I. Background and Summary of Changes

On January 27, 2020, the U.S. Department of Housing and Urban Development (HUD) allocated \$1,017,399,000 in Community Development Block Grant-Disaster Recovery (CDBG-DR) funds to the State of California to support California’s unmet recovery needs, related to the Federal Emergency Management Agency (FEMA) Major Disaster Declarations DR-4407 and DR-4382 for the 2018 wildfire season. The funds were released in two allocations: Public Law 115-254 Unmet Needs allocation of \$491,816,000 and Public Law 116-20 Unmet Needs allocation of \$525,583,000.

The California Department of Housing and Community Development (HCD) manages CDBG-DR funds, in accordance with the goals and objectives set forth in the state’s initial HUD-approved Action Plan for 2018 disasters (“18DR-Action Plan”).

Page numbers are provided with the proposed changes. Removed and replaced text updates have been made in the context of the named section within the action plan.

Summary:

Action Plan Amendment 10 (APA 10) will address changes in the following items:

- **State Operations Funds:** Adjusts program budgets for the Multifamily Housing Program (MHP) and the Infrastructure Program (DR-INF) to decrease funds budgeted for State Operation and increase funding for Local Assistance. This will address outstanding unmet housing and infrastructure needs for subrecipients.

II. Action Plan Amendment

IV. Proposed Disaster Recovery Programs- Infrastructure Recovery Program (page 177)

9. Unmet Needs

Remove:

Funding stand-alone infrastructure projects that tie to DR-4382 or DR-4407 and the local portion of the non-federal share match on federal disaster-related grants in support of housing meet the requirement to address housing recovery needs first. Necessary infrastructure recovery must be complete before housing recovery is complete. The unmet needs assessment identified \$2,838,348,374 in unmet infrastructure recovery needs. Of the CDBG-DR funds received, \$389,668,187 will be used for Infrastructure Recovery Programs, which includes an estimated 38. percent of the total program allocation.
