1. Homelessness Response System Gaps Assessment

When determining local funding priorities, it is critical to understand the current gaps in the local homelessness response system. Each community faces unique challenges in reducing and ending homelessness, so an assessment of current resources and understanding the needs yet to be fulfilled is critical to ensuring the effective and efficient use of new resources. This can be done in various ways and can include conducting a community needs assessment, holding local public forums, talking with service providers and people experiencing homelessness, and utilizing https://doi.org/10.1001/jub/homelessness and utilizing https://doi.org/10.1001/jub/homelessnessness and utilizing <a href="https://doi.org/10.1001/jub/homel

To successfully complete this section of the application, applicants will need to provide the following:

- A narrative description of the most recent assessment process used to determine local gaps in housing services for persons experiencing homelessness in the applicant's community. Information should include but is not limited to:
 - a. How data collection methods were used to determine gaps (ie: HUD's homeless Point-in-Time count, Continuum of Care Housing Inventory Count, Longitudinal Systems Analysis, and Stella tools, HMIS Annual Performance Reports for Emergency Shelter (ES), Transitional Housing (TH), Rapid Rehousing (RRH), and Permanent Supportive Housing (PSH), as well as any recently conducted local needs assessments);

Homelessness Response System Gaps Question 1a - Begin Answer The applicant completed a countywide homeless strategic plan in late 2019, which included an environmental scan. In addition to dozens of stakeholder interviews, quantitative data included:

- 1) Annual Point-In-Time Count (PIT Count) of persons experiencing homelessness;
- 2) Kings/Tulare Homeless Alliance's Homeless Management Information System (HMIS);
- 3) System Performance Measures; and
- 4) Kings/Tulare Coordinated Entry System.

Homelessness Response System Gaps Question 1a - End Answer

b. How people with lived experience of homelessness had ongoing meaningful and purposeful opportunities to participate in and inform the most recent gaps assessment and how they have meaningful opportunities to inform all levels of system planning over time:

Homelessness Response System Gaps Question 1b - Begin Answer Part of the qualitative analysis includes data from persons currently or formerly experiencing homelessness through in-person focus aroups.

Homelessness Response System Gaps Question 1b - End Answer

c. How organizations that have historically served communities of color but may not have previously participated formally in the CoC and may not be a part of the homelessness provider community had meaningful and purposeful opportunities to participate in and inform the most recent gaps assessment and how they will be engaged in system planning over time;

Homelessness Response System Gaps Question 1c - Begin Answer
The qualitative analysis includes data from:

- 1) A stakeholder interview process, done with various organizations that have historically served communities of color across the bi-county region, resulting in dozens responses from homeless services/housing providers, public housing authorities, community-based organizations, faith-based organizations, county agencies, city agencies, healthcare/hospitals, public transit, and persons currently or formerly experiencing homelessness within the CoC;
- 2) In-person focus groups (small, facilitated group conversations with different sets of stakeholders identified as priorities to invite to provide feedback):
 - a) Homeless housing and service providers
 - b) Persons with lived experience of homelessness
- 3) A community survey with 650 responses including feedback from those with lived experience and community leaders Homelessness Response System Gaps Question 1c End Answer
- d. How gaps were assessed for special populations such as families, youth, victims of domestic violence, seniors, persons who have been convicted of a crime, persons with a disability, persons who are chronically homeless, persons with HIV/AIDS, persons who are LGBTQ, veterans, persons with limited English proficiency, and persons who are undocumented;

Homelessness Response System Gaps Question 1d - Begin Answer The strategic plans provide a review and evaluation of the current landscape of homelessness, including local needs and the solutions and crucial work already underway to respond to the homelessness crisis. By reviewing data and feedback from stakeholders across the community, this report identifies key gaps in coordination, resources,

and alignment, as well as new strategies, opportunities, and next steps that will meaningfully address homelessness in the bi-county region for:

- 1) Older adults experiencing homelessness
- 2) Youth or young adults
- 3) Special subpopulations including persons of color, non-English speakers and persons identifying as LGBTQ+

Homelessness Response System Gaps Question 1d - End Answer

e. How racial or ethnic disparities in the delivery of homeless services were assessed;

Homelessness Response System Gaps Question 1e - Begin Answer Both plans provide a review and evaluation of the current landscape of homelessness, including local needs and the solutions and crucial work already underway to respond to the homelessness crisis. By reviewing data and feedback from stakeholders across the community, the reports identify key gaps in coordination, resources, and alignment, as well as new strategies, opportunities, and next steps that will meaningfully address homelessness and evaluate racial or ethnic disparities. The plan calls for regular evaluation of racial disparities, including in numbers receiving Coordinated Entry Assessments, those matched to housing programs, and those retaining housing.

Homelessness Response System Gaps Question 1e - End Answer

f. How frequently gaps assessments are conducted;

Homelessness Response System Gaps Question 1f - Begin Answer The two homeless plans were our first formal gaps assessment of the bi-county region. We plan on reviewing system gaps on an annual basis.

Homelessness Response System Gaps Question 1f - End Answer

g. How findings are used to make informed decisions for funding projects within the community; and

Homelessness Response System Gaps Question 1g - Begin Answer Findings from surveys like the PIT count are evaluated to provide the opportunity for self-assessment and improvement of resource delivery. We also use HUD's Stella platform to analyze key performance indicators such as the racial composition for length of time homeless, placement in permanent housing, and recidivism. This information is used to determine systemwide and/or program level disparities for all subpopulations. For example, acknowledging the existence of racial disparities in the community, the applicant

along with the CoC give bonus points for applicants of local funding opportunities to complete racial equity impact assessments of projects.

Homelessness Response System Gaps Question 1g - End Answer

h. How the applicant will conduct ongoing system performance evaluation to ensure the impact of HHAP-2 funds throughout the spending period and determine if adjustments are needed to address gaps in the homelessness response system.

Homelessness Response System Gaps Question 1h - Begin Answer The CoC leverages the Homeless Management Information System (HMIS) system to produce an unduplicated count of homeless persons, understand patterns of service use, and measure the effectiveness of homeless programs. We also require monthly expenditure reports and quarterly project reports to monitor subrecipient performance.

Homelessness Response System Gaps Question 1h - End Answer

- 2. The most recent gaps assessment that was conducted and the date in which it was completed. Reports can be attached, but all applicants must summarize main findings within this section. Reports submitted without a summary will not be accepted. Summaries must include, but are not limited to:
 - a. Current number of people experiencing homelessness in the community including demographic information, and the existing programs and funding which address homelessness within the jurisdiction;

Homelessness Response System Gaps Question 2a - Begin Answer According to the 2019 Point in Time Count, there were 1,064 people experiencing homelessness in Kings and Tulare Counties. A majority (775) were sleeping in unsheltered locations and 289 were sheltered. There were 70 veterans (7%), 737 (75%) with a disabling condition, and 531 (29%) chronically homeless. Most experiencing homelessness were households without children (867), while 41 households had children.

There are 234 emergency shelter beds, 188 transitional housing beds, and 373 permanent housing beds. It is important to note that many beds are subpopulation specific (e.g. veterans, domestic violence, mental health, etc.).

