible use category or categories as applicable.
8. Describe how the Key Action will address system performance disparities and ensure racial and gender equity in at least one of the following areas: Service Delivery, Housing Placements, Housing Retention, Changes to procurement, or other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services.

Available Funding Sources in the Region

If applicable, list any funding sources mentioned in [Section IV.A.3.b.ii. of the HHAP 6 NOFA](#) that are not available in the region within the grant term (FY24/25-FY28/29).

Available Funding Sources NOT within the Region Narrative

Funding Sources NOT Available within the Region:

- Homekey Round 2 (Two projects awarded and completed)
- Homekey Round 3 (not awarded)
- Homekey+ (not awarded to date / pending review)
- Multifamily Housing Program
- Multifamily finance Super NOFA Round 2 (two project submissions, one award)
- Multifamily finance Super NOFA Round 3 (1 project application pending)
- Housing for a Healthy California Program
- National Housing Trust Fund
- Building Homes and Jobs Act
- CA ESG Funding. (All funds disbursed)
- HHAP Rounds 1 and 2 (All funds disbursed)
- HHAP Round 3 and 4 (All funds obligated and on track for expenditure)

Key Actions to Improve the Region's CA SPMs

Guidance:

Please note that all Key Actions are numbered to ensure Key Actions may be easily referenced in later parts of the regional application. Applicants can refer to the # provided. E.g., Key Action 1, Key Action 2, etc.

Key Actions

Key Action 1

Description

Permanent Housing: RRH/RA.

Key Action: Provide Rapid Rehousing and Rental Assistance to individuals and families that are experiencing homelessness and meet the criteria established through the local Coordinated Entry System.

Examples include, but are not limited to:

- Rental subsidies, including rental subsidies in rapid rehousing programs or longer-term rental subsidy programs.
- CARE Act petitioning activities and support for placement and related services for individuals in the CARE Act process.
- Landlord incentives, such as security deposits, holding fees, funding for needed repairs, and landlord relationship management costs.
- Move-in expenses.

Identify which CA SPM(s) will be improved by Key Action 1 and how.

SPM Improvement Plan for Key Action 1

CA SPM	Specific description of how Key Action 1 will improve this CA SPM
--------	---

CA SPM 3 Measure: Exits to Permanent Housing

Anticipated Impact of Key Action: Distribution of RRH and RA funding to qualifying households will provide funding for people to move into permanent housing and increase the number of homeless households exiting to permanent housing.

CA SPM 4 Measure: Length of Time Homeless

Anticipated Impact of Key Action: Expanding the RRH/RA program will reduce the length of time people remain homeless by making it feasible to serve more people more quickly under the program. Specifically, our continuum wishes to measure and demonstrate reductions in the length of time during which people were enrolled in, but had not yet moved into RRH, PSH, or OPH projects.

Clear metric for how success of Key Action 1 will be measured

Increasing the number of people exiting homelessness into permanent housing will be demonstrated by: (1) HMIS data showing number of people moving into permanent housing after being homeless and (2) HMIS data showing length of time to exit homelessness, and

(3) reductions over time in the length of time people are enrolled into, but not yet moved into a housing program. See: HDIS table 4 data: Reductions in the average and median days homeless while enrolled in, but not moved into RRH or PSH programs.

To achieve this goal the CoC will develop guidance and contract expectations for RRH/RA assistance programs for housing navigation, landlord partnerships, and reporting.

HHAP 6	<p>Providing RRH and Rental Assistance program vouchers and associated wrap around services and supports is a practice proven to best support a successful transition into permanent housing. Programs accepting RRH/RA vouchers should request funding for permanent housing services and coordination. RRH and RRA Vouchers are assigned to a qualifying household on a time-limited basis. RRH and RA vouchers are the most effective strategy to rapidly address homelessness, and can be used to contribute to rental payments for a variety of housing types including shared housing communities and room and board programs. Short and medium term vouchers, when paired with supportive services, have proved effective in helping individuals exit homelessness and maintain permanent housing over the long term. These programs are also shown to reduce other costs associated with being unstably housed, including hospitalizations and incarcerations.</p>	Rapid Rehousing/ Rental Subsidies
Mental Health Services Act and Behavioral Health Services Act	<p>Providing RRH and Rental Assistance program vouchers and associated wrap around services and supports for people who meet BHS criteria for housing and related behavioral health service helps ensure that some of the most vulnerable individuals are prioritized for services. Equity Areas for Key Action 1

