EXHIBIT A

AUTHORITY, PURPOSE AND SCOPE OF WORK

1. Authority & Purpose

The California Department of Housing and Community Development (hereinafter “Department”) is the lead and responsible entity for administering the Community Development Block Grant – Disaster Recovery (hereinafter “CDBG-DR”) program funds appropriated under Public Laws 115-254 and 116-20 and allocated to the State of California by the Department of Housing and Urban Development (hereinafter “HUD”). CDBG-DR supports the State of California’s recovery needs related to the Federal Emergency Management Agency’s Major Disaster Declaration DR-4382 in July-September 2018 and DR-4407 in November 2018. CDBG-DR Multifamily Housing Program (hereinafter “DR-MHP”) projects are funded to meet the unmet rental housing need, including the needs of individuals displaced from rental homes and individuals who became homeless as the result of the disasters.

2. Scope of Agreement

A. Grant Funds

Subject to the terms and conditions of this Master Standard Agreement (hereinafter “Agreement”), the Department has allocated and agrees to provide Grant Funds in the maximum amount identified below to County of Ventura (hereinafter “Subrecipient”) for all Collective Work (defined below) identified in this Agreement (hereinafter “Subrecipient Allocation”). All payments made to the Subrecipient will adhere to the provisions described in Exhibit B, Section 3 (Method of Payment) herein. In no instance shall the Department be liable for any costs in excess of this amount, nor for any unauthorized or ineligible costs or expenses. The Subrecipient Allocation shall be expended as follows:

Activity Funds (Approved Project Funds)	\$ 15,080,607
Activity Delivery Funds	\$70,417
TOTAL	\$15,151,024

This Agreement governs the Subrecipient Allocation and each individual Project thereafter proposed by the Subrecipient and approved by the Department (“Approved Project”), the budget for each of which is to constitute some portion of the Subrecipient Allocation. The cumulative total amount of all Approved Projects shall not exceed the total amount of the Subrecipient Allocation.

EXHIBIT A

B. Implementation of Agreement

By entering into this Agreement and thereby accepting the allocation of Grant Funds, the Subrecipient agrees to comply with and implement this Agreement in a manner satisfactory to the Department and HUD and in a manner that is consistent with all applicable guidelines and standards that may be required from time to time as a condition of the Department providing the Grant Funds, including, but not limited to, all applicable CDBG-DR Program Administration and Compliance requirements set forth by this Agreement, and in accordance with the due diligence documentation previously provided by the Subrecipient and made a part hereof. The Department's providing of Grant Funds under this Agreement is specifically conditioned on Subrecipient's compliance with this provision and all terms and conditions of this Agreement. The Notice to Proceed (defined below), the most recently published version of the DR-MHP Policies and Procedures Manual ("DR-MHP Policies and Procedures"), the Department's CDBG-DR Action Plan for 2018 disasters and any amendments thereto, related Federal Register notices, and the requirements of the authorities cited above, as the same may be amended from time to time.

This Agreement is subject to written modification and termination as necessary by the Department in accordance with requirements contained in any future state or federal legislation and/or state or federal regulations. All other modifications must be in written form and approved by both parties.

3. Subrecipient Scope of Work

The Subrecipient scope of work (hereinafter "Subrecipient Work") for this Agreement shall consist of the following:

- A. The Subrecipient shall develop a Project solicitation seeking the development of affordable multifamily housing projects. Subrecipient shall submit the draft Project solicitation to the Department for review and approval no less than 2 weeks prior to publication. Upon Department approval, the Subrecipient shall publish the Project solicitation to accept applications from Developers. This shall be defined as a Project Solicitation Process ("PSP") and shall be in accordance with Section 3.1 and Appendix A of the DR-MHP Policies and Procedures.
- B. The Subrecipient shall underwrite the Projects it selects to receive CDBG-DR funds in accordance with the underwriting standards it has developed and detailed in the PSP that have been approved by the Department and, at a minimum, in accordance with Section 3.7 and Appendix B of the DR-MHP Policies and Procedures.
- C. The Subrecipient shall submit individual Project applications to the Department through the Department's grant management system, Grants Network, that are consistent with the Project eligibility requirements set forth in the DR-MHP Policies and Procedures. The individual Project applications must include a

EXHIBIT A

projected schedule for Project completion and Project budget in addition to all other application requirements outlined in the Project application and the DR-MHP Policies and Procedures.

- D. The Department shall make individual Project approval determinations pursuant to the DR-MHP Policies and Procedures, HUD guidelines and regulations, and in conjunction with the Department's internal DR-MHP Review Board. The DR-MHP Review Board performs an underwriting analysis to verify the financial feasibility and amount of requested funds needed for a Project to arrive at an appropriate level of Grant Funds to award to a Project. The DR-MHP Review Board reserves the right to require the Subrecipient to modify any or all parts of the Project application(s) in order to comply with DR-MHP, federal and/or state regulations or requirements, as the same may change from time to time. Applications may be approved, conditioned, or denied on the sole discretion of the Department. If the Subrecipient disagrees with the finding, an appeal may be filed in accordance with the Project selection appeals process detailed in Section 3.9 of the DR-MHP Policies and Procedures Manual.
- E. Upon review and approval of a Project application, the Department will issue a Notice to Proceed (hereinafter "NTP") to obligate Activity Funds to an Approved Project. The NTP will include the Project description and Project scope of work (hereinafter "Project Work"), time of performance, Project budget, Project-specific special conditions, and Project performance measures, and shall be implemented through this Agreement and subject to the terms and conditions thereof. For each Approved Project, that Project's application, supporting materials and the NTP are thereafter incorporated into this Agreement as its own separate addendum hereto, uniquely identified for ease of monitoring and compliance purposes.
- F. Approved Projects shall meet all requirements set forth in the DR-MHP Regulatory Agreement ("DR-MHP Regulatory Agreement") for the entire affordability period set forth in such agreement. Subrecipient shall record in the applicable County Recorder's office the DR-MHP Regulatory Agreement, substantially in the form provided by the Department, against each individual property before construction begins but not more than one hundred eighty (180) days subsequent to the issuance of an NTP by the Department. The DR-MHP Regulatory Agreement shall have priority over all other liens, encumbrances, and other matters of record except as may be approved by the Department in its sole discretion. Exceptions to the lien priority of the DR-MHP Regulatory Agreement must be approved in writing and in advance by the Department.

As described in the DR-MHP Policies and Procedures, the DR-MHP Regulatory Agreement to be recorded against the property will enforce requirements on affordability periods, restricted units, income targeting, rents, property standards, and records and reports, and shall run with the Project land and bind all current

EXHIBIT A

and future owners and successors thereof.

- G. Upon execution of an NTP, Subrecipient shall enter into a development agreement with the Project Developer (“Development Agreement.”) The Development Agreement shall include the DR-MHP Rider to Development Agreement (“DR-MHP Rider”), substantially in the form provided by the Department. As described in the DR-MHP Policies and Procedures, the DR-MHP Rider to Development Agreement will include all federal and state requirements, including those from HUD, CDBG-DR and the State of California, that the Project Developer must adhere to. Subrecipient shall take all reasonable and necessary measures to ensure that the Project Developer acquires, constructs, or rehabilitates the affordable housing units specified in each NTP and that such units are rented affordably pursuant to the terms and conditions of the DR-MHP Regulatory Agreement for the duration specified in the DR-MHP Regulatory Agreement.
- H. Subrecipient shall collect data and submit reports to the Department in accordance with the reporting requirements detailed in section 30 of Exhibit D herein.
- I. The Subrecipient shall monitor all Approved Projects in accordance with the requirements of Section 4.10 of the DR-MHP Policies and Procedures for the required Project period of affordability set forth in the DR-MHP Regulatory Agreement.