Funding used to address homelessness in the region include HUD (CoC Program, Mainstream Voucher, FYI, VASH, SSVF, Section 8), State of California (HDAP, HSP, BFH, FYI, MHSA,), program income, and philanthropic support.

Homelessness Response System Gaps Question 2a - End Answer

b. Data and qualitative information showing any gaps or disparities in access to services, delivery of services, and housing placement and housing retention outcomes for special populations such as families, victims of domestic violence, seniors, youth and young adults, persons who have been convicted of a crime, persons with a disability, persons who are chronically homeless, persons with HIV/AIDS, persons who are LGBTQ, veterans, persons with limited English proficiency, and persons who are undocumented;

Homelessness Response System Gaps Question 2b - Begin Answer Tulare County:

Many of those living without shelter are the community's most vulnerable residents. Over 83% of homeless veterans, 86% of older adults 55 years and older, and 89% of homeless adults with disabilities are unsheltered. As a result, many of those who most need treatment, care and support are living without shelter, often in remote locations or encampments, disconnected from services. Consistent with national patterns, the homeless population in Tulare County is rapidly aging. The number of people experiencing homelessness in 2019 who were at least 55 years old (159 people) has almost doubled since 2015 (85 people). Adults age 55 or older now account for 1 out of every 5 individuals who are homeless, and this number is expected to continue to increase, due in part to the high costs of housing and health care that are increasingly unaffordable.

The burden of homelessness disproportionately impacts certain people of color in Tulare County. While 88% of Tulare County's population is white, only 77% of the people experiencing homelessness are white. Yet, while only 2% of the Tulare County population are Black, Black people experiencing homelessness comprise 8% of the overall homeless population. In contrast, while 65% of Tulare County residents identify as Hispanic/Latino, this group makes up only 42% of the homeless population. Kings County:

The PIT Count identified 199 persons who were unsheltered -- nearly 80% of the total homeless population. This figure has increased from 131 (then nearly 69% of the total population) in 2017. The rate of 80% unsheltered homeless is atypically high for the United States and California (i.e., the median of CoC's across the country in 2019 was 20%, while the California statewide median is 71%). Many of Kings County's most vulnerable residents are unsheltered. The vast majority of Transitional Age Youth aged between 18 and 24 years old (86%), homeless veterans (91%), homeless adults aged 55

and older (96%) and homeless adults with disabilities (93%) were unsheltered in Kings County in January 2019.

Many of the persons experiencing homelessness in Kings County have been homeless for an extended period of time, often with severe, complex challenges. Many – almost one in ten – are Veterans. Seventy-one people identified in the 2019 PIT Count were experiencing Chronic Homelessness (meaning that they have a disability and were homeless at least a year) – a rate of 28%. The average rate of Chronic Homelessness across all CoCs nationally in 2019 was 18.6%.

Homelessness Response System Gaps Question 2b - End Answer

 Data and qualitative information showing any racial or ethnic disparities in access to services, delivery of services and housing placement and housing retention outcomes of homeless services;

Homelessness Response System Gaps Question 2c - Begin Answer According to the Racial Disparity Assessment completed in 2019, the results were inconclusive for racial or ethnic disparities in the provision or outcome of homeless assistance. As with Tulare County's 2018 racial equity analysis of the Tulare/Kings Continuum of Care (CoC), no major trends indicating a racial disparity in services provided are evident. The majority of the population in the Tulare/Kings CoC region identify as Hispanic and White. Races other than "White alone" make up just 12% of the entire population according to the US Census Bureau's American Community Survey. In examining the population within the CoC, 11% of the population identifies as African American, however, this is greater than the 7% that identified as African American in the 2018 Point in Time (PIT) count. Of possible interest is the decrease in population in those identifying as Hispanic in both the PIT Count and CoC populations compared to the general population overall (43%) and 47% vs. 65%). This trend was also evident in the 2017 data. Finally, the racial make-up of those who return to homelessness closely reflects the population of Tulare County. Homelessness Response System Gaps Question 2c - End Answer

d. Any other disparities that were found in the delivery of homelessness services including rates of successful permanent housing placements, and housing retention rates;

Homelessness Response System Gaps Question 2d - Begin Answer In 2017, Tulare County HHSA published a racial disparity assessment report that indicated some racial minority groups were overrepresented within the local homeless population. Most strikingly, African Americans comprised six times the share of the

homeless population compared to their share of the general population. As a whole, however, racial and ethnic minorities comprised a smaller share of the homeless population than of the general county population.

The report indicated that racial minority groups were not underserved by the local homeless system. A comparison of the 2017 HMIS and local population data failed to reveal significant racial disparities in services delivered to the local homeless population. The Hispanic/Latino (all races) population received a near equivalent share of local homeless services compared to their overall share of the homeless population in 2017 (46% and 44%, respectively). Other racial groups comprised an even larger share of homeless services delivered compared to their share of the overall local homeless population. African Americans, for example, received 11% of homeless services in 2017, but constituted 7% of the local homeless population.

Homelessness Response System Gaps Question 2d - End Answer

e. Using the Service Gap Analysis Chart below, identify which areas of the local homelessness response system (e.g. shelter, rental subsidies, supportive housing) have gaps in resources based on the needs of people experiencing homelessness in the community.

Homelessness Response System Gaps Question 2e - Begin Answer The bi-county region has significant gaps in all areas of the homeless response system, with the exception of outreach. This is due to high poverty, insufficient housing stock, and lack of resources to develop housing programs.

Homelessness Response System Gaps Question 2e - End Answer

Table: SERVICE GAP ANALYSIS

	Total # of Clients Currently Needing This Service	Total # of Clients Currently Receiving This Service	Remaining Need
Interim Housing/Shelter Beds	954	228	726
Rental Assistance	1799	356	1443
Supportive Housing (Permanent)	1079	140	939
Outreach	775	763	12
Prevention/Diversion	3795	1743	2052

2. Regional Resources Planning

When working within the homelessness system, it is critical to assess the current resources available within the community to ensure any new resources are most effectively and efficiently targeted to best serve people experiencing homelessness within the community. Given the high number of people experiencing homelessness in California and the unprecedented amount of federal and state funds available to address homelessness, HCFC expects applicants to coordinate all available funding to safely shelter and permanently house as many people experiencing homelessness in the applicant's community as possible, with a particular focus on rehousing individuals currently living in Project Roomkey (PRK) sites.

HCFC requires all HHAP-2 applicants to complete a <u>Homelessness Response</u> <u>Local Investment Plan</u> (Appendix A) that lists all regional resources used to address homelessness. The document includes different interventions within the homelessness system. For each intervention, please tell us:

- The funding source(s) used to assist in the delivery of the intervention. If several funding sources are used, please list them in order of highest amount of funding used for the intervention to the lowest;
- If the funding source is covered by more than one applicant (i.e. County and Continuum of Care) please list separately. Do not combine allocations; and
- When referencing units of measurement, please reference service basis unit of measurement. Example: \$500,000 in funding provided RRH to approximately 20 households over XX period of time.

In addition to filling out the <u>Homelessness Response Local Investment Plan</u> document, applicants must answer the following narrative question that will support the information provided:

1. What efforts are made to coordinate all available local, state and federal funds that can address homelessness in the applicant's community?