Equity area	Description of how Key Action 1 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Housing Placements	Use of the CES for the distribution of RRH and RA housing vouchers is intended to reduce potential bias or differences in interpretation on the part of individual program staff. The CES uses a vulnerability index to review and rank applications according to certain locally determined factors approved by the CoC and following a year-long vetting and review process to address and mitigate bias and increase ease of use and likeliness of uniform completion. Core to this effort is the continued growth and development of a community-wide system that is responsive to the unique circumstances and needs of those facing homelessness, rooted in racial and social justice, and free of bias and discrimination throughout outreach, assessment, prioritization, matching, and placement process.

Key Action 2

Description

Permanent Housing: Case Management and support services upon acquisition of housing to ensure long term stability.

Key Action: Provide case management and wraparound supportive services at the assessed level of need for homeless households that are enrolled into the RRH/RA program.

Supportive services for people in Permanent Housing, so long as the services are trauma-informed and practice harm reduction, to include, but not limited to:

- Intensive case management services,
- Assertive community treatment services,
- Critical time intervention services,
- Other tenancy support services,
- Evidence-based employment services,
- Coordinating mental health, substance use, and primary care treatment, or
- Other evidence-based supportive services to increase housing retention.

- Services coordination, which may include access to workforce, education, and training programs, or other services needed to promote housing stability in permanent supportive housing.

CA SPM 5	<p>Measure: Returns to Homelessness</p> <p>Anticipated Impact of Key Action: The additional focus on income stabilization strengthens households over the long-term and reduces the risk of returning to homelessness within 6 months of a system exit.</p>

Clear metric for how success of Key Action 2 will be measured

Increasing the number of people exiting homelessness into permanent housing will be demonstrated by: (1) HDIS Data showing increases in exits to RRH, PSH, or OPH destination as well as successful exits from these residential type programs out of the system entirely; and (2) HMIS data showing increases in income (from any source) from entry into the HMIS system to program closure.

Key Action 3

Description

Homeless Prevention: Diversion placements in shared housing or other group living situations to prevent entry into the homeless system for those exiting an institution.

Key Action: Provide targeted rental assistance to individuals exiting an institution to prevent homelessness.

These resources are intended to assist people exiting an institution in resolving their immediate housing crisis by accessing alternative solutions rather than entering emergency shelters or experiencing unsheltered homelessness.

Funds available through the Diversion program are intended to support diversion activities, such as:

- Reducing the burden on the homeless response system
- End the participant's homelessness
- Support or promote longer-term permanent housing stability

Options may include temporary rental assistance in group or shared housing programs during the process of reentry or reunification with family members. Additional eligible expenses include wraparound support services for participants including case management, employment assistance programs, and linkages to substance use treatment and recovery services as indicated.

Clear metric for how success of Key Action 3 will be measured

Reducing first time instances of homelessness for those exiting institutional settings, including, but not limited to jails, prisons, and hospitals. will be measured by HMIS data showing a decrease in enrollments from those whose prior living situation was in an institution. Data will be compiled from new enrollments within SO, CES, and ES/TH programs.

Work is conducted in partnership with those who have lived experiences to ensure that outreach materials and diversion strategies are inclusive, culturally sensitive, and tailored to the unique needs and challenges faced by the BIPOC community. The intention is to prevent exits from institutions straight to homelessness.

Key Action 4

Description

Homeless Prevention: Rental Assistance and supports prevents entry into homelessness for those at risk of immediate housing loss.

Key Action: Provide Rapid Rehousing and Rental Assistance to individuals and families that are at imminent risk of homelessness and meet the criteria established through the local Coordinated Entry System.

Funds available through the Prevention program are intended to provide past due rent and shallow (short-term) rental assistance subsidies that keep those households at risk of homelessness housed and stabilized. Funds are also intended to help households stabilizing in the event of a sudden termination from a federal benefit/eligibility program.

HHAP 5

If budget modification are agreed upon, an anticipated \$5 million in HHAP 5 funds are immediately needed to address federal funds cuts to the emergency housing voucher program. RRH/RA funds are expected to provide a more stable glide path to housing stability, as compared from being dropped from the program. Housing Authority has notified CA-511 CoC that they expect to begin terminating the 189 households assisted by emergency housing vouchers within 60 days. Additionally, another 1,700 families receiving housing choice vouchers are at risk.

