HHAP Round 6 Regionally Coordinated Homelessness Action Plan

Section 1. Regional Identification and Contracting Information

Steps to complete this section:

1. Select the Continuum of Care (CoC) Region. The definition of "Region" is the geographic area served by a county, including all cities and the CoC or CoCs within it (HSC 50230(v)).
2. Indicate which Eligible Applicants are applying together as a region for HHAP 6 (i.e., which Eligible Applicants will administer the Regionally Coordinated Homelessness Action Plan and be signatory to the Memorandum of Understanding). Eligible Applicants for HHAP 6 are all counties, all Continuums of Care, and Large Cities.
3. For each participating Eligible Applicant, indicate whether and how the Eligible Applicant intends to contract with HCD (i.e., indicate whether the Eligible Applicant will act as their own Administrative Entity, or designate one of the other regional partners to administer their allocation and act as the Administrative Entity on their behalf).

Regional Application Participation

Continuums of Care (CoCs)

- A CoC that serves a single county **must** apply as part of the regional application with the county and any overlapping Large Cities. In this case, the CoC should select: *"Is participating in this regional application as an Eligible Applicant."*
- A CoC that serves multiple counties **must either:** apply as part of a single regional application with multiple counties and any overlapping Large Cities **or** participate in the regional application of each overlapping county and the Large Cities therein. When the CoC is participating in multiple regional applications, the CoC should select: *"Is participating in this regional application as an Eligible Applicant"* for the regional application that will include the CoC's HHAP 6 funding plan, and should select: *"Is participating in this regional application as a collaborator"* for all other regional applications they are participating in. This will help to ensure the CoC's funding plan is only collected on a single regional application.

Large Cities ("City" or "Cities")

Large Cities must apply as part of the regional application with the applicable county and CoC.

Counties

- In a CoC that serves a single County, the County **must** apply as part of a regional application with the CoC and any overlapping Large Cities.
- In a multi-county CoC, counties are **strongly encouraged** to apply in collaboration with other counties that are served by the same CoC. **At a minimum**, each County must apply with the overlapping CoC.

LA Region

All CoCs within the County of Los Angeles shall be considered part of a single region, along with the County and Large Cities within the county and therefore **must** apply together. (HSC § 50230(v)(2).)

Contracting

Each Eligible Applicant has the discretion to administer their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. The selections made in this section will indicate which Eligible Applicant will enter into contract with HCD to administer each Eligible Applicant's HHAP 6 allocation. For reference, [HHAP 6 allocations](#) are available on HCD's HHAP website.

The Administrative Entity is responsible for meeting the terms and conditions of the contract, which include, but is not limited to, contracting (when necessary) with sub-recipients, and fulfilling all monthly, annual, final, and Homeless Management Information System (HMIS) reporting requirements.

- **If you plan to contract with HCD to receive and administer only your (individual) HHAP 6 allocation**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection.
- **If you do not plan to contract with HCD and instead plan to identify another participating Eligible Applicant in the region to enter into contract with HCD to receive and administer your HHAP 6 allocation**, select: *"Identify another participating Eligible Applicant in their region to enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection. Once selected, you will be prompted to designate the Administrative Entity from a list of other Eligible Applicants in the region.
- **If you plan to contract with HCD to receive and administer multiple HHAP 6 allocations within your region**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation and allocation(s) from other Eligible Applicants in the region"* under the contracting selection.

Stakeholder engagement

Stakeholders	Description of how stakeholders were invited and encouraged to engage in the public stakeholder process	Describe the specific input from stakeholders that was incorporated into the Plan
People with lived experience of homelessness, including but not limited to survivors of domestic violence.	The County of San Luis Obispo's Homeless Services Division actively engaged stakeholders through multiple channels to ensure broad participation. Three stakeholder meetings were organized with invitations sent via email blasts to the Homeless Services Oversight Council listserv, which includes individuals with lived experience of homelessness. Social media platforms were utilized to reach community members with current or past experiences of homelessness, encouraging their involvement. Additionally, bilingual flyers (English and Spanish) were distributed to homeless service providers	Persons with lived experience played a vital role in shaping HHAP-6 funding priorities. During the March planning meeting, they provided key insights that underscored the urgent need to sustain interim shelter capacity and expand access to permanent supportive housing. Their feedback directly informed the prioritization of resources and strategies aimed at improving housing stability and system performance. Engagement continued through subsequent planning sessions, including the in-person meeting held on June 24, where individuals with lived experience offered valuable input on the systemic and personal barriers to securing and retaining housing.

across the region to further promote participation. To maximize engagement from those with lived experience, one in-person meeting was strategically held within walking distance of the largest emergency shelter and day services center.