Regional Resources Planning Question 1 - Begin Answer
The Kings/Tulare Continuum of Care (CoC) works closely with the cities
and counties within our region. Each year, CoC members vote on
funding priorities that guide scoring and prioritization within each NOFA
released by the CoC. Both counties have a representative on the CoC
board as well as on the Pool for Homeless Initiatives Locally (PHIL) Rating
and Ranking Committee. Available funds are discussed at the CoC
membership meetings and allocations are voted on by members of the
CoC.

Further, the CoC works closely with both counties and local jurisdictions to leverage county and city specific funding sources. A specific example is the HHAP Round 1 funding.

In Kings County, the HHAP Round 1 allocation is being used as a match for a 72-unit affordable housing complex through No Place Like Home. The project will include 13 set-aside units for people experiencing homelessness. In Tulare County, they designated their HHAP Round 1 allocation to the CoC so that the funds could be combined into a larger pool and used to support the operations of local low-barrier navigation centers and bridge housing projects.

Regional Resources Planning Question 1 - End Answer

3. HHAP-2 Funding Plans

When planning how to target new HHAP-2 resources, it is essential to do so in direct response to the gaps assessment and current regional investment planning described in Sections 1 and 2. HHAP-2 funding plans must state the specific gaps that will be addressed with these new funds and provide sufficient detail to ensure that any selected projects will effectively meet identified gaps. HCFC expects applicants to clearly understand and identify the intervention types requiring funding prior to initiating their local project selection processes.

Applicants must identify and describe each intervention type they intend to fund with their HHAP-2 grant and how much of their HHAP-2 funding they intend to focus on that intervention type. Applicants must also describe how investing in the requested interventions will meet the previously identified needs of their community.

Intervention Types are broken into six categories: (1) Outreach; (2) Interim Housing; (3) Rental Assistance; (4) Permanent Supportive and Service-Enriched Housing; (5) Diversion and Homelessness Prevention, and (6) Services.

Applicants should utilize the HHAP-2 <u>Application Guidance</u> document for detailed information on how these interventions can be implemented, how they work together, and how HCFC recommends prioritization and utilization of these interventions.

In addition to providing information on how the applicant intends to utilize their HHAP-2 funds on specific interventions, applicants must also outline the amounts they intend to allocate to the eligible uses that will support the interventions throughout the duration of the grant period.

To successfully complete this section of the application, applicants will need to provide the following:

- Using the <u>Funding Plan Template</u> (Appendix B) and <u>Expenditure Plan Template</u> (Appendix C), provide detailed information for each of the intervention types and eligible uses being proposed for HHAP-2 funding. (NOTE: Specific project information for the intervention types identified will be requested at a later date once the local selection process has been completed.)
- 2. Describe how the applicant intends to prioritize funding towards local Project Roomkey permanent housing pathways. If an applicant does not intend to prioritize funding in this way, they must explain what other resources have been identified to meet this need locally to ensure that households staying at Project Roomkey sites move to permanent housing and do not return to unsheltered locations or congregate settings.

HHAP-2 Funding Plans Question 2 - Begin Answer

With the exception of administration expenses, 100% of the HHAP-2 funds will be used for Project Homekey rehabilitation expenses. Funds will be split between Kings and Tulare County Homekey projects in accordance with the 2020 Point in Time results.

HHAP-2 Funding Plans Question 2 - End Answer

3. Describe the activities budgeted for grant administration. In the applicant's response, describe the overall grant administration staffing plan to accomplish the applicant's goals and activities. Provide information on roles that will be responsible for ensuring the successful execution of HHAP funded projects.

HHAP-2 Funding Plans Question 3 - Begin Answer

The CoC will use grant administration funds to oversee the contract process, ensure that expenditures are in compliance with grant guidelines, and that all deadlines are met. Staff allocated to grant administration for this project include an Accounting/Grants Specialist and the CoC's Executive Director.

HHAP-2 Funding Plans Question 3 - End Answer

Descriptions should include but are not limited to:

a. The number of full-time employees (FTE) or percent of time per FTE that will be employed by the applicant dedicated to the execution of HHAP-2.

HHAP-2 Funding Plans Question 3a - Begin Answer

Accounting Specialist: Year 1 .045 FTE; Year 2 .15 FTE; and Year 3 .04 FTE

Executive Director: Year 1 .08 FTE; Year 2 .10 FTE; and Year 3 .08 FTE

HHAP-2 Funding Plans Question 3a - End Answer

b. Existing staff positions that will be leveraged to fulfill this need.
 HHAP-2 Funding Plans Question 3b - Begin Answer
 Both of the staff positions that will work on the HHAP-2 grant administration are existing employees.

HHAP-2 Funding Plans Question 3b - End Answer

4. In what ways the applicant's jurisdiction is leveraging the adult system to serve youth and in what ways the homelessness response system has been or will be adapted to youth; and how the applicant will use HHAP-2 funding to ensure youth can access services and that targeted spending meets their needs.

HHAP-2 Funding Plans Question 4 - Begin Answer

Our adult system has shifted to include a heightened focus on youth, ages 18-24. We recently completed a 100-Day Challenge that was focused on addressing youth homelessness. Through the challenge, we deepened relationships with youth providers, colleges, and the foster care system. We also launched a bi-weekly youth-specific case management roundtable as a result of the Challenge.

We will ensure that youth have access to housing and services made available through HHAP-2 funding by including specific verbiage in subrecipient gareements that mandate youth set-aside beds. Furthermore, all referrals to HHAP-2 funded projects are made through the Coordinated Entry System thereby ensuring that youth beds are filled appropriately.

HHAP-2 Funding Plans Question 4 - End Answer

5. Describe how the applicant will incorporate meaningful collaboration with individuals that have lived experience being homeless throughout funding planning, design, implementation, and evaluation.

HHAP-2 Funding Plans Question 5 - Begin Answer

The CoC Board and both County collaboratives have designated seats for people with lived experience. At the CoC level, this position is able to participate in the funding, design, implementation, and evaluation of all projects administered through the CoC. We also have formal policies that require all CoC-funded agencies to have a lived experience representative on a decision-making or advisory committee to ensure that there is meaninaful input from people receiving the services.

HHAP-2 Funding Plans Question 5 - End Answer

4. HHAP-2 Goals

Creating performance targets that can be clearly measured every year ensures a commitment to locally shared goals. Utilizing the local needs assessment, applicants must identify the areas of impact to be targeted by HHAP funds in Section 3: HHAP-2 Funding Plans, and in this section must present specific and measurable goals for those investment areas. These goals should inform how applicants design HHAP programming and should be stated in the local selection process funding announcements and subcontracts so that local applicants and the selected subrecipients understand program expectations.

HHAP Programmatic Goals

HHAP statute mandates that applicants set goals related to the total number of individuals served and, of those served, the number who will be successfully placed in permanent housing due to HHAP-2 investments.

For interventions funded with HHAP, applicants must show how their jurisdiction plans to use their HHAP investment to meet statutorily-required goals by providing the following in the table below: (1) number of individuals that currently need this intervention; (2) number of households expected to be served, annually and over the entire grant period; and (3) number of households expected to be placed into permanent housing, annually and over entire grant period.

