HHAP Round 6 Regionally Coordinated Homelessness Action Plan

Section 1. Regional Identification and Contracting Information

Steps to complete this section:

1. Select the Continuum of Care (CoC) Region. The definition of "Region" is the geographic area served by a county, including all cities and the CoC or CoCs within it (HSC 50230(v)).
2. Indicate which Eligible Applicants are applying together as a region for HHAP 6 (i.e., which Eligible Applicants will administer the Regionally Coordinated Homelessness Action Plan and be signatory to the Memorandum of Understanding). Eligible Applicants for HHAP 6 are all counties, all Continuums of Care, and Large Cities.
3. For each participating Eligible Applicant, indicate whether and how the Eligible Applicant intends to contract with HCD (i.e., indicate whether the Eligible Applicant will act as their own Administrative Entity, or designate one of the other regional partners to administer their allocation and act as the Administrative Entity on their behalf).

Regional Application Participation

Continuums of Care (CoCs)

- A CoC that serves a single county **must** apply as part of the regional application with the county and any overlapping Large Cities. In this case, the CoC should select: *"Is participating in this regional application as an Eligible Applicant."*
- A CoC that serves multiple counties **must either**: apply as part of a single regional application with multiple counties and any overlapping Large Cities **or** participate in the regional application of each overlapping county and the Large Cities therein. When the CoC is participating in multiple regional applications, the CoC should select: *"Is participating in this regional application as an Eligible Applicant"* for the regional application that will include the CoC's HHAP 6 funding plan, and should select: *"Is participating in this regional application as a collaborator"* for all other regional applications they are participating in. This will help to ensure the CoC's funding plan is only collected on a single regional application.

Large Cities ("City" or "Cities")

Large Cities must apply as part of the regional application with the applicable county and CoC.

Counties

- In a CoC that serves a single County, the County **must** apply as part of a regional application with the CoC and any overlapping Large Cities.
- In a multi-county CoC, counties are **strongly encouraged** to apply in collaboration with other counties that are served by the same CoC. **At a minimum**, each County must apply with the overlapping CoC.

LA Region

All CoCs within the County of Los Angeles shall be considered part of a single region, along with the County and Large Cities within the county and therefore **must** apply together. (HSC § 50230(v)(2).)

Contracting

Each Eligible Applicant has the discretion to administer their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. The selections made in this section will indicate which Eligible Applicant will enter into contract with HCD to administer each Eligible Applicant's HHAP 6 allocation. For reference, [HHAP 6 allocations](#) are available on HCD's HHAP website.

The Administrative Entity is responsible for meeting the terms and conditions of the contract, which include, but is not limited to, contracting (when necessary) with sub-recipients, and fulfilling all monthly, annual, final, and Homeless Management Information System (HMIS) reporting requirements.

- **If you plan to contract with HCD to receive and administer only your (individual) HHAP 6 allocation**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection.
- **If you do not plan to contract with HCD and instead plan to identify another participating Eligible Applicant in the region to enter into contract with HCD to receive and administer your HHAP 6 allocation**, select: *"Identify another participating Eligible Applicant in their region to enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection. Once selected, you will be prompted to designate the Administrative Entity from a list of other Eligible Applicants in the region.
- **If you plan to contract with HCD to receive and administer multiple HHAP 6 allocations within your region**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation and allocation(s) from other Eligible Applicants in the region"* under the contracting selection.

Stakeholders	Description of how stakeholders were invited and encouraged to engage in the public stakeholder process	Describe the specific input from stakeholders that was incorporated into the Plan
People with lived experience of homelessness, including but not limited to survivors of domestic violence.	People with lived experience of homelessness (PWLEH), including survivors of DV, were invited to join an open meeting of the Solano Lived Experience Committee (LEC) on March 4, 2025 (15 attendees with LEH), a CoC Community Forum on March 19, 2025 (13 attendees with LEH), and a Community Listening Session held in Vallejo on March 24, 2025 (113 attendees, the majority of whom identified as having LEH and many of whom were unhoused) through direct outreach via direct emails, the CoC listserv and website, social media, community postings, and invitations from providers. PWLEH who attended these sessions were provided with stipends and the sessions were held both in-person and via videoconference. Five (5) PWLEH also attended an in-person CoC meeting on May 21, 2025, where the priorities identified in the listening sessions and forums were discussed and workshopped to identify recommended strategic priorities for the CoC/JPA.	People with lived experience of homelessness (PWLEH), including survivors of DV, identified the following primary resources and services needed in the county, which informed the identification of Key Actions to improve CA SPMs and HHAP-6 funding allocation decisions: 1) affordable permanent housing for all populations (including permanent supportive housing and rental subsidies); 2) low-barrier interim emergency shelter and transitional housing (including safe parking and camping sites); 3) financial assistance to obtain and maintain housing (including rental/mortgage assistance, eviction prevention, and universal basic income programs); 4) system capacity building to support rapid connections to services and housing; 5) trauma informed wraparound services (including street outreach and case management with connections to housing location and navigation, behavioral health services, childcare and older adult care, job preparedness and placement, and emergency financial assistance); 6) hygiene and services for people who are unsheltered (garbage removal;

Youth with lived experience of homelessness.	Youth with lived experience of homelessness were directly invited to provide input and to attend the open meeting of the Solano Lived Experience Committee (LEC) on March 4, 2025, and the Community Listening Session held in Vallejo on March 24, 2025, at a meeting of the Solano Youth Action Board (YAB) and through direct outreach via email, the CoC listserv and website, social media, community postings, and invitations from providers. Youth with LEH who attended these sessions were provided with stipends and the sessions were held both in-person and via videoconference. In addition, the Solano YAB shared results from a previous listening session that they held related to housing and service needs of youth experiencing homelessness.	Youth with lived experience of homelessness (YWLEH) identified the following primary resources and services needed in the county, which informed the identification of Key Actions to improve CA SPMs and HHAP-6 funding allocation decisions: 1) affordable permanent housing for transition aged youth (including permanent supportive housing and rental subsidies); 2) secure employment; and 3) low-barrier interim emergency shelter and transitional housing.