Their contributions helped refine approaches to housing placement and retention, ensuring services are more responsive to the realities faced by those experiencing homelessness.

In addition to participating in planning meetings, persons with lived experience serve as active members of the Continuum of Care (CoC) Board. Their ongoing involvement ensures that lived expertise is embedded in governance and decision-making processes. The CoC Board, with this representation, reviewed and approved the full HHAP-6 application prior to submission, reinforcing a commitment to inclusive, equitable, and informed planning.

While no participants self-identified as survivors of domestic violence, staff from the local domestic violence service provider participated in the March planning meeting and are also represented on the CoC Board. Their involvement ensures that the needs of survivors are considered in both planning and implementation efforts.

Youth with lived experience of homelessness.

To support meaningful youth engagement in the HHAP-6 planning process, outreach was conducted to youth service providers funded through previous HHAP rounds to invite participation from youth with lived experience. These efforts included gauging interest in forming youth-specific stakeholder groups. Despite these efforts, there was limited interest or availability among program participants to engage in formal planning activities.

While the County does not currently have an active Youth Advisory Board, efforts were made to incorporate the perspectives of youth with lived experience into the HHAP-6 planning process. Feedback was gathered through a key service provider funded in previous HHAP rounds who works directly with youth experiencing or at risk of homelessness. This provider shared specific insights into the unique challenges youth face, particularly around housing retention and stability.

Additional outreach was extended to other youth-serving organizations, including providers supporting former foster youth and student support services at Cal Poly San Luis Obispo. While these efforts did not result in

Additionally, an agency serving former foster youth, as well as the Program Coordinator for the San Luis Obispo County Office of Education's Homeless and Foster Youth Services both serve on the CoC Board, ensuring that the voices and needs of youth are represented in planning and

direct youth participation in stakeholder meetings, they reflect the County's ongoing commitment to engaging youth voices in future planning efforts.

decision-making processes. The CoC Board, with this representation, reviewed and approved the full HHAP-6 application prior to submission, reinforcing the County's commitment to inclusive, equitable, and youth-informed planning.

Local department leaders and staff of qualifying smaller jurisdictions, including child welfare, public welfare, health care, behavioral health, justice, and education system leaders.

The County of San Luis Obispo's Homeless Services Division invited participation in three stakeholder meetings through email blasts to the Homeless Services Oversight Council listserv, which includes department leaders from Child Welfare, Health Care, Behavioral Health, and Education. Targeted outreach was also sent to County staff supporting individuals experiencing or at risk of homelessness, including those from the Department of Social Services, Health Agency, Behavioral Health, Public Health, and Probation. Additionally, representatives from Dignity Health, CenCal Health, Community Health Centers, and San Luis Obispo County Office of Education were invited to participate.

Department leaders and staff from the County Departments of Social Services and Behavioral Health actively participated in the March HHAP-6 planning meetings. Their involvement was instrumental in evaluating system performance and establishing funding priorities, with a focus on sustaining interim shelter capacity and expanding access to permanent supportive housing.

The Continuum of Care (CoC) Board, which provides governance and oversight for homelessness response efforts, includes representatives from the Departments of Social Services and Behavioral Health, the County Office of Education, two local police departments, and health care organizations. This diverse representation ensures that planning efforts are informed by a broad range of expertise and community perspectives.

The CoC Board, with this cross-sector representation, reviewed and approved the full HHAP-6 application prior to submission, reinforcing a collaborative and data-informed approach to addressing homelessness in San Luis Obispo County.

Homeless services and housing providers, including developers of permanent affordable housing operating within the region.