The Department reserves the right to monitor and approve all Subrecipient Work and Project Work (together hereinafter “Collective Work”) in relation to this Agreement and the NTP(s). Any proposed change to all or any portion of the Collective Work must be submitted in writing for review and approval by the Department in its discretion. Any approval shall not be presumed unless such approval is made by the Department in writing. Substantial revisions to the Project Work may require a re-review of the Approved Project by the DR-MHP Review Board and its approval thereof.

4. **Other Funding Sources**

- A. **Other Funding Sources**: All other sources of funding required to complete the Approved Project must be identified, committed and documented prior to issuance of the NTP. If at any time, those identified and secured sources change, the Subrecipient must notify the Department within ten (10) days of the Subrecipient’s knowledge that funding sources are changing. The terms and conditions of all financing shall be subject to the Department’s review and approval. The Department reserves the right to re-review a Project application at any time in the event there is a change in the amount of, or the material terms and conditions of, any third-party financing for the Project.
- B. **Subsidy Limits**: The amount of Grant Funds the Subrecipient may contribute to a

EXHIBIT A

DR-MHP assisted Project on a per unit basis may not exceed the annual per unit dollar limits established by HUD for the HOME Program described below. If HUD has issued a regional per-unit subsidy increase for the participating Subrecipient, the alternative subsidy amount may be used, up to 240 percent of the HOME subsidy limit.

Bedrooms	2020 CDBG-DR Per Unit Limit
0	\$153,314
1	\$175,752
2	\$213,718
3	\$276,482
4+	\$303,490

5. **Effective Date and Commencement of Work**

- A. This Agreement is effective upon approval by the Department representative's signature on page one of the fully executed Standard Agreement, STD 213, (the "Effective Date").
- B. Subrecipient agrees that no Collective Work toward the implementation of the Approved Project(s) as identified in Section 3 above shall commence, nor shall any costs be paid with CDBG-DR funds incurred or obligated by any party without prior authorization from the Department via a NTP and prior to the execution of this Agreement by the Department. Additionally, proof of the recorded DR-MHP Regulatory Agreement and Subrecipient's deed of trust, if applicable, in the appropriate lien position, must be submitted to and accepted by the Department prior to the start of construction on an Approved Project. Notwithstanding the foregoing, there are two circumstances when costs may be incurred prior to the execution of this Agreement. First, Activity Delivery expenses for development and implementation of the Subrecipient's PSP, and environmental compliance work for intended Project Applications may be incurred prior to the execution of this Agreement provided that such expenses are eligible and are supported by documentation satisfactory to the Department. Second, with Program Manager or Section Chief written approval, other costs may also be incurred prior to the execution of this Agreement, such as the cost of procuring consultants and, architectural, engineering and other professional services required to prepare plans, drawings, specifications, or work write ups that are incurred not more than 24 months prior to the Approved Project being set up in DRGR, and provided these procurements are conducted in a manner consistent with 2 CFR 200.317 – 200.326, "Procurement Standards".

6. **Term of Agreement and Performance Milestones**

- A. Term of Agreement: With the exception of the grant closeout procedures set forth in Exhibit B, Section 6, the Subrecipient shall complete the Approved Project(s)

EXHIBIT A

activities on or before the expenditure deadline identified below. Time is of the essence in order to ensure complete and compliant Projects before grants close out.

All Project applications must be submitted to the Department by: **12/31/2022**. Upon review and approval or rejection of all Project applications, the Department reserves the right to reallocate unobligated Grant Funds within the DR-MHP program, at its sole and absolute discretion.

Expenditure Deadline: All Grant Funds must be expended by: **December 1, 2029**

This Agreement will expire on: **August 31, 2051**

- B. Performance Milestones: Subrecipient shall adhere to the performance milestones below. Time is of the essence with respect to all such milestones.
1. No later than six (6) months after execution of this Agreement, Subrecipient shall initiate the PSP to develop a list of qualified multifamily development Projects for submission to the Department for Project funding review and possible funding approval.
 2. No later than June 30, 2022, Subrecipient shall have at least one Project application submitted to the Department for review and possible funding approval.
 3. No later than December 31, 2022, Subrecipient shall submit all Project applications for Activity Funds.
No later than December 31, 2025, Subrecipient shall satisfy all conditions required for the Department to issue NTPs for all Approved Projects.
 4. No later than December 31, 2025, Subrecipient shall provide evidence of active construction for all Approved Projects.
 5. No later than January 31, 2029, Subrecipient shall provide a copy of the Certificate of Occupancy for all Approved Projects.

 7. The Subrecipient must maintain compliance with the Housing Element requirements detailed in Health and Safety Code ("HSC") Sections 50829 and 50830 for the duration of this Agreement.

Failure to meet performance milestones:

If any performance milestones listed above are not met, the Department reserves the right to withhold further payments to Subrecipient until such time as satisfactory progress is made toward meeting the performance measures. Subrecipient shall diligently work with DR-MHP staff to submit: (a) a written mitigation plan specifying

EXHIBIT A

the reason for the delay; (b) the actions to be taken to complete the task that is the subject of the missed measure deadline; and, (c) the date by which the completion of said task will occur.

The Department reserves the right to reallocate unobligated Grant Funds within the DR-MHP program, at its sole and absolute discretion if the Department determines the Subrecipient is unable to meet the performance milestones in a timely manner following the failure to meet said milestones. All remedies available to the Department are cumulative and not exclusive.

- C. The Subrecipient and its Contractors and Developers, as applicable, shall adhere to all performance and Project milestones as established above and in each Approved Project NTP.

7. **Notice to Proceed Revisions**

- A. Adjustments to the Project Work that do not require an increase or reduction of Project Scope or a change in the number of beneficiaries assisted may be completed as a Notice to Proceed revision ("NTP Revision"). NTP Revisions may include, but not be limited to:
1. Adjustments that itemize the Project Work, revise milestone deadlines, change the Project Work in a manner that does not change the overall budget, National Objective, and type and count of estimated beneficiaries.
 2. Adjustments that increase the estimated number of beneficiaries without increasing or decreasing the scope of work and without changing the overall budget.
- B. NTP Revisions must be approved by the Department in writing prior to implementation by Subrecipient. Approval shall be provided either through Grants Network, or in writing, as appropriate. The Department reserves the right to monitor and approve all Project Work in relation to this Agreement and the NTP, as modified by any NTP Revisions. NTP Revisions shall be automatically incorporated into the Agreement.

EXHIBIT B

BUDGET DETAILS AND PAYMENT PROVISIONS

1. Availability of Funds

- A. The Department's provision of funding to Subrecipient pursuant to this Agreement is contingent on the availability of CDBG-DR funds and continued federal and state authorization for CDBG-DR activities and is subject to amendment or termination due to lack of funds or authorization.
- B. The Department shall be relieved of any obligation for making payments to the Subrecipient if funds allocated to the State by HUD cease to be available for any reason or there is any limitation on, or withdrawal of, the Department's authority to administer the CDBG-DR program or any portion thereof.