Local department leaders and staff of qualifying smaller jurisdictions, including child welfare, public welfare, health care, behavioral health, justice, and education system leaders.	Local department leaders and staff from Solano County departments, including Behavioral Health, Child Welfare, the County Administrator, Employment & Eligibility, First 5, Older and Disabled Adult Services, Probation and Public Health were invited to attend a listening session that was held during a regularly scheduled meeting for staff working on the intersection of housing, health and homelessness – the H3 Community of Practice - on March 26, 2025 (22 attendees). In addition, local department leaders and staff were invited to and attended the CoC Community Forum on March 19, 2025 (18	Local department leaders and staff identified the following primary resources and services needed in the county, which informed the identification of Key Actions to improve CA SPMs and HHAP-6 funding allocation decisions: 1) affordable permanent housing with wraparound case management; 2) resources for emergency housing, including hotel vouchers and shelter beds; 3) job preparedness and life skills education, including financial literacy; and 4) accessible and affordable childcare and older adult care. public sector attendees representing housing, child & public welfare, behavioral health, public health, probation, education). Many of these local department leaders and staff also attended an in-person CoC meeting on May 21, 2025, where the priorities identified in the listening sessions and forums were discussed and workshopped to identify recommended strategic priorities for the CoC/JPA.

Local leaders and staff were encouraged to attend these sessions through both scheduling them as part of normally scheduled meetings and through outreach via direct email invitations, the CoC listserv and website, and community posting.

CoC/JPA staff also held a direct meeting regarding HHAP-6 with the representatives from Probation on July 21, 2025.

need to prevent persons from exiting to homelessness from institutions. They also identified access to services, ongoing case management, and collaboration with employers/trade schools as important Key Actions.

Homeless services and housing providers, including developers of permanent affordable housing operating within the region.

Homeless services and housing providers, including developers of permanent affordable housing were invited to and attended the CoC Community Forum on March 19, 2025, and an in-person CoC meeting on May 21, 2025, where the priorities identified in the listening sessions and forums were discussed and workshopped to identify recommended strategic priorities for the CoC/JPA. A total of 34 homeless services and housing providers attended the Community Forum on March 19th, of whom 6 identified as being affordable housing developers, and 25 homeless services and housing providers attended the May 21st meeting.

In addition, affordable housing developers in particular identified challenges to housing development, including high costs, funding barriers, rules, regulations and permitting processes, competition, neighborhood opposition, and the amount of time it takes.

Each Medi-Cal Managed Care Plan contracted with the State Department of Health Care Services in the region.

Representatives of the two Medi-Cal Managed Care Plans that operate in Solano County, Kaiser Permanente and Partnership Healthplan, were directly invited to and attended the CoC Community Forum on March 19, 2025, and an in-person CoC meeting on May 21, 2025, where the priorities identified in the listening sessions and forums were discussed and workshopped to identify recommended strategic priorities for the CoC/JPA. CoC/JPA staff also held a direct meeting regarding HHAP-6 with the MCP representatives on July 7, 2025.

Representatives of Kaiser Permanente and Partnership Healthplan identified the following primary resources and services needed in the county, which informed the identification of Key Actions to improve CA SPMs and HHAP-6 funding allocation decisions: 1) permanent housing to refer people to once they are discharged from the healthcare system, including PSH and RRH; 2) flexible funds to provide rental assistance; 3) wrap around support and services in order to maintain housing; 4) homelessness prevention and diversion with flexible funds; and 5) data and information sharing between the homeless response system and healthcare.

Street medicine providers, victim service providers, and other service providers directly assisting people within the region experiencing homelessness or at risk of homelessness.

Street medicine providers, victim service providers, and other service providers directly assisting people experiencing homelessness or at risk of homelessness were invited to attend the CoC Community Forum on March 19, 2025, the Community Listening Session held in Vallejo on March 24, 2025, and an in-person CoC meeting on May 21, 2025 where the priorities identified in the listening sessions and forums were discussed and workshopped to identify

Federally recognized tribal governments pursuant to Section 4103 of Title 25 of the United States Code that are within the region.

Representatives of the Yocha Dehe Wintun Nation, which is a federally recognized tribal government based in Yolo County and with recognized ancestral territory in Solano County, and indigenous advocates for the unhoused were invited to the CoC Community Forum on March 19, 2025 and the Community Listening Session held in Vallejo on March 24, 2025. One person who identified as affiliated with a tribal nation/indigenous community attended the CoC Community Forum and one

The Yocha Dehe Wintun Nation identified prevention and ensuring that families receive the necessary support before a housing crisis occurs as their primary priority in relation to homelessness and housing insecurity. This feedback informed the identification of Key Actions to improve CA SPMs and HHAP-6 funding allocation decisions, in particular Key Action 3 to provide countywide homelessness prevention and diversion services.

person who is Tuolumne Miwok, grew up in Vallejo and is affiliated with the Sagorea Te' Land Trust and Vallejo Homeless Union attended the Vallejo Listening Session.

In addition, the CoC and County reached out directly to the Yocha Dehe Wintun Nation tribal council in writing to request feedback on the needs they see in regard to addressing homelessness in Solano County. The Yocha Dehe Wintun Nation is an active partner with Solano County and has provided critical funding for a hospice shelter, First 5 Solano and other programs serving Solano County residents. The Yocha Dehe Wintun Nation considered the request for feedback at their Tribal Council meeting on August 12, 2025 and provided written feedback (attached) on August 19, 2025.

Describe any other input from public meetings not captured above that was incorporated into the Plan.

Documentation of Stakeholder Engagement Narrative - Stakeholder Input

Additional feedback that was incorporated into the Regionally Coordinated Homelessness Action Plan includes feedback from other residents in the County at the Community Listening Session held in Vallejo on March 24, 2025. Other feedback that informed the plan came from a Public Hearing on the 2026-2027 CSBG Community Action Plan held on May 19, 2025. This feedback identified the following primary resources and services needed in the county, which informed the identification of Key Actions to improve CA SPMs and HHAP-6 funding allocation decisions: 1) hygiene and services for people who are unsheltered (garbage removal; showers; bathrooms; water; tents; blankets; fire extinguishers; etc.); 2) street outreach and case management with connections to housing location and navigation; 3) low-barrier interim emergency shelter and transitional housing with diverse options; and 4) behavioral health services that support housing and income security.

Section 3. Regionally Coordinated Homelessness Action Plan

Section 3. Regionally Coordinated Homelessness Action Plan

Applicants must submit a Regionally Coordinated Homelessness Action Plan (Plan) that fully complies with HSC section 50240(c). This Plan shall lay out a strategic approach to address homelessness within the region, emphasizing collaborative efforts among participating applicants.