Note: identified need below should be the same as the numbers indicated in Section 1.

Table – Statutory Goals by Intervention Type – Permanent Supportive and Service-Enriched Housing

	FY 21/22	FY 22/23	FY 23/24	FY 24/25	FY 25/26	Total #
Total # of individuals that currently need this intervention	852					
# of individuals expected to be served by HHAP-2	0	25	45	67	67	204
# of individuals expected to be placed into permanent housing through HHAP-2	0	25	45	67	67	204

Table – Statutory Goals by Intervention Type – Rental Assistance

	FY	FY	FY	FY	FY	
	21/22	22/23	23/24	24/25	25/26	Total #
Total # of individuals that currently need this intervention	1204					
# of individuals to be served	0	0	0	0	0	0

# of individuals to be placed into	0	0	0	0	0	0
permanent housing						

Table – Statutory Goals by Intervention Type – Interim Housing

	FY	FY	FY	FY	FY	
	21/22	22/23	23/24	24/25	25/26	Total #
Total # of individuals that currently need this intervention	527					
# of individuals to be served	0	0	0	0	0	0
# of individuals to be placed into permanent housing	0	0	0	0	0	0

Table – Statutory Goals by Intervention Type – Diversion and Homelessness Prevention

	FY 21/22	FY 22/23	FY 23/24	FY 24/25	FY 25/26	Total #
Total # of individuals that currently need equity this intervention	1648					
# of individuals to be served	0	0	0	0	0	0
# of individuals to be placed into permanent housing	0	0	0	0	0	0

Table – Statutory Goals by Intervention Type – Outreach

	FY 21/22	FY 22/23	FY 23/24	FY 24/25	FY 25/26	Total #
Total # of individuals that currently need this intervention	0					
# of individuals to be served	0	0	0	0	0	0
# of individuals to be placed into permanent housing	0	0	0	0	0	0

Table – Statutory Goals by Intervention Type – Services

	FY 21/22	FY 22/23	FY 23/24	FY 24/25	FY 25/26	Total #
# of individuals to be served	0	0	0	0	0	0
# of individuals to be placed into permanent housing	0	0	0	0	0	0

In addition to setting clear goals on numbers served and numbers moved into permanent housing, applicants must also provide the following:

1. Any additional systemwide goals the applicant's jurisdiction and/or region has identified and the metrics used to evaluate progress towards those goals.

HHAP-2 Goal Question 1 - Begin Answer

Our CoC has the following systemwide goals for permanent supportive housing:

- 1) Housing Stability: 95% of clients will either remain in or exit to permanent housing.
- 2) Increased Income, Stayers: 7% increase for earned income; 39% increase for non-earned income.
- 3) Increased Income, Leavers: 9% increase for earned income; 39% increase for non-earned income.
- 4) Recidivism: 10% of less of leavers will return to homelessness within two years after their initial exit.

HHAP-2 Goals Question 1 - End Answer

2. An update on systemwide goals identified in HHAP-1 and explanation of any goal modifications made in response to changing needs.

HHAP-2 Goal Question 1 - Begin Answer

We have not modified any systemwide goals since the HHAP Round 1.

HHAP-2 Goals Question 1 - End Answer

3. At least one clear, measurable performance goal related to how HHAP-2 funding will address racial disparities identified in the jurisdiction's homelessness response system.

HHAP-2 Goal Question 1 - Begin Answer

We plan on measuring the racial composition of enrolled clients to ensure it matches or exceeds actual local population demographics.

HHAP-2 Goals Question 1 - End Answer

4. At least one clear, measurable, youth-specific performance goal related to HHAP-2 investments, including an explanation of how the applicant's jurisdiction accounts for the unique service needs of youth when determining how to set performance targets for youth set-aside funding interventions.

HHAP-2 Goal Question 1 - Begin Answer

The performance measure for this activity will be the completion of one youth permanent housing unit that is filled by a youth. Our jurisdiction accounts for the unique service needs of youth by hosting a monthly youth-specific case management roundtable to staff youth cases, identify referrals, and divert youth from becoming homeless. Additionally, we recently established a Youth Advisory Board (YAB) planning committee. The planning committee is comprised of the CoC, youth providers, community college representative, and youth with lived experience. They are currently working to develop the structure of the YAB, which is expected to officially launch in June 2021. The YAB will serve a central role in the planning and implementation of the Homekey projects including, but not limited to, marketing, outreach, supportive service needs of youth experiencing homelessness. While we have taken great strides in addressing youth homelessness locally, including participating in the HUD Cohort 6 100-day Challenge focused on youth homelessness, we welcome the opportunity to participate in any youth technical assistance offered through the state. HHAP-2 Goals Question 1 - End Answer

5. Local Project Selection Process

Applicants may choose (though they are not required) to contract with local nonprofits and service providers to administer the services detailed in their HHAP-2 Funding Plan. When contracting for services, applicants shall select qualified service providers that provide services which match the needs of the local population of people experiencing homelessness and which are HHAP-eligible activities that are in line with the applicant's HHAP-2 Funding Plan.

HCFC encourages applicants to consider how these funds are accessible to smaller and non-traditional organizations that have historically served communities of color but may not have previously participated formally in the CoC or been a part of the homeless provider community.

To successfully complete this section of the application, applicants will need to provide the following:

1. An explanation of how HHAP-2 funds will be distributed and whether a local project selection process will be utilized to select subcontractors.

Local Project Selection Process Question 1 - Begin Answer
The CoC has earmarked these funds for Project Homekey rehabilitation.
Since there is only one Homekey project in each county, there isn't a need for a local selection process. Instead, we proposed the allocation plan of HHAP-2 funds to the CoC membership and approved the proposal.

Local Project Selection Process Question 1 - End Answer

Will subcontractors be utilized? No

- a. If the applicant is not utilizing a local selection process, please include the following in the explanation:
 - i. Description of why this is the best funding plan for the community; and

Local Project Selection Process Question 1a.i. - Begin Answer We believe this is the best funding plan for the community because it leverages Homekey acquisition funds and enables the projects to be converted to permanent housing.

Local Project Selection Process Question 1a.i. - End Answer

ii. Description of how applicants will ensure equitable access to services funded.

Local Project Selection Process Question 1a.i.i. - Begin Answer

Clients placed into these permanent housing projects will be referred through the Coordinated Entry System (CES). The CES utilizes the Vulnerability Index and Service Prioritization Decision Assistance Tool (VI-SPDAT) and the vulnerability Index and Family Service Prioritization Decision Assistance Tool (VI-F-SPDAT) tools. These assessment tools assist in consistently evaluating the level of need and appropriate services for all clients seeking services. CES is affirmatively marketed throughout the bi-county region to reach persons regardless of race, color, national origin, religion, sex, age, familial status, or disability who are least likely to apply in the absence of special outreach. Training covering cultural and linguistic competence, as well as safety planning, are required of all staff administering the standardized assessment. All referrals for ESG and CoC funded projects are made by the Housing Navigator and are based on matching the appropriate intervention with the highest-scoring household in that category.

