

California Department of Housing and Community Development

HHAP Round 6 Regionally Coordinated Homelessness Action Plan

Section 1. Regional Identification and Contracting Information

Steps to complete this section:

1. Select the Continuum of Care (CoC) Region. The definition of "Region" is the geographic area served by a county, including all cities and the CoC or CoCs within it (HSC 50230(v)).
2. Indicate which Eligible Applicants are applying together as a region for HHAP 6 (i.e., which Eligible Applicants will administer the Regionally Coordinated Homelessness Action Plan and be signatory to the Memorandum of Understanding). Eligible Applicants for HHAP 6 are all counties, all Continuums of Care, and Large Cities.
3. For each participating Eligible Applicant, indicate whether and how the Eligible Applicant intends to contract with HCD (i.e., indicate whether the Eligible Applicant will act as their own Administrative Entity, or designate one of the other regional partners to administer their allocation and act as the Administrative Entity on their behalf).

Regional Application Participation

Continuums of Care (CoCs)

- A CoC that serves a single county **must** apply as part of the regional application with the county and any overlapping Large Cities. In this case, the CoC should select: *"Is participating in this regional application as an Eligible Applicant."*
- A CoC that serves multiple counties **must either**: apply as part of a single regional application with multiple counties and any overlapping Large Cities **or** participate in the regional application of each overlapping county and the Large Cities therein. When the CoC is participating in multiple regional applications, the CoC should select: *"Is participating in this regional application as an Eligible Applicant"* for the regional application that will include the CoC's HHAP 6 funding plan, and should select: *"Is participating in this regional application as a collaborator"* for all other regional applications they are participating in. This will help to ensure the CoC's funding plan is only collected on a single regional application.

Large Cities ("City" or "Cities")

Large Cities must apply as part of the regional application with the applicable county and CoC.

Counties

- In a CoC that serves a single County, the County **must** apply as part of a regional application with the CoC and any overlapping Large Cities.
- In a multi-county CoC, counties are **strongly encouraged** to apply in collaboration with other counties that are served by the same CoC. **At a minimum**, each County must apply with the overlapping CoC.

LA Region

All CoCs within the County of Los Angeles shall be considered part of a single region, along with the County and Large Cities within the county and therefore **must** apply together. (HSC § 50230(v)(2).)

Contracting

Each Eligible Applicant has the discretion to administer their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. The selections made in this section will indicate which Eligible Applicant will enter into contract with HCD to administer each Eligible Applicant's HHAP 6 allocation. For reference, [HHAP 6 allocations](#) are available on HCD's HHAP website.

The Administrative Entity is responsible for meeting the terms and conditions of the contract, which include, but is not limited to, contracting (when necessary) with sub-recipients, and fulfilling all monthly, annual, final, and Homeless Management Information System (HMIS) reporting requirements.

- **If you plan to contract with HCD to receive and administer only your (individual) HHAP 6 allocation**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection.
- **If you do not plan to contract with HCD and instead plan to identify another participating Eligible Applicant in the region to enter into contract with HCD to receive and administer your HHAP 6 allocation**, select: *"Identify another participating Eligible Applicant in their region to enter into contract with HCD to receive and administer their HHAP 6 allocation"* under the contracting selection. Once selected, you will be prompted to designate the Administrative Entity from a list of other Eligible Applicants in the region.
- **If you plan to contract with HCD to receive and administer multiple HHAP 6 allocations within your region**, select: *"Will enter into contract with HCD to receive and administer their HHAP 6 allocation and allocation(s) from other Eligible Applicants in the region"* under the contracting selection.

Section 2. Documentation and Certification of Stakeholder Engagement

Section 2. Documentation of Stakeholder Engagement

1. Provide the dates for which at least three public meetings were held to support the development of the Regionally Coordinated Homelessness Action Plan (Plan).
2. Describe how each stakeholder group from the list provided was invited and encouraged to engage in the Plan.
3. Describe the specific input from the public meetings that was incorporated into the Plan.
4. Certify that all participating Eligible Applicants met the process requirements for developing the Plan.

Meeting Dates

Meeting Dates	Meeting Name or Identifier (optional)
5/7/2025	Quarterly Housing and Homeless Stakeholders' Collaborative, May 2025
7/30/2025	Conversation on Homelessness in Tehama County, Special Meeting (evening)
8/6/2025	Quarterly Housing and Homeless Stakeholders' Collaborative, August 2025

Stakeholder engagement

Stakeholders	Description of how stakeholders were invited and encouraged to engage in the public stakeholder process	Describe the specific input from stakeholders that was incorporated into the Plan
People with lived experience of homelessness, including but not limited to survivors of domestic violence.	<p>People with lived experience of homelessness, including but not limited to survivors of domestic violence. Members of the Lived Experience Action Board (LEAB) and additional persons/people with lived experience (PLE/PLEs) who have engaged with the CoC were included on email invitations to all 3 public meetings. Service provider invitees were encouraged to extend invitations to PLEs in their networks, as well, resulting in one PLE who had not previously engaged with the CoC attending Public Meeting 2 (Community Conversations on Homelessness Solutions, held in the evening on 7/20/25) attending with a tribal community service provider.</p> <p>Additionally, CoC staff presented and invited feedback on the RCHAP from LEAB members at their May, June, and July regular monthly meetings. All LEAB members have lived experience of homelessness and/or housing insecurity; subpopulations represented on the LEAB include people who experienced homelessness as transition aged</p>	<p>People with lived experience provided input at Public Meeting 2 and small group meetings, including meetings of the Lived Experience Action Board (LEAB). Most in this group were in support of sustaining existing shelters and rapid rehousing programs. One individual felt very strongly that at least some interim housing options should have sobriety requirements. This group had mixed feelings about Safe Parking programs, which contributed to the decision to remove that Key Action as we refined our HHAP-5 plan to use for HHAP-6 due to concerns over the level of rules that would be needed to protect safety. This group agreed with efforts to increase affordable housing stock; many first-hand experience to share regarding the shortage. The group was generally in favor of “slimming down” the Plan to concentrate energy and resources on the programs they said were of the most help. Members of this group reported that some in the unsheltered community were declining shelter because they were “waiting for the tiny homes” and cautioned that there would be high demand once those were available.</p>

youth, survivors of domestic violence, people who are Hispanic/Latino, people who are Indigenous/Native American, people who experienced homelessness as part of households with children, and people currently experiencing homelessness.

Youth with lived experience of homelessness.

Tehama CoC is in the process of identifying youth with lived experience of homelessness to engage in CoC and system planning activities through development of a Youth Advisory Board (YAB), in partnership with recently identified Youth Homelessness provider Lutheran Social Services (LSS). Since members of this subpopulation who wish to participate in this way have yet to be identified, their interests were represented in the HHAP-6 RCHAP process by staff from LSS, Tehama County Department of Education (TCDE) and Northern California Child Development, Inc., the local Head Start/State Preschool provider, and at least three people with lived experience whose past lived experience includes experiencing homelessness as transition aged youth.

Service providers that primarily serve unaccompanied youth were in favor of sustaining interim housing for this population and expressed hopes that it could be expanded to serve more youth once established. Discussions regarding how to expand interim housing for youth to include youth under age 18 have been happening locally in recent months, and this subpopulation was also brought up in HHAP-6 Plan discussions. People with lived experience of homelessness when they were teens confirmed that being under 18 and homeless on your own poses unique challenges and it can feel like nobody wants to help you. Staff from the local school district mentioned that they are seeing more unaccompanied homeless students than they used to see.

Local department leaders and staff of qualifying smaller jurisdictions, including child welfare, public welfare, health care, behavioral health, justice, and education system leaders.

Staff and leadership from local jurisdictions, justice, social services, medical, behavioral health (including substance use recovery) and educators were invited via email, announcements at other CoC and community partner collaborative meetings and public announcements at City Council and Tehama County Board of Supervisors meetings. Ten (10) individuals from this group attended and participated in one or more HHAP-6 RCHAP Public Meetings.

This group strongly supported keeping and prioritizing goals around developing more affordable/permanent supportive housing and providing ongoing supportive services for PSH tenants.

This group was very helpful in identifying the new Key Action around Re-Entry Team participation, as many are part of that team. Output goals for interim housing and day shelter services were revised to be more ambitious at the suggestion of members of this group.

Homeless services and

Staff and leadership from local

Input from homeless response service

housing providers, including developers of permanent affordable housing operating within the region.

homeless services and housing providers were invited via email and announcements at other CoC and community partner collaborative meetings. More than twenty (20) representatives from this group attended one or more HHAP-6 RCHAP Public Meetings. Organizations represented included Poor and the Homeless Tehama County Coalition (PATH), the county's largest provider of homeless response services, Tehama County Health Services Agency (TCHSA), Northern California Child Development, Inc. (NCCDI), Stability Solutions, PneumaCare Health and Wellness, Greenville Rancheria Community Resource Center, Lutheran Social Services (LSS), United Way of Northern California (UWNC) NorCal Community Relief, and Community Housing Improvement Program (CHIP), a developer of permanent affordable housing that operates within the region.

providers was particularly helpful to this process, as most key actions involve services they provide.

Members of this group also had a variety of views regarding Safe Parking programs. Two individuals had experience in other communities with such programs – one reported seeing it done well and being a good option for many, the other warned that they had seen a lot of health and safety issues with the model they had seen used. The Key Action was removed but most agreed that it could be revisited later if there were partners willing to be responsible for it.