In developing the HHAP 6 Regionally Coordinated Homelessness Action Plans, regions should build upon their approved HHAP 5 Regionally Coordinated Homelessness Action Plans. This means regions should leverage and update information from their approved HHAP 5 Regionally Coordinated Homelessness Action Plan in corresponding sections of the proposed HHAP 6 Regionally Coordinated Homelessness Action Plan.

Regional Roles, Responsibilities, and Housing and Homelessness Service Policies

3.a. Regional Partners' Roles and Responsibilities

3.a.1. Outreach and Site Coordination

Eligible Applicant	Describe roles and responsibilities in outreach to individuals experiencing, or at risk of experiencing, homelessness in the region, and in coordination on citing of services, shelters, and interim and permanent housing in the region
Vallejo/Solano County CoC	<p>The Vallejo/Solano County CoC coordinates comprehensive outreach to individuals experiencing, and at risk of experiencing homelessness in the region through a vast network of community-based and public services providers. Outreach to unsheltered households is done through coordinated efforts between the new HHAP-funded Solano Interagency Outreach Team (SIOT), the County Behavioral Health Division’s Homeless Outreach Partnership and Engagement (HOPE) team and Abode Services’ Street Outreach, Solano County Public Health – Community Health Workers, and the Veteran’s Administration (VA) to ensure that persons experiencing unsheltered homelessness in the county are identified, engaged and provided with resources and referrals to services, shelter, and housing. These teams also coordinate with jurisdictional homeless intervention teams and have specially trained behavioral health clinicians, healthcare and emergency response providers, and social workers.</p> <p>The CoC’s Coordinated Entry System (CES) has outreach staff who are part of the SIOT team and who rotate through physical locations</p>

in the county to reach people experiencing homelessness, including going to those without transportation to conduct assessments and referrals remotely. CES also collaborates with the local United Way 2-1-1 system, Solano County Health and Social Services, and emergency shelters, which provide direct access points for persons experiencing, or at risk of experiencing homelessness. Coordinated Entry staff and access points provide referrals to services and interim housing and assess individuals for permanent housing prioritization and referral.

The CoC targets street outreach to those least likely to request assistance through the above listed outreach teams that visit encampments regularly and engage people who are unhoused, focused on reaching disproportionately impacted populations, including chronically homeless adults and youth who are medically disabled, have mental health challenges, are vets, and/or are victims or at-risk of commercial sexual exploitation.

Coordination on siting of services, shelters, and interim and permanent housing in the region is done via the Vallejo/Solano County CoC's administrative entity, the Community Action Partnership - Solano Joint Powers Authority (JPA). Two elected officials from all seven city jurisdictions and the County sit on the JPA board and allow for cross-jurisdictional collaboration on planning related to addressing homelessness. This allows for regional coordination between the Solano CoC, cities, and County on siting of services, shelters, and interim and permanent housing.

Solano County

Solano County Behavioral Health (SCBH) provides robust, community-based services for individuals experiencing or at risk of homelessness. Central to this effort is the HOPE Team (Homeless Outreach Partnership and Engagement), which delivers Psychiatric Street Medicine services to unsheltered individuals who meet criteria for Specialty Mental Health Services.

Using a multidisciplinary, field-based approach, the HOPE Team brings behavioral health care directly to individuals in non-traditional settings, such as encampments, under bridges, shelters, and motels, reducing barriers to care and improving access for individuals with serious mental illness. Services include:

- Psychiatric evaluations and medication management
- Individual counseling and clinical case management
- Benefits assistance (e.g., Medi-Cal, CalFresh, CalWORKs, General Assistance)
- Linkages to substance use disorder treatment, including Medication-Assisted Treatment (MAT)
- Crisis intervention and safety planning

Referrals to the HOPE Team come from a wide range of community partners, including law enforcement, local service providers, business owners, elected officials, and concerned residents. The team also participates in multi-agency outreach events throughout the year to proactively engage individuals experiencing homelessness and connect them to supportive services.

SCBH also operates the Accessible Resources for the Communities' Homeless (ARCH) program, which provides intensive behavioral health services to homeless and at-risk children and transition-age youth (TAY), including minors who have experienced commercial sexual exploitation.

In addition, SCBH partners with Abode Services, a leading Bay Area homeless service provider, to deliver an integrated continuum of care. Through this multi-year collaboration, Abode Services provides Street Outreach, Housing Navigation, Landlord Recruitment and Retention, Rental Subsidy Administration, Rapid Re-housing, Forensic Respite and Permanent Supportive Housing.

Solano County coordinates closely with the Vallejo/Solano County Continuum of Care (CoC) and the Community Action Partnership (CAP) Solano Joint Powers Authority (JPA) on the siting and implementation of shelters, interim housing, and permanent supportive housing throughout the region. SCBH holds a seat on the CAP Solano JPA Board, ensuring strategic alignment across systems.

3.a.2. Siting and Use of Available Land

Eligible Applicant	Describe how the Eligible Applicant will coordinate efforts to identify and promote use of available land for the production of interim or permanent housing in the region
Vallejo/Solano County CoC	<p>The CAP Solano JPA (the Administrative Entity for the Vallejo/Solano CoC) is a combined governmental agency formed by a MOU between the cities of Benicia, Fairfield, Dixon, Rio Vista, Suisun City, Vacaville, & Vallejo & the County of Solano to coordinate efforts to reduce poverty & homelessness in the County. The CoC Board also includes government representatives from the cities & County.</p> <p>Examples in Solano of ordinances that streamline affordable housing development are those of the City of Vacaville, which adopted a new Accessory Dwelling Unit (ADU) ordinance & new residential design requirements which encourage duplexes, relaxes requirements to support development on small lots, & requires new residential projects to include at least 1 house plan that can accommodate an attached ADU. The City of Vallejo has updated its zoning code to allow housing in all zones & provide affordable housing incentives & the City of Benicia adopted new mixed-use zoning that expands residential potential in areas that were previously zoned for commercial and lower density residential use.</p> <p>In addition, Benicia, Fairfield, Suisun City, Vacaville & Vallejo have committed to exploring inclusionary housing ordinances & all are partnering to preserve & expand affordable housing. The CoC & the jurisdictions have taken steps to reduce regulatory barriers to housing development. For example, the City of Vallejo has reduced the staff design review authority up to 50 units. Vallejo also added objective</p>

standards to design review. Finally, the City of Vallejo conducted an assessment of vacant residential lands to determine feasibility for affordable housing.