Local Project Selection Process Question 1a.i.i. - End Answer

- b. If the applicant is utilizing a local selection process, please include the following in the explanation:
 - i. What is the process and timeline for project selection?
 - Local Project Selection Process Question 1b.i. Begin Answer Local Project Selection Process Question 1b.i. - End Answer
 - ii. How will the applicant encourage new partners to participate?
 - Local Project Selection Process Question 1b.i.i. Begin Answer Local Project Selection Process Question 1b.i.i. - End Answer
 - iii. How will people with lived experience of homelessness, including youth with lived experience, have meaningful and purposeful opportunities to shape the selection process and funding decisions?
 - Local Project Selection Process Question 1b.i.i.i. Begin Answer Local Project Selection Process Question 1b.i.i.i. - End Answer
 - iv. How will the applicant promote equity and ensure underrepresented communities can be competitive applicants for funding?

Local Project Selection Process Question b.i.v. - Begin Answer Local Project Selection Process Question b.i.v. - End Answer

2. Describe how systemwide collaboration would occur among homelessness service providers and other social safety net providers. How do these collaborative efforts help minimize or avoid the duplication of service and effort?

Local Project Selection Process Question 2 - Begin Answer
We coordinate with both Kings and Tulare Counties on a regular basis to
identify ways to leverage resources and combine efforts in a collaborative
approach. Current partnerships include co-staffing pop-up navigation centers,
combining staff for street outreach efforts, bi-directional referrals, monthly case
management and multi-disciplinary team meetings, and county-level coalitions.

Systemwide collaboration includes creating long-term housing solutions for people experiencing homelessness. For example, we combined several funding streams through our local integrated pool for homeless funds ("PHIL") in order to gather sufficient resources for the acquisition and rehabilitation of two bridge housing projects in Tulare County. The CoC has also collaborated with two affordable housing developers, behavioral health, human services, and both housing authorities on three new projects that have set-aside units for people experiencing homelessness: Finca Serena, Sequoia Commons, and Northstar Court.

Each county also has a task force that includes key stakeholders focused on addressing homelessness. Both of these task forces recently completed homeless plans that include systemwide goals including increasing permanent housing, enhancing supportive services, and collaborating on funding opportunities.

Local Project Selection Process Question 2 - End Answer

In addition to the narrative questions above, check all box(s) that apply to the applicant's community:

Table – Local Project Selection Process Assessment

LOCAL PROJECT SELECTION PROCESS ASSESSMENT (check all that apply)

Local Project Selection Assessment Statement: The process will clearly define for potential subcontractors which types of projects will be prioritized for funding and which needs identified in the needs/gaps assessment are intended to be met by funding such projects. Local Project Selection Assessment Response: Yes

Local Project Selection Assessment Statement: The process will prioritize programs that address the disproportionate impacts that homelessness and COVID-19 have on communities of color, particularly Black, Latinx, Asian, Pacific Islander, Native and Indigenous communities. Local Project Selection Assessment Response: Yes

Local Project Selection Assessment Statement: The process will remove barriers to competitive participation by applicants representing marginalized communities.

Local Project Selection Assessment Response: Yes

Local Project Selection Assessment Statement: The process will use objective criteria to evaluate projects for funding.

Local Project Selection Assessment Response: Yes

Local Project Selection Assessment Statement: The objective criteria used to evaluate projects will include data on past performance related to the proposed activity (for example, an existing rapid rehousing provider applies to provide rapid rehousing services with HHAP funds and provides HMIS data to show a history of positive outcomes)

Local Project Selection Assessment Response: Yes

Local Project Selection Assessment Statement: The objective criteria used to evaluate projects will allow applicants applying to perform services not previously performed by their organization, to provide other data or outcome results to support their competency to perform the proposed activity.

Local Project Selection Assessment Response: Yes

Local Project Selection Assessment Statement: The process will have provisions to allow for innovation, while balancing the need for data and performance-based decision-making. Local Project Selection Assessment Response: Yes

Local Project Selection Assessment Statement: The process will be posted publicly on a platform that is accessible to the public.

Local Project Selection Assessment Response: Yes

Local Project Selection Assessment Statement: The process will consider the severity of needs and vulnerabilities of the proposed target population in its objective criteria – and aligns its prioritization of these needs with the needs identified through the community needs assessment process.

Local Project Selection Assessment Response: Yes

Local Project Selection Assessment Statement: The process will avoid conflict of interest.

Local Project Selection Assessment Response: Yes

Local Project Selection Assessment Statement: The process will only fund programs that follow a Housing First approach.

Local Project Selection Assessment Response: Yes

Local Project Selection Assessment Statement: The process will include people with lived experience to have meaningful and purposeful opportunities to inform and shape all levels of planning and implementation.

Local Project Selection Assessment Response: Yes

6. Racial Equity Efforts

HHAP-2 applicants should prioritize the advancement of racial equity at every level of the homelessness response system. Applicants must be actively involved in their homelessness response systems, facilitating partnerships among service organizations, and promoting racial equity practices. Applicants must respond to disproportionality in access to services, service provision, and outcomes. Applicants cannot simply rely on delivering a standardization of services to address equity. Applicants have the responsibility to examine their data to ensure all eligible persons receive equitable services, support, and are served with dignity, respect, and compassion regardless of circumstances, ability, or identity.

HCFC encourages applicants to consider how these funds are accessible to smaller and non-traditional organizations that have historically served communities of color but may not have previously participated formally in the CoC or been a part of the homeless provider community, and how these funds would address the organizational capacity of organizations that are led by Black, Latinx, Asian, Pacific Islander, and Native and Indigenous people that support the goal of reducing and ending homelessness.

To successfully complete this section of the application, applicants will need to provide the following:

- Using the <u>Racial Demographic Data Worksheet</u> (<u>Appendix D</u>), please provide the Continuum of Care Outcomes by Race and Ethnicity.
- Describe how the local homelessness response system or projects the applicant is planning use policy and practices to ensure equal access and non-discrimination when serving prospective and new program participants.

Racial Equity Efforts Question 2 - Begin Answer

Our homeless system conducts an annual racial equity analysis to ensure resources/outcomes fairly represent local demographics. Efforts are made to ensure outreach is county-wide so as not to exclude any demographic. Outreach staff is itself diverse, encompassing a number of different demographics. All referrals for permanent housing projects, including those funded through HHAP-2, come through the coordinated entry system, which has significantly elevated its focus on racial equity in recent years.

Racial Equity Efforts Question 2 - End Answer

3. How does the applicant's grant making process and/or funding decisions include prioritization of programs that are addressing the disproportionate impacts that homelessness and COVID-19 have on communities of color,

particularly Black, Latinx, Asian, Pacific Islander and Indigenous communities?

Racial Equity Efforts Question 3 - Begin Answer

HHAP will be entirely used for permanent housing rehabilitation and acquisition expenses. The CoC is aware of the disproportionate impact COVID-19 has on homeless communities of color, and thus is using this funding opportunity to support programs that address this impact.

Racial Equity Efforts Question 3 - End Answer

4. How are the voices of Black, Latinx, Asian, Pacific Islander and Indigenous communities being developed as central in creating effective approaches to reducing and ending homelessness?

