

The Client File Checklist is intended to support ESG-CV subrecipients in obtaining compliant client-level documentation for the Homelessness Prevention (HP) component. Obtaining and maintaining full and complete documentation for each applicant is required for every entity that receives ESG-CV funds. This checklist guides staff to ensure that each client file contains the required information for both California Department of Housing and Community Development (CA HCD) and the United States Department of Housing and Urban Development (HUD).

Instructions:

- Every client served by ESG-CV must have a client file that contains all the relevant information below and includes this Client File Checklist.
- The Client File Checklist itself intended to serve as a means for documenting that HP is being provided consistent with the <u>CA HCD</u> Homelessness Prevention Policy.
- Update the fields below to show which documents are in the client file.
- Gather documents, complete calculations, and add documents and completed forms in the order of each section.