All jurisdictional housing elements, submitted to the State by the jurisdictions that are part of the JPA (including the County), address the streamlining of affordable housing development specifically for extremely low and very low- income housing and further efforts to remove local barriers to development and accelerate the implementation of state laws that provide for streamlined approval of affordable housing.

Solano County

The County has contracted with a consultant to look at ways to streamline and accelerate housing production, including reviewing best practices in other counties and recommendations for policy & process revisions. The county created a Housing Trust Fund to support the development of affordable housing that includes both the county and cities within it and provides loose guidelines to allow board members to examine the specifics of an individual housing project that could come from developers, public agencies, and nonprofits that are in partnership with developers. This can include awarding money to fund below market-rate units, constructed in either market rate or mixed-income housing projects.

Those seeking funding can utilize it for projects related to the development and preservation of affordable housing units, in addition to some pre-construction activities and adaptive land reuse projects. Supervisors can also require developers to apply using specific criteria, such as listing future on-site supportive services, to reward them with county dollars. Eligible county residents must fall at or under 120 percent of the county's average median income.

The Solano County Planning Collaborative, which is a collaborative effort of all the cities in the county and Solano County, has led to development of Solano ADU, an accessory dwelling unit (ADU) cohort to promote the streamlining of building and renting ADUs in Solano County, primarily to those with low income. The county has simplified the permitting process for the creation of ADUs and has created incentives for the increased creation of ADUs.

The County will amend the Zoning Code to comply with changes in California's density bonus law (California Government Code Section 65915, as revised) and will promote the use of density bonuses for lower-income units by providing information through a brochure in County buildings and on the County's website.

The Solano County Housing Element includes prohousing policies and addresses the streamlining of affordable housing development specifically for extremely low and very low- income housing and further efforts to remove local barriers to development and accelerate the implementation of state laws that provide for streamlined approval of affordable housing.

3.a.3. Development of Shelter, Interim and Permanent Housing Options

Eligible Applicant	Describe your engagement with housing developers, including developers of permanent supportive housing, to coordinate the financing of interim and permanent housing
Vallejo/Solano County CoC	<p>The CoC has engaged in strategies to ensure housing resources and supportive services can support positive and lasting exits from homelessness. The CoC, JPA and providers have engaged with multiple housing developers to coordinate applications for and implementation of financing for New Permanent Supportive Housing (PSH) and Interim Housing (IH) and continue to do so. New PSH and IH that have recently opened and are coming online in the community include the 125-bed Vallejo Navigation Center and the 47-unit Broadway Project, developed in coordination with Eden Housing, Factory OS, and Firm Foundation Community Housing. The CoC/JPA has also supported new and expanded PSH and Rapid Rehousing (RRH) for survivors of DV with HUD-CoC funding, partnering with Abode Services, Shelter, Inc., Lutheran Social Services and PEP Housing.</p> <p>The CE lead conducts case conferencing to identify housing placements for individuals exiting shelters and uses their community bed tracker to streamline connections to housing and services. They also use problem solving to make connections to housing and prevent re-entry into homelessness. Housing navigators use landlord (LL) incentive funds to connect people to permanent housing (PH). Staff have increased partnerships to assess and prioritize housing placement for people in shelters and from street outreach (SO).</p> <p>The CoC has developed partnerships with property owners/LLs and Public Housing Authorities (PHAs) to connect clients to affordable permanent housing, including mainstream vouchers and Emergency Housing Vouchers (EHVs).</p> <p>The CoC also provides training to case managers and housing staff to find shared housing and assist participants with necessary housing documentation. They have partnerships with health and behavioral health, on-site clinics, intensive case management and services, and benefits support to enable rapid and successful exits to PH. The CoC also works with public/private developers to increase the number and type of units in the housing pipeline.</p> <p>The CoC is committed to Housing First (HF), including strategies such as trainings on housing stability/harm reduction/eviction prevention, TA for providers, assessments of HF through TA visits and the Housing First Standards Assessment, and ongoing and stronger support to assist housed residents maintain housing (e.g. transportation, childcare, employment, financial literacy, and health care). The JPA (Collaborative Applicant) has a MOU with Solano</p>

Workforce Development Board to integrate CoC participation with job training and stabilization services and state funds have been allocated toward LL support funds to avoid eviction disputes and increase retention.

Solano County

Solano County Behavioral Health (SCBH) partners with several contracted service providers to operate approximately 60 interim shelter beds paired with supportive programming for individuals experiencing or at risk of homelessness who are also receiving Specialty Mental Health Services. These programs emphasize skill development and stabilization during short-term stays (typically 12 months or less) while assisting clients in identifying and transitioning to permanent housing solutions.

In March 2023, SCBH began admissions into a newly constructed, 32-bed mental health residential program developed by the County. Of these beds, 24 are designated for individuals with criminal justice involvement, and 2 beds are reserved for Transitional Age Youth (TAY), supporting system-involved individuals with intensive, on-site mental health services.

Through the County’s Health and Social Services (HSS) Department, SCBH supported two affordable housing developers, Eden Housing and MidPen Housing, in securing No Place Like Home (NPLH) funding. These efforts resulted in the creation of 57 new Permanent Supportive Housing (PSH) units for individuals with serious mental illness exiting homelessness. An additional 10 units were funded through the County’s Whole Person Care initiative, bringing the total to 67 units. SCBH contracts with two community-based organizations to deliver on-site, wraparound behavioral health services to residents in these developments.

SCBH also contracts with Abode Services, a leading regional provider, to expand its housing and homeless continuum. Approved in November 2023, the Abode contract includes the development of a 15-bed Forensic Respite program for individuals exiting jail who require behavioral health stabilization. Additionally, Abode provides Street Outreach to approximately 150 individuals annually; Rapid Rehousing (RRH) services for 25 households; and Expansion of Permanent Supportive Housing from 50 to 125 slots for individuals with high behavioral health needs.