One individual with extensive experience in another community suggested that a Performance Management Workgroup be developed that could analyze HMIS data and monitor system-level effectiveness.

Each Medi-Cal Managed Care Plan contracted with the State Department of Health Care Services in the region.

Representatives from Partnership Health, the one MCP serving Tehama County, were invited via email. Two (2) staff from Partnership Health attended and participated in one or more HHAP-6 RCHAP Public Meetings.

While in attendance at HHAP-6 Public Meetings, MCP representatives did not provide specific feedback/input.

Street medicine providers, victim service providers, and other service providers directly assisting people within the region experiencing homelessness or at risk of homelessness.

Street medicine providers, victim service providers, and other service providers directly assisting people experiencing homelessness or at risk of homelessness were invited via email and announcements at other CoC and community partner collaborative meetings. One (1) street medicine provider, TCHSA, attended one or more HHAP-6 RCHAP Public Meetings, and representation from one (1) victim service provider, Empower Tehama, participated in a small group meeting discussion on the

Representatives from this group supported ongoing prioritization of existing outreach services and shared collaborative successes that reinforced the need for ongoing support. This group was also supportive of prioritizing expanding access to affordable/permanent supportive housing.

HHAP- RCHAP held at the June 2025 meeting of the Unique Community Needs working group, the focus of which is to ensure equitable access to services for residents of historically underserved South Tehama County.

Federally recognized tribal governments pursuant to Section 4103 of Title 25 of the United States Code that are within the region.

There are two federally recognized tribes active in Tehama County, the Paskenta Band of Nomlaki Indians and Greenville Rancheria. Representation from both were invited to participate via email invitations sent to Tehama CoC's full mailing list. Both operate crucial medical and dental clinics that serve both tribal members and the larger community. While no Paskenta Nomlaki representatives were able to attend any of the HHAP-6 RCHAP Public Meetings, they have a long history of collaborating with the CoC and its member organizations, primarily as a community partner/service provider. Two (2) representatives from Greenville Rancheria's Community Resource Center, which recently implemented a housing program for tribal members, attended one or more HHAP-6 RCHAP meetings, and one (1) Greenville Rancheria tribal member with lived experience of homelessness attended Public Meeting 2.

A person with lived experience who is an enrolled tribal member expressed excitement regarding the Key Action around creating a working group with a focus on providing culturally responsive services for Indigenous/Native American residents, which influenced our decision to include the Key Action.

One representative from a program that serves tribal members suggested that the CoC diversify and expand its avenues for inviting public engagement. While not specifically included in a Key Action of the plan, this suggestion will be integrated into the planning of future opportunities for public engagement.

Describe any other input from public meetings not captured above that was incorporated into the Plan.

Documentation of Stakeholder Engagement Narrative - Stakeholder Input

In addition to representation from the groups listed above, several members of the public also attended one or more HHAP-6 RCHAP Public Meetings and provided valuable feedback/input from their perspectives as community members, parents, survivors of domestic violence, retired healthcare workers, retired educators, veterans, and members of the historically underserved South Tehama County, Spanish-speaking, and immigrant communities. Among other things, members of the public provided insights regarding the ways in which unsheltered homelessness in Tehama County impacts community life and public safety/perceptions of public safety, inhibits community access to public spaces (i.e., parks, waterways, etc.), and strains already limited public resources. The perspectives of community members in

attendance were particularly helpful as part of discussions around enhancing public understanding of causes of and solutions to homelessness and strategies for generating support for services and housing production.

Public Meeting 1 2025-05-07.pdf

Public Meeting 2 2025-07-30.pdf

Public Meeting 3 2025-08-06.pdf

By checking this box, I certify that all participating Eligible Applicants met the public meeting process requirements in statute (HSC Section 50240(d) and (e)) and in the [HHAP 6 NOFA](#) in developing the Regionally Coordinated Homelessness Action Plan, documented in Section 2 of this regional application.

I certify under penalty of perjury that all of the information in Section 2, above, is true and accurate to the best of my knowledge.

Open

Section 3. Regionally Coordinated Homelessness Action Plan

Section 3. Regionally Coordinated Homelessness Action Plan

Applicants must submit a Regionally Coordinated Homelessness Action Plan (Plan) that fully complies with HSC section 50240(c). This Plan shall lay out a strategic approach to address homelessness within the region, emphasizing collaborative efforts among participating applicants.

In developing the HHAP 6 Regionally Coordinated Homelessness Action Plans, regions should build upon their approved HHAP 5 Regionally Coordinated Homelessness Action Plans. This means regions should leverage and update information from their approved HHAP 5 Regionally Coordinated Homelessness Action Plan in corresponding sections of the proposed HHAP 6 Regionally Coordinated Homelessness Action Plan.

Regional Roles, Responsibilities, and Housing and Homelessness Service Policies

3.a. Regional Partners' Roles and Responsibilities

3.a.1. Outreach and Site Coordination

Eligible Applicant	Describe roles and responsibilities in outreach to individuals experiencing, or at risk of experiencing, homelessness in the region, and in coordination on citing of services, shelters, and interim and permanent housing in the region
Tehama County CoC	<p>The Tehama County Continuum of Care (Tehama CoC) coordinates planning and capacity building activities and provides technical assistance to support its member organizations conducting outreach, shelter, interim housing, and permanent housing in the region.</p> <p>Examples of this include:</p> <ol style="list-style-type: none">1) Partnering with Poor and the Homeless Tehama County Coalition

(PATH) to implement PATH Street Outreach Services (SOS), the county's first Street Outreach program using ESG-CV funds in 2021,

2) Facilitating collaborative planning process and providing technical assistance on development of the PATH Plaza Navigation Center (PPNC), the county's first-ever year-round emergency shelter,

3) Providing grant writing and technical assistance on a Homekey 1.0 project that preserved and increased transitional housing beds and laid the groundwork for even further expansion of interim housing opportunities,

4) Facilitating the process for development of the Update to the 10-Year Plan to End Homelessness in 2024-25 to ensure continued momentum towards increasing positive outcomes within the system after having met many of the goals in the original 10-Year Plan, development of which was led by Tehama County in 2018-19,

5) Supporting and building capacity for significant expansion of outreach and day shelter services being provided by First Christian Church of Corning in historically underserved South Tehama County through providing concrete support and technical assistance with programmatic and fiscal infrastructure development and facilitating a strategic partnership with sister project PPNC, and

6) Serving in the role of Project Director for Rural Indoor Objectives (RIO), a collaborative Encampment Resolution (ERF-3-R) project that is leveraging the strengths of local nonprofits, governmental agencies and affordable housing developers to resolve the county's largest and longest-standing encampments.

Pursuant to recent direction from the collaboration of local stakeholders Tehama CoC serves and HHAP-6 state priorities around addressing inflow to homelessness, Tehama CoC is currently working with its partners to identify sources of support for expanding homelessness prevention activities, designing pathways to outreach to individuals and households at risk of homelessness and establishing data-driven practices for assessing risk and prioritizing households for homelessness prevention services.

Tehama County

Tehama County is active in the local system for addressing homelessness as both a direct services provider and a leading partner on strategic planning, capacity building, and interim and permanent housing development.

Through the Tehama County Health Services Agency, the county provides direct services to people experiencing and at risk of homelessness through:

1) A mobile health clinic that provides on-location services, including screenings for and immediate connections to medical, behavioral health and/or substance use recovery services (including medication assisted treatment) to people experiencing unsheltered or sheltered

homelessness on a weekly basis, either at PATH Plaza Navigation Center (PPNC) or from another location in the community convenient to individuals who are currently unsheltered,

2) Traditional street outreach services that pair distribution of basic needs supplies (water, food, Narcan, hygiene supplies, etc.) with connections to services offered by TCHSA (medical, behavioral health, substance use recovery) and services offered by community partners, including shelter and housing services,

3) Mobile crisis services for behavioral/mental health, available 24/7/365, that support people experiencing a mental health or substance use crisis through providing intervention, de-escalation and relief to people wherever they are, including unsheltered situations, the physical office location for which is co-located within the PPNC facility, and

4) Supportive services, including case management and behavioral health services, for tenants in Permanent Supportive Housing (PSH) units.

5) Tehama County administers its own allocation of formula Permanent Local Housing Allocation (PLHA) funds as well as the allocations for the Cities of Red Bluff and Tehama. These funds are currently being used to support PATH Plaza Navigation Center operations and supportive services for the PSH units developed with No Place Like Home (NPLH) funds.

As a lead collaborative partner:

1) TCHSA coordinated efforts to bring Permanent Supportive Housing (PSH) to Tehama County and increase the county's overall stock of permanent affordable housing through successfully applying for three No Place Like Home awards which have served as the foundations for three projects (one placed into service in 2023, two more in planning/development phases) that include or will include both NPLH units and traditional affordable and/or other PSH units,

2) Tehama County served as the lead applicant on CDBG, CDBG-CV, and Homekey 1.0 funding applications, which provided over 80% of the funds needed to acquire and develop/rehabilitate both the PPNC facility and the Sale Transitional property, both operated by nonprofit partner PATH, and

3) Tehama County actively participates at all levels of CoC, including appointing Supervisors to represent the County on the CoC's Executive Council (governing board), designating county staff to participate on the CoC General Collaborative committee, the Housing and Homelessness Stakeholders' Collaborative (HHSC) and all working groups focusing on priority areas identified as part of the 10-Year Plan to End Homelessness and recent Update to the 10-Year Plan.

