Plan for Providing Supportive Services to Residents

4. Services to Be Provided toResidents at
Below, enter the name of a Tribal Department for each supportive service that will be provided, and
note for each service whether it is a service that already exists and will be provided "In-Kind" at no
additional cost or, if "New Funds" are needed to provide the service. Indicate whether it will be
provided "On-Site" at the or "Off-Site" at another tribal department or elsewhere in the
community.
