

NOTICE TO PROCEED

Skyway/Pentz Intersection Improvements, Town of Paradise

Pursuant to the Master Standard Agreement (“Agreement”) entered into on the 8th day of June 2023, by and between the California Department of Housing and Community Development (“Department”) and Town of Paradise (“Subrecipient”), this NOTICE TO PROCEED is entered into on the date per the date signed by the Department below. This NTP sets forth specific details concerning the individual project proposed by Subrecipient for the STANDALONE Disaster Recovery Infrastructure Project located at the project address listed below and related approved activities by Subrecipient, as required. This Project is subject to, and hereby incorporates by this reference, the terms of the Agreement and is subject to the overall program funding allocation amount for Subrecipient as determined by the Department and set forth in the Agreement. There may be other Projects either already existing under the Agreement, or that may be proposed in the future. The budget for this Project, when added together with the total cumulative budget of all existing Approved Projects for Subrecipient, may not exceed the total funding allocation for Subrecipient.

1. Project Details

Project Name: Skyway/Pentz Intersection Improvements

Project Latitude and Longitude: 39.8003833333, -121.5809611111

Address: The intersection of Pentz Road and Skyway

Project Description: The Skyway/Pentz Intersection Improvements project will increase capacity with the construction of additional turn lanes and will provide a large vehicle turning radius and a Two-Way Stop Controlled Skyway/Pentz intersection. The project will require right-of-way acquisition.

2. Project Budget and Project Scope of Work

A. The Project shall follow the budget and scope of work (hereinafter “Project Work”) as described in the attached Project Application and on file through Grants Network, which is incorporated herein by reference.

- 1) Total Project Cost: \$5,000,000.00
 - a) Total DR-Infrastructure Award: \$ 5,000,000.00
 - i. Activity Costs (Project Costs): \$ 3,500,000.00
 - ii. Activity Delivery Costs: \$ 1,500,000.00

- 2) Other funding sources (only applicable if total project cost is more than DR award amount):
 - B. All written materials or alterations submitted as addenda to the original Project Application, and which are approved in writing by the Department Contract Coordinator, as appropriate, are hereby incorporated as part of the Project Application. The Department reserves the right to require the Subrecipient to modify any or all parts of the Project Application in order to comply with DR-Infrastructure, federal and/or state regulations or requirements.
 - C. Any proposed revision to the Project Work must be submitted in writing for review and approval by the Department and may require an amendment to this NTP. Any approval shall not be presumed unless such approval is made by the Department in writing in its sole and absolute discretion.
 - D. Subrecipient shall withhold as retention 10% of all DR-Infrastructure funded Contractor payments. No retention payments shall be released to the Contractor or reimbursed to the Subrecipient until receipt and approval by the Department of all required Approved Project completion documents identified in Exhibit B, Section 6 of the Agreement.

3. **Performance Milestones and Project Schedule, and Expenditure Deadline**

The Agreement is effective on the date shown in the STD213 form. Subrecipient shall meet all milestones identified in the Agreement, particularly those identified in Exhibit A and B and as provided below. Failure to meet performance milestones can result in the Department taking action to withhold future payments from any project and requiring a mitigation plan, as outlined in Exhibit A Section 6.B of the Agreement.

- A. Expenditure Deadline:
The Expenditure Deadline for Activity funds is December 1, 2025. With the exception of the grant closeout procedures set forth in Exhibit B, Section 6, the Subrecipient shall complete all Approved Project activities on or before the Expenditure Deadline. Project closeout activities are due on the contract expiration date.
- B. Performance Milestones: Subrecipient shall adhere to the performance milestones below. Time is of the essence with respect to all such milestones.
 - 1) Subrecipient shall submit all Project applications to the Department by the application deadline identified in the then applicable 2018 DR-Infrastructure Policies and Procedures.