2. Expenditure of Funds

- A. No Activity costs may be incurred or funds reimbursed until and unless Subrecipient provides documented compliance with the National Environmental Protection Act (NEPA) requirements established in 24 CFR 50, 24 CFR 58, and 42 USC 4321, et seq. and California Environmental Quality Act (CEQA); California Code of Regulations, Title 14, Division 6, Chapter 3, Sections 15000 – 15387.

Activity Delivery costs may be incurred prior to documented NEPA and CEQA compliance. See Section 3(A) below for reimbursement requirements of Activity Delivery costs.

- B. Priority of Use of Funds

The Subrecipient and its Developers should utilize funds available under this Agreement to supplement rather than supplant funds otherwise available. To the extent available, the Subrecipient and its Developers should disburse funds available to the Approved Project from, among other sources, Subrecipient funding, program income, rebates, refunds, contract settlements, audit recoveries, insurance and condemnation proceeds and interest earned on such funds before requesting or receiving Grant Funds.

- C. Withholding Funds

The Department reserves the right to withhold payments pending timely delivery of program and project reports or documents as may be required under this Agreement, and for defaults by the Subrecipient and/or Developer, as noted in Exhibit D.

EXHIBIT B

D. Disencumbering Funds

The Subrecipient agrees that Grant Funds determined by the Department to be surplus upon completion of an Approved Project(s) will be subject to disencumbrance by the Department. Subrecipient also agrees that if funds are not obligated to Approved Projects by milestones outlined in Section 6 of Exhibit A, the remaining funds will be subject to disencumbrance.

E. Indirect Costs

The Department will only consider reimbursement of indirect cost expenditures from Subrecipients that have an approved Indirect Cost Rate Proposal from the Department, HUD or other cognizant federal agency. If Subrecipient does not have an approved Indirect Cost Rate Proposal, Subrecipient shall develop a proposal for determining the appropriate CDBG-DR share of indirect costs and shall submit it to the Department for approval prior to submission of Financial Reports for reimbursement of indirect cost expenditures.

F. Compliance with the OMB Uniform Guidance Audit Requirements

Grant Funds will not be disbursed to any Subrecipients identified by the State Controller's Office (SCO) as non-compliant with the Federal Single Audit Act, as described in the OMB Uniform Guidance and 2 CFR Part 200 Sub-Part F. No funds may be disbursed until compliance with the Uniform Guidance is demonstrated to the satisfaction of the Department.

G. Grant Administration

The Subrecipient agrees to administer this Agreement in accordance with the provisions of Section 7097 through and including Section 7126 of Title 25 of the California Code of Regulations.

3. Method of Payment

Payments will be made directly to Subrecipients as reimbursements based on the documented and satisfactory completion of agreed upon milestones detailed in Subrecipient Work, identified in Exhibit A, or detailed in each Approved Project NTP, incorporated in Exhibit A, and confirmation of Subrecipient's compliance with the terms of this Agreement.

Financial Reports shall be submitted electronically through Grants Network. The Department shall not authorize payments or reimbursements unless it has determined the activities indicated in the Financial Report have been performed in compliance with the terms of this Agreement and any other agreements executed by the parties in connection herewith. Financial Reports must be for a minimum of \$1,000, except for the final Financial Report, which must be marked "Final". Financial Reports shall be

EXHIBIT B

submitted by the Subrecipient to the Department at least once per month.

A. Reimbursements for Costs Incurred

1. The Subrecipient may use Grant Funds for reimbursement by the Department of Eligible Expenses as defined herein, applied to Projects approved by the Department through the application and NTP processes described in Exhibit A, Section 3. Eligible Expenses include but are not limited to, costs associated with Subrecipient program implementation including staff time and environmental reviews for Approved Projects, architectural and engineering design, permitting fees, developer fee, and Approved Project costs for Acquisition, Construction, Reconstruction and Rehabilitation, including mobilization, site prep, and clean up.
2. Subrecipient shall withhold as retainage, 10% of all DR-MHP funded Developer payments. No retainage payments shall be released to the Developer or reimbursed to the Subrecipient until receipt and approval by the Department of all required Approved Project close out documents identified in Section 6 herein.
3. Approved Project Financial Reports for construction shall be made on a pro rata basis based on the percentage of construction completed.
4. Financial Reports shall be paid only after such costs are incurred for Collective Work completed, provided the Department determines that the Program Performance Milestones in this Agreement and/or Approved Project Performance Milestones in the Notice to Proceed are on track. Subrecipient may expend up to the indicated Approved Project and Activity Delivery amounts as identified in Exhibit A, Section 2 (Scope of Agreement) herein.
5. To receive reimbursement for Approved Project activities, the Subrecipient shall timely submit all required Department forms via Grants Network. Financial Reports must include the level of documentation specified by the Department in the Department's Grant Administration Manual located on the Department's website in order to be reviewed and processed.

A. Final Financial Reports

1. The final Financial Report for the Subrecipient Allocation must be submitted to the Department before the expenditure deadline of this Agreement.
2. If the final Financial Report for costs expended during the term of this Agreement has not been received by the Department before the expenditure deadline, the Department may disencumber any funds remaining, in which case Grant Funds will no longer be available to the Subrecipient.

EXHIBIT B

4. **Recapture of Funds**

A Subrecipient may be required to repay all or a portion of the funds received from the Department, including Activity Delivery, pursuant to this Agreement. The reasons for a recapture of funds by the Department include, but are not limited to, the following:

- A. The Subrecipient does not comply with the terms of this Agreement or any agreement executed by the Subrecipient and the Department in connection herewith;
- B. The Subrecipient withdraws from the Program prior to completion of the Approved Project(s);
- C. The Subrecipient fails to meet a National Objective; and/or
- D. The Subrecipient does not meet the affordability requirements for the period specified in Exhibit D of this Agreement and all terms and conditions in the applicable DR-MHP regulatory agreement for each Approved Project including, without limitation the affordability restrictions, rent restrictions, income restrictions, etc.

The potential recapture of funds pursuant to this provision is in addition to, and not in lieu of, any other rights and remedies of the Department under this Agreement.

5. **Project Budget Revisions and Amendments**

Budget line-item adjustments may be made in accordance with the following:

- A. Project Budget Revisions: Adjustments to the Approved Project budget that do not require an increase or reduction of the total Approved Project budget, a change in National Objective, or a change in the type and/or count of estimated beneficiaries assisted, may be completed as a Project budget revision. Project budget revisions shall include but not be limited to:
 - 1) Adjustments that reallocate funds between budget line items, but that otherwise do not change the overall budget total, the Project Work, the National Objective, and type and count of estimated beneficiaries.
 - 2) Adjustments that increase or decrease the detail included in the submitted budget, including adding and removing budget line items, without increasing or decreasing the Project Work and without changing the overall budget.

Project budget revisions must be submitted through Grants Network and subsequently approved by the Department prior to implementation. Approval shall be provided

EXHIBIT B

through Grants Network.

B. Agreement Budget Revisions: Adjustments to the Subrecipient Allocation that result in an increased or a reduced total budget shall require an Agreement amendment. Agreement amendments must be fully executed by both the Subrecipient and the Department prior to implementation.