Vallejo/Solano County CoC

The Vallejo/Solano County CoC’s service delivery model offers programs that target individual, family, and community needs associated with housing insecurity and homelessness. As a coalition

of providers, people with lived experience of homelessness and other community partners, the CoC works to address homelessness by connecting housing developers, healthcare providers (including behavioral health), and social services to effectively deliver the kind of help people need at the time they need it. All direct services are provided through subcontractors who serve individuals and families experiencing or at-risk of experiencing homelessness in Solano County and who are monitored in accordance with CoC policies and procedures to ensure regulatory compliance. The CoC's services cover the entire County, including areas with greater concentrations of economic insecurity. All contractors are community-based organizations, faith-based organizations, or local government agencies who are experienced in delivering services to those in need. Because the CoC's administrative entity, the JPA, is the regional planning body focused on ending homelessness and economic insecurity in Solano, it is in a unique position to work strategically to incorporate the needs of the community across multiple domains utilizing the adopted regional strategic plan as the guiding framework. Thus, direct service organizations receiving JPA funding work in alignment with the JPA according to the same strategies, while the JPA ensures the leveraging of other funding streams to strengthen systems to address homelessness and economic insecurity. As the regional planning body in Solano, the JPA also provides capacity building opportunities to agencies receiving funding as well as regular training on best practices for services and project design open to the entire community.

Assessments for individual participants/households are conducted by the Coordinated Entry System (CES) for Solano County, which is funded and overseen by the JPA through a variety of funding sources (HUD, local jurisdictions etc.). The CES assesses each individual or household to identify any immediate, emergent needs and risk factors, and to evaluate the overall level of vulnerability, including basic and housing-related needs. Based on those assessments, the CES makes referrals to JPA-funded and SCBH-funded services, and other local agencies that match the needs of the individual or family. Each agency also conducts an intake process that further helps identify a participants' needs in order to match the services provided to those needs and make supportive service referrals accordingly. JPA contractors providing direct client services are required to enter client data into the local Homeless Management Information System (HMIS) to ensure that client data is captured in a uniform way, allowing the data to be analyzed, outcomes to be tracked, and to prevent any duplication.

Solano County

Solano County has a multi-year contract for homeless and housing services with Abode Services – one of the Bay Area's largest providers of housing and services for those experiencing homelessness. Abode provides street outreach, housing navigation, landlord engagement, subsidy administration, rapid rehousing, forensic respite, and permanent supportive housing services to individuals experiencing behavioral health challenges in Solano County.

In the past few years, SCBH has successfully received substantial grants and non-competitive allocations for housing and homeless services to support the needs of those with the most significant mental health and substance use challenges, who often also experience the highest rates of poverty, incarceration, trauma, homelessness, and crisis. This contract will support as many as 800 people per year through six new funding sources, including funding through the Behavioral Health Services Act (BHSA) and Medi-Cal reimbursements. Furthermore, the funds will increase housing by providing opportunities to nearly 200 households annually through respite, permanent housing, and rapid rehousing.

Pacific Clinics and Solano County Behavioral Health offer Mobile Crisis services in Solano County in partnership with the local Police Departments. Initially launched in May of 2021 in Fairfield and Suisun City, SCBH had expanded the program to all cities. The community-based Mobile Crisis Team is now operating 8:30 am- 10:00 pm, M-F in Fairfield, Suisun, Dixon, Vacaville, Rio Vista, Benicia, Sheriff's Office jurisdiction, and Travis AFB. Vallejo has also selected the Felton Institute to oversee their Integrated Health and Resource Team (IHART), which is tasked to triage all community calls that come through 911 and works with Mobile Crisis on dispatch and protocols. The Pacific Clinics team has added overnight and weekend staff to be able to operate 24/7.

Eligible Applicants with a current and formal policy to address encampments that fully or partially complies with the Cal ICH Guidance on Addressing Encampments must complete the following:

Formal Encampment Policy - Fully or Partially Compliant

Eligible Applicant	Applicant confirms the plan complies with the Cal ICH Guidance on Addressing Encampments?	If you selected “Yes, in part,” describe what elements of the policy do comply with the Cal ICH Guidance on Addressing Encampments, and specifically how they comply.	Provide a link to the policy or upload a copy below
Vallejo/Solano County CoC	Yes		
Solano County	Yes, in part	<p>The Solano County Sheriff’s Office Policy Manual encompasses a formal policy that addresses homeless encampments within Chapter 4 – Patrol Operations, Policy 429 – Homeless Persons (pages 245 – 248), and Chapter 8 – Support Services, Policy 801 – Forensic Services (Property Handling and Control; pages 285-294), published December 29, 2025. (see attached). In addition, the Solano County Sheriff’s Office posts the attached “Clean-up Notification” and operates under case law, which currently requires provision of 72-hour notice prior to a removal action (Los Angeles v. Lavan). Furthermore, encampments are assessed and prioritized for removal based on community and county needs and in coordination with Solano</p>	

County General Services, Solano County Public Works, California Department of Transportation, or the property owner for private property to assist with cleanup. (see attached Solano County General Services policies re: hazard remediation, in addition the County contracts with pest control as necessary and all staff are trained annually in bloodborne pathogens) This policy complies with the Cal ICH Guidance in part via the following policies regarding:

- a person-centered, trauma-informed approach,

- awareness and coordination of resources and services available to serve persons in the encampment in question,
- the posting of notice of a removal action,
- the handling and storage of personal property, and
- cross-department collaboration to remediate safety hazards.

429.1

PURPOSE AND SCOPE, 429.1.1 POLICY & 429.7 HOMELESS ENCAMPMENTS •

The Solano County Sheriff's Office recognizes that members of the homeless community are often in need of special protection and services. The Solano County Sheriff's Office will address these needs in

balance with the overall mission of this office. • It is the policy of the Solano County Sheriff's Office to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless.

Homelessness is not a crime and members of this office will not use homelessness solely as a basis for detention or law enforcement action. The Homeless Liaison Deputy should visit the camp and determine what is needed to return the campsite to its original state. The Homeless Liaison Deputy will then coordinate with Solano County General Services, Solano County Public Works or the property owner for private property to assist with cleanup. Sample policies from the Solano County Sheriff's Office Policy Manual include: 429.2 HOMELESS COMMUNITY LIAISON/Page 245 & 429.7 HOMELESS ENCAMPMENTS/Page 247-248 The Sheriff will designate a member of this office to act as the Homeless Liaison Deputy. The responsibilities of the Homeless Liaison Deputy include the following: a. Maintain and make available to all office employees a list of assistance programs and

other resources that are available to the homeless. b. Meet with social services and representatives of other organizations that render assistance to the homeless. c. Maintain a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.