The County of San Luis Obispo's Homeless Services Division facilitated participation in three stakeholder meetings through comprehensive outreach efforts. Invitations were sent via email blasts to the Homeless Services Oversight Council listserv, which includes leaders from Child Welfare, Health Care, Behavioral Health and Education

Homeless services providers were well represented at all three HHAP-6 stakeholder meetings. The initial meeting in March focused on establishing funding priorities, where providers emphasized the urgent need to sustain the existing interim shelter system and expand access to permanent supportive housing. Subsequent meetings centered on developing strategies to improve

departments. Targeted outreach was also conducted with County staff who support individuals experiencing or at risk of homelessness, including those from the Department of Social Services, Health Agency, Behavioral Health, Public Health, and Probation. Additionally, representatives from Dignity Health, CenCal Health, Community Health Centers, and the San Luis Obispo County Office of Education were invited to participate.

housing placement and retention, with the goal of enhancing system performance and long-term housing stability.

Staff from the local Housing Authority and the Housing Trust Fund also participated in the March planning session, ensuring that the perspectives and needs of affordable housing developers were integrated into funding discussions. Their input helped align homelessness response strategies with broader affordable housing goals.

In addition, the San Luis Obispo Countywide Affordable Housing Task Force; which includes three nonprofit affordable housing developers and the Housing Trust Fund; provided targeted feedback on barriers to housing retention and offered strategies to improve housing stabilization for vulnerable populations.

Numerous nonprofit homeless assistance providers, the local Housing Authority, the Housing Trust Fund, and a nonprofit affordable housing developer are also represented on the Continuum of Care (CoC) Board. This cross-sector body reviewed and approved the full HHAP-6 application prior to submission, reinforcing a collaborative, inclusive, and housing-informed planning process.

Each Medi-Cal Managed Care Plan contracted with the State Department of Health Care Services in the region.

The County of San Luis Obispo's Homeless Services Division invited participation in three stakeholder meetings through email blasts to the Homeless Services Oversight Council listserv, which includes a representative from CenCal Health, the county's Medi-Cal Managed Care Program.

A representative from CenCal Health, the County's Medi-Cal Managed Care Plan, participated in the Continuum of Care's (CoC) Data and Performance Committee meeting in April 2025. During this meeting, the committee reviewed and provided input on the System Performance Measurement Plan, contributing to the development of data-driven strategies for the HHAP-6 application.

In addition to this engagement, the CenCal Health representative also

serves on the CoC Board, ensuring that the health care sector's perspective is integrated into broader homelessness planning efforts. The CoC Board, with this representation, formally reviewed and approved the HHAP-6 application at its July 2025 meeting, reinforcing a collaborative and cross-sector approach to addressing homelessness in San Luis Obispo County.

Street medicine providers, victim service providers, and other service providers directly assisting people within the region experiencing homelessness or at risk of homelessness.

The County of San Luis Obispo's Homeless Services Division invited participation in three stakeholder meetings through email blasts to the Homeless Services Oversight Council listserv, which includes representatives from homeless services providers, street outreach organizations, and victim service providers. Social media was also used to reach providers outside of the Continuum of Care. Additionally, the County's Public Health Department solicited participation through email blasts to the Regional Equity Roundtable Partners listserv.

Homeless outreach providers were actively engaged in all three HHAP-6 stakeholder meetings. During the initial planning session in March, these providers helped shape funding priorities by emphasizing the critical need to sustain interim shelter capacity and expand access to permanent supportive housing. Subsequent meetings focused on strategies to improve housing placement and retention, with the goal of enhancing system performance and long-term housing stability.

Staff from the local domestic violence service provider also participated in the March planning meeting and are represented on the Continuum of Care (CoC) Board. Their involvement ensures that the unique needs of survivors of domestic violence are considered in both planning and implementation efforts. Street outreach providers, including behavioral health teams, also serve on the CoC Board, bringing essential frontline perspectives to the planning process.

The CoC Board, which includes representation from outreach providers, behavioral health teams, and the local domestic violence service provider, formally reviewed and approved the full HHAP-6 application at its July 2025 meeting. This broad-based participation ensures that the voices of those working directly with the unhoused community are reflected in the

County's strategic planning, reinforcing a coordinated and responsive approach to addressing homelessness across San Luis Obispo County.

Federally recognized tribal governments pursuant to Section 4103 of Title 25 of the United States Code that are within the region.

There are no Federally recognized tribal governments located within the geographic boundaries of the County or the Continuum of Care (CoC) jurisdiction. As such, no direct outreach was conducted to Federally recognized tribal governments in neighboring jurisdictions for the purposes of informing the HHAP-6 application.