Racial Equity Efforts Question 4 - Begin Answer

The insight of homeless communities of color are taking into account in local decision making in a number of ways. The local continuum of care has a "lived experience" position on the Board of Directors currently filled by a community of color representative. The local Homeless Task Force – a collection of decision makers from a wide range of sectors – welcomes public comment to take into account in decision making, and places high value from those with lived experience and from a community of color. Additionally, the County of Tulare has an ongoing research partnership with Case Western University, through which insights from the homeless community are systematically mapped out, including the impact of race and equity.

Racial Equity Efforts Question 4 - End Answer

5. Does the applicant have a strategy to expand the reach of funding to underserved and marginalized communities and non-traditional providers who can reach and serve disproportionately impacted communities? If so, please describe.

Racial Equity Efforts Question 5 - Begin Answer

The CoC proactively works to increase equitable access to all program funding available. Announcements are made through our listserv, CoC meetings, and through social media. All listserv messages comply with the Americans with Disabilities Act offering special assistance to participants who need additional support. We have a "Listserv Sign Up" button on the front page of our website that serves as an open invitation for anyone to get notifications. Additionally, our Twitter and Facebook accounts show on the front page of our website so anyone can click on these social media portals to learn more or follow us.

We also do presentations to other community groups to broaden our reach and educate stakeholders about funding and partnering opportunities. Agencies interested in applying for funds are offered 1:1 technical assistance.

Racial Equity Efforts Question 5 - End Answer

6. Describe how the priority population(s) learn about and enter local homelessness programs, including marketing and communication strategies used.

Racial Equity Efforts Question 6 - Begin Answer

The Coordinated Entry System (CES) is marketed and advertised throughout the bi-county region to ensure that all households have fair and equal access. Marketing materials, such as flyers, are posted at soup kitchens, emergency shelters, libraries, and other places people experiencing homelessness are known to visit. We also use our website and social media platform to direct those in need of assistance to our CES.

Outreach workers visit encampments to connect with people least likely to seek homeless assistance. Teams build rapport by using trauma informed communication with persons experiencing homelessness that otherwise may not be willing to accept services. CES connects with homeless education liaisons and service providers to offer services to families with children. The 211 hotline and mobile app link homeless who have not been assessed with the CES team. Service providers are also trained to conduct assessments, allowing agencies to serve as another access point for CES.

Racial Equity Efforts Question 6 - End Answer

7. How is the applicant making community project grants accessible to smaller organizations that have historically served communities of color, but may not have previously participated formally in the CoC or as a part of the "homeless provider" community?

Racial Equity Efforts Question 7 - Begin Answer

When we have funding opportunities available, they are announced in a variety of methods to ensure that all organizations in the community have the ability to apply for funding. We provide a NOFA workshop, which is recorded so it can be accessed at any time and 1:1 technical assistance to work with new applicants on submitting a successful application.

We also also committed to building the capacity of non-traditional organizations to participate in local funding opportunities. For example, a local church recently received first-time state funding for a warming center. The CoC provided extensive technical assistance during the planning, application, and launch phases of the project.

Racial Equity Efforts Question 7 - End Answer

8. How does the applicant partner with organizations that are addressing racial equity in the housing and homelessness response system?

Racial Equity Efforts Question 8 - Begin Answer

We partner with both human services agencies to assess inequities for all races. Tulare County Health & Human Services Agency (HHSA)participated in

the Governing Alliance on Race & Equity (GARE) train the trainer model and provides racial equity training for the CoC. We partnered with HHSA and their GARE lead to develop our Racial Equity Analysis. They regularly review our data and provide updates on racial equity. This information is used to inform system level changes.

Racial Equity Efforts Question 8 - End Answer

9. How will the applicant ensure that racial disparities are addressed with this funding?

Racial Equity Efforts Question 9 - Begin Answer

We will require that all funded projects fill 100% of the beds through the Coordinated Entry System. This will ensure that all people experiencing homelessness have equal access to housing opportunities. Additionally, all funded agencies have to sign a CoC Partnership Agreement which includes a commitment to ongoing racial equity training and policies that address racial disparities.

We are also open to receiving any technical assistance from the state on ways to further racial equity within our community.

Racial Equity Efforts Question 9 - End Answer

In addition to the narrative questions above, check all boxes that apply to the applicant's community:

Table – Racial Equity Assessment

RACIAL EQUITY ASSESSMENT (check all that apply)

Racial Equity Assessment Statement: We have a racial equity policy within the organization I work for.

Racial Equity Assessment Response: Planning to Implement

Racial Equity Assessment Statement: We collect racial, ethnic and linguistic data on clients and constituents outside of HMIS.

Racial Equity Assessment Response: Planning to Implement

Racial Equity Assessment Statement: We provide language interpreter/translator services for people who speak languages other than English.

Racial Equity Assessment Response: Implemented

Racial Equity Assessment Statement: We collect data on service-user or constituent satisfaction with our organization regarding racial equity.

Racial Equity Assessment Response: Planning to Implement

Racial Equity Assessment Statement: We have formal partnerships with organizations of color.

Racial Equity Assessment Statement: We allocate resources for engagement and outreach in communities of color.

Racial Equity Assessment Response: Planning to Implement

Racial Equity Assessment Statement: Racial equity and cultural competency training are offered to employees within the applicant's organization.

Racial Equity Assessment Response: Implemented

Racial Equity Assessment Statement: We meet regularly with leaders from communities of color specifically to discuss racial equity within the homelessness system.

Racial Equity Assessment Response: Planning to Implement

Racial Equity Assessment Statement: We analyze to assess whether equitable access to new and existing shelter facilities is being provided to people of color, especially Black, Latinx, and Indigenous populations most impacted by homelessness, and examine data to determine if there are other disparities to be addressed, such as by age, ethnicity, disability, gender status, family composition, etc.

Racial Equity Assessment Response: Implemented

Racial Equity Assessment Statement: We have convened and actively engage with a lived experience board that represents the population served.

Racial Equity Assessment Response: Implemented

Racial Equity Assessment Statement: We ensure strategies and communications efforts have broad geographic reach, including into rural areas and in support of Tribal communities.

Racial Equity Assessment Response: Implemented

Racial Equity Assessment Statement: Providers and front-line staff reflect the people they serve including the necessary language skills to serve sub-populations.

Racial Equity Assessment Response: Implemented

Racial Equity Assessment Statement: We have access to data on racial/ethnic disparities to guide our planning and implementation of HHAP funding.

Racial Equity Assessment Response: Implemented

Racial Equity Assessment Statement: Our work includes performance measures to determine how well we are doing to address racial disparities.

Racial Equity Assessment Response: Implemented

Racial Equity Assessment Statement: We have developed and implemented a plan to address racial disparities in the homelessness response system.

Racial Equity Assessment Response: Planning to Implement

Racial Equity Assessment Statement: We host or participate in trainings dedicated to improving equitable outcomes.

Racial Equity Assessment Response: Implemented

7. Regional Collaboration and Partnerships

HHAP program funds are intended to support regional coordination and expand local capacity to address homelessness. Demonstration of how jurisdictions have coordinated and will continue to coordinate with other jurisdictions is a critical factor of funding. With HHAP-1 funding, applicants were required to partner with other applicants to make collective funding decisions for their communities. HHAP-2 funding should increase and improve those partnership efforts.