4) Under the leadership of their MHSAs Coordinator, TCHSA

coordinates and facilitates the Community Partners Resources (CPR) Meeting, a monthly convening designed to promote and strengthen cross-sector collaboration by connecting case management and housing staff, mainstream services staff, and health care providers with one another and offering a space for informal and innovative conversations.

3.a.2. Siting and Use of Available Land

Eligible Applicant	Describe how the Eligible Applicant will coordinate efforts to identify and promote use of available land for the production of interim or permanent housing in the region
Tehama County CoC	Tehama CoC does not have land use or development that it oversees as it is not a local government jurisdiction. Tehama CoC does facilitate the Tehama County Housing and Homeless Stakeholders' Collaborative (HHSC), which has working groups implementing the 2024 10-Year Plan to End Homelessness goals. These goals include helping to streamline affordable housing development as is stated in the roles and responsibilities for land use and development for the County and Cities. In this way, Tehama CoC supports the work of the County and Cities and advocates for land use and development practices that facilitate the production of affordable housing and community facilities.
Tehama County	Tehama County will adhere to all State laws and regulations regarding Housing Elements, affordable housing and community facilities, and zoning. In addition, as outlined in the 2024 Update to the Tehama County 10-Year Plan to End Homelessness, the County will support bringing infrastructure to vacant parcels of land via applications with developers, provide transparency about local regulations, and shepherd projects through the planning and building permitting processes. This may include, but not be limited to, applying for the Affordable Housing and Community Sustainable Communities Program (AHSC) and Infill Infrastructure Grant Program (IIG) funds.

3.a.3. Development of Shelter, Interim and Permanent Housing Options

Eligible Applicant	Describe your engagement with housing developers, including developers of permanent supportive housing, to coordinate the financing of interim and permanent housing
Tehama County CoC	<p>When a housing developer has been identified as a project partner by a local provider, Tehama CoC is available to assist with coordinating project funding and financing by providing local data needed for funding applications or developing prospectuses for potential investors, identifying potential sources of funding/financing, including those available through the CoC and those available through other sources, providing information on CES, where its use will be required, and answering any other relevant developer questions.</p> <p>Tehama CoC may also engage with housing developers interested in</p>

working within the region to discuss local housing needs and to provide connections to local community partners.

Tehama County

Tehama County Health Services Agency (TCHSA), has served, and continues to serve, as the county's foremost leader in coordinating efforts to develop permanent supportive housing (PSH), projects for which typically included both PSH units and traditional affordable permanent housing units. TCHSA's work in this area has resulted in development of a 32-unit permanent affordable housing project in the City of Corning that was placed into service in 2023 and has been key to the ongoing work of developing two additional projects in Red Bluff that will include a combined total of 87 units of permanent affordable housing in the relatively near future.

Each of these projects has included identifying and engaging with developers and contributing to the efforts of these developers to obtain funding and financing far beyond that which TCHSA could offer through its respective No Place Like Home awards. These efforts have included applying for funds through, among others, Federal Low Income Housing Tax Credits (LIHTC), Multifamily Housing Program (MHP), HOME Investment Partnerships Program (HOME), Affordable Housing & Sustainable Communities (AHSC), and Homekey+. TCHSA and their Housing Consultant have played an active roles in development of these applications, including providing area-specific data, facilitating connections between developers and local community partners, and where needed, hosting public hearings and conducting community outreach.

While neither required engagement with housing developers, Tehama County also played important roles in supporting development of two interim housing projects, both of which involved significant work coordinating project financing:

As part of development of the PATH Plaza Navigation Center, Tehama County served as the lead applicant on CDBG and CDBG-CV funding applications, coordinated delegation of CDBG-CV funds from cities within the county to the project, administering CDBG/CDBG-CV funds locally and providing/supporting the provision of project management, contracting, and labor compliance services for the project.

Tehama County acted as the lead applicant on the Homekey 1.0 project that made it possible for nonprofit partner PATH to preserve and expand transitional housing availability through acquiring a property that included one large house that PATH had been leasing for over a decade but was slated to lose when the property was placed on the market and two additional houses on the surrounding property. This acquisition in 2021 more than doubled transitional housing beds in Tehama County. Tehama County has continued to contribute to further development of this property and its capacity for providing interim housing through utilizing Behavioral Health Bridge Housing (BHBH) funds to support replacement of a manufactured unit on the property that had unforeseen structural issues and placement

of additional manufactured units on the property.

Additionally, where a project site is to be located in an unincorporated area of the county, Tehama County's Planning and Building Departments engage with developers and/or other project partners to provide information on zoning, building codes, infrastructure needs, and related topics.

3.a.4. Coordination of and Connection to Service Delivery

Eligible Applicant	Describe how the Eligible Applicant is coordinating, connecting, and delivering services - including Mental Health Services Act or Behavioral Health Services Act within the region - to individuals experiencing homelessness, or at risk of experiencing homelessness
Tehama County CoC	Tehama CoC plays a significant role in coordinating services, connecting individuals experiencing or at risk of homelessness to services, and supporting the delivery of services. The CoC conducts strategic planning and capacity building activities, which may include administering all or part of the funding necessary for its member organizations to implement service activities, provides technical assistance to service providers on programmatic, fiscal, and grant compliance topics, and serves as system administrator for the HMIS and Coordinated Entry System, through which people experiencing homelessness are referred to housing services, including shelter, interim housing, rapid rehousing and permanent supportive housing. The CoC also serves as a hub for the development and implementation of collaborative projects and facilitates collaborative efforts to identify gaps and assess service needs throughout the county.
Tehama County	Tehama County has a strong foundation of collaboration among its departments. Staff in each department know who and how to refer people to services they may need. This collaboration includes, but is not limited to, the Tehama County Health Services Agency (TCHSA), the Tehama County Department of Social Services (TCDSS), and the Tehama County Community Action Agency (TCCAA), a nonprofit organization under TCDSS. Tehama County administers the Mental Health Services Act (MHSA) Full-Service Partnership program, which provides wraparound supportive services for people who have been diagnosed with a severe mental illness. As described above, Tehama County operates a mobile health clinic that serves people experiencing sheltered and unsheltered homelessness, offers mobile crisis response, and provides ongoing supportive services for tenants in permanent supportive housing. The county currently has one permanent supportive housing project in service, which was constructed using MHSA funds, No Place Like Home funds. TCHSA staff currently conduct tenant identification for this project using the Coordinated Entry System (CES) including connecting prospective tenants to behavioral health assessments to determine eligibility when a prospective tenant is not already being

served by TCHSA.

TCHSA will work closely with the CoC, its member organizations, and other stakeholders within the housing and homeless response sectors, as it develops its Behavioral Health Services Act (BHSA) Integrated Plan.

Both TCHSA and TCDSS staff are familiar with and refer to 211 Tehama for both Coordinated Entry and health and human services. The services of 211 Tehama include providing information and referrals for low-cost and no-cost health and human services in the region and serving as the primary entry point for the regional CES.

3.a.5. Policies for Addressing Encampments

Encampment	Estimated Population	What are the region's specific plans to address this encampment?	What are the Key Milestone Dates to carry out the described plan?	ERF Status (site funded by ERF)	ERF Contract #	Are there current plans to submit an ERF application to address this site?	Lead Entity for addressing this encampment
				Yes			
				No		No	

Optional Upload: Encampments Excel
 Encampments List_Tehama County Amended.xlsx

Optional Upload: Map of Encampments

Eligible Applicants with a current and formal policy to address encampments that fully or partially complies with the Cal ICH Guidance on Addressing Encampments must complete the following:

Formal Encampment Policy - Fully or Partially Compliant

Eligible Applicant	Applicant confirms the plan complies with the Cal ICH Guidance on Addressing Encampments?	If you selected "Yes, in part," describe what elements of the policy do comply with the Cal ICH Guidance on Addressing Encampments, and specifically how they comply.	Provide a link to the policy or upload a copy below

Upload: Copy of Formal Policy to Address Encampments

Eligible Applicants without a current and formal policy to address encampments that fully or partially complies with the Cal ICH Guidance on Addressing Encampments must complete the following:

Formal Encampment Policy - Nonexistent

Eligible Applicant	Describe existing efforts to address encampments	Does the Eligible Applicant actively commit to adopting a policy that complies with the Cal ICH Guidance on Addressing Encampment?	Provide a specific timeline, including dates, for future adoption of formal policies that comply with the Cal ICH Guidance on Addressing Encampments
Tehama County CoC	Tehama CoC serves as the Project Director and Administrative Entity for Rural Indoor Objectives (RIO), a collaborative Encampment Resolution (ERF-3-R) project that is leveraging the strengths of local nonprofits, governmental agencies and affordable housing developers to resolve the county's largest and longest-standing encampments. To date, the RIO Team has worked together and in cooperation with additional community partners to facilitate resolution of four of the five RIO-prioritized encampments, using procedures that meet, and in some cases exceed, the requirements of the Cal ICH Guidance on Addressing Encampments as well as the Model Ordinance	Yes	Tehama County CoC and Tehama County will work together to develop and adopt formal policies by August 2026 that comply with the Cal ICH Guidance on Addressing Homelessness. Venues for development of the policies may include, but not be limited to, the Regional Coordination Meetings and the County-City ad hoc committee meetings.