However, the County and CoC recognize the importance of inclusive planning and are committed to strengthening relationships with tribal communities in the broader region. Future efforts will explore opportunities to engage with neighboring tribal governments and Native-led organizations to ensure their perspectives are considered in homelessness planning and service delivery.

Section 3. Regionally Coordinated Homelessness Action Plan

Section 3. Regionally Coordinated Homelessness Action Plan

Applicants must submit a Regionally Coordinated Homelessness Action Plan (Plan) that fully complies with HSC section 50240(c). This Plan shall lay out a strategic approach to address homelessness within the region, emphasizing collaborative efforts among participating applicants.

In developing the HHAP 6 Regionally Coordinated Homelessness Action Plans, regions should build upon their approved HHAP 5 Regionally Coordinated Homelessness Action Plans. This means regions should leverage and update information from their approved HHAP 5 Regionally Coordinated Homelessness Action Plan in corresponding sections of the proposed HHAP 6 Regionally Coordinated Homelessness Action Plan.

Regional Roles, Responsibilities, and Housing and Homelessness Service Policies

3.a. Regional Partners' Roles and Responsibilities

3.a.1. Outreach and Site Coordination

Eligible Applicant	Describe roles and responsibilities in outreach to individuals experiencing, or at risk of experiencing, homelessness in the region, and in coordination on citing of services, shelters, and interim and permanent housing in the region
San Luis Obispo County	<p>Homelessness and housing are top priorities for the County of San Luis Obispo. In 2022, the Board of Supervisors approved the Countywide Plan to Address Homelessness (2022-2027), aiming to accelerate affordable housing projects, including traditional housing and small accessory dwelling units or permanent tiny homes. The goal is to meet RHNA targets by achieving 1,667 low/very low-income housing units, including 500 Permanent Supportive Housing beds, within 5 years.</p> <p>Additionally, the plan aims to increase non-congregate sheltering/interim housing capacity through rapid-cycle implementation. Projects such as pallet shelters, cabins, tiny homes, sober living homes, and room and board settings will add 300 new units countywide within 3 years.</p> <p>The San Luis Obispo County Probation Department utilized one-time BSCC grant funding to purchase and retrofit a 24 foot semi-truck into a Mobile Probation Services Center. Launched in March 2025, the Mobile Probation Services Center serves justice-involved individuals, particularly those who are unhoused, by providing essential probation services. The program aims to connect individuals to housing and supportive services, enhance compliance with probation requirements, and improve public safety by addressing barriers to housing, transportation, and social services. Two probation officers are dedicated to this initiative, fostering collaboration with Behavioral Health and other service providers to support the unhoused</p>

population.

San Luis Obispo County CoC

The Coordinated Entry System (CES) uses regional sites to ensure 100% coverage of the CoC's geographic area. Specialized outreach teams, including veteran, youth, mental health, and street medicine teams, engage with unsheltered individuals. Staff at Department of Social Services, County Behavioral Health, and County Drug & Alcohol are trained to use the CoC's standardized assessment tool and refer individuals to the CES Housing Prioritization list.

The Transitions-Mental Health Association (TMHA) Homeless Outreach Full-Service Partnership (FSP) Housing Program provides stable, supportive housing for homeless individuals in the FSP program. This housing enables clients to access community behavioral health support systems, which are often underutilized by the unhoused.

Significant progress has been made with the County's Coordinated Entry system. The CoC Board now has a dedicated Coordinated Entry committee, which has developed and approved Universal Principles for CE, CE Access Policy, CE Assessment Policy, CE Prioritization Policy, and CE Referral Policy over the past 12 months. In 2025, the County completed its first monitoring of the local CE program, ensuring compliance with the Continuum of Care (CoC) and California Emergency Solutions & Housing (CESH) grant programs.

The Executive Director of the Housing Authority of the City of San Luis Obispo serves on the CoC Board and is a member of its Executive Committee and provides regular updates on progress and challenges of upcoming affordable housing developments.

3.a.2. Siting and Use of Available Land

Eligible Applicant

Describe how the Eligible Applicant will coordinate efforts to identify and promote use of available land for the production of interim or permanent housing in the region

San Luis Obispo County

The County is developing the Welcome Home Village in San Luis Obispo, an ERF-funded project on public land. It will provide 40 permanent supportive housing units and 14 interim units for individuals experiencing homelessness. This project aims to address encampments and offer supportive services to facilitate the transition from homelessness to long-term housing. Currently, no other public land within the jurisdiction is being considered.