6. **Project Closeout Procedures**

The Subrecipient must submit the following to the Department at the completion of each Approved Project.

- 1) A Final Activity Report (Project Completion Report) that includes all required reporting data for the Approved Project including but not limited to eligible activities, costs, beneficiaries, and National Objective;
- 2) A recorded Notice of Completion;
- 3) Relocation Report: A relocation report is required for those Approved Projects where relocation activities were undertaken pursuant to a Residential Anti-displacement and Relocation Assistance Plan (RARAP) (Section 2.10 of Policies and Procedures).
- 4) Audited Cost Certification: An Audited Cost Certification prepared by a public accountant is required for Approved Projects where such certification is prepared at Developer's expense to comply with the requirements of other funding sources, including projects receiving tax credits.
- 5) Final Semi-Annual Labor Standards Report as described in Exhibit D(30)(A)(3) herein.
- 6) Evidence, satisfactory to the Department, of compliance with any other Special Conditions of this Agreement; and,
- 7) A resolution from the governing body acknowledging the accomplishments of the Approved Project and confirming that the Approved Project is complete and that all Financial Reports have been processed and reimbursed.

Upon receipt of the above documentation, the Department will close the NTP and finalize the activity in DRGR for final reporting to HUD.

EXHIBIT B

7. **Document Retention Policy**

Subrecipient shall retain all books, records, accounts, documentation, and all other materials relevant to this Agreement for a minimum period of five (5) years after the Department notifies the Subrecipient that the grant agreement between HUD and the State of California has been closed.

Program Income may consist of repayments of loans, lease payments, and proceeds of asset sales.

Project Solicitation Process (PSP) – The process implemented by Subrecipients at the local level to solicit applications from Developers for Projects that address one or more DR-MHP program priorities, meet DR-MHP federal, state and local requirements, and that meet locally established criteria. 2. **National Objectives**

All Projects approved under this Agreement must be eligible and must meet the low-to moderate-income households National Objective (“LMH National Objective”) of the HUD regulations authorized under Title I of the Housing and Community Development Act of 1974, Section 104(b)(3), as amended, and 24 CFR Part 570.483. While proposed projects may be mixed-income units, CDBG-DR funds must only be applied to the affordable units for occupancy by LMI households. All Senior Projects and all rehabilitation Projects must have at least 51% affordable units in order to meet the LMH National Objective, unless otherwise waived by HUD. Upon completion of the Approved Project(s) funded under this Agreement and prior to the funding expiration date of this Agreement, the Subrecipient must document that the Approved Project(s) met the LMH National Objective. The Department shall review the actual National Objective achievements of the Subrecipient. If the Subrecipient does not or cannot satisfactorily document the National Objective achievement of an Approved Project, the Approved Project may be deemed ineligible and repayment of funds may be required of the Subrecipient.

3. **Minimum Number of Units, Affordable Rents and Tenant Income Limits**

- A. Each Approved Project must contain a multifamily housing development with eight (8) or more units, of which at least 30% must be affordable, but in no event shall there be less than 4 affordable units in the Approved Project.
- B. The maximum Affordable Rents (inclusive of all utility costs) must not exceed the High HOME rents, as defined in 24 CFR 92.252, as designated for the Approved Project area.
- C. For Deeply Affordable Units, the maximum rent must not exceed the levels set for thirty percent (30%) income level, as designated by the California Tax Credit Allocation Committee.

EXHIBIT D

- D. DR-MHP units may only be leased to Households with an Annual Income that is not more than 80% of the AMI.

4. Affordability Period and Regulatory Agreement

- A. Approved Projects involving rehabilitation or reconstruction shall be rent and income restricted and must remain affordable for a minimum affordability period of 15 years beginning upon the Department's receipt of the Project Completion Report as defined in Section 30(A)(4) herein.
- B. Approved Projects involving new construction shall be rent and income restricted and must remain affordable for a minimum affordability period of 20 years beginning upon the Department's receipt of the Project Completion Report as defined in Section 30(A)(4) herein.
- C. The affordability restrictions for each Approved Project will be evidenced and enforced by way of the applicable DR-MHP Regulatory Agreement, in form and substance provided by the Department, which Subrecipient must record against each real property in the official records of the County in which each Approved Project is located and shall have priority over other liens, encumbrances and other matters of record except as may be approved by the Department. Exceptions to the position of the DR-MHP Regulatory Agreement must be approved in writing and in advance by the Department.
- D. Each DR-MHP Regulatory Agreement shall remain in effect at all times during the affordability period.
- E. A sale or transfer of the Approved Project to another entity, in whole or in part and whether direct or indirect, during the affordability period is subject to the Department's review and approval in its sole discretion. The Department is likely to find a sale or transfer acceptable, provided any prospective purchaser or transferee acknowledges that they and the Approved Project remain subject to the affordability restrictions and all other terms and conditions of the Approved Project's DR-MHP Regulatory Agreement, which restrictions, terms, and conditions shall remain unmodified and in full force and effect during the term of that agreement and there is no change in the lien priority of that agreement.

5. Article XXXIV Compliance

Subrecipient must submit documentation that demonstrates the each proposed Project is in compliance with Article XXXIV, Section 1 of the California Constitution ("Article XXXIV"), or that it falls within one or more of the statutory carveouts set forth by

EXHIBIT D

California's Public Housing Election Implementation Law (PHEIL) (Health & Safety Code, §§ 37000 – 37002).

If a Project is subject to Article XXXIV, the Department requires an allocation letter from the relevant locality, which shows that there is Article XXXIV authority for the Project. A local government official with authority should prepare the allocation letter, and it should include the following:

- A. The name and date of the proposition and the number of units that were approved;
- B. A copy of the referendum and a certified vote tally;
- C. The number of units that remain in the locality's "bank" of Article XXXIV authority (i.e., the number of units that are still available for allocation); and
- D. The number of units that the locality will commit to this project, including the manager unit.

If a Project is statutorily exempt from Article XXXIV, the Department requires an Article XXXIV opinion letter from the Subrecipient's legal counsel. The Article XXXIV opinion letter must demonstrate that the Subrecipient has considered both the legal requirements of Article XXXIV and the relevant facts of the Project (e.g., all funding provided by public bodies, including state, county or city sources, the number of low-income restricted units, and the general content of any regulatory restrictions). Any conclusion that a Project is exempt from Article XXXIV must be supported by facts and a specific legal theory for exemption that itself is supported by the California Constitution, statute, and/or case law.

6. Duplication of Benefits

A Duplication of Benefits (DOB) occurs when a program beneficiary receives assistance from multiple sources for a cumulative amount that exceeds the total need for the same recovery purpose. The amount of the duplication is the amount of assistance provided in excess of the need. It is the Department's responsibility to ensure that the DR-MHP provides assistance only to the extent that the disaster recovery need has not been fully met by funds that have already been paid, or will be paid, from another source.

The Subrecipient must report all funds obtained for the activity by the Project owner from any source from the date of the disaster until the Project is completed.