released by the Governor's Office earlier this year. These encampment resolutions were conducted with no less than 48 hours notice to encampment residents (typically 14-21 days). Poor and the Homeless Tehama County Coalition (PATH), whose Street Outreach Services (SOS) team and Case Managers have established relationships with many encampment residents and whose Day Shelter, Overnight Shelter, and Rapid Rehousing programs, all of which are provided at the PATH Plaza Navigation Center (PPNC), prioritize individuals exiting the prioritized encampment for immediate access to services, serves as the primary service provider partner in encampment resolutions. Clear lines of communication have been established between PATH and Red Bluff Police Department (RBPD), the local governmental agency that has coordinated most of these resolution efforts, allowing these partners to work in tandem to ensure that all persons exiting each encampment have been connected to services and CES throughout the process. PATH keeps RBPD and other governmental partners updated on available shelter beds in near real-time, and governmental

partners keep service providers up to date on notifications served and planned resolution dates. A process for offering storage of belongings for encampment residents has been established. Receptacles for such storage are provided to encampment residents in advance of resolution dates and are picked up and transported by a service provider ahead of encampment resolution, however, because the partners have discovered that most encampment residents prefer to keep their belongings with them rather than use this option, they have incorporated offering encampment residents collapsible wagons, as well, so that they can easily transport their own belongings if they wish. Once encampment residents have removed the belongings they wish to keep and have vacated the encampment area, a team made up of multiple governmental agencies, including Tehama County Probation, coordinate clean-up and restoration services. In cases in which the state of an area is determined to pose a fire risk, Red Bluff Fire Department (Rbfd) coordinates fire risk mitigation activities.

The experiences of the RIO Team, including lessons learned, will inform the development of a collaborative

Encampment Resolution Policy.			
Tehama County	<p>To date, most encampment resolution activities have been conducted on public property within the City of Red Bluff. Participation in these activities by Tehama County has generally been limited that of Tehama County Probation in helping to coordinate and conduct clean-up activities, although Tehama County Health Services Agency (TCHSA) is active as a street outreach provider and as a provider of medical, behavioral health and substance use recovery services, to which many individuals exiting encampments are referred. As a direct services provider, TCHSA is an active partner in the RIO project and attends monthly RIO Team meetings. As encampments within Red Bluff City limits continue, it is anticipated that unsheltered individuals may establish more encampments in unincorporated areas of the county within the jurisdiction of county agencies. The relevant agencies will be included in conversations around development of the collaborative Encampment Resolution Policy as they commence.</p>	Yes	Tehama County and Tehama County CoC will work together to develop and adopt formal policies by August 2026 that comply with the Cal ICH Guidance on Addressing Homelessness. Venues for development of the policies may include, but not be limited to, the Regional Coordination Meetings and the County-City ad hoc committee meetings.

3.a.6. Housing Element Compliance

Large City or county Eligible Applicant	Is this Eligible Applicant's Housing Element Compliant?	If not compliant, provide a timeline for all relevant milestones to achieve compliance (refer to Guidance and Example timeline and milestones for required level of detail)
Tehama County	No	10/8/2025: HCD sends Housing Element review letter to Tehama County. 10/2025-11/2025: Tehama County works on revisions to Housing Element. 11/15/2025: Planning Commission Dec. 4th public hearing noticed to the public. 12/4/2025: Planning Commission recommends revised Housing Element with edits that address HCD's comments from the 10/8/2025 letter, including required RHNA rezones from Program HE-3.A. 1/2026: Planned Board of Supervisors Housing Element readoption, including required RHNA rezones from Program HE-3.A. 2/2026: Planned submittal of readopted Housing Element to HCD for 60-day review.

3.a.7. Housing Element Implementation

Large City or county Eligible Applicant	Has this Eligible Applicant implemented all programs in their adopted Housing Element on the timelines identified therein?	If not, provide a specific timeline and plan with dates to implement the past due programs.
Tehama County	No	10/8/2025: HCD sends Housing Element review letter to Tehama County. 10/2025-11/2025: Tehama County works on revisions to Housing Element. 11/15/2025: Planning Commission Dec. 4th public hearing noticed to the public. 12/4/2025: Planning Commission recommends revised Housing Element with edits that address HCD's comments from the 10/8/2025 letter, including required RHNA rezones from Program HE-3.A. 1/2026: Planned Board of Supervisors Housing Element readoption, including required RHNA rezones from Program HE-3.A. 2/2026: Planned submittal of readopted Housing Element to HCD for 60-day review.

3.a.8. Prohousing Designation

Large City or county Eligible	Current Prohousing	For Eligible Applicants that
-------------------------------	--------------------	------------------------------

Applicant	Designation Status	have not yet applied or do not plan to apply, list the Prohousing Policies (as described in the Prohousing application) that they have adopted or plan to adopt in the future.
Tehama County	Does not plan to apply for Prohousing Designation	<p>1H - Zoning or other land use designation methods to allow for residential or mixed uses in one or more non-residential zones (e.g., commercial, light industrial). Qualifying non-residential zones do not include open space or substantially similar zones. 2A - Establishment of ministerial approval processes for multiple housing types, including, for example, single-family, multifamily and mixed-use housing. 2E - Absence or elimination of public hearings for projects consistent with zoning and the general plan. 3G - Establishment of pre-approved or prototype plans for missing middle housing types (e.g., duplexes, triplexes, and fourplexes) in low-density, single-family residential areas. 8 - Other policies that involve meaningful actions towards Affirmatively Furthering Fair Housing outside of those required pursuant to Government Code sections 65583, subdivision (c)(10), and 8899.50, including, but not limited to, outreach campaigns, updated zoning codes, and expanded access to financing support.</p>

3.a.9. Housing Law Violations

Large City or county Eligible Applicant	Does this Eligible Applicant have any potential or actual housing law violations	If yes, provide a specific timeline and plan with dates to resolve the issue.

with HCD's
Housing
Accountability Unit or
the
Attorney
General's
Housing
Justice
Team?

Tehama County

No

3.a.10. Surplus Land

Large City or county Eligible Applicant

Has this Eligible Applicant made a central inventory of all surplus land and all lands in excess of their foreseeable needs as required by Government Code section 54230?

If not, the Eligible Applicant must provide a specific timeline and plan with dates to create such an inventory.

Tehama County

Does not currently have a central inventory.

Per HCD HHAP-6 application review guidance via email on 12/8/25, we are noting that Tehama County has no surplus or excess land to report.

3.a.11. Annual Progress Report

Large City or county Eligible Applicant

Has this Eligible Applicant submitted a timely and complete annual progress report for at a minimum, the past two years?

Tehama County

Yes

Section 3.b. System Performance Measures Improvement Plan

3.b System Performance Measures Improvement Plan

The System Performance Measures Improvement plan documents all the Key Actions the regional partners are taking to improve their homelessness CA System Performance Measures (SPMs) listed in [Section IV.A.3.b.i. of the HHAP 6 NOFA](#). The plan may also include the Key Actions of small jurisdictions and/or tribal governments in the region that elect to engage and collaborate in the Regionally Coordinated Homelessness Action Plan.

All items currently being funded through HHAP Rounds 1 through 5, as well as all activities proposed to be funded through HHAP 6, must be included as Key Actions in the System Performance Measures Improvement Plan. Each regional partner must also include the Key Actions they are taking beyond HHAP 6 funding to address homelessness. These Key Actions must include how each regional partner is improving the region's CA SPMs through use of local, state, and federal funds.

The System Performance Measures Improvement Plan must include:

- At least one Key Action related to reducing CA SPM: “The number of people experiencing unsheltered homelessness”
- At least one Key Action related to increasing CA SPM “the number of people exiting homelessness into Permanent Housing,” and
- At least one Key Action with a specific focus on reducing first time instances of homelessness for those exiting institutional settings, including, but not limited to jails, prisons, and hospitals.

Each Key Action must be described in clear, specific terms and must do the following:

1. Identify the CA SPM(s) that the Key Action will improve (you may choose more than one SPM).
2. Describe how the Key Action will improve the CA SPM(s).
3. Identify the lead entity and collaborating entities partnering to achieve the Key Action. Collaborating entity/ies may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating Eligible Applicant, a system partner, or any organization actively participating in the Key Action.
4. Provide the target date for milestones and completion of the Key Action.
5. Provide a clear metric for how success of the Key Action will be measured.
6. Identify the funding source(s) for the Key Action.
 - Note: At a minimum, all funding sources listed in Section IV.A.3.b.ii. of the HHAP 6 NOFA, excluding any that are unavailable to the region within the grant term (FY24/25-FY28/29), must be identified as funding sources for at least one Key Action within the System Performance Measures Improvement Plan.
7. Describe how the funding source(s) will contribute to the achievement of the Key Action.
 - Note: For HHAP 6-funded Key Actions, include the eligible use category or categories as applicable.
8. Describe how the Key Action will address system performance disparities and ensure racial and gender equity in at least one of the following areas: Service Delivery, Housing Placements, Housing Retention, Changes to procurement, or other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services.

Available Funding Sources in the Region

If applicable, list any funding sources mentioned in [Section IV.A.3.b.ii. of the HHAP 6 NOFA](#) that are not available in the region within the grant term (FY24/25-FY28/29).