- 2) No later than October 31, 2024, Subrecipient shall satisfy all conditions required for the Department to issue a Notice to Proceed for all Approved Projects.
 - 3) No later than March 1, 2025, Subrecipient shall provide evidence of construction, reconstruction, acquisition, or rehabilitation on all Approved Projects.
 - 4) No later than March 3, 2026, Subrecipient shall provide all required closeout documentation as detailed in Exhibit B, Section 5 herein, for all Approved Projects.
 - 5) Subrecipient must expend 50% of the Subrecipient Allocation at least 12 months prior to the agreement expiration date as set forth in Section 2 of the STD 213.
 - 6) Subrecipient must submit project applications for their entire allocation amount of DR-Infrastructure funds by the application deadline. If Subrecipient fails to do so, the Department reserves the right to deobligate, recapture, and/or reallocate the Subrecipient's allocation amount in this Agreement by the amount not applied for.
 - 7) There are no additional milestones.
- C. Project Schedule:
See Attachment 2 for the project schedule. The Department understands that the project schedule tasks and dates will be adjusted outward from the effective date of the NTP. Notwithstanding such adjustments of the schedule, in no event shall performance milestones mentioned above be similarly extended, delayed, or postponed. Subrecipient shall provide the Department updates on the status of meeting the project schedule at minimum of a quarterly basis, or more frequently as specified by the Department (i.e. monthly). Subrecipient will provide this update in Activity Report submitted through Grants Network.

4. Reporting Requirements

- A. Subrecipient must timely submit the reports prescribed below. The Department reserves the right to request additional detail and support for any report made. Reports must be made according to the dates identified, in the formats provided by the Department and via the Department's Grants Network unless otherwise

specified at the discretion of the Department. The Subrecipient's performance under this Agreement will be assessed in part on whether it has submitted the reports on a timely basis.

- 1) Monthly Activity Report: Subrecipient must submit a Monthly Activity Report that addresses the following, at a minimum: (1) a description of the current status of the Project Work; (2) a description of activities to be undertaken in the next reporting period; (3) a description of problems or delays encountered in Project Work and course of action taken to address them; (4) a description of actions taken to achieve Project Work expenditure deadlines; (5) a summary of Project Work fiscal status, including award amount, funds drawn, and remaining balance; and (6) data on activity accomplishments and beneficiaries served, as requested by the Department. Unless otherwise waived in writing by the Department, Monthly Activity Reports must begin on the 10th calendar day of the second month following execution of this Agreement and must continue through the receipt and approval by the Department of the Project Completion Report, detailed below.
- 2) Monthly Program Income Report: Program Income, if identified as a funding source for any approved Project, must be included in the Project budget and must be expended prior to drawing Grant Funds. During the term of this Agreement, if Program Income is generated, the Subrecipient must submit a Monthly Program Income Report certifying the amount of Program Income generated, retained, and expended. Program Income remaining at the end of each quarter and at the expiration of this Agreement must be remitted to the Department.
- 3) Semi-Annual Labor Standards Report and Section 3 Requirements: During the term of construction for each Approved Project, each April 1st and October 1st, the Subrecipient must submit the Labor Standards Cover Memo, the HUD Form 4710 and the Davis Bacon Labor Standards Report 5.7 (if applicable). These forms are located on the Department website and are also available upon request. Additionally, the Department may request additional documentation to meet Section 3 requirements.
- 4) Project Completion Report: At the completion of construction and once a Project is placed in service, the Subrecipient must submit a Project Completion Report. The report must also include documentation of compliance with Section 3 requirements.

5. Special Conditions

There are no special conditions.

By signing below, Subrecipient acknowledges and agrees to all terms and conditions of this Notice to Proceed. All terms and conditions set forth herein are deemed fully incorporated into and made a part of the Agreement.