Housing Retention

This program assists participants at risk of homelessness due to a sudden loss of benefits. Locally, there are disproportionately high rates of BIPOC families with young children who receive vouchers. Work is conducted in partnership with those who have lived experiences to ensure that outreach materials and diversion strategies are inclusive, culturally sensitive, and tailored to the unique needs and challenges faced by the BIPOC community. The intention is to prevent entries to the homeless system of care for those that have been stably housed.

Key Action 5

Description

Homeless Prevention Youth Set Aside: Immediate placements for youth 18-24 in creative housing solutions, including shared housing or other group living situations to prevent entry into homelessness. Key Action: Provide Rapid Rehousing and Rental Assistance to youth ages 18-24 who are homeless or at imminent risk of homelessness and meet the criteria established through the local Coordinated Entry System. (Prioritizes TAY parenting households).

Examples include, but are not limited to:

- Rental subsidies, including rental subsidies in rapid rehousing programs or longer-term rental subsidy programs.
- Landlord incentives, such as security deposits, holding fees, funding for needed repairs, and landlord relationship management costs.

Service Delivery	<p>Shelter programs now operate in all four of the major cities of the County. Continuing services within these communities makes it easier for people to remain near their networks of care and social support. It also helps case workers developing family reunification plans and also creates a better bond/relationship between case workers and clients when both have shared experiences and understandings of and with the local community. Increased operating resources also enables several operators to maintain program spaces that are now serving single homeless women.</p> <p>Previously shelters only served single men or women with children. Now shelter programs serve and work with a wider variety of household and family types including accommodations for couples and LGBTQ individuals and households. Shelter programs will also use operating funds to deliver professional development trainings and continue to build staff capacity on antiracism, implicit bias, LGBTQ+ allyship, and cultural humility to work to prevent discrimination and bias.</p>

Key Action 8

Description

Interim Housing Services: Funding for service enriched shelters to provide intensive programming and case management, including in-reach services and housing navigation.

Key Action: Provide funding to provide enhanced services and supports at existing and pipeline shelters, including case management and housing navigation.

Enhanced services are provided to people in Interim Housing which are trauma-informed and practice harm reduction, to include, but are not limited to:

- Intensive case management services,
- Housing navigation,
- Connecting people to substance use or mental health treatment,
- Public benefits advocacy,
- Other supportive services to promote stability and referral into Permanent Housing.

SPM Improvement Plan for Key Action 8

CA SPM	Specific description of how Key Action 8 will improve this CA SPM
CA SPM 3	<p>HDIS data shows an increase in the number of people exiting homelessness into permanent housing.</p> <p>Enhanced housing focused case management and navigation services are necessary to eliminate barriers to accessing housing. Providing more funding for housing navigation and case management services means that more people can be served where they are at, ultimately leading to more rapid placements into a RRH, PSH, or OPH solution.</p>
CA SPM 7.4	<p>Persons in households without children have some of the longest lengths of stay. Embedding housing navigation and comprehensive, trauma-informed case management into shelters provides a better opportunity to work with individuals, rather</p>

than having them travel to a various locations for housing support services.

Service Delivery	<p>Expansion of service capacity makes it more likely that there is a suitable location for every person experiencing unsheltered homelessness. Prioritization of service enriched shelters means that staff will have high levels of training and competencies to address diverse client experiences, including those related to past trauma and harm.</p> <p>Of note, single black men are overrepresented within the homeless population. Specialized case management and housing navigation services, paired with workforce development and other services are especially needed to help BIPOC men successfully thrive in our communities.</p>

Key Action 9

Description

Administration: Staffing for HHAP grant planning, implementation, monitoring and program evaluation. Contracted services in support of required activities including point in time counts, coordinated entry, evaluation, etc.

Key Action: Provide funding for the administration and implementation of the HHAP program funds by City, County, and CoC to achieve the overall regional objectives of the Regional Homelessness Action Plan.

Table 1 examines the number of people accessing homelessness services by whether they are previously enrolled in the system, entering for the first time, or returning to homelessness. It also disaggregates service experiences by project type. Over time we would like to see a greater concentration of people receiving services in a residential project and fewer receiving only services in a non-residential project. This data will show whether our administrative and operational oversight is changing the way in which people are experiencing the homeless system of care in our community.