Available Funding Sources NOT within the Region Narrative

Funds from the following sources mentioned in Section IV.A.3.b.ii of the HHAP-6 NOFA are not available in the region within the grant term: Multifamily Housing Program, Housing for a Healthy California Program, National Housing Trust Fund, HOME Investment Partnerships Act.

Key Actions to Improve the Region's CA SPMs

Guidance:

Please note that all Key Actions are numbered to ensure Key Actions may be easily referenced in later

parts of the regional application. Applicants can refer to the # provided. E.g., Key Action 1, Key Action 2, etc.

Key Actions

Key Action 1

Description

Sustain Rapid Rehousing and Deposit Assistance Programs

Support and sustain existing programs that provide rental assistance and/or deposit assistance to assist people in obtaining and retaining permanent housing. Encourage the inclusion of ongoing Housing Case Management to promote stability in housing, and encourage expanding eligibility to include households in need of Housing Case Management only (e.g., households with Housing Choice Vouchers, households with their own financial resources, etc.)

Identify which CA SPM(s) will be improved by Key Action 1 and how.

SPM Improvement Plan for Key Action 1

CA SPM	Specific description of how Key Action 1 will improve this CA SPM
CA SPM 3	Assistance with initial housing costs makes it possible for households experiencing homelessness to obtain permanent housing.

Clear metric for how success of Key Action 1 will be measured

The goal to assist at least 250 households obtain permanent housing will be measured by ongoing monitoring of HMIS Data Element 3.20 Housing Move-in Date for heads of household.

Lead Entity for Key Action 1

Tehama County CoC

Collaborating entity/ies for Key Action 1

Key Actions to Improve the Region's CA SPMs - Milestone Dates for Key Action 1

Milestones for Key Action 1	Target dates for Key Action 1 milestones
Successfully assist at least 250 households in obtaining permanent housing	6/30/2028

Target date for completing Key Action 1

6/30/2029

Funding Sources for Key Action 1

Funding Sources for Key Action 1

Funding source	Description of how the funding	For HHAP 6-funded Key
----------------	--------------------------------	-----------------------

	will contribute to the achievement of Key Action 1	Actions only: Eligible use category to fund this Key Action.
HHAP 5	Funding will be used to support direct financial assistance to participant households and staffing operations costs to provide Housing Case Management.	
HHAP 6	Funding will be used to support direct financial assistance to participant households and staffing operations costs to provide Housing Case Management.	Rapid Rehousing/ Rental Subsidies
The California Emergency Solutions Grants Program	Funding will be used to support direct financial assistance to participant households and staffing operations costs to provide Housing Case Management.	
Medi-Cal program	CalAIM funding will be used to support direct financial assistance to participant households and staffing operations costs to provide Housing Case Management.	
HHAP 6	Progress towards goal(s) will be measured through use of HMIS data. Funding will contribute to support of HMIS system administration, user training, and data quality monitoring activities.	HMIS
The California Emergency Solutions Grants Program	ESG HMIS funds will also be used to support HMIS system administration, user training, and data quality monitoring activities.	
BHBH	HMIS activities are also supported by funds made available through the Behavioral Health Bridge Housing program.	
ERF	HMIS activities are also supported by funds made available through the Encampment Resolution Fund,	

Round 3-R program.

Medi-Cal program

HMIS activities are also supported by HHIP funds.

Identify which of the following equity improvement areas will be addressed by Key Action 1.

Equity Areas for Key Action 1

Equity area	Description of how Key Action 1 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	The recent expansion of Day Shelter services in South County includes on-location Case Management provided by PATH, who is also the county's largest RRH provider. This expansion has increased access to RRH for individuals experiencing homelessness in historically underserved South County, which is also home to the county's largest proportion of Hispanic/Latino people, including monolingual Spanish-speaking households.
Changes to procurement	Tehama CoC has recently integrated Language Access Plan requirements into subgrantee contracts and actively encourages providers to recruit and hire bi-lingual (Spanish/English) staff.

Key Action 2

Description

Develop and Maintain Homelessness Prevention Programs

Expand existing Rental Assistance programs to include assisting individuals and families at risk of experiencing homelessness with financial assistance with rental arrears, current rent and 1-2 months of rent moving forward to prevent entries into homelessness.

Identify which CA SPM(s) will be improved by Key Action 2 and how.

SPM Improvement Plan for Key Action 2

CA SPM	Specific description of how Key Action 2 will improve this CA SPM
CA SPM 2	People at risk of becoming homeless for the first time will be prevented from becoming homeless through assistance with retaining their housing or relocating to a more appropriate unit.
CA SPM 5	People at risk of becoming homeless after having exited to housing will be prevented from becoming homeless again through assistance with retaining their housing or relocating to a more appropriate unit.

Clear metric for how success of Key Action 2 will be measured

The goal to prevent at least households from entering homelessness will be measured by ongoing monitoring of HMIS Data Element W5 Housing Assessment at Exit, with response of 1/"Able to maintain the housing they had at project entry" or 2/"Moved to new housing unit" for Heads of households denoting success.

-------------	---

disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)

Changes to procurement Tehama CoC has recently integrated Language Access Plan requirements into subgrantee contracts and actively encourages providers to recruit and hire bi-lingual (Spanish/English) staff.

Other means of affirming racial and ethnic groups that are overrepresented among residents experiencing homelessness have equitable access to housing and services. Analysis of publicly available data and anecdotal reports from people within local Hispanic/Latino communities suggests that underrepresentation of Hispanic/Latino people in the local unsheltered population is likely due, at least in part, to culturally-specific protective factors that prevent unsheltered homelessness but at the same time often result in severe overcrowding in housing units. Assisting households within this community retain their housing or, where overcrowding meets the risk definition of category 1(iii)(3) of the definition of “at risk of homelessness” in 24 CFR 578.3, assisting at risk households with obtaining appropriate housing will provide a solution to overcrowding that threatens the health and safety of extended families in this community.

Key Action 3

Description

Build New Affordable/Permanent Supportive Housing

Two affordable housing projects, both of which include NPLH PSH units as well as either traditional affordable housing units or affordable housing units for special needs populations, are currently in planning/development phases in Tehama County. Combined, these projects will add more than 80 units of housing affordable to and/or dedicated to people experiencing or at risk of homelessness.

Identify which CA SPM(s) will be improved by Key Action 3 and how.

SPM Improvement Plan for Key Action 3

CA SPM	Specific description of how Key Action 3 will improve this CA SPM
CA SPM 3	Increasing the availability of affordable housing in Tehama County, and in particular, units dedicated to people experiencing homelessness, will allow more people to exit homelessness into permanent housing.

Clear metric for how success of Key Action 3 will be measured

Overall success will be measured primarily through observation; outcomes for tenants in at least 26 units that will utilize CES will be tracked in HMIS/CES.

Funding Sources for Key Action 3

Funding Sources for Key Action 3

Funding source	Description of how the funding will contribute to the achievement of Key Action 3	For HHAP 6-funded Key Actions only: Eligible use category to fund this Key Action.
The No Place Like Home Program	NPLH funds secured to support development of PSH units	
The Homekey Program	Homekey+ application has been submitted to support development of units for people	
LIHTC	Federal Low Income Housing Tax Credits have been awarded to incentivize investments in low income affordable units	
ERF	ERF-3-R funds have been allocated to support ongoing supportive services for units to be developed with support from Homekey+ funds	
AHSC	Affordable Housing & Sustainable Communities (AHSC) have been secured by the developer of the largest of the two projects to support development costs.	
HHAP 6	Progress towards goal(s) will be measured through use of HMIS data. Funding will contribute to support of HMIS system administration, user training, and data quality monitoring activities.	HMIS
The California Emergency Solutions Grants Program	ESG HMIS funds will also be used to support HMIS system administration, user training, and data quality monitoring activities.	

ERF

HMIS activities are also supported by funds made available through the Encampment Resolution Fund, Round 3-R program.

Identify which of the following equity improvement areas will be addressed by Key Action 3.

Equity Areas for Key Action 3

Equity area	Description of how Key Action 3 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Housing Placements	Approximately 42% of the total combined units to be created through this Key Action will be developed using NPLH and/or Homekey+ funds and will serve people with serious mental health disorders and/or behavioral health challenges, a population that is both overrepresented in the local unsheltered population and underrepresented in successful exits to permanent housing from interim housing and rapid rehousing programs. The availability of these units will significantly increase access to permanent housing for this historically underserved population.

Key Action 4

Description

Sustain Supportive Services to Permanent Supportive Housing Tenants

Sustain the supportive services currently being provided at the County’s first-ever PSH project in Corning and the implementation of supportive services for PSH tenants at two new projects planned for development in Red Bluff.

Identify which CA SPM(s) will be improved by Key Action 4 and how.

SPM Improvement Plan for Key Action 4

CA SPM	Specific description of how Key Action 4 will improve this CA SPM
CA SPM 5	Providing supportive services to tenants in PSH will ensure that their needs are met and their barriers to housing retention can be addressed to increase the likelihood that they will retain their housing long-term.

Clear metric for how success of Key Action 4 will be measured

Success will be measured through tracking housing retention for PSH projects in HMIS and custom-built system-level HMIS reports that track individuals’ and households’ pathways through the homeless response system and internal records at TCHSA.

HHAP 1

HHAP-1 funds have been obligated to this activity as Operating reserves.