San Luis Obispo County CoC

Coordinate with incorporated cities and assist in identifying sites and liaising with local public and private entities that may have available land. Collaborate with the County to approve HHAP-6 funding priorities and specific grant awards.

3.a.3. Development of Shelter, Interim and Permanent Housing Options

Eligible Applicant

Describe your engagement with housing developers, including developers of permanent supportive housing, to coordinate the financing of interim and permanent housing

San Luis Obispo County

The County convenes a monthly affordable housing task force with representatives from People’s Self Help Housing, the Housing Authority of the City of San Luis Obispo, the Paso Robles Housing Authority, and the San Luis Obispo County Housing Trust Fund. The task force collaborates to develop and fund affordable housing, including low and very low-income and permanent supportive housing, to meet community needs throughout SLO County.

In 2025, the County and Restorative Partners, Inc. submitted a joint Homekey+ application to acquire and renovate a property, creating 34 new PSH units. If awarded, these units will be ready for occupancy by September 2026.

Currently, 945 affordable housing units are under development in San Luis Obispo County, with completion expected over the next three years. An additional 450 units are in pre-development.

San Luis Obispo County CoC

The Executive Director of the Housing Authority of the City of San Luis Obispo serves on the CoC Board and is a member of its Executive Committee. Additionally, People’s Self Help Housing holds a seat on the CoC Board for affordable housing developers, this allows for regular updates on progress and challenges of upcoming affordable housing developments.

Recently, the CoC awarded funding to PSHH through the Continuum of Care grant program for a Permanent Supportive Housing project. This project will serve 64 households across five properties, providing clinical case management and other supportive services. The CoC is currently awaiting the contract from HUD and anticipates the project will commence in 2025.

3.a.4. Coordination of and Connection to Service Delivery

Eligible Applicant

Describe how the Eligible Applicant is coordinating, connecting, and delivering services - including Mental Health Services Act or Behavioral Health Services Act within the region - to individuals experiencing homelessness, or at risk of experiencing homelessness

San Luis Obispo County

San Luis Obispo County Behavioral Health has partnered with Transitions Mental Health Association to open the Health Bridge Housing Program. The program offers transitional housing and support to people experiencing homelessness who have serious behavioral health conditions. The program provides treatment of mental health and substance use disorders in supportive housing that transitions residents into permanent housing while reducing the chance of relapse into homelessness. The program provides 18 new supportive housing units. Eight units offer standard rental assistance agreements for up to 2 years while residents partake in treatment.

The remaining ten units are used as short-term (typically 12 months) housing that offers more intensive care under licensed healthcare staff who remain directly on-site 24/7.

San Luis Obispo County CoC

The CoC Board includes representatives from the County Behavioral Health Department, Transitions Mental Health Association (TMHA), and substance abuse advocates (805 Street Outreach).

To enhance housing navigation, the CoC partnered with the local Medi-Cal Managed Care Agency (MMCA) to educate CoC agencies about Medicaid-funded housing navigation services. The CoC also hired additional HMIS staff for data analysis and quality assurance.

The CoC collaborates with MMCA to help program participants access healthcare services. MMCA funded enhancements to the CoC's HMIS, enabling data cross-matching and reporting on Medicaid participants' usage of CoC programs. In January 2024, the CoC and MMCA co-hosted two webinars: one for MMCA and its Enhanced Care Management (ECM) contractors to learn about the CoC and referral processes, and another for CoC providers to learn about Medicaid, Medi-Cal services, and new housing-related Medi-Cal programs.

Over the past twelve months, the CoC Board's Data & Performance Committee has developed and approved several HMIS policies and procedures, including the HMIS Grievance Policy, Data Quality Management Plan, Interagency Data Sharing and Agency Agreements, Privacy Policy, Client Release of Information, User Agreement, and overall HMIS Policies and Procedures.

Robles will apply for the next round of ERF funding. A trash pickup program started on 10/27/25 (funded by County of SLO, managed by City of Paso Robles). This will increase Outreach and ensure more cleanliness and safety in the area while waiting on ERF. When next round of ERF is announced, San Luis Obispo County and City of Paso Robles will work on an application. If awarded, the goal would be to house at least 25 people. There is not a specific date, as we do not have housing/shelter at this time. This will include weekly trash pickup at the encampment in collaboration with a street outreach case manager.