Other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services.	Making data more consistent and readily available will ensure that more stakeholders are empowered to discuss the efficacy of program efforts. Specifically, existing federal CoC reports (PIT, Housing Inventory, and CoC SPM Reports) do not provide the level of cross tabulation of the state reports. Section 4. HHAP 6 Funding Plan

4. HHAP-6 Funding Plan

State Priorities for HHAP 6 Funding: HHAP 6 is intended to reflect the state’s priorities to prevent and expeditiously reduce unsheltered homelessness through homelessness prevention activities and sustain existing Interim Housing Solutions, and Permanent Housing Solutions, including long-term sustainability of interim housing and permanent affordable housing.

To complete the HHAP 6 Funding Plan:

1. Identify the Administrative Entity submitting the budget.
 - Provide the Tax ID/TIN, primary contact for the contract, contact email, contact phone, and address for where the HHAP 6 check will be mailed.
 - Provide the total dollar amount of the HHAP 6 allocation(s) being administered under the Funding Plan.
 - **Reminder: This must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.**
2. Describe all activities proposed to be funded by HHAP 6 in clear, specific terms, and:
 - Identify the HHAP 6 eligible use category under which each proposed activity is budgeted. Activities must be specific and may only be categorized under one eligible use category. Activities may not be categorized under multiple eligible use categories (including activities under the Youth Set Aside).
 - Provide the total dollar amount of HHAP 6 funding proposed for the activity.
 - **Reminder: Administrative costs may not exceed 7% of all monies received.**
 - **Reminder: The Youth Set Aside (YSA) amounts, when combined, must total at least 10% of all monies received.**
 - Identify which System Performance Measure Improvement Plan Key Action(s) the activity supports.
 - **The total HHAP 6 funding proposed for the activity** should account for all dollars budgeted toward that activity. These amounts, when added, must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.
3. Indicate whether the budget proposes to support ANY:
 - New Interim Housing (aside from those designated in the Youth Set Aside) and/or
 - Non-Housing Solutions.

Note: If the HHAP 6 budget proposes spending on New Interim Housing and/or Non-Housing Solutions, the region must document the sustainability of its permanent housing portfolio, as outlined in NOFA section IV.A.4.c, in the next section of this application.

Section 4.b-d. Housing Portfolio

Housing Portfolio

Funding Priority Considerations: Documenting Sustainability of the Region's Interim and Permanent Housing Portfolios

Steps to complete this section:

To complete 4.b. Sustainability of the Region's Interim Housing Portfolio:

1. Identify the total existing Interim Housing shelters and beds (beds) in the region.
2. If proposing to use HHAP 6 to fund New Interim Housing solutions, aside from those designated for the Youth Set Aside, Eligible Applicants must identify the total beds proposed to be added during the grant term (FY24/25-28/29) in the region and are required to complete 4c, the Sustainability of the Region's Permanent Housing Portfolio.
3. Identify the total estimated capital and operating costs for the beds (existing and, if applicable, proposed to be added) during the grant term.
4. Identify the funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for the beds in the region for the grant term.

To complete 4.c. Sustainability of the Region's Permanent Housing Portfolio:

Required if any regional partner is proposing to spend HHAP 6 funding on New Interim Housing solutions (aside from those designated for the Youth Set Aside) and/or Non-Housing Solutions.

For the region's existing, at-risk, and proposed permanent affordable housing identify all the following:

1. The total (existing, at-risk, and proposed) permanent affordable housing developments and units (developments) in the region. Data for existing and at-risk developments can be provided by HCD upon request.

Note: Developments proposed includes those currently seeking permanent housing funding or operations support in the region which still have a financing or supportive services and operations funding gap.

2. The total estimated capital and operating costs for (existing, at-risk, and proposed) developments during the grant term.
3. The funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for (existing, at-risk, and proposed) developments in the region for the grant term.

To complete 4.d. Documentation of Youth Set Aside Requirement:

1. Certify that the region has budgeted at least 10 percent of each HHAP 6 allocation to be spent on services for homeless youth (as defined in HSC 50216(l)).

4.b. Sustainability of the Region's Interim Housing Portfolio