Building Homes and Jobs Act

Portions of PLHA funds allocated to Tehama County, City of Red Bluff and/or City of Tehama have been obligated locally for this use.

ERF

ERF-3-R funds awarded to Tehama CoC have been obligated for this use at one of the new Red Bluff projects.

HHAP 6

Progress towards goal(s) will be measured through use of HMIS data. Funding will contribute to support of HMIS system administration, user training, and data quality monitoring activities.

HMIS

The California Emergency Solutions Grants Program

ESG HMIS funds will also be used to support HMIS system administration, user training, and data quality monitoring activities.

Medi-Cal program

HMIS activities are also supported by HHIP funds.

Identify which of the following equity improvement areas will be addressed by Key Action 4.

Equity Areas for Key Action 4

Equity area	Description of how Key Action 4 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	The development of the County's first PSH project in South County, a location that has historically not had equitable access to community homeless services and is home to the county's largest proportions of Hispanic/Latino households and Spanish-speaking households, and sustaining the supportive services to PSH tenants in that project through this key action addresses long-standing disparities in equitable access to services. Additionally, TCHSA, provider of these supportive services, makes all services available in both Spanish and English.
Housing Placements	The existing 15 PSH units to be served through this Key Action were developed using MHTA/SNHP and NPLH funds and serve people disproportionately impacted by homelessness and serious mental health disorders. Likewise, 23 of the additional units to be developed and served through this Key Action will be developed using NPLH funds and serve the same population, members of which are both overrepresented in the local unsheltered population and underrepresented in successful exits to permanent housing in interim housing programs.

Key Action 5

Description

Support Dedicated Housing/Services for Indigenous/Native American Residents

Support the continued operation of newly-implemented housing program dedicated to serving tribal members in Tehama County.

Identify which CA SPM(s) will be improved by Key Action 5 and how.

SPM Improvement Plan for Key Action 5

CA SPM	Specific description of how Key Action 5 will improve this CA SPM
CA SPM 7.1b	The availability of culturally responsive housing services for tribal members in Tehama County will reduce the number of these individuals experiencing unsheltered homeless.
CA SPM 7.3	Providing housing services specifically designed to serve Indigenous/Native American residents will increase permanent housing placements for this population.

Clear metric for how success of Key Action 5 will be measured

Success in integration of program in CES will be measured through confirming establishment of necessary features in CES (CES users, requested assessment questions, Project Queue). Success in participation in Working Group will be measured through meeting documentation (sign-in lists, meeting notes, etc.). Progress towards connections to community partners will be measured through reports from program staff.

Funding source	Description of how the funding will contribute to the achievement of Key Action 5	For HHAP 6-funded Key Actions only: Eligible use category to fund this Key Action.
Housing and Disability Advocacy Program	Tribal-specific funding dedicated to and specifically designed for use by tribal communities, as awarded and managed by Greenville Rancheria, will support implantation of program designs that meet the unique needs of the population being served.	

Identify which of the following equity improvement areas will be addressed by Key Action 5.

Equity Areas for Key Action 5

Equity area	Description of how Key Action 5 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	The Key Action will improve access to housing and services for Indigenous and Native American individuals experiencing homelessness, which have historically been over-represented in the community's unsheltered population and significantly under-represented in the population of people accessing services.

Key Action 6

Description

Sustain Emergency Shelter Operations

Support continued operation of shelters operating in Tehama County that provide access to temporary beds and supportive services, including connections to permanent housing. There are two existing emergency shelters operating within the county – Overnight Shelter (ONS) at PATH Plaza Navigation Center and the Empower Tehama Domestic Violence Emergency Shelter.

Identify which CA SPM(s) will be improved by Key Action 6 and how.

SPM Improvement Plan for Key Action 6

CA SPM	Specific description of how Key Action 6 will improve this CA SPM
CA SPM 1a	Availability of adequate shelter space makes it possible for more individuals experiencing homelessness to access services.
CA SPM 1b	Shelter is an effective, albeit temporary, way for a person to go from unsheltered to sheltered/housed, thereby reducing the number of people experiencing unsheltered homelessness.

Clear metric for how success of Key Action 6 will be measured

Success and progress towards number of individuals served and bed utilization goals will be tracked through both HMIS records and aggregate reports from Empower Tehama's HMIS-comparable databased for DV survivors.

ESG HMIS funds will also be used to support HMIS system administration, user training, and data quality monitoring activities.

Medi-Cal program

HMIS activities are also supported by HHIP funds.

Identify which of the following equity improvement areas will be addressed by Key Action 6.

Equity Areas for Key Action 6

Equity area	Description of how Key Action 6 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
-------------	---

Service Delivery

The shelters to be sustained through this Key Action have approved Language Access Plans (LAPs), a requirement of subcontracting with Tehama CoC and Tehama County, among other funders. Both make forms and other program literature available in both English and Spanish and actively recruit bi-lingual staff to ensure that Spanish-speaking participants have access to in-language services. LAPs standards also require organizations to utilize approved methods for ensuring that participants who speak other languages can participate meaningfully in services, such as maintaining access contracts with live-interpretation language phone/video services.

Key Action 7

Description

Sustain and Expand Transitional/Interim Housing Programs

Sustain operations of existing Transitional Housing projects and expand capacity through the addition of shared housing and/or tiny home units. PATH currently operates Transitional/Interim housing through 5 shared houses and plans to expand bed capacity through placement of manufactured/tiny homes. Empower Tehama currently provides Transitional Housing to survivors of domestic violence through use of two duplex units in a secure, gated location.

Identify which CA SPM(s) will be improved by Key Action 7 and how.

SPM Improvement Plan for Key Action 7

CA SPM	Specific description of how Key Action 7 will improve this CA SPM
CA SPM 1b	Transitional/interim housing can be accessed by people experiencing unsheltered homelessness rapidly through Street Outreach, Day Shelter or Overnight Shelter, and/or CES which results in fewer individuals experiencing unsheltered homelessness.
CA SPM 3	The support provided through Case Management and having a safe, temporary place to stay while in Transitional/Interim housing provides participants with the support and peace of mind they need to stabilize, address barriers, and search for permanent

housing.

Clear metric for how success of Key Action 7 will be measured

Success in increasing transitional/interim housing bed capacity will be measured through observation and changes to HMIS Bed Inventories. Success will be measured by ongoing monitoring of HMIS utilization/vacancy rates.

BHBH	HMIS activities are also supported by funds made available through the Behavioral Health Bridge Housing program.
CoC Program	Support for the Transitional Housing for DV survivors is supported by funding through CoC Program TH/RRH.
VOCA	Support for the Transitional Housing for DV survivors is supported by funding through VOCA funds available through Cal OES.
OVW	Support for the Transitional Housing for DV survivors is supported by funding through OVW Transitional Housing funds through a competitive grant through the Office on Violence Against Women.

Identify which of the following equity improvement areas will be addressed by Key Action 7.

Equity Areas for Key Action 7

Equity area	Description of how Key Action 7 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	Expansion of transitional/interim housing options to include individual units (microshelters/tiny homes) will provide options that will meet the needs of people who have historically been unwilling to accept shelter and/or transitional housing placements in shared houses due to anxiety and/or other behavioral health barriers that make communal living unsuitable for them.

Key Action 8

Description

Sustain Interim Housing Programs for Unaccompanied Homeless Youth

Sustain recently implemented project that provides interim housing to unaccompanied homeless youth aged 18-24 for enrollments of up to 12 months, with ongoing Housing Case Management focusing on connecting to permanent housing.

Identify which CA SPM(s) will be improved by Key Action 8 and how.

SPM Improvement Plan for Key Action 8

CA SPM	Specific description of how Key Action 8 will improve this CA SPM
CA SPM 1b	Transitional/interim housing can be accessed by youth experiencing unsheltered homelessness rapidly through Street Outreach, Day Shelter or Overnight Shelter, and/or CES which results in fewer individuals experiencing unsheltered homelessness.
CA SPM 3	Interim housing provides youth with a supported housing environment while they stabilize, learn life skills, and address barriers to obtaining housing. Ongoing Housing Case Management is designed to promote transitions to permanent housing.

Clear metric for how success of Key Action 8 will be measured

Success will be measured by ongoing monitoring of HMIS Program Enrollments and HMIS Data Element 3.12 Destination for exiting participants.

Equity Areas for Key Action 8

Equity area	Description of how Key Action 8 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	This project exclusively serves unaccompanied homeless youth, a subpopulation that has historically not had access to local subpopulation-specific services, except where a youth was also a former foster youth. Sustaining and supporting this project will ensure that this historically underserved group has access to services specifically tailored to their unique needs.

Key Action 9

Description

Sustain and Expand Day Shelter Services in North and South County

Day Shelter services are provided 7 days a week in Red Bluff at the PATH Plaza Navigation Center and include providing a safe place for people experiencing homelessness to access case management and resource navigation services, meals, a clothing closet, mail services, pet food and pet vaccinations, laundry, showers and hygiene supplies, and transportation to appointments and outside services. These services are co-located on-site with PATH's Overnight Shelter (ONS) services, but are available to people experiencing homelessness regardless of whether they are enrolled in ONS.

Day Shelter services are provided in Corning at First Christian Church of Corning (FCCC) and were expanded recently, through a partnership with PATH, to include all of the same services available in Red Bluff.

Identify which CA SPM(s) will be improved by Key Action 9 and how.