1. Project Title

Town of Paradise - Skyway/Pentz Intersection Improvements

Help Text: [Jurisdiction Name] - [Project Name] Example: Sacramento County-public school hardening

2. Eligible Applicant (City/County)

Town of Paradise

3. Will the Eligible Applicant have a secondary subrecipient on this project?

No

Help Text: Eligible Applicants may partner with another unit of local government, special district or similar entity

4. What is the Project Type?

Stand-alone Infrastructure

5. How is this project an eligible CDGB activity? (Select all that apply)

Acquisition, Construction, Reconstruction, Installation of Public Works and Improvements

Help Text: Eligible CDBG activities include, but are not limited to, the acquisition, construction, reconstruction, rehabilitation, or installation of public facilities and improvements.

6. Project Description and/or Scope of Work

Scope: The Skyway/Pentz Intersection Improvements project will increase capacity with the construction of additional turn lanes and will provide for large vehicle turning radius. The project will require right-of-way acquisition.

Description: The Skyway/Pentz Intersection Improvements project will construct additional turn lanes and a traffic signal system or a roundabout at the existing narrow, Two-Way Stop Controlled Skyway/Pentz intersection. Additional capacity and large vehicle turning space is needed at this location for more efficient emergency services. The control type decision will be made early, during the engineering feasibility study phase of the project. The project includes right-of-way acquisition in the intersection vicinity which is required to accommodate the larger intersection footprint that is anticipated.

Help Text: Provide a narrative description that includes project location and the benefits of the project for disaster recovery, mitigation, resilience, low-to moderate-income populations, and the most impacted and distressed areas. refer to P&P 3.1.7

SECTION II: Tie-Back

7. Explain how the proposed project ties back to DR-4382 and/or DR-4407

The Town of Paradise is directly within the burn scar of the 2018 Camp Fire and was the largest community affected by the Fire with 26,500 residents, all of whom were forced to evacuate. The Town lost 95% of its structures in the fire: 10,707 residential structures, 492 commercial structures and 3,153 other structures such as garages, outbuildings, barns or other accessory structures. Significant damage was done to roads, culverts, and utilities as the fire caused underground pipes to melt and overhead utility poles to ignite and fall. Evacuees faced long cul-de-sacs, gridlocked evacuation routes, and primary arterials that were overtaken by fire or blocked by emergency vehicles. This significantly slowed their escape, with some residents abandoning their cars and fleeing on foot. The fire overtook several victims trapped in their vehicles. The Town recorded 85 fatalities, largely due to insufficient evacuation infrastructure and the proximity of fuel for the fire.

All residents in the project area were evacuated during the Camp Fire. The evacuation process was hazardous, traumatic, and took hours to complete due to fire encroaching into roadways. The fire ignited within drainage ditches and embers caught the trees and brush that lined the roadways on fire causing trees to fall into the travel way. The limited evacuation routes and dead-end roads caused residents to back track onto Pearson Road to access the primary north-south evacuation routes of Skyway and Clark Road. In doing so, critical evacuation paths were inundated with vehicle traffic and slowed the exodus.

Pentz Road serves as one of the primary ingress/egress routes and evacuation routes for Town residents to reach State Route 70, and thereby State Route 99, State Route 149, and cities beyond. Skyway is the only ingress/egress route for the communities of De Sabla, Magalia, Lovelock, and Stirling City to the north. As the Camp Fire progressed, these northerly communities faced devastating gridlocks at the Skyway/Pentz Intersection where the unincorporated community evacuees met the additional vehicle traffic caused by Paradise evacuees. During the early hours of the Camp Fire event, the main fire front quickly reached Pentz Road, making this critical evacuation route at times impassable, leaving residents trapped in their vehicles along this route, and causing a gridlock and leaving residents of the neighborhoods north of the intersection trapped. The Skyway/Pentz Intersection was also, even prior to the fire, a location which experienced poor cell reception, making emergency communication in the area even more difficult during the fire event.

As a result of the 2018 Camp Fire, the Town worked thoroughly with the community over the course of several months to develop the Long-Term Recovery Plan, identifying top-priority project initiatives for building a safer, welcoming, stronger, better, greener Town. Residents were clear in expressing their desire for projects to address the evacuation and circulation issues experienced in the Camp Fire.