To successfully complete this section of the application, applicants must provide the following:

1. Describe the process by which neighboring HHAP-funded jurisdictions are coordinating together to address homelessness, including funding collaboration and coordination, peer learning, and data sharing.

Regional Collaboration and Partnerships Question 1 - Begin Answer Our region has three coordinating bodies: the CoC, Kings County Homeless Collaborative, and the Tulare County Task Force on Homelessness. These three planning bodies work closely together to address homelessness. One key area of collaboration is leveraging multiple funding opportunities into a shared funding portfolio; the Pool for Homeless Initiatives Locally (PHIL). PHIL streamlines access to a wide range of homeless funds, including new State of California homeless funds, through a one-stop application for interested stakeholders. With PHIL, applicants can easily layer different funding sources for a single project, thereby promoting more efficient and comprehensive efforts and an increase in the overall impact of homeless projects.

There are multiple peer learning opportunities available within our bi-county region. We offer quarterly training opportunities that are open to all interested stakeholders. As counties secure subject matter experts for training purposes, they extend the invitation to the other county and CoC. This good neighbor practice is also shared amongst our partners in Fresno and Kern counties.

The bi-county region shares the same HMIS and there are multiple ways by which data sharing occurs. A recent example of data sharing are the COVID-19 dashboards that layer information on how many people are served in Project Roomkey sites, how many people receive health assessments, and how many people have exited the program. These dashboards can be filtered by CoC, Kings, and/or Tulare County. Regional Collaboration and Partnerships Question 1 - End Answer

2. Describe the ways HCFC funding plans are coordinated with regional partners that are also receiving HCFC funding. If there are changes to the funding plans, how are partners informed of these changes?

Regional Collaboration and Partnerships Question 2 - Begin Answer Our three planning bodies work closely together to identify the best use of funds. At the CoC level, funds are typically allocated for projects within each county based on the most Point in Time count. Discussions are held amongst stakeholders within each county to discuss potential projects and to consider additional resources.

Funds are made available in one of two ways: 1) a Notice of Funding Availability (NOFA) is released and processed in accordance with CoC Policies and Procedures; or 2) funds are directly allocated to a project because it is a unique, sole-source project such as Project Roomkey. In either situation, the final allocation and any changes to funding plans must be approved by the CoC Membership.

Regional Collaboration and Partnerships Question 2 - End Answer

3. Using the experience with HHAP-1 planning, describe successes that have come out of regional coordination and partnering efforts. Also, describe any barriers the applicant has experienced in working with regional partners. Explain any strategies identified that have contributed to the address these barriers.

Regional Collaboration and Partnerships Question 3 - Begin Answer The HHAP-1 funding, along with all other recent state funding, included allocations the CoC. This structure facilitated regional coordination and partnering efforts between the counties and CoC did not previously exist. Funds were combined to create several new projects within our region including: three motel acquisitions for permanent housing conversion, a new low-barrier navigation center, and a new bridge housing project. All of these projects combined multiple funding sources and involved a significant collaboration between the Counties and CoC.

We did experience a barrier with a particular Homekey project in which the county board of supervisors voted against the project. The County and CoC worked closely to add the CoC as a co-applicant, create a new company, and have the CoC purchase the motel; all within a three-week span.

Regional Collaboration and Partnerships Question 3 - End Answer

4. How will HHAP-2 funding support and scale current partnerships?

Regional Collaboration and Partnerships Question 4 - Begin Answer

The HHAP-2 funds are a key element of Homekey projects in Kings and Tulare

Counties. The two counties, along with the CoC, will play an integral part of

these Homekey projects until the units are converted to permanent housing. We then envision that additional partners will take the lead in operating the projects.

Regional Collaboration and Partnerships Question 4 - End Answer

 Describe applicant's share of the regional need as well as the share of the regional need from partnering jurisdictions (CoC, County, Large City).
 Describe the methodology used for determining the share of the regional need.

Regional Collaboration and Partnerships Question 5 - Begin Answer Our region did not receive any large city funds. Each county allocation remained in that respective county. The CoC allocation was split between the bi-county region based on the local 2020 Point in Time Count results. Regional Collaboration and Partnerships Question 5 - End Answer

6. Describe how HHAP-2 funds will be integrated into the current regional strategic plan to address homelessness. Has the region's strategy for use of HHAP funding changed since HHAP-1?

Regional Collaboration and Partnerships Question 6 - Begin Answer The initial round of HHAP funds were prioritized for ongoing operational support of bridge housing and low barrier navigation centers. Since the pandemic, our focus has shifted to funding and operating Roomkey and Homekey sites. All HHAP-2 funds are being allocated for Project Homekey permanent housing, which is a priority strategy of both county's homeless plans.

Regional Collaboration and Partnerships Question 6 - End Answer

7. When spending plans need to be adjusted in response to changing needs in the community, how are collaborative partners involved in those decisions?

Regional Collaboration and Partnerships Question 7 - Begin Answer When spending needs to be adjusted within our community, discussions take place amongst the funder and key stakeholders. Any changes to funding plans are presented to and approved by the CoC Membership.

Regional Collaboration and Partnerships Question 7 - End Answer

8. Has a youth-specific strategy been identified within the applicant's region? If so, please describe. If not, why not?

Regional Collaboration and Partnerships Question 8 - Begin Answer

We currently use our youth funds for set-aside beds in programs funded through HHAP, HEAP, and CESH. Plans are also underway to develop a Youth

Advisory Board (YAB) which is expected to launch in June of 2021. The YAB will play a key role in future planning and decision-making with regards to all youth services under the purview of the CoC.

Regional Collaboration and Partnerships Question 8 - End Answer

9. Describe how youth-specific local partners are involved in making regional planning or spending decisions.

Regional Collaboration and Partnerships Question 9 - Begin Answer We have several youth providers that are members of the CoC. They participate in the decision-making processes including funding priorities, coordinated entry written standards, and approving all funding decisions. We also host a youth-specific case management roundtable where youth partners can staff cases and make collaborative decisions about placements, evictions, and transferring clients.

Regional Collaboration and Partnerships Question 9 - End Answer

8. Housing First Assessment

Housing First-oriented programs are low or no barrier and client-centered, emphasizing client-choice. Housing is not viewed as a reward or incentive for achieving specific goals or participating in a specific program, but as necessary to help a family or individual stabilize and meaningfully access services, which are offered as needed on a voluntary basis. In practice, this means that programs connect participants to permanent housing as quickly as possible with few to no preconditions, behavioral contingencies, or other barriers at enrollment or throughout the program.

Health and Safety Code Section 50220.5(g) mandates that all recipients of state homelessness funding shall comply with Housing First as provided in Chapter 6.5 (commencing with Section 8255) of Division 8 of the Welfare and Institutions Code.

To successfully complete this section of the application, applicants will need to assess their current policies and check all that apply:

Table – Housing First Assessment

Housing First Assessment (check all that apply)

Housing First Assessment Statement: Access to programs is not contingent on sobriety, minimum income requirements, lack of a criminal record, completion of treatment, participation in services, or other unnecessary conditions.