SPM Improvement Plan for Key Action 9

CA SPM	Specific description of how Key Action 9 will improve this CA SPM
CA SPM 1a	In addition to providing life-sustaining basic needs services, Day Shelter services have proven to be an effective, low-barrier gateway to interim and/or permanent housing services for both people actively seeking housing services and people experiencing unsheltered homelessness who have historically been hesitant to seek out or accept housing services.
CA SPM 3	Day Shelters serve as both a gateway to permanent housing services and a convenient checkpoint for people seeking or considering participation in permanent housing services to maintain ongoing contact with case managers, access CES assessments, and even work on “low stakes” case plan goals (e.g., obtaining identification documents, connecting to healthcare, public benefits, and/or employment services, etc.) that build participant self-confidence and promote forward momentum, in addition to laying practical foundations towards obtaining permanent housing. Since implementing Day Shelter services, provider PATH has successfully assisted a number of chronically homeless individuals who had all but accepted that unsheltered homelessness was their only option obtain permanent housing that meets their preferences and needs.

Clear metric for how success of Key Action 9 will be measured

Counts of people served at Day Shelters will be tracked in HMIS through Day Shelter Program Enrollments and custom-built “Check-in” modules within the same platform. Successful connections to permanent housing will be tracked through custom-built, system-level reports in HMIS that track individuals’ and households’ pathways through the local homeless response system.

The California Emergency Solutions Grants Program	ESG HMIS funds will also be used to support HMIS system administration, user training, and data quality monitoring activities.	
BHBH	HMIS activities and certain one-time expenses related to PATH	

Plaza operations are also supported by funds made available through the Behavioral Health Bridge Housing program.

Identify which of the following equity improvement areas will be addressed by Key Action 9.

Equity Areas for Key Action 9

Equity area	Description of how Key Action 9 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	The key action will address system performance disparities by making services available in South County, a location that has historically not had equitable access to community homeless services. South County is also home to the county's largest proportions of Hispanic/Latino households and Spanish-speaking households.

Key Action 10

Description

Sustain Street Outreach Services, including Recent Integration of Case Management

Street Outreach services are provided throughout the county to protect the health and safety of unsheltered individuals, to connect them to housing and mainstream services, and to foster relationships crucial to developing the trust many need in order to accept additional services. Street Outreach teams and advocates meet unsheltered people where they're at and provide basic needs items like water, individually-packaged food items, hygiene supplies, and more. The PATH Street Outreach Services (SOS) also provides haul-away of garbage bagged by encampment residents. Through recent implementation of Rural Indoor Objectives (RIO), an ERF project, provider SOS has expanded and enriched its outreach services by bringing case managers along to encampments and other unsheltered locations to establish relationships and case plans and to provide immediate connections to resources.

Identify which CA SPM(s) will be improved by Key Action 10 and how.

SPM Improvement Plan for Key Action 10

CA SPM	Specific description of how Key Action 10 will improve this CA SPM
CA SPM 1b	Successful placements from Street Outreach will reduce the number of people experiencing unsheltered homelessness.
CA SPM 6	Providing robust street outreach services promotes successful connections to interim and housing programs.

Clear metric for how success of Key Action 10 will be measured

Successful placements from Street Outreach will be tracked through review of Street Outreach Program Enrollment exits in HMIS and through custom-built system-level HMIS reports that track individuals' and households' pathways through the homeless response system.

Equity Areas for Key Action 11

Equity area	Description of how Key Action 11 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	The mobile nature and on-location service methods outreach provision make it possible for the HLO to build connections with populations overrepresented in the local unsheltered population but underrepresented in housing services, including shelter and interim housing. These populations include people who are Indigenous/Native American and people with serious mental health and/or substance use disorders.

Key Action 12

Description

Support and Promote Provider Participation in the Collaborative Re-entry Team

The Re-Entry Team is a multi-disciplinary team that meets monthly to case conference for individuals scheduled for release from Tehama County Jail. Representatives from several sectors, including housing, behavioral health, and probation, among others, collaborate to ensure that resources are in place for discharged individuals with significant service needs, including those who cannot return to the housing they had when they entered custody, those who were homeless upon entry and have no housing to which to discharge, and those whose housing situation is otherwise precarious.

Identify which CA SPM(s) will be improved by Key Action 12 and how.

SPM Improvement Plan for Key Action 12

CA SPM	Specific description of how Key Action 12 will improve this CA SPM
CA SPM 1b	Offering wraparound services, including housing services, to individuals being discharged whose previous housing is no longer available to them or who are at risk of losing their housing will prevent first-time homelessness for people exiting the jail.
CA SPM 2	Offering wraparound services, including housing services, to individuals being discharged who were homeless upon entry and have no housing to which to return will prevent these individuals from joining the unsheltered population upon release.

Clear metric for how success of Key Action 12 will be measured

Success will be measured through reports provided by PATH staff who participate in Re-Entry Team meetings and HMIS data. Outputs to be measured include the number of individuals scheduled for release from Tehama County Jail who were homeless upon entry that are provided with information on resources available to them upon release, tailored to meet their specific needs. Outcomes will be measured by 1) comparing the number of individuals provided with resource information with the number who connect with the suggested resources, as shown in HMIS records, and 2) comparing the number of individuals who connect with the suggested resources and the number of those individuals who access permanent housing.

Equity Areas for Key Action 12

Equity area	Description of how Key Action 12 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	This Key Action will address disparities in by ensuring that individuals from racially and ethnically marginalized communities—who are disproportionately impacted by both incarceration and homelessness—have early, coordinated access to housing and supportive services upon release.

Key Action 13

Description

Connect people experiencing and at risk of homelessness with Mainstream Services/Public Benefits

Facilitating connections to mainstream services and public benefits is an integrated component in Case Management services across all supported projects. Case Managers and other direct services staff are trained on and maintain up-to-date information on community resources and are available to assist participants in connecting to services and benefits.

Identify which CA SPM(s) will be improved by Key Action 13 and how.

SPM Improvement Plan for Key Action 13

CA SPM	Specific description of how Key Action 13 will improve this CA SPM
CA SPM 3	Access to mainstream services and public benefits are often crucial to a household’s stabilization and ability to access permanent housing. Connections to these resources are an important part of Housing Case Management, and as such increases the likelihood that a household will enter permanent housing.
CA SPM 5	Access to these supports are important to the continued ability of households who have exited homelessness to permanent housing to remain stable and retain their housing, reducing the likelihood that they will return to homelessness.

Clear metric for how success of Key Action 13 will be measured

Success on this key action will be measured through monitoring Entry and Exit HMIS Assessments Non-Cash Benefits sections for exiting participants.

Equity Areas for Key Action 13

Equity area	Description of how Key Action 13 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	Supporting multiple pathways to connections to mainstream benefits ensures that individuals from all backgrounds can gain access to these resources through the “door” that works best for them, and with the assistance of a case manager/advocate who understands their unique communication needs.

Key Action 14

Description

Convert Vehicle Assistance Pilot Program to Permanent Program

A pilot Vehicle Assistance Program was implemented in 2024 and has since assisted at least 18 households experiencing homelessness or recently placed in permanent housing with expenses associated with safe and legal operation of personal vehicles and trailers/RVs, including registrations, auto insurance, and other related costs to prevent participants from incurring charges and/or fines, protect participants’ vehicles from being towed/impounded, and make it possible for participants whose preference is to remain in their own RV/Trailer to be placed in available spaces in established RV/Trailer Parks.

Identify which CA SPM(s) will be improved by Key Action 14 and how.

SPM Improvement Plan for Key Action 14

CA SPM	Specific description of how Key Action 14 will improve this CA SPM
CA SPM 1b	Where participants whose preference is to remain in their own RVs/Trailers can be placed in available spaces in established RV/Trailer Parks, these participants can exit unsheltered homelessness.
CA SPM 5	Continued, legal access to a personal vehicle for transportation to work, school, shopping, etc. is a supportive factor for the ability of recently-housed individuals and households, increasing the likelihood that they can retain their housing.
CA SPM 3	In our rural area, where public transportation is limited, access to reliable transportation is often important to an individual’s or household’s ability to gain and retain employment and search for housing. Providing participants with assistance with costs associated with retaining the vehicles, into which they have already invested their own resources, is a relatively cost-efficient intervention that increases the likelihood that they will be able to obtain permanent housing.

Clear metric for how success of Key Action 14 will be measured

Success will be measured through analysis of HMIS outcomes in conjunction with records entered into the same platform using a custom-built module for recording vehicle assistance.

Description

Sustain Collaborative Working Groups on Priority Areas Identified in the Update to the 10-Year Plan to End Homelessness:

Priority Area 1: Permanent Housing

Priority Area 2: Health & Human Services

Priority Area 3: Barriers to Accessing Services

Priority Area 4: Unique Community Needs (South County)

Working groups meet monthly to maintain momentum towards meeting 5- and 10-year goals set in the 2024 Update to the 10-Year Plan to End Homelessness.

Identify which CA SPM(s) will be improved by Key Action 16 and how.

SPM Improvement Plan for Key Action 16

CA SPM	Specific description of how Key Action 16 will improve this CA SPM
CA SPM 1a	The work of these groups results in improvements to services, improved access to services, increasing the likelihood that more people experiencing or at risk of homelessness will access services.
CA SPM 3	The work of the Permanent Housing Working Group contributes to increasing the availability of affordable/permanent supportive housing, which increases opportunities for people experiencing homelessness to access permanent housing and for people at risk of homelessness to access housing that is affordable for them.