This project provides additional capacity for vehicles, including large emergency vehicles. These infrastructure improvements are in direct support of the Town's Long Range Transportation Plan's Tier 1 Recovery Priority goals of building back better with better evacuation routes and safer streets. To reduce loss of life during future emergency events, the Town's roadway infrastructure must be significantly improved, and specifically critical intersections such as Skyway/Pentz must be made more efficient to accommodate emergency vehicles and enhance evacuation capacity.

Help Text: Provide a clear description of how the proposed project will address an unmet need that ties directly to DR-4382 and/or DR-4407.

Help Text: Provide the current status of the project.

SECTION V: NATIONAL OBJECTIVE

19. What is the National Objective being met by this project?

Urgent Need (UN)

Help Text: In accordance with 24 CFR 570.208, all CDBG-DR funded activities must meet a national objective.

20. Explain how the proposed project meets the Urgent Need National Objective

This project meets the Urgent Need National Objective because it removes barrier to mobility, accessibility, connectivity, and emergency services for disadvantaged communities. It services a population that is 37% low and/or moderate income, and this includes seniors and those with limited mobility and racially diverse populations. The project also will contribute to housing recovery for the Town by creating a safer and more connected town. In the Long-Term Recovery Plan, the community identified creating a safer street and pathway network with sidewalks, wider roads, streetlights, and better connectivity as the top priority in the Plan's Vision. Residents of Paradise, whether returning after the fire or coming to Paradise for the first time, are deeply aware of the challenges experienced during the evacuation from the Camp Fire in 2018. Addressing those challenges through projects like Skyway-Pentz Road Intersection Improvements are necessary before residents are comfortable rebuilding. These recovery efforts will in turn catalyze economic growth, and the creation of jobs by creating a more connected community with improved circulation. Increased job opportunities are essential to the Town's recovery, as employment opportunities are needed to help draw residents back to the Town.

SECTION VI: PROJECT SERVICE AREA

22. Upload Project Location Map

03 - Skyway-Pentz Rd Intersection Location Map.pdf

Help Text: The location map needs to show the outline of the project area within the context of the town/region. The map should have minimal layers (jurisdiction boundaries, arterial roads, and the outline of the project area)

24. Service Area Description

This project benefits a service area that reaches from Ponderosa Way to the north, to Dean Road to the south, beyond Town limits to the east to the West Branch Feather River, and east to Clark Road/Bader Mine Road. Pentz Road and Skyway both serve as two of four primary north-south evacuation routes in Paradise. The Skyway/Pentz Intersection is a critical juncture that connects two major routes. The improvements will increase evacuation capacity and efficiency.

Emergency vehicles regularly utilize this intersection to access the northern portion of the Town, as it delineates the juncture where Skyway becomes New Skyway, where incorporated Paradise ends and unincorporated communities begin. Without adequate turn radius or capacity, the intersection cannot serve these northerly communities in emergency situations.

It is critical that the intersection be designed in a more efficient manner (either signalized or as a roundabout) to reduce conflict points between pedestrians and motorists and emergency vehicles, creating a safer driving experience for the population in the project vicinity.

SECTION VII: ENVIRONMENTAL

26. Has a NEPA Environmental Review or Record of Environmental Consideration been completed?

No

Help Text: Environmental review is required for all projects. If you have not completed an environmental review, remember to include this in your project timeline.

26a. If no, provide your plan to complete a NEPA Environmental Review

Upon approval of CBDG-DR funding, the Town is prepared to solicit for professional services to complete the preconstruction services for the project. This includes CEQA and NEPA environmental compliance. Environmental review is anticipated to be completed by October 2024.

Help Text: Provide the expected level of review, who will be responsible for completing the report (city/county staff or consultant), status of the NEPA environmental review, and estimated completion date