EXHIBIT D

Additionally, the Department, in coordination with the Subrecipient, will perform a check for DOB prior to issuing a Notice to Proceed to ensure that duplicative assistance is not provided for multifamily housing. The Department also reserves the right to require that the Subrecipient perform additional DOB checks throughout the course of the Approved Project's period/performance, up to and through the closeout of each Approved Project, to ensure there is no duplicative assistance throughout the course of the Approved Project. Any person who knowingly makes a false claim or statement to HUD may be subject to civil or criminal penalties under 18 U.S.C. 287, 1001 and 31 U.S.C. 3729.

The Subrecipient agrees to repay to the Department any assistance later received for the same purpose as the CDBG-DR funds and that exceeds the total need for the particular recovery purpose.

7. Developer Responsibilities

- A. The Developer for each Approved Project shall be responsible for all project management functions of the Approved Project including project design and development, construction and/or rehabilitation, maintenance, selection of tenants, annual recertification of Household income and size, and management of the Approved Project and units in accordance with local requirements, the most recent version of the DR-MHP Policies and Procedures Manual, and the requirements of this Agreement for the duration of the affordability period.
- B. The Developer for each Approved Project shall be responsible for all repair and maintenance functions of the Approved Project, including ordinary maintenance and replacement of capital items. The Developer shall ensure maintenance of residential units, commercial space, and common areas in accordance with local health, building, and housing codes, and the management plan.
- C. If the Developer hires a separate entity to manage the property after construction is complete, the Developer for each Approved Project shall ensure that the Approved Project is managed by an entity approved by the Subrecipient that is actively in the business of managing affordable housing. Any management contract entered into for this purpose shall be subject to Subrecipient approval and must contain a provision allowing the Developer to terminate the contract upon thirty (30) days' notice. The Developer shall terminate said contract as directed by Subrecipient upon a determination that management does not comply with DR-MHP requirements and/or the provisions of any recorded regulatory agreement for the Approved Project.
- D. The Developer for each Approved Project shall develop a management plan for the Approved Project subject to Subrecipient approval prior to the start of construction. Any change to the plan shall be subject to the approval of

EXHIBIT D

Subrecipient. The plan shall be consistent with program requirements and must include provisions addressing the following:

- The role and responsibility of the Developer and the delegation of its authority;
 - Personnel policy and staffing arrangements including key personnel and lines of authority;
 - Plans and procedures for publicizing and achieving early and continued occupancy by eligible low- to moderate-income tenants;
 - Procedures for determining tenant eligibility and selecting tenants and for certifying and annually recertifying Household income and size;
 - Plans for carrying out, and budgeting for, an effective maintenance and repair program including a capital needs assessment prepared every 5 years, except that for newly constructed projects, this requirement shall apply beginning with year 10 from issuance of certificate of occupancy;
 - Rent collection policies and procedures;
 - Policies and Procedures for managing funds that meet generally accepted accounting principles;
 - A program for maintaining adequate accounting records and handling necessary forms and vouchers;
 - Plan for safeguarding all tenant personally identifiable information (PII) such as social security numbers, names, and birthdates, against possible identity theft as applicable.
 - Plans for enhancing tenant-management relations;
 - The management agreement, if any;
 - Provisions for periodic update of the management plan;
 - Appeal and grievance procedures;
 - Policies and procedures for collections for tenant-caused damages, processing evictions and terminations; and
 - A supportive services plan for Approved Projects serving Special Needs Populations, including Supportive Housing and/or providing supportive services to the general tenant population.
- E. Annually, during the term of this Agreement, Subrecipient shall perform monitoring of the Developer and Approved Projects to ensure compliance with federal and state requirements and timely project completion. The Developer shall be required to resolve any monitoring findings to the Subrecipient's satisfaction by the deadlines set by the Subrecipient.

Developer shall retain all books, records, accounts, documentation, and all other materials relevant to this Agreement and the initial development phase of an Approved Project for a minimum period of five (5) years after the Department

EXHIBIT D

notifies the Subrecipient that the grant agreement between HUD and the State of California ("2018 HUD-HCD Grant Agreement") has been closed. Subsequent to close-out of the grant agreement between HUD and the State of California, all records and books relevant to this Agreement and the operational phase of an Approved Project shall be retained for the most recent five (5) year period, until five years after the affordability period terminates. All records must be maintained in such a manner as to ensure that the records are reasonably protected from destruction or tampering. All records shall be subject to inspection and audit by the Subrecipient, the Department, HUD, or its representative.

Subrecipients may charge Developers a reasonable annual fee for compliance monitoring during the term of affordability period. The fee must be based upon the average actual cost of performing the monitoring of CDBG-DR-assisted Approved Projects. The basis for determining the amount of the fee must be documented and the fee must be included in the costs of the project as part of the project underwriting. If a monitoring fee is charged, Subrecipient shall remit 10% of the monitoring fee collected from each Approved Project to the Department not less than annually and within ninety (90) days of receipt of the fees.

Should the Developer fail to perform its duties as described above, including a failure constituting a material default pursuant to the agreement between the Developer and Subrecipient ("Developer Agreement"), such that the Approved Project's ability to meet its stated goals under the Program is materially impaired or wholly prevented, or that materially impacts the delivery of an eligible and compliant project on a timely basis pursuant to this Agreement, such failure may constitute a default under this Agreement. Subrecipient will be responsible for curing such default, by way of corrective action or hiring a new Developer. Any proposed cure of such default must be provided to the Department in writing for approval prior to implementation. If such default is not cured timely, Subrecipient will be responsible for repayment to HCD of the funding for the Approved Project.

8. Remedies and Termination for Noncompliance

Remedies for Noncompliance: In addition to any other rights and remedies the Department may have under this Agreement, at law, or in equity, the Department may initiate remedies for noncompliance as identified in 2 CFR 200.338-.339 at any time it has been determined that the Subrecipient is no longer meeting the terms and conditions of this Agreement. Remedies for noncompliance may be required in addition to, in lieu of, or prior to termination. Such remedies for noncompliance with a federal statute or regulation, a state statute or regulation, an assurance, in a State plan or application, a Notice to Proceed, or elsewhere may include, as appropriate:

A. Temporarily withhold cash payments pending correction of the deficiency by the

EXHIBIT D

Subrecipient.

- B. Disallow all or part of the cost of the action not in compliance.
- C. Wholly or partly suspend or terminate the Subrecipient's Grant Funds.
- D. Withhold further and/or future awards for CDBG-DR funds and/or any other funds administered by the Department.
- E. Request that the Federal Awarding Agency initiate suspension or debarment proceedings.
- F. Take other remedies that may be legally available, such as:
 - 1) In the case of costs incurred without meeting a National Objective, require repayment of all funds reimbursed and/or paid to the Subrecipient, including Activity Delivery, as appropriate.
 - 2) In the case of Duplication of Benefits, require repayment of all CDBG-DR funds reimbursed and/or paid to the Subrecipient where other financial assistance was received for the same purpose in excess of the need.
 - 3) In the case of DR-MHP units, require repayment of all CDBG-DR funds reimbursed and/or paid to the Subrecipient for any DR-MHP units that have not been rented to eligible tenants 18 months after the date of project completion.

In taking an action to remedy noncompliance, the Department will provide the Subrecipient an opportunity for such hearing, appeal, or other administrative proceeding to which the Subrecipient is entitled under any statute or regulation applicable to the action involved as per 2 CFR 200.341 or the [Department's CDBG-DR Monitoring Plan](#) and associated exhibit(s). Subrecipient shall contact the Department Contract Manager or designee for the current appeal exhibit(s).