- The Homeless Liaison Deputy will follow-up with individuals at the encampment to determine what services have been offered or should be offered

Section d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include: 1. Proper posting of notices of trespass and clean-up operations. 2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy (Section 801) and other established procedures.” 429.4

PERSONAL PROPERTY/Page 246-247 (see whole section 429.4) • Deputies should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person. • Deputies who encounter unattended

encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the office Homeless Liaison Deputy if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Deputy to address the matter in a timely fashion. • When a homeless person is arrested or otherwise removed from a public place, deputies should make reasonable accommodations to permit the person to lawfully secure his/her personal property. 801.4 PROPERTY HANDLING (page 285) Any employee who first comes into possession of any property shall retain such property in their possession until it is properly tagged and placed in the designated property locker or storage room along with the entry into the Property Tracking System. Care shall be taken to maintain the chain of custody for all evidence. Whenever property is taken or received (e.g., relinquished firearms) from an individual, a property receipt form will be completed. The receipt shall describe the

property, including serial numbers and contain a notice on how to retrieve the property, as applicable, from the Office. The original copy shall be scanned into the case attachment in the Property Tracking System, and shall be given to the individual from whom the property was taken or received. Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the items.

801.6 RECORDING OF PROPERTY (page 288)

The Forensic Services staff receiving custody of evidence or property shall document the chain of custody in the Property Tracking System. An item number will be assigned to each item, and the item number printed on the property label. Any changes to the location of property held by the Sheriff's Office shall be recorded in the Property Tracking System.

801.7.5 RELEASE OF PROPERTY

All reasonable attempts shall be made to identify the rightful owner of found or safekeeping property or evidence not needed for an

investigation. With the exception of firearms and other property specifically regulated by statute, found property shall be held for a minimum of 90 days and property held for safekeeping shall be held for a minimum of 60 days. During such period, Forensic Services Unit staff shall attempt to contact the rightful owner by telephone and/or mail when sufficient identifying information is available. Found property not held for any other purpose and not claimed within the set time frame after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed (Civil Code § 2080.6). The final disposition of all such property shall be documented in the Property Tracking System.

Section 3.b. System Performance Measures Improvement Plan

3.b System Performance Measures Improvement Plan

The System Performance Measures Improvement plan documents all the Key Actions the regional partners are taking to improve their homelessness CA System Performance Measures (SPMs) listed in [Section IV.A.3.b.i. of the HHAP 6 NOFA](#). The plan may also include the Key Actions of small jurisdictions and/or tribal governments in the region that elect to engage and collaborate in the Regionally Coordinated Homelessness Action Plan.

All items currently being funded through HHAP Rounds 1 through 5, as well as all activities proposed to be funded through HHAP 6, must be included as Key Actions in the System Performance Measures Improvement Plan. Each regional partner must also include the Key Actions they are taking beyond HHAP 6 funding to address homelessness. These Key Actions must include how each regional partner is improving the region’s CA SPMs through use of local, state, and federal funds.

The System Performance Measures Improvement Plan must include:

- At least one Key Action related to reducing CA SPM: “The number of people experiencing unsheltered homelessness”
- At least one Key Action related to increasing CA SPM “the number of people exiting homelessness into Permanent Housing,” and
- At least one Key Action with a specific focus on reducing first time instances of homelessness for those exiting institutional settings, including, but not limited to jails, prisons, and hospitals.

Each Key Action must be described in clear, specific terms and must do the following:

1. Identify the CA SPM(s) that the Key Action will improve (you may choose more than one SPM).
2. Describe how the Key Action will improve the CA SPM(s).
3. Identify the lead entity and collaborating entities partnering to achieve the Key Action. Collaborating entity/ies may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating Eligible Applicant, a system partner, or any organization actively participating in the Key Action.
4. Provide the target date for milestones and completion of the Key Action.
5. Provide a clear metric for how success of the Key Action will be measured.
6. Identify the funding source(s) for the Key Action.
 - Note: At a minimum, all funding sources listed in Section IV.A.3.b.ii. of the HHAP 6 NOFA, excluding any that are unavailable to the region within the grant term (FY24/25-FY28/29), must be identified as funding sources for at least one Key Action within the System Performance Measures Improvement Plan.
7. Describe how the funding source(s) will contribute to the achievement of the Key Action.
 - Note: For HHAP 6-funded Key Actions, include the eligible use category or categories as applicable.
8. Describe how the Key Action will address system performance disparities and ensure racial and gender equity in at least one of the following areas: Service Delivery, Housing Placements,

Housing Retention, Changes to procurement, or other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services.

Available Funding Sources in the Region

If applicable, list any funding sources mentioned in [Section IV.A.3.b.ii. of the HHAP 6 NOFA](#) that are not available in the region within the grant term (FY24/25-FY28/29).

Identify which of the following equity improvement areas will be addressed by Key Action 2.

Equity Areas for Key Action 2

Equity area

Description of how Key Action 2 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)

Service Delivery

Increasing and diversifying affordable low-barrier permanent housing (PH) stock and rental assistance subsidies with person-centered support services, that are trauma-informed, harm reduction, and focused on housing sustainability will address system performance disparities and ensure racial and gender equity in PH service delivery by providing permanent housing service delivery that is accessible and equity-focused, and supported by:

- service provider training focused on addressing intersectional disparities related to race and gender,
- hiring practices that prioritize staff diversity, and
- enhancing culturally responsive communication delivery within permanent housing services to ensure effective and sensitive interactions with diverse racial and gender populations and to promote equitable access to housing-focused services.

Housing Placements

Increasing and diversifying affordable low-barrier permanent housing stock and rental assistance subsidies with person-centered support services, that are trauma-informed, harm reduction, and focused on housing sustainability will address system performance disparities and ensure racial and gender equity in housing placements through:

- Expanding safe permanent housing options for populations with disparate access to PH - including LGBTQI+ individuals, families with children of all ages, survivors of domestic violence, youth, and older adults - focusing on both racial and gender inclusivity to ensure supportive living environments for all.
- Providing educational programs targeting property owners to promote a more inclusive approach to housing people, considering racial and gender equity.
- Advocating for more racial and gender equity access to housing resources, removing barriers such as zip code, criminal record, and other restrictions, and ensuring up-to-date information that considers the specific needs of diverse communities.
- And continue implementing Goal 1 of the Race and Equity Improvement Project to streamline the Coordinated Entry System to ensure equitable access to housing for those who have the highest needs/risk through development of a sustainable and equitable assessment tool and prioritization process that will serve all underserved populations experiencing homelessness.