Bob Jones Trail	44 The County of San Luis Obispo was awarded an ERF-2-R award in June 2023. The County is developing the Welcome Home Village which will include 40 PSH units and 14 interim units. Outreach is currently happening, and a trash removal program is being discussed as well. Interim units are in the construction stage with an estimated occupancy date of March 2026. If such issues are present, the County follows established protocols that include posting notice and offering an average of seven days' advance warning prior to any removal or site closure, in accordance with legal and ethical standards. In addition, the County is actively working to strengthen its response capacity by preparing to release a Request for Proposals (RFP) to retain a dedicated cleanup contractor. This will allow for more efficient management of large-scale encampments requiring specialized remediation. In the interim, cleanup and mitigation efforts are being handled on a case-by-case basis using available internal resources.

alignment with the California Interagency Council on Homelessness (Cal ICH) Guidance on Addressing Encampments. The implementation process follows a strategic timeline designed to ensure meaningful stakeholder engagement, interdepartmental coordination, and adherence to state best practices. This phased approach supports thoughtful and equitable responses to encampments while prioritizing housing-focused solutions and access to supportive services. By operationalizing the Encampment Management Process, the County is positioned to respond more effectively and consistently to encampments, reduce harm, and enhance pathways to permanent housing. This work reflects the County's commitment to advancing evidence-based strategies that promote safety, dignity, and long-term stability for individuals experiencing homelessness.

San Luis Obispo County	Does not currently have a central inventory.	The County of San Luis Obispo maintains a central inventory of vacant parcels which contains all parcels owned by the County in fee title that are not currently developed with physical improvements. From the vacant parcels inventory, an analysis was conducted to identify any parcels that meet criteria for surplus lands described in the Surplus Land Act (CA GOV 54230) and CA GOV 54221. Based on that analysis, no parcels were identified that meet the criteria provided in California Government Code for surplus parcels, and thus the County does not have a surplus parcels list to report. The analysis is repeated on a regular basis, and in the event the County identifies parcels that meet criteria for surplus lands provided in California Government Code, the County would provide that information in Table H of the Housing Annual Progress Report submitted to HCD annually.

Section 3.b. System Performance Measures Improvement Plan

3.b System Performance Measures Improvement Plan

The System Performance Measures Improvement plan documents all the Key Actions the regional partners are taking to improve their homelessness CA System Performance Measures (SPMs) listed in [Section IV.A.3.b.i. of the HHAP 6 NOFA](#). The plan may also include the Key Actions of small jurisdictions and/or tribal governments in the region that elect to engage and collaborate in the Regionally Coordinated Homelessness Action Plan.

All items currently being funded through HHAP Rounds 1 through 5, as well as all activities proposed to be funded through HHAP 6, must be included as Key Actions in the System Performance Measures Improvement Plan. Each regional partner must also include the Key Actions they are taking beyond HHAP 6 funding to address homelessness. These Key Actions must include how each regional partner is improving the region's CA SPMs through use of local, state, and federal funds.

The System Performance Measures Improvement Plan must include:

- At least one Key Action related to reducing CA SPM: "The number of people experiencing unsheltered homelessness"
- At least one Key Action related to increasing CA SPM "the number of people exiting homelessness into Permanent Housing," and
- At least one Key Action with a specific focus on reducing first time instances of homelessness for those exiting institutional settings, including, but not limited to jails, prisons, and hospitals.

Each Key Action must be described in clear, specific terms and must do the following:

1. Identify the CA SPM(s) that the Key Action will improve (you may choose more than one SPM).
2. Describe how the Key Action will improve the CA SPM(s).
3. Identify the lead entity and collaborating entities partnering to achieve the Key Action. Collaborating entity/ies may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating Eligible Applicant, a system partner, or any organization actively participating in the Key Action.
4. Provide the target date for milestones and completion of the Key Action.
5. Provide a clear metric for how success of the Key Action will be measured.
6. Identify the funding source(s) for the Key Action.
 - Note: At a minimum, all funding sources listed in Section IV.A.3.b.ii. of the HHAP 6 NOFA, excluding any that are unavailable to the region within the grant term (FY24/25-FY28/29), must be identified as funding sources for at least one Key Action within the System Performance Measures Improvement Plan.
7. Describe how the funding source(s) will contribute to the achievement of the Key Action.
 - Note: For HHAP 6-funded Key Actions, include the eligible use category or categories as applicable.
8. Describe how the Key Action will address system performance disparities and ensure racial and gender equity in at least one of the following areas: Service Delivery, Housing Placements, Housing Retention, Changes to procurement, or other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services.