- G. Effects of suspension and termination. Subrecipient costs resulting from obligations incurred by the Subrecipient or any of the Subrecipient's Contractors or Developers during a suspension or after termination of an Agreement are not allowable unless otherwise authorized by the Department in written notice or as allowable in 2 CFR 200.342. The enforcement remedies identified in this Section do not preclude a Subrecipient or any of the Subrecipient's contractors or developers from being subject to 2 CFR Part 2424. CDBG-DR funds may not be provided to excluded or disqualified persons pursuant to 24 CFR 570.489(l) and 2 CFR 200.338-200.339.
- H. The remedies available to the Department under this Agreement are cumulative and not exclusive.

EXHIBIT D

Termination for Noncompliance: Grant Funds provided by this Agreement may be terminated in whole or in part as per federal regulation at 2 CFR 200.339 by HUD or by HCD if Subrecipient fails to comply with the terms and conditions of the Agreement that include the terms and conditions of the federal award. All terminations shall include written notification setting forth the reason(s) for such termination, the effective date, and the portion to be terminated in the case of partial terminations and will follow termination notification requirements identified in 2 CFR 200.340.

- A. Termination Without Cause: This Agreement may be terminated by the Department in whole or in part at any time without cause only with the consent of the Subrecipient. In the case of a termination of the whole agreement, the parties shall agree upon termination conditions, including the effective date. In the case of a partial termination, the parties shall agree upon termination conditions, including the portion to be terminated and the effective date.
- B. Termination With Cause: This Agreement may be terminated by the Department in whole or in part at any time for cause by giving at least fourteen (14) calendar days' prior written notice to the Subrecipient. Termination with cause includes termination prior to the end of the period of performance for failure to comply with the terms and conditions of this Agreement, and pursuant to 2 CFR 200.339(b), such termination shall be reported to the appropriate federal program integrity and performance system accessible through the System for Award Management. Termination with cause also includes, without limitation, a failure by Subrecipient to comply with the Approved Project Schedule, Approved Project Performance Milestones, Reporting Requirements, and/or Special Conditions of any Notice to Proceed issued for an Approved Project to use CDBG-DR funds.

9. Severability

- A. If any provision of this Agreement, or an underlying obligation, is held invalid by a court of competent jurisdiction, such invalidity, at the sole discretion of the Department, shall not affect any other provisions of this Agreement and the remainder of this Agreement shall remain in full force and effect. Therefore, the provisions of this Agreement are, and shall be, deemed severable.
- B. The Subrecipient shall notify the Department immediately of any claim or action undertaken by or against it which affects, or may affect this Agreement or the Department and shall take such action with respect to the claim or action as is consistent with the terms of this Agreement and the interests of the Department.

10. Waivers

No waiver or any breach of this Agreement shall be held to be a waiver of any prior or subsequent breach. The failure of the Department to enforce, at any time, the provisions of this Agreement or to require, at any time, performance by the Subrecipient of these provisions shall in no way be construed to be a waiver of such provisions nor to affect

EXHIBIT D

the validity of this Agreement or the right of the Department to enforce these provisions. All waivers by the Department must be in writing in order to be valid.

11. Uniform Administrative Requirements

The Subrecipient, its agencies or instrumentalities, shall comply with the policies, guidelines and Administrative Requirements of 2 CFR Part 200 et al, as applicable, as they relate to the cost principles, audit requirements, acceptance and use of federal funds under this part.

- A. Single Audit Compliance: Funds will not be disbursed to any Subrecipient identified by the State Controller's Office (SCO) as non-compliant with the Federal Single Audit Act, as described in the Uniform Administrative Requirements, Cost Principles, And Audit Requirements for Federal Awards at 2 CFR 200 Sub-Part F. No funds may be disbursed until compliance with the Uniform Guidance is demonstrated to the satisfaction of the Department.
- B. Accounting Standards: The Subrecipient agrees to comply with, and administer the activity in conformance with, 2 CFR Part 200.300, et seq., and agrees to adhere to the accounting principles and procedures required therein, utilize adequate internal controls and maintain necessary source documentation for all costs incurred.
- C. Suspension and Debarment: By executing this Agreement, Subrecipient verifies and affirms that it has not been suspended or debarred from participating in or receiving federal government contracts, subcontracts, loans, grants, or other assistance programs. Subrecipient further agrees to verify that its Developers and Contractors have not been suspended or debarred from participating or receiving federal government contracts, subcontracts, loans, grants, or other assistance programs.

12. Compliance with State and Federal Laws and Regulations

- A. The Subrecipient, its agencies or instrumentalities, Contractors, and Developers shall comply with all local, state, and federal laws, statutes, and regulations, as well as policies and procedures established by the Department for the administration of the DR-MHP program, as the same may be amended from time to time.
- B. The Subrecipient shall comply with the requirements of 24 CFR 570, the HUD regulations concerning Community Development Block Grants, 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements

EXHIBIT D

for Federal Awards, Final Guidance, adopted by HUD at 2 CFR 2400, and all federal regulations, rules, and policies issued pursuant to these regulations. The Subrecipient further agrees to utilize funds available under this Agreement to supplement rather than supplant funds otherwise available. Pursuant to 24 CFR 570.480(e), religious or faith-based organizations are eligible, on the same basis as any other organization, to participate in DR-MHP as provided in 24 CFR 570.200(j) and in 24 CFR 5.109(c).

- C. The Subrecipient must maintain compliance with the Housing Element requirements detailed in Health and Safety Code (HSC) sections 50829 and 50830 for the duration of this Agreement.

13. Authority to Impose Additional Special Conditions

In accordance with 2 CFR 200.207, Department reserves the right and authority to impose additional specific conditions within any Notice to Proceed issued under this Master Standard Agreement under any of the following circumstances:

- A. When, in HCD's sole discretion, HCD finds that Subrecipient or Developer has a history of failure to comply with the general or specific terms and conditions applicable to the CDBG-DR funds allocated under this agreement or to other awards of federally-funded grant or loan assistance passed through HCD.
- B. When Subrecipient or Developer fails to meet expected performance goals under this agreement.
- C. When Subrecipient or Developer poses an increased risk for noncompliance based on factors including, but not limited to, financial stability, quality of management systems, history of performance under federal awards, history of timeliness under federal awards, history of conformance with terms and conditions of previous federal awards, and reports and findings from audits.
- D. When, in HCD's sole discretion, such conditions are necessary to ensure timely and compliant performance under the federal award.

Such specific conditions, or special conditions, may include, withholding of authority to proceed to the next phase of an Approved Project until receipt of evidence of acceptable performance within a given period of performance, requiring additional detailed financial reports, requiring additional project monitoring, requiring the Subrecipient or Developer to obtain technical or management assistance, establishing additional prior approvals, or any other condition HCD deems reasonable and necessary to safeguard federal funds.

Such additional specific award conditions, or special conditions, shall be included in the

EXHIBIT D

Notice to Proceed for Approved Projects and shall include the nature of the additional requirements, the reason why the additional requirements are being imposed, the nature of the action needed to remove the additional requirement (if applicable), the time allowed for completion of the actions (if applicable), and the method for requesting reconsideration of the additional requirements imposed.