Housing First Assessment Response: Yes

Housing First Assessment Statement: Programs or projects do everything possible not to reject an individual or family on the basis of poor credit or financial history, poor or lack of rental history, minor criminal convictions, or behaviors that are interpreted as indicating a lack of "housing readiness." Housing First Assessment Response: Yes

Housing First Assessment Statement: People with disabilities are offered clear opportunities to request reasonable accommodations within applications and screening processes and during tenancy and building and apartment units include special physical features that accommodate disabilities. Housing First Assessment Response: Yes

Housing First Assessment Statement: Programs or projects that cannot serve someone work through the coordinated entry process to ensure that those individuals or families have access to housing and services elsewhere.

Housing First Assessment Response: Yes

Housing First Assessment Statement: Housing and service goals and plans are highly client centered and driven.

Housing First Assessment Response: Yes

Housing First Assessment Statement: Supportive services emphasize engagement and problem-solving over therapeutic goals.

Housing First Assessment Response: Yes

Housing First Assessment Statement: Participation in services or compliance with service plans are not conditions of tenancy but are reviewed with clients and regularly offered as a resource to clients. Housing First Assessment Response: Yes

Housing First Assessment Statement: Services are informed by a harm-reduction philosophy that recognizes that drug and alcohol use and addiction are a part of some clients' lives. Clients are engaged in non-judgmental communication regarding drug and alcohol use and are offered education regarding how to avoid risky behaviors and engage in safer practices.

Housing First Assessment Response: Yes

Housing First Assessment Statement: Substance use in and of itself, without other lease violations, is not considered a reason for eviction.

Housing First Assessment Response: Yes

Housing First Assessment Statement: Clients are given reasonable flexibility in paying their share of rent on time and offered special payment arrangements for rent arrears and/or assistance with financial management, including representative payee arrangements as needed.

Housing First Assessment Response: Yes

Housing First Assessment Statement: Every effort is made to provide a client the opportunity to transfer from one housing situation, program, or project to another if a tenancy is in jeopardy. Whenever possible, eviction back into homelessness is avoided.

Housing First Assessment Response: Yes

2. Describe the scale and scope of anticipated intervention model and outline the key service components expected to be provided with this funding.

Funding Plan – Question 2 – Response Begins

A portion of the funding would provide rehabilitation assistance for expenses related to converting a Roomkey site, Sequoia Lodge, to Homekey. The other portion of funds would be used for a capital contribution to Northstar Court, an affordable housing project with permanent supportive housing units set-aside for people experiencing homelessness.

The bed capacity per site is detailed below:

- o Sequoia Lodge: 50 Unit site (1 unit set-aside for youth)
- o Northstar Court: 72 units (13 set-aside for PSH)

Both locations will provide on-site case management, including the development of individualized service plans, benefit counseling and advocacy assistance, referrals to behavioral health services, and other community-based linkages.

Funding Plan – Question 2 – Response Ends

3. Describe how the requested investment amount for this intervention will help your community achieve regional goals and address specific gaps in the homeless response system as identified in the regional gaps assessment.

Funding Plan – Question 3 – Response Begins

Both counties have a significant need for housing units. In fact, our region has the 4th highest unsheltered rate within the Other Largely Urban category in the United States. Investing in these two permanent housing projects helps our region increase the number of permanent supportive housing units available to people experiencing homelessness.

Funding Plan – Question 3 – Response Ends

4. Check any specific population(s) expected to be served through this intervention investment.

Funding Plan – Question 4 – Response Begins

Submitter expects to serve the following specific populations:

Adults with children

Adults without children

Unaccompanied Youth (12-24yr of age per definition in HHAP statute)

Chronically Homeless

Veterans

Domestic Violence Survivors

Individuals with Co-occurring Disorders (Substance Use and Mental Health)

COVID High Risk – individuals at high-risk for contracting COVID

Parentina Youth

Funding Plan – Question 4 – Response Ends

5. Describe how this intervention investment will address the disproportionate impacts of homelessness on communities of color, particularly Black, Latinx, Asian, Pacific Islander, and Native and Indigenous communities.

Funding Plan – Question 5 – Response Begins

Referrals to both projects will be made through the Coordinated Entry System (CES). All persons participating in any aspect of Coordinated Entry such as access, assessment, prioritization, or referral are afforded equal access to Coordinated Entry services and resources without regard to their actual or perceived membership in a federally protected class such as race, color, national origin, religion, sex, age, familial status, or disability. Additionally, all people in different populations and subpopulations in the CoC's geographic area, including people experiencing chronic homelessness, veterans, families with children, youth, and survivors of domestic violence, have fair and equal access to the coordinated entry process.

The CES team is trained annually on racial and cultural competency. They use these skills to build rapport with persons experiencing homelessness throughout the bi-county region. Once assessed for housing, clients are referred to open units using an acuity protocol that ensures there equal access for all.

Funding Plan – Question 5 – Response Ends

6. Describe how and how often performance will be measured for this intervention investment.

Funding Plan – Question 6 – Response Begins

Both projects funded through HHAP-2 are capital improvement/acquisition project. As such, we will measure project performance by monitoring expenditures on a monthly basis. Projects will also have to submit quarterly reports that include a narrative component outlining achievements, challenges, and other project-related information.

Funding Plan – Question 6 – Response Ends

Funding Plan – Question 7 – Response Begins

The Sequoia Lodge project will have one set-aside unit for a youth household upon conversion to permanent supportive housing. We have several youth-focused strategies to ensure that youth are able to access available services:

1) Our Coordinated Entry Team hosts a monthly youth-specific case management roundtable to staff youth cases, identify referrals, and divert youth from becoming homeless

2) We recently established a Youth Advisory Board (YAB) planning committee. The planning committee is comprised of the CoC, youth providers, community college representative, and youth with lived experience.

They are currently working to develop the structure of the YAB, which is expected to officially launch in June 2021. The YAB will serve a central role in the planning and implementation of the Homekey projects including, but not limited to, marketing, outreach, supportive service needs of youth experiencing homelessness.

While we have taken great strides in addressing youth homelessness locally, including participating in the HUD Cohort 6 100-day Challenge focused on youth homelessness, we welcome the opportunity to participate in any youth technical assistance offered through the State of California.

Homelessness Response Local Investment Plan

Please refer to the following for guidance and a sample plan:

Guide to Strategic Uses of Key State and Federal Funds to Reduce Homelessness During the COVID-19 Pandemic

Use the Table below to complete the Regional Resources Guide for submittal with your HHAP application. Refer to the Sample Local Investment Plan on page 11 of the Guide to Strategic Uses of Key State and Federal Funds as an example [link above].

Applicant Name:

Part 1: Summary of Investment Plan

- Purchase two hotels (22 rooms Kings County; 45 rooms Tulare County) to be used as interim housing until renovations are complete.
- Renovate Homekey sites into permanent housing.
- 3. Fund operations/services for bridge housing and low barrier navigation centers.
- Leverage RRH and other PH programs to quickly rehouse households.
 Part 2: Priority and Order of Use of Funding Sources