Clear metric for how success of Key Action 16 will be measured

Success will be measured through tracking progress towards 5- and 10-year goals identified for each Priority Area in the Update to the 10-Year Plan (each Working Group corresponds to a Priority Area). Indirect impact on SMP measures will be evaluated through reviewing, in context with other potential influences, of annual Calendar Year CA SPM Data received from HDIS.

Funding Sources for Key Action 16

Funding Sources for Key Action 16

Funding source	Description of how the funding will contribute to the achievement of Key Action 16	For HHAP 6-funded Key Actions only: Eligible use category to fund this Key Action.
HHAP 4	HHAP-4 Systems Support funds support CoC staff participation in this activity.	
HHAP 5	HHAP-5 Systems Support and Administrative Costs funds support CoC staff participation in this activity.	
HHAP 6	HHAP-6 Administrative Costs funds support CoC staff participation in this activity.	Administrative Costs
CoC Planning Funds	CoC Program (CoC Planning) funds also provide some support for CoC staff participation in this activity.	
Partner Agencies	Participation of community partner agencies is supported by a variety of sources.	

Identify which of the following equity improvement areas will be addressed by Key Action 16.

Equity Areas for Key Action 16

Equity area	Description of how Key Action 16 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	Collaboration between multiple community partners across multiple sectors will ensure that best practices are shared and implemented, including best

practices for ensuring equity in service delivery.

Key Action 17

Description

Support Networking Opportunities for Direct Services Staff

Regularly held, semi-formal convenings attended by direct services staff from homeless response, housing, healthcare, education, and other intersecting human service areas that offer staff opportunities to make person-to-person connections that they then leverage to facilitate meaningful referrals, warm hand-offs, and collaborative case management services for the people experiencing or at risk of homelessness they serve.

Identify which CA SPM(s) will be improved by Key Action 17 and how.

SPM Improvement Plan for Key Action 17

CA SPM	Specific description of how Key Action 17 will improve this CA SPM
CA SPM 4	Networking between direct services staff, and particularly between Case Managers/Case Coordinators in our region has been proven a more effective method of educating direct services staff on the services available outside of their own organizations than providing resource lists or even formal trainings.

Clear metric for how success of Key Action 17 will be measured

Success will be measured through feedback and reports on successful case collaborations from participating partners.

Key Action 18

Description

Create Working Group with a Focus on Providing Culturally Responsive Services for Indigenous/Native American Residents

Identify and engage with members of local tribes and people who are Indigenous/Native American, particularly those with lived experience of homelessness and/or housing insecurity to support the development of a working group to inform improvements to housing and homeless response services to better serve Indigenous/Native American individuals, who are significantly overrepresented in Tehama County's unsheltered population when compared to the overall county population yet underrepresented in the population of people accessing services.

Identify which CA SPM(s) will be improved by Key Action 18 and how.

SPM Improvement Plan for Key Action 18

CA SPM	Specific description of how Key Action 18 will improve this CA SPM
CA SPM 7.1a	Improvements to housing and homeless response services to better serve Indigenous/Native American people experiencing or at risk of homelessness will result in more Indigenous/Native American individuals experiencing or at risk of homelessness to engage in services.
CA SPM 7.3	Improvements to services that connect to and/or provide permanent housing to better serve Indigenous/Native American people experiencing or at risk of homelessness will result in more Indigenous/Native American individuals engaging in services and will improve outcomes for Indigenous/Native American individuals in these services.

Clear metric for how success of Key Action 18 will be measured

Success will be measured through feedback and reports on successful case collaborations from participating partners.

Equity area	Description of how Key Action 18 will address system performance disparities and ensure racial and gender equity in this area (choose one at a minimum, or more)
Service Delivery	The Key Action will improve access to housing and services for Indigenous and Native American individuals experiencing homelessness, which have historically been over-represented in the community's unsheltered population.

Section 4. HHAP 6 Funding Plan

4. HHAP-6 Funding Plan

State Priorities for HHAP 6 Funding: HHAP 6 is intended to reflect the state's priorities to prevent and expeditiously reduce unsheltered homelessness through homelessness prevention activities and sustain existing Interim Housing Solutions, and Permanent Housing Solutions, including long-term sustainability of interim housing and permanent affordable housing.

To complete the HHAP 6 Funding Plan:

1. Identify the Administrative Entity submitting the budget.
 - Provide the Tax ID/TIN, primary contact for the contract, contact email, contact phone, and address for where the HHAP 6 check will be mailed.
 - Provide the total dollar amount of the HHAP 6 allocation(s) being administered under the Funding Plan.
 - **Reminder: This must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.**
2. Describe all activities proposed to be funded by HHAP 6 in clear, specific terms, and:

- Identify the HHAP 6 eligible use category under which each proposed activity is budgeted. Activities must be specific and may only be categorized under one eligible use category. Activities may not be categorized under multiple eligible use categories (including activities under the Youth Set Aside).
- Provide the total dollar amount of HHAP 6 funding proposed for the activity.
 - **Reminder: Administrative costs may not exceed 7% of all monies received.**
 - **Reminder: The Youth Set Aside (YSA) amounts, when combined, must total at least 10% of all monies received.**
- Identify which System Performance Measure Improvement Plan Key Action(s) the activity supports.
- **The total HHAP 6 funding proposed for the activity** should account for all dollars budgeted toward that activity. These amounts, when added, must account for 100 percent of the HHAP 6 Allocation(s) the Administrative Entity will be responsible for administering.

3. Indicate whether the budget proposes to support ANY:

- New Interim Housing (aside from those designated in the Youth Set Aside) and/or
- Non-Housing Solutions.

Note: If the HHAP 6 budget proposes spending on New Interim Housing and/or Non-Housing Solutions, the region must document the sustainability of its permanent housing portfolio, as outlined in NOFA section IV.A.4.c, in the next section of this application.

Does this budget propose to fund any New Interim Housing Solutions, aside from those designated in the Youth Set Aside?

No

Does this budget propose to fund any Non-housing Solutions?

No

Section 4.b-d. Housing Portfolio

Housing Portfolio

Funding Priority Considerations: Documenting Sustainability of the Region's Interim and Permanent Housing Portfolios

Steps to complete this section:

To complete 4.b. Sustainability of the Region's Interim Housing Portfolio:

1. Identify the total existing Interim Housing shelters and beds (beds) in the region.
2. If proposing to use HHAP 6 to fund New Interim Housing solutions, aside from those designated for the Youth Set Aside, Eligible Applicants must identify the total beds proposed to be added during the grant term (FY24/25-28/29) in the region and are required to complete 4c, the Sustainability of the Region's Permanent Housing Portfolio.
3. Identify the total estimated capital and operating costs for the beds (existing and, if applicable, proposed to be added) during the grant term.
4. Identify the funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for the beds in the region for the grant term.

To complete 4.c. Sustainability of the Region's Permanent Housing Portfolio:

Required if any regional partner is proposing to spend HHAP 6 funding on New Interim Housing solutions (aside from those designated for the Youth Set Aside) and/or Non-Housing Solutions.

For the region's existing, at-risk, and proposed permanent affordable housing identify all the following:

1. The total (existing, at-risk, and proposed) permanent affordable housing developments and units (developments) in the region. Data for existing and at-risk developments can be provided by HCD upon request.

Note: Developments proposed includes those currently seeking permanent housing funding or operations support in the region which still have a financing or supportive services and operations funding gap.

2. The total estimated capital and operating costs for (existing, at-risk, and proposed) developments during the grant term.
3. The funding sources (including amounts) that will realize and sustain the estimated capital and operating costs for (existing, at-risk, and proposed) developments in the region for the grant term.

To complete 4.d. Documentation of Youth Set Aside Requirement:

1. Certify that the region has budgeted at least 10 percent of each HHAP 6 allocation to be spent on services for homeless youth (as defined in HSC 50216(l)).

4.b. Sustainability of the Region's Interim Housing Portfolio

Region's Interim Housing Portfolio

Number of Existing Interim Beds (beds) within the Region

145

(If Applicable) Number of Interim Beds Proposed to be added within the grant term (FY24/25-28/29)

24

Total Estimated Capital and Operating Cost for the Existing and Proposed Beds during the grant term

\$9,700,000.00

Funding Sources Realizing and Sustaining the Estimated Capital and Operating Costs for Beds in the Region within the Grant Term (FY24/25-FY28/29)

Funding Source	Amount Dedicated
ESG (assumes continued funding; projected based on HCD estimates for 2025, 2026, 2027)	\$1,600,000.00
HHAP (estimate, assumes continued funding)	\$4,500,000.00

ERF-3-R (expenditure period through 4/18/2028)	\$1,800,000.00
DV Funding (VOCA/OVW/DVAP)	\$1,800,000.00

Total Amount Dedicated Interim
\$9,700,000.00

Optional: Narrative Response of the Region's Plan to Sustain Interim Housing

4.d. Documentation of Youth Set Aside Requirement

By checking the box below, I certify that at least 10 percent of each HHAP 6 allocation is set-aside for youth (defined in HSC 50216(l)), as required by HSC 50241(e).

I certify under penalty of perjury that all of the information in the above section is true and accurate to the best of my knowledge.

Yes

Section 5. Regional Memorandum of Understanding (MOU) and Application Certification

5. MOU and Certification