14. Affirmatively Furthering Fair Housing

The Subrecipient shall affirmatively further fair housing, in accordance with the Civil Rights Act of 1964 (42 U.S.C 2000a, et seq.), and the Fair Housing Act (42 U.S.C. 3601, et seq.), according to 42 U.S.C. 5306, et seq. and in compliance with California Gov. Code sections 65583, et seq. and 8899.5, et seq.), as each may be amended from time to time. Subrecipient shall also comply with the Fair Housing Amendment Act of 1988 (Public Law 100-430), as may be amended from time to time.

15. Equal Opportunity Requirements and Responsibilities

The obligations undertaken by Subrecipient include, but are not limited to, the obligation to comply with all federal laws and regulations described in Subpart K of 24 CFR Part 570 and specifically with each of the following, among other things, as the same may be amended from time to time:

- A. **Title VI of the Civil Rights Act of 1964:** This act provides that no person shall be, excluded from participation, denied program benefits, or subject to discrimination based on race, color, and/or national origin under any program or activity receiving federal financial assistance.
- B. **Title VII of the Civil Rights Act of 1968 (The Fair Housing Act):** This act prohibits discrimination in housing on the basis of race, color, religion, sex and/or national origin. This law also requires actions which affirmatively promote fair housing.
- C. **Restoration Act of 1987:** This act restores the broad scope of coverage and clarifies the application of the Civil Rights Act of 1964. It also specifies that an institution which receives federal financial assistance is prohibited from discriminating on the basis of race, color, national origin, religion, sex, disability or age in a program or activity which does not directly benefit from such assistance.
- D. **Section 109 of Title 1 of the Housing and Community Development Act of 1974 [42 U.S.C. 5309]:** This section of Title 1 provides that no person shall be excluded from participation (including employment), denied program benefits, or subject to discrimination on the basis of race, color, national origin, or sex under any program or activity funded in whole or in part under Title 1 of the Act.

EXHIBIT D

- E. **The Fair Housing Amendment Act of 1988:** This act amended the original Fair Housing Act to provide for the protection of families with children and people with disabilities, strengthen punishment for acts of housing discrimination, expand the Justice Department jurisdiction to bring suit on behalf of victims in federal district courts, and create an exemption to the provisions barring discrimination on the basis of familial status for those housing developments that qualify as housing for persons age 55 or older.
- F. **The Age Discrimination Act of 1975:** This act provides that no person shall be, excluded from participation, denied program benefits, or subject to discrimination on the basis of age under any program or activity receiving federal funding assistance. Effective January 1987, the age cap of 70 was deleted from the laws. Federal law preempts any State law currently in effect on the same topic.
- G. **Section 504 of the Rehabilitation Act of 1973:** It is unlawful to discriminate based on disability in federally assisted programs. This Section provides that no otherwise qualified individual shall, solely by reason of his or her disability, be excluded from participation (including employment), denied program benefits, or subjected to discrimination under any program or activity receiving federal funding assistance. Section 504 also contains design and construction accessibility provisions for multi-family dwellings developed or substantially rehabilitated for first occupancy on or after March 13, 1991.
- H. **The Americans with Disabilities Act of 1990 (ADA):** This act modifies and expands the Rehabilitation Act of 1973 to prohibit discrimination against "a qualified individual with a disability" in employment and public accommodations. The ADA requires that an individual with a physical or mental impairment who is otherwise qualified to perform the essential functions of a job, with or without reasonable accommodation, be afforded equal employment opportunity in all phases of employment.
- I. **Executive Order 11063:** This executive order provides that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in housing and related facilities provided with federal assistance and lending practices with respect to residential property when such practices are connected with loans insured or guaranteed by the federal government.
- J. **Executive Order 12259:** This executive order provides that the administration of all federal programs and activities relating to housing and urban development be carried out in a manner to further housing opportunities throughout the United States.
- K. **The Equal Employment Opportunity Act:** This act empowers the Equal Employment Opportunity Commission (EEOC) to bring civil action in federal court

EXHIBIT D

against private sector employers after the EEOC has investigated the charge, found "probable cause" of discrimination, and failed to obtain a conciliation agreement acceptable to the EEOC. It also brings federal, state, and local governments under the Civil Rights Act of 1964.

- L. **The Uniform Guidelines on Employee Selection Procedures adopted by the Equal Employment Opportunity Commission in 1978:** This manual applies to employee selection procedures in the areas of hiring, retention, promotion, transfer, demotion, dismissal, and referral. It is designed to assist employers, labor organizations, employment agencies, licensing, and certification boards in complying with the requirements of federal laws prohibiting discriminatory employment.
- M. **The Vietnam Era Veterans' Readjustment Act of 1974 (revised Jobs for Veterans Act of 2002):** This act was passed to ensure equal employment opportunity for qualified disabled veterans and veterans of the Vietnam War. Affirmative action is required in the hiring and promotion of veterans.
- N. **Executive Order 11246:** This executive order applies to all federally assisted construction contracts and subcontracts. It provides that no person shall be discriminated against on the basis of race.

16. **Assurance of Compliance with the "Violence Against Women Reauthorization Act of 2013" (VAWA) (S.47 - 113th Congress (2013-2014)) (as amended or reauthorized) Title VI - Safe Homes for Victims of Domestic Violence, Dating Violence, Sexual Assault, and Stalking – Sec. 601-603. See also 81 CFR 80724.**

VAWA provides housing protections for survivors of domestic and dating violence, sexual assault, and stalking when it comes to finding and keeping a home, they can feel safe in.

VAWA applies for all victims of domestic violence, dating violence, sexual assault, and stalking, regardless of sex, gender identity, or sexual orientation, and which must be applied consistently with all nondiscrimination and fair housing requirements. VAWA now expands housing protections to HUD programs beyond HUD's public housing program and HUD's tenant-based and project-based Section 8 programs. VAWA now provides enhanced protections and options for victims of domestic violence, dating violence, sexual assault, and stalking.

During the performance of this Agreement, Subrecipient and Developer shall assure that all requirements of VAWA are complied with (including but not limited to):

EXHIBIT D

- A. Domestic Violence survivors are not denied assistance as an applicant, or evicted or have assistance terminated as a tenant, because the applicant or tenant is or has been a victim of domestic violence, dating violence, sexual assault, or stalking.
- B. It will implement an 'emergency transfer plan', which allows for domestic violence survivors to move to another safe and available unit if they fear for their life and safety.
- C. It will provide "Protections against denials, terminations, and evictions that directly result from being a victim of domestic violence, dating violence, sexual assault, or stalking, if the applicant or tenant otherwise qualifies for admission, assistance, participation, or occupancy."
- D. EXHIBIT D

contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 75 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR Part 75.

EXHIBIT D

Subrecipient, its Developers and Contractors shall comply with all requirements outlined in the (A) General Provisions section and (B) Project Insurance Requirements outlined in this section. These requirements are in addition to, and not in lieu of, any other insurance coverages required elsewhere in this Agreement and the Development Agreement, as defined in section 5 of Exhibit F of this Agreement. No payments will be made under this Agreement for Subrecipient Work until the Subrecipient fully complies with all requirements. No payments will be made under the terms of any Approved Project until the Subrecipient confirms to the Department that all Contractors on the specified Approved Project fully comply with all requirements. The Department reserves the right to waive or adjust required insurance coverages from time to time in its sole discretion.