Housing Retention

Increasing and diversifying affordable low-barrier permanent housing stock and rental assistance subsidies with person-centered support services, that are trauma-informed, harm reduction, and focused on housing sustainability will address system performance disparities and ensure racial and gender equity in housing retention through:

- Exploring strategies to reconnect marginalized households to the community, emphasizing the need for a robust network of community partners that provide assistance for housing stability, including prevention before eviction.

Changes to procurement Racial and gender disparities related to permanent housing contract procurement will be addressed through:

- training and capacity building for organizations led by and/or serving communities that reflect the racial and gender diversity of those experiencing homelessness and those that are led by PWLEH.

Key Action 3

Description

Provide countywide homelessness prevention and diversion for persons at highest risk of homelessness, including those exiting institutional settings, including, but not limited to jails, prisons, and hospitals. Services may include: rental subsidies, flexible housing related funds for rental & utility assistance, risk-mitigation/property damage, emergency needs & employment-related support, housing problem solving and navigation, tenant rights education, housing stability support, landlord mediation and tenant advocacy, and other resources and referrals.

Identify which CA SPM(s) will be improved by Key Action 3 and how.

SPM Improvement Plan for Key Action 3

CA SPM	Specific description of how Key Action 3 will improve this CA SPM
CA SPM 2	Through providing countywide homelessness prevention and diversion, persons who are at the highest risk of entering homelessness – including those who are exiting institutional settings - will be provided with the resources and support to maintain their housing or be diverted from experiencing homelessness, therefore reducing the number of persons who become homeless for the first time.
CA SPM 4	Through providing countywide homelessness prevention and diversion, households for whom homelessness is not prevented will be provided with problem-solving and diversion services at the front-door to the homelessness response system – including those who are exiting institutional settings – thus reducing the length of time that they experience homelessness.
CA SPM 5	Through providing countywide homelessness prevention and diversion, persons who have previously exited homelessness to permanent housing and who are at the highest risk of re-entering homelessness will be provided with the resources and support to maintain their housing, therefore reducing the number of persons who return to homelessness after exiting homelessness to permanent housing.

Clear metric for how success of Key Action 3 will be measured

- 1) Number of rental subsidies provided for homelessness prevention or diversion.
- 2) Number of households engaged who remain housed after 6mo, 12mo, and 24 mo.

- 3) Reduction in number of people accessing services who are experiencing homelessness for the first time (SPM 2).
- 4) Reduction in number of people accessing services who return to homelessness after exiting homelessness to permanent housing (SPM 5).

Key Action 4

Description

Provide coordinated countywide multi-disciplinary street outreach teams, with consistent and structured mobile wraparound services focused on connections to permanent and interim housing solutions, utilizing CES and shared data to track and monitor effectiveness.

Identify which CA SPM(s) will be improved by Key Action 4 and how.

SPM Improvement Plan for Key Action 4

CA SPM	Specific description of how Key Action 4 will improve this CA SPM
CA SPM 1a	Coordinated countywide multi-disciplinary street outreach teams that have mobile wraparound services focused on connections to permanent and interim housing solutions and use CES and shared data systems will connect people experiencing unsheltered homelessness to critical services and housing resources, thus increasing the number of people accessing services who are experiencing homelessness and reducing the overall number of persons experiencing homelessness.
CA SPM 1b	Coordinated countywide multi-disciplinary street outreach teams will reduce the number of persons experiencing unsheltered homelessness on a daily basis through reducing barriers to exiting homelessness and connecting people experiencing unsheltered homelessness to critical services and housing resources.
CA SPM 4	Coordinated countywide multi-disciplinary street outreach teams will reduce the amount of time that persons remain homeless through providing wraparound services to address the diverse needs of unhoused persons (medical, behavioral health, hygiene, shelter, etc.) and direct linkages to permanent and interim housing solutions.
CA SPM 6	Coordinated countywide multi-disciplinary street outreach teams will assist unhoused individuals with accessing services to improve their wellbeing and linkages to successful placements in permanent and interim housing.

Clear metric for how success of Key Action 4 will be measured

1) Increase in number of people with successful placements from street outreach projects (SPM 6).

CA SPM	Specific description of how Key Action 6 will improve this CA SPM
CA SPM 3	Strengthened homeless system partnerships between the CoC, behavioral health, public health, managed care plans/hospitals, public benefits programs, parole/probation, workforce development and Public Housing Authorities will improve CA SPM 3 through providing more direct linkages to housing and services that will support the improved wellbeing and stability of persons experiencing homelessness, resulting in increased exits from homelessness into permanent housing.
CA SPM 4	Strengthened homeless system partnerships between the CoC, behavioral health, public health, managed care plans/hospitals, public benefits programs, parole/probation, workforce development and Public Housing Authorities will improve CA SPM 4 through reducing barriers to housing and allowing persons experiencing homelessness to exit homelessness more rapidly.

Clear metric for how success of Key Action 6 will be measured

- 1) Increased number of people exiting to permanent housing (SPM 3)
- 2) Decreased average length of time that people experience homelessness (SPM 4).

-------------	---

Service Delivery

Strengthened homeless system partnerships between the CoC, behavioral health, public health, managed care plans/hospitals, public benefits programs, parole/probation, workforce development and Public Housing Authorities will reduce barriers to access to services for underserved populations and ensure racial and gender equity through:

- Providing training on the intersection of homelessness and racial and gender disparities for partner agencies/departments to support cultural humility and culturally responsive services.
- Encouraging hiring practices that prioritize staff diversity, ensuring representation that reflects the racial and gender diversity of the community.
- Enhancing culturally responsive communication delivery across agencies/departments/services to ensure effective and sensitive interactions with diverse racial and gender populations and to promote equitable access to housing-focused services and housing resources.

Housing Placements

Strengthened homeless system partnerships between the CoC, behavioral health, public health, managed care plans/hospitals, public benefits programs, parole/probation, workforce development and Public Housing Authorities will reduce barriers to access to housing placements for underserved populations and ensure racial and gender equity through:

- more equitably connecting underserved populations experiencing homelessness and with the highest needs/risk to behavioral health services, healthcare, income, and other services that support housing placements.