Available Funding Sources in the Region

If applicable, list any funding sources mentioned in [Section IV.A.3.b.ii. of the HHAP 6 NOFA](#) that are not available in the region within the grant term (FY24/25-FY28/29).

Available Funding Sources NOT within the Region Narrative

Section 4. HHAP 6 Funding Plan

4. HHAP-6 Funding Plan

State Priorities for HHAP 6 Funding: HHAP 6 is intended to reflect the state’s priorities to prevent and expeditiously reduce unsheltered homelessness through homelessness prevention activities and sustain existing Interim Housing Solutions, and Permanent Housing Solutions, including long-term sustainability of interim housing and permanent affordable housing.

To complete the HHAP 6 Funding Plan:

1. Identify the Administrative Entity submitting the budget.
 - Provide the Tax ID/TIN, primary contact for the contract, contact email, contact phone, and address for where the HHAP 6 check will be mailed.
 - Provide the total dollar amount of the HHAP 6 allocation(s) being administered under the Funding Plan.
 - **Reminder: This must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.**
2. Describe all activities proposed to be funded by HHAP 6 in clear, specific terms, and:
 - Identify the HHAP 6 eligible use category under which each proposed activity is budgeted. Activities must be specific and may only be categorized under one eligible use category. Activities may not be categorized under multiple eligible use categories (including activities under the Youth Set Aside).
 - Provide the total dollar amount of HHAP 6 funding proposed for the activity.
 - **Reminder: Administrative costs may not exceed 7% of all monies received.**
 - **Reminder: The Youth Set Aside (YSA) amounts, when combined, must total at least 10% of all monies received.**
 - Identify which System Performance Measure Improvement Plan Key Action(s) the activity supports.
 - **The total HHAP 6 funding proposed for the activity** should account for all dollars budgeted toward that activity. These amounts, when added, must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.
3. Indicate whether the budget proposes to support ANY:
 - New Interim Housing (aside from those designated in the Youth Set Aside) and/or
 - Non-Housing Solutions.

Note: If the HHAP 6 budget proposes spending on New Interim Housing and/or Non-Housing Solutions, the region must document the sustainability of its permanent housing portfolio, as outlined in NOFA section IV.A.4.c, in the next section of this application.

Funding Priority Considerations: Documenting Sustainability of the Region's Interim and Permanent Housing Portfolios

Steps to complete this section:

To complete 4.b. Sustainability of the Region's Interim Housing Portfolio:

1. Identify the total existing Interim Housing shelters and beds (beds) in the region.
2. If proposing to use HHAP 6 to fund New Interim Housing solutions, aside from those designated for the Youth Set Aside, Eligible Applicants must identify the total beds proposed to be added during the grant term (FY24/25-28/29) in the region and are required to complete 4c, the Sustainability of the Region's Permanent Housing Portfolio.
3. Identify the total estimated capital and operating costs for the beds (existing and, if applicable, proposed to be added) during the grant term.
4. Identify the funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for the beds in the region for the grant term.

To complete 4.c. Sustainability of the Region's Permanent Housing Portfolio:

Required if any regional partner is proposing to spend HHAP 6 funding on New Interim Housing solutions (aside from those designated for the Youth Set Aside) and/or Non-Housing Solutions.

For the region's existing, at-risk, and proposed permanent affordable housing identify all the following:

1. The total (existing, at-risk, and proposed) permanent affordable housing developments and units (developments) in the region. Data for existing and at-risk developments can be provided by HCD upon request.

Note: Developments proposed includes those currently seeking permanent housing funding or operations support in the region which still have a financing or supportive services and operations funding gap.

2. The total estimated capital and operating costs for (existing, at-risk, and proposed) developments during the grant term.
3. The funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for (existing, at-risk, and proposed) developments in the region for the grant term.

To complete 4.d. Documentation of Youth Set Aside Requirement:

1. Certify that the region has budgeted at least 10 percent of each HHAP 6 allocation to be spent on services for homeless youth (as defined in HSC 50216(l)).
