### Appendix A: Community Need Score

The Community Need Score is calculated by transforming the Low/Mod Percentage from [HUD's Low- and Moderate-Income Summary Data \(LMISD\)](#) based on the 2016-2020 American Community Survey (ACS) into a numerical value, then dividing the value in half. The table below are scores for all jurisdictions within the State of California, not just eligible applicants. Eligible applicants are non-entitlement Units of General Local Government that do **not** participate in HUD's CDBG Entitlement Program.