Key Action 7

Description

Provide effective HMIS system administration which includes comprehensive and ongoing provider training and data quality management to ensure that data related to system performance is accurately captured and tracked. Streamline the HMIS system and documentation to reduce barriers for people experiencing or at-risk of experiencing homelessness.

Identify which CA SPM(s) will be improved by Key Action 7 and how.

SPM Improvement Plan for Key Action 7

CA SPM	Specific description of how Key Action 7 will improve this CA SPM
CA SPM 1a	Effective HMIS system administration, including comprehensive and ongoing provider training and data quality management will improve all CA SPM 1a through ensuring that data is accurately captured and reported regarding the number of persons accessing services and reported as experiencing homelessness.
CA SPM 1b	Effective HMIS system administration, including comprehensive and ongoing provider training and data quality management will improve all CA SPM 1b through ensuring that data is accurately captured and reported regarding the number of unsheltered individuals counted in the annual point-in-time count.
CA SPM 2	Effective HMIS system administration, including comprehensive and ongoing provider training and data quality management will improve all CA SPM 2 through ensuring that data is accurately captured and reported regarding the number of persons who access services while experiencing homelessness repeatedly over a two-year period.
CA SPM 3	<p>Effective HMIS system administration, including comprehensive and ongoing provider training and data quality management will improve all CA SPM 3 through ensuring that data is accurately captured and reported regarding the number of persons exiting to permanent housing.</p> <p>A streamlined HMIS system and documentation will reduce barriers for people experiencing or at-risk of experiencing homelessness to accessing services and housing, resulting in an increase in people exiting homelessness into permanent housing.</p>
CA SPM 4	<p>Effective HMIS system administration, including comprehensive and ongoing provider training and data quality management will improve all CA SPM 4 through ensuring that data is accurately captured and reported regarding the length of time that people are enrolled in SO, ES, TH, and SH projects, or who were enrolled in but had not yet moved into RRH, PSH or OPH.</p> <p>A streamlined HMIS system and documentation will reduce barriers for people experiencing or at-risk of experiencing homelessness to accessing services and housing, resulting in a reduction in the length of time persons remain homeless.</p>
CA SPM 5	Effective HMIS system administration, including comprehensive and ongoing provider training and data quality management will improve all CA SPM 5 through ensuring that data is accurately captured and reported regarding the percent of people who return to homelessness within 6 months of exiting to PH.
CA SPM 6	Effective HMIS system administration, including comprehensive and ongoing provider training and data quality management will improve all CA SPM 5 through ensuring that data is accurately captured and reported regarding the number of people with successful placements from street outreach projects.

Section 4. HHAP 6 Funding Plan

4. HHAP-6 Funding Plan

State Priorities for HHAP 6 Funding: HHAP 6 is intended to reflect the state's priorities to prevent and expeditiously reduce unsheltered homelessness through homelessness prevention activities and sustain existing Interim Housing Solutions, and Permanent Housing Solutions, including long-term sustainability of interim housing and permanent affordable housing.

To complete the HHAP 6 Funding Plan:

1. Identify the Administrative Entity submitting the budget.
 - Provide the Tax ID/TIN, primary contact for the contract, contact email, contact phone, and address for where the HHAP 6 check will be mailed.
 - Provide the total dollar amount of the HHAP 6 allocation(s) being administered under the Funding Plan.
 - **Reminder: This must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.**
2. Describe all activities proposed to be funded by HHAP 6 in clear, specific terms, and:
 - Identify the HHAP 6 eligible use category under which each proposed activity is budgeted. Activities must be specific and may only be categorized under one eligible use category. Activities may not be categorized under multiple eligible use categories (including activities under the Youth Set Aside).
 - Provide the total dollar amount of HHAP 6 funding proposed for the activity.
 - **Reminder: Administrative costs may not exceed 7% of all monies received.**
 - **Reminder: The Youth Set Aside (YSA) amounts, when combined, must total at least 10% of all monies received.**
 - Identify which System Performance Measure Improvement Plan Key Action(s) the activity supports.
 - **The total HHAP 6 funding proposed for the activity** should account for all dollars budgeted toward that activity. These amounts, when added, must account for 100 percent

of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.

3. Indicate whether the budget proposes to support ANY:

- New Interim Housing (aside from those designated in the Youth Set Aside) and/or
- Non-Housing Solutions.

Note: If the HHAP 6 budget proposes spending on New Interim Housing and/or Non-Housing Solutions, the region must document the sustainability of its permanent housing portfolio, as outlined in NOFA section IV.A.4.c, in the next section of this application.

Section 4.b-d. Housing Portfolio

Housing Portfolio

Funding Priority Considerations: Documenting Sustainability of the Region's Interim and Permanent Housing Portfolios

Steps to complete this section:

To complete 4.b. Sustainability of the Region's Interim Housing Portfolio:

1. Identify the total existing Interim Housing shelters and beds (beds) in the region.
2. If proposing to use HHAP 6 to fund New Interim Housing solutions, aside from those designated for the Youth Set Aside, Eligible Applicants must identify the total beds proposed to be added during the grant term (FY24/25-28/29) in the region and are required to complete 4c, the Sustainability of the Region's Permanent Housing Portfolio.
3. Identify the total estimated capital and operating costs for the beds (existing and, if applicable, proposed

to be added) during the grant term.

4. Identify the funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for the beds in the region for the grant term.

To complete 4.c. Sustainability of the Region's Permanent Housing Portfolio:

Required if any regional partner is proposing to spend HHAP 6 funding on New Interim Housing solutions (aside from those designated for the Youth Set Aside) and/or Non-Housing Solutions.

For the region's existing, at-risk, and proposed permanent affordable housing identify all the following:

1. The total (existing, at-risk, and proposed) permanent affordable housing developments and units (developments) in the region. Data for existing and at-risk developments can be provided by HCD upon request.

Note: Developments proposed includes those currently seeking permanent housing funding or operations support in the region which still have a financing or supportive services and operations funding gap.

2. The total estimated capital and operating costs for (existing, at-risk, and proposed) developments during the grant term.
3. The funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for (existing, at-risk, and proposed) developments in the region for the grant term.

To complete 4.d. Documentation of Youth Set Aside Requirement:

1. Certify that the region has budgeted at least 10 percent of each HHAP 6 allocation to be spent on services for homeless youth (as defined in HSC 50216(l)).

4.b. Sustainability of the Region's Interim Housing Portfolio