A. General Provisions Applying to All Policies

- 1) Coverage Term – Subrecipient’s coverage needs to be in force for the complete term of the Agreement, unless otherwise noted herein. The Developer’s coverage needs to be in force for the complete affordability period of each Approved Project. The Contractor’s coverage needs to be in force until a certificate of occupancy is issued for each Approved Project. No work may be performed by Subrecipient, Developer, or a Contractor until, and unless, all insurances required by this Agreement are in full force and effect. If insurance expires during the term of the Agreement/affordability period/certificate of occupancy issuance, as applicable, a new certificate must be received by the Department at least thirty (30) days prior to the expiration of said insurance. Any new insurance must comply with the original terms of this Agreement.
- 2) Policy Cancellation or Termination & Notice of Non-Renewal – Subrecipient is responsible to notify the Department within fifteen (15) business days prior to any actual or proposed cancellation, non-renewal or material change that affects the Approved Project’s required insurance coverages. No policy may be cancelled upon less than thirty (30) days’ prior written notice from the insurer to the insured and the Department. New certificates of insurance are subject to the approval of the Department and the Subrecipient agrees no Collective Work or services will be commenced or performed prior to obtaining such approval. In the event Subrecipient, Developer or Contractor fails to keep in effect at all times the specified insurance coverage, the Department may, in addition to any other remedies it may have, terminate this Agreement and/or

Approved Project upon the occurrence of such event, subject to the provisions of this Agreement.

- 5) Insurance Carrier Required Rating – All insurance companies must carry an AM Best rating of at least “A–” with a financial category rating of no lower than VII. If the Subrecipient, Developer and/or Contractor is self-insured for a portion or all of its insurance, review of financial information including a letter of credit may be required. Acceptance of self-insurance is within the sole discretion of the Department, and the Department reserves the right to require insurance from third-party commercial insurers.
- 6) Endorsements – Any required endorsements requested by the Department must be physically attached to all requested certificates of insurance and not substituted by referring to such coverage on the certificate of insurance.
- 7) Inadequate Insurance – Inadequate or lack of insurance does not negate the Subrecipient’s, Developer’s, or Contractor’s obligations under this Agreement or the terms specific to the relevant Approved Project, nor does the availability or limits of any insurance policies required herein in any way limit the liability of Subrecipient, or any Developer or Contractor, to the Department hereunder, nor does it in any way limit the liability of such parties to the Department in regards to any indemnification obligations of such parties herein.
- 8) Available Coverages/Limits – All coverage and limits available to the Subrecipient, Developer, or Contractor shall also be available and applicable to the Department.
- 9) Satisfying an SIR - All insurance required by this Agreement and any required by the terms specific to the relevant Approved Project must allow

- 10) Use of Subcontractors - In the case of Developer's or Contractor's utilization of subcontractors to complete the contracted scope of work for the relevant Approved Project, Developer or Contractor shall include all subcontractors as insureds under Developer's or Contractor's insurance or supply evidence to the Subrecipient of subcontractor's insurance equal to policies, coverages, and limits required of Developer and Contractor.

B. Project Insurance Requirements

The policy shall include coverage for liabilities arising out of premises, operations, independent contractors, products, completed operations, personal & advertising injury, and liability assumed under an insured contract. This insurance shall apply separately to each insured against whom claim is made or suit is brought, subject to the Developer's or Contractor's limit of liability.

The policy must name The State of California, its officers, agents, and employees as additional insureds, but only with respect to work performed under this Agreement.

- 2) Automobile Liability – Developer or Contractor shall maintain, as applicable, business automobile liability insurance for limits not less than \$1,000,000 combined single limit. A Waiver of Subrogation or Right to Recover endorsement in favor of the State of California must be attached to certificate.
- 4) Flood Insurance – Subrecipient shall ensure that Developer complies with the requirements of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001). Subrecipient shall ensure flood insurance coverage is provided by the Developer for the Approved Project if required by the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001). The Subrecipient shall assure that for activities located in an area identified by the Federal Emergency Management Agency (FEMA) as having special flood hazards, that flood insurance under the National Flood Insurance Program is obtained and maintained as a condition of financial assistance for acquisition or construction purposes (including rehabilitation).
- 5) Builders Risk Insurance – Developer or Developer's contractor on an Approved Project shall maintain builders risk coverage prior to or upon commencement of construction of the Approved Project, including any delivery and storage of materials to be incorporated into the Approved Project, through the completion of construction and until property insurance can be secured. This coverage must cover all risk of physical damage or risk of loss for an amount equal to the full amount of the cost of construction. This coverage must include coverage for flood if the Property is located in a Special Flood Hazard Area as determined by the Federal Emergency Management Agency. Additionally, Developer or Developer's general contractor must obtain a builder's risk installation floater for coverage of the contractor's labor, materials, and equipment to be used for completion of work performed under the construction contract.

EXHIBIT D

This coverage is required upon completion of construction of the Approved Project, or upon closing of the financing for the Approved Project if it is a rehabilitation project and must name Developer as Loss Payee.

- 7) Additional Coverages. In the event that Subrecipient, Developer, and/or any of its Contractors will be engaging in any Hazardous Activity as part of the Collective Work contemplated by this Agreement, then the party(ies) engaging in any Hazard Activity(ies) shall provide to the Department, prior to commencement of any such activity(ies), such insurance coverages in such forms and in such amounts as the Department may require in its sole discretion. Such coverages are in addition to all other insurance coverages required by this Agreement and shall be imposed on the Developer pursuant to the Development Agreement. For purposes of the provision, the term "Hazardous Activity" includes the following: (a) the removal, storage, and/or transportation of any "hazardous material", as such term is defined under federal, state, or local law, ordinance, regulation, or guideline, (b) the removal, storage, or transportation of lead-based paint, (c) blasting, (d) any activity which by its nature is abnormally dangerous, and (d) any "ultrahazardous activity" as defined in California case law. In the event of any fire or other casualty to the Development or eminent domain proceedings resulting in condemnation of the Development or any part thereof, Developer shall be obligated to rebuild the Development, and to use all available insurance or condemnation proceeds therefore, provided that, as determined by the Subrecipient in its sole discretion, (i) such proceeds are sufficient to keep the Assistance in balance and rebuild the Development in a manner that provides adequate security to the Subrecipient for repayment of the Assistance or if such proceeds are insufficient, then Developer shall have funded any deficiency (ii) the Subrecipient shall have the right to approve plans and specifications for any major rebuilding and the right to approve disbursements of insurance or condemnation proceeds for rebuilding under a construction escrow or similar arrangement, and (iii) no material breach or default then exists under the Program Legal Documents. If the casualty or condemnation affects only part of the Development and total rebuilding is infeasible, then proceeds may be used for partial rebuilding and partial repayment of the Assistance in a manner that provides adequate security to the Subrecipient for repayment of the remaining balance of the Assistance.
- C. In the event that the Developer fails to commence or to complete the rebuilding, repair, replacement or restoration of the Project timely, the Department and Subrecipient shall have the right, in addition to any other remedies granted in the Program Legal Documents or at law or in equity, to repair, restore, rebuild or replace the Project so as to prevent the occurrence of a default hereunder.
